

ENVIRONMENTAL HORTICULTURE MINOR

The Environmental Horticulture minor helps students who seek employment opportunities associated with plant science, landscape, and nursery horticulture. The minor enables students to focus on a specialization area or to sample courses from other areas of environmental horticulture. Degree-seeking students at off-campus locations can also complete this minor.

About this Program

- **College:** Agricultural and Life Sciences (<http://catalog.ufl.edu/UGRD/colleges-schools/UGAGL/>)
- **Credits:** 15

Department Information

The Environmental Horticulture Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. #Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.
