BIOINFORMATICS MINOR

This minor provides solid exposure to bioinformatics with an emphasis on microbes. With the avalanche of genomic information available, bioinformatics skills are necessary to mine and analyze genomic data.

About this Program

- **College**: Agricultural and Life Sciences (http://catalog.ufl.edu/UGRD/colleges-schools/UGAGL/)
- **Credits**: 15-16 | Completed with minimum grades of C
- **Contact**: Email (vcrecy@ufl.edu) | Email (bryank@ufl.edu)

Department Information

The Department of Microbiology & Cell Science is committed to excellence in education, research and service to the community. The curriculum provides an excellent preparation for students who wish to enter the workforce or continue their education in professional programs such as medical, dental, pharmacy, veterinary programs, graduate school, or public health degrees. BS degrees are offered through both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and the MS and PhD degrees are offered through the College of Agricultural and Life Sciences. Combination degrees are available.

Curriculum

- Bioinformatics Minor
- Bioinformatics Minor UF Online
- Combination Degrees
- Microbiology and Cell Science UF Online
- Microbiology and Cell Science | CALS
- Microbiology and Cell Science | CLAS
- Pathogenesis Minor
- Pathogenesis Minor UF Online

This minor is open to all students who have a science background and who meet course prerequisites.

It is particularly appropriate for students majoring in biology, mathematics, microbiology and cell science, statistics and zoology, and for students who are interested in professional programs in dentistry, medicine and pharmacy.

Microbiology and cell science majors should meet with their academic advisors before applying to this minor to plan a program of study. No more than three credits of the required courses below and 3-4 credits of the electives below can count toward both the major and the minor.

There are 12 required credits, consisting of three courses and a capstone independent study course, and one 3 or 4 credit elective.

Required Courses
