

BIOINFORMATICS MINOR UF ONLINE

This minor provides solid exposure to bioinformatics with an emphasis on microbes. With the avalanche of genomic information available, bioinformatics skills are necessary to mine and analyze genomic data.

About this Program

- **College:** Agricultural and Life Sciences (<http://catalog.ufl.edu/UGRD/colleges-schools/UGAGL/>)
- **Credits:** 15-16 | Completed with minimum grades of C
- **Contact:** 1.855.99GATOR
More Info

Department Information

The Department of Microbiology and Cell Science is committed to excellence in education, research and service to the community. The curriculum provides an excellent preparation for students who wish to enter the workforce or continue their education in professional programs such as medical, dental, pharmacy, veterinary programs, graduate school or public health degrees. B.S. degrees are offered through both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and the M.S. and Ph.D. degrees are offered through the College of Agricultural and Life Sciences. Combination degrees are available.

- Microbiology and Cell Science | CALS
- Microbiology and Cell Science | CLAS
- Pathogenesis Minor
- Pathogenesis Minor UF Online

This minor is open to all students who have a science background and who meet course prerequisites.

It is particularly appropriate for students majoring in biology, mathematics, microbiology and cell science, statistics and zoology, and for students who are interested in professional programs in dentistry, medicine and pharmacy.

Microbiology and cell science majors should meet with their academic advisors before applying to this minor to plan a program of study. No more than three credits of the required courses below and 3-4 credits of the electives below can count toward both the major and the minor.

There are 12 required credits, consisting of three courses and a capstone independent study course, and one 3 or 4 credit elective.

REQUIRED COURSES

| Code | Title | Credits |
|----------------------|--|--------------|
| BSC 2891 | Python Programming for Biology (spring only) | 3 |
| BSC 4434C | Introduction to Bioinformatics (fall only) | 3 |
| BSC 4913 | Independent Research in Bioinformatics | 3 |
| MCB 4320C | The Microbiome (spring only) | 3 |
| Approved elective | | 3-4 |
| Total Credits | | 15-16 |

APPROVED ELECTIVES

| Code | Title | Credits |
|-------------|---|----------------|
| BSC 4914 | Advanced Independent Research in Bioinformatics | 3 |
| MCB 4934 | Special Topics in Microbiology and Cell Science (Advanced Bioinformatics - spring only) | 4 |
| PCB 3063 | Genetics | 4 |
