

DATA, SCIENCE, AND TECHNOLOGY IN SOCIOCULTURAL CONTEXTS CERTIFICATE

Understanding how data, science, and technology shape and are shaped by sociocultural contexts and woven into contemporary life is critical for preparing students for a modern workforce. The Certificate in Data, Science, & Technology in Sociocultural Contexts introduces students to scholarship about sociocultural contexts, data, algorithm studies, and science and technology studies. It equips students to develop foundational tools of inquiry and critical analysis needed to approach data, science, and technology such as AI within sociocultural contexts. This includes how data, science, and technology are shaped in sociocultural contexts and how they can impact those contexts and various communities.

About this Program

- **College:** Liberal Arts and Sciences (<http://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/>)
- **Credits:** 9 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)
