ENVIRONMENTAL HORTICULTURE MINOR

The Environmental Horticulture minor helps students who seek employment opportunities associated with plant science, landscape, and nursery horticulture. The minor enables students to focus on a specialization area or to sample courses from other areas of environmental horticulture. Degree-seeking students at off-campus locations can also complete this minor.

About this Program

- **College**: Agricultural and Life Sciences (http://catalog.ufl.edu/UGRD/colleges-schools/UGAGL/)
- **Credits**: 15

Department Information

The Environmental Horticulture Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.
