DEPARTMENTS

Accounting, Fisher School of
Accounting at UF traces its roots back to 1923 when the first accounting course was offered. Today, as one of the nation's few free-standing accounting schools, the Fisher School of Accounting has cultivated a distinctive identity at the University of Florida and among the nation's top business programs.

Anthropology
Anthropology lies at the intersection of the multiple approaches to the study of humankind that characterize other disciplines – biological, social, cultural, historical, linguistic, cognitive, material, technological and aesthetic – because of its unique holistic perspective. These multiple approaches are encapsulated in the four traditional subfields that have composed the discipline since its establishment in the 19th century: cultural, archaeological, biological, and linguistic. **Classics**

The Department of Classics offers an interdisciplinary Classical Studies major, with specializations in ancient language, classical civilization, and teacher certification that offer students instruction in the history, literature, and culture of the ancient Greeks and Romans. These
three specializations require proficiency in Latin or ancient Greek. A fourth specialization in modern Greek offers students instruction in the language, literature, and culture of modern Greece and requires proficiency in modern Greek. The department also offers minors in Classical Studies and Greek Studies.

English
The Department of English fosters a dynamic nexus of critical thinking, writing, and making. English offers students innovative opportunities for individual and collaborative learning through BA, MFA, and PhD programs. Students work with a variety of materials, including: global Anglophone literature, African-American literature, children’s literature, comics, critical theory, digital modes, film and media. In-house journals and media reflect the scholarly, creative, and interdisciplinary work done by the department. Active across campus through its affiliations, English produces next-generation arts and humanities.

### Food Science and Human Nutrition
The Food Science and Human Nutrition Department (FSHN) is one of the world's largest combined academic programs where food science, nutritional sciences, and dietetics are all studied within one department. FSHN has nearly 25 full-time faculty members, 80 graduate assistants, and 600 undergraduate students. The department's programs are accredited by the Institute of Food Technologists (IFT) (http://www.ift.org) and the Academy of Nutrition and Dietetics (http://www.eatright.org). After completing undergraduate degrees, FSHN students typically move on to employment in the food industry, healthcare settings, graduate, or professional programs. ### Gender, Sexualities, and Women's Studies Research, Center for
The Center for Gender, Sexualities, and Women's Research advances research, teaching, and leadership on how multiple systems of power intertwine to shape culture, society, and people's lived experiences. Students explore how gender, class, race, sexuality, and other systems of power shape important domains such as health, work, culture, media, politics, leadership, and organizations. Students also learn how to put this knowledge into practice to transform these systems. [Website](http://wst.ufl.edu)
