**Coreq:** AEB 4138 or AEB 4342

AEB 4334 Agricultural Price Analysis and Consumer Behavior 3 Credits
Quantitative measurement of factors affecting agricultural and resource prices; seasonal and cyclical fluctuations; index measures of price and quantity variables; theory and application of consumer behavior principles.
**Prereq:** AEB 3103 and AEB 3550

AEB 4342 Agribusiness and Food Marketing Management 3 Credits
Application of marketing and management principles to agribusiness and food marketing problems faced by managers. Emphasis on case problems, group projects, oral presentations and written assignments.
**Prereq:** AEB 3133

AEB 4343 International Agribusiness Marketing 3 Credits
Problems, issues, regulations, policies and procedures unique to the global agribusiness marketing of perishable and storable agricultural commodities and food products. Combines firm-level agribusiness marketing concepts with international agribusiness marketing and export management applications. (S)
**Prereq:** AEB 3300
General Education - Social Science

AEB 4380 Agricultural Marketing Strategies 3 Credits
The decision-making activities necessary to launch a new agricultural product successfully. The marketing plan development for this course follows the guidelines of the National Agri-Marketing Association Marketing Competition.
**Prereq:** instructor permission

AEB 4424 Human Resources Management in Agribusiness 3 Credits
Issues involved in the strategic and effective management of human resources in agribusiness. Human resource management concepts and techniques designed to improve agribusiness organizational teamwork, productivity, performance and enterprise success. Course explores the unique aspects of labor management and includes application through use of case problems, triad and video techniques.

AEB 4673 International Agricultural Trade 3 Credits
Examines the economic forces associated with trade in food and agricultural products between the U.S. and other countries. Applies economics principles and analytical techniques to international agricultural trade and multi-national markets.
**Prereq:** AEB 3103 and AEB 3510

AEB 4900 Supervised Extension Experience in Food and Resource Economics 3 Credits
Firsthand, authentic extension experiences in agricultural and life sciences under faculty member supervision. Projects may involve program planning, development, implementation, and evaluation. (S-U)

AEB 4905 Special Problems in Food and Resource Economics 1-3 Credits
Individual study in selected problem areas of interest to the student and agreeable to the instructor.
**Prereq:** instructor permission

AEB 4911 Supervised Research in Food and Resource Economics 3 Credits
Firsthand, authentic research in food and resource economics under the supervision of a faculty member. Projects may involve inquiry, design, investigation, scholarship, discovery or application. (S-U)
AEB 4915 Honors Thesis Research in Food and Resource Economics 3 Credits
Independent research in food and resource economics leading to an honors thesis. Student will be mentored by a faculty member. Projects may involve inquiry, design, investigation, scholarship, discovery or application. (S-U)
Prereq: junior standing, upper division GPA of 3.75 or higher and completed honors thesis proposal on file

AEB 4931 Special Topics in Food and Resource Economics 1-3 Credits
Lectures, conferences or laboratory covering specially selected topics in food and resource economics.
Prereq: instructor permission

AEB 4941 Full-Time Practical Work Experience in Food and Resource Economics 1-3 Credits
Practical work must be a new experience and related to the field of study. (S-U)
Prereq: previous arrangement with advisor and undergraduate coordinator and dean permissions

AEB 4951 Survey of Agricultural Economics 1 Credit
Trains students to think on their feet with respect to topics in the agricultural economics discipline. While individual courses tend to focus on a particular set of skills, this course enhances the student’s ability to access the range of skills they acquired in past courses.
Prereq: instructor permission

ALS 4932 Special Topics 1-3 Credits
Variable subjects provide content for the study of agricultural topics not offered in other courses.
