Curriculum

- Psychology
- Psychology UF Online

Courses

CBH 3003 Comparative Psychology 3 Credits

Grading Scheme: Letter Grade

Survey of approaches to and concepts of the study of animal behavior and psychology.

Prerequisite: PSY 2012.

CLP 2001 Personal Growth 3 Credits

Grading Scheme: Letter Grade

Introduces the concepts and techniques in psychology that apply to personal growth and development. All students have the opportunity to participate in research projects or alternative experiences.

CLP 3144 Abnormal Psychology 3 Credits

Grading Scheme: Letter Grade

The varieties of disordered experience and conduct, and their contribution to an understanding of more effective personal and social adjustment. Includes the neuroses, psychoses and psychosomatic and conduct disturbances.

Prerequisite: PSY 2012.

CLP 4110 Eating Disorders 3 Credits

Grading Scheme: Letter Grade

Overview of the causes and treatments associated with the full range of recognized eating disorders, including anorexia, bulimia and binge eating disorder, as well as a variety of subclinical forms of problematic eating behaviors and their surrounding factors and issues.

Prerequisite: PSY 2012.

DEP 3053 Developmental Psychology 3 Credits

Grading Scheme: Letter Grade

Theory and research on psychological development from prenatal stages through adulthood.

Prerequisite: PSY 2012

DEP 4115 Infant Development 3 Credits

Grading Scheme: Letter Grade

Development from the prenatal period through three years of age with a focus on physical cognitive and social-emotional processes.

Prerequisite: PSY 2012

DEP 4163 Cognitive Development 3 Credits

Grading Scheme: Letter Grade

Basic principles and theories of cognitive development from infancy through early adolescence. Information-processing, Piagetian and neo-Piagetian theories are covered, as is language, memory, social cognition, concept formation, perception and attention.

Prerequisite: DEP 3053.

DEP 4305 Adolescent Psychology 3 Credits

Grading Scheme: Letter Grade

Biological, psychological and sociological perspectives on adolescence, including the dynamics of socialization, self-concept and identity, peer groups and problems of adolescence.

Prerequisite: DEP 3053.

DEP 4464 Psychology of Aging 3 Credits

Grading Scheme: Letter Grade

Topics in gerontology from a life span developmental perspective, including the development of psychological problems of the aged and theoretical and methodological issues in the study of the aged.

Prerequisite: refer to the department.

DEP 4704C Research Methods in Developmental Psychology 4 Credits

Grading Scheme: Letter Grade

Methodological approaches to the study of development including experimental and observational techniques.

Prerequisite: DEP 3053 and STA 2023; Prereq or

Corequisite: STA 3024.

DEP 4930 Revolving Topics in Developmental Psychology 3 Credits

Grading Scheme: Letter Grade

Advanced study in developmental psychology, including development of language and thought, social-personality development, gerontology and death and dying. Content varies; refer to the schedule of courses for the semester's topic.

Prerequisite: refer to the department.

EAB 3002 Principles of Behavior Analysis 3 Credits

Grading Scheme: Letter Grade

Introduces and surveys the principles, methods, theories, and applications of the experimental analysis of behavior. Although EAB 3002 and EAB 3764 cannot both be taken to fulfill the Group A requirement, both courses may be taken, with one counting as an additional course toward the major.

Prerequisite: PSY 2012.

EAB 3764 Applied Behavior Analysis 3 Credits

Grading Scheme: Letter Grade

Extending learning principles to human problems in child development, education, mental health, mental retardation, behavioral medicine, business and industry, aging and environmental applications. Although students cannot take both EAB 3002 and 3764 to fulfill the Group A requirement, they can take both courses; one will count as an additional course toward the major.

Prerequisite: PSY 2012.

EAB 4022C Laboratory Procedures in Behavior Analysis 4 Credits

Grading Scheme: Letter Grade

General laboratory procedures and apparatus employed in the experimental analysis of animal behavior. Daily laboratory sessions focus upon experimental treatments, apparatus programming and data analysis.

Prerequisite: EAB 3002.

EAB 4184 Behaviorism and Contemporary Society 3 Credits

Grading Scheme: Letter Grade

Consideration of the applications of behavioral science and technology to contemporary society. Emphasis on the implications of behavior theory and the experimental analysis of behavior.

Prerequisite: EAB 3002 or EAB 3764.

EAB 4713 Applied Behavior Analysis with Animals: Survey of Applications 3 Credits

Grading Scheme: Letter Grade

Examination of applications of behavior analysis with domestic, exotic, and wild animals. Topics considered may include pet training, animal shelters, behavioral husbandry, service dogs, scent detection, and wildlife conservation.

Prerequisite: EAB 3002.

EAB 4714C Laboratory in Applied Behavior Analysis 4 Credits

Grading Scheme: Letter Grade

Introduces research methods in applied behavior analysis. Computerized measurement and assessment of human behavior in ongoing field studies, data analysis and implementation of experimental techniques. (WR)

Prerequisite: EAB 3002 or EAB 3764 or instructor permission

Attributes: Satisfies 6000 Words of Writing Requirement

EAB 4741 Organizational Behavior Management 3 Credits**Grading Scheme:** Letter Grade

Overview of contemporary research and practice in the field of Organizational Behavior Management (OBM), including choosing performance targets, assessment, designing effective intervention, effective supervision, ethics, and common intervention systems such as token economies and behavior-based safety.

Prerequisite: EAB 3002 or EAB 3764 with minimum grade of C.**EAB 4930 Advanced Seminar in Behavior Analysis 3 Credits****Grading Scheme:** Letter Grade

In-depth examination of topics related to behavior analysis. Some examples include developmental and intellectual disabilities, behavioral treatments for substance abuse, behavioral health and exercise, and ethics in behavior analysis. Content varies; refer to the schedule of courses for the semester's topic.

Prerequisite: EAB 3002 or EAB 3764 with minimum grade of C.**EXP 3104 Sensory Processes 3 Credits****Grading Scheme:** Letter Grade

Introduces human cognitive abilities, including perceptual and motor skill, attention, learning and memory, language and thinking, and the methods used to study these abilities.

Prerequisite: PSY 2012.**EXP 3604 Cognitive Psychology 3 Credits****Grading Scheme:** Letter Grade

Introduces human cognitive abilities, including perceptual and motor skill, attention, learning and memory, language and thinking, and the methods used to study these abilities.

Prerequisite: PSY 2012.**EXP 4174C Laboratory in Sensory Processes 4 Credits****Grading Scheme:** Letter Grade

Collect, analyze, and evaluate data on specific problems related to sensory and perceptual abilities.

Prerequisite: (EXP 3104 or EXP 3604) and STA 2023.**Corequisite:** STA 3024.**Attributes:** Artificial Intelligence**EXP 4404 Psychology of Learning and Memory 3 Credits****Grading Scheme:** Letter Grade

Theoretical foundations of learning and memory and applications to various fields of psychology.

Prerequisite: PSY 2012 and two 3000 level Psychology courses (i.e., prefixes CLP, DEP, EAB, PPE, PSB, SOP).**GEY 4001 Issues and Concepts in Gerontology 3 Credits****Grading Scheme:** Letter Grade

Multidisciplinary overview of the field of aging covers biomedical and health issues, psychosocial factors, applied aspects, and policy issues.

Prerequisite: PSY 3213L.**PCO 4113 Positive Psychology 3 Credits****Grading Scheme:** Letter Grade

Explores the history of positive psychology and its basic tenets before examining a wide range of topics that relate to happiness and well-being, including positive relationships, positive thinking, life meaning, religion/spirituality, gratitude, altruism, career development, and character strengths.

Prerequisite: PSY 2012 with a minimum grade C.**PCO 4270 Latinx Psychology 3 Credits****Grading Scheme:** Letter Grade

General overview of Latinx mental health concerns in the United States; examine the strengths and resilience of Latinxs; examination of structural and societal barriers in the United States that result in psychological distress for Latinx people.

Prerequisite: PSY2012 with a minimum grade of B.**PCO 4272 Advanced Seminar in Psychology of Women 3 Credits****Grading Scheme:** Letter Grade

Advanced seminar on psychological theories and research related to the psychology of women. Also integrates consideration of the intersections of gender, race/ethnicity, class, sexual-orientation, and other dimensions of diversity.

Prerequisite: PSY 2012.**PCO 4404 Black Psychology 3 Credits****Grading Scheme:** Letter Grade

Research, theories, and paradigms about the attitudes, behaviors, psychosocial and educational realities of Black Americans; psychosocial realities of Black Americans through an intersectionality lens.

Prerequisite: PSY2012 with a minimum grade of B.

PCO 4911 Undergraduate Research in Psychology of Health Disparities 0-3 Credits

Grading Scheme: S/U

Provides firsthand, supervised research. Projects may involve inquiry, design, investigation, scholarship, discovery, or application.

PCO 4930 Seminar in Counseling Psychology 3 Credits

Grading Scheme: Letter Grade

Advanced study in counseling psychology, including psychology of women, studies of the person and studies of self.

Prerequisite: PSY 2012.

PPE 3003 Psychology of Personality 3 Credits

Grading Scheme: Letter Grade

Development and organization of personality, description and assessment methods, results of research in personality structure and processes.

Prerequisite: PSY 2012.

PSB 3002 Physiological Psychology 3 Credits

Grading Scheme: Letter Grade

Survey of the biological basis of behavior with special relevance to psychology. Students cannot take both PSB 3002 and PSB 3340.

Prerequisite: PSY 2012.

PSB 3340 Behavioral Neuroscience 3 Credits

Grading Scheme: Letter Grade

Neuroanatomical, chemical and electrophysiological studies in the biological basis of behavior. Students cannot take both PSB 3002 and PSB 3340 (PSB 3340 is recommended for IDS majors in neurobiological sciences).

Prerequisite: BSC 2010.

PSB 4240 Psychobiology of Abnormal Behavior 3 Credits

Grading Scheme: Letter Grade

Biological theories and models of developmental disabilities, schizophrenia and affective disorders, and the treatments of these conditions.

Prerequisite: PSB 3340 and STA 2023.

PSB 4342 Introduction to Cognitive Neuroscience 3 Credits

Grading Scheme: Letter Grade

The biological foundations of human cognition.

Prerequisite: PSB 3340 or instructor permission.

Attributes: Artificial Intelligence

PSB 4343C Laboratory in Cognitive Neuroscience 4 Credits

Grading Scheme: Letter Grade

Practical training in the foundations of cognitive neuroscience with a strong focus on cognitive experiments with human participants. Engage in theoretical work and practical experiments addressing behavioral, cognitive, and physiological processes relationships between biological processes.

Prerequisite: PSB 3340 and EXP 3604 and PSY 3213L and STA 2023.

Attributes: Artificial Intelligence

PSB 4434 Neurochemistry, Pharmacology and Behavior 3 Credits

Grading Scheme: Letter Grade

Advanced discussion of neurotransmitters, neuromodulators and the action of neuroactive drugs in relation to behavior.

Prerequisite: PSB 3340 or instructor permission.

PSB 4504 Developmental Psychobiology 3 Credits

Grading Scheme: Letter Grade

Principles of neural and behavioral development stressing the correlations among structural, chemical, endocrine and behavioral events during maturation.

Prerequisite: PSB 3340 or instructor permission.

PSB 4810 Neurobiology of Learning and Memory 3 Credits

Grading Scheme: Letter Grade

Advanced undergraduate seminar on neurobiological mechanisms of learning and memory, with concepts applied to the ways in which neuroplasticity underlies many aspects of behavior.

Prerequisite: PSB 3340 or instructor permission.

PSB 4934 Special Topics in Physiological Psychology 3 Credits

Grading Scheme: Letter Grade

Selected topics; precise content announced in advance. Provides an opportunity for in-depth study not offered in other courses.

Prerequisite: PSB 3340 or instructor permission.

PSY 2012 General Psychology 3 Credits**Grading Scheme:** Letter Grade

In this course, students will gain an introduction to the scientific study of human behavior and mental processes. Topics may be drawn from historical and current perspectives in psychology.

Attributes: General Education - Social Science**PSY 3213L Laboratory Methods in Psychology 3 Credits****Grading Scheme:** Letter Grade

Introduces experimental design in psychology, data analysis and interpretation of results, and literature reports.

Prerequisite: PSY 2012.**PSY 3626 Psychology of Sustainability 3 Credits****Grading Scheme:** Letter Grade

Examines the psychology of sustainability and its impact on human behavior. Provides knowledge of social value orientation, environmental identity, altruism, social capital, and participatory action from a sustainability perspective.

Prerequisite: PSY 2012**PSY 3912 Introduction to Research in Psychology 1-3 Credits****Grading Scheme:** S/U

An introduction to current techniques used in psychology research. Students participate in on-going research.

Prerequisite: refer to the department.**PSY 4625 The Psychology of Pseudoscience 3 Credits****Grading Scheme:** Letter Grade

Studies the psychological causes and consequences of belief in "weird" things.

Prerequisite: PSY 2012 with minimum grade of C.**PSY 4824 Psychology of Eating and Obesity 3 Credits****Grading Scheme:** Letter Grade

Comprehensive examination of theory and application of psychological and brain science principles to understanding eating behavior and the contemporary problem of overweight and obesity.

Prerequisite: PSY 2012 with a B or greater and any two of the following: PSB 3002, PSB 3340, CLP 3144, PPE 3003, DEP 3053, SOP 3004, EAB 3002, EAB 3764, or EXP 3604.**PSY 4905 Individual Work 1-3 Credits****Grading Scheme:** Letter Grade

Qualified students and the instructor or supervisor choose a particular problem for investigation or studying psychology. A formal written report of the work is required.

Prerequisite: minimum of 12 semester credits in psychology.**PSY 4911 Undergraduate Research in Psychology 0-3 Credits****Grading Scheme:** S/U

Provides firsthand, supervised research in Psychology. Projects may involve inquiry, design, investigation, scholarship, discovery or application in Psychology.

PSY 4930 Special Topics in Psychology 3 Credits**Grading Scheme:** Letter Grade

Topics in psychology that provide opportunity for in-depth study not offered in other courses.

Prerequisite: PSY 2012.**PSY 4940 Introduction to Teaching in Psychology 0-3 Credits****Grading Scheme:** S/U

College-level teaching experience in psychology by serving as an undergraduate teaching assistant (TA). Each assistantship is unique, tailored to both the student's skills and knowledge and to the instructor's needs. Responsibilities may include facilitating discussion groups or study sessions, reviewing written assignments and providing evaluative feedback, and responding to student questions and inquiries.

Prerequisite: instructor permission and completion of the course for which the student will serve as a teaching assistant.**PSY 4949 Internship in Psychology 0-3 Credits****Grading Scheme:** S/U

Credit is earned by completing a paid or unpaid internship with a community agency approved by the department. Students work 50 hours per credit earned. A minimum of 50 work hours is required for students enrolling for 0 credits.

Prerequisite: 12 semester credits of psychology.**PSY 4956 Overseas Studies 1 1-15 Credits****Grading Scheme:** Letter Grade

This course provides a mechanism by which coursework taken as part of an approved study abroad program can be recorded on the UF transcript and counted toward graduation.

Prerequisite: undergraduate advisor permission.

PSY 4970 Senior Thesis 1-3 Credits

Grading Scheme: S/U

Qualified students must write a formal research proposal to enroll in the course. They also must carry out individual research under the supervision of a faculty member and submit a formal written report.

Prerequisite: 24 credits in psychology and instructor permission.

SOP 3004 Social Psychology 3 Credits

Grading Scheme: Letter Grade

A study of the social factors influencing individual behavior. Consideration of socialization, social influence and conformity, social interaction, decision-making, attitudes and opinions.

Prerequisite: PSY 2012.

SOP 4214C Research Methods in Social Psychology 4 Credits

Grading Scheme: Letter Grade

Laboratory training and basic experimental techniques and procedures used in the investigation of social-psychological processes.

Prerequisite: SOP 3004 or STA 2023 or STA 3024 with a minimum grade B.

SOP 4704 Advanced Social Psychology (Revolving Topics) 3 Credits

Grading Scheme: Letter Grade

In-depth examination of topics in social psychology; refer to the schedule of courses to determine the topic covered each semester. Topics can include health psychology, social motivation, the self, self-presentation, group dynamics, conflict, population psychology, community psychology and the psychology of law. Content varies; refer to the schedule of courses for the semester's topic.

Prerequisite: SOP 3004.

SOP 4777 Psychology of Human Sexuality 3 Credits

Grading Scheme: Letter Grade

Examination of human sexuality in the United States from a psychological perspective, including but not limited to the following topics: Sexual desire and sexual responses, sexual development, sexual practices, sexual dysfunctions and sex therapy.

Prerequisite: PSY 2012 with a minimum grade C.

SOP 4842 Legal Psychology 3 Credits

Grading Scheme: Letter Grade

Studies the interaction between individuals and the legal system; considers how the application of various psychological disciplines can inform the legal system.

Prerequisite: PSY 2012
