

CONSTRUCTION MANAGEMENT CERTIFICATE

The construction management certificate is intended for seniors enrolled in construction-related programs (e.g., civil engineering) in universities other than UF wherein students spend one semester at UF completing four construction management courses.

About this Program

- **College:** Design, Construction and Planning
- **School:** M.E. Rinker, Sr. School of Construction Management
- **Credits:** 12, completed with minimum grades of C or better and a combined grade average of 2.50 from all courses
- **Contact:** 352.273.1180; 304 Rinker Hall
- **Related Construction Management Programs**

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Prerequisites

- A senior enrolled in an undergraduate degree program in a construction-related field (e.g., civil engineering) reviewed and approved by the school's faculty.
- Demonstrated English communication skills.
- Students from non-exempt countries must demonstrate proficiency in English by providing TOEFL or TSE scores.

Required Courses

Students will be awarded the certificate if they complete four of the following upper-division construction management courses with a combined GPA of 2.5 or better and a 2.0 or better in each course.
