Curriculum

- Classical Studies
- Classical Studies Minor
- Greek Studies Minor

Students who major in classical studies are well equipped for a wide variety of career opportunities. Students can pursue graduate studies in classical languages and literature, art history, ancient history, archaeology, and museum studies. Small class sizes, emphasis on critical thinking and expression, and a faculty committed to involvement in undergraduate courses also make this major appealing to students who want excellent preparation for entry to professional schools (e.g., medicine or law).

Students who want to be high-school Latin teachers should follow the Teacher Certification specialization. Students who pursue the Florida Teaching minor have the coursework and preparation for professional teacher certification in Florida when they graduate. Alternatively, students can consider a minor in educational studies that would be beneficial if applying to the ProTeach program. Students should consult the College of Education for more information.

Requirements for the Major

For the Teacher Certification specialization of the Classical Studies major, students must complete 30 credits of coursework in the major plus 3-10 credits of foundation coursework in Latin language.

Students must earn a minimum grade of C in a course for it to be applied to the major; no S/U courses can be applied.

The Department of Classics requires that a minimum of 15 credits of major-related courses must be UF credit.

College of Liberal Arts and Sciences allows students additional flexibility in its Distribution Requirements. Students may count a maximum of 6 credits TOTAL from the CLAS Distribution course lists towards Humanities, Social and Behavioral Sciences, or Biological and Physical Sciences, with no more than 3 credits of Humanities, 3 credits of Social and Behavioral Sciences, or 6 credits of Biological or Physical Sciences.

The full list of major-specific requirements for this major can be found on the Overview tab. College of Liberal Arts and Sciences degree requirements can be found on the College's degree requirements page. (<https://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/#degreerequirementstext>)

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.
