

**2023-2024**

**Undergraduate Catalog**

---

**UNIVERSITY OF FLORIDA**

Summer B 2023 - Summer A 2024

# TABLE OF CONTENTS

---

Undergraduate Catalog .....	20
Administration .....	20
Admission .....	22
Readmission to the University .....	25
Residency for Tuition Purposes .....	26
Applicants Receiving VA and Social Security Benefits .....	27
Academic Programs .....	27
Center for Latin-American Studies .....	28
College of Veterinary Medicine .....	29
Dentistry, College of .....	30
Departments .....	32
General Education (Gen Ed) - UF Quest .....	65
Innovation Academy .....	70
Law, Fredric G. Levin College of .....	79
Medicine, College of .....	81
Military Science, Division of .....	82
Aerospace Leadership Minor .....	86
Military Science and Leadership Minor .....	87
Pharmacy, College of .....	88
Pharmacy - Preprofessional .....	91
Colleges and Schools .....	93
Accounting, Fisher School of .....	93
Accounting .....	99
Accounting Minor .....	104
Agricultural and Life Sciences, College of .....	105
Interdisciplinary Studies - Environmental Management in Agriculture and Natural Resources UF Online .....	110
Agricultural and Natural Resource Communication Minor .....	115
Agricultural and Natural Resource Ethics and Policy Minor .....	116
Agricultural and Natural Resource Law Minor .....	117
Agricultural Curriculum and Development Minor .....	117
Agricultural Education and Communication .....	118
Agricultural Education .....	120
Communication and Leadership Development .....	124
Agricultural Operations Management .....	129
Agroecology and Sustainable Food Systems Certificate .....	133
Animal Genetics Certificate .....	134
Animal Sciences .....	134
Animal Biology .....	136
Equine .....	140
Food Animal .....	145

Integrative Animal Sciences .....	149
Beekeeping Certificate .....	153
Bioinformatics Minor .....	154
Bioinformatics Minor UF Online .....	155
Biology - CALS .....	156
Applied Biology .....	158
Biotechnology .....	164
Natural Science .....	170
Preprofessional .....	176
Biosecurity and Biological Invasions Certificate .....	181
Botany - CALS .....	182
Botanical Research .....	185
General Botany .....	191
CALS Honor Scholar Certificate .....	197
Challenge 2050 - Global Leadership and Change Certificate .....	198
Dietetics .....	198
Entomology and Nematology .....	202
Biological Science of Insects .....	203
Preprofessional .....	208
Urban Pest Management .....	212
Entomology and Nematology Minor .....	217
Entomology and Nematology Minor UF Online .....	218
Environmental Horticulture Management Certificate .....	219
Environmental Horticulture Minor .....	220
Environmental Management in Agriculture and Natural Resources - Interdisciplinary Studies .....	221
Environmental Policy, Law, and Regulation Certificate .....	226
Extension Education Minor .....	227
Family, Youth and Community Sciences .....	228
Family, Youth and Community Sciences Minor .....	232
Fire Ecology and Management Certificate .....	233
Fisheries and Aquatic Sciences Minor .....	234
Food and Resource Economics .....	235
Food and Agribusiness Marketing and Management .....	237
International Food and Resource Economics .....	241
Food and Resource Economics Minor .....	245
Food Science .....	246
Food Science Minor .....	250
Forest Resources and Conservation .....	251
Forest Resources and Conservation Minor .....	255
Geomatics .....	256
Geospatial Analysis .....	258
Surveying and Mapping .....	262

Geomatics Certificate .....	268
Golf and Sports Turf Management Minor .....	269
Horticultural Science .....	269
Organic Horticultural Systems .....	271
Plant Biotechnology and Improvement .....	276
Science and Technology of Horticultural Crops .....	280
Horticultural Science Minor .....	284
Horticultural Therapy Certificate .....	285
International Development and Humanitarian Assistance Minor .....	286
International Studies in Agricultural and Life Sciences Minor .....	287
Landscape Pest Management Certificate .....	288
Leadership Minor .....	289
Leadership Minor UF Online .....	290
Management and Sales in Agribusiness Minor .....	291
Management and Sales in Agribusiness Minor UF Online .....	292
Mapping with Small Unmanned Aerial Systems Certificate .....	292
Marine Sciences - CALS .....	293
Medical Entomology Certificate .....	299
Microbiology and Cell Science UF Online .....	300
Microbiology and Cell Science - CALS .....	306
Natural Resource Conservation .....	312
Nonprofit Organizational Leadership Minor .....	318
Nutritional Sciences .....	318
Nutritional Sciences Minor .....	322
Organic and Sustainable Crop Production Minor .....	323
Packaging Science Minor .....	324
Pathogenesis Minor .....	326
Pathogenesis Minor UF Online .....	327
Pest Control Technology Certificate .....	328
Plant Molecular and Cellular Biology Minor .....	329
Plant Science .....	331
Plant Science Minor .....	335
Precision Agriculture Minor .....	336
Recreation Resources Management Certificate .....	337
Soil, Water, and Ecosystem Sciences .....	339
Soil Science .....	341
Water Science .....	345
Soil, Water, and Ecosystem Sciences Minor .....	350
Urban Forestry Certificate .....	352
Urban Pest Management Certificate .....	353
Wildlife Ecology and Conservation .....	354
Preprofessional .....	356

Wildlife Ecology and Conservation .....	360
Wildlife Ecology and Conservation Minor .....	366
Arts, College of the .....	367
Applied Theatre for Health Certificate .....	375
Art Education Certificate .....	376
Art History .....	378
Art History Minor .....	382
Art History Minor - New World School of the Arts .....	383
Art Minor .....	384
Art - BA .....	385
Art - BFA .....	388
Ceramics Certificate .....	392
Dance in Medicine Certificate .....	393
Dance Minor .....	394
Dance - Bachelor of Arts .....	395
Dance - Bachelor of Fine Arts .....	399
Digital Arts and Sciences Minor .....	404
Digital Arts and Sciences Minor UF Online .....	405
Digital Arts and Sciences UF Online .....	406
Digital Arts and Sciences - Bachelor of Arts .....	410
Graphic Design .....	414
Graphic Design Certificate .....	418
Graphic Design Minor .....	419
Jazz Studies Minor .....	420
Music Education .....	421
Choral .....	423
Instrumental .....	427
Music Education Certificate .....	431
Music History - Ethnomusicology Minor .....	433
Music in Medicine Certificate .....	434
Music Performance Certificate .....	435
Music Performance Minor .....	436
Music Theory Minor .....	437
Music - Bachelor of Arts .....	439
Entrepreneurship .....	440
Event Management .....	444
Music .....	449
Music History and Literature .....	453
Music History and Literature - Ethnomusicology .....	456
Music Theory and Composition .....	460
Music - Bachelor of Music .....	464
Music Composition .....	466

Music in Combination with an Outside Field .....	470
Music Theory .....	474
Performance - Instrumental .....	479
Performance - Vocal .....	483
Theatre .....	487
General .....	488
Stage Management .....	492
Theatre Management .....	497
Theatre Minor .....	501
Theatre Performance .....	502
Acting .....	503
Musical Theatre .....	507
Theatre Production .....	511
Costume .....	513
Digital Media .....	517
Lighting .....	521
Scenery .....	525
Sound .....	529
Theatre Production Minor .....	533
Visual Arts in Medicine Certificate .....	534
Business, Heavener School of .....	535
Business Administration Minor .....	541
Business Administration Minor UF Online .....	542
Business Administration - General Business - BSBA UF Online .....	543
Business Administration - General Studies - BABA .....	548
Business Administration - General Studies - BABA UF Online .....	553
Entrepreneurship Minor .....	558
Finance .....	558
Information Systems .....	563
Information Systems Minor .....	568
Management .....	569
Marketing .....	574
Professional Selling Minor .....	579
Real Estate Minor .....	580
Retailing Minor .....	581
Wealth Management Minor .....	583
Construction Management, M.E. Rinker, Sr., School of .....	583
Construction Management .....	587
Construction Management Certificate .....	591
Emergency Management Certificate .....	592
Emergency Medical Services Management Certificate .....	593
Fire and Emergency Services UF Online .....	594

Emergency Management .....	597
Emergency Medical Services Management .....	602
Fire Management .....	606
Senior Fire Officer Certificate .....	610
Design, Construction and Planning, College of .....	611
Architecture .....	615
Interior Design .....	619
Landscape Architecture Minor .....	623
Landscape Architecture - 4-Year Professional Program .....	624
Sustainability and the Built Environment .....	627
Geodesign .....	630
Interdisciplinary .....	635
Sustainability and the Built Environment Minor .....	641
Urban and Regional Planning Minor .....	642
Education, College of .....	643
Disabilities in Society Minor .....	648
Early Childhood Studies Minor .....	649
Education Sciences .....	649
Disabilities in Society .....	651
Early Childhood Studies .....	656
Educational Psychology and Research .....	660
Educational Technology .....	664
General Studies .....	669
Schools, Society, and Policy .....	673
Education Sciences UF Online .....	677
Disabilities in Society .....	679
Early Childhood Studies .....	684
Educational Psychology and Research .....	688
Educational Technology .....	692
General Studies .....	697
Schools, Society, and Policy .....	701
Education Studies Minor .....	705
Education - Early Childhood Education - Age 3-Grade 3 .....	706
Educational Technology Minor .....	711
Educational Technology Minor UF Online .....	712
Elementary Education - Grades K-6 .....	713
Florida Teaching Minor .....	717
UFTeach - Mathematics or Science Minor .....	718
Engineering, Herbert Wertheim College of .....	721
Advanced Engineering Ceramics Certificate .....	730
Aerospace Engineering .....	731
Artificial Intelligence Fundamentals and Applications Certificate .....	736

Biological Engineering .....	737
Agricultural Production Engineering .....	739
Biosystems Engineering .....	744
Land and Water Resources Engineering .....	748
Packaging Engineering .....	753
Biomaterials Certificate .....	758
Biomechanics Minor .....	759
Biomedical Engineering .....	761
Biomolecular Engineering Minor .....	766
Chemical Engineering .....	767
Civil Engineering .....	772
Computer and Information Science and Engineering Minor .....	777
Computer and Information Science and Engineering Minor UF Online .....	778
Computer Engineering .....	779
Computer Science - Herbert Wertheim College of Engineering .....	784
Digital Arts and Sciences - Bachelor of Science .....	789
Electrical Engineering .....	793
Electrical Engineering Minor .....	799
Engineering Innovation Certificate .....	799
Engineering Innovation Minor .....	800
Engineering Leadership Certificate .....	801
Engineering Project Management Certificate .....	801
Engineering - Exploring Engineering Studies .....	802
Environmental Engineering .....	804
Industrial and Systems Engineering .....	809
Materials Science and Engineering .....	816
Materials Science and Engineering Minor .....	822
Mechanical Engineering .....	822
Metallurgical Engineering Certificate .....	828
Nuclear and Radiological Engineering Minor .....	829
Nuclear Engineering .....	830
Packaging Engineering Certificate .....	835
Polymer Science and Engineering Certificate .....	836
Sales Engineering Minor .....	837
Semiconductor Materials Certificate .....	838
Sustainable and Resilient Energy Engineering Certificate .....	839
Health and Human Performance, College of .....	839
Applied Physiology and Kinesiology .....	849
Artificial Intelligence and Data Analytics in Tourism, Hospitality and Event Management Certificate .....	852
Event Management Minor .....	853
Event Management Minor UF Online .....	854

# UNDERGRADUATE CATALOG

## Accreditation

The University of Florida is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate's, baccalaureate, master's, educational specialist, and doctoral degrees. The University of Florida also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of the University of Florida should be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling 404.679.4500, or by using information available on SACSCOC's website ([www.sacscoc.org](http://www.sacscoc.org) (<http://www.sacscoc.org/>)).

## Publication Policy

The undergraduate catalog is published annually by the University of Florida and has been adopted as a rule of the university pursuant to the provision of Chapter 120 of the Florida Statutes.

Published editions of this official record correspond to an academic year and will remain in effect as published from the Summer B (June) term through the following Summer A (late May) term.

The undergraduate catalog provides official university rules, policies, and regulations; it establishes minimum eligibility requirements for admission and reflects degree requirements; it provides approved calendar and curricular information; and it contains general information about the university community, the university, and its services and facilities.

Changes will be made to this academic record to correct errors or omissions. The university is not responsible for information obtained through Internet links from this catalog to other websites. Every effort has been made to ensure the accuracy of information. However, all dates and deadlines, courses, course descriptions, degree requirements, and fees are subject to change.

*Unless otherwise indicated in the course description, all courses at the University of Florida are taught in English, with the exception of specific foreign language courses.*

## Administration

### President's Welcome

Welcome home!

The University of Florida is a special place – and we are honored to welcome you into the Gator family.

This is just a jumping off point – an introduction to life on campus, classes, majors – because what you gain from this college experience is up to you. Be curious and eager to learn. Here at UF, we want you to engage different perspectives; we want you to wrestle with complicated truths; we want you to be sharpened by the work of thoughtful debate. Education is about humbly and meaningfully engaging ideas. Ours is a community of trust and respect – so we owe each other a hearing, and we owe each other the best possible construction of the other's argument. This is challenging.

Being a student at UF is a great opportunity – to build community and habits that will serve you for life. In an era of work that is rapidly changing and being disrupted in big fascinating ways, we want to build lifelong learners.

This takes work, but it's good work: Bodybuilding for the mind and for the soul. And you'll still have time to root for the Gators, explore campus, and watch the bats – yes, bats – cascade out of the bat houses at dusk near Lake Alice.

A love for the earnest pursuit of learning has always been key to human flourishing, both materially and in nurturing and sustaining our hearts and minds. Those who are eager to learn, hone new skills, and then build on them – those who absorb flexibility and adaptability into their lives – will be positioned to prosper.

UF students, you are at one of the greatest places in the nation, filled with energy, dynamism, and people who are committed to your growth. Embrace this challenge. These are glorious years.

Ben Sasse, president

### Mission Statement

The University of Florida is a comprehensive learning institution built on a land-grant foundation. We are The Gator Nation, a diverse community dedicated to excellence in education and research and shaping a better future for Florida, the nation and the world.

Our mission is to enable our students to lead and influence the next generation and beyond for economic, cultural and societal benefit.

The university welcomes the full exploration of its intellectual boundaries and supports its faculty and students in the creation of new knowledge and the pursuit of new ideas.

- **Teaching** is a fundamental purpose of this university at both the undergraduate and graduate levels.
- **Research and scholarship** are integral to the educational process and to the expansion of our understanding of the natural world, the intellect and the senses.
- **Service** reflects the university's obligation to share the benefits of its research and knowledge for the public good. The university serves the nation's and the state's critical needs by contributing to a well-qualified and broadly diverse citizenry, leadership and workforce.

The University of Florida must create the broadly diverse environment necessary to foster multi-cultural skills and perspectives in its teaching and research for its students to contribute and succeed in the world of the 21st century.

These three interlocking elements — teaching, research and scholarship, and service — span all the university's academic disciplines and represent the university's commitment to lead and serve the state of Florida, the nation and the world by pursuing and disseminating new knowledge while building upon the experiences of the past. The university aspires to advance by strengthening the human condition and improving the quality of life.

  - Florida Board of Governors (<http://www.flbog.edu/>)

## Admission

Few students are admitted purely on academic merit. While the potential for academic success is a primary consideration, UF's comprehensive holistic application review also considers personal essays, academic awards, extracurricular activities, family background and home community. All information in the applicant's file, academic and non-academic, is considered in relation to the size and strength of the applicant pool.

## Admission Information for all Applicants

The general requirements below apply to undergraduate admission and readmission to any college or division of the university.

### Minimum Admission Requirements

**Admission to the university is selective. Only minimum requirements for admission are provided; satisfaction of these minimums does not guarantee admission:**

- Online application for admission received by the Office of Admissions by the deadline.
- A non-refundable application fee. Students who are eligible can have their application fee waived.
- A satisfactory academic record. Applicants must provide a complete chronological record of educational institutions attended. Official transcripts from all educational institutions must be submitted according to instructions on the application. Failure to declare attendance at another institution could invalidate an offer of admission and any credits or degrees earned.
- Satisfactory scores on achievement or aptitude tests.
- A satisfactory conduct record.
- Applicants must identify a preferred term of enrollment on their application. Applicants who wish to change their term of entry should contact the Office of Admissions immediately.
- Admission to on-campus degree programs must be validated by taking one or more on-campus courses in the specific semester for which the student is accepted.

## Residency for Tuition Purposes

Requests for in-state residency for tuition purposes are not granted to applicants who appear to have entered the state solely for educational purposes.

More Info (<https://admissions.ufl.edu/cost-and-aid/residency/>)

## Proof of Immunization

Before registering for classes, each person accepted for admission must submit proof of immunization. No student will be permitted to register until the Student Health Care Center has received and approved the mandatory health form.

More Info (<http://shcc.ufl.edu/services/primary-care/immunizations/>)

## Computer Requirement

Access to and ongoing use of a computer is required of all students. The university expects new students and continuing students to acquire computer hardware and software appropriate to the degree program. The cost of meeting this requirement will be included in financial aid considerations.

More Info (<https://it.ufl.edu/policies/student-computing-requirements/>)

All official university correspondence is sent via email to the student's GatorLink email address.

## Notice of Admission

When an application for admission is approved, the university will send a notice of admission for a specific term. If the student is unable to enroll for the term indicated or wishes to be considered for entrance to a different term, the Office of Admissions should be notified immediately.

**All offers of admission are tentative** and will remain so until the Office of Admissions receives and reviews final transcripts and credentials. Students who are admitted conditionally may enroll, subject to verification of satisfaction of all conditions of admission. Admission offers will be revoked if final coursework/credentials do not meet admission requirements. Should that occur, the student's classification will change to a non-degree status and future enrollment will be denied.

Under no circumstances should an applicant make plans to depart for Gainesville until the university has provided official admission notification. An applicant who comes to campus without confirmation of admission does so entirely at their own risk. Presence on campus will not influence the admission decision.

Applicants who furnish false or fraudulent statements or information in connection with an application for admission or residency declaration could receive disciplinary action, denial of admission and invalidation of credits or degrees earned.

Under Board of Education policy, the university can admit a limited number of students as exceptions to the requirements listed above.

### Freshmen

Current high school students seeking college freshman placement and students who have earned fewer than 12 semester credits following graduation from high school.

Applicants who received their high school diploma and an Associate of Arts degree at the same time should complete the **freshman application**. If a student is not able to be admitted as a freshman, they will be offered the chance to be reconsidered as a junior-level transfer student.

## How to Apply

Applicants must apply using the Common Application and must complete all sections of the application, including the Student Profile and the UF supplemental section.

Apply Online (<http://admissions.ufl.edu/apply/freshman/>)

## When to Apply

Admission priority is provided to qualified applicants whose applications and supporting documents are received by the Office of Admissions during the preferred application period from mid-August through November 1. Applications received outside this period will be considered on a space-available basis only.

## Incoming Freshman Deadlines

- The freshman application period is mid-August through November 1, regardless of entering term.
- Freshman decisions will be available at the end of February for students who applied by November 1.

## Freshman Selection

The selection process is based on the applicant's academic credentials and a holistic review of the application. It is very difficult to predict the admissibility of any applicant without considering all information contained in the application and the size and strength of the applicant pool. All factors must be considered in the admission review. The application may be considered for, and admission may be offered to, terms other than the preferred term specified on the application. Applicants who wish to change their term of entry should contact the Office of Admissions immediately.

The Office of Admissions considers an applicant's total high school record, including grades, test scores, educational objective and pattern of courses completed, and personal background and experiences. Admission becomes selective when the number of qualified applicants exceeds the number of freshman spaces available.

## Minimum Requirements for Freshman Admission Consideration

### Middle 50% of the 2022 Freshman Class

- High school GPA of 4.4-4.6
- SAT scores of 1350-1490
- ACT scores of 30-34

### Minimum freshman admission requirements include:

- Graduation from a regionally accredited or state-approved secondary school or the equivalent (G.E.D., etc.).
- 16 academic units:

Subject	Required Years
English (with substantial writing)	4 years
Mathematics (at or above the Algebra 1 level)	4 years
Natural Sciences (two units must include laboratory)	3 years
Social Sciences	3 years
Foreign Language (at least the second high school level or higher)	2 years

- A cumulative C (2.0) average in the academic core, as computed by the university, at all institutions attended, high school and college.
- A record of good conduct. Major or continuing difficulty with school or other officials may render an applicant ineligible regardless of academic qualifications.

## Non-Accredited and HomeSchools

Homeschooled students or students at non-accredited schools are considered for admission using the same holistic review process as our entire applicant pool. In addition to grades and ACT/SAT scores, students attending a homeschool or a non-accredited school are encouraged to take core classes and submit grades from an accredited secondary or post-secondary institution.

## Credit by Examination

There are several credit-by-examination programs that earn credit toward a UF degree. The university participates in the Advanced Placement (AP) program (p. 1748), the College Level Examination Program (CLEP) (p. 1748), the International Baccalaureate (IB) program (p. 1748) and the Advanced International Certificate of Education (AICE) (p. 1748). Students may receive university credit for or exemption from such courses without credit, depending on the results.

## Dual-Enrollment Credit

Courses from Florida public colleges and State University System schools generally adhere to the Statewide Course Numbering System. If the prefix (first three letters) and the last three digits of the course number are the same, then the course is considered equivalent.

Equivalent courses fulfill the same requirements (e.g., General Education) that the UF course fulfills.

Courses taken at private and out-of-state institutions which do not have a direct UF equivalent need to be evaluated by the student's college to determine if they will fulfill specific requirements.

## Tuition Deposit after Admission

- Freshmen are required to submit a **\$200 non-refundable tuition deposit** no later than **May 1** to secure their place in the class.
- The tuition deposit **will not be reimbursed** if the student does not enroll in the term offered for admission.
- The tuition deposit will be credited to the student's account and applied toward the first-semester tuition. If there is a credit balance on the account at the end of drop/add, the balance will be refunded.
- This deposit is waived for those students who qualified for an SAT or ACT fee-application waiver. Students who qualify for Pell Grants may receive a tuition deposit reduction if they appeal.

## International Students

The Office of Admissions classifies an applicant as an undergraduate if they have not earned a university degree equivalent to a U.S. bachelor's degree.

## How to Apply

International applicants must apply online.

Apply Online (<http://admissions.ufl.edu/apply/international/>)

Applications cannot be considered until the Office of Admissions receives ALL required credentials. International applicants should supply the following:

- All international applicants should apply online.
- Submit the non-refundable \$30 application fee (U.S. currency drawn on a U.S. bank or credit card).
- Submit appropriate test scores:
  - Freshmen must submit official SAT or ACT scores.
  - Applicants whose native language is not English must submit official scores from the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS).

- Applicants are exempt from the English proficiency requirement if enrolled for one academic year in a degree-seeking program at a recognized/regionally accredited university or college in a country where English is the official language prior to your anticipated term of enrollment or if you are from one of the following countries.  
More Info (<http://admissions.ufl.edu/apply/international/countries.html>)
- Freshman applicants with coursework completed outside the U.S. must submit at least three full years of their most current secondary school transcripts, in addition to the final/senior year schedule or predicted grades, in both native language of instruction, and if applicable, a certified English translation. Unofficial transcripts are accepted throughout the initial review process. Applicants should not attempt to enter grades from a non-U.S. transcript into the Student Self-Reported Academic Record (SSAR) system. A NACES (<https://www.naces.org/members/>) approved course-by-course credential evaluation with a GPA calculation is encouraged, but not required for freshman admission. Transfer level applicants with college or university coursework completed outside the U.S. are required to submit all non-U.S. transcripts to a NACES (<https://www.naces.org/members/>)-approved credential evaluation agency for a course-by-course evaluation with GPA calculation.

## Transfer Students

A transfer student is defined as an applicant who has earned at least 12 semester credits of credit following graduation from high school and who has not received a bachelor's degree.

## How to Apply

Transfer applicants must apply online.

Apply Online (<http://www.admissions.ufl.edu/apply/transfer/>)

## When to Apply

Transfer applications generally are received six to nine months before the term begins. Apply by your intended college's deadline.

More Info (<http://www.admissions.ufl.edu/apply/transfer/trapdates/>)

## Transfer Eligibility

- Must have completed an Associate of Arts degree from a Florida public institution or at least 60 transferable semester credit hours from a regionally accredited institution
- Must show competency in a foreign language. Students can do this by providing a high school transcript showing completion of the second high school level or higher of a foreign language or American Sign Language equivalent to the second high school level or higher, or by completing the second collegiate level of a foreign language or American Sign Language.
- Must have a minimum 2.0 overall GPA and a minimum 2.0 GPA at the last institution attended, as calculated by UF.
- Must complete or will complete specific prerequisites for the intended major before attending UF.
- Must be in good standing and eligible to return to any institution previously attended.

Students with less than 60 semester credit hours or who have already completed a bachelor's degree are not eligible to transfer to an on-campus program.

---

## Readmission to the University

Readmission applies to students who have been previously admitted and who have attended this university.

Undergraduate students who do not enroll at the university for three consecutive terms must apply for readmission. Readmission, however, is not guaranteed and is subject to availability at the appropriate level, college or major. Students who skip a single term will be scheduled automatically for a registration appointment for one additional term.

Readmission applies to undergraduate students who have previously been admitted to and attended the University of Florida, at any level. Students who do not enroll at the university for three consecutive terms must apply for readmission.

Readmission is not guaranteed and is subject to availability at the appropriate level, college and major. Students should contact the college/department they will be applying to for questions regarding availability.

Apply Online (<http://www.admissions.ufl.edu/start.html>)

## Readmission Requirements

- **Satisfactory Academic Records:** If the student has attended any college or university since they were last enrolled at the University of Florida, they must have a C or higher average (as computed by UF) on all work attempted at each institution. Be aware that grades received at other institutions are not averaged with grades received at UF for the purpose of meeting the university's grade point average requirements.
- Students must indicate the college and the level of their last enrollment at UF and must also list all institutions attended since leaving UF and provide complete official transcripts from each before the application deadline.
- Students must be in good standing and eligible to return to each institution previously attended.
- Students must indicate the degree program and/or major to which they want to apply or return.
- Students must meet the current admission requirements of the college or school that they expect to enter.
- **Satisfactory Conduct Record:** Applicants must present a satisfactory record of conduct.

### Fresh Start

Former undergraduate degree-seeking students who have been dismissed and who wish to return to the University of Florida after an absence of no fewer than five calendar years (during which they have engaged predominantly in non-academic activities) may petition for undergraduate readmission under the Fresh Start Program.

If a student is readmitted, credit for previous UF courses in which minimum grades of C were earned will be calculated in UF credits earned and may be applied toward a degree. No grades previously earned in UF courses will be included in the UF grade point average. All previous course attempts and grades received will remain on the student's academic record and transcript.

Students cannot apply for the Fresh Start Program subsequent to readmission to the university. Students who have been readmitted under Fresh Start cannot petition subsequently for any retroactive change to their academic records. Students admitted under Fresh Start who do not enroll must reapply for a future term.

For additional information on policy and procedures, former students who wish to petition for readmission under the Fresh Start Program should contact the dean of the college into which they seek readmission.

Each student is responsible for becoming familiar with the rules and regulations of the university and for applying them as appropriate. Additional information relative to academic rules, conduct, graduation, social activities and failure in studies can be found in the sections containing regulations of the colleges and schools.

## Additional Admission Information

- All Applicants (p. 22)
- Readmission Deadlines (<http://www.admissions.ufl.edu/ugrad/readmission.html>)

## Residency for Tuition Purposes

Few students are admitted purely on academic merit. While the potential for academic success is a primary consideration, UF's comprehensive holistic application review also considers personal essays, academic awards, extracurricular activities, family background and home community. All information in the applicant's file, academic and non-academic, is considered in relation to the size and strength of the applicant pool.

The deadline for applying for a change in residency status, including receipt of all documentation, is each term's fee payment deadline (p. 1795). Residency reclassification cannot be applied for retroactively for previous terms.

All Florida public institutions of higher education shall maintain consistent policies and practices for the classification of students as residents for tuition purposes to facilitate the transfer of students among institutions. The policies and practices may vary to accommodate differences in governance, but the determination of classification shall be consistent to assure students of being classified the same regardless of the institution determining the classification, as long as no contradictory evidence indicates the classification is incorrect.

## Determination of Residency for Tuition Purposes

- **Applicants:** consult the Admissions website (<https://admissions.ufl.edu/>).
- **Current UF Students:** consult the Registrar website (<https://registrar.ufl.edu/>).
- Florida State Statute 1009.21 ([http://www.leg.state.fl.us/Statutes/?App\\_mode=Display\\_Statute&URL=1000-1099/1009/Sections/1009.21.html](http://www.leg.state.fl.us/Statutes/?App_mode=Display_Statute&URL=1000-1099/1009/Sections/1009.21.html))
- Florida Board of Governor's Regulation 7.005 (<https://www.flbog.edu/regulations/active-regulations/>)
- Florida Residency Guidelines (<https://www.floridashines.org/documents/111597/112691/09.22.16+Florida+Tuition+Residency+Guidelines.pdf/e726c0fd-3784-428d-aa27-74cc04db218f/>)

---

## Applicants Receiving VA and Social Security Benefits

Few students are admitted purely on academic merit. While the potential for academic success is a primary consideration, UF's comprehensive holistic application review also considers personal essays, academic awards, extracurricular activities, family background and home community. All information in the applicant's file, academic and non-academic, is considered in relation to the size and strength of the applicant pool.

### VA Benefits

UF Student Veteran Services (<http://www.veterans.ufl.edu/>)

The University of Florida is approved by the Department of Veterans Affairs (VA) to educate and train veterans, active duty, reservists, guard members, and their spouses or dependents. UF's Office of Student Veteran Services serves as the liaison between the University of Florida, its students, and the various federal, state, and local agencies concerned with the processing of VA Educational Benefits.

The University of Florida accepts the following VA Educational Benefits:

- Chapter 30: Montgomery GI Bill
- Chapter 31: Veteran Readiness and Employment (VR&E)
- Chapter 33: Post-9/11 GI Bill®
- Chapter 35: Dependents Education Assistance (DEA)
- Chapter 1606: Montgomery GI Bill Selected Reserve

### Social Security Benefits

Inquiries related to Social Security benefits should be directed to the student's local Social Security Office. The Office of the University Registrar will complete enrollment certificates issued by the Social Security Administration for students eligible to receive educational benefits, as long as the student is a full-time undergraduate.

A full-time undergraduate load for Social Security benefits is 12 credits per semester; a full-time graduate load is nine credits.

- Admission Information for All Applicants (p. 22)

## Center for Latin-American Studies

Founded in 1930, the Center for Latin American Studies aims to advance knowledge about Latin America and the Caribbean and to enhance the scope and quality of Latin American studies at the University of Florida.

### Contact

Grinter Hall  
P.O. Box 115530  
University of Florida  
Gainesville, FL 32611-5530

352.392.0375

Map (<http://campusmap.ufl.edu/?loc=0002>)

More Info (<http://www.latam.ufl.edu/>)

#### Academic Advising

Grinter Hall, Room 319  
352.392.0375

The center:

- Offers interdisciplinary academic programs in Latin American studies;
- Conducts outreach activities that enrich the intellectual and cultural lives of UF students, faculty and staff, and the local community (e.g., Annual Conference, Colloquium, Latino Film Series, Latin Americanist newsletter, educational K-12 outreach services); and
- Cooperates with other university units in overseas study, research, and training programs.

Most of these programs are open to undergraduates.

The center has a director and 20 core faculty members with expertise in the humanities, social sciences and natural sciences. In addition, the center draws on the expertise of more than 160 distinguished faculty affiliates from colleges and professional schools across campus. These faculty teach more than 375 undergraduate and graduate courses available to undergraduates in Latin American and Caribbean studies.

### Academic Programs

The Center for Latin American Studies offers a minor (p. 1417) and a certificate (p. 1416) for undergraduates who are interested in Latin America and/or the Caribbean and who intend to pursue graduate studies or a career in Latin American or Caribbean-related business, government service or teaching. An interdisciplinary studies (IDS) major in Latin American studies is available through the College of Liberal Arts and Sciences.

The minor requires 15 credits of courses outside the student's department major's courses, and it will appear on the student's transcript. The certificate in LAS is awarded by the center to acknowledge a Latin American or Caribbean-area concentration within the student's major and general course of study. All coursework on Latin America and related fields, including several courses in the student's major and/or minor may count toward the certificate, and a student can receive both a minor and a certificate in Latin American Studies.

For more information, refer to Center for Latin American Studies (<http://www.latam.ufl.edu/>), Grinter Hall (<http://campusmap.ufl.edu/?loc=0002>), Room 319, 352.392.0375, ext. 807. Students interested in the minor, certificate or major should contact the center's undergraduate advisor. Email ([rfbrown@latam.ufl.edu](mailto:rfbrown@latam.ufl.edu)).

## Study Abroad in Latin America

Candidates for both the minor and the certificate are encouraged to spend a summer, a semester or an academic year studying in a Latin American country. UF sponsors study abroad programs for undergraduates in several Latin American countries in a variety of disciplines and lengths. Options include study tours of one to two weeks, summer programs of six weeks and semester-length exchanges during fall or spring. UF programs are currently available in Brazil, Costa Rica, Chile, Mexico, Nicaragua and Peru. Students in almost any major can find a program that will fit their interests.

Courses taken in UF-sponsored study abroad programs can count toward the minor or certificate in Latin American studies. Credits obtained from study abroad programs sponsored by other institutions and transferred to UF may be applied to the minor or certificate with prior approval from the UF International Center (UFIC), the student's major department, and the undergraduate advisor at the Center for Latin American Studies.

For further information on study abroad opportunities, contact Study Abroad Services at the UF International Center.

---

## College of Veterinary Medicine

The College of Veterinary Medicine was authorized by the Florida Legislature in 1965 and opened its doors to students in 1976. Florida's College of Veterinary Medicine is concerned with the total health of all members of the animal kingdom, including human.

College of Veterinary Medicine

P.O. Box 100125

University of Florida

Gainesville, FL 32610-0125

Modern veterinarians serve the needs of the public in many significant ways:

- Prevention of disease in animals and humans
- Enhancement of animal agriculture and wildlife management
- Humane health care of animals
- Research on diseases of animals
- Provision of wholesome food

To answer these challenges, the goals of the College of Veterinary Medicine are to:

- Educate veterinarians for Florida's specific needs.
- Perform research on metabolic and infectious diseases of animals. These investigations will provide new knowledge concerning diseases of domestic animals, will assist in the control of devastating subtropical diseases that must be controlled to provide wholesome food for our nation and developing countries, and will provide insight into human diseases for which animal models exist.
- Provide a veterinary medical center necessary for training interns, residents and graduate students, and for the continuing education of practitioners.
- Provide a resource for dissemination of current information to veterinary practitioners, state and federal agricultural and public health agencies, and consumers of food and health services.
- Serve as a center where veterinary practitioners can consult with specialists and where animal patients can be referred for sophisticated diagnostic procedures. This will provide a service to practitioners and afford veterinary students access to more cases and a greater variety of disease entities.

## Curriculum

Veterinary students participate in the professional degree program leading to the Doctor of Veterinary Medicine (D.V.M.), which requires 150 semester credits for graduation. Students with a cumulative grade point average (GPA) of 3.50 or above may graduate *cum laude*. A cumulative GPA of 3.75 or above is required for *magna cum laude* recognition.

The professional curriculum provides a nine-semester program consisting of core didactic classes and clinical clerkship experiences. Three phases of study within the veterinary medical curriculum are based conceptually on:

- the study of the normal animal (Phase I),
- the study of disease processes and therapy (Phase II), and
- clinical applications (Phase III).

Phases I and II are organized on an organ system basis; each system is considered in turn, an approach that lends itself to the concept of comparative medicine. Phase I occupies the first two semesters of the curriculum; Phase II the second two semesters. During Phase III (semesters 5-9) the student enters rotations through the required clerkships and elective areas of concentration.

More Info (<https://education.vetmed.ufl.edu/dvm-curriculum/>)

## Undergraduate Preparation

Students intending to apply for admission to the College of Veterinary Medicine should plan to complete a bachelor's degree. However, outstanding students may be admitted after three years of preprofessional coursework.

Sequencing of preprofessional coursework should be planned carefully, preferably under the guidance of preprofessional advisors. The Office for Academic and Student Affairs welcomes inquiries of a general nature, but semester-by-semester course scheduling should be monitored by the college offering the bachelor's degree.

Pre-veterinary students may major in a program offered by any department or college but must complete the preprofessional requirements. Applicants to the professional curriculum must present a minimum of 75 credits of college-level coursework, exclusive of physical education and military training courses.

More Info (<https://education.vetmed.ufl.edu/admissions/course-requirements/>)

Credit for Advanced International Certificate of Education (AICE), Advanced Placement (AP), International Baccalaureate (IB) or College Level Examination Programs (CLEP) is acceptable at the level identified in the academic advising section of this catalog.

## Admission

Student selection for the College of Veterinary Medicine will be made by the dean based on recommendation of the College Admissions Committee using the following criteria as the basis for selection:

- Residency
- Academic Performance
- Animal and Veterinary Experience
- Evaluation Forms and References
- Extracurricular Activities
- Communicative Skills
- Candidate interview
- Competitiveness of the Applicant Pool

## When to Apply

The College of Veterinary Medicine is a participant in the Veterinary Medical College Application Service (VMCAS). Applications are available in January via VMCAS (<https://www.aavmc.org/students-applicants-and-advisors/veterinary-medical-college-application-service/>). In addition to completing the VMCAS application, applicants must also complete and submit a required UF vet med professional application.

More Info (<http://education.vetmed.ufl.edu/admissions/application/>)

This secondary application is used to determine residency for tuition purposes. The completed secondary application must be received by the submission deadline of the VMCAS application. Admission is granted only for the Fall semester of each school year and only on a full-time basis.

## Dentistry, College of

The University of Florida College of Dentistry is a leader in dental education, research, patient care and service, featuring a nationally ranked research enterprise, all clinical ADA-recognized dental specialty programs or clinics, and a recipient of the Higher Education Excellence in Diversity Award

for eight consecutive years. The college is located on the University of Florida campus within an academic health center which includes a major teaching hospital and five other health colleges. The University of Florida and the College of Dentistry offer rich educational and cultural opportunities, nationally ranked sports teams, and everything a large university system has to offer in a diverse and humanistic environment.

### Mailing Address

P.O. Box 100445  
Gainesville, FL 32610-0445

Admissions (<http://admissions.dental.ufl.edu/>)

The college educates the state's future dentists and dental specialists through 16 degree and certificate programs. Each year we admit a new class of 93 DMD students who are among the top pre dental students in the nation.

The college is Florida's only public dental school and one of the top dental institutions in the country. It has a statewide network for community oral health with four UF-owned dental centers and 11 partnership centers located throughout Florida. The college provides training opportunities for students and residents while providing dental care to Florida residents, many of whom are underserved and lack access to dental care.

The UF College of Dentistry is housed in the Dental Sciences Building located on the UF Academic Health Center campus. The Academic Health Center includes five additional colleges – Medicine, Public Health and Health Professions, Nursing, Pharmacy, and Veterinary Medicine – and is adjacent to one of the university's affiliated private, tax-exempt teaching hospitals, UF Health Shands in Gainesville.

---

## Undergraduate Preparation

The College of Dentistry seeks students of the highest caliber for its many programs. A strong record of scholastic achievement, high moral character and strong motivation is expected of the applicant. Because of the vast amount of science that must be mastered by the dentist, a dental student must have aptitude and adequate academic preparation in the sciences. The highly personal relationship between patient and dentist places the latter in a position of trust, which demands maturity, integrity, intellectual honesty and responsibility.

Preprofessional students can major in any department or college of the university; however, an in-depth background in biological sciences is necessary to master the dental curriculum. The Pre-Health Advising Team in the UF Academic Advising Center offers information and resources to help students prepare for admission to a professional program in dentistry.  
More Info (<https://www.advising.ufl.edu/pre-health/>)

General education requirements for admission to the College of Dentistry are fully described in the dentistry catalog. Registration in dentistry (DEN) courses is restricted to students admitted to the College of Dentistry with ODN to 8DN classifications.

The application process (<http://admissions.dental.ufl.edu/d-m-d/ufcd-requirements/applicants/>) is described on the college website or students can email (DMDAdmissions@dental.ufl.edu) the admissions office.

---

## Programs

### Doctoral Program in General Dentistry

The Doctor of Dental Medicine (DMD) program is a four-year doctorate program in general dentistry.  
More Info (<https://admissions.dental.ufl.edu/d-m-d/>)

### Combination Program for Undergraduate Students

The combination BS/DMD program allows the student to complete both the B.S. and D.M.D degrees in seven years instead of eight. Students submit applications at the conclusion of their freshman year at UF. Accepted students enroll in a carefully sequenced series of courses that meet both baccalaureate degree requirements and the College of Dentistry's admissions requirements. The student completes three years of undergraduate work before transferring to the first year of dental school. The B.S. degree is awarded at the end of the first year of dental school. This program is jointly offered with the College of Agricultural and Life Sciences.

More Info (<https://admissions.dental.ufl.edu/d-m-d/combined-programs/b-s-d-m-d/>)

## Combination Programs for Dental Students

The College of Dentistry offers an integrated dental and graduate research training program culminating in the awarding of both a D.M.D. and a Ph.D. in Biomedical Sciences. The combination DMD/PhD program is offered in collaboration with the College of Medicine Interdisciplinary Program in Biomedical Sciences and prepares students for a career in the dental academic setting using skills acquired in clinical practice and clinical education as well as basic and/or translational research. This program will typically take 7-8 years to complete.

More Info (<https://research.dental.ufl.edu/student-resource/dmd-phd-program/>)

## Advanced and Graduate Programs

The College of Dentistry also offers four Master of Science in Dental Science (MS) degree programs as well as several Advanced Education Programs resulting in certificates of completion.

More Info (<https://admissions.dental.ufl.edu/advanced-graduate-programs/>)

In conjunction with the College of Medicine, the College of Dentistry offers a six-year program that awards an MD degree and a certificate of completion in Oral and Maxillofacial Surgery.

---

### DMD Program Highlights

Established in 1972, the University of Florida College of Dentistry is the only publicly-funded dental school in the state and ranks as a national leader in dental education, research and community service.

- Commitment to diversity in identity, thought and experience (<https://admissions.dental.ufl.edu/2020/04/20/commitment-to-diversity/>)
  - Top 5 nationally-ranked research enterprise (<https://admissions.dental.ufl.edu/2018/05/10/top-10-research/>)
  - Statewide network of clinics (<https://admissions.dental.ufl.edu/2018/05/07/statewide-network/>)

**Anthropology**

Anthropology lies at the intersection of the multiple approaches to the study of humankind that characterize other disciplines – biological, social, cultural, historical, linguistic, cognitive, material, technological and aesthetic – because of its unique holistic perspective. These multiple approaches are encapsulated in the four traditional subfields that have composed the discipline since its establishment in the 19th century: cultural, archaeological, biological and linguistic anthropology.

## E

### Economics

The Department of Economics offers a vibrant undergraduate curriculum. Students enjoy close and meaningful interactions with the faculty through rigorous and engaging courses. A diverse menu of elective courses covers exciting and relevant topics like growth and development, international trade and finance, public policy analysis and evaluation, and strategic business decisions. Students are strongly encouraged to pursue outside-of-the-classroom learning through internships and study abroad.

## English

The Department of English fosters a dynamic nexus of critical thinking, writing, and making. English offers students innovative opportunities for individual and collaborative learning through BA, MFA, and PhD programs. Students work with a variety of materials, including: global Anglophone literature, African American literature, children's literature, comics, critical theory, digital modes, film and media. In-house journals and media reflect the scholarly, creative, and interdisciplinary work done by the department. Active across campus through its affiliations, English produces next-generation arts and humanities.

**Environmental Engineering Sciences**

The broad undergraduate environmental engineering curriculum of EES has earned the department a ranking as a leading undergraduate program. The ABET-accredited engineering bachelor's degree is comprehensively based on physical, chemical, and biological principles to solve environmental problems affecting air, land, and water resources. An advising scheme including select faculty, led by the undergraduate coordinator, guides each student through the program.

**Food Science and Human Nutrition**

The Food Science and Human Nutrition Department (FSHN) is one of the world's largest combined academic programs where food science, nutritional sciences, and dietetics are all studied within one department. FSHN has nearly 25 full-time faculty members, 80 graduate assistants, and 600 undergraduate students. The department's programs are accredited by the Institute of Food Technologists (IFT) (<http://www.ift.org/>) and the Academy of Nutrition and Dietetics (<http://www.eatright.org/>). After completing undergraduate degrees, FSHN students typically move on to employment in the food industry, healthcare settings, graduate, or professional programs.

- Advanced Engineering Ceramics Certificate
- Biomaterials Certificate
- Combination Degrees
- Materials Science and Engineering
- Materials Science and Engineering Minor
- Metallurgical Engineering Certificate
- Nuclear and Radiological Engineering Minor
- Nuclear Engineering
- Polymer Science and Engineering Certificate
- Semiconductor Materials Certificate

## Mathematics

Graduates from the Department of Mathematics might take a job that uses their math major in an area like statistics, biomathematics, operations research, actuarial science, mathematical modeling, cryptography, or mathematics education. Or they might continue into graduate school leading to a research career. Professional schools in business, law, and medicine appreciate mathematics majors because of the analytical and problem solving skills developed in the math courses.

## Mechanical & Aerospace Engineering

The Department of Mechanical & Aerospace Engineering (MAE) graduates many exceptional mechanical and aerospace engineers each year. Our Mechanical Engineering program celebrated its 100 year anniversary in 2009 and is one of the founding departments of the Herbert Wertheim College of Engineering. Starting within mechanical as an aeronautical option, the Aeronautical Engineering program was founded in 1946. It grew to become our Aerospace Engineering program, which merged with Engineering Science and Mechanics in 1969. All these programs united (or reunited) in 2002. Going strong into the 21<sup>st</sup> century, MAE remains a vibrant and intellectually diverse program at both the undergraduate and graduate levels.

# General Education (Gen Ed) | UF Quest

The General Education Program (Gen Ed) supports the mission of the University of Florida by providing undergraduate students with common collective knowledge about the world in which they live. The curriculum enables students to think creatively, reason critically, communicate effectively, and make informed decisions that affect all aspects of their lives.

More Info (<http://undergrad.aa.ufl.edu/general-education/>)

Through general education courses, students gain fresh perspectives and discover new approaches to intellectual inquiry that promote understanding of both the traditional and the newly discovered. To achieve these outcomes, the general education curriculum encompasses a breadth of knowledge in composition, diversity studies, humanities, international studies, mathematics, biological, physical, and social and behavioral sciences.

Ultimately, competence in these areas enables students to better understand themselves, their neighbors, other cultures and times, and the principles governing the natural world and the universe; and to participate fully and responsibly as informed citizens in local, national, and global matters.

The general education curriculum is organized around eight major subject areas: biological sciences, composition, diversity studies, humanities, international studies, mathematics, physical sciences, and social and behavioral sciences.

More Info (<http://undergrad.aa.ufl.edu/general-education/gen-ed-program/>)

## General Education Program Requirements

All undergraduate students (except those transferring to UF with an AA degree from a Florida public college or an AA certificate from a Florida public state university) are required to complete UF's general education requirement to graduate.

More Info (<http://undergrad.aa.ufl.edu/general-education/gen-ed-program/program-requirements/>)

Subject Area	State Core	Gen Ed Courses	Totals
Biological and Physical Sciences <sup>1</sup>	3	3	6
Composition	3	3	6
Humanities <sup>1</sup>	3	3	6
Social and Behavioral Science <sup>1</sup>	3	3	6
Mathematics	3	3	6
Additional Required Gen Ed Coursework (Humanities, Social Science, or Natural Science) <sup>2</sup>		6	6
<b>OVERALL TOTALS</b>	<b>15</b>	<b>21</b>	<b>36</b>

- <sup>1</sup> To complete General Education, student must select a General Education course in the “Humanities” that features the “UF Quest 1” subject area for 3 credits, a General Education course in the “Social and Behavioral Science” or “Natural Science” that features the “UF Quest 2” subject area for 3 credits, a General Education course that features the “International” subject area for 3 credits, and a General Education course that features the “Diversity” subject area for 3 credits.
- <sup>2</sup> Majors that feature extensive use of these subject areas may require a student to complete all 6 “Additional Required Gen Ed Coursework” credits in a particular subject area. See the Major Model Semester Plan for details.

## Important Considerations

- A minimum grade of C is required for general education credit. Courses intended to satisfy the general education requirement cannot be taken S/U.
- Some majors require or recommend specific general education courses.
- Certain classes are approved to count for multiple general education program areas. Students can count a general education course toward one area only except for (D) and (N) credits, which must be earned concurrently with another area. For example, a course designated as HD can count toward both the H and D requirements, but a course designated CH can count only as C or H.
- Study abroad courses can fulfill international credit, in addition to fulfilling credit in other subject areas. Study abroad must be approved in advance by an academic advisor and the UF International Center.

Successful completion of these requirements will result in the student learning outcomes.

## Selecting General Education Courses

Students can take Gen Ed courses at the 1000-4000 levels. First-year students generally take introductory (1000/2000-level) courses. If a student has the academic background and the interest they may take more advanced courses, but they should first check the course prerequisites and/or consult an academic advisor.

## Applying Incoming Credits to General Education

AP, IB, AICE, and CLEP credit count toward completion of the general education program requirements. In general, course equivalencies are derived from the course equivalency charts (p. 1748) from the student’s year of matriculation at UF.

Acceptable dual enrollment and other transfer credit will fulfill the general education requirements that the same UF course fulfills if the course is equivalent. Courses from Florida public colleges and State University System schools generally adhere to the Statewide Course Numbering System. If the prefix (first three letters) and the last three digits of the course number are the same, then the course is considered equivalent.

If the course does not have a common-numbered equivalent at UF (either because UF does not offer the course or because the transferred course was not taken in the state system), then the student’s college needs to evaluate the course to determine whether it fulfills a general education requirement.

More Info (p. 1748)

### Objectives and Outcomes

## Subject Area Objectives

More Info (<http://undergrad.aa.ufl.edu/general-education/gen-ed-program/subject-area-objectives/>)

### Biological Sciences

Biological science courses provide instruction in the basic concepts, theories and terms of the scientific method in the context of the life sciences. Courses focus on major scientific developments and their impacts on society, science and the environment, and the relevant processes that govern biological systems. Students will formulate empirically-testable hypotheses derived from the study of living things, apply logical reasoning skills through scientific criticism and argument, and apply techniques of discovery and critical thinking to evaluate outcomes of experiments.

### Composition

Composition courses provide instruction in the methods and conventions of standard written English (i.e. grammar, punctuation, usage) and the techniques that produce effective texts. Composition courses are writing intensive, require multiple drafts submitted to the instructor for feedback prior to final submission, and fulfill 6,000 of the university’s 24,000-word writing requirement. Course content must include multiple forms of effective writing, different writing styles, approaches and formats, and methods to adapt writing to different audiences, purposes and contexts. Students are expected learn to organize complex arguments in writing using thesis statements, claims and evidence, and to analyze writing for errors in logic.

### Diversity

This designation is always in conjunction with another program area.

In Diversity courses, students examine the historical processes and contemporary experiences characterizing social and cultural differences within the United States. Students engage with diversity as a dynamic concept related to human differences and their intersections, such as (but not

limited to) race, gender identity, class, ethnicity, religion, age, sexual orientation, and (dis)abilities. Students critically analyze and evaluate how social inequities are constructed and affect the opportunities and constraints across the US population. Students analyze and reflect on the ways in which cultures and beliefs mediate their own and other people's understandings of themselves and an increasingly diverse U.S. society.

## Humanities

Humanities courses provide instruction in the history, key themes, principles, terminology, and theory or methodologies used within a humanities discipline or the humanities in general. Students will learn to identify and to analyze the key elements, biases and influences that shape thought. These courses emphasize clear and effective analysis and approach issues and problems from multiple perspectives.

## International

This designation is always in conjunction with another program area.

International courses promote the development of students' global and intercultural awareness. Students examine the cultural, economic, geographic, historical, political, and/or social experiences and processes that characterize the contemporary world, and thereby comprehend the trends, challenges, and opportunities that affect communities around the world. Students analyze and reflect on the ways in which cultural, economic, political, and/or social systems and beliefs mediate their own and other people's understanding of an increasingly connected world.

## Mathematics

Courses in mathematics provide instruction in computational strategies in fundamental mathematics including at least one of the following: solving equations and inequalities, logic, statistics, algebra, trigonometry, inductive and deductive reasoning. These courses include reasoning in abstract mathematical systems, formulating mathematical models and arguments, using mathematical models to solve problems and applying mathematical concepts effectively to real-world situations.

## Physical Sciences

Physical science courses provide instruction in the basic concepts, theories and terms of the scientific method in the context of the physical sciences. Courses focus on major scientific developments and their impacts on society, science and the environment, and the relevant processes that govern physical systems. Students will formulate empirically-testable hypotheses derived from the study of physical processes, apply logical reasoning skills through scientific criticism and argument, and apply techniques of discovery and critical thinking to evaluate outcomes of experiments.

## Social and Behavioral Sciences

Social and behavioral science courses provide instruction in the history, key themes, principles, terminology, and underlying theory or methodologies used in the social and behavioral sciences. Students will learn to identify, describe and explain social institutions, structures or processes. These courses emphasize the effective application of accepted problem-solving techniques. Students will apply formal and informal qualitative or quantitative analysis to examine the processes and means by which individuals make personal and group decisions, as well as the evaluation of opinions, outcomes or human behavior. Students are expected to assess and analyze ethical perspectives in individual and societal decisions.

# Student Learning Outcomes (SLOs)

## Content and Skills

### Content

Students demonstrate competence in the terminology, concepts, theories, and methodologies used within the discipline.

### Communication

Students communicate knowledge, ideas, and reasoning clearly and effectively in written and oral forms appropriate to the discipline.

### Critical Thinking

Students analyze information carefully and logically from multiple perspectives, using discipline-specific methods, and develop reasoned solutions to problems.

## State Core Gen Ed Courses

## State Core Gen Ed Categories

More Info (<http://undergrad.aa.ufl.edu/general-education/gen-ed-program/state-gen-ed-core/>)

## State Core Gen Ed Biological and Physical Sciences Courses

*BSC X085 not offered at UF, but may be transferred in from a Florida public institution.*

Code	Title	Credits
AST 1002	Discovering the Universe (Physical Sciences)	3
AST 3018	Astronomy and Astrophysics 1 (Physical Sciences)	3
AST 3019	Astronomy and Astrophysics 2 (Physical Sciences)	3
BOT 2011C	Plant Diversity (Biological Sciences)	4

BSC 2005	Biological Sciences (Biological Sciences)	3
BSC 2010	Integrated Principles of Biology 1 (Biological Sciences)	3
CHM 1020	Chemistry for the Liberal Arts (Physical Sciences)	3
CHM 2045	General Chemistry 1 (Physical Sciences)	3
CHM 2046	General Chemistry 2 (Physical Sciences)	3
CHM 2051	Honors General Chemistry 2 (Physical Sciences)	3
CHM 2096	Chemistry for Engineers 2 (Physical Sciences)	3
ESC 1000	Introduction to Earth Science (Physical Sciences)	3
EVR 2001	Introduction to Environmental Science (Biological or Physical Sciences, also International)	3
PHY 2020	Introduction to Principles of Physics (Physical Sciences)	3
PHY 2048	Physics with Calculus 1 (Physical Sciences)	3
PHY 2049	Physics with Calculus 2 (Physical Sciences)	3
PHY 2053	Physics 1 (Physical Sciences)	4
PHY 2054	Physics 2 (Physical Sciences)	4

### State Core Gen Ed Composition Courses

Code	Title	Credits
ENC 1101	Expository and Argumentative Writing	3
ENC 1102	Argument and Persuasion	3
ENC 1145	Topics for Composition	3
ENC 2210	Technical Writing	3
ENC 2305	Analytical Writing and Thinking	3
ENC 3246	Professional Communication for Engineers	3
ENC 3254	Professional Writing in the Discipline	3
ENC 3453	Writing in the Health Professions	3
ENC 3459	Writing in the Medical Sciences	3
ENC 3464	Writing in the Social Sciences	3
ENC 3465	Writing in the Law	3

### State Core Gen Ed Mathematics Courses

*All are pure math except for STA 2023.*

Code	Title	Credits
MAC 1105	Basic College Algebra	3
MAC 1140	Precalculus Algebra	3
MAC 1147	Precalculus Algebra and Trigonometry	4
MAC 2233	Survey of Calculus 1	3
MAC 2311	Analytic Geometry and Calculus 1	4
MAC 2312	Analytic Geometry and Calculus 2	4
MGF 1106	Mathematics for Liberal Arts Majors 1	3
MGF 1107	Mathematics for Liberal Arts Majors 2	3
STA 2023	Introduction to Statistics 1	3

### State Core Gen Ed Humanities Courses

*HUM X020 not offered at UF, but may be transferred in from a Florida public institution.*

Code	Title	Credits
ARH 2000	Art Appreciation: American Diversity and Global Arts (also Gen Ed Diversity)	3
LIT 2000	Introduction to Literature	3
MUL 2010	Experiencing Music (also Gen Ed International)	3
PHI 2010	Introduction to Philosophy	3
THE 2000	Theatre Appreciation (also Gen Ed Diversity)	3

### State Core Gen Ed Social and Behavioral Courses

Code	Title	Credits
AMH 2020	United States Since 1877 (also Gen Ed Diversity)	3
ANT 2000	General Anthropology	3
ECO 2013	Principles of Macroeconomics	4
POS 2041	American Federal Government	3
PSY 2012	General Psychology	3
SYG 2000	Principles of Sociology	3

**UF Quest**

## UF Quest 1 Requirement

UF Quest 1 courses fulfill the UF Quest 1 requirement and three credits of the general education requirement in the humanities. Some may also fulfill three credits of the diversity or international requirement and/or count toward the writing requirement.

UF Quest 1 courses extend beyond any one discipline. They are not a survey of or an introduction to a field. Instead, they are topical and thematic courses that explore essential questions about the human condition that are not easy to answer and hard to ignore. What makes life worth living? What makes a society a fair one? How do we manage conflicts? Who are we in relation to other people or to the natural world? Through UF Quest, students examine why the world is the way it is, what they can do about it, and how they can help solve the problems that are now confronting us. More Info (<http://undergrad.aa.ufl.edu/uf-quest/students/>)

### Selecting UF Quest 1 Courses

- A list of UF Quest 1 courses is provided on the UF Quest website (<http://undergrad.aa.ufl.edu/uf-quest/students/quest-courses/>).
- In the catalog course search (<https://catalog.ufl.edu/course-search/>), select Quest 1 in the search results filter.
- On ONE.UF (<https://one.ufl.edu/>), select Quest 1 in the Course Properties filter and then click Search.

### UF Quest 1 Objectives

Quest 1 courses address the history, key themes, principles, terminologies, theories, or methodologies of various arts and humanities disciplines that ask essential questions about the human condition. Students learn to identify and analyze the distinctive elements of different arts and humanities disciplines, along with their biases and influences on essential questions about the human condition. These courses emphasize clear and effective analysis and evaluation of essential questions about the human condition from multiple perspectives. Students reflect on the ways in which the arts and the humanities impact individuals, societies, and their own intellectual, personal, and professional development.

### UF Quest 1 Student Learning Outcomes

#### Content

Identify, describe, and explain the history, theories, and methodologies used to examine essential questions about the human condition within and across the arts and humanities disciplines incorporated into the course.

#### Critical Thinking

Analyze and evaluate essential questions about the human condition using established practices appropriate for the arts and humanities disciplines incorporated into the course.

#### Communication

Develop and present clear and effective responses to essential questions in oral and written forms as appropriate to the relevant humanities disciplines incorporated into the course.

#### Connection

Connect course content with critical reflection on their intellectual, personal, and professional development at UF and beyond.

## UF Quest 2 Requirement

UF Quest 2 courses fulfill the UF Quest 2 requirement and three credits of the general education requirement in the social & behavioral sciences, the biological sciences, or the physical sciences. Some may also fulfill three credits of the diversity or international requirement and/or count toward the writing requirement.

Where Quest 1 asks why the world is the way it is, Quest 2 asks what we can do about the problems confronting us. Rather than serve as surveys of or introductions to specific fields, Quest 2 courses reflect the instructor's expertise and challenge students as co-creators of knowledge in multi-disciplinary inquiry that uses scientific data to address pressing questions (e.g., What are the unintended consequences of technological progress? How do we address climate change? How do we end structural racism?).

More Info (<http://undergrad.aa.ufl.edu/uf-quest/students/>)

### Selecting UF Quest 2 Courses

- A list of UF Quest 2 courses is provided on the UF Quest website (<http://undergrad.aa.ufl.edu/uf-quest/students/quest-courses/>).
- In the catalog course search (<https://catalog.ufl.edu/course-search/>), select Quest 2 in the search results filter.
- On ONE.UF (<https://one.ufl.edu/>), select Quest 2 in the Course Properties filter and then click Search.

### UF Quest 2 Objectives

Quest 2 courses provide instruction in the history, key themes, principles, terminologies, theories, or methodologies of various social or biophysical science disciplines that enable us to address pressing questions and challenges about human society and/or the state of our planet. Students learn to identify and analyze different social or biophysical science methods and theories and consider how their biases and influences shape pressing

questions about human society and/or the state of our planet. These courses emphasize clear and effective analysis and evaluation of qualitative or quantitative data relevant to pressing questions concerning human society and/or the state of our planet. Students reflect on the ways in which the social or the biophysical sciences impact individuals, societies, and their own intellectual, personal, and professional development.

## UF Quest 2 Student Learning Outcomes

### Content

Identify, describe, and explain the cross-disciplinary dimensions of a pressing societal issue or challenge as represented by the social sciences and/or biophysical sciences incorporated into the course.

### Critical Thinking

Critically analyze quantitative or qualitative data appropriate for informing an approach, policy, or praxis that addresses some dimension of an important societal issue or challenge.

### Communication

Develop and present clear and effective responses to essential questions in oral and written forms as appropriate to the relevant humanities disciplines incorporated into the course.

### Connection

Connect course content with critical reflection on their intellectual, personal, and professional development at UF and beyond.

---

## Innovation Academy

The University of Florida Innovation Academy (IA) was developed to equip students with the 21st-century skills needed to thrive in an innovative culture. IA is an undergraduate spring/summer program that teaches innovation through an innovation minor embedded in many majors across seven colleges, and we offer vast co-curricular experiences which include a living-learning community.

Employers, thinkers, and leaders must evolve rapidly to keep up with the ever-changing international community. The modern job market seeks interdisciplinary individuals that welcome change, embrace creativity, and venture into the unknown. Our quality of life, economic growth, and access to affordable technology depend on our commitment to innovation.

Students select from over 30 UF majors and earn their degree with a minor in Innovation. The IA academic calendar operates on a Spring-Summer schedule, providing students the opportunity to enjoy Fall co-curricular activities, pursue internships, study abroad, or enjoy the break at home.

## Innovation Minor

The exclusive minor curriculum focuses on entrepreneurship, design, creativity, collaboration, leadership, ethics, prototyping, and innovation. Learn strategic risk-taking, experiment with rapid prototyping, collaborate with experts and peers, and earn a competitive edge in your career.

### Creativity

These courses examine the dynamics of creativity, discovery, and invention across disciplines. Students learn problem identifying and solving skill through design thinking.

### Ethics

Course provides a grounding in ethical theory and practice, in careful reasoning about moral issues, with a focus on changes and their consequences.

### Entrepreneurship

Courses teach entrepreneurial thought and action that students can utilize in starting companies or executing R&D projects in large companies.

### Leadership

Students develop the skills and knowledge necessary to move an innovation from creation to implementation.

---

## Admissions

### Freshmen

The Innovation Academy (IA) seeks to admit a highly motivated and academically superior incoming class. IA facilitates participation in focused interactions and small group experiences that explore the dimensions of innovation, creativity, entrepreneurship, ethics, and leadership.

## Application Process

Any prospective UF freshman can apply to the Innovation Academy Program as part of the University of Florida application. To apply to the Innovation Academy, freshman applicants should indicate interest in the Innovation Academy on their UF undergraduate admissions application. There is also an additional short essay on the UF application for students interested in IA.

More Info (<https://admissions.ufl.edu/apply/freshman/>)

Please note that the decision to apply (or not apply) for UF IA has no impact on the general UF admissions decision.

The Office of Admissions considers all applicants for the IA admission, Summer B admission and Fall admission. After their admission decisions are made, the Office of Admissions makes only one offer for the student to accept: IA, Summer B, or Fall.

Please visit the Office of Admissions (<http://www.admissions.ufl.edu/>) for more information for students interested in applying to UF, and being part of the Innovation Academy. Prospective students may also benefit from reading through the FAQs (<https://innovationacademy.ufl.edu/about/faqs/>).

## When to Apply

To apply to the Innovation Academy, freshman applicants should indicate interest in the Innovation Academy on their UF undergraduate admissions application. There is an additional short essay on the UF application for students interested in IA. Even though IA students officially start in the Spring, they still need to complete the UF application on the same schedule as students applying for UF's standard fall/spring program. Freshman applications for the University of Florida are available online beginning in August and are typically due November 1. For more information, visit <https://admissions.ufl.edu/apply/freshman/>. Students are encouraged to apply as early as possible. Decision notifications are released in February for all first-year students. The Office of Admissions (<http://www.admissions.ufl.edu/ugrad/timeline.html>) website has more information regarding specific dates and application deadlines for freshmen.

## Who Should Apply

Students interested in the Innovation Academy should have a strong desire for:

- Expert and peer collaboration
- Multidisciplinary learning (Arts, Humanities, and Science)
- Trial & error (rapid prototyping)
- Creating
- Strategic risk-taking

Innovation Academy enrolls students in a select group of majors. The majors IA supports are always growing, and as the program grows more will be added over time.

Our program offers a Decision Tool (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/admissions/DecisionTools.pdf>) chart to help students make an informed decision on applying to Innovation Academy.

\*International Students are not currently eligible for participation in the Innovation Academy.

## Transfer Students

The UF colleges that participate in the Innovation Academy admit highly qualified transfer students who have completed an Associate in Arts degree at a Florida public community or state college.

Students seeking admission from other universities or out-of-state schools may be considered for admission on a space-available basis.

Transfer students are only admitted to Innovation Academy for the Spring semester. Students who transfer to IA will attend UF on Innovation Academy's Spring/Summer schedule until the completion of their degree program. This allows IA students the Fall semester to seek out opportunities.

## Majors

### Agricultural and Life Sciences, College of Agricultural Education and Communication

The department of Agricultural Education and Communication aims to serve society by advancing individuals and organizations in agriculture and natural resources through research and evidence-based practice in education, communication, and leadership.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/Agricultural-Education-and-Communication-ER.pdf>)

## Communication and Leadership Development & Innovation Minor

For entry into agribusiness and communication positions related to human resource development, corporate training and development, political interests, and agricultural literacy.

## Biology

The biology major develops fundamental knowledge of animals, plants and microorganisms. The four specializations offered by the College of Agricultural and Life Sciences are tailored to meet the needs of pre-professional students, those preparing for graduate studies in biology or specialized areas such as bioinformatics, ecology, genetics and molecular biology and those seeking a career in biotechnology, education, natural resource management and environmental or biotechnology law.

### Applied Biology

For students interested in learning how fundamental biology is applied to solving problems. This specialization provides exposure to the major issues facing sustainability of human populations and natural resources.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/Biology-Applied-Biology.pdf>)

### Biotechnology

For careers where knowledge of molecular biology and genetic engineering are important. Students will have the opportunity to learn various techniques and scientific procedures in molecular biology, virology, bioengineering, cell and tissue culture and bioinformatics.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/Biology-Biotechnology.pdf>)

### Natural Science

For students interested in descriptive and interpretive biology, with an emphasis on field biology. The specialization provides exposure to the major forms of flora and fauna and integrates some of the major elements that influence flora and fauna, namely soil/water relations and human activities.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/Biology-Natural-Science.pdf>)

### Pre-professional

For students preparing for admission to medical, dental, optometry, veterinary or other professional schools.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/Biology-Pre-Professional.pdf>)

## Entomology and Nematology

Entomology and nematology are biological sciences dealing with insects, mites, ticks, spiders and nematodes. The Department of Entomology and Nematology offers six specializations within the major.

### Biosecurity

Receive instruction in biosecurity emphasizing areas of entomology, nematology, plant pathology, and weed science. The curriculum focuses on the study of invasive species, including their detection, identification, exclusion, regulation, and management.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.BIO\\_18-19\\_IM.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.BIO_18-19_IM.pdf))

### Ecotourism

For professional careers in the ecotourism industry and is appropriate for employment with nature preserves, nature-based theme parks, and in natural history education or nature-based recreation.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.ECO\\_18-19\\_IM.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.ECO_18-19_IM.pdf))

### Pre-professional

Provides preparation for programs in medicine, dentistry, optometry, veterinary, chiropractic, osteopathy and podiatry.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.PRO\\_19-20\\_YBS.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.PRO_19-20_YBS.pdf))

### Urban Pest Management

For entry to the pest control industry. Students receive instruction about arthropods, nematodes, plant diseases and weeds with reference to the pest problems in residential and commercial property.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.URP\\_19-20\\_YBS.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.URP_19-20_YBS.pdf))

### Biological Science of Insects

Includes the study of insects, mites, ticks, spiders, and nematodes. These creatures can have both helpful and harmful effects on our food, environment, and health. Entomology and Nematology students study ecology, medically significant arthropods, social insects, insect management, physiology, behavior, evolution, natural ecosystem cycles, and systematics.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.BIO\\_19-20\\_SN.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/agricultural-and-life-sciences/ENY.BIO_19-20_SN.pdf))

## **Business, Warrington College of**

### **Accounting**

The Bachelor of Science in Accounting is a four-year degree program that provides an excellent foundation in accounting and business. Its conceptual focus is designed to prepare students for success in a constantly evolving business environment and to prepare students for graduate studies.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/business/2021-2022-IA-Accounting.pdf>)

### **Business Administration | General Studies**

The Bachelor of Arts in Business Administration-General Studies degree provides a broad overview of the functional areas of business with a selected area of specialization. Students take foundation courses in economics, mathematics, computing skills and accounting; core courses that relate to the basic functions of business, such as finance, management, marketing and operations management; and area of specialization courses that focus on a specific topic, such as international studies, mass communication, criminology, science or a foreign language.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/business/Business-Administration-General-Studies.pdf>)

### **Finance**

The Bachelor of Science in Business Administration-Finance degree program provides a broad overview of the functional areas of business with an emphasis in finance. Students take foundation courses in economics, mathematics, computing skills and accounting; core courses that relate to the basic functions of business, such as finance, management, marketing and operations management; and major courses that develop students' financial decision-making skills.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/business/Haeverner-School-of-Business-Finance.pdf>)

### **Information Systems**

The Bachelor of Science in Business Administration–Information Systems degree program provides a broad overview of the functional areas of business with an emphasis in information systems. Students take foundation courses in economics, mathematics, computing skills and accounting; core courses that relate to the basic functions of business, such as finance, management, marketing and operations management; and major courses that focus on the computing, quantitative and application skills that are vital to a business problem-solving setting.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/business/Information-Systems-Heavener-School-of-Business.pdf>)

### **Management**

The Bachelor of Science in Business Administration-Management degree program provides a broad overview of the functional areas of business with an emphasis in management. Students take foundation courses in economics, mathematics, computing skills and accounting; core courses that relate to the basic functions of business, such as finance, management, marketing and operations management; and major courses that focus on the behavioral and organizational problems of management.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/business/Business-Administration-Management.pdf>)

### **Marketing**

The Bachelor of Science in Business Administration-Marketing degree program provides a broad overview of the functional areas of business with an emphasis in marketing. Students take foundation courses in economics, mathematics, computing skills and accounting; core courses that relate to the basic functions of a business, such as finance, management, marketing and operations management; and major courses that teach students how to plan and execute the conception, pricing, promotion and distribution of products and manage customer relationships in ways that benefit organizations and their stakeholders.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/business/Business-Administration-Marketing.pdf>)

## **Design, Construction and Planning, College of**

### **Sustainability and the Built Environment**

The Bachelor of Science in Sustainability and the Built Environment allows students to explore creative solutions for the planning, design and construction of human structures and settlements.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/design-construction-and-planning/Sustainability-and-the-Built-Environment-suggested-8-semester-plan.pdf>)

## Education, College of

### Education Sciences

The education sciences major promotes an understanding of education and learning systems, policy, and outcomes in traditional and non-traditional contexts. This degree prepares individuals for a variety of career paths and for graduate school.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/college-of-education/Education-Science-8-Semester-Plan.pdf>)

## Engineering, Herbert Wertheim College of

### Computer Science

The computer science program combines a strong engineering-oriented technical basis with a flexible interdisciplinary component and an emphasis on communication skills. This flexibility will be increasingly important in the future as computers become more important tools in an ever-increasing number of disciplines.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/engineering/IA-CSE-Revised-Plan-may2021.pdf>)

### Digital Arts and Sciences

The Digital Arts and Sciences degree is a core computer science degree with special emphasis on human-centered computing, which includes art, design and computing courses that are related to digital media, interaction and communication. Graduates will be well versed in issues and solutions for basic art techniques and graphic art design as well as modeling 3D virtual worlds.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/engineering/EG.DAS\\_19-20\\_SN.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/engineering/EG.DAS_19-20_SN.pdf))

## Journalism and Communications, College of

### Advertising

#### Advertising Agency

Curriculum emphasizes skills that are necessary for entry-level positions in an advertising agency and is designed to provide a foundation for advancement to positions of leadership in these organizations. This specialization introduces the concepts and skills needed to prepare for careers in account management, account planning, media planning, research, art direction, and copywriting. All students in the Advertising Campaigns course are required to complete a program-level assessment.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/2021-22-IA-ADV.AGENCYUPDATED.pdf>)

#### Persuasive Messaging

Curriculum focuses on the skill set required to engage media audiences through the use of strategic, persuasive communications. The specialization emphasizes the concepts and application of audience and media analytics, advertising sales, brand storytelling, and message persuasion. The specialization prepares students for careers in a broad array of industries and organizations.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/2021-22-IA-ADV.Persuasive-MessagingUPDATED.pdf>)

### Journalism

The Department of Journalism consistently ranks among the best journalism programs in the country. It is housed in a college professionally accredited by the Accrediting Council for Education in Journalism and Mass Communication. The department's mission is to teach the art and craft of journalism and to foster an appreciation for accuracy, fairness, truth and diversity.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/JM.JM\\_20-21.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/JM.JM_20-21.pdf))

### PUBLIC RELATIONS

Public relations is designed to prepare students for entry-level jobs as technicians (for example, producing news releases), as well as for career advancement as managers (for example, formulating communication strategy for a new initiative). Excellent writing skills are essential.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/Public\\_Relations.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/Public_Relations.pdf))

### Media Production, Management, and Technology

The Department of Media Production, Management, and Technology consistently ranks among the top five in the United States and is accredited by the Accrediting Council for Education in Journalism and Mass Communication.

## Media and Society

Focuses on the theories, methods and techniques used to play, produce and distribute audio and video programs and messages; personnel and facilities management; marketing and distribution; media regulations, law and policy; and principles of broadcast technology. It prepares individuals to work in media organizations and those organizations that use electronic media, such as political campaigns, government, education and business.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/JM.MPMT.Media-and-Society.pdf>)

## News

For careers as reporters and anchors, or as producers who are responsible for news programs behind the scenes. Entry into the broadcast news sequence is limited to students in the Department of Telecommunication who have placed in a competitive entrance exam.

Semester Plan ([https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/images/academics-tab/major/JM.TEL.MES\\_20-21\\_SN.pdf](https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/images/academics-tab/major/JM.TEL.MES_20-21_SN.pdf))

## Digital Film and Television Production

Prepares students for careers in program creation, writing and the creative applications of video and audio technology.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/JM.MPMT-Digital-film-and-TV-productionpdf.pdf>)

## Management and Strategy

Prepares students to enter the profession through positions in research, sales, and marketing and promotion.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/journalism-and-communications/JM.MPMT-Management-and-Strategy.pdf>)

# Liberal Arts and Sciences, College of

## African American Studies

The primary emphasis of the African American Studies program is to educate students about the theories and methodologies pertaining to the study of African Americans. Students will be able to compare and contrast the experiences of people of African descent in the U.S. to those in the wider African Diaspora. They will also learn through participation in community-service activities. After obtaining a degree in African American studies, students can seek careers as archivists, attorneys, civil rights professionals, community organizers, government employees, librarians, public policy professionals, professors, teachers, and researchers.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-African-American-Studies-8-Semester-Plan-2022-Final.pdf>)

## Anthropology

Anthropology is the study of people in their cultural context and the examination of all aspects of patterned social behavior. The discipline is worldwide in scope and encompasses all aspects of human biological and social life from earliest times to the present. It is a broad, holistic field that seeks to understand human adaptation to natural and social environments.

**BA Anthropology** Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-BA-Anthropology-8-Semester-Plan-2022.pdf-Final.pdf>)

**BS Anthropology**: Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-BS-Anthropology-8-Semester-Plan-2022.pdf-Final.pdf>)

## Biology

The College of Liberal Arts & Sciences offers a biology major that allows students to develop a broad, integrative background in the biological sciences.

## Pre-Professional

For students who wish to pursue admission to professional healthcare graduate programs.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-Pre-Professional-Biology-Track-8-Semester-Plan-2022.pdf-Final.pdf>)

## Chemistry

Chemistry is often called the central science because of the pivotal role it plays in the biological and physical sciences, and in engineering, agriculture, medicine and allied health disciplines. Bachelor's degree chemists choose from diverse paths for their short-term and lifetime careers, including graduate study in a variety of programs, rewarding employment in industry or government laboratories, professional or law school, or much-needed teaching in high schools.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-Chemistry-8-Semester-Plan-2022.pdf-Final.pdf>)

## English

Undergraduate study in English prepares students for diverse careers in law, publishing, advertising, media and business, teaching and advanced degree work. Courses offered by the department introduce students to a world of experiences that cannot be exhausted in the brief span of a college education; new authors, new works, new media, and new tools for understanding continually enlarge and transform the world.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-English-8-Semester-Plan-2022.pdf-Final.pdf>)

## Geography

Geography is the science of place, space, and environment. Each place on earth is distinguished by a unique mix of natural resources, cultural practices, and socioeconomic and political systems. Geographers study what makes each place unique, as well as the connections and interactions between places.

### BA in Geography

Best suited for students interested in careers in urban and regional planning, business geography, medical geography, and geographic education, or for students who want a broad overview of the discipline with a focus on human geography.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-BA-Geography-8-Semester-Plan-2022.-final.pdf>)

### BA in Medical Geography in Global Health

Intended for students interested in social and cultural aspects of medical geography and global health and disease issues. The degree focuses on human impacts, cultural and social aspects of health and disease, and public health planning and management.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-B.A.-in-Medical-Geography-in-Global-Health-2022-final.pdf>)

### BS in Medical Geography in Global Health

Best suited for someone who wishes to pursue a career in public or animal health or disease management or graduate work in medical geography, public health or related natural sciences, including ecology, biology, or epidemiology/public health. This specialization offers the flexibility for students to prepare for admission to health professions programs.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-B.S.-in-Medical-Geography-in-Global-Health-2022-final.pdf>)

## History

The history department fosters a learning experience that stands apart from newer modes of instruction at large universities. Amid the shift to larger classes, televised lectures and machine-gradable exams, history faculty have chosen to follow a more traditional path. The department's emphasis on small courses, analytical reading, lively debate and interpretative writing offers committed students unique rewards. It also comes with high expectations.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-History-8-Semester-Plan-2022.pdf-Final.pdf>)

## Mathematics

Studying mathematics develops such skills as critical thinking, oral and written communication, arguing logically and rigorously, thinking abstractly, formulating and solving problems, analyzing data, analyzing mathematical models, quantitative and computer proficiency, and the ability to work in groups. Employers value these skills; consequently, math majors find themselves in demand by employers for careers in a wide spectrum of fields.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-Mathematics-8-Semester-Plan-2022.pdf-Final.pdf>)

## Political Science

The Political Science major is intended for students who wish to pursue a career in or near the public sector. Students take coursework in areas as diverse as American and comparative politics, political theory, international relations, public policy, and public administration.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-Political-Science-8-Semester-Plan-2022.pdf-Final.pdf>)

## Psychology

Psychology is the science of human and animal behavior. Psychology majors receive a broad science-based liberal arts education. As a result, those with a BS in psychology are widely sought in business, education and mental health fields. For a professional career in psychology, a graduate degree is needed.

### General Psychology

Requires courses in four core areas within the discipline as well as elective psychology courses.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufledu/pdfs/academics/majors/liberal-arts-and-sciences/Psychology-8-Semester-Plan-2022.pdf-final.pdf>)

### **Behavior Analysis**

Focuses more specifically on natural science-oriented psychology courses and how the environment around an organism can be modified to change behavior.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/Psychology-Behavioral-Analysis-Track-8-Semester-Plan-2022.pdf-final.pdf>)

### **Behavioral and Cognitive Neuroscience**

Focuses on natural science-oriented psychology courses and allows students to take limited approved non-psychology courses relevant to contemporary neuroscience.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/Psychology-Behavioral-Cognitive-Neuroscience-Track-8-Semester-Plan-2022.pdf-final.pdf>)

### **Sociology**

Sociology is the study of social life and the social causes and consequences of human behavior. Sociologists examine the structure of groups, organizations and societies and how people interact within these contexts. Sociologists use diverse research methods and many unique perspectives to analyze virtually any social issue.

Semester Plan (<https://innovationacademy.ufl.edu/media/innovationacademyufl.edu/pdfs/academics/majors/liberal-arts-and-sciences/CLAS-Sociology-8-Semester-Plan-2022.pdf-Final.pdf>)

## **Minors and Certificates**

### **Innovation Minor**

- Innovation Minor

## **Additional Minors and Certificates**

Innovation Academy students are not limited to only completing the Innovation Minor. These minors and certificates may be completed by students enrolled full-time during the spring and summer semesters.

Students who choose to pursue an additional minor must complete the application to add a minor.

More Info (<https://registrar.ufl.edu/pdf/minorapp.pdf>)

## **Pre-Health**

There are many students in the IA program who plan to go on to a graduate program in the health professions such as medical school, dental school, or one of the many other health profession programs available. Students are encouraged to explore all options if they are interested in a career in the health professions.

### **What Major Should be Chosen?**

Professional schools have no preference for any particular type of major. While students can be almost any major and be pre-health, there are a few IA majors that include some or all of the required prerequisite courses that students may wish to consider.

These majors include, but are not limited to:

- Biology | Pre-professional
- Chemistry
- Entomology
- Plant Science

Regardless of the major, it's important to work closely with academic advisors to develop a plan for the completion of your major, the IA minor, and pre-health prerequisite courses.

## What are the prerequisite courses?

Most professional schools including medical, dental, veterinary, optometry, and pharmacy require at a minimum:

- One year of General Chemistry: CHM 2045 and CHM 2046 with labs
- One year of Organic Chemistry: CHM 2210, CHM 2211, and CHM 2211L
- One semester of Biochemistry: BCH 4024 or CHM 3218
- One year of General Biology: BSC 2010 and BSC 2011 with labs
- One year of Physics: PHY 2053 or PHY 2048 and PHY 2054 or PHY 2049 with labs
- One year of English
- One year of Math: Calculus and Statistics

Please refer to the Prerequisite chart (<http://www.advising.ufl.edu/docs/PreHealthRequirements.pdf>) on the pre-health website for additional requirements for each profession. For additional pre-health forms and handouts please visit the Academic Advising Center (<https://www.advising.ufl.edu/pre-health/pre-health-resources/forms-handouts/>). You should also always check the requirements for the individual schools you may be applying to.

## What are some things pre-health students in the IA program should consider?

- Use Fall semesters to get in-depth volunteer or shadowing experiences. If the student is in their hometown, it is a great opportunity to shadow a family physician (dentist, veterinarian, etc.) or volunteer in a local hospital or assisted-living facility. Shadowing professionals in different areas of healthcare allows exploration of all of available options.
- Consider studying abroad in a future Fall semester. Health-care professionals need to be culturally competent and living abroad for a semester can teach about other cultures, practice language skills, and enhance a student's world view.
- Attend the Pre-Health session at Preview, watch the Pre-Health 101 workshop on the Pre-Health website (<http://www.advising.ufl.edu/prehealth/>), and join the Pre-Health listserv (<http://www.advising.ufl.edu/pre-health/services/pre-health-listserv/>).
- Meet with a Pre-Health advisor in the Academic Advising Center during the first Spring term. They can help you develop an academic plan that includes the prerequisite courses for your profession.

## Law, Fredric G. Levin College of

A renowned faculty, comprehensive Juris Doctor curriculum, certificate programs, innovative centers and institutes, expanding global curriculum and competitive tuition make the University of Florida's Fredric G. Levin College of Law the first choice for many students who desire a law degree.

University of Florida  
Gainesville, FL 32611-7622

Since its establishment in 1909, the College of Law has been educating leaders in law, business, education and government. The college is accredited by the American Bar Association and is a member of the Association of American Law Schools. Enrollment is approximately 1000, including about 100 students in the Graduate Tax and Comparative Law programs.

The college is housed in Holland and Bruton-Geer halls and is named for alumnus Fredric G. Levin of Pensacola, a prominent trial lawyer who made possible a \$20 million endowment to support excellence in legal education, which provided for construction on an expanded law library, the Lawton Chiles Legal Information Center, and two new classroom towers which were completed in 2005. As a result of this construction, the college has one

of the largest academic law libraries in the southeastern United States, housing more than 609,000 volumes and extensive computer and audio-visual resources in a new, state-of-the-art facility.

The college's curricular strengths include tax law, business law, estates and trusts, environmental law, dispute resolution, international law, intellectual property law, criminal law, family and children's law and an emphasis in developing the highest standards of professional conduct. After completing first-year requirements, students can tailor their course load to fit their interests and career plans. The three-year curriculum develops students' analytical ability, knowledge of the theory and practice of law, communications skills, and understanding of the codes of professional responsibility and ethics central to the practice of law.

Students experience a variety of teaching methods, including the traditional case and Socratic methods, as well as the problem method, simulations, role-playing, videotaping, computer-assisted instruction and interaction with actual clients. Because Florida is home to many prominent and skilled attorneys and judges, a number are actively involved in teaching and practical skills training of UF law students. Additionally, because writing skills are critical to success in the legal profession, these skills are also developed through required courses and a nationally acclaimed legal drafting program.

Through programs offered on campus and abroad, students gain international experience for the competitive job market. Dozens of co-curricular and extracurricular organizations support a rich and diverse student life, and through programs offered on campus and abroad, students gain international experience for the competitive job market.

More Info (<http://www.law.ufl.edu/>)

## Academic Policies

### Admission

Admission to the College of Law is determined by the applicant's potential for success in law school, the legal profession and other law-related careers. An applicant's credentials are measured against others applying to the same class.

Applicants must hold a bachelor's degree from a qualified institution and have an acceptable grade point average and a satisfactory score on the Law School Admission Test (LSAT). The median LSAT score and undergraduate grade point average for the most recent entering class is 158 and 3.50 (4.00 scale), respectively.

More Info (<http://www.law.ufl.edu/admissions/>)

### Financial Aid

Financial aid for law study is available through the College of Law and federal sources. The law school offers a number of merit-based scholarships and merit/need-based scholarships and grants.

More Info (<https://www.law.ufl.edu/admissions/costs-and-financial-aid/>)

### Financial Aid Office

164 Holland Hall  
Box 117621  
Gainesville, FL 32611-7621

352.273.0620

## Programs of Study

### Pre-Law

The best pre-law program is a diversified course of study. Beginning law students are expected to possess effective written and oral communication skills as well as critical thinking abilities.

More Info (<http://www.law.ufl.edu/programs/>)

For specific information about pre-law study, law school and the legal profession, refer to the *Official Guide to U.S. Law Schools*, which can be ordered from Law Services during LSAT registration, purchased at most bookstores or accessed from the Law School Admission Council.

More Info (<http://www.lsac.org/>)

### Combination Degrees

The Fredric G. Levin College of Law offers a joint-degree program that sets the standard among top-tier public law schools for its flexibility, coverage of study areas, high academic reputation and overall value. Qualified students combine legal studies with graduate coursework in another college to earn two degrees at the same time. Among the most popular are J.D./Accounting, J.D./MBA, J.D./Mass Communications.

More Info (<http://www.law.ufl.edu/academics/degree-programs/joint-degree-programs/>)

Candidates must take the LSAT and the GRE, MCAT or GMAT, and gain admission separately to the College of Law and the Graduate School. Application deadlines vary; refer to law school admissions (<http://www.law.ufl.edu/admissions/>) and graduate admissions (<http://www.admissions.ufl.edu/prospectivegraduate.html>).

## Certificate Programs

Specialization is a growing trend in today's complex legal environment, and graduates with knowledge in specific practice areas are in high demand. UF Law offers interested students the opportunity to develop expertise and marketability by earning a certificate in criminal justice, environmental and land use law, estates and trusts practice, family law, intellectual property law or international and comparative law.

## Graduate Taxation Program

The graduate taxation program, which offers the LL.M. in Taxation, LL.M. in International Taxation and S.J.D. in Taxation, is widely and consistently regarded as one of the nation's top programs. The environmental law program, also highly rated, offers the nation's first LL.M. in the closely-related fields of environmental and land use law. The college's strong international programs and LL.M. in Comparative Law for foreign lawyers expand the school's curriculum and strengthen its ties with legal entities and scholars around the globe.

### Clinics, Centers, and Institutes

Clinical programs, including Virgil Hawkins Civil Clinics and Criminal Clinics, allow students to represent clients within an academic framework with a substantial classroom component. Students also can take advantage of such practical experience programs as *pro bono* work for organizations and government agencies, summer internships and externships.

Multiple centers and institutes offer students unique, real-world perspectives and work experiences. At the same time they are partnering with legal firms and other institutions throughout the country and world to help shape the legal profession.

### Centers

- Center for Governmental Responsibility
- Center for the Study of Race and Race Relations
- Center on Children and Families
- Center for Estate and Elder Law Planning
- Criminal Justice Center
- Center for International Financial Crimes Studies
- Institute for Dispute Resolution

---

## Medicine, College of

The College of Medicine, a unit of the Health Science Center, began operations in 1956 and is located on the south end of campus. This location, in direct proximity to university facilities, offers many opportunities to utilize and complement resources of the university in the educational and investigative programs of the college.

## Contact

### Admissions

Harrell Medical Education Building | Suite 142

Map<https://campusmap.ufl.edu/#/index/0214>

Email ([med-admissions@ufl.edu](mailto:med-admissions@ufl.edu)) | 352.273.7990

### Mailing Address

P.O. Box 100216

University of Florida

Gainesville, FL 32610-0216

The College of Medicine is responsible for several undergraduate courses and multiple graduate and professional educational programs. This includes programs leading to the M.D. degree, master's degree in Physician Assistant Studies, and master's and doctoral degrees in Medical Sciences, Anatomical Sciences Education, and Medical Physics. The Medical Sciences programs include concentrations in seven biomedical disciplines, Health Outcomes and Implementation Sciences, and Biomedical Informatics. A master's degree in Forensic Medicine and multiple on-line distance education courses are offered. New initiatives in artificial intelligence (AI) are being incorporated within the medical, biomedical, and social sciences across disciplines.

## TEACHING HOSPITALS

The primary teaching hospital for the College of Medicine is UF Health Shands at the University of Florida, a modern tertiary care facility that is part of the Health Science Center complex. UF Health is one of several hospitals owned and operated by Shands HealthCare, a not-for-profit system affiliated

with the University of Florida. The College of Medicine also has faculty, students and residents who provide patient care, teaching and clinical trial research at the Veterans Affairs Medical Center located across the street from the Health Science Center campus.

At UF Health Jacksonville, approximately 70 miles from Gainesville, students receive high-quality clinical and research experience in an urban setting. In addition, UF Health owns or is affiliated with outpatient and community practice sites for educational experiences in a variety of urban, rural, and suburban areas.

### Undergraduate Preparation

Students intending to apply for admission to a graduate or professional degree program through the College of Medicine may have a bachelor's degree in any field but must complete required prerequisites for their intended post-graduate program. Undergraduate courses offered by the college include biochemistry (BCH 4024), and introduction to medical professions (MDU 4003), physician shadowing (MDU 4004), and research (BMS 4905). Opportunities for service learning in the greater Gainesville community are available through participation in the Mobile Outreach Clinic (<https://outreach.med.ufl.edu/>). Volunteer/service opportunities are also available through UF Health (<https://ufhealth.org/volunteering/>).

### Combination Degree Programs

The College of Medicine offers combination degree programs with other colleges including Agricultural and Life Sciences, Education, Engineering, Liberal Arts and Sciences and the other colleges of the Health Science Center. A combination degree program is a credit-sharing arrangement that allows qualified students to combine their medical science background with other undergraduate, professional, or graduate work, resulting in earning two degrees in a reduced amount of time.

The Medical Honors Program is an accelerated 7-year bachelor's and medical degree program that enrolls a limited number of undergraduate students who have chosen a career in the medical profession and who have demonstrated both superior scholastic ability and personal development during their first two undergraduate college years. Students complete undergraduate coursework during year three and enter medical school during year four. The College of Liberal Arts and Sciences grants academic credit for all the third-year work and part of the fourth-year medical school course work. Participating students receive a B.S. degree after completing the first year of medical school. More Info (<https://mhp.med.ufl.edu/>)

The highly competitive Biology/Biochemistry and Molecular Biology BS/MS program is offered through both CALS and CLAS. The combination program is an ideal opportunity for undergraduate students interested in gaining research experience for positions within the private and government sector or entrance into other advanced degree programs.

Unusually gifted students may enter a combination MD/PhD program which offers an opportunity for integrating clinical experience with competence in basic biomedical research. This program reflects the increasing dependence of the practice of medicine on scientific advances in the biological sciences and seeks to produce clinician scientists.

Combination degrees are available to qualified students enrolled in the UF College of Medicine MD degree in conjunction with the Warrington College of Business, the Fredric G. Levin College of Law, and College of Public Health and Health Professions. These programs include degrees leading to the MD/MBA, MD/MSM, MD/JD, and MD/MPH degrees.

More Info (<https://admissions.med.ufl.edu/admission-requirements/dual-degrees/>)

Clinical departments offer residency and clinical fellowship training. Post-doctoral research fellowships are supported in all basic science and clinical departments. The clinical departments offer seminars, workshops, and programs as part of a robust continuing education program for practicing physicians.

## Military Science, Division of

The university offers instruction in the military sciences to students preparing for military service. The departments of the Army, Navy/Marine Corps, and Air Force each maintains a Reserve Officers Training Corps (ROTC) and provides staff of military personnel for the instruction and administration of cadets and midshipmen.

### Contact

## **ROTC Scholarship Program**

The ROTC Vitalization Act of 1964 provides for college scholarships to ROTC cadets and midshipmen. Scholarships are competitive and pay either the cost of tuition, books, fees, supplies and equipment or an amount toward that coverage (depending on the service) plus a monthly subsistence allowance of \$300 (freshman year), \$350 (sophomore year), \$450 (junior year), and \$500 (senior year). Scholarships are offered for two, three and four years. All AFROTC scholarships awarded in any program (HSSP/ICSP/CMLA) may be converted to a housing benefit of \$10K/year with conditions.

## **Students with Military Training Elsewhere**

Students transferring from other college-level institutions with ROTC units are allowed credit for military studies completed elsewhere, up to the amount allowed by the institution from which the transfer is made, provided such credit does not exceed the maximum credits allowed for the Air Force general military course. For the Army ROTC program, transfer of all four semesters of the basic course is normally accepted. Students already in the advanced course must receive approval from the professor of military science for approval of upper-division credit transfers.

A cadet who transfers to another institution with a similar-service ROTC detachment may transfer membership in the Army or Navy advanced course or the Air Force professional officer course to that detachment. The professors of military science, naval science or aerospace studies determine eligibility for admission to military science, naval science and aerospace studies courses at this university.

## **Military Commitment upon Course Completion**

Non-scholarship students enrolled in Army, Air Force or Navy ROTC incur no military commitment during their first two years (basic course) in the program. Upon selection by the respective departments, students completing the basic course or its equivalent may enter the ROTC advanced course. Such students execute a contract at time of entry that obligates them, upon successful completion of the advanced course and commissioning, to serve on active duty for a period of not less than three years for Army, three years for Navy and four years for Air Force. Assignments are subject to orders of the appropriate service secretary.

A graduate will continue as a member of the regular or reserve component of that service until the sixth and not later than the eighth anniversary of the commission. ROTC scholarship students incur an identical military commitment except they must serve at least four years on active duty, if selected, and depending on the service selection and warfare specialty.

Army ROTC students also may elect to participate in the guaranteed reserve forces duty option, whereby they are not required to serve on active duty. After commissioning and completion of the basic branch school, they are assigned to an Army Reserve or National Guard unit to fulfill the remainder of their eight-year obligation in a reserve forces status.

Interested students should apply in person at the office of the professor of military science, naval science or aerospace studies in Van Fleet Hall.

## **Uniforms, Equipment, and Textbooks**

ROTC uniforms are identical to regulation uniforms except for insignia. Cadets and midshipmen must wear the uniform on specified days.

Newly entering students in the Army and Air Force ROTC are issued required uniforms and texts. The uniforms and texts remain the property of ROTC and are returned to supply during semesters of nonattendance, transfer to another institution or upon completion of the prescribed course of instruction.

Navy uniforms are permanently issued to midshipmen as long as satisfactory NROTC participation is carried out. Navy/Marine Corps scholarship midshipmen receive a \$375 textbook stipend each semester they are active in the NROTC program.

Army scholarship cadets receive a \$1200 textbook stipend each year.

Air Force scholarship cadets receive a \$900 textbook stipend each year.

## Admission

Lower-division ROTC academic courses, referred to as basic or general military courses, are open to all university students. These elective courses, offered by the Department of Military Science, are designed to introduce students to a military service (Army, Navy/Marine Corps, and Air Force) and their respective roles in national defense. No experience with the military is required or expected.

Upper-division courses are intended for juniors and seniors who are actively pursuing a commission as an officer. Cadets and midshipmen who complete the 3000/4000-level courses receive their commission upon graduation. Candidates for the commissioning program must be medically qualified, physically fit U.S. citizens, in good academic standing, with no criminal record and with demonstrated leadership potential. Final selection of students for the advanced course is made by the professor of military science, professor of naval science or professor of aerospace studies.

## Programs

### Army Basic, Navy Basic, and Air Force General Military Course

The Army and Navy basic courses and the Air Force general military courses include four semesters of instruction. Non-U.S. citizens must receive department approval to enroll.

Cadets and midshipmen are issued uniforms and textbooks by their respective services and are responsible financially for the care of such property and for its prompt return when directed.

Outstanding Army basic course cadets may be selected to attend airborne, air assault, northern warfare, military mountaineering training, or other U.S. Army training courses. Outstanding Air Force cadets may be selected to attend parachute free-fall training, soaring programs and summer base visits.

### Army Reserve Officers Training Corps (ROTC)

392-ARMY (392-2769)

The general objective of Army ROTC is to provide junior officers who by their education, training and inherent qualities, are suitable for continued development as officers in the U.S. Army. The aim is to provide a basic military education and, in conjunction with other college disciplines, to develop individual character attributes essential to a professional military officer.

The Army ROTC advanced course includes four semesters of instruction on campus and four weeks of summer camp at Ft. Lewis, WA, normally at the end of the junior year. During each semester, cadets are required to participate in one weekend field training exercise at Camp Blanding in Starke, FL. Additionally, cadets are required to attend morning physical training (exercise) sessions up to three times weekly.

### Training Allowances and Service Obligation

Each student receives from the U.S. Government a monetary subsistence allowance for advanced course, \$450 for juniors and \$500 for seniors per month, paid during the period of enrollment in the advanced course for not more than 20 months. Students are paid for their travel to and from the five-week summer camp at Ft. Lewis, WA. While at camp, they are provided quarters, rations and one-half of a Second Lieutenant's pay per month. Qualified cadets may be eligible to serve as drilling members of reserve component units, in the pay grade of E-5 or higher, under the Simultaneous Membership Program. Upon the student's successful completion of the advanced course and completion of the college degree, the cadet is commissioned a Second Lieutenant in the U.S. Army.

Outstanding advanced-course cadets may be selected to attend airborne, air assault, northern warfare, military mountaineering training, or other U.S. Army training courses. Several cadets are offered the opportunity to serve in leadership positions in active Army units immediately following the National Advanced Leader's Camp under the Cadet Troop Leadership Training Program. This program includes an opportunity for selected cadets to travel and serve in Germany or Korea. Prior to commissioning, students must take and pass one semester of the following courses: military history, English composition and computer literacy in order to complete the professional military education program requirements.

All contracted cadets may compete for the Cultural Understanding and Language Program, providing opportunities to travel to other countries, living and working among the population to better their understanding of the culture. Also, for selected languages, contracted cadets may be paid additional monies (\$250 per semester-credit) for successfully completing targeted languages.

### Naval Reserve Officers Training Corps (ROTC)

The NROTC unit was established at the university in 1972 to develop qualified officers for the Navy and Marine Corps. Students who complete the program are tendered commissions in either the Naval Reserve or the Marine Corps Reserve and are immediately placed on active duty.

The program consists of a naval science course and a noncredit two-credit leadership laboratory each semester for four academic years. Shipboard engineering and naval weapons systems, seapower and maritime symposia, terrestrial and celestial navigation, and management and leadership ethics are included in the curriculum. Training cruises, usually of four to six weeks duration with pay during the summer, also are part of the program.

Students may participate with or without a scholarship. Those who have scholarships can choose either to have their tuition and fees paid by the Navy/Marine Corps or receive room and board. They also receive \$375 per semester for books. In addition, they receive \$250 (freshman), \$300 (sophomore), \$350 (junior) and \$400 (senior) per month for a maximum of eight semesters during the academic years.

Non-scholarship college program students do not receive these awards. However, they do receive naval science textbooks and uniforms free. They also receive \$350 a month (during the junior year) and \$400 a month (during the senior year) for up to four semesters. Scholarships are usually awarded after national competition among high school seniors. However, college program students can be awarded scholarships fewer than four years and they actually have an advantage over high school students.

Scholarship students participate in three summer cruises; college program students participate in only one cruise between their junior and senior years.

During the first year of the scholarship program, there is no obligation to serve on active duty. After students begin the sophomore year, they are obligated to serve on active duty after completing the program and receiving their baccalaureate degree. Eight-semester scholarship students incur an eight-year service obligation; four years must be active duty.

Navy-option graduates of the NROTC program will be assigned to one of the following areas: nuclear propulsion (surface and subsurface), naval aviation, surface warfare, or special warfare. Marine Corps-option graduates receive a six-month professional course before further assignment.

## Air Force Reserve Officer Training Corps (ROTC)

The Department of Air Force Aerospace Studies was established in September 1946 to select and prepare students through a permanent program of instruction to serve as active-duty officers in the U.S. Air Force. The curriculum emphasizes the uniformly high level of military understanding and knowledge required of Air Force officers.

The Air Force is seeking talented and motivated high school and college students with solid character and demonstrated leadership potential. In the Air Force ROTC program, cadets are students first and spend an average of four to six contact hours weekly as freshmen/sophomores. As juniors and seniors, cadets spend six to 10 hours of contact time weekly as they work to build and refine their leadership skills. Successful completion of a four-year accredited degree program and Air Force ROTC leads to a commission as a second lieutenant in the best Air Force in the world.

The first two years of the Air Force ROTC four-year program, the General Military Course, consist of one hour of classroom work, two hours of leadership laboratory, and three hours of physical conditioning each week. Upon completion of GMC requirements, cadets who wish to compete for entry into the last two years of the program, the Professional Officer Course (POC), must do so under the requirements of the POC selection system. This system uses qualitative factors, such as grade-point average, detachment commander's evaluation, aptitude test scores and physical fitness test scores to determine a student's officer potential. After selection, students must successfully complete an 18-day summer field training program at Maxwell Air Force Base, Montgomery, Alabama, before entering the POC.

In the POC, cadets attend class three hours a week, participate in a two-hour, weekly leadership laboratory, and perform three hours of physical conditioning per week. Cadets apply what they have learned in the GMC and at field training. POC cadets conduct the leadership laboratories and manage the unit's cadet corps. Each unit has a cadet corps based on the Air Force organizational pattern of flight, squadron, group, and wing. POC classes are small, with emphasis on group discussions and cadet presentations. Classroom topics include leadership, communication skills and national defense policy. After being enrolled in the POC, all cadets are enlisted in the Air Force Reserve and assigned to the Obligated Reserve Section.

### General Military Course

The General Military Course, a two-year survey-level course, examines the role of U.S. military forces in the contemporary world, with particular attention to the U.S. Air Force, its organization and mission. The functions of strategic offensive and defensive forces, general purpose and aerospace support forces are covered. The development of air power over the past 200 years is examined by tracing the various concepts of employment of air power and by focusing on factors that prompted research and technological change. The history of air power is stressed, with significant examples of the impact of air power on strategic thought.

### Professional Officer Course

Enrollment in the Professional Officer Course (POC) is open to applicants who demonstrate a high officer potential. Applicants must:

- Fulfill all requirements for a commission prior to the 34th (29 years for flying applicant) birthday (waivers possible to the 35th birthday)
- Have two years of academic enrollment remaining to obtain degree
- Sign a written contract agreeing to complete the course
- Be a citizen of the United States and willing to surrender dual citizenship with another nation
- Pass the Department of Defense medical examination
- Pass the physical fitness test
- Terminate membership (if member) of any reserve component
- Enlist in the Air Force Reserve (obligated reserve section)
- Have a cumulative academic GPA of 2.0 or higher for all previous college courses
- Successful completion of the GMC and Field Training requirements

Veterans entering the university who desire a commission through AFROTC should contact the Professor of Aerospace Studies before registering.

When the student successfully completes the POC and graduates from the university, they are commissioned a Second Lieutenant in the United States Air Force and is given an assignment commensurate with their academic major, the needs of the Air Force and their personal desires. Most officers have a four-year, active-duty service commitment. Pilots have a 10-year, active-duty service commitment, and both Combat System Officers and Air Battle Managers have a six-year service commitment upon completion of their respective training.

---

## Aerospace Leadership Minor

The university offers instruction in the military sciences to students preparing for military service. The departments of the Army, Navy/Marine Corps, and Air Force each maintains a Reserve Officers Training Corps (ROTC) and provides staff of military personnel for the instruction and administration of cadets and midshipmen.

## Scholarships and Financial Aid

The College of Pharmacy offers financial aid to admitted pharmacy students through a variety of sponsors, including a Jack Eckerd Endowment and a Charlotte Liberty Family endowment. Other sponsors include pharmaceutical companies, pharmacy organizations and the pharmacy alumni association. A list of scholarships (<https://admissions.pharmacy.ufl.edu/financial-aid/scholarships/>) and financial aid (<https://admissions.pharmacy.ufl.edu/financial-aid/>) is available on the college's website.

## Undergraduate Student Organizations

### Pre-Pharmacy Society

An organization for students who share an interest in a career in Pharmacy. The organization brings together pre-pharmacy students and provides information about the different fields that make up Pharmacy. It also serves to provide resources and opportunities for service and leadership to society members.

Email ([uflpps@gmail.com](mailto:uflpps@gmail.com))

## Academic Policies

### Academic Advising

Students who are considering a major in pharmacy should contact the Pre-Pharmacy advisor for academic guidance, career advice and pharmacy school information using the information below.

P.O. Box 100495  
G205A HPNP Building  
Gainesville, FL 32610-0495

Email ([prepharmacy@cop.ufl.edu](mailto:prepharmacy@cop.ufl.edu)) | 352.273.6457

More Info (<https://students.pharmacy.ufl.edu/student-affairs/advising-academics/>)

### Preprofessional-pharmacy track

Students at the University of Florida who are interested in applying to the PharmD program may declare a pre-pharmacy major as freshmen and sophomores and complete the preprofessional course requirements. Students can complete this coursework within two calendar years and will be monitored by the college through the critical-tracking program. Students who wish to take three or more years to complete the required coursework must declare a major other than pre-pharmacy in the third year.

Students may also complete the PharmD preprofessional courses in other science majors such as biology, chemistry, microbiology and cell science and nutritional sciences (this list is not all-inclusive). Additionally, a student can complete a degree in any major while completing the preprofessional courses.

Students interested in pharmacy must complete all general education and writing requirements, earning an Associate of Art (AA) degree before beginning the PharmD professional curriculum. Transfer students must also receive an AA degree prior to beginning the professional program.

### Recommended Course Sequences

- General chemistry, biology and calculus should be completed in the first year.
- Organic chemistry, and anatomy and physiology should be completed in the second year.
- Biochemistry and microbiology should be taken after completion of organic chemistry and biology.
- All applicants must have completed two sequential courses of foreign language in secondary school or 8-10 credits at the post-secondary level, or document an equivalent level of proficiency.
- All students must complete the educational requirements of an AA degree prior to beginning the professional program. Students who are transferring from schools that do not offer an AA degree must meet UF's general education requirements.
- Students may take online courses to satisfy preprofessional coursework. However, the Admissions Committee prefers that students complete science courses with laboratories in the traditional class setting.

### Critical-Tracking Criteria

The universal-tracking program provides accurate academic advising in an appropriate time frame. The college has designated particular criteria that must be completed each semester to progress satisfactorily toward entry into Pharmacy school after two-years. Students may elect a three-year program that requires declaration of a science major in a UF college. However, students must declare a major by the end of their third year. Please contact the Pre-Pharmacy advisor for guidance.

## Degree Requirements

### Preprofessional-pharmacy track

The College of Pharmacy does not award undergraduate degrees. However, students may elect to follow the Pre-Pharmacy track and declare Pharmacy as their major. Please see academic policies (p. 90) for more details. For a list of coursework please click here ([https://catalog.ufl.edu/UGRD/academic-programs/UGPHM/PHA\\_NOD/#modelsemesterplanttext](https://catalog.ufl.edu/UGRD/academic-programs/UGPHM/PHA_NOD/#modelsemesterplanttext)).

To earn a Master of Science (M.S.) or a Doctor of Philosophy (Ph.D.) degree from the College of Pharmacy, candidates must first earn a Bachelor of Science (B.S.) degree in a related field. Please contact the Office of Graduate Education (<https://graduateeducation.pharmacy.ufl.edu/>) for further guidance.

## Programs

### Gator Pharmacy Early Assurance Program (PEAP)

The Gator Pharmacy Early Assurance Program provides highly-qualified students who have been admitted to UF an opportunity to streamline their path into pharmacy school. This program is designed to assist students through the early process of becoming a pharmacist by providing workshops, training and opportunities related to pharmacy careers.

Program benefits (<https://admissions.pharmacy.ufl.edu/planning-to-succeed/early-assurance-program/>)

## Pharmacy | Preprofessional

Course requirements for the Doctor of Pharmacy include two years of the preprofessional curriculum (63-66 credits) and four years of professional preparation (146 credits). Courses in the professional curricula are revised periodically to meet pharmacy education standards. Current information on the curriculum can be obtained from the Office for Student Affairs in the College of Pharmacy.

## About this Program

- **College:** Pharmacy
- **Degree:** Doctor of Pharmacy | *After completion of professional courses*
- **Credits for Degree:** 63-66 in the preprofessional curriculum | 146 in the professional curriculum

*The College of Pharmacy does not award undergraduate degrees. To obtain a bachelor's degree, students must declare a major in an undergraduate degree awarding college and complete all university, college, and major requirements.*

## Department Information

Ranked by U.S. News & World Report as the No. 1 pharmacy college in Florida and in the Top 10 nationally, the University of Florida College of Pharmacy has been developing future leaders in pharmacy practice and science for nearly a century.

1225 Center Drive

HPNP BUILDING

GAINESVILLE FL 32610

Map (<http://campusmap.ufl.edu/#/index/0212>)

## Curriculum

- Pharmacy | Preprofessional

All students interested in completing the Doctor of Pharmacy (PharmD) degree must complete all required preprofessional courses and electives (63-66 credits) along with 146 total credits in the professional curriculum. Application and acceptance into Pharmacy school is required to start the professional curriculum. Please visit the UF PharmD Office of Admissions webpage for the steps to apply.

More Info (<https://admissions.pharmacy.ufl.edu/steps-to-apply/>) | Admissions website (<https://admissions.pharmacy.ufl.edu/steps-to-apply/>)

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete CHM 2045/CHM 2045L

## Semester 2

- Complete 3 additional courses of the remaining 10 critical-tracking courses, including labs: APK 2100C or ZOO 3713C, APK 2105C or PCB 4723C, BSC 2010/BSC 2010L, BSC 2011/BSC 2011L, CHM 2210, CHM 2211/CHM 2211L, CHM 2046/CHM 2046L, MAC 2311, MCB 3020, STA 2023
- 3.0 GPA or higher preferred for all science courses

## Semester 3

- Complete 4 additional courses of the remaining 10 critical-tracking courses, including labs (2 of the courses must be CHM 2210, and APK 2100C or ZOO 3713C)
- 3.0 GPA or higher preferred for all science courses

## Semester 4

- Complete all 11 critical-tracking courses, including labs
- Satisfactory score on the PCAT test
- Complete the personal profile essay/campus preference form, letters of recommendation, PharmCAS application and the UF application by February 1
- Approval of college admission committee
- 3.0 GPA or higher preferred for all science courses

## Semester 5

- 3.0 GPA or higher preferred for all science courses

### Model Semester Plan

Semester one below may not be the first semester at the university. Semester one refers to the first semester of preprofessional science and mathematics courses. Students who already have satisfied the criteria for a particular semester will be assigned a semester to begin the tracking program.

Critical-tracking courses should be completed in the semester indicated.

Students are required to complete a Quest 1 course in semester 1 or 2. Students admitted to pharmacy school must complete BCH 4024 before enrollment.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences) <sup>1</sup>	4

## Accounting, Fisher School of

Accounting at UF traces its roots back to 1923 when the first accounting course was offered. Today, as one of the nation's few free-standing accounting schools, the Fisher School of Accounting has cultivated a distinctive identity at the University of Florida and among the nation's top business programs.

## Contact

210 Gerson Hall  
P.O. Box 117166  
University of Florida  
Gainesville, FL 32611-7166  
352.273.0200

Map (<http://campusmap.ufl.edu/?loc=0054>) More Info (<http://www.warrington.ufl.edu/accounting/>)

## Established

1933. Endowed in 1985 through a gift from alumnus Frederick E. Fisher.

## Rankings

2023. *US News & World Report* ranks the undergraduate program 10th overall in the nation and 5th among public institutions.

## Accredited

The Association to Advance Collegiate Schools of Business (AACSB) International.

## Programs

Four-year undergraduate program, five-year 3/2 program with joint award of bachelor's and master's degrees in accounting.

## Degrees

Bachelor of Science in Accounting (BSAc), Master of Accounting (MAcc).

## Scholarships

Students completing the Master of Accounting should submit scholarship applications to the Fisher School early in the spring of the year prior to when they plan to earn the MAcc. Limited junior scholarships may also be available. More information can be found on the school's website (<https://warrington.ufl.edu/accounting-current-students/financial-aid/>). General financial aid information is available from the Office of Student Financial Aid and Scholarships.

More Info (<https://www.sfa.ufl.edu/>)

## Academic Policies

*The information provided in this catalog is necessarily brief. In addition to the information herein, students are responsible for compliance with the policies and procedures described in the Fisher School of Accounting Student Handbook and Freshman/Sophomore Guide.*

More Info (<https://warrington.ufl.edu/accounting-current-students/bachelor-of-science-in-accounting/>)

## Admission Requirements

### Submitting an Undergraduate Application

UF students who have selected accounting as their major upon entering the university will automatically be classified as accounting students. This classification will remain as long as the student meets universal tracking and other academic requirements. Other UF students who want to change their major to accounting apply at the Fisher School office. Transfer students apply through the university's Office of Admissions.

### Junior Applicant Pool

The Fisher School of Accounting uses an applicant pool to select candidates for admission to its Bachelor of Science in Accounting program—BSAc. All applications that meet the minimum standards (defined in part A below) are placed into a pool from which the most qualified are selected for admission each term. Candidates with incomplete applications or who do not meet all minimum standards for inclusion in the applicant pool will be denied without further contact from our office.

Meeting the minimum admission criteria does not guarantee admission. Historically, to be a competitive candidate for admission, students have required grade point averages of well above 3.5 (overall and preprofessional), but the actual admission profile varies annually. GPA profiles of previously admitted classes can be found on the demographics section of the Fisher School website.

It is critical to note that admission decisions are not based exclusively on grades. Admission decisions use a holistic evaluation method which consider attributes such as, but not limited to: pattern of repeated coursework, drops, withdrawals, general education deficiencies, the rigor of electives coursework completed, and the academic reputation of the program attended (including its accreditation). Although not required, serious candidates are encouraged to complete Calculus 2 (MAC 2234 or MAC 2312). Part C describes other important admission policies.

The BSAC is a challenging program that includes rigorous upper-division coursework. Admitted students are expected to have a good understanding of introductory accounting topics and are encouraged to spend significant time studying for the preprofessional courses ACG 2021 and ACG 2071 (or their equivalents), even if less studying is sufficient to obtain a high grade.

After students are admitted, they are required to take financial and managerial accounting competency exams prior to enrolling in ACG 3101. **Students who are unable to pass these exams will not be able to complete the major.** Applicants are encouraged to review the school's Accounting Competency Exams website (<https://warrington.ufl.edu/accounting-current-students/competency-exams/>).

Transfer candidates not offered admission to accounting but who are interested in studying business are encouraged to consider the Heavener School of Business (<https://warrington.ufl.edu/about/heavener/>), UF Online Business Program (<https://warrington.ufl.edu/undergraduate-academics/online-business-program/>) or business related majors offered by other UF colleges (<https://warrington.ufl.edu/undergraduate-current-students/academic-advising/major-changes/business-related-majors-and-options/>). It is important to note that all on-campus undergraduate students have the opportunity to minor in accounting ([https://catalog.ufl.edu/UGRD/colleges-schools/UGACT/ACT\\_UMN/](https://catalog.ufl.edu/UGRD/colleges-schools/UGACT/ACT_UMN/)).

## A. Minimum Standards for Inclusion in the Undergraduate Applicant Pool

1. **Meet the Office of Admissions minimum requirements for junior transfers.**
2. **Completion of, or in the process of completing, at least 60 semester credits of transferable coursework from an accredited institution.**
  - In the case of a transfer applicant from a community or state college within the State of Florida, an Associate of Arts degree (A.A.) is required prior to enrollment in the Fisher School of Accounting.
3. **Applicants will not be eligible for admission if they have earned 90 transferable hours.**
4. **Applicants should have official grades for all coursework completed at the time of the application**, but if official grades for ALL preprofessional coursework described herein have not been provided by the applicable credentials deadline for the term the applicant is seeking admission, then the application will be deemed incomplete and denied without further notification from our office.
5. **A 3.0 cumulative GPA calculated on all attempts of all college-level coursework.** (see Detailed Computation of Cumulative GPA below)
6. **Completion of seven preprofessional courses with a 3.0 GPA.**

Code	Title	Credits
ACG 2021	Introduction to Financial Accounting (or equivalent)	4
ACG 2071	Introduction to Managerial Accounting (or equivalent)	4
CGS 2531	Problem Solving Using Computer Software (or equivalent)	3
or ISM 3013	Introduction to Information Systems	
ECO 2013	Principles of Macroeconomics (or equivalent)	4
ECO 2023	Principles of Microeconomics (or equivalent)	4
MAC 2233	Survey of Calculus 1 (or equivalent)	3
STA 2023	Introduction to Statistics 1 (or equivalent)	3
CLEP credit is not acceptable to replace preprofessional coursework.		

7. **ACG 2021 Introduction to Financial Accounting and ACG 2071 Introduction to Managerial Accounting, or their equivalents, must be completed with a minimum grade of B .**
  - Applicants are permitted a maximum of two attempts (including drops and withdrawals) to earn the minimum B grade required in ACG 2021 and ACG 2071. If a series of courses is taken, which upon completion is equivalent to ACG 2021, then a minimum grade of B must be achieved in each course.

## B. Foreign Language Tests

Foreign applicants who are not exempt under university guidelines must complete the TOEFL (Test of English as a Foreign Language) or the IELTS (International English Language Testing System). **There are no exceptions to the minimum TOEFL and IELTS requirements listed below.**

- Minimum Scores:
  - TOEFL: Total > 100 / Listening > 26 / Writing > 17 / Reading > 20 / Speaking > 23
  - IELTS: Total > 7.0 / Listening > 7.0 / Writing > 7.0 / Reading > 7.0 / Speaking > 7.0

## C. Policies Relating to Undergraduate (BSAc) Admissions

1. Meeting the minimum standards as stated herein does not guarantee admission into the Fisher School. Admission is selective.
2. Transfer students are advised that all 3000 level and above accounting and business core courses required of the BSAc degree must be taken at the University of Florida. The completion of more than one upper-division business or accounting course prior to admission will negatively affect prospects for admission.
3. The Office of Admissions determines the transferability of credit earned by course work at other institutions. Credits for courses that are designated as vocational or technical courses, were repeats of previous courses taken, or were from non-accredited institutions will not be transferred for degree credit. In the case of course work taken at community, state, and junior colleges, a maximum of 60 semester hours may be transferred. More than 60 semester hours may be transferred in the case of students entering from other accredited colleges and universities.
4. Admission to the University of Florida as a transfer student does not guarantee admission to the Fisher School. If a transfer student declares accounting as their major but is accepted into any other major, the student has not been accepted to the Fisher School of Accounting. Subsequent admission to the School will be based on the admission standards described herein.
5. Admission to the Fisher School does not constitute admission to the 3/2 Program. This requires a separate application to the Graduate School.
6. For students who are not offered admission to the BSAc, the State University System (<https://www.flbog.edu/universities/>) (SUS) website provides links to other accounting programs within the SUS.
7. Admission requirements into the Fisher School are always subject to change. Please visit the Fisher School of Accounting (<https://warrington.ufl.edu/accounting-current-students/>) website for the current standards.

## GPA Calculations

1. Detailed computation of cumulative GPA:
  - a. Courses deemed vocational are not factored into the GPA computation
  - b. If an applicant has attended the University of Florida and another institution, the GPA calculation will be based only on the University of Florida coursework
  - c. Grade forgiveness is not considered when computing the GPA. All attempts of repeated courses factor into the GPA
  - d. For UF students, the UFGPA is calculated as described in the undergraduate catalog. Note that the handling of repeated coursework changed in Spring 2019
2. Detailed computation of preprofessional GPA:
  - a. Grade forgiveness is not considered when computing the preprofessional GPA
  - b. When an applicant is repeating a course after having earned a grade of "C", "S", "P" or higher, the repeat grade will not be averaged into the preprofessional GPA computation (unless the repeated grade is lower than a C). However, when ACG2021 or ACG 2071 is repeated after earning a C, C+, or B-, then only the second attempt is computed in the preprofessional GPA.
  - c. When the applicant completes two or more different courses (and each course fulfills the same preprofessional requirement), then the course used to compute the preprofessional GPA shall only include the first course completed. For example, if an applicant completes MAC 2311 with a "C", "S", or "P" grade and then later completes MAC 2233 receiving an "A" grade, only the grade earned in MAC 2311 will be used to compute the applicant's preprofessional GPA.
  - d. If a student who earned credit for a preprofessional course (or its equivalent) via high school dual enrollment chooses to repeat the course at UF, after the UF grade is posted, it will replace the grade earned via dual enrollment in the preprofessional GPA, regardless of whether the UF grade is higher or lower than the dual enrollment grade.
  - e. If ACG 2021 or ACG 2071 (or their equivalents) are taken via high school dual enrollment, those dual enrollment courses will not count as "attempts" toward earning a B or better. In other words, students will have 2 attempts to earn the B or better after graduating high school.
  - f. If a student earns a B or better in ACG 2021 or ACG 2071 via high school dual enrollment, and subsequently retakes the course at UF, but does not earn a B or better, the student may still continue in the accounting major, assuming all other requirements are met.
  - g. Aside from the above exceptions, all attempts of repeated courses will factor into the preprofessional GPA

## Courses Taken at Other Institutions Before Admission to the University

Professional coursework that is required as part of the third, fourth or fifth year should be taken only at the University of Florida.

A maximum of one 3000/4000-level approved business core course may count toward the student's undergraduate degree. The student will be required to take another course in the area waived. Completion of more than one upper-division business or accounting course prior to admission will negatively affect prospects for transfer admission.

Upper-division accounting coursework taken elsewhere cannot be substituted for the accounting courses required for the BSAc degree.

## Courses Taken at Other Institutions After Admission to the University

Preprofessional, critical tracking, communication, elective, and General Education courses may be taken outside the university only if:

- The student will have more than 30 credits left to graduate upon completion of such courses
- The student obtains advanced approval of the Fisher School of Accounting

Once admitted to UF, although permitted, students are strongly encouraged to take all preprofessional and critical tracking courses at UF.

Upper division accounting and business core coursework must be completed at the University of Florida.

## Distance Learning Courses

Web-based courses offered in the university schedule of courses may be taken. However, UF Online courses, distance learning or flexible learning courses offered by the Division of Continuing Education are not permitted.

## Performance Policies

### Satisfactory/Unsatisfactory | S/U

An undergraduate student may request the S/U option for elective courses only. Courses taken to satisfy general education, degree requirements, or preparatory coursework for the program cannot be taken S/U. In addition, regardless of major, no course taught by the Fisher School of Accounting may be taken S/U, other than courses already scheduled to be taught as S/U only.

### Unsatisfactory Performance

Students who do not make satisfactory academic progress will be dropped from the accounting program. In addition to university regulations concerning unsatisfactory performance, the school will exclude students from further registration for the following reasons:

#### First and Second Year Students

1. The student does not comply with the minimum universal tracking requirements.
2. Failure to comply with all additional universal tracking requirements listed in the Fisher School of Accounting Handbook and the Freshman and Sophomore Guide after one subsequent term of enrollment.
3. The student has not earned a B grade in ACG 2021 or ACG 2071 after two attempts (including drop or withdrawal).
4. The UF GPA fell below 3.0 and remained there after one subsequent term of enrollment.
5. The Cumulative GPA on all attempts of preprofessional coursework fell below the minimum 3.0 required and remained there after one subsequent term of enrollment.
6. The student has withdrawn from the university three times while classified as an accounting major. Withdrawals approved as medical by the university will not count towards this policy.

#### Third and Fourth Year Students

1. The student earns two grades below a C in accounting courses numbered 3000 and above regardless of whether the student was in the Fisher School of Accounting at the time they earned those grades.
2. The student's cumulative grade point average on all coursework completed at the University of Florida falls below 2.0 and, after **one** subsequent term of enrollment, this, or any other grade point average described herein, is below a 2.0.
3. The student's cumulative upper-division grade point average falls below a 2.0 and, after **one** subsequent term of enrollment, this, or any other grade point average described herein, is below a 2.0.
4. The student's accounting grade point average, calculated on **all attempts** of required accounting courses numbered 3000 and above, falls below 2.0 and, after **one** subsequent term of enrollment, this or any other grade point average described herein, is below a 2.0. If a student repeats a 3000 or above course, and earns a C or better on both attempts, only the first attempt will be calculated in this GPA.
5. The student withdraws from three full semesters after admission into the Fisher School of Accounting. Withdrawals approved as medical by the university will not count toward this policy.
6. The student fails to complete two required 3000 level and above accounting course in one academic year, defined as Fall, Spring, Summer (or Spring, Summer, Fall for Innovation Academy Students). The following exceptions apply:
  - a. If no courses for which the student is eligible are offered over the Summer, the student will be granted an additional semester to complete a course.
  - b. For upper-division transfer students, the academic year begins the semester the student matriculates. So, for Spring admits, the year is Spring, Summer, Fall.
  - c. If the student is enrolled in a study abroad program, the student will be granted one additional semester to complete the next course.
  - d. If the student is on an internship, but enrolled in UF courses, the student will be granted one additional semester to complete the next course. The student must either be enrolled in an internship course or provide documentation of the internship.
  - e. If a student drops a required 3000 level or above accounting course, and the drop (or full-term withdrawal) is approved as medical by the university, the attempt at the course, though not truly "completed," will count as one of the two courses to be completed for the year for the purposes of this policy. In other words, if a student attempts two required 3000 level and above accounting courses in one academic year, completes one, and is approved for a medical drop for the other, the student will be permitted to continue in the accounting program. For purposes of this section, only a class that a student begins and is approved by the university as a medical drop or withdrawal would count as "completed."
7. For purposes of all of the above policies, the following rule applies to the definition of a **term**:

- a. Any term for which a student registers for a course at the University of Florida counts as a term of enrollment, even if the student subsequently withdraws from the term (after the drop/add period)
  - b. Summer registration is viewed as registration for one term, (e.g., whether a student registers for Summer A alone, or registers for Summer A and Summer B and C, the student is considered to have registered for one term)
8. Students admitted as junior transfers must meet all of the above requirements. However, their schedules may deviate quite a bit from the recommended 8-semester plan. Each transfer student will be required to meet with an academic advisor to develop a schedule that takes into consideration incoming credit, missing freshman/sophomore requirements, student goals, etc.

*Refer to the University Grades and Grading policies for a discussion on grade point average computation.*

## Undergraduate Drop Policies

Students are limited in the number of courses they may drop.

More Info (p. 1778)

All other drop requests must be appealed to the Fisher School. The appeals committee is very strict when considering such requests and will not approve drops for reasons that are not clearly beyond the student's control.

## Auditing a Course

The Fisher School of Accounting does not permit the auditing of any accounting course.

## Degree Requirements

### Application for Graduation

In addition to regular appointments throughout a student's time at UF, each student should plan to see an advisor in the semester before the term they intend to graduate. This allows the student to confirm that all degree requirements will be met.

It is the student's responsibility to apply for graduation through the degree application link on ONE.UF (<https://one.uf.edu/>) by the deadline (p. 1795) for that term. Failure to submit a timely application may prevent graduation.

### Requirements for Degree Certification

To graduate with a BSAC degree, a student must have satisfactorily completed 120 credits of prescribed coursework (p. 99).

A student must also complete the following requirements:

- A minimum of 60 credits must be completed outside the Warrington College of Business and Fisher School of Accounting. Up to 6 credits of course work with a QMB prefix may count towards the requirement.
- A minimum of 60 credits of coursework for the BSAC degree must be at the 3000 level or above.
- The last 30 credits of coursework must have been completed in residence at the University of Florida.
- Must complete at least 22 credits at the 3000 level or above in required accounting courses at the Fisher School.
- Waivers received for any coursework required for the BSAC degree will not reduce the credits required for graduation.
- Graduation credits will not be given for repeated courses. In addition, the degree candidate must have the following requirements:
  - A minimum 2.0 GPA on all UF coursework.
  - A minimum 2.0 GPA on all courses taken in excess of 60 credits.
  - The above GPA's will be calculated as described in the Grades and Grading Policies. (p. 1789)
  - A minimum 2.0 GPA on all required accounting courses at the 3000 level or above.
    - For the purposes of computing this GPA, if a course is repeated after having earned a grade of C or higher, the repeat grade will not be averaged into the GPA computation (unless the repeated grade is lower than a C.)
  - Meet all university degree requirements, including General Education (p. 65), Writing Requirement (p. 1768), and Summer Term Enrollment. (p. 1777)

Graduating with Honors (p. 1717)

## Accounting

The Bachelor of Science in Accounting (BSAc) is a four-year degree program that provides an excellent foundation in accounting and business. Its conceptual focus is designed to prepare students for success in a constantly evolving business environment and to prepare students for graduate studies.

### About this Program

- **College:** Warrington College of Business
- **School:** Fisher School of Accounting (p. 93)
- **Degree:** Bachelor of Science in Accounting
- **Credits for Degree:** 120
- **Contact:** Email (%20fsoa@warrington.ufl.edu) | 352.273.0200 | 210 Gerson Hall (<http://campusmap.ufl.edu/?loc=0054>)
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

### School Information

Accounting at UF traces its roots back to 1923 when the first accounting course was offered. Today, as one of the nation's few free-standing accounting schools, the Fisher School of Accounting has cultivated a distinctive identity at the University of Florida and among the nation's top business programs.

### Curriculum

- Accounting
- Accounting Minor
- Combination Degrees

Students enrolled in the BSAc program are eligible to submit an application for early admission to graduate school via the school's combination 3/2 Program.

Some students enter the Fisher School of Accounting with the intention of limiting their accounting studies at UF to undergraduate coursework. These students view the BSAc degree as providing valuable preparation for post-graduate studies in areas other than accounting, (e.g., law), or they plan to complete their graduate accounting studies at another institution.

Students are cautioned that completion of the Bachelor of Science in Accounting degree alone will not satisfy the educational requirements to be licensed as a CPA in Florida.

Completion of the UF BSAc, when combined with the UF Master of Accounting (MAcc) program, will fulfill the State of Florida's educational requirements to take the Certified Public Accountant Examination in Florida and to obtain licensure as a CPA in Florida. CPA licensure includes other, non-educational requirements. Please note that requirements can change and may not immediately be reflected in this statement or in the program. Students should contact the Florida Board of Accountancy or visit their website (<https://nam10.safelinks.protection.outlook.com/?url=http%3A%2F%2Fwww.myfloridalicense.com>)

%2FDBPR%2Fcertified-public-accounting%2Feducation-requirements%2F&data=05%7C01%7CClarah.doyle%40warrington.ufl.edu%7Cf9efe02cf25a4b504e0908da9cb526a9%7C0d4da0f84a314d76ace60a62331e1b84%7C0%7C0%7C637994599117542156%7CUnknown%7CTWFPbGZsb3d8eyJWljoIMC4wLjAwMDAiLCJQljoIV2luMzliLCJBtIl6lk1haWwiLCJXVCI6Mn0%3D%7C3000%7C%7C%7C&sdata=K7bCDM5PHRFHoDS%2Bi4JnI5fhhbvP10NWJ%2FTRYUUVi8%3D&reserved=0) for any questions regarding eligibility to take the CPA Exam or be licensed as a CPA in Florida. A determination as to whether the MAcc program combined with any other undergraduate program meets CPA educational requirements in Florida has not yet been made. Also, a determination has not been made whether the MAcc program, with or without the UF BSAC, meets educational requirements in any other state or jurisdiction. Consult the National Association of State Boards of Accountancy (<https://nasba.org/stateboards/>) website for information regarding CPA exam and licensure eligibility for all states and jurisdictions.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Tracking requirements for semesters 5-8 indicate the minimum benchmarks to graduate in a timely manner. However, it is strongly recommended students complete upper-division accounting and business core courses earlier than required by Critical Tracking, especially those students interested in pursuing the Master of Accounting degree. Students should meet with an academic advisor no later than Semester 4 to begin planning for their junior and senior years. In addition, please review the BSAC degree requirements for more information on requirements for degree certification.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## About Selecting General Education Courses

- To ensure accounting students have breadth in their general education experience, 3000/4000-level business core courses may not be used to satisfy general education requirements. For example, MAN 3025 and MAR 3023 may not be used to fulfill social science and behavioral science requirements.
- The selection of general education courses in the model semester plan is intended as a guide. Accounting students may vary their choice of general education courses, providing the selection of coursework complies with all university requirements. For additional information, refer to the General Education Program (p. 65) and meet with an undergraduate advisor.

## Semester 1

- Complete 2 of the 8 critical-tracking courses: ACG 2021, ACG 2071, CGS 2531 (or ISM 3013), ECO 2013, ECO 2023, MAC 2233, MAC 2234, STA 2023
- 3.0 GPA required on all attempts of preprofessional courses
- 3.0 UF GPA required

## Semester 2

- Complete 2 additional courses of the 8 critical-tracking courses (1 of the 4 courses must be MAC 2233 or equivalent)
- 3.0 GPA required on all attempts of preprofessional courses
- 3.0 UF GPA required

## Semester 3

- Complete 2 additional courses of the 8 critical-tracking courses (1 of the 6 courses must be ACG 2021 with a minimum grade of B)
- 3.0 GPA required on all attempts of preprofessional courses
- 3.0 UF GPA required

## Semester 4

- Complete all 8 critical-tracking courses (ACG 2071 must be completed with a minimum grade of B)
- Complete general education and the university writing requirements
- 3.0 GPA required on all attempts of preprofessional courses
- 3.0 UF GPA required

## Semester 5

- Complete one of ACG 3101 or ACG 3401 with a C or better
- Complete 2 of the 8 business core courses: BUL 4310, FIN 3403, GEB 3373, MAN 3025, MAN 4504, MAR 3023, QMB 3250, QMB 3302
- 3.0 GPA required on all attempts of preprofessional courses
- 3.0 UF GPA required

## Semester 6

- Complete ACG 3101 and ACG 3401 with a C or better
- Complete 4 of the 8 business core courses, including FIN 3403 and QMB 3250
- 2.0 GPA required on all accounting courses number 3000 and above
- 2.0 upper-division GPA required (all courses taken after the student earned 60 credits)
- 2.0 UF GPA required

## Semester 7

- Complete ACG 4111 and ACG 4341 with a C or better
- Complete 7 of the 8 business core courses
- 2.0 GPA required on all accounting courses number 3000 and above
- 2.0 upper-division GPA required (all courses taken after the student earned 60 credits)
- 2.0 UF GPA required

## Semester 8

- Complete ACG 4632 (or ACG 5637 and ACG 5647)
- Complete TAX 4001 (or TAX 5025 and TAX 5027)
- Complete all 8 business core courses
- Complete all other degree requirements
- 2.0 GPA required on all accounting courses number 3000 and above
- 2.0 upper-division GPA required (all courses taken after the student earned 60 credits)
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

### Important Note

This plan assumes that the student does NOT intend to complete the Master of Accounting (MAcc) program. Students who are considering the MAcc program should progress more quickly through the coursework, and are **strongly** advised to meet with an academic advisor to discuss their plans prior to the end of Semester 4.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	4

Elective (3000 level or higher)		3
	<b>Credits</b>	<b>13-15</b>
	<b>Total Credits</b>	<b>120</b>

## Academic Learning Compact

The major offers a balanced, intellectually vibrant study of accounting. Upon completion of the baccalaureate program, students will possess the requisite accounting skills for entry-level positions in the practice of public accounting, in industry, in financial services, in government and in business more generally. Students also will be prepared for graduate study in accounting, in business and in related professions such as the law. More broadly, students will be prepared for success in a constantly evolving global economy.

## Before Graduating Students Must

- Take the Business Field Test as prepared and administered by the Educational Testing Service (ETS). The score will be incorporated into a core business course taken in the final term.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Describe individual business disciplines and their relationship to the global business environment.
2. Prepare financial statements based upon generally accepted accounting principles.

## Assessment Types

- Course assignments
- Tax cases
- Simulations
- Projects
- Exams
- Speeches
- The Educational Testing Service's Business Field Test

## Accounting Minor

The Accounting minor is open to all non-accounting students, offering a strong foundation in financial and managerial accounting beyond the introductory level.

## About this Program

- **College:** Warrington College of Business
- **School:** Fisher School of Accounting (p. 93)
- **Credits:** 24
- **Contact:** Email (%20fsoa@warrington.ufl.edu) | 352.273.0200 | 210 Gerson Hall (<http://campusmap.ufl.edu/?loc=0054>)

## School Information

Accounting at UF traces its roots back to 1923 when the first accounting course was offered. Today, as one of the nation's few free-standing accounting schools, the Fisher School of Accounting has cultivated a distinctive identity at the University of Florida and among the nation's top business programs.

**Website** (<https://warrington.ufl.edu/about/fisher/>)

### CONTACT

352.273.0200 (tel) | 352.392.7962 (fax)

P.O. Box 117166  
210 GERSON HALL  
GAINESVILLE FL 32611-7166  
Map (<http://campusmap.ufl.edu/#/index/0054>)

### Curriculum

- Accounting
- Accounting Minor
- Combination Degrees

With the increasingly interdisciplinary model used by businesses, completion of the minor broadens career opportunities and increases the student's marketability. With careful course selection, completion of the minor will accrue enough accounting credits for students from any major to apply for direct admission to the Master of Accounting program upon completion of the undergraduate degree.

## Required Courses

Code	Title	Credits
ACG 2021	Introduction to Financial Accounting <sup>1</sup>	4
ACG 2071	Introduction to Managerial Accounting <sup>2</sup>	4
ACG 3101	Financial Accounting and Reporting 1 <sup>3</sup>	4
ACG 3401	Business Processes and Accounting Information System <sup>4</sup>	4
ACG 4111	Financial Accounting and Reporting 2 <sup>5</sup>	4
ACG 4341	Cost and Managerial Accounting <sup>6</sup>	4
<b>Total Credits</b>		<b>24</b>

<sup>1</sup> Prereq: sophomore standing.

<sup>2</sup> Prereq: ACG 2021

<sup>3</sup> Prereq: ACG 2021 and ACG 2071 with minimum grades of B.

<sup>4</sup> Prereq: ACG 2021 and ACG 2071 with minimum grades of B; CGS 2531 or ISM 3013.

<sup>5</sup> Prereq: ACG 3101 with minimum grade of C, FIN 3403.

<sup>6</sup> Prereq: ACG 3101 and ACG 3401 with minimum grades of C, MAC 2234 and QMB 3250.

## Additional Requirements

- Students must be in an on-campus program. The minor is not available to UF students in online programs.
- All 3000-level and above coursework must be completed at the University of Florida.
- All course and grade prerequisites must be satisfied. Because the prerequisites for some upper-division accounting courses include business courses not included herein, non-business majors typically have to complete additional business courses to complete this minor.
- A minimum grade of C is required for each course in the minor, except for ACG 2021 and ACG 2071, which require a minimum grade of B.
- With advanced approval from the associate director, additional 3000-level or above accounting courses may be substituted for the requirements listed above.

---

## Agricultural and Life Sciences, College of

Established in 1884, the mission of the College of Agricultural and Life Sciences is to deliver unsurpassed educational programs that prepare students to address the world's critical challenges related to agriculture, food systems, human well-being, natural resources and sustainable communities.

#### Academic Advising

2020 McCarty Hall D  
352.392.1963

### Established

1884

### Academic Advising

Each major has an undergraduate coordinator and faculty and staff advisors. Students see advisors in their majors for academic advising. More Info (<http://cals.ufl.edu/students/undergraduate-majors-contacts.php>)

### Internships and Career Guidance

The college's director of Alumni and Career Services assists students with interview preparation and job search resources. The college also sponsors CALS Career Expo in February.

### Scholarships

The college provides nearly \$400,000 annually in undergraduate scholarships. Applications are available in December. College scholarship applications are typically due on or before March 15 of each year. For more information, contact the college dean's office. Many departments also offer undergraduate scholarships.

More Info (<http://cals.ufl.edu/students/scholarships.php>)

### Helpful Links

- College Website (<http://cals.ufl.edu/>)

- Dean's List (p. 1716)

## Academic Policies

### Admission | Freshmen

First-semester freshmen at the university will be admitted to the college when they declare a major. Students can remain in that major as long as they continue to meet or to exceed the critical-tracking criteria for the major. Students who fall below the minimum critical-tracking criteria or who fall below the minimum progression standards will not be allowed to continue in the major. These students must meet with an academic advisor to determine an alternative major.

### Admission | Non-Freshmen

All UF students other than first-semester freshmen must apply to a major in this college. Students should first meet with an advisor in their major of interest. Unless otherwise specified by particular majors, students will be admitted to the major if they meet or exceed the critical-tracking criteria.

### Readmission to the College

CALS students who have been dismissed from the university for poor academic performance can petition UF and the college for readmission after one semester.

### Transfer Students

A transfer student from a Florida public college must have an Associate of Arts degree (or 60 credits for students transferring from private institutions, four-year institutions or institutions outside of Florida) and satisfy the admission requirements for the intended major to be eligible for admission to the college. Prospective transfer students should consult the College of Agricultural and Life Sciences Transfer Guide to ensure completion of the required courses for admission to the college and the major of interest.

More Info ([https://cals.ufl.edu/content/PDF/Transfer\\_Guide.pdf](https://cals.ufl.edu/content/PDF/Transfer_Guide.pdf))

Detailed information on transfer admission and university admission requirements is available from the Office of Admissions.

More Info (p. 22)

Transfer students from other universities and non-Florida public colleges should complete the first two years' requirements for the major before transferring to UF and to this college.

### Student Responsibility

Students are expected to assume full academic responsibility for registering for and completing the proper courses and for fulfilling all requirements for the degree. Students should consult their advisors before registering for each semester to ensure that appropriate courses are taken in the proper sequence. Students who do not enroll in appropriate courses may not be allowed to register for the following term.

### College Probation

A student whose overall grade point average falls below 2.0 is placed on college probation. The associate dean will notify the student that they are on probation and must remove all deficit points in two semesters or face college suspension.

During college suspension a student cannot register as a College of Agricultural and Life Sciences student.

### College Retention Program

The college works individually with students on college probation to provide them an opportunity for academic success at the university. The retention program identifies obstacles that could prevent academic success, provides structure and mechanisms for success and connects students to administrators, faculty and staff who are committed to helping them.

### Critical-Tracking Criteria

Students who do not complete the appropriate number of tracking courses each semester, and/or do not have the required tracking GPA, will have a hold placed on their record to prevent advance registration. They must meet with an advisor in their major to determine whether they may continue in that major.

### Drop Policy

Students can drop courses during the drop/add period without penalty. Thereafter, courses can be dropped only by college petition in accordance with the deadlines. Drops requiring college petition are subject to the following rules:

- After the university's drop deadline, students must first meet with an academic advisor in their major and then submit a petition to the college office.
- Students who withdraw from UF (drop all courses) must go to the Dean of Students Office, 202 Peabody Hall, to meet with an advisor.

## General Education

Courses that satisfy general education requirements are listed by category. The courses listed represent the most expedient way to fulfill graduation requirements. However, students can satisfy degree requirements with alternative course sequences. An economics course is required for all students and this course may also meet general education requirements.

The college requires all students to complete courses in oral and written communication in addition to the general education requirements. In majors where an equivalency is permitted, students should see their advisors for approved alternative courses. When majors list specific courses, students must select courses from the list.

## Internships

By prior arrangement with an advisor and with supervision, a student may receive credit for practical work experience relevant to the major. Credit is earned at the rate of one credit per month of full-time work and cannot exceed three credits in any combination of work experience. A written report must be submitted before a (S or U) grade will be issued. Academic units offering this option list the course number 4941. Minimum criteria and general guidelines are available from the undergraduate coordinator for the major.

## Minors

Pursuit of a minor is an excellent way for students to expand their knowledge of a particular subject and get the most out of their educational experience at UF. **The minor provides a traditional, well-accepted way to recognize that a student has completed a significant body of work outside the major.** Students can follow-up on long-time personal interests, satisfy intellectual curiosity generated by introductory courses, differentiate their program of study from those of fellow students or enhance their opportunities for employment or for admission to graduate or professional schools.

There is no limit to the number of minors a student can pursue, however, the addition of minors should not add more time to the student's academic career at UF.

### Eligibility requirements:

- An established UF GPA of 2.0 or higher
- On-track to complete your degree in a timely manner
- 45 hours earned
- Be able to complete the minor(s) in a timely fashion; it is forbidden to extend graduation for the sole purpose of completing a minor
- Complete a **minimum of 6 credits exclusive to the minor** (these exclusive credits will not count toward major(s) credit which includes critical tracking, college, major core, and advisor, departmental, and elective approved requirements for the student's major or other minors)

## College Honors Program

The CALS honors program is for students who have completed 60-90 credits and have a 3.75 or higher overall GPA.

More Info (<http://cals.ufl.edu/students/honors-program.php>)

CALS honors coursework integrates with required and elective courses in the student's chosen curriculum. To graduate as a CALS honors scholar, students must complete each requirement below and maintain a minimum upper-division GPA of 3.75.

- ALS 3923
- XXX 4915 Honors Thesis Research (3 credits)
- Two additional honors courses
- Honors thesis. Thesis projects are scholarly activities in teaching, research or extension that involve guided independent work. The student's project must have clear objectives and expected outcomes.

CALS honors coursework is identified as such on the transcript. Students who complete the program successfully are designated *CALS honors scholars* and receive a scholar's medallion and certificate.

Completion of the CALS honors program automatically qualifies students for graduation with *magna cum laude* or *summa cum laude* designation.

Students who are not in the CALS honors program can still graduate *magna cum laude* or *summa cum laude*, provided they have the necessary GPA and complete the honors thesis.

For additional information, contact the CALS honors program director at 352.392.1963.

## Degree Requirements

A Bachelor of Science or Bachelor of Arts degree requires a minimum of 120 credits. In addition, students must have university and junior/senior-level minimum GPAs of 2.0.

Students must complete the general education and major requirements in effect at the time of their initial enrollment at UF.

Seniors must file an online application for degree with the Office of the University Registrar early in the semester in which they expect to graduate. More Info (<https://registrar.ufl.edu/services/degree-application/>)

Graduating with Honors (p. 1717)

## Residence

The College of Agricultural and Life Sciences requires completion of 60 semester credits or more of coursework at the university for award of a baccalaureate degree. Some coursework can be taken at other accredited four-year institutions with approval of the college.

The last 30 semester credits applied toward a degree must be completed in residence in the college. In special cases, the college can waive this requirement.

Students can complete six of the required 30 credits of residence work by flexible learning, but each course must be approved in advance by the undergraduate coordinator for the major and by the college. The college will not accept flexible credit unless a student has a minimum upper-division GPA of 2.0 in all work attempted in residence.

## Programs

## MAJORS

*The college's majors encompass agricultural sciences, natural sciences, social sciences, life sciences and preprofessional studies. Programs in the college prepare students for professional studies in dentistry, law, medicine, pharmacy, and veterinary medicine as well as graduate study.*

- Agricultural Education and Communication
- Agricultural Operations Management
- Animal Sciences
- Biology | CALS
- Botany | CALS
- Combination Degrees
- Dietetics
- Entomology and Nematology
- Environmental Management in Agriculture and Natural Resources | Interdisciplinary Studies
- Family, Youth and Community Sciences
- Food and Resource Economics
- Food Science
- Forest Resources and Conservation
- Geomatics
- Horticultural Science
- Marine Sciences | CALS
- Microbiology and Cell Science | CALS
- Natural Resource Conservation
- Nutritional Sciences
- Plant Science
- Soil, Water, and Ecosystem Sciences
- Wildlife Ecology and Conservation

## MINORS

- Agricultural and Natural Resource Communication Minor
- Agricultural and Natural Resource Ethics and Policy Minor
- Agricultural and Natural Resource Law Minor

- Urban Forestry Certificate
- Urban Pest Management Certificate

## UF ONLINE MAJORS

- Interdisciplinary Studies | Environmental Management in Agriculture and Natural Resources UF Online
- Microbiology and Cell Science UF Online

## Statewide Academic Programs

Recognizing the needs of nontraditional students, the university offers several Bachelor of Science degree programs at the following locations or via distance education:

- Apopka (<http://mrec.ifas.ufl.edu/>)
  - Plant Science
- Fort Lauderdale (<http://flrec.ifas.ufl.edu/>)
  - Geomatics
  - Plant Science
- Milton (<http://wfrec.ifas.ufl.edu/>)
  - Natural Resource conservation
  - Plant Science
- Plant City (<https://gcrec.ifas.ufl.edu/uf-plant-city/degree-programs/>)
  - Agricultural Education and Communication
  - Geomatics
- Online
  - Environmental Management in Agriculture and Natural Resources (p. 110)
  - Microbiology and Cell Science (p. 300)

Students must first earn an AA degree from a Florida public college or 60 credits from another accredited institution, complete specific prerequisite courses, meet a specific GPA requirement and apply for admission to UF. After being accepted, students can pursue a Bachelor of Science without moving to Gainesville.

These students are also eligible for UF and CALS scholarships. UF faculty members teach and advise all students, and upon completion of the program requirements, UF confers the degree.

Courses in these programs are also available to the general public for continuing education.

## Preprofessional Programs

Several CALS majors have specializations that help students complete the preprofessional requirements for admission to the colleges of dentistry, law, medicine, pharmacy and veterinary medicine.

- Students preparing for law careers can select any major in the college
- Specializations in animal sciences, biology, botany, entomology and nematology, food science, microbiology and cell science, nutritional sciences, and wildlife ecology and conservation prepare students for programs in medicine, dentistry, veterinary medicine, optometry and pharmacy
- Biology majors and nutritional sciences majors are eligible for the Junior Honors Medical Program
- Qualified students can apply to the honors combination BS/DMD program in the College of Dentistry after one semester in their freshman year at UF. This program helps highly motivated students complete the bachelor's degree and D.M.D. in a shorter time than the two traditional programs. Participants major in microbiology and cell science or nutritional sciences. Both majors provide the science foundation required for dental school. More Info (<http://dental.ufl.edu/admissions/dmd-program/honors-combined-bs-dmd-program/>)

---

# Interdisciplinary Studies | Environmental Management in Agriculture and Natural Resources UF Online

This degree program uses an interdisciplinary approach to provide the scientific and technical foundation needed to integrate and communicate the diverse environmental issues associated with urban, agricultural, and natural ecosystems. Students develop an understanding of the best use of our natural resources for their social and economic benefits while protecting associated resource values, property rights and the environment. This degree provides a solid grounding in the areas of hydrology, soil science, pest management, water resources, and agricultural ecology.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **School:** Natural Resources and Environment (p. 1617)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120
- **Contact:** 1.855.99GATOR
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Soil, Water, and Ecosystem Sciences Department researches and teaches about soil, water, and environmental sciences in urban, agricultural, and natural ecosystems. Since its origins over 100 years ago, the department has made significant contributions to improving the productivity of Florida's agriculture, helping protect the state's unique ecosystems, and contributing to soil and water science at national and international levels.

### Curriculum

- Interdisciplinary Studies | Environmental Management in Agriculture and Natural Resources UF Online
- Combination Degrees
- Environmental Management in Agriculture and Natural Resources | Interdisciplinary Studies
- Soil, Water, and Ecosystem Sciences
- Soil, Water, and Ecosystem Sciences Minor

This major is for students who desire education in environmental management with substantial emphasis on agriculture and natural resources.

Graduates will find employment with agricultural producers, consulting companies and government agencies that are involved in maintaining a sustainable environment.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 6 critical-tracking courses, excluding labs: AEC 3030C or SPC 2608, BSC 2005/BSC 2005L or BSC 2010/BSC 2010L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, MAC 2233, STA 2023
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs from semesters 1 – 4
- Complete 1 additional tracking course

- 2.0 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete 1 additional tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete 2 additional tracking courses
- 2.0 upper division GPA required.
- 2.0 UF GPA required

## Semester 8

- Complete all remaining tracking course from semester 5 - 8
- 2.0 upper division GPA required.
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
MAC 2233	Survey of Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	3
State Core Gen Ed Composition (p. 67); Writing Requirement		3
State Core Gen Ed Humanities (p. 67)		3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
Select one:		4
BSC 2005 & 2005L	Biological Sciences and Laboratory in Biological Sciences ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
Gen Ed Composition (Writing Requirement)		3
<b>Credits</b>		<b>16-17</b>
<b>Semester Three</b>		
Quest 2 (Gen Ed Social and Behavioral Sciences)		3
Select one:		3
AEC 3030C	Effective Oral Communication ( <b>Critical Tracking</b> )	
SPC 2608	Introduction to Public Speaking ( <b>Critical Tracking</b> )	
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological or Physical Sciences)	4
GLY 2030C	Environmental and Engineering Geology (Gen Ed Physical Sciences)	3

Gen Ed Humanities		3
<b>Credits</b>		<b>16</b>
<b>Semester Four</b>		
ALS 3133	Agricultural and Environmental Quality (Gen Ed Physical Sciences)	3
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
Select one:		3
PHY 2020	Introduction to Principles of Physics (Gen Ed Physical Sciences)	
PHY 2004	Applied Physics 1 (Gen Ed Physical Sciences)	
SWS 2007	The World of Water	
Elective		3
<b>Credits</b>		<b>13</b>
<b>Semester Five</b>		
Select one:		3
ALS 3153	Agricultural Ecology	
SWS 4303C	Soil Microbial Ecology	
WIS 3404	Natural Resource Ecology	
SWS 3022	Introduction to Soils in the Environment ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	3

SWS 4204	Urban Soil and Water Systems	3
SWS 4207	Sustainable Agricultural and Urban Land Management	3
SWS 4233	Soil and Water Conservation	3
SWS 4800	Environmental Soil and Water Monitoring Techniques	3
SWS 4932	Special Topics in Soil and Water Science (Math for Environmental Professionals)	2
SWS 4932	Special Topics in Soil and Water Science (Wetlands Seminar)	1
WIS 3404	Natural Resource Ecology	3

## Academic Learning Compact

The interdisciplinary major in environmental management in agriculture provides students with the scientific and technical foundation to integrate and communicate the diverse environmental issues associated with agriculture and natural resources. Students will be able to deal in an informed manner with the agricultural regulations and permitting requirements established by various agencies and jurisdictions, and students will achieve an appreciation for the complexities of agricultural practices. Students will learn to integrate, balance and communicate the mix of agricultural and environmental issues that need to be addressed in modern society.

## Before Graduating Students Must

- Complete an approved senior-year research project, SWS 4905, related to management and science skills.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Appraise similarities between agronomic production and environmental protection issues.
2. Describe the processes in the carbon, nitrogen, phosphorus, and sulfur cycles, and relate these processes to global patterns of productivity, pollution, and consequences of environmental change.

#### Critical Thinking

3. Critically evaluate natural resource policies using basic economic tools, identify factors that influence the success of resource policy implementation and apply ecological, social and political criteria.
4. Develop a plan for the analysis of an environmental / agricultural study using geographic information systems software.
5. Compare the effects of different fertility sources on nutrient cycling, interpret soil tests and quantify crop nutrient requirements and fertilizer application rates.

#### Communication

6. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEB 3133			R			
AEC 3030C						I, R, A
AEC 3033C						I, R, A
ALS 3133	I, A	I	I		I	
AOM 4643		R	R	I		
FNR 4660			R, A			R
SWS 3022		I			I	
SWS 4116	R	R			R, A	R
SWS 4223	R	R, A				R
SWS 4244	R	R	R			
SWS 4720C				R, A		R

## Assessment Types

- Average of tests in ALS 3133
- Average of problem set and test scores in SWS 4223
- Average test scores in FNR 4660
- Project presentation in SWS 4720C
- Test and problem set scores from SWS 4116
- Course grades in AEC 3033C and AEC 3030C

## Agricultural and Natural Resource Communication Minor

Open to all students, the Agricultural and Natural Resource Communication minor provides an opportunity to gain a basic understanding of and to develop a skill level for communication techniques in agriculture and natural resources.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with a minimum cumulative 2.5 GPA for courses in the minor

### Department Information

The UF/IFAS Department of Agricultural Education and Communication is a group of faculty, staff and students committed to connecting people with agriculture through agricultural communication, education, leadership development and Extension education.

**Website** (<https://aec.ifas.ufl.edu/>)

### CONTACT

### Curriculum

- Agricultural and Natural Resource Communication Minor
- Agricultural Curriculum and Development Minor
- Agricultural Education and Communication
- Combination Degrees
- Extension Education Minor
- Leadership Minor

## Required Courses

Code	Title	Credits
Select five:		15
AEC 3030C	Effective Oral Communication <sup>1</sup>	
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences <sup>2</sup>	
AEC 3065	Issues in Agricultural and Life Sciences	
AEC 3070C	Digital Media Production in Agricultural and Life Sciences	
AEC 3073	Intercultural Communication	
AEC 3209	Instructional and Event Planning in Agricultural and Life Sciences	
AEC 4031	The Communication Process in Agricultural and Life Sciences	
AEC 4035	Communication Practices for Agricultural and Life Sciences	
AEC 4036	Advanced Agricultural Communication Production	
AEC 4052	Communication Campaign Strategies in Agricultural and Life Sciences	
AEC 4434	Communication and Leadership in Groups and Teams	
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> Or equivalent speech course.

<sup>2</sup> Or equivalent writing course.

## Agricultural and Natural Resource Ethics and Policy Minor

The interdisciplinary Agricultural and Natural Resource Ethics and Policy minor is available to undergraduate students who wish to augment their technical training in the agricultural and natural resource-related disciplines with selected liberal arts and sciences courses and College of Agricultural and Life Sciences policy-related courses.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15

Open to all students, the Agricultural and Natural Resource Communication minor provides an opportunity to gain a basic understanding of and to develop a skill level for communication techniques in agriculture and natural resources.

## Required Courses

Code	Title	Credits
AEB 4126	Agricultural and Natural Resource Ethics	3
Agriculture and Natural Resources electives		6
Ethics, Social, and Political Analysis electives		6
<b>Total Credits</b>		<b>15</b>

## Approved Electives

### Agriculture and Natural Resources Electives

Code	Title	Credits
AEB 3450	Introduction to Natural Resource and Environmental Economics <sup>1</sup>	3
AEB 4123	Agricultural and Natural Resource Law	3
AEB 4242	International Trade Policy in Agriculture	3
AEB 4283	International Development Policy	3
AGG 3501	Environment, Food and Society	3
ALS 3133	Agricultural and Environmental Quality	3
EES 4050	Environmental Planning and Design	3
FNR 4660	Natural Resource Policy and Economics	3
FOR 3004	Forests, Conservation and People	3
FOR 3153C	Forest Ecology	3
FOS 4731	Government Regulations and the Food Industry	2
WIS 4523	Human Dimensions of Natural Resource Conservation	3

<sup>1</sup> Cannot take AEB 3450 and ECP 3302 for credit towards the minor.

## Ethics, Social, and Political Analysis Electives

Code	Title	Credits
ANT 4403	Environment and Cultural Behavior	3
ECP 3302	Environmental Economics and Resource Policy <sup>1</sup>	4
GEO 3372	Conservation of Resources	3
PHI 3650	Moral Philosophy	3
PHM 3032	Ethics and Ecology	3
PHM 3202	Political Philosophy	3
POT 2002	Introduction to Political Theory	3
POT 3503	Environmental Ethics and Politics	3

<sup>1</sup> Cannot take ECP 3302 and AEB 3450 for credit towards the minor.

## Agricultural and Natural Resource Law Minor

The Agricultural and Natural Resource Law minor is open to undergraduates from all disciplines who wish to focus on business, environmental, and social regulatory issues related to the production of food, fuel, and fiber.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15

### Required Courses

Code	Title	Credits
AEB 4085	Agricultural Risk Management and the Law	3
AEB 4123	Agricultural and Natural Resource Law	3
Approved electives		9
<b>Total Credits</b>		<b>15</b>

*Other courses with a focus on policy, law, or business structure can be considered by the advisor for the minor.*

### Approved Electives

Code	Title	Credits
AEB 4126	Agricultural and Natural Resource Ethics	
AEB 4242	International Trade Policy in Agriculture	
AEB 4283	International Development Policy	
AEB 4424	Human Resources Management in Agribusiness	
BUL 4310	The Legal Environment of Business	
FNR 4660	Natural Resource Policy and Economics	
FOR 4664	Sustainable Ecotourism Development	
FOS 4731	Government Regulations and the Food Industry	
WIS 4523	Human Dimensions of Natural Resource Conservation	

## Agricultural Curriculum and Development Minor

This minor supplements academic majors and prepares students for careers in school-based agricultural education and other agricultural outreach programming. The minor offers coursework in formal educational methods, curriculum design, and program planning for youth programs.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15

## Department Information

The UF/IFAS Department of Agricultural Education and Communication is a group of faculty, staff and students committed to connecting people with agriculture through agricultural communication, education, leadership development and Extension education.

<b>Total Credits</b>		<b>15</b>

## Agricultural Education and Communication

With a focus on disseminating scientific knowledge, agricultural education and communication professionals empower communities to gain a balanced understanding of food systems, natural resources, and related sciences. Agricultural Education and Communication students supplement core technical agriculture courses with teaching, leadership, or media experiences.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Agricultural Education (p. 120) | Communication and Leadership Development (p. 124)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### Department Information

The UF/IFAS Department of Agricultural Education and Communication is a group of faculty, staff and students committed to connecting people with agriculture through agricultural communication, education, leadership development and Extension education.

**Website** (<https://aec.ifas.ufl.edu/>)

### CONTACT

Email ([caclark@ufl.edu](mailto:caclark@ufl.edu)) | 352.392.0502

Map (<http://campusmap.ufl.edu/#/index/0012>)

### Curriculum

- Agricultural and Natural Resource Communication Minor
- Agricultural Curriculum and Development Minor
- Agricultural Education and Communication
- Combination Degrees
- Extension Education Minor
- Leadership Minor

Two specializations are offered: agricultural education, and communication and leadership development. Each requires core technical agriculture courses and preprofessional education. Department advisors help students in selecting appropriate electives.

## Specializations

### Agricultural Education

With a focus on disseminating scientific knowledge, agricultural education and communication professionals empower communities to gain a balanced understanding of food systems, natural resources, and related sciences. Agricultural Education and Communication students supplement core technical agriculture courses with teaching, leadership, or media experiences.

### Communication and Leadership Development

With a focus on disseminating scientific knowledge, agricultural education and communication professionals empower communities to gain a balanced understanding of food systems, natural resources, and related sciences. Agricultural Education and Communication students supplement core technical agriculture courses with teaching, leadership, or media experiences.

### Academic Learning Compact

Students will learn the knowledge and skills needed to educate individuals, enhance leadership in communities and organizations and communicate ideas and issues to different audiences. Through formal courses and internship experiences, students will learn to apply principles of communication and educational theory to work-based settings; to create, interpret and analyze written and oral messages and multimedia presentations used in agricultural and life sciences; and to educate and communicate agricultural issues effectively to various audiences.

## Before Graduating Students Must

- Agricultural education specialization: Achieve a passing grade on the state of Florida's Professional Knowledge Exam for teacher certification.
- Communication and leadership development specialization: Achieve a minimum grade of C in AEC 4052, the communication and leadership development capstone experience, as evaluated by a committee of faculty.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C.
- Achieve a minimum grade of C in a department internship course (AEC 4942, AEC 4943, AEC 4944 or AEC 4948) or a capstone experience course (AEC 4052).
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Describe, explain and apply fundamental pedagogical concepts, skills and processes.
2. Describe, explain and apply fundamental concepts, skills and processes in technical agriculture.

#### Critical Thinking

3. Analyze and apply data from multiple assessments and measures to diagnose students' learning needs, inform instruction based on those needs and drive the learning process.
4. Critique and assess data-informed research to improve instruction and student achievement.

#### Communication

5. Demonstrate written communication forms in a manner appropriate in agricultural education.
6. Develop oral communication presentations in a manner appropriate in agricultural education.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6

## Curriculum

- Agricultural and Natural Resource Communication Minor
- Agricultural Curriculum and Development Minor

- Agricultural Education and Communication
- Combination Degrees
- Extension Education Minor
- Leadership Minor

The agricultural education specialization provides the basic courses for agricultural teacher certification in Florida. Students must have a minimum 2.5 GPA to enter the teacher education specialization and, during their first semester, attain a passing score on the general knowledge portion of the FTCE. An internship is required for this specialization. In addition, graduates must apply to the Florida Department of Education for certification.

This specialization is also offered at the Gulf Coast Research and Education Center in Plant City, Fla.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 4 critical-tracking courses, excluding labs: AEC 3030C (or equivalent), BSC 2005, BSC 2005L (or any GE-B or P laboratory), EDF 3110 (or equivalent) and MAC 1140 (or equivalent)
- 2.5 GPA required for all critical-tracking courses
- 2.5 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.5 UF GPA required

## Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.5 UF GPA required

## Semester 4

- Complete all lower division critical-tracking courses, including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete one of the remaining upper division critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete two of the remaining upper division critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete three of the remaining upper division critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
AEB 3103	Principles of Food and Resource Economics (Gen Ed Social and Behavioral Sciences)	
BSC 2005	Biological Sciences ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	3
Select one:		1
BSC 2005L	Laboratory in Biological Sciences ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
Gen Ed Biological or Physical Sciences ( <b>Critical Tracking</b> ; Laboratory)		
Select one:		3
EDF 3110	Human Growth and Development ( <b>Critical Tracking</b> )	
EDF 3122	The Young Child ( <b>Critical Tracking</b> )	
EDF 3132	The Young Adolescent ( <b>Critical Tracking</b> )	
EDF 3135	The Adolescent ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
EDF 3210	Educational Psychology ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
State Core Gen Ed Composition (p. 67)		3
Elective		2
<b>Credits</b>		<b>15-16</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
MAC 1140	Precalculus Algebra ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	3
State Core Gen Ed Humanities (p. 67)		3
Gen Ed Biological or Physical Sciences		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Three</b>		
AEC 3030C	Effective Oral Communication ( <b>Critical Tracking</b> )	3
EDF 2085	Teaching Diverse Populations	3
RED 3312	Content Area Literacy	3
Gen Ed Composition		3
STA 2023	Introduction to Statistics 1 (recommended; Gen Ed Mathematics)	3
<b>Credits</b>		<b>15</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Physical Sciences)		3
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
Elective		3
Gen Ed Humanities		3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
<b>Credits</b>		<b>15</b>
<b>Semester Five</b>		
AEB 3133	Principles of Agribusiness Management	3
AEC 4323	Development and Philosophy of Agricultural Education ( <b>Critical Tracking</b> )	3
AEC 4504	Curriculum and Program Planning for Agricultural Education ( <b>Critical Tracking</b> )	3
ANS 3006	Introduction to Animal Science	4
& 3006L	and Introduction to Animal Science Laboratory	
TSL 4324	ESOL Strategies for Content Area Teachers	3
<b>Credits</b>		<b>16</b>

**Semester Six**

AEC 4202	Curriculum Development and Assessment Techniques in Emerging Agricultural Technologies (Critical Tracking)	3
AEC 4228	Laboratory Practices in Teaching Agricultural Education (Critical Tracking)	3
SWS 3022 & 3022L	Introduction to Soils in the Environment and Introduction to Soils in the Environment Laboratory	4
Agricultural or life sciences elective		3
Horticulture or plant science elective		3
<b>Credits</b>		<b>16</b>

**Semester Seven**

AEC 4200	Teaching Methods in Agricultural Education (Critical Tracking)	3
Select one:		3
ENY 3005	Principles of Entomology	
IPM 3022	Fundamentals of Pest Management	
ENY 3007C	Life Science	
ENY 4161	Insect Classification	
AOM 3220	Agricultural Construction and Maintenance	3
Agricultural or life sciences electives		7
<b>Credits</b>		<b>16</b>

**Semester Eight**

AEC 4224	Special Methods in Teaching Agricultural Education (Critical Tracking)	3
AEC 4942	Agricultural Education Internship (Critical Tracking)	9
<b>Credits</b>		<b>12</b>
<b>Total Credits</b>		<b>120</b>

Total agricultural or life sciences courses required: 30 credits in at least four areas.

## Academic Learning Compact

Students will learn the knowledge and skills needed to educate individuals, enhance leadership in communities and organizations and communicate ideas and issues to different audiences. Through formal courses and internship experiences, students will learn to apply principles of communication and educational theory to work-based settings; to create, interpret and analyze written and oral messages and multimedia presentations used in agricultural and life sciences; and to educate and communicate agricultural issues effectively to various audiences.

## Before Graduating Students Must

- Agricultural education specialization: Achieve a passing grade on the state of Florida's Professional Knowledge Exam for teacher certification.
- Communication and leadership development specialization: Achieve a minimum grade of C in AEC 4052, the communication and leadership development capstone experience, as evaluated by a committee of faculty.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C.
- Achieve a minimum grade of C in a department internship course (AEC 4942, AEC 4943, AEC 4944 or AEC 4948) or a capstone experience course (AEC 4052).
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students Will Learn to Student Learning Outcomes (SLOs)

**Content**

1. Describe, explain and apply fundamental pedagogical concepts, skills and processes.
2. Describe, explain and apply fundamental concepts, skills and processes in technical agriculture.

**Critical Thinking**

3. Analyze and apply data from multiple assessments and measures to diagnose students' learning needs, inform instruction based on those needs and drive the learning process.
4. Critique and assess data-informed research to improve instruction and student achievement.

## Curriculum

- Agricultural and Natural Resource Communication Minor
- Agricultural Curriculum and Development Minor
- Agricultural Education and Communication
- Combination Degrees
- Extension Education Minor
- Leadership Minor

Communication and leadership development prepares students for entry into agribusiness and communication positions related to human resource development, strategic communication, governmental relations, media relations, corporate training and development, and non-formal education. To build the capacity of students within the CLD undergraduate specialization to serve as catalysts in society, they will take a sequence of courses in both communication and leadership to build upon individual skill sets and specific interests of the student. All students within this specialization will further enhance their knowledge and skills in communication and leadership within the context of agricultural and life sciences through courses that will provide them foundations in all forms of communication (digital, speaking, and writing) and leadership (interpersonal, groups and teams, organizations and global) in addition to specific areas such as social media, change, public issues and campaign strategies.

To graduate, students must earn minimum grades of C in:

Code	Title	Credits
AEC 3073	Intercultural Communication	3
AEC 3070C	Digital Media Production in Agricultural and Life Sciences	3
AEC 3414	Leadership Development	3
AEC 4031	The Communication Process in Agricultural and Life Sciences	3
AEC 4434	Communication and Leadership in Groups and Teams	3
AEC 4930	Communication and Leadership Development Capstone Experience	1

This specialization is also offered at the Gulf Coast Research and Education Center in Plant City, Fla (<https://www.google.com/maps/place/Plant+City,+FL/@28.0253512,-82.1917233,12z/data=!3m1!4b1!4m5!3m4!1s0x88dd3686cee81c99:0x683674ba29689d2c!8m2!3d28.0186323!4d-82.1128641/>).

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 5 critical-tracking courses, excluding labs: AEC 3030C (or equivalent), AEC 3033C (or equivalent), BSC 2005, BSC 2005L (or any GE-B or P laboratory), MAC 1140 (or equivalent), PSY 2012
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete all critical-tracking courses, including labs
- Complete all lower division critical-tracking courses, including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete AEC 4031
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete two of the remaining upper division critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete three of the remaining upper division critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
AEB 3103	Principles of Food and Resource Economics (Gen Ed Social and Behavioral Sciences)	
BSC 2005	Biological Sciences ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	3
Select one:		1
BSC 2005L	Laboratory in Biological Sciences ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
Any Gen Ed Biological Sciences or Physical Sciences Laboratory ( <b>Critical Tracking</b> )		
State Core Gen Ed Composition (p. 67); Writing Requirement		3
State Core Gen Ed Humanities (p. 67)		3
Elective		2
<b>Credits</b>		<b>15-16</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
AEC 3030C	Effective Oral Communication ( <b>Critical Tracking</b> )	3
MAC 1140	Precalculus Algebra ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	3
Gen Ed Biological or Physical Sciences		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Three</b>		
PSY 2012	General Psychology ( <b>Critical Tracking</b> ; State Core Gen Ed Social and Behavioral Sciences)	3
STA 2023	Introduction to Statistics 1 (recommended; Gen Ed Mathematics )	3
American history or political science elective (Gen Ed Social and Behavioral Sciences)		3
Gen Ed Composition; Writing Requirement		3
Gen Ed Diversity or International		3
<b>Credits</b>		<b>15</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Physical Sciences)		3

AEC 3065	Issues in Agricultural and Life Sciences	3
Agriculture/natural resource elective		3
Electives		6
	<b>Credits</b>	<b>15</b>
<b>Semester Five</b>		
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
AEC 3070C	Digital Media Production in Agricultural and Life Sciences ( <b>Critical Tracking</b> )	3
AEC 3073	Intercultural Communication (Gen Ed Social and Behavioral Sciences with Diversity or International)	3
AEC 3413	Working with People: Interpersonal Leadership Skills	3
AEC 3414	Leadership Development	3
	<b>Credits</b>	<b>15</b>
<b>Semester Six</b>		
AEC 4031	The Communication Process in Agricultural and Life Sciences ( <b>Critical Tracking</b> ; Writing Requirement)	3
Select two:		6
AEC 3071	Social Media Strategy and Leadership for Agricultural and Life Sciences	
AEC 3209	Instructional and Event Planning in Agricultural and Life Sciences	
AEC 3313	Development and Role of Extension Education	
AEC 4036	Advanced Agricultural Communication Production	
AEC 4417	Leadership for Personal and Organizational Change	
AEC 4465	Global Leadership	
AEC 4500	Program Development and Evaluation	
FYC 4408	Organizational Leadership for Nonprofits	
PUR 3000	Principles of Public Relations	
Select one:		3
AEC 3322	Moral Leadership in Agriculture and Natural Resources	
AEB 4085	Agricultural Risk Management and the Law (Fall)	
AEB 4123	Agricultural and Natural Resource Law (Spring)	
AEB 4126	Agricultural and Natural Resource Ethics	
Similar ethics course		
Approved elective in area of concentration		3
	<b>Credits</b>	<b>15</b>
<b>Summer After Semester Six</b>		
AEC 4946	Comm and Lead Dev Internship	3
	<b>Credits</b>	<b>3</b>
<b>Semester Seven</b>		
AEB 3133	Principles of Agribusiness Management	3
AEC 4035	Communication Practices for Agricultural and Life Sciences	3
AEC 4434	Communication and Leadership in Groups and Teams ( <b>Critical Tracking</b> )	3
Approved electives in area of concentration		6
	<b>Credits</b>	<b>15</b>
<b>Semester Eight</b>		
Select two:		6
AEC 3071	Social Media Strategy and Leadership for Agricultural and Life Sciences	
AEC 3209	Instructional and Event Planning in Agricultural and Life Sciences	
AEC 3313	Development and Role of Extension Education	
AEC 4036	Advanced Agricultural Communication Production	
AEC 4417	Leadership for Personal and Organizational Change	
AEC 4465	Global Leadership	
AEC 4500	Program Development and Evaluation	
FYC 4408	Organizational Leadership for Nonprofits	
PUR 3000	Principles of Public Relations	
Agriculture/natural resource elective		3
Approved elective in area of concentration		3
	<b>Credits</b>	<b>12</b>
	<b>Total Credits</b>	<b>120</b>

## Academic Learning Compact

Students will learn the knowledge and skills needed to educate individuals, enhance leadership in communities and organizations and communicate ideas and issues to different audiences. Through formal courses and internship experiences, students will learn to apply principles of communication and educational theory to work-based settings; to create, interpret and analyze written and oral messages and multimedia presentations used in agricultural and life sciences; and to educate and communicate agricultural issues effectively to various audiences.

## Before Graduating Students Must

- Agricultural education specialization: Achieve a passing grade on the state of Florida's Professional Knowledge Exam for teacher certification.
- Communication and leadership development specialization: Achieve a minimum grade of C in AEC 4052, the communication and leadership development capstone experience, as evaluated by a committee of faculty.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C.
- Achieve a minimum grade of C in a department internship course (AEC 4942, AEC 4943, AEC 4944 or AEC 4948) or a capstone experience course (AEC 4052).
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students Will Learn to Student Learning Outcomes (SLOs)

### Content

1. Describe, explain and apply fundamental pedagogical concepts, skills and processes.
2. Describe, explain and apply fundamental concepts, skills and processes in technical agriculture.

### Critical Thinking

3. Analyze and apply data from multiple assessments and measures to diagnose students' learning needs, inform instruction based on those needs and drive the learning process.
4. Critique and assess data-informed research to improve instruction and student achievement.

### Communication

5. Demonstrate written communication forms in a manner appropriate in agricultural education.
6. Develop oral communication presentations in a manner appropriate in agricultural education.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEC 3030C						I, R, A
AEC 3033C					I, R, A	
AEC 3323	I, R					
AEC 4200	I, R			I, R, A		
AEC 4202	I, R		I, R, A		R	
AEC 4224	I, R				R	
AEC 4228	I, R					R
AEC 4942	R	R			R	R
Fla DoE Agriculture Subject Matter Exam		A				
Fla DoE Professional A Certification Exam						
Self-Assessment	A	A	A	A		
Technical Agriculture Coursework		I, R				

## Assessment Types

- Technical agriculture coursework
- Clinical teaching and community profile assignments
- Exams

- Self-assessment
- Florida Department of Education professional teaching certification exam
- Florida Department of Education Agriculture Subject Matter exam

## Agricultural Operations Management

Agricultural Operations Management combines hands-on applied coursework and core business principles with emerging technologies and sustainable methods. Students gain experience in systems management, environmental quality, energy efficiency, agricultural machinery, GIS/GPS technology, remote sensing, irrigation, power systems, water control, and precision agriculture.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### Department Information

The Department of Agricultural and Biological Engineering is founded on developing, teaching, and applying engineering principles to improve and sustain agricultural and biological systems for current and future generations.

**Website** (<https://abe.ufl.edu/>)

#### CONTACT

352.392.1864 (tel) | 352.392.4092 (fax)

P.O. Box 110570  
Frazier Rogers Hall  
1741 Museum Road, Bldg 474  
GAINESVILLE FL 32611-0570  
Map (<http://campusmap.ufl.edu/#/index/0474>)

#### Curriculum

- Agricultural Operations Management
- Biological Engineering
- Combination Degrees
- Packaging Engineering Certificate
- Packaging Science Minor
- Precision Agriculture Minor

Students gain technical experience in systems management, environmental quality, energy efficiency, agricultural machinery, GIS/GPS remote sensing, computers programs, irrigation, power systems, water control and precision agriculture. Through interdisciplinary, holistic training in agricultural, natural systems, and business management, AOM students can identify systems problems, formulate possible solutions, evaluate the impact of alternatives and then implement a best solution.

The curriculum supports students who plan to seek career opportunities in commercial business operations and management. In addition to hands-on applied skills, students also will take courses in economics, accounting, business, finance, sales and business management.

For graduates in AOM, there is an abundance of job opportunities. The program provides a solid foundation in management of technical assets, infrastructure, money, and personnel. Graduates become an integral part of the profitable operations of many types of businesses, such as grove management, commercial nurseries, building construction and materials, cattle operations, regulatory agencies and citrus processing.

A major strength of the AOM program is its small class sizes. Students benefit from engaging discussion in a welcoming environment, interacting with and getting to know professors, and connecting with classmates through hands-on projects, activities and club functions.

The Agricultural Operations Management program is housed in Frazier-Rogers Hall with laboratories, classrooms and a student computing lab, and also features an additional off-site construction laboratory on Museum Road.

The program features electives in focused areas of concentration:

- Sustainable Energy and Facilities
- Agribusiness Management

- Animal Production Management
- Fishery and Aquatic Production
- Horticulture and Crop Management
- Soil and Water Science

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 8 critical-tracking courses, excluding labs, with a minimum grade of C: ACG 2021, BSC 2010 and BSC 2010L, CHM 2045 and CHM 2045L, ENC 2210, MAC 1147 or MAC 2233, PHY 2004 or PHY 2020, PSY 2012, and SPC 2608 or AEC 3030C.
- 2.0 GPA required for all critical-tracking coursework
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course, excluding labs, with a minimum grade of C.
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking course, excluding labs, with a minimum grade of C.
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking course, excluding labs, with a minimum grade of C.
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete remaining critical-tracking courses, including labs, with a minimum grade of C.
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3-4
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> )	
BOT 2010C	Introductory Botany ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
Select one:		3-4
MAC 1147	Precalculus Algebra and Trigonometry ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	
MAC 2233	Survey of Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	
State Core Gen Ed Composition (p. 67); Writing Requirement; with Diversity or International		3

Elective		2
	<b>Credits</b>	<b>14-16</b>
<b>Semester Two</b>		
Select one:		4
ACG 2021	Introduction to Financial Accounting ( <b>Critical Tracking</b> )	
Advisor-approved alternative ( <b>Critical Tracking</b> )		
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Physical Sciences)	4
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics)	3
State Core Gen Ed Humanities with Diversity or International (p. 67)		3
Gen Ed Physical Sciences		3
	<b>Credits</b>	<b>17</b>
<b>Semester Three</b>		
AOM 2520	Global Sustainable Energy: Past, Present and Future	3
Select one:		3-4
AEB 2014	Economic Issues, Food and You	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
Select one:		4
PHY 2004 & 2004L	Applied Physics 1 and Laboratory for Applied Physics 1 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	
PHY 2020 & PHY 2004L	Introduction to Principles of Physics and Laboratory for Applied Physics 1 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	
PSY 2012	General Psychology ( <b>Critical Tracking</b> ; State Core Gen Ed Social and Behavioral Sciences)	3
	<b>Credits</b>	<b>13-14</b>
<b>Semester Four</b>		
Quest 2		3
Select one:		3
AEC 3030C	Effective Oral Communication ( <b>Critical Tracking</b> )	
SPC 2608	Introduction to Public Speaking ( <b>Critical Tracking</b> )	
ENC 2210	Technical Writing ( <b>Critical Tracking</b> ; Gen Ed Composition)	3
Approved elective		3
	<b>Credits</b>	<b>12</b>
<b>Semester Five</b>		
AEB 3300 or MAR 3023	Agricultural and Food Marketing or Principles of Marketing	3-4
AEB 3133 or MAN 3025	Principles of Agribusiness Management or Principles of Management	3-4
AOM 3220	Agricultural Construction and Maintenance	3
AOM 3333	Pesticide Application Techniques	3
Approved elective		3
	<b>Credits</b>	<b>15-17</b>
<b>Summer After Semester Five</b>		
AOM 3734	Irrigation Principles and Practices in Florida	3
	<b>Credits</b>	<b>3</b>
<b>Semester Six</b>		
ALS 3133 or AOM 4521	Agricultural and Environmental Quality or Introduction to Biofuels	3
AOM 4314C	Power and Machinery Management	3
SWS 3022	Introduction to Soils in the Environment	3
Approved electives		6
	<b>Credits</b>	<b>15</b>
<b>Semester Seven</b>		
Select one business law, ethics, or human resources course:		3-4
AEB 4085	Agricultural Risk Management and the Law	
AEB 4123	Agricultural and Natural Resource Law	
AEB 4126	Agricultural and Natural Resource Ethics	
BUL 4310	The Legal Environment of Business	
AOM 4642	Environmental Systems for Agricultural Structures	3
AOM 4643	Environmental Hydrology: Principles and Issues	3
AOM 4933	Professional Practices in Agricultural Operations Management	1

Approved electives		6
	<b>Credits</b>	<b>16-17</b>
<b>Semester Eight</b>		
AOM 4434	Precision Agriculture	3
AOM 4444C	Electrical Power and Instrumentation for Agricultural Operations Management	3
AOM 4455	Agricultural Operations and Systems	3
AOM 4461	Sustainable Agricultural Systems	3
Approved elective		3
	<b>Credits</b>	<b>15</b>
	<b>Total Credits</b>	<b>120</b>

### Academic Learning Compact

The Agricultural Operations Management (AOM) curriculum integrates business and technical knowledge of agricultural operations. Knowledge is developed through formal courses, laboratory experimentation and individual experience. Students will learn to incorporate technical agricultural skills with modern business techniques and to communicate these results effectively in an appropriate presentation style.

## Before Graduating Students Must

- Complete modules, assignments, exams, projects, and presentations that fulfill the Student Learning Outcomes (SLOs) in the Agricultural Operations Management program, presented in three parts. One part will be given in one or more of the following required courses:

Code	Title	Credits
AOM 4455	Agricultural Operations and Systems	3
AOM 3734	Irrigation Principles and Practices in Florida	3
AOM 4314C	Power and Machinery Management	3
or AOM 3734	Irrigation Principles and Practices in Florida	
AOM 4642	Environmental Systems for Agricultural Structures	3
or AOM 4434	Precision Agriculture	

Note: Completion of these requirements ensures that students meet the expectations, goals, and learning outcomes of the program. All courses listed above are required in the AOM major. Student learning outcomes in the AOM program (see below) are either introduced, reinforced, and/or assessed in these courses (see Curriculum Map).

- Satisfactory completion of final project in AOM 4455.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

- Describe fundamental concepts, skills, and processes in agricultural operations management.
- Apply fundamental concepts, skills, and processes in agricultural operations management.

#### Critical Thinking

- Critically evaluate information or data in agricultural operations management.
- Solve problems in agricultural operations management.

#### Communication

- Communicate effectively in written form in a manner appropriate in agricultural operations management.
- Communicate effectively orally in a manner appropriate in agricultural operations management.

## Curriculum Map

I = Introduced; R = Reinforced; A = Assessed

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEC 3030C						I
AEC 3033C					I	
AOM 2520	I		I		A	R
AOM 3220	I	I	I

- Final grades

## Agroecology and Sustainable Food Systems Certificate

The Agroecology and Sustainable Food Systems certificate explores the natural and social systems that guide sustainable agriculture. It provides interdisciplinary training and hands-on field research to teach the principles and practices of agroecological production within the context of environmental, social, and economic challenges. It prepares students for graduate programs or professions utilizing systems-thinking skills.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 12
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Department Information

The Department of Agronomy's vision is to improve and sustain food production while conserving natural resources and promoting healthy and active lives by creating and disseminating knowledge in the plant sciences. The department's mission is to achieve excellence in the science of using plants for food, feed, fuel, fiber and turf, as well as in the management of weed species, through research, teaching, and outreach programs that serve the people of Florida, our nation, and the world.

### Curriculum

- /UGRD/colleges-schools/UGAGL/AGL\_UCT13/
- Agroecology and Sustainable Food Systems Certificate
- Combination Degrees
- Golf and Sports Turf Management Minor
- Plant Science

This certificate must contain six required credits, three credits from Natural Sciences and three from Social Sciences.

## Required Courses

Code	Title	Credits
ALS 4914	Project Team Research: Building Skills in Agrobiology	3
AGR 4212	Alternative Cropping Systems (Select one Natural Sciences course:)	3
Select one Natural Sciences course:		3
ALS 3153	Agricultural Ecology	
IDS 2935	Special Topics (Living and Eating on Earth)	
SWS 4207	Sustainable Agricultural and Urban Land Management	
Select one Social Sciences course:		3

AEB 3671	Comparative World Agriculture
AEB 4126	Agricultural and Natural Resource Ethics
ALS 3030C	Urban Agriculture
FYC 3521	Community Food Systems

**Total Credits****12**

## Animal Genetics Certificate

The Animal Genetics certificate provides a background in Mendelian, population, and quantitative genetic inheritance, in-depth knowledge of genetic improvement and management programs, and the application of genetic principles towards the improvement of the health and production of livestock and domestic animals.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 11
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Department Information

The Department of Animal Sciences creates new solutions to tomorrow's problems in the areas of teaching, research, and extension, by integrating the most modern technologies available with personal expertise and attention to the needs of both students and industry.

**Website** (<https://animal.ifas.ufl.edu/>)

### Curriculum

- Animal Genetics Certificate
- Animal Sciences
- Combination Degrees

Students of sophomore standing or higher may enroll in this certificate, or with department permission.

### Required Courses

Code	Title	Credits
ANS 4382	Equine Genetics	2
ANS 4383	Genetic analyses of complex traits in livestock	3
ANS 3384C	Genetics of Domestic Animals	3
ANS 4388	Canine and Feline Genetics	3

**Total Credits****11**

## Animal Sciences

Animal Sciences graduates work with the science and business of producing domestic livestock species or animal-related products. They may also pursue veterinary studies for future work with companion animals, livestock, or other species. Animal Sciences students study biotechnology, reproduction, genetics, nutrition, physiology, growth, behavior, management, and food processing.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Animal Biology (p. 136) | Equine (p. 140) | Food Animal (p. 145) | Integrative Animal Sciences (p. 149)
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

## Department Information

The Department of Animal Sciences creates new solutions to tomorrow's problems in the areas of teaching, research, and extension, by integrating the most modern technologies available with personal expertise and attention to the needs of both students and industry.

**Website** (<https://animal.ifas.ufl.edu/>)

### CONTACT

P.O. BOX 110910

2250 Shealy Drive

GAINESVILLE FL 32608

Map (<http://campusmap.ufl.edu/#/index/0459>)

### Curriculum

- Animal Genetics Certificate
- Animal Sciences
- Combination Degrees

By choosing appropriate electives, students can earn a minor or a dual major in agribusiness management, extension education or agricultural operations management while completing the degree requirements for the equine or food animal specialization.

## Animal Biology

Animal Sciences graduates work with the science and business of producing domestic livestock species or animal-related products. They may also pursue veterinary studies for future work with companion animals, livestock, or other species. Animal Sciences students study biotechnology, reproduction, genetics, nutrition, physiology, growth, behavior, management, and food processing.

## Equine

Animal Sciences graduates work with the science and business of producing domestic livestock species or animal-related products. They may also pursue veterinary studies for future work with companion animals, livestock, or other species. Animal Sciences students study biotechnology, reproduction, genetics, nutrition, physiology, growth, behavior, management, and food processing.

## Academic Learning Compact

Animal sciences majors receive a broad education in the healthy production of animals and animal products. Students' knowledge will be developed through formal courses, laboratories and field trips and will be applied in internships, team projects and presentations. Students will develop the ability to apply conceptual knowledge to solve problems in animal production and to make management decisions.

## Before Graduating Students Must

- Pass the animal sciences competency exam, given in three parts. One part will be given in each of these required courses:

Code	Title	Credits
ANS 3006	Introduction to Animal Science	3
ANS 3043	Growth and Development of Farm Animals	3
ANS 3319C	Reproductive Physiology and Endocrinology in Domestic Animals	4

- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Describe and explain fundamental concepts, skills and processes in animal sciences.
2. Apply fundamental concepts, skills and processes in animal sciences.

**Critical Thinking**

3. Critically evaluate information (or data) in animal sciences.
4. Solve problems in animal sciences.

**Communication**

5. Effectively communicate in written form in a manner appropriate in animal sciences.
6. Effectively communicate orally in a manner appropriate in animal sciences.

**Curriculum**

- Animal Genetics Certificate
- Animal Sciences
- Combination Degrees

This specialization is for students who wish to pursue professional or graduate programs. Students who plan to apply to the UF College of Veterinary Medicine in the equine, food animal or mixed-practice tracks are encouraged to select electives from the animal sciences programs.

By choosing appropriate electives, students can earn a minor or a dual major in agribusiness management, extension education or agricultural operations management while completing the degree requirements for the equine or food animal specialization.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 5 critical-tracking courses, excluding labs: BSC 2010 and BSC 2010L, BSC 2011 and BSC 2011L, CHM 2045 and CHM 2045L, CHM 2046 and CHM 2046L, MAC 1147
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 2 additional critical-tracking course, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- Complete CHM 2210 with minimum grade of C attained within two attempts (including withdrawals)
- Complete ANS 3006 and ANS 3006L
- 2.5 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete ANS 3043 or ANS 3319C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete ANS 3043 or ANS 3319C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete MCB 3020 and MCB 3020L
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
ENC 1101	Expository and Argumentative Writing (State Core Gen Ed Composition (p. 67); Writing Requirement)	3
State Core Gen Ed Humanities (p. 67)		3
Elective		3
	<b>Credits</b>	<b>13</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
ECO 2013	Principles of Macroeconomics (State Core Gen Ed Social and Behavioral Sciences (p. 67))	4
ENC 1102	Argument and Persuasion (Gen Ed Composition)	3
	<b>Credits</b>	<b>17</b>
<b>Semester Three</b>		
Quest 2 (Gen Ed Social and Behavioral Sciences)		3
AEC 3033C or ENC 2210	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement) or Technical Writing	3
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
Electives		6
	<b>Credits</b>	<b>16</b>
<b>Semester Four</b>		
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
MAC 1147	Precalculus Algebra and Trigonometry ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
Gen Ed Diversity or International		3
Electives		4
	<b>Credits</b>	<b>15</b>
<b>Semester Five</b>		
ANS 3006 & 3006L	Introduction to Animal Science and Introduction to Animal Science Laboratory ( <b>Critical Tracking</b> )	4
ANS 3440	Principles of Animal Nutrition	4
CHM 2210	Organic Chemistry 1 ( <b>Critical Tracking</b> )	3
Elective		3
	<b>Credits</b>	<b>14</b>
<b>Semester Six</b>		
ANS 2XXX	Careers in Animal Sciences or ANS 2090: Survey of Vet Professions	2
ANS 3319C	Reproductive Physiology and Endocrinology in Domestic Animals ( <b>Critical Tracking</b> )	4
CHM 2211 & 2211L	Organic Chemistry 2 and Organic Chemistry Laboratory	5

Approved elective		3
	<b>Credits</b>	<b>14</b>
<b>Semester Seven</b>		
ANS 3043	Growth and Development of Farm Animals ( <b>Critical Tracking</b> )	3
BCH 3025	Fundamentals of Biochemistry <sup>1</sup>	4
or BCH 4024	or Introduction to Biochemistry and Molecular Biology	
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics)	3
Approved elective		3
Elective		3
	<b>Credits</b>	<b>16</b>
<b>Semester Eight</b>		
MCB 3020	Basic Biology of Microorganisms	4
& 3020L	and Laboratory for Basic Biology of Microorganisms ( <b>Critical Tracking</b> )	
ANS 3384C	Genetics of Domestic Animals	3
Approved elective		2
Electives		6
	<b>Credits</b>	<b>15</b>
	<b>Total Credits</b>	<b>120</b>

<sup>1</sup> BCH 3025 does not meet Veterinary, Medical, or Dental School requirements.

## Approved Electives

Students must take a minimum of 8 credits of ANS courses in addition to the ANS courses listed in the model semester plan; 4 credits each of lecture and laboratory courses.

Code	Title	Credits
<b>Lecture</b>		
ANS 2002	The Meat We Eat	3
ANS 2090	Survey of Veterinary Professions	2
ANS 3008	Livestock Behavior and Welfare	3
ANS 2615C	Introduction to livestock and meat evaluation	3
ANS 3216	Introduction to Equine Science	3
ANS 3251	Biology and Management of Dairy Cattle	2
ANS 3384C	Genetics of Domestic Animals	3
ANS 3404C	Food Animal Nutrition and Feeding	4
ANS 3405	Equine Nutrition and Feeding Management	2
ANS 3934	Careers in the Livestock Industry	2
ANS 4243	Beef Cow-Calf Management	5
ANS 4245	Beef Background and Feedlot Management	2
ANS 4382	Equine Genetics	2
ANS 4701	Physiology of the Mammary Gland and Lactation	2
ANS 4931	Senior Seminar	1
ANS 4318C	Equine Reproductive Management	3
ANS 4623C	Pork Production	3
VME 4103	Livestock Health/Disease Prevention	2
<b>Laboratory</b>		
ANS 3217C	Equine Health Management	2
ANS 3239L	Techniques in Equine Science	2
ANS 3246L	Beef Production Practicum	2
ANS 3250L	Dairy Cattle Practicum	2
ANS 3613C	Value determination of meat animals	3
ANS 3634C	Meats	3
ANS 4079C	Relationship of Form to Function in Horses	3
ANS 4212L	Techniques in Farrier Science	1-2
ANS 4231	Practicum in Horse Management and Training Technique	1
ANS 4240C	Discovery of Sustainable Cattle Systems	2
ANS 4389L	Molecular Techniques in Domestic Animal Genetics	2
ANS 4635C	Meat Processing	3

## Academic Learning Compact

Animal sciences majors receive a broad education in the healthy production of animals and animal products. Students' knowledge will be developed through formal courses, laboratories and field trips and will be applied in internships, team projects and presentations. Students will develop the ability to apply conceptual knowledge to solve problems in animal production and to make management decisions.

## Before Graduating Students Must

- Pass the animal sciences competency exam, given in three parts. One part will be given in each of these required courses:

Code	Title	Credits
ANS 3006	Introduction to Animal Science	3
ANS 3043	Growth and Development of Farm Animals	3
ANS 3319C	Reproductive Physiology and Endocrinology in Domestic Animals	4

- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Describe and explain fundamental concepts, skills and processes in animal sciences.
2. Apply fundamental concepts, skills and processes in animal sciences.

#### Critical Thinking

3. Critically evaluate information (or data) in animal sciences.
4. Solve problems in animal sciences.

#### Communication

5. Effectively communicate in written form in a manner appropriate in animal sciences.
6. Effectively communicate orally in a manner appropriate in animal sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEC 3030C						I, R, A
AEC 3033C					I, R, A	
ANS 3006	I	I			R	
ANS 3043	R	R	I	R	R	
ANS 3319C	R	R	I	I, R	R	
ANS 4931	R	R	R	R	R	R
Academic Assessment Exam	A	A	A	A		

## Assessment Types

- Grades
- Academic assessment exam
  - Students in the equine specialization must complete a case study in ANS 4234
  - Students in the food animal specialization must complete an economic assessment plan in ANS 3613C

## Equine

Animal Sciences graduates work with the science and business of producing domestic livestock species or animal-related products. They may also pursue veterinary studies for future work with companion animals, livestock, or other species. Animal Sciences students study biotechnology, reproduction, genetics, nutrition, physiology, growth, behavior, management, and food processing.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Animal Biology (p. 136) | Equine (p. 140) | Food Animal (p. 145) | Integrative Animal Sciences (p. 149)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Animal Sciences creates new solutions to tomorrow's problems in the areas of teaching, research, and extension, by integrating the most modern technologies available with personal expertise and attention to the needs of both students and industry.

### Curriculum

- Animal Genetics Certificate
- Animal Sciences
- Combination Degrees

By choosing appropriate electives, students can earn a minor or a dual major in agribusiness management, extension education or agricultural operations management while completing the degree requirements for the equine or food animal specialization.

Career preparation can be strengthened through electives.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 6 critical-tracking courses, excluding labs: BSC 2010 and BSC 2010L, BSC 2011 and BSC 2011L, CHM 2045 and CHM 2045L, MAC 1147, STA 2023, and AEB 2014 or ECO 2013 or ECO 2023
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- Complete ANS 3006 and ANS 3006L
- 2.0 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete ANS 3043 or ANS 3319C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete ANS 3043 or ANS 3319C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete ANS 4931 and ANS 4941
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4

1. Describe and explain fundamental concepts, skills and processes in animal sciences.
2. Apply fundamental concepts, skills and processes in animal sciences.

#### Critical Thinking

3. Critically evaluate information (or data) in animal sciences.
4. Solve problems in animal sciences.

#### Communication

5. Effectively communicate in written form in a manner appropriate in animal sciences.
6. Effectively communicate orally in a manner appropriate in animal sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEC 3030C						I, R, A
AEC 3033C					I, R, A	
ANS 3006	I	I			R	
ANS 3043	R	R	I	R	R	
ANS 3319C	R	R	I	I, R	R	
ANS 4931	R	R	R	R	R	R
Academic Assessment Exam	A	A	A	A		

## Assessment Types

- Grades
- Academic assessment exam
  - Students in the equine specialization must complete a case study in ANS 4234
  - Students in the food animal specialization must complete an economic assessment plan in ANS 3613C

## Integrative Animal Sciences

Animal Sciences graduates work with the science and business of producing domestic livestock species or animal-related products. They may also pursue veterinary studies for future work with companion animals, livestock, or other species. Animal Sciences students study biotechnology, reproduction, genetics, nutrition, physiology, growth, behavior, management, and food processing.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Animal Biology (p. 136) | Equine (p. 140) | Food Animal (p. 145) | Integrative Animal Sciences (p. 149)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Animal Sciences creates new solutions to tomorrow's problems in the areas of teaching, research, and extension, by integrating the most modern technologies available with personal expertise and attention to the needs of both students and industry.

GAINESVILLE FL 32608

Map (<http://campusmap.ufl.edu/#/index/0459>)

### Curriculum

- Animal Genetics Certificate
- Animal Sciences
- Combination Degrees

This specialization is for students who wish to obtain a customized degree in animal sciences with a focus on a discipline rather than an animal species and are not pursuing a professional program in the health sciences. Examples include integration of the animal sciences with advanced training in artificial intelligence, or reproduction, or animal behavior, or environmental sciences. By choosing appropriate electives, students can earn a minor or a dual major in other fields.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## SEMESTER 1

- Complete 2 of 6 critical-tracking courses, excluding labs: BSC 2010 and BSC 2010L, BSC 2011 and BSC 2011L, CHM 2045 and CHM 2045L, MAC 1147, STA 2023, and AEB 2014 or ECO 2013 or ECO 2023
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 3

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 4

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 5

- Complete all critical-tracking courses, including labs
- Complete ANS 3006 and ANS 3006L
- 2.0 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## SEMESTER 6

- Complete ANS 3043 or ANS 3319C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## SEMESTER 7

- Complete ANS 3043 or ANS 3319C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## SEMESTER 8

- Complete ANS 4931 and ANS 4941
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
ENC 1101	Expository and Argumentative Writing (State Core Gen Ed Composition (p. 67); Writing Requirement)	3
MAC 1147	Precalculus Algebra and Trigonometry (State Core Gen Ed Mathematics (p. 67))	4
State Core Gen Ed Humanities with Diversity (p. 67)		3
	<b>Credits</b>	<b>14</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; State Core Gen Ed Social and Behavioral Sciences)	4
ENC 1102	Argument and Persuasion (Gen Ed Composition)	3
	<b>Credits</b>	<b>17</b>
<b>Semester Three</b>		
Quest 2 (Gen Ed Social and Behavioral Sciences)		3
Select one:		3
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	
ENC 2210	Technical Writing	
ANS 2090	Survey of Veterinary Professions (or ANS 2XXX Careers in Animal Sciences)	2
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Biological and Physical Sciences)	4
Elective		3
	<b>Credits</b>	<b>15</b>
<b>Semester Four</b>		
MCB 2000 & 2000L	Microbiology and Microbiology Laboratory (Gen Ed Biological Sciences)	4
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
Gen Ed Diversity with International Approved electives		3
	<b>Credits</b>	<b>15</b>
<b>Semester Five</b>		
ANS 3006 & 3006L	Introduction to Animal Science and Introduction to Animal Science Laboratory ( <b>Critical Tracking</b> )	4
ANS 3440	Principles of Animal Nutrition	4
ANS Advisor approved electives		6
	<b>Credits</b>	<b>14</b>
<b>Semester Six</b>		
ANS 3319C	Reproductive Physiology and Endocrinology in Domestic Animals ( <b>Critical Tracking</b> )	4
ANS 3384C	Genetics of Domestic Animals	3
ANS Advisor approved electives		4
Approved electives		4
	<b>Credits</b>	<b>15</b>
<b>Summer After Semester Six</b>		
ANS 4941	Full-Time Practical Work Experience in Animal Science ( <b>Critical Tracking</b> )	3-8
	<b>Credits</b>	<b>3-8</b>
<b>Semester Seven</b>		
ANS 3043	Growth and Development of Farm Animals ( <b>Critical Tracking</b> )	3
ANS 4931	Senior Seminar	1
ANS Advisor approved electives		10
	<b>Credits</b>	<b>14</b>

**Semester Eight**

ANS 4905	Problems in Animal Science (Capstone Experience)	2
ANS Advisor approved electives		11
<b>Credits</b>		<b>13</b>
<b>Total Credits</b>		<b>120</b>

**Academic Learning Compact**

Animal sciences majors receive a broad education in the healthy production of animals and animal products. Students' knowledge will be developed through formal courses, laboratories and field trips and will be applied in internships, team projects and presentations. Students will develop the ability to apply conceptual knowledge to solve problems in animal production and to make management decisions.

**Before Graduating Students Must**

- Pass the animal sciences competency exam, given in three parts. One part will be given in each of these required courses:

Code	Title	Credits
ANS 3006	Introduction to Animal Science	3
ANS 3043	Growth and Development of Farm Animals	3
ANS 3319C	Reproductive Physiology and Endocrinology in Domestic Animals	4

- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to****Student Learning Outcomes (SLOs)****Content**

1. Describe and explain fundamental concepts, skills and processes in animal sciences.
2. Apply fundamental concepts, skills and processes in animal sciences.

**Critical Thinking**

3. Critically evaluate information (or data) in animal sciences.
4. Solve problems in animal sciences.

**Communication**

5. Effectively communicate in written form in a manner appropriate in animal sciences.
6. Effectively communicate orally in a manner appropriate in animal sciences.

**Curriculum Map**

# Beekeeping Certificate

The Beekeeping certificate prepares students with a foundational knowledge of honey bee biology and the craft of beekeeping. Additionally, this certificate provides theoretical and practical learning opportunities, based on current research that encompasses the many elements of beekeeping worldwide.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

**Website** (<http://entomology.ifas.ufl.edu/>)

ALS 3153	Agricultural Ecology	3
ENY 2041C	Practical Beekeeping	3
ENY 3005 & 3005L	Principles of Entomology and Principles of Entomology Laboratory	3
ENY 4208	Ecology and Conservation of Pollinators	3
ENY 4455C	Social Insects	3
ORH 3513C	Environmental Plant Identification and Use	3

## Bioinformatics Minor

This minor provides solid exposure to bioinformatics with an emphasis on microbes. With the avalanche of genomic information available, bioinformatics skills are necessary to mine and analyze genomic data.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15-16 | Completed with minimum grades of C
- **Contact:** Email (vcrecy@ufl.edu) | Email (bryank@ufl.edu)

### Department Information

The Department of Microbiology & Cell Science is committed to excellence in education, research and service to the community. The curriculum provides an excellent preparation for students who wish to enter the workforce or continue their education in professional programs such as medical, dental, pharmacy, veterinary programs, graduate school, or public health degrees. BS degrees are offered through both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and the MS and PhD degrees are offered through the College of Agricultural and Life Sciences. Combination degrees are available.

**Website** (<http://microcell.ufl.edu/>)

- Pathogenesis Minor
- Pathogenesis Minor UF Online

*This minor is open to all students who have a science background and who meet course prerequisites.*

It is particularly appropriate for students majoring in biology, mathematics, microbiology and cell science, statistics and zoology, and for students who are interested in professional programs in dentistry, medicine and pharmacy.

Microbiology and cell science majors should meet with their academic advisors before applying to this minor to plan a program of study. No more than three credits of the required courses below and 3-4 credits of the electives below can count toward both the major and the minor.

There are 12 required credits, consisting of three courses and a capstone independent study course, and one 3 or 4 credit elective.

### Required Courses

Code	Title	Credits
Select one:		3
BSC 2891	Python Programming for Biology (spring only)	
CAP 5510	Bioinformatics (fall only)	
BSC 4434C	Introduction to Bioinformatics	3
BSC 4913	Independent Research in Bioinformatics	3
MCB 4320C	The Microbiome (spring only)	3
Approved elective		3-4
<b>Total Credits</b>		<b>15-16</b>

## Approved Electives

Code	Title	Credits
BSC 4914	Advanced Independent Research in Bioinformatics	3
HOS 3305	Introduction to Plant Molecular Biology (fall only)	3
MAP 4484	Modeling in Mathematical Biology (spring only)	3
PCB 3063	Genetics	4
PCB 4674	Evolution (fall and spring only)	4
PCB 5065	Advanced Genetics (fall only)	4

## Biology | CALS

This program provides a broad, general overview of the structure, function, growth, origin, evolution, and distribution of living organisms. Biology students take courses in biology, chemistry, physics, calculus, and statistics. The major is flexible and combines the faculty and resources of two UF colleges to prepare students for career success.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Applied Biology (p. 158) | Biotechnology (p. 164) | Natural Science (p. 170) | Preprofessional (p. 176)
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements*

The Biology major develops fundamental knowledge of animals, plants, and microorganisms. The four specializations offered by the College of Agricultural and Life Sciences are tailored to meet the needs of preprofessional students, those preparing for graduate studies in biology, or specialized areas such as bioinformatics, ecology, genetics, and molecular biology and those seeking a career in biotechnology, education, natural resource management, and environmental or biotechnology law.

### Coursework for the Major

College of Agricultural and Life Sciences (CALS) students in the biology major choose one of four specializations: applied biology, biotechnology, natural science, or preprofessional biology. These specializations require significant introductory coursework and credits in general biology, calculus and/or statistics, general chemistry, organic chemistry, and physics. Students who are uncertain about which specialization to choose should consult a biology advisor for information and guidance on curriculum planning. Students can individualize their curriculum through approved specialization electives in the life sciences.

#### Applied Biology

For students interested in learning how fundamental biology is applied to solving problems. This specialization provides exposure to the major issues facing sustainability of human populations and natural resources.

#### Biotechnology

Prepares students for careers where knowledge of molecular biology and genetic engineering are important. Students will have the opportunity to learn various techniques and scientific procedures in molecular biology, virology, bioengineering, cell and tissue culture and bioinformatics.

#### Natural Science

For students interested in descriptive and interpretive biology, with an emphasis on field biology. The specialization provides exposure to the major forms of flora and fauna, and integrates some of the major elements that influence flora and fauna, namely soil/water relations and human activities.

#### Preprofessional

For students preparing for admission to medical, dental, optometry, veterinary, or other professional schools.

## Relevant Minors and/or Certificates

### UFTeach Program

There is a severe shortage of qualified secondary school biology teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see a biology advisor or the UFTeach advisor. UFTeach students complete the UFTeach minor in science teaching with their BS in Biology and have the coursework and preparation for professional teacher certification in Florida when they graduate.

More Info (<http://education.ufl.edu/uf-teach/>)

### Bioinformatics

Bioinformatics skills are valuable for students who may seek careers which will necessitate the analysis of genomic data. This minor provides students the opportunity to learn programming skills, mine genomic data, and participate in independent research.

## Research

All biology majors are encouraged to participate in research. Research experience is valuable on many levels: It diversifies the college experience; teaches how scientists apply the knowledge gained in the classroom to real world questions; provides the opportunity to work with and get to know researchers who are the best in their field; enables participation in cutting edge scientific questions and techniques; enhances the student's resume/CV when applying to graduate or professional school; and finally, it is essential to help the student determine if science is an appropriate career choice.

More Info (<http://major.biology.ufl.edu/do-research/>)

CALS biology majors may participate in research for course credit as a scholar (e.g., University Scholar, HHMI Science for Life Scholar), as a volunteer, or, in rare cases, as a paid research assistant.

### Academic Learning Compact

Biology is the study of the many diverse forms, processes and systems of life. These studies range across all levels of the biological hierarchy, from the simplest to the most complex life forms, across all environments on the earth and across recent and evolutionary time that interconnects ancestors to their descendants.

To understand this vast diversity, the field of biology correspondingly relies on integrative and comparative approaches for the resolution of the general processes, principles and unifying themes that govern living systems. Biology is therefore very interdisciplinary and biologists rely on knowledge from the physical sciences and mathematics, as well as from across the disciplines and subdisciplines of biology for advances and breakthroughs.

The biology major is administered jointly by the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences.

## Before Graduating Students Must

- Achieve a passing score for all content subsections of the Major Field Test for Biology. Content subscore areas are molecular biology and genetics, organismal biology, evolution, ecology and population biology.
- Achieve a passing score on the analytical skills assessment indicator of the Major Field Test for Biology.
- Achieve a passing score on the bioethics module quiz in BSC 4936. The content of the module and quiz are reviewed and approved by a faculty committee.
- Achieve a passing score on the scientific literacy paper assignment given in BSC 4936. This paper is graded using a faculty-developed rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify, describe and explain the basic terminology, concepts, methodologies and theories used within the biological sciences.

#### Critical Thinking

2. Analyze biological information and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

#### Communication

4. Communicate knowledge, ideas and reasoning clearly and effectively in written or oral forms appropriate to the biological sciences.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete CHM 2045/CHM 2045L or MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete CHM 2045/CHM 2045L and MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete BSC 2010/BSC 2010L and CHM 2046/CHM 2046L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete BSC 2011/BSC 2011L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete a minimum of 2 of the remaining Applied Biology 3xxx/4xxx required core courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete a minimum of 2 of the remaining Applied Biology 3xxx/4xxx required core courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all the remaining Applied Biology 3xxx/4xxx required core courses
- Complete BSC 4936 (Capstone)
- Complete all critical-tracking courses, including labs
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
State Core Gen Ed Composition (p. 67)		3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		2
<b>Credits</b>		<b>15</b>
<b>Semester Two</b>		
Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
AEB 3103	Principles of Food and Resource Economics (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	

CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	4
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Humanities (p. 67)		3
<b>Credits</b>		<b>14-15</b>
<b>Semester Three</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	4
Select one:		3-4
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics )	
MAC 2312	Analytic Geometry and Calculus 2 (Gen Ed Mathematics )	
Gen Ed Composition; Writing Requirement		3
Electives		5
<b>Credits</b>		<b>15-16</b>
<b>Semester Four</b>		
Quest 2		3
AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
Select one:		4
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> )	
BOT 2011C	Plant Diversity ( <b>Critical Tracking</b> )	
Select one:		3-4
CHM 2210	Organic Chemistry 1	
CHM 2200 & 2200L	Fundamentals of Organic Chemistry and Fundamentals of Organic Chemistry Laboratory	
Applied biology course		3

Applied biology course		3
Electives		4
	<b>Credits</b>	<b>15-16</b>
	<b>Total Credits</b>	<b>120</b>

<sup>1</sup> Not required if CHM 2200 and CHM 2200L were taken.

## Academic Learning Compact

Biology is the study of the many diverse forms, processes and systems of life. These studies range across all levels of the biological hierarchy, from the simplest to the most complex life forms, across all environments on the earth and across recent and evolutionary time that interconnects ancestors to their descendants.

To understand this vast diversity, the field of biology correspondingly relies on integrative and comparative approaches for the resolution of the general processes, principles and unifying themes that govern living systems. Biology is therefore very interdisciplinary and biologists rely on knowledge from the physical sciences and mathematics, as well as from across the disciplines and subdisciplines of biology for advances and breakthroughs.

The biology major is administered jointly by the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences.

## Before Graduating Students Must

- Achieve a passing score for all content subsections of the Major Field Test for Biology. Content subscore areas are molecular biology and genetics, organismal biology, evolution, ecology and population biology.
- Achieve a passing score on the analytical skills assessment indicator of the Major Field Test for Biology.
- Achieve a passing score on the bioethics module quiz in BSC 4936. The content of the module and quiz are reviewed and approved by a faculty committee.
- Achieve a passing score on the scientific literacy paper assignment given in BSC 4936. This paper is graded using a faculty-developed rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify, describe and explain the basic terminology, concepts, methodologies and theories used within the biological sciences.

#### Critical Thinking

2. Analyze biological information and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

#### Communication

4. Communicate knowledge, ideas and reasoning clearly and effectively in written or oral forms appropriate to the biological sciences.

# Biotechnology

This program provides a broad, general overview of the structure, function, growth, origin, evolution, and distribution of living organisms. Biology students take courses in biology, chemistry, physics, calculus, and statistics. The major is flexible and combines the faculty and resources of two UF colleges to prepare students for career success.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Applied Biology (p. 158) | Biotechnology (p. 164) | Natural Science (p. 170) | Preprofessional (p. 176)
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements*

This specialization prepares students for careers where knowledge of molecular biology and genetic engineering are important. Students will have the opportunity to learn various techniques and scientific procedures in molecular biology, virology, bioengineering, cell and tissue culture, microscopy and bioinformatics. They also will be prepared for graduate study in the biological sciences.

The Biology major develops fundamental knowledge of animals, plants, and microorganisms. The four specializations offered by the College of Agricultural and Life Sciences are tailored to meet the needs of preprofessional students, those preparing for graduate studies in biology, or

specialized areas such as bioinformatics, ecology, genetics, and molecular biology and those seeking a career in biotechnology, education, natural resource management, and environmental or biotechnology law.

## Coursework for the Major

College of Agricultural and Life Sciences (CALS) students in the biology major choose one of four specializations: applied biology, biotechnology, natural science, or preprofessional biology. These specializations require significant introductory coursework and credits in general biology, calculus and/or statistics, general chemistry, organic chemistry, and physics. Students who are uncertain about which specialization to choose should consult a biology advisor for information and guidance on curriculum planning. Students can individualize their curriculum through approved specialization electives in the life sciences.

### Applied Biology

For students interested in learning how fundamental biology is applied to solving problems. This specialization provides exposure to the major issues facing sustainability of human populations and natural resources.

### Biotechnology

Prepares students for careers where knowledge of molecular biology and genetic engineering are important. Students will have the opportunity to learn various techniques and scientific procedures in molecular biology, virology, bioengineering, cell and tissue culture and bioinformatics.

### Natural Science

For students interested in descriptive and interpretive biology, with an emphasis on field biology. The specialization provides exposure to the major forms of flora and fauna, and integrates some of the major elements that influence flora and fauna, namely soil/water relations and human activities.

### Preprofessional

For students preparing for admission to medical, dental, optometry, veterinary, or other professional schools.

## Relevant Minors and/or Certificates

### UFTeach Program

There is a severe shortage of qualified secondary school biology teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see a biology advisor or the UFTeach advisor. UFTeach students complete the UFTeach minor in science teaching with their BS in Biology and have the coursework and preparation for professional teacher certification in Florida when they graduate.

More Info (<http://education.ufl.edu/uf-teach/>)

### Bioinformatics

Bioinformatics skills are valuable for students who may seek careers which will necessitate the analysis of genomic data. This minor provides students the opportunity to learn programming skills, mine genomic data, and participate in independent research.

## Research

All biology majors are encouraged to participate in research. Research experience is valuable on many levels: It diversifies the college experience; teaches how scientists apply the knowledge gained in the classroom to real world questions; provides the opportunity to work with and get to know researchers who are the best in their field; enables participation in cutting edge scientific questions and techniques; enhances the student's resume/CV when applying to graduate or professional school; and finally, it is essential to help the student determine if science is an appropriate career choice.

More Info (<http://major.biology.ufl.edu/do-research/>)

CALS biology majors may participate in research for course credit as a scholar (e.g., University Scholar, HHMI Science for Life Scholar), as a volunteer, or, in rare cases, as a paid research assistant.

Students who are uncertain about which specialization to choose should consult

a biology advisor for information and guidance on curriculum planning. Students can individualize their curriculum through approved specialization electives in the life sciences.

## Applied Biology

For students interested in learning how fundamental biology is applied to solving problems. This specialization provides exposure to the major issues facing sustainability of human populations and natural resources.

## Biotechnology

Prepares students for careers where knowledge of molecular biology and genetic engineering are important. Students will have the opportunity to learn various techniques and scientific procedures in molecular biology, virology, bioengineering, cell and tissue culture and bioinformatics.

## Natural Science

For students interested in descriptive and interpretive biology, with an emphasis on field biology. The specialization provides exposure to the major forms of flora and fauna, and integrates some of the major elements that influence flora and fauna, namely soil/water relations and human activities.

## Preprofessional

For students preparing for admission to medical, dental, optometry, veterinary, or other professional schools.

## Relevant Minors and/or Certificates

### UFTeach Program

There is a severe shortage of qualified secondary school biology teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see a biology advisor or the UFTeach advisor. UFTeach students complete the UFTeach minor in science teaching with their BS in Biology and have the coursework and preparation for professional teacher certification in Florida when they graduate.

More Info (<http://education.ufl.edu/uf-teach/>)

### Bioinformatics

Bioinformatics skills are valuable for students who may seek careers which will necessitate the analysis of genomic data. This minor provides students the opportunity to learn programming skills, mine genomic data, and participate in independent research.

## Research

All biology majors are encouraged to participate in research. Research experience is valuable on many levels: It diversifies the college experience; teaches how scientists apply the knowledge gained in the classroom to real world questions; provides the opportunity to work with and get to know researchers who are the best in their field; enables participation in cutting edge scientific questions and techniques; enhances the student's resume/CV when applying to graduate or professional school; and finally, it is essential to help the student determine if science is an appropriate career choice.

More Info (<http://major.biology.ufl.edu/do-research/>)

CALS biology majors may participate in research for course credit as a scholar (e.g., University Scholar, HHMI Science for Life Scholar), as a volunteer, or, in rare cases, as a paid research assistant.

Code	Title	Credits
<b>Required Foundation Coursework</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1	4
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2	4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory	4
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory	4
CHM 2200 & 2200L	Fundamentals of Organic Chemistry and Fundamentals of Organic Chemistry Laboratory	4
MAC 2311	Analytic Geometry and Calculus 1	4
STA 2023 or MAC 2312	Introduction to Statistics 1 Analytic Geometry and Calculus 2	3
Select one option:		8-10
<b>Option A</b>		
PHY 2004 & PHY 2005L	Applied Physics 1 and Laboratory for Applied Physics 2	

PHY 2005 & 2005L	Applied Physics 2 and Laboratory for Applied Physics 2	
Option B		
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1	
PHY 2054 & 2054L	Physics 2 and Laboratory for Physics 2	
Option C		
PHY 2048 & 2048L	Physics with Calculus 1 and Laboratory for Physics with Calculus 1	
PHY 2049 & 2049L	Physics with Calculus 2 and Laboratory for Physics with Calculus 2	
<b>Required Core Coursework</b>		
AGR 3303 or PCB 3063	Genetics Genetics	3
PCB 4674	Evolution	4
BSC 4936	Critical Analysis of Biological Research	2
Approved natural science courses (minimum)		21
<b>Total Credits</b>		<b>65-67</b>

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete CHM 2045/CHM 2045L or MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete CHM 2045/CHM 2045L and MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete BSC 2010/BSC 2010L and CHM 2046/CHM 2046L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete BSC 2011/BSC 2011L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete a minimum of 2 of the remaining Natural Science 3xxx/4xxx required core courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete a minimum of 2 of the remaining Natural Science 3xxx/4xxx required core courses
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all the remaining Natural Science 3xxx/4xxx required core courses
- Complete BSC 4936 (Capstone)
- Complete all critical-tracking courses, including labs
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
State Core Gen Ed Composition (p. 67); Writing Requirement		3

### Academic Learning Compact

Biology is the study of the many diverse forms, processes and systems of life. These studies range across all levels of the biological hierarchy, from the simplest to the most complex life forms, across all environments on the earth and across recent and evolutionary time that interconnects ancestors to their descendants.

To understand this vast diversity, the field of biology correspondingly relies on integrative and comparative approaches for the resolution of the general processes, principles and unifying themes that govern living systems. Biology is therefore very interdisciplinary and biologists rely on knowledge from the physical sciences and mathematics, as well as from across the disciplines and subdisciplines of biology for advances and breakthroughs.

The biology major is administered jointly by the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences.

## Before Graduating Students Must

- Achieve a passing score for all content subsections of the Major Field Test for Biology. Content subscore areas are molecular biology and genetics, organismal biology, evolution, ecology and population biology.
- Achieve a passing score on the analytical skills assessment indicator of the Major Field Test for Biology.
- Achieve a passing score on the bioethics module quiz in BSC 4936. The content of the module and quiz are reviewed and approved by a faculty committee.
- Achieve a passing score on the scientific literacy paper assignment given in BSC 4936. This paper is graded using a faculty-developed rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify, describe and explain the basic terminology, concepts, methodologies and theories used within the biological sciences.

#### Critical Thinking

2. Analyze biological information and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

#### Communication

4. Communicate knowledge, ideas and reasoning clearly and effectively in written or oral forms appropriate to the biological sciences.

- Scientific literacy paper

## Preprofessional

This program provides a broad, general overview of the structure, function, growth, origin, evolution, and distribution of living organisms. Biology students take courses in biology, chemistry, physics, calculus, and statistics. The major is flexible and combines the faculty and resources of two UF colleges to prepare students for career success.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Applied Biology (p. 158) | Biotechnology (p. 164) | Natural Science (p. 170) | Preprofessional (p. 176)
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements*

This specialization prepares biology majors for admission to medical, dental, optometry or veterinary school, and it also is excellent preparation for graduate study.

The Biology major develops fundamental knowledge of animals, plants, and microorganisms. The four specializations offered by the College of Agricultural and Life Sciences are tailored to meet the needs of preprofessional students, those preparing for graduate studies in biology, or specialized areas such as bioinformatics, ecology, genetics, and molecular biology and those seeking a career in biotechnology, education, natural resource management, and environmental or biotechnology law.

## Coursework for the Major

College of Agricultural and Life Sciences (CALS) students in the biology major choose one of four specializations: applied biology, biotechnology, natural science, or preprofessional biology. These specializations require significant introductory coursework and credits in general biology, calculus and/or statistics, general chemistry, organic chemistry, and physics. Students who are uncertain about which specialization to choose should consult a biology advisor for information and guidance on curriculum planning. Students can individualize their curriculum through approved specialization electives in the life sciences.

### Applied Biology

For students interested in learning how fundamental biology is applied to solving problems. This specialization provides exposure to the major issues facing sustainability of human populations and natural resources.

### Biotechnology

Prepares students for careers where knowledge of molecular biology and genetic engineering are important. Students will have the opportunity to learn various techniques and scientific procedures in molecular biology, virology, bioengineering, cell and tissue culture and bioinformatics.

### Natural Science

For students interested in descriptive and interpretive biology, with an emphasis on field biology. The specialization provides exposure to the major forms of flora and fauna, and integrates some of the major elements that influence flora and fauna, namely soil/water relations and human activities.

### Preprofessional

For students preparing for admission to medical, dental, optometry, veterinary, or other professional schools.

## Relevant Minors and/or Certificates

### UFTeach Program

There is a severe shortage of qualified secondary school biology teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see a biology advisor or the UFTeach advisor. UFTeach students complete the UFTeach minor in science teaching with their BS in Biology and have the coursework and preparation for professional teacher certification in Florida when they graduate.

# Biosecurity and Biological Invasions Certificate

This certificate program provides the skill set necessary for the detection, surveillance, and management of agricultural and medical threats. Acquire critical thinking skills for the assessment, management, and communication of the biosecurity risks and challenges facing the 21<sup>st</sup> century.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 9-14 | Completed with minimum grades of C
- **Contact:** Email (agunbiade@ufl.edu) | 352.294.6792
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

- Medical Entomology Certificate
- Pest Control Technology Certificate
- Urban Pest Management Certificate

The current drive for globalization, increased travel and trade in food and agricultural products, emerging infectious diseases, and the threat of bioterrorism makes the field of biosecurity an area of major and widespread importance. Biosecurity involves a strategic and integrated approach to excluding, eradicating, and managing threats to human, animal and plant life and health, the environment, and global trade. The overall goal of this certificate program is to equip students with the skill set necessary for the detection, surveillance, and management of agricultural and medical threats. This certificate provides critical thinking skills for the assessment, management, and communication of the biosecurity risks and challenges facing the 21st century. The Biosecurity certificate is designed to meet the career and professional needs of those interested in, or already in industry, public health, homeland security, international security, quarantine and pest management, and organizations involved in emergency preparedness, and general threat management.

## Required Courses | 9-14 Credits

Code	Title	Credits
ALS 4161	Exotic Species and Biosecurity Issues	3
ALS 4162	Consequences of Biological Invasions	3
ENY 4905	Problems in Entomology	1-5
Approved electives		2-3
<b>Total Credits</b>		<b>9-14</b>

## Approved Electives | 2-3 Credits

Code	Title	Credits
ENY 3225C	Principles of Urban Pest Management	3
ENY 3510C	Turf and Ornamental Entomology	3
ENY 4202	Ecology of Vector-Borne Disease	2
FAS 4932	Topics in Fisheries and Aquatic Sciences	1-4
FOS 4202	Food Safety and Sanitation	2
IPM 3022	Fundamentals of Pest Management	3
IPM 4114	Insect Pest and Vector Management	3
PLP 4101	Applied Plant Disease Management	3
SWS 4307	Ecology of Waterborne Pathogens	3

## Botany | CALS

This program provides a broad background in the biology of plants, from the molecular to the whole-plant level. Botany students study anatomy, biochemistry, ecology, genetics, physiology, taxonomy, and molecular biology of plants. This flexible major combines the faculty and resources of two UF colleges to prepare students for career success.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science

- **Specializations:** General Botany (p. 191) | Botanical Research (p. 185)
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Biology studies life at all levels from molecules to the biosphere to understand the evolution, structure, maintenance and dynamics of biological systems. Our teaching and research provide the integrative and conceptual foundations of the life sciences.

## Curriculum

- Biology UF Online
- Biology | CALS
- Biology | CLAS
- Botany Minor
- Botany | CALS
- Botany | CLAS
- Combination Degrees
- Zoology
- Zoology Minor

Small classes are taught by faculty who have a commitment to undergraduate education. Students participate in mentored research, assisting faculty with research projects on campus and abroad. The major prepares students for careers in industry and government agencies, for graduate and professional schools, and for teaching jobs in high schools.

## Specializations

### General Botany

For students who may not intend to pursue a graduate degree but are interested in a career in plant biology. This specialization provides some flexibility in tailoring the courses needed in order to pursue specific interests. Students are encouraged to consult with an advisor and botany faculty member when deciding on which courses to take.

### Botanical Research

For students who intend to pursue a graduate degree and requires research with a faculty member. This specialization provides some flexibility in tailoring the courses needed in order to pursue specific interests. Students are encouraged to consult with an advisor and botany faculty member when deciding on which courses to take.

## Coursework for the Major

Required coursework is dependent upon the specialization. Coursework for each specialization can be found below under Critical Tracking and Model Semester Plan.

## Relevant Minors and/or Certificates

Students majoring in Botany can minor in most other disciplines, and this is a good way to organize students' electives around areas of interest. Note that botany majors cannot minor in Biology, nor can Biology majors minor in Botany (the curricula for the Botany and Biology majors are too similar).

## UFTeach Program

There is a severe shortage of qualified secondary science teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see a botany advisor or the UFTeach advisor. UFTeach students complete the UFTeach minor in science teaching with their BS in Botany and have the coursework and preparation for professional teacher certification in Florida when they graduate.

More Info (<http://education.ufl.edu/uf-teach/>)

## Research

Botany majors are strongly encouraged to participate in research, and research is required for the Botanical Research specialization. Research experience is valuable on many levels: it diversifies the college experience; it teaches students how scientists apply the knowledge gained in the classroom to real world questions; it provides the opportunity to work with and get to know researchers who are the best in their field; it introduces students to cutting edge scientific questions and techniques; it can enhance a student’s resume/CV when applying to graduate or professional school; and finally it is essential in helping students determine if science is a good career choice.

CALS botany majors may participate in research for course credit, as a scholar (e.g., University Scholar, Science for Life Scholar, Beckman Scholar), as a volunteer, or, in rare cases, as a paid research assistant. Please visit Undergraduate Research for information regarding course credit. Students who plan to enroll for course credit must contact potential research mentors, develop a project, and turn in the required application and proposal no later than the week before drop/add. If the window is missed, students should still contact potential research mentors, if only to discuss upcoming opportunities.

### Academic Learning Compact

The botany major is offered by both the College of Liberal Arts and Sciences and the College of Agricultural and Life Sciences. This major provides a foundation in the life sciences with emphasis on plant systems. Students will learn the diversity of life, the structure of organisms and ecosystems and how they function (i.e., the acquisition, flow, organization and uses of information, energy and nutrients in living systems). Students will learn the scientific method and how it facilitates the discovery of new knowledge in botany and biology, including how to critically evaluate hypotheses and conclusions.

## Before Graduating Students Must

- Achieve acceptable performance in all required botany courses.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify, describe and explain the basic terminology, concepts, methodologies and theories used within the biological sciences.

#### Critical Thinking

2. Analyze biological information and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

#### Communication

4. Communicate knowledge, ideas and reasoning clearly and effectively in written or oral forms appropriate to the biological sciences.

## Required Foundation Courses

Code	Title	Credits
<b>Required Foundation Courses</b>		
<i>Introductory Botany/Biology</i>		7-8
Select one option:		
<b>Option A (preferred)</b>		
BOT 2010C	Introductory Botany (preferred) <sup>1</sup>	
BOT 2011C	Plant Diversity <sup>1</sup>	
<b>Option B</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1	
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2	
<i>Chemistry</i>		16-18
Select one option:		
<b>Option A</b>		
CHM 3217	Organic Chemistry/Biochemistry 1	
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory	
CHM 2211L	Organic Chemistry Laboratory	
<b>Option B</b>		
CHM 3217 & CHM 3218	Organic Chemistry/Biochemistry 1 and Organic Chemistry/Biochemistry 2	
CHM 2211L	Organic Chemistry Laboratory	
<i>Mathematics</i>		7
MAC 2311	Analytic Geometry and Calculus 1	4
Select one:		3
STA 2023	Introduction to Statistics 1	
COP 2800	Computer Programming Using JAVA (or equivalent)	
COP 3275	Computer Programming Using C (or equivalent)	
<i>Physics</i>		8-10
Select one option:		

<b>Option A</b>		
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1	
PHY 2054 & 2054L	Physics 2 and Laboratory for Physics 2	
<b>Option B</b>		
PHY 2048 & 2048L	Physics with Calculus 1 and Laboratory for Physics with Calculus 1	
PHY 2049 & 2049L	Physics with Calculus 2 and Laboratory for Physics with Calculus 2	
<b>Required Courses for the Botanical Research Specialization</b>		
AGR 3303 or PCB 3063	Genetics	3-4
PCB 4674	Evolution	4
BOT 2710C	Practical Plant Taxonomy	3
BOT 3503 & 3503L	Physiology and Molecular Biology of Plants and Physiology and Molecular Biology of Plants Laboratory	5
BOT 4911	Undergraduate Research in Botany	2
BSC 3911	Entering Research in Biology <sup>2</sup>	1
BSC 4936	Critical Analysis of Biological Research	2
<i>Ecology and Florida Biodiversity</i>		
Select two:		6-8
PCB 4043C	General Ecology	
PCB 3601C	Plant Ecology	
BOT 3151C	Local Flora of North Florida	
BSC 3307C	Climate Change Biology	4
<i>Cells and Tissues</i>		
Select one:		3-4
BOT 4935/5225C	Special Topics (Plant anatomy)	
PCB 3023	Essential Cell Biology	
BCH 4024	Introduction to Biochemistry and Molecular Biology	
<i>Biodiversity Breadth</i>		
Select one:		3-4
BOT 2011C	Plant Diversity <sup>1</sup>	
ZOO 4307C	Vertebrate Biodiversity	
ZOO 4926	Special Topics in Zoology (Mammalogy)	
ZOO 4205C	Invertebrate Biodiversity	
ENY 3005 & 3005L	Principles of Entomology and Principles of Entomology Laboratory	
WIS 4934	Topics in Wildlife Ecology and Conservation (Mammalogy)	
PLP 3002C	Fundamentals of Plant Pathology	
PLP 4653C	Basic Fungal Biology	
MCB 2000 & 2000L	Microbiology and Microbiology Laboratory	
MCB 3020 & 3020L	Basic Biology of Microorganisms and Laboratory for Basic Biology of Microorganisms	
<b>Total Credits</b>		<b>81-91</b>

<sup>1</sup> Students who choose BOT 2011C to fulfill the foundation requirements may not use BOT 2011C to fulfill the biodiversity breadth requirements for the major.

<sup>2</sup> Must be taken prior to or concurrently with BOT 4911.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

Semester 1

- Complete 1 of 5 critical-tracking courses, including lab: BSC 2010/BSC 2010L or BOT 2010C, BSC 2011/BSC 2011L or BOT 2011C, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, MAC 2311
- 2.0 UF GPA required

Semester 2

- Complete 1 additional critical-tracking course, including labs
- 2.0 UF GPA required

Semester 3

- Complete 1 additional critical-tracking course, including labs, with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 4

- Complete 1 additional critical-tracking course, including labs, with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 5

- Complete all 5 critical-tracking courses, including labs, with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 6

- Complete at least two Required Courses for the Botanical Research specialization
- 2.0 UF GPA required

Semester 7

- Complete CHM 2210 or CHM 3217
- Complete PHY 2053/PHY 2053L or PHY 2048/PHY 2048L
- Complete at least 2 additional (4 total) Required Courses for the Botanical Research specialization
- 2.0 UF GPA required

Semester 8

- Complete all remaining major course requirements
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
BSC 1920	First Year Introduction: Biology at UF (recommended elective)	1
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Composition (p. 67); Writing Requirement		3
<b>Credits</b>		<b>15</b>

**Semester Two**

AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
Select one:		3-4
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
BOT 2010C	Introductory Botany ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Gen Ed Composition; Writing Requirement		3
<b>Credits</b>		<b>16-17</b>

**Semester Three**

Quest 2 (Gen Ed Social and Behavioral Sciences)		3
Select one:		4
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
BOT 2011C	Plant Diversity ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
CHM 2210	Organic Chemistry 1 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	3
State Core Gen Ed Humanities (p. 67)		3
Elective		2
<b>Credits</b>		<b>15</b>

**Semester Four**

AEC 3030C	Effective Oral Communication	3
CHM 2211 & 2211L	Organic Chemistry 2 and Organic Chemistry Laboratory	5
Select one:		3
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics)	
COP 2800	Computer Programming Using JAVA (or equivalent)	
COP 3275	Computer Programming Using C (or equivalent; Gen Ed Mathematics)	
BSC 2891	Python Programming for Biology	
Gen Ed Mathematics <sup>1</sup>		3
<b>Credits</b>		<b>14</b>

**Semester Five**

Select one:		3-4
PCB 4043C	General Ecology ( <b>Critical Tracking</b> )	
PCB 3601C	Plant Ecology ( <b>Critical Tracking</b> )	
BOT 3151C	Local Flora of North Florida ( <b>Critical Tracking</b> )	
BSC 3307C	Climate Change Biology ( <b>Critical Tracking</b> )	
PCB 4674	Evolution ( <b>Critical Tracking</b> )	4
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1	5
Gen Ed Humanities		3
<b>Credits</b>		<b>15-16</b>

**Semester Six**

BOT 2710C	Practical Plant Taxonomy ( <b>Critical Tracking</b> )	3
Select one:		3-4
BOT 4935/5225C	Special Topics ( <b>Critical Tracking</b> ; Plant Anatomy)	
PCB 3023	Essential Cell Biology ( <b>Critical Tracking</b> )	
BCH 4024	Introduction to Biochemistry and Molecular Biology ( <b>Critical Tracking</b> )	
PHY 2054 & 2054L	Physics 2 and Laboratory for Physics 2	5
Foreign language		5
<b>Credits</b>		<b>16-17</b>

**Semester Seven**

Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
AEB 3103	Principles of Food and Resource Economics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	

AGR 3303 or PCB 3063	Genetics ( <b>Critical Tracking</b> ) or Genetics	3-4
BOT 4911 & BSC 3911	Undergraduate Research in Botany and Entering Research in Biology ( <b>Critical Tracking</b> )	4

<sup>1</sup> Students who choose BOT 2011C to fulfill the foundation requirements may not use BOT 2011C to fulfill the biodiversity breadth requirements for the major.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

**Semester 1**

- Complete 1 of 5 critical-tracking courses, including lab: BSC 2010/BSC 2010L or BOT 2010C, BSC 2011/BSC 2011L or BOT 2011C, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L; MAC 1147, MAC 2311 or STA 2023
- 2.0 UF GPA required

**Semester 2**

- Complete 1 additional critical-tracking course, including labs
- 2.0 UF GPA required

Semester 3

- Complete 1 additional critical-tracking course, including labs, with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 4

- Complete 1 additional critical-tracking course, including labs, with 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 5

- Complete all critical-tracking courses, including labs, with 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 6

- Complete at least 2 Required Courses for the General Botany specialization
- 2.0 UF GPA required

Semester 7

- Complete one of the remaining Required Foundation Courses (CHM 2200/CHM 2200L, PHY 2004/PHY 2004L, MAC 1147/MAC 2311, or STA 2023/COP 2800/COP 3275/BSC 3307C)
- Complete at least two additional (4 total) Required Courses for the General Botany specialization
- 2.0 UF GPA required

Semester 8

- Complete all remaining major course requirements
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3

### Academic Learning Compact

The botany major is offered by both the College of Liberal Arts and Sciences and the College of Agricultural and Life Sciences. This major provides a foundation in the life sciences with emphasis on plant systems. Students will learn the diversity of life, the structure of organisms and ecosystems and how they function (i.e., the acquisition, flow, organization and uses of information, energy and nutrients in living systems). Students will learn the scientific method and how it facilitates the discovery of new knowledge in botany and biology, including how to critically evaluate hypotheses and conclusions.

### Before Graduating Students Must

- Achieve acceptable performance in all required botany courses.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to Student Learning Outcomes (SLOs)

### Content

1. Identify, describe and explain the basic terminology, concepts, methodologies and theories used within the biological sciences.

### Critical Thinking

2. Analyze biological information and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

### Communication

4. Communicate knowledge, ideas and reasoning clearly and effectively in written or oral forms appropriate to the biological sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4
BOT 2011C	R	R		I
BOT 2710C	R	R		R
BOT 3503 and BOT 3503L	R/A	R/A		R/A
BSC 2010	I	I	I	
BSC 2011	I	I		
PCB 3601C	R/A	R/A	R/A	R/A
PCB 4043C	R/A	R/A	R/A	R/A

## Assessment Types

- Major field test for biology
- Bioethics quiz
- Scientific paper

## CALS Honor Scholar Certificate

Students earning the CALS Honors Scholar certificate must complete at least nine credits of honors coursework and an undergraduate honors thesis. The coursework, thesis topic, and thesis advisor are unique to each student and are subject to approval by the CALS honors program director. Students must have an upper-division GPA of 3.75 or higher to complete the program and earn the certificate.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 9 | Completed with minimum grades of C or S
- **Contact:** Email (wyssocki@ufl.edu) | 352.392.1963
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Prerequisites

- CALS major
- Admission to the CALS honors program
- Completion of 60 credits
- Minimum 3.75 UF GPA

## Required Courses

- ALS 3923, 1 credit
- XXX 4915 Honors Thesis Research (or similar independent study/research course to be completed as the student is working on their thesis research), 3-4 credits

- Additional honors coursework, 4-5 credits, taken as:
  - Existing 3000/4000-level honors courses, approved by the honors program director
  - Existing 3000/4000-level CALS courses taken as honors contract courses, approved by the honors program director
  - CALS graduate-level courses, approved by the honors program director
- A completed honors thesis, approved by the research mentor, department honors coordinator and honors program director

## Challenge 2050 | Global Leadership and Change Certificate

This certificate focuses on global community challenges as we face a population predicted to exceed nine billion people by the year 2050. The program empowers students to take action in addressing the unstructured, complex, and adaptive world challenges in sustainable development and food security.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 10
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

Because the issues we face are radically different than the issues addressed by traditional educational models, this program is outside of the normal bounds of a disciplinary degree or a semester-long course. Students earning the certificate will be engaged in high level, complex problem solving which will create a strong professional foundation for success in a variety of fields.

### Required Courses

Code	Title	Credits
ALS 2410	Challenge 2050: Global Uncertainty	3
ALS 3415	Challenge 2050: Developing Tools for Changing the World	3
ALS 3940	Challenge 2050: the Experience	3
ALS 4419	Challenge 2050: Creating Solutions	1
<b>Total Credits</b>		<b>10</b>

## Dietetics

This program applies the science of food and nutrition to the health and well-being of individuals and groups. Dietetics students study chemistry, biology, microbiology, nutrition, communication, food science, and management. They are well-prepared for dietetic internships or graduate study.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### Department Information

The Food Science and Human Nutrition Department (FSHN) is one of the world's largest combined academic programs where food science, nutritional sciences, and dietetics are all studied within one department. FSHN has nearly 25 full-time faculty members, 80 graduate assistants, and 600 undergraduate students. The department's programs are accredited by the Institute of Food Technologists (IFT) (<http://www.ift.org/>) and the Academy of Nutrition and Dietetics (<http://www.eatright.org/>). After completing undergraduate degrees, FSHN students typically move on to employment in the food industry, healthcare settings, graduate, or professional programs.

**Website** (<https://fshn.ifas.ufl.edu/>)

P.O. Box 110370

572 Newell Drive  
359 FOOD SCIENCE & HUMAN NUTRITION BUILDING  
GAINESVILLE FL 32611-0370  
Map (<http://campusmap.ufl.edu/#/index/0475>)

### Curriculum

- Dietetics
- Food Science
- Food Science Minor
- Nutritional Sciences
- Nutritional Sciences Minor

The Didactic Program in Dietetics (DPD) is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics. Successful program completion enables students to compete for placement in dietetic internships, a required step in becoming a Registered Dietitian (RD). Students may also pursue graduate study.

Registered dietitians are employed in health care facilities, government and public health agencies, food companies, schools and universities, private practice, and a variety of other settings. Opportunities are also increasing for RDs in wellness and fitness programs and in sales and marketing for business and industry. Students interested in dietetic internships should obtain volunteer or work experience with an RD, and participate in leadership opportunities with the FSHN Club or other clubs on campus.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete CHM 2045/CHM 2045L or MAC 1147
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete CHM 2045/CHM 2045L and MAC 1147
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete CHM 2046/CHM 2046L and BSC 2010/BSC 2010L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete BSC 2011/BSC 2011L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete CHM 2210
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete DIE 3310
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete DIE 4245
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete HUN 4221
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

HUN 4446	Nutrition and Disease: Part 2	3

**Credits** **15**

**Total Credits** **120**

*Additional electives may be needed to complete the 120 credits required for graduation.*

## Academic Learning Compact

Dietetics applies the science of food and nutrition to the health and well-being of individuals and groups. Students will learn to use knowledge of nutrient requirements, food sources and physiological systems to determine nutrient and dietary needs of individuals in various life-cycle stages and/or with nutrition-related diseases. Students also will apply their knowledge of food science and management principles to food service operations.

## Before Graduating Students Must

- Satisfactorily complete a service-learning comprehensive client assessment in DIE 4245, a systems analysis of a major foodservice event developed by students in DIE 4125L and a community assessment project in DIE 3310. The projects will be graded by rubrics developed, approved and evaluated by a faculty committee.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Use the nutrition care process to make decisions, identify nutrition-related problems and determine and evaluate nutrition interventions.
2. Apply management and business theories and principles to the development, marketing and delivery of programs and services.

#### Critical Thinking

3. Develop outcome measures, use informatics principles and technology to collect and analyze data for assessment and evaluate data for use in decision-making.

## Communication

4. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4

# Entomology and Nematology

This biological science includes the study of insects, mites, ticks, spiders, and nematodes. These creatures can have both helpful and harmful effects on our food, environment, and health. Entomology and Nematology students study ecology, medically significant arthropods, social insects, insect management, physiology, behavior, evolution, natural ecosystem cycles, and systematics.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Biological Science of Insects (p. 203) | Preprofessional (p. 208) | Urban Pest Management (p. 212)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

**Website** (<http://entomology.ifas.ufl.edu/>)

## CONTACT

Email ([baldwinr@ufl.edu](mailto:baldwinr@ufl.edu)) | 352.273.3923

P.O. Box 110620

1881 Natural Area Drive, Bldg. 970

STEINMETZ HALL

GAINESVILLE FL 32611-0620

## Curriculum

- Beekeeping Certificate
- Bioinformatics Minor UF Online

- Combination Degrees
- Entomology and Nematology
- Entomology and Nematology Minor
- Entomology and Nematology Minor UF Online
- Landscape Pest Management Certificate
- Medical Entomology Certificate
- Pest Control Technology Certificate
- Urban Pest Management Certificate

The Department of Entomology and Nematology offers the major. Faculty within the department cover areas in systematics, ecology, medically significant arthropods, social insects, insect management, physiology, behavior, evolution and natural ecosystem cycles. The department has a long tradition of sending students to medical, veterinary and dental school. Graduate school prospects are also high and employment options using entomology are versatile.

### Academic Learning Compact

The entomology and nematology curriculum develops an excellent knowledge base and an understanding of concepts and fundamental practices. Through formal courses, laboratory experimentation and individual research experience, students will learn how the scientific method is applied to the biological world at the whole organism and population levels. Students will learn to evaluate hypotheses, to acquire and interpret experimental data, and to communicate results effectively in appropriate styles. Special focus will be information on insect identification, morphology, behavior, physiology and ecology.

## Before Graduating Students Must

- Pass the entomology and nematology competency exam, which will be tailored to individual specializations.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify insects and describe and explain insect morphology, physiology and behavior.

#### Critical Thinking

2. Acquire, analyze and synthesize entomological information.

#### Communication

3. Communicate proficiently in the sciences in oral and written forms.

## Biological Science of Insects

This biological science includes the study of insects, mites, ticks, spiders, and nematodes. These creatures can have both helpful and harmful effects on our food, environment, and health. Entomology and Nematology students study ecology, medically significant arthropods, social insects, insect management, physiology, behavior, evolution, natural ecosystem cycles, and systematics.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Biological Science of Insects (p. 203) | Preprofessional (p. 208) | Urban Pest Management (p. 212)
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

## Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

## Curriculum

- Beekeeping Certificate
- Bioinformatics Minor UF Online
- Combination Degrees
- Entomology and Nematology
- Entomology and Nematology Minor
- Entomology and Nematology Minor UF Online
- Landscape Pest Management Certificate
- Medical Entomology Certificate
- Pest Control Technology Certificate
- Urban Pest Management Certificate

The Department of Entomology and Nematology offers the major. Faculty within the department cover areas in systematics, ecology, medically significant arthropods, social insects, insect management, physiology, behavior, evolution and natural ecosystem cycles. The department has a long tradition of sending students to medical, veterinary and dental school. Graduate school prospects are also high and employment options using entomology are versatile.

## Biological Science of Insects

This option prepares students for entry to entomological careers and to graduate school. Except with undergraduate coordinator permission, students are expected to complete the following courses on campus; other ENY courses can be taken online:

Code	Title	Credits
ENY 3005	Principles of Entomology	2
ENY 3005L	Principles of Entomology Laboratory	1
ENY 4161	Insect Classification	3
ENY 4660	Medical and Veterinary Entomology	2
ENY 4660L	Medical and Veterinary Entomology Laboratory	1

Minimum grades of C are required for all core courses. Students must maintain a 2.0 cumulative GPA for specialization electives with no individual course grade less than C-.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 5 critical-tracking courses, excluding labs: BSC 2010/BSC 2010L or BOT 2010C, BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, MAC 1147
- 2.5 GPA on math and science courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA on math and science courses
- 2.0 UF GPA required

## Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA on math and science courses
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA on math and science courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- 2.5 GPA on math and science courses
- 2.0 UF GPA required
- 2.0 upper division GPA required

## Semester 6

- Complete 2 major elective courses, excluding labs: ALS 4161, ALS 4162, ALS 4163, ENY 4660, ENY 4573, ENY 4453, ENY 4210, ENY 3510C, ENY 3225C, IPM 3022, PMA 4570C
- 2.0 UF GPA required
- 2.0 upper division GPA required

## Semester 7

- Complete 1 additional major elective course, excluding labs
- 2.0 UF GPA required
- 2.0 upper division GPA required

## Semester 8

- Complete a minimum of 3 credits of ENY 4911 or ENY 4230
- 2.0 UF GPA required
- 2.0 upper division GPA required

### Model Semester Plan

All entomology majors in this specialization must take three credits of ENY 4905 or ENY 4911. See advisor for details.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Select one:		3-4
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological Sciences)	
BOT 2010C	Introductory Botany ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
Select one: State Core Gen Ed Composition; Writing Requirement		3
ENC 1101	Expository and Argumentative Writing	
ENC 2210	Technical Writing	
ENC 3254	Professional Writing in the Discipline	
MAC 1147 or MAC 2311	Precalculus Algebra and Trigonometry (State Core Gen Ed Mathematics (p. 67)) or Analytic Geometry and Calculus 1	4
State Core Gen Ed Humanities (p. 67)		3
<b>Credits</b>		<b>13-14</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3-4
AEB 2014	Economic Issues, Food and You	
AEB 3103	Principles of Food and Resource Economics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics	
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics )	3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
<b>Credits</b>		<b>16-17</b>
<b>Semester Three</b>		
Quest 2 (Gen Ed International)		3
AEC 3030C	Effective Oral Communication	3
ENY 3005 & 3005L	Principles of Entomology and Principles of Entomology Laboratory (Gen Ed Biological and Physical Sciences) <sup>1</sup>	3
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
Gen Ed Composition		3
<b>Credits</b>		<b>16</b>
<b>Semester Four</b>		
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
ENY 4161	Insect Classification <sup>1</sup>	3
Select one: Gen Ed Physical Sciences		3-4
PHY 2004 & 2004L	Applied Physics 1 and Laboratory for Applied Physics 1	
PHY 2020	Introduction to Principles of Physics	
Ecology elective		3-4
<b>Credits</b>		<b>13-15</b>
<b>Semester Five</b>		
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences ( <b>Critical Tracking</b> )	3
ENY 4660 & 4660L	Medical and Veterinary Entomology and Medical and Veterinary Entomology Laboratory ( <b>Critical Tracking</b> ) <sup>1</sup>	3
IPM 3022 or PMA 4570C	Fundamentals of Pest Management ( <b>Critical Tracking</b> ) or Field Techniques in IPM	3
Select one:		3
ALS 4161	Exotic Species and Biosecurity Issues ( <b>Critical Tracking</b> )	
ALS 4162	Consequences of Biological Invasions ( <b>Critical Tracking</b> )	
PCB 2441	Biological Invaders	
Select one: Gen Ed Biological		4
MCB 3020 & 3020L	Basic Biology of Microorganisms and Laboratory for Basic Biology of Microorganisms	

MCB 2000 & 2000L	Microbiology and Microbiology Laboratory	
<b>Credits</b>		<b>16</b>
<b>Semester Six</b>		
Select one:		3-4
AGR 3303	Genetics	
PCB 3063	Genetics	
PCB 4674	Evolution	
Select one:		3
ENY 4455C	Social Insects ( <b>Critical Tracking</b> )	
ENY 4573	Beekeeping I ( <b>Critical Tracking</b> )	
ENY 4210	Insects and Wildlife	
Select one:		3
ALS 4163	Challenges in Plant Resource Protection ( <b>Critical Tracking</b> )	
ENY 3225C	Principles of Urban Pest Management ( <b>Critical Tracking</b> )	
ENY 3510C	Turf and Ornamental Entomology ( <b>Critical Tracking</b> )	
Gen Ed Diversity		3
Gen Ed Social and Behavioral Sciences		3
<b>Credits</b>		<b>15-16</b>
<b>Semester Seven</b>		
Select one:		3
ENY 4905	Problems in Entomology	
ENY 4911	Supervised Research in Entomology ( <b>Critical Tracking</b> )	
Select one:		3
PLP 3002C	Fundamentals of Plant Pathology	
PLS 3004C	Principles of Plant Science	
PLS 4601C	Principles of Weed Science	
Approved electives <sup>2</sup>		6
Entomology elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Eight</b>		
Select one:		3
ENY 4905	Problems in Entomology	
ENY 4911	Supervised Research in Entomology	
NEM 3002	Principles of Nematology	3
Entomology elective		4
Approved electives <sup>2</sup>		6
<b>Credits</b>		<b>16</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> Must be taken on campus.

<sup>2</sup> Pre-vet majors need appropriate animal science requirements as electives.

## Ecology Electives

Code	Title	Credits
ALS 3153	Agricultural Ecology	3
ENY 4202	Ecology of Vector-Borne Disease	2
ENY 4453	Behavioral Ecology and Systematics	3
PCB 4043C	General Ecology	4
WIS 3401	Wildlife Ecology and Management	3

## Academic Learning Compact

The entomology and nematology curriculum develops an excellent knowledge base and an understanding of concepts and fundamental practices. Through formal courses, laboratory experimentation and individual research experience, students will learn how the scientific method is applied to the biological world at the whole organism and population levels. Students will learn to evaluate hypotheses, to acquire and interpret experimental

data, and to communicate results effectively in appropriate styles. Special focus will be information on insect identification, morphology, behavior, physiology and ecology.

## Before Graduating Students Must

- Pass the entomology and nematology competency exam, which will be tailored to individual specializations.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify insects and describe and explain insect morphology, physiology and behavior.

#### Critical Thinking

2. Acquire, analyze and synthesize entomological information.

#### Communication

3. Communicate proficiently in the sciences in oral and written forms.

The Department of Entomology and Nematology offers the major. Faculty within the department cover areas in systematics, ecology, medically significant arthropods, social insects, insect management, physiology, behavior, evolution and natural ecosystem cycles. The department has a long tradition of sending students to medical, veterinary and dental school. Graduate school prospects are also high and employment options using entomology are versatile.

## Preprofessional

This option provides preparation for programs in medicine, dentistry, optometry, veterinary, chiropractic, osteopathy and podiatry. Students should refer to the preprofessional information in the college's admission section and they should contact the Office of Health and Legal Professions Advising in the Academic Advising Center, 100 Farrior Hall.

Except with undergraduate coordinator permission, students are expected to complete the following courses on campus; other ENY courses can be taken online:

Code	Title	Credits
ENY 3005	Principles of Entomology	2
ENY 3005L	Principles of Entomology Laboratory	1

The department has a long tradition of sending students to medical, veterinary and dental school. Graduate school prospects are also high and employment options using entomology are versatile.

## Urban Pest Management

This specialization is for entry to the pest control industry. Students receive instruction about arthropods, nematodes, plant diseases and weeds with reference to the pest problems in residential and commercial property. A business curriculum prepares students for management responsibilities. Students planning to attend graduate school should consult an advisor for appropriate math, chemistry and physics courses.

Except with undergraduate coordinator permission, students are expected to complete the following courses on campus; other ENY courses can be taken online:

Code	Title	Credits
ENY 3005	Principles of Entomology	2
ENY 3005L	Principles of Entomology Laboratory	1

**Academic Learning Compact**

The entomology and nematology curriculum develops an excellent knowledge base and an understanding of concepts and fundamental practices. Through formal courses, laboratory experimentation and individual research experience, students will learn how the scientific method is applied to

the biological world at the whole organism and population levels. Students will learn to evaluate hypotheses, to acquire and interpret experimental data, and to communicate results effectively in appropriate styles. Special focus will be information on insect identification, morphology, behavior, physiology and ecology.

## Before Graduating Students Must

- Pass the entomology and nematology competency exam, which will be tailored to individual specializations.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify insects and describe and explain insect morphology, physiology and behavior.

#### Critical Thinking

2. Acquire, analyze and synthesize entomological information.

#### Communication

3. Communicate proficiently in the sciences in oral and written forms.

### Curriculum Map

## Entomology and Nematology Minor

The Entomology and Nematology minor is open to any student who wants additional knowledge in this biological science field.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with minimum grades of C

### Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

**Website** (<http://entomology.ifas.ufl.edu/>)

### Curriculum

- Beekeeping Certificate
- Bioinformatics Minor UF Online
- Combination Degrees
- Entomology and Nematology
- Entomology and Nematology Minor
- Entomology and Nematology Minor UF Online
- Landscape Pest Management Certificate
- Medical Entomology Certificate
- Pest Control Technology Certificate
- Urban Pest Management Certificate

Electives enable students to tailor the minor to their individual interests and career goals.

- Nine credits minimum of 3000/4000-level coursework (exclusive of practical problems)
- No more than three credits of practical problems courses
- Except with undergraduate coordinator permission, students are expected to complete the following on campus; other ENY courses can be taken online:

Code	Title	Credits
ENY 3005	Principles of Entomology	2
ENY 3005L	Principles of Entomology Laboratory	1
ENY 4161	Insect Classification	3
ENY 4660	Medical and Veterinary Entomology	2
ENY 4660L	Medical and Veterinary Entomology Laboratory	1

- Students who specialize in nematology must complete six credits from NEM 3002, NEM 5705, or an acceptable practical problem.
- Additional credits in entomology must be approved by the department

## Required Courses

Code	Title	Credits
ENY 3005	Principles of Entomology	3
& 3005L	and Principles of Entomology Laboratory <sup>1</sup>	
ENY 4161	Insect Classification <sup>1</sup>	3
ALS, ENY, IPM, NEM, or PMA-prefixed courses <sup>2</sup>		9
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> Must be taken on campus.

<sup>2</sup> Subject to the approval of the Department of Entomology and Nematology's undergraduate coordinator.

## Entomology and Nematology Minor UF Online

The Entomology and Nematology minor is open to any student who wants additional knowledge in this biological science field.

Environmental Horticulture Management Certificate

The Environmental Horticulture Management certificate is offered via distance learning technologies. The certificate enables the working professional and/or adult learner who is place-bound and cannot attend classes in Gainesville to gain a background in the sustainable ornamental horticulture practices used in the greenhouse/nursery and/or landscape industries. The program emphasizes the conservation of resources through proper plant management.

About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with minimum grades of C
- **Contact:** Email (klock@ufl.edu) | 954.577.6328
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

The Environmental Horticulture Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. #Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.

Environmental Management in Agriculture and Natural Resources | Interdisciplinary Studies

Using an interdisciplinary approach, students in this major develop the scientific and technical foundation needed to integrate and communicate the diverse environmental issues associated with urban, agricultural, and natural ecosystems. Environmental Management students study hydrology, soil science, pest management, water resources, ecology, and natural resource policy.

About this Program

- College: Agricultural and Life Sciences (p. 105)
- School: Natural Resources and Environment (p. 1617)
- Degree: Bachelor of Science
- Credits for Degree: 120
- More Info

To graduate with this major, students must complete all university, college, and major requirements.

## Department Information

The Soil, Water, and Ecosystem Sciences Department researches and teaches about soil, water, and environmental sciences in urban, agricultural, and natural ecosystems. Since its origins over 100 years ago, the department has made significant contributions to improving the productivity of Florida's agriculture, helping protect the state's unique ecosystems, and contributing to soil and water science at national and international levels.

## Curriculum

- Interdisciplinary Studies | Environmental Management in Agriculture and Natural Resources UF Online
- Combination Degrees
- Environmental Management in Agriculture and Natural Resources | Interdisciplinary Studies
- Soil, Water, and Ecosystem Sciences
- Soil, Water, and Ecosystem Sciences Minor

This major is for students who desire education in environmental management with substantial emphasis on agriculture and natural resources.

Graduates will find employment with agricultural producers, consulting companies and government agencies that are involved in maintaining a sustainable environment.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 6 critical-tracking courses, excluding labs: AEC 3030C or SPC 2608, BSC 2005/BSC 2005L or BSC 2010/BSC 2010L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, MAC 2233, STA 2023
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs from semesters 1 – 4
- Complete 1 additional tracking course

- 2.0 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete 1 additional tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete 2 additional tracking courses
- 2.0 upper division GPA required.
- 2.0 UF GPA required

## Semester 8

- Complete all remaining tracking course from semester 5 - 8
- 2.0 upper division GPA required.
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
MAC 2233	Survey of Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	3
State Core Gen Ed Composition (p. 67); Writing Requirement		3
State Core Gen Ed Humanities (p. 67)		3

SWS 4932	Special Topics in Soil and Water Science (Wetlands Seminar)	1
WIS 3404	Natural Resource Ecology	3

### Academic Learning Compact

The interdisciplinary major in environmental management in agriculture provides students with the scientific and technical foundation to integrate and communicate the diverse environmental issues associated with agriculture and natural resources. Students will be able to deal in an informed manner with the agricultural regulations and permitting requirements established by various agencies and jurisdictions, and students will achieve an appreciation for the complexities of agricultural practices. Students will learn to integrate, balance and communicate the mix of agricultural and environmental issues that need to be addressed in modern society.

## Before Graduating Students Must

- Complete an approved senior-year research project, SWS 4905, related to management and science skills.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Appraise similarities between agronomic production and environmental protection issues.
2. Describe the processes in the carbon, nitrogen, phosphorus, and sulfur cycles, and relate these processes to global patterns of productivity, pollution, and consequences of environmental change.

#### Critical Thinking

3. Critically evaluate natural resource policies using basic economic tools, identify factors that influence the success of resource policy implementation and apply ecological, social and political criteria.
4. Develop a plan for the analysis of an environmental / agricultural study using geographic information systems software.
5. Compare the effects of different fertility sources on nutrient cycling, interpret soil tests and quantify crop nutrient requirements and fertilizer application rates.

#### Communication

6. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

### Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEB 3133			R

- Average of tests in ALS 3133
- Average of problem set and test scores in SWS 4223
- Average test scores in FNR 4660
- Project presentation in SWS 4720C
- Test and problem set scores from SWS 4116
- Course grades in AEC 3033C and AEC 3030C

## Environmental Policy, Law, and Regulation Certificate

This certificate prepares students with existing background in natural resources to work in legal and regulatory aspects of land management, including supporting the pursuit of a law degree. It prepares students for work in government agencies responsible for protecting environmental resources, in the private sector addressing issues of compliance, or similar.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15-16 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Department Information

The School of Forest, Fisheries, and Geomatics Sciences is a unit within the Institute of Food and Agricultural Sciences (IFAS) and the College of Agricultural and Life Sciences (CALS). The school is home to three distinct yet integrated program areas: Fisheries and Aquatic Sciences (<http://sfrc.ufl.edu/fish/>), Forest Resources and Conservation (<http://sfrc.ufl.edu/forest/>), and Geomatics (<http://sfrc.ufl.edu/geomatics/>). The school's faculty, staff, and students conduct research, teaching, and extension that cuts across a wide range of environments and disciplines.

## Curriculum

- Combination Degrees
- Fire Ecology and Management Certificate
- Fisheries and Aquatic Sciences Minor
- Forest Resources and Conservation
- Forest Resources and Conservation Minor
- Geomatics
- Geomatics Certificate

- Mapping with Small Unmanned Aerial Systems Certificate
- Natural Resource Conservation

## Admission Requirements

- Natural Resource Conservation major or;
- Forest Resources and Conservation major or;
- Marine Sciences major or;
- Students or professionals with appropriate academic and/or professional background in natural resources, natural resource management, or allied fields, as determined by the undergraduate coordinator.

Students must have a high-school diploma or the equivalent and they must have completed all course prerequisites before enrolling in any certificate course.

## Required Courses

Code	Title	Credits
FNR 4660	Natural Resource Policy and Economics	3
FOR 3202	Society and Natural Resources	3
Electives		9-10
<b>Total Credits</b>		<b>15-16</b>

## Electives

### Law and Policy | Choose two

Code	Title	Credits
AEB 4123	Agricultural and Natural Resource Law	3
BUL 4310	The Legal Environment of Business	4
SUR 4403	Cadastral Principles	3

### Applications | Choose one

Code	Title	Credits
AEB 4085	Agricultural Risk Management and the Law	3
FNR 4343C	Forest Water Resources	3
FNR 4624C	Field Operations for Management of Ecosystems	3
POS 4931	Special Topics	3
SWS 4244	Wetlands	3

## Extension Education Minor

This minor supplements the extension education major and prepares students for careers in the cooperative extension service. The minor offers coursework in nonformal and formal educational methods, adult education, leadership, youth programs, and communication methods along with field experience.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15

## Department Information

The UF/IFAS Department of Agricultural Education and Communication is a group of faculty, staff and students committed to connecting people with agriculture through agricultural communication, education, leadership development and Extension education.

AEC 3065	Issues in Agricultural and Life Sciences	3
AEC 3073	Intercultural Communication	3
AEC 3413	Working with People: Interpersonal Leadership Skills	3
AEC 3414	Leadership Development	3
AEC 4031	The Communication Process in Agricultural and Life Sciences	3
AEC 4052	Communication Campaign Strategies in Agricultural and Life Sciences	3
AEC 4417	Leadership for Personal and Organizational Change	3
AEC 4434	Communication and Leadership in Groups and Teams	3
AEC 4944	Cooperative Extension Internship (only three credits count toward the minor)	4-6
FYC 4408	Organizational Leadership for Nonprofits	3

## Family, Youth and Community Sciences

This social science major prepares students to address predictable human developmental changes, unpredictable events such as natural disasters, and persistent problems such as poverty and nutrition. Family, Youth and Community Sciences students study sociology, psychology, and economics as well as advanced topics in youth, family, and community development.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements, which include a minor or area of specialization.*

### Department Information

The mission of the Family, Youth and Community Sciences Department is to enhance lifelong learning and the personal, social, economic, and environmental well-being of diverse individuals, families, and communities through state-of-the art extension, research, and teaching programs.

GAINESVILLE FL 32611-0310

Map (<http://campusmap.ufl.edu/#/index/0267>)**Curriculum**

- Combination Degrees
- Family, Youth and Community Sciences
- Family, Youth and Community Sciences Minor

This interdisciplinary applied social science program provides the general and technical education necessary for graduates to enter careers in human services, including public, private, nonprofit and for-profit organizations. This includes family life education, youth development, human services, community development and extension education. Students receive the training needed to understand and help youth, families and communities by taking foundation courses in sociology, psychology and economics as well as advanced courses in youth, family and community development.

Students must earn a minimum grade of C in all critical-tracking courses, 3000/4000-level core courses and specialization elective, which must be at the 3000/4000-level. A 2.5 GPA in the core courses is required for graduation.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

**Semester 1**

- Complete 1 of 5 critical-tracking courses, excluding labs, with a minimum grade of C: AEB 2014 or ECO 2013 or ECO 2023, BSC 2005/BSC 2005L, PSY 2012, STA 2023, SYG 2000
- 2.0 UF GPA required

**Semester 2**

- Complete 1 additional critical-tracking course, excluding lab, with minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 3**

- Complete 1 additional critical-tracking course, excluding labs, with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 4**

- Complete 2 additional critical-tracking courses, excluding lab, with minimum grades of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 5**

- Complete 1 FYC Course
- 2.0 upper division GPA required
- 2.0 UF GPA required

**Semester 6**

- Area of specialization/minor course
- 2.0 upper division GPA required
- 2.0 UF GPA Required

## Semester 7

- Complete 1 area of specialization/minor course
- 2.0 upper division GPA required
- 2.0 UF GPA Required

## Semester 8

- Complete FYC 4941
- 2.0 upper division GPA required
- 2.0 UF GPA Required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
BSC 2005 & 2005L	Biological Sciences and Laboratory in Biological Sciences ( <b>Critical Tracking</b> ; State Core Gen Ed Biological Sciences)	4

FYC advanced topic course		3
FYC elective ( <b>Critical Tracking</b> )		3
Minor or specialization course		3
Minor or specialization or FYC advanced topic course		3
<b>Credits</b>		<b>16</b>

**Semester Seven**

FYC 4931	Family, Youth, and Community Sciences Professional Development	3
FYC advanced topic course		3
FYC elective		3
Minor or specialization course ( <b>Critical Tracking</b> )		3
<b>Credits</b>		<b>12</b>

**Semester Eight**

FYC 4941	Practicum in Family, Youth and Community Sciences	6
FYC advanced topic or minor course		3
Minor or specialization course ( <b>Critical Tracking</b> )		3
<b>Credits</b>		<b>12</b>
<b>Total Credits</b>		<b>120</b>

*Specialization electives must be at the 3000/4000 level and students must attain minimum grades of C.*

## Academic Learning Compact

This major takes an interdisciplinary approach to the applied social sciences and prepares students for a career in professions that strengthen families, children, youth and communities. Students' knowledge and skills will be developed through foundation courses in sociology, psychology and economics; through advanced courses in family, youth and community development; and through specialized courses in prevention and intervention. Students will be able to evaluate strategies, integrate knowledge of ethical standards and use professional skills for handling contemporary problems.

## Before Graduating Students Must

- Complete a final project in FYC 4931, including a written report and oral presentation.
- Complete the practicum course FYC 4941 with performance evaluations completed by agency supervisors.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply the guiding framework of Family, Youth and Community Sciences disciplines to contribute to positive outcomes.
2. Apply strategies for prevention and intervention in contemporary family, youth, and community problems and issues.

#### Critical Thinking

3. Apply current research findings relevant to families, youth and communities.

#### Communication

4. Apply speaking skills to communicate research findings in formal settings related to family, youth, and community sciences organizations using multimedia software.
5. Write effectively in a manner appropriate to conventions of social science research.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

## Related Programs

- /UGRD/colleges-schools/UGLAS/IS\_BS07/

Students applying for the minor must obtain written approval from the undergraduate coordinator for fisheries and aquatic sciences at least two semesters before graduation.

## Requirements

- Complete a minimum of nine credits at UF
- Complete a minimum of nine FAS credits at the 3000 level or above
  - FAS 4905 cannot be used to satisfy this requirement
  - Two credits maximum of FAS 4933 can apply toward this requirement
- Complete at least six credits, as approved by the FAS undergraduate coordinator
  - These may include FAS, FNR, GLY, OCE, SWS, VME, WIS and/or ZOO courses
  - Three credits maximum of FAS 4905 can apply toward this requirement
  - One course maximum, or three credits, of scuba coursework can apply toward this requirement; approved courses include FAS 4932 Scientific Diver and FAS 4932 Research Dive Master.

---

## Food and Resource Economics

Through curriculum and experiential learning, students develop the skills to analyze complex situations such as the allocation of natural resources to meet the needs of people in local, state, national, and global communities. Food and Resource Economics students study sales, finance, marketing, management, environmental policy, law, international trade, math and economics.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Food and Agribusiness Marketing and Management (p. 237) | International Food and Resource Economics (p. 241)

### Curriculum

- Agricultural and Natural Resource Ethics and Policy Minor
- Agricultural and Natural Resource Law Minor
- Combination Degrees
- Food and Resource Economics

- Food and Resource Economics Minor
- International Development and Humanitarian Assistance Minor

Graduates choose from a vast number of career opportunities, including sales, marketing, management, environmental policy, international trade, international marketing, economic analysis, natural resource management and human resource managements.

Students who have completed 30 credits but fewer than 60 are required to complete mathematics through precalculus (MAC 1147 or equivalent) before admission to the college.

Students who have completed 60 or more credits are required to have completed calculus (MAC 2233 or equivalent), statistics (STA 2023 or equivalent), financial accounting (ACG 2021 or equivalent) and macroeconomics (ECO 2013 or equivalent) with minimum grades of C before admission to the college.

Students should consult an advisor for approval of electives.

### Academic Learning Compact

Students will learn to apply a conceptual framework using economic reasoning and generally accepted economic principles to problem solving. They will also learn to analyze and interpret economic data, and to critically evaluate economic information in media and politics.

## Before Graduating Students Must

- Complete AEB 4325 for the food and agribusiness management and marketing specialization, or Complete AEB 4343 for the international food and resource economics specialization
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to Student Learning Outcomes (SLOs)

### Content

1. Describe fundamental micro- and macroeconomic principles.
2. Explain the basic role of marketing, management and finance in firm-level decision making.

### Critical Thinking

3. Analyze and interpret economic data, critically evaluating economic information and economic policies.
4. Develop a business plan, based on a projected marketing strategy, assessing historic financial statements and projecting cash flows.

### Communication

5. Communicate effectively in written form in a manner appropriate in economics and business.
6. Communicate orally (including visual aids) in an effective manner appropriate in economics and business.

Students should consult an advisor for approval of electives.

## Food and Agribusiness Marketing and Management

The specialization is for students interested in food and fiber systems management, marketing, finance and international business and employment opportunities and sales and managerial positions in agribusiness firms, commercial banks, the Farm Credit Service, insurance and appraisal firms.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

**Students also must earn a minimum GPA of 2.25 in all AEB courses.**

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 4 critical courses: ACG 2021, ECO 2013, MAC 2233, STA 2023
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete MAC 2233
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking course
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required
- 2.0 upper division GPA required

## Semester 6

- Complete AEB 3510
- 2.0 upper division GPA required
- 2.25 GPA required for all AEB courses
- 2.0 UF GPA required

## Semester 7

- Complete AEB 3550
- 2.0 upper division GPA required
- 2.25 GPA required for all AEB courses
- 2.0 UF GPA required

## Semester 8

- 2.0 upper division GPA required
- 2.25 GPA required for all AEB courses
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Select one:		3-4
BSC 2005 & 2005L	Biological Sciences and Laboratory in Biological Sciences	
ENY 3005 & 3005L	Principles of Entomology and Principles of Entomology Laboratory	
FOS 3042	Introductory Food Science	
FOR 3153C	Forest Ecology	
PLS 3004C	Principles of Plant Science	
WIS 2552	Biodiversity Conservation: Global Perspectives (Gen Ed Biological Sciences) <sup>1</sup>	
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; State Core Gen Ed Social and Behavioral Sciences)	4
MAC 1147	Precalculus Algebra and Trigonometry (Gen Ed Mathematics; if needed, or select one elective)	4
State Core Gen Ed Composition (p. 67); Writing Requirement <sup>2</sup>		3
Elective		1
<b>Credits</b>		<b>15-16</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
MAC 2233	Survey of Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	3
State Core Gen Ed Humanities (p. 67) <sup>2</sup>		3
Gen Ed Composition; Writing Requirement <sup>2</sup>		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Three</b>		
ACG 2021	Introduction to Financial Accounting ( <b>Critical Tracking</b> )	4
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
State Core Gen Ed Biological or Physical Sciences (p. 67) <sup>1</sup>		3
Select one:		3
Gen Ed Social and Behavioral Sciences		
Gen Ed Humanities <sup>2</sup>		
<b>Credits</b>		<b>16</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Physical Sciences) <sup>1</sup>		3
ACG 2071 or AEB 3122	Introduction to Managerial Accounting or Financial Planning for Agribusiness	3-4
AEB 3103	Principles of Food and Resource Economics (Gen Ed Social and Behavioral Sciences)	4
AEC 3030C	Effective Oral Communication	3
Elective		1
<b>Credits</b>		<b>14-15</b>
<b>Semester Five</b>		
AEB 2451	Economics of Resource Use	3
AEB 3300	Agricultural and Food Marketing	3
AEB 3510	Quantitative Methods in Food and Resource Economics ( <b>Critical Tracking</b> )	3
AEB 3935	Food and Resource Economics Seminar	1
Electives		5
<b>Credits</b>		<b>15</b>
<b>Semester Six</b>		
AEB 3133	Principles of Agribusiness Management	3
AEB 3144	Introduction to Agricultural Finance	3
AEB 3550	Agricultural Data Analysis in Food and Resource Economics ( <b>Critical Tracking</b> )	3
Electives		6
<b>Credits</b>		<b>15</b>
<b>Semester Seven</b>		
AEB 4138	Advanced Agribusiness Management	3
AEB 4242	International Trade Policy in Agriculture	3
Select one:		3-4
AEB 4334	Agricultural Price Analysis and Consumer Behavior	
ECO 3101	Intermediate Microeconomics ((students pursuing graduate studies should take this course))	

Approved Food and agribusiness marketing and management electives		6
<b>Credits</b>		<b>15-16</b>
<b>Semester Eight</b>		
AEB 3281	Agricultural Macroeconomics	3
AEB 4325	Contemporary Issues in Agribusiness Management	3
AEB 4342	Agribusiness and Food Marketing Management	3
Approved Food and agribusiness marketing and management elective		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> At least one science course (e.g., SWS 3022L) must include a laboratory component.

<sup>2</sup> The order in which these courses are taken is not important.

### Approved Electives

Code	Title	Credits
AEB 3315	Futures Markets and Risk Management in Agriculture	3
AEB 3341	Selling Strategically	3
AEB 3671	Comparative World Agriculture (Gen Ed Social and Behavioral Sciences with International)	3
AEB 4309	Food Wholesaling and Retail Marketing	3
AEB 4343	International Agribusiness Marketing (Gen Ed Social and Behavioral Sciences)	3
AEB 4380	Agricultural Marketing Strategies	3
AEB 4424	Human Resources Management in Agribusiness	3
AEC 3414	Leadership Development	3
ALS 4404	International Studies	3
ENT 3003	Principles of Entrepreneurship	4

### Academic Learning Compact

Students will learn to apply a conceptual framework using economic reasoning and generally accepted economic principles to problem solving. They will also learn to analyze and interpret economic data, and to critically evaluate economic information in media and politics.

## Before Graduating Students Must

- Complete AEB 4325 for the food and agribusiness management and marketing specialization, or Complete AEB 4343 for the international food and resource economics specialization
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Describe fundamental micro- and macroeconomic principles.
2. Explain the basic role of marketing, management and finance in firm-level decision making.

#### Critical Thinking

3. Analyze and interpret economic data, critically evaluating economic information and economic policies.
4. Develop a business plan, based on a projected marketing strategy, assessing historic financial statements and projecting cash flows.

#### Communication

5. Communicate effectively in written form in a manner appropriate in economics and business.
6. Communicate orally (including visual aids) in an effective manner appropriate in economics and business.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6

## Assessment Types

- Case studies
- Presentations
- Exams

## International Food and Resource Economics

Through curriculum and experiential learning, students develop the skills to analyze complex situations such as the allocation of natural resources to meet the needs of people in local, state, national, and global communities. Food and Resource Economics students study sales, finance, marketing, management, environmental policy, law, international trade, math and economics.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Food and Agribusiness Marketing and Management (p. 237) | International Food and Resource Economics (p. 241)
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

**Website** (<https://fred.ifas.ufl.edu/>)

### CONTACT

Email ([jcropp@ufl.edu](mailto:jcropp@ufl.edu)) | 352.392.1826 (tel) | 352.846.0988 (fax)

P.O. Box 110240

1102 MCCARTY HALL B

GAINESVILLE FL 32611-0240

Map (<http://campusmap.ufl.edu/#/index/0496>)

### Curriculum

- Agricultural and Natural Resource Ethics and Policy Minor
- Agricultural and Natural Resource Law Minor
- Combination Degrees
- Food and Resource Economics
- Food and Resource Economics Minor
- International Development and Humanitarian Assistance Minor

Graduates choose from a vast number of career opportunities, including sales, marketing, management, environmental policy, international trade, international marketing, economic analysis, natural resource management and human resource managements.

Students who have completed 30 credits but fewer than 60 are required to complete mathematics through precalculus (MAC 1147 or equivalent) before admission to the college.

Students who have completed 60 or more credits are required to have completed calculus (MAC 2233 or equivalent), statistics (STA 2023 or equivalent), financial accounting (ACG 2021 or equivalent) and macroeconomics (ECO 2013 or equivalent) with minimum grades of C before admission to the college.

Students should consult an advisor for approval of electives.

## International Food and Resource Economics

This specialization provides a broad background in economic theory and international development and policy. Many who choose this specialization are preparing for graduate school or for careers working for international organizations and governments.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

**Students also must earn a minimum GPA of 2.25 in all AEB courses.**

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

### Semester 1

- Complete 1 of 4 critical courses: ACG 2021, ECO 2013, MAC 2233, STA 2023
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 2

- Complete 1 additional critical-tracking course
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 3

- Complete MAC 2233
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 4

- Complete 1 additional critical-tracking course
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 5

- Complete all critical-tracking courses
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required
- 2.0 upper division GPA required

### Semester 6

- Complete AEB 3510
- 2.0 upper division GPA required
- 2.25 GPA required for all AEB courses
- 2.0 UF GPA required

### Semester 7

- Complete AEB 3550
- 2.0 upper division GPA required

- 2.25 GPA required for all AEB courses
- 2.0 UF GPA required

## Semester 8

- 2.0 upper division GPA required
- 2.25 GPA required for all AEB courses
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

- Agricultural and Natural Resource Law Minor
- Combination Degrees
- Food and Resource Economics
- Food and Resource Economics Minor
- International Development and Humanitarian Assistance Minor

The student's academic advisor and the undergraduate coordinator in Food and Resource Economics must approve the courses for the minor at least two semesters before graduation.

AEB 3103 does not apply toward the minor.

## Required Courses

Code	Title	Credits
AEB 3510	Quantitative Methods in Food and Resource Economics	3
AEB 3550	Agricultural Data Analysis in Food and Resource Economics	3
AEB 42XX	Food and Resource Economics policy course	3
AEB 4334	Agricultural Price Analysis and Consumer Behavior	3
AEB course (3000/4000 level)		3
<b>Total Credits</b>		<b>15</b>

## Food Science

This major uses engineering, biological, and physical sciences to study the nature of foods, the causes of food deterioration, the principles underlying food processing, and the development and improvement of foods for consumption. Food Science students study organic and food chemistry, biology, physics, government regulations in the food industry, food engineering, and microbiology.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Food Science and Human Nutrition Department (FSHN) is one of the world's largest combined academic programs where food science, nutritional sciences, and dietetics are all studied within one department. FSHN has nearly 25 full-time faculty members, 80 graduate assistants, and 600 undergraduate students. The department's programs are accredited by the Institute of Food Technologists (IFT) (<http://www.ift.org/>) and the Academy of Nutrition and Dietetics (<http://www.eatright.org/>). After completing undergraduate degrees, FSHN students typically move on to employment in the food industry, healthcare settings, graduate, or professional programs.

**Website** (<https://fshn.ifas.ufl.edu/>)

### CONTACT

 Map (<http://campusmap.ufl.edu/#/index/0475>)

### Curriculum

- Dietetics
- Food Science

- Food Science Minor
- Nutritional Sciences
- Nutritional Sciences Minor

The food science curriculum emphasizes a strong technical background, with elective options important to employment in the food industry, government agencies or as preparation for graduate study. The curriculum is approved by the Institute of Food Technologists (IFT), the professional society of the discipline. Graduates have obtained employment in state, national and international food corporations. Most work in the areas of quality control, technical support and sales, or research and product development.

The curriculum also prepares the student for graduate study. Opportunities to become involved in leadership roles in the FSHN Club and through national competitions are considerable. Internships in Florida food industries may be available, and these provide invaluable experience as well as contacts that can be extremely beneficial when seeking employment.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete CHM 2045/CHM 2045L or MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete CHM 2045/CHM 2045L and MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete CHM 2046/CHM 2046L and BSC 2010/BSC 2010L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete BSC 2011/BSC 2011L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete FOS 4722C
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete FOS 4311/FOS 4311L
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete FOS 4321C
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete FOS 4435C
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
AEB 3114L	Introduction to Agricultural Computer Applications	1
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Composition (p. 67); Writing Requirement		3

AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
BCH 3025	Fundamentals of Biochemistry	4
FOS 4321C	Food Analysis ( <b>Critical Tracking</b> )	4
FOS 4410C	Introduction to Unit Operations in Food Processing	4
<b>Credits</b>		<b>15</b>

**Semester Eight**

FOS 4222 & 4222L	Food Microbiology and Food Microbiology Laboratory	5
FOS 4427C	Principles of Food Processing	4
FOS 4435C	Food Product Development ( <b>Critical Tracking</b> )	3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

*Additional electives may be needed to complete the 120 credits required for graduation.*

## Academic Learning Compact

Food science applies the principles of chemistry, biology, physics and analysis to solve problems related to composition, reactions, processing, quality, safety and packaging of foods. Students will learn to apply principles of microbiology and quality control with regulatory requirements to assure the quality and safety of food products. Emphasis will be placed on food processing and engineering in selecting appropriate methods for commercial food production.

## Before Graduating Students Must

- Successfully complete a product development project administered in FOS 4435C, the undergraduate capstone course. The skills to complete the project will have been acquired from the required food science courses. The project is evaluated using a rubric approved by a faculty committee.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply principles of chemistry, biology, physics and analysis to solve problems related to composition, reactions, processing, quality, safety and packaging of foods.
2. Apply principles of microbiology and quality control, along with regulatory requirements, to assure the quality and safety of food products.
3. Apply principles of food processing and engineering to the selection of appropriate methods for commercial food production.

#### Critical Thinking

4. Analyze and interpret analytical data using knowledge and application of food science, technology and related tools.

#### Communication

5. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

## Food Science Minor

Established in 1884, the mission of the College of Agricultural and Life Sciences is to deliver unsurpassed educational programs that prepare students to address the world's critical challenges related to agriculture, food systems, human well-being, natural resources and sustainable communities.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with minimum grades of C and a minimum cumulative 2.5 GPA in the minor

## Department Information

The Food Science and Human Nutrition Department (FSHN) is one of the world's largest combined academic programs where food science, nutritional sciences, and dietetics are all studied within one department. FSHN has nearly 25 full-time faculty members, 80 graduate assistants, and 600 undergraduate students. The department's programs are accredited by the Institute of Food Technologists (IFT) (<http://www.ift.org/>) and the Academy of Nutrition and Dietetics (<http://www.eatright.org/>). After completing undergraduate degrees, FSHN students typically move on to employment in the food industry, healthcare settings, graduate, or professional programs.

### Curriculum

- Dietetics
- Food Science
- Food Science Minor

- Nutritional Sciences
- Nutritional Sciences Minor

*The food science minor is open to all students at the university.*

Courses for the minor may have prerequisites.

## Required Courses

***Students may only take courses for which they meet the pre-requisites.***

Code	Title	Credits
<b>Select 15 credits of any courses below:</b>		<b>15</b>
<i>Suggested courses for students with minimal science backgrounds:</i>		
FOS 2001	Man's Food	
FOS 3042	Introductory Food Science	
FOS 4202	Food Safety and Sanitation	
FOS 4722C	Quality Control in Food Systems	
FOS 4731	Government Regulations and the Food Industry	
FOS 4290	Principles of Food Safety Systems	
<i>Courses requiring higher-level science pre-requisites:</i>		
FOS 4222	Food Microbiology	
FOS 4222L	Food Microbiology Laboratory	
FOS 4223	Food and Environmental Virology	
FOS 4311	Food Chemistry	
FOS 4410C	Introduction to Unit Operations in Food Processing	
FOS 4311L	Food Chemistry Laboratory	
FOS 4318	Flavor Chemistry	
FOS 4321C	Food Analysis	
FOS 4427C	Principles of Food Processing	
FOS 4522C	Seafood Technology	
<b>Total Credits</b>		<b>15</b>

## Forest Resources and Conservation

Providing students with a solid understanding of ecology, this major prepares students to manage and develop forest areas for economic, recreational, and ecological purposes. Forest Resources and Conservation students study natural resource management and analysis, soil and water sciences, plant identification, law and policy, fire management, and natural resource economics.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science in Forest Resources and Conservation
- **Credits for Degree:** 120
- **Contact:** Email (khaselier@ufl.edu?Subject=Forest%20Resources%20and%20Conservation%20Major)
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

### School Information

The School of Forest, Fisheries, and Geomatics Sciences is a unit within the Institute of Food and Agricultural Sciences (IFAS) and the College of Agricultural and Life Sciences (CALS). The school is home to three distinct yet integrated program areas: Fisheries and Aquatic Sciences (<http://sfrc.ufl.edu/fish/>), Forest Resources and Conservation (<http://sfrc.ufl.edu/forest/>), and Geomatics (<http://sfrc.ufl.edu/geomatics/>). The school's faculty, staff, and students conduct research, teaching, and extension that cuts across a wide range of environments and disciplines.

- Combination Degrees
- Fire Ecology and Management Certificate
- Fisheries and Aquatic Sciences Minor
- Forest Resources and Conservation
- Forest Resources and Conservation Minor
- Geomatics
- Geomatics Certificate
- Mapping with Small Unmanned Aerial Systems Certificate
- Natural Resource Conservation

The Forest Resources and Conservation major prepares students to sustainably manage forests to meet some combination of ecological, economic, and social/recreational objectives. Graduates are commonly employed in managing public or private land, in areas such as timber management, habitat restoration, outdoor recreation management, environmental law and policy, and similar.

Coursework is diverse, with an emphasis on field experiences which give students hands-on exposure to topics in ecology and biology, economics, administration and planning, and the use of various tools and techniques to manage forests to meet society's needs. Students have the option to complete a certificate in Fire Ecology and Management, Urban Forestry, Recreation Resource Management, or Environmental Policy, Law, and Regulation. This major is accredited by the Society of American Foresters.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

**Semester 1**

- Complete 1 of 7 critical-tracking courses: AEB 2014 or ECO 2013 or ECO 2023, AEC 3030C or SPC 2608, AEC 3033C, BSC 2010/BSC 2010L, CHM 1030 or CHM 2045, MAC 1105, STA 2023
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 2**

- Complete 2 additional critical-tracking courses: AEB 2014 or ECO 2013 or ECO 2023, AEC 3030C or SPC 2608, AEC 3033C, BSC 2010/BSC 2010L, CHM 1030 or CHM 2045, MAC 1105, STA 2023
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 3**

- Complete 2 additional critical-tracking courses: AEB 2014 or ECO 2013 or ECO 2023, AEC 3030C or SPC 2608, AEC 3033C, BSC 2010/BSC 2010L, CHM 1030 or CHM 2045, MAC 1105, STA 2023
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 4**

- Complete all remaining critical-tracking courses
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 5**

- Complete 5 of the required major courses: FNR 3131C, FOR 3200C, FNR 3410C, FOR 3202 or FOR 4060, FOR 3153C, FOR 3162C, FNR 4660, FNR 3020, FNR 4343C, FNR 4623C, FOR 3434C, FOR 3214, FOR 3342C, SWS 3022, FOR 3430C, FOR 4664, FOR 4621, FNR 4624C, FOR 4624C

- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete 5 of the required major courses: FNR 3131C, FOR 3200C, FNR 3410C, FOR 3202 or FOR 4060, FOR 3153C, FOR 3162C, FNR 4660, FNR 3020, FNR 4343C, FNR 4623C, FOR 3434C, FOR 3214, FOR 3342C, SWS 3022 FOR 3430C, FOR 4664, FOR 4621, FNR 4624C, FOR 4624C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete 5 of the required major courses: FNR 3131C, FOR 3200C, FNR 3410C, FOR 3202 or FOR 4060, FOR 3153C, FOR 3162C, FNR 4660, FNR 3020, FNR 4343C, FNR 4623C, FOR 3434C, FOR 3214, FOR 3342C, SWS 3022 FOR 3430C, FOR 4664, FOR 4621, FNR 4624C, FOR 4624C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all remaining required major courses: FNR 3131C, FOR 3200C, FNR 3410C, FOR 3202 or FOR 4060, FOR 3153C, FOR 3162C, FNR 4660, FNR 3020, FNR 4343C, FNR 4623C, FOR 3434C, FOR 3214, FOR 3342C, SWS 3022 FOR 3430C, FOR 4664, FOR 4621, FNR 4624C, FOR 4624C
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3
CHM 1030	Basic Chemistry Concepts and Applications 1 ( <b>Critical Tracking</b> ; Gen Ed Biological and Physical Sciences)	
CHM 2045	General Chemistry 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	
FOR 2662	Forests for the Future (Gen Ed Social and Behavioral Sciences; recommended course)	3
State Core Gen Ed Composition (p. 67); Writing Requirement		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Two</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
FAS 2024	Sustainable Fisheries (recommended elective)	3
MAC 1105	Basic College Algebra ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		3
<b>Credits</b>		<b>16</b>
<b>Semester Three</b>		
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences ( <b>Critical Tracking</b> ; Writing Requirement) <sup>1</sup>	3
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
FOR 2662	Forests for the Future (recommended, if not already taken) <sup>2</sup>	3
Gen Ed Composition		3
Elective		2
<b>Credits</b>		<b>14</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Physical Sciences)		3
Select one:		3-4

AEB 2014	Economic Issues, Food and You ( <b>Critical Tracking</b> )	
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> )	
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
Select one:		3
AEC 3030C	Effective Oral Communication ( <b>Critical Tracking</b> )	
SPC 2608	Introduction to Public Speaking ( <b>Critical Tracking</b> )	
FAS 2024	Sustainable Fisheries (recommended elective, if not already taken)	3
State Core Gen Ed Humanities (p. 67)		3
<b>Credits</b>		<b>15-16</b>
<b>Summer After Semester Four</b>		
FOR 3200C	Foundations of Natural Resources and Conservation ( <b>Critical Tracking</b> ; Summer B only)	1
FOR 3434C	Forest Resources Information Systems ( <b>Critical Tracking</b> ; Summer B only)	3
<b>Credits</b>		<b>4</b>
<b>Semester Five</b>		
FNR 3131C	Dendrology/Forest Plants	3
FNR 3410C	Natural Resource Sampling	3
FOR 3153C	Forest Ecology ( <b>Critical Tracking</b> )	3
FOR 3342C	Tree Biology	3
FNR 3020	Professional Practice in Natural Resources	1
<b>Credits</b>		<b>13</b>
<b>Semester Six</b>		
FOR 3162C	Silviculture ( <b>Critical Tracking</b> )	4
SWS 3022	Introduction to Soils in the Environment	3
FOR 3430C	Forest Mensuration	3
FOR 4060	Global Forests	3
or FOR 3202	or Society and Natural Resources	
FNR 4660	Natural Resource Policy and Economics	3
<b>Credits</b>		<b>16</b>
<b>Semester Seven</b>		
FOR 4621	Forest Economics and Management	3
FNR 4624C	Field Operations for Management of Ecosystems ( <b>Critical Tracking</b> )	3
FOR 4664	Sustainable Ecotourism Development	3
Certificate coursework or advisor-approved electives		4
<b>Credits</b>		<b>13</b>
<b>Semester Eight</b>		
FNR 4343C	Forest Water Resources	3
FNR 4623C	Integrated Natural Resource Management ( <b>Critical Tracking</b> )	3
FOR 3214	Fire Ecology and Management	2
FOR 4624C	Forest Health Management	3
Certificate coursework or advisor-approved elective		3
<b>Credits</b>		<b>14</b>
<b>Total Credits</b>		<b>120</b>

## Academic Learning Compact

The forest resources and conservation major provides a broad education in the ecological, economic and social aspects of forest and natural resources and their management. The major also provides national accreditation from the Society of American Foresters.

## Before Graduating Students Must

- Pass the forest resources and conservation competency exam, given in five parts. One part will be given in each of these required courses:

Code	Title	Credits
FNR 3131C	Dendrology/Forest Plants	3
FNR 3410C	Natural Resource Sampling	3
FNR 4040C		
FNR 4623C	Integrated Natural Resource Management	3
FNR 4660	Natural Resource Policy and Economics	3

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate competency in biology/ecology, quantification, policy/administration and management of forest and related natural resources.
2. Analyze, interpret, synthesize and communicate information and data, including the use of mathematical and statistical methods.

#### Critical Thinking

3. Solve novel problems in forest and natural resource management.

#### Communication

4. Create, interpret and analyze written text, oral messages and multimedia presentations.

### Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4
FNR 3131C	I			I
FNR 3410C	I

FOR 3202	I		R	R
FOR 3214	R	R	R	R
FOR 3434C	I	I		
FOR 4020			R	R

### Assessment Types

- Final group project
- Exams
- Program exit exam

## Forest Resources and Conservation Minor

This minor introduces natural resource management and is ideal for students majoring in related fields such as wildlife ecology, soil and water science and environmental science. The minor also is a good option for those who are interested in the social aspects of natural resources with majors such as business, education, food and resource economics, and political science.

## Curriculum

- Combination Degrees
- Fire Ecology and Management Certificate
- Fisheries and Aquatic Sciences Minor
- Forest Resources and Conservation
- Forest Resources and Conservation Minor
- Geomatics
- Geomatics Certificate
- Mapping with Small Unmanned Aerial Systems Certificate
- Natural Resource Conservation

Geomatics students learn how land, infrastructure, and natural resources are measured, analyzed, and integrated into useable forms and systems. Students gain hands-on experience working with field equipment and in high-tech classrooms. Present land values, rates of urban development, and environmental concerns require a broad set of expertise to develop, manage, and apply geospatial information. Students majoring in Geomatics complete either the Surveying and Mapping specialization or the Geospatial Analysis specialization.

Both specializations within the Geomatics major are offered at the Fort Lauderdale Research and Education Center in Ft. Lauderdale, FL, and the Gulf Coast Research and Education Center in Plant City, FL (near Tampa).

## Academic Learning Compact

Geomatics addresses land information development and management through field survey, photogrammetry, remote sensing, satellite positions and other techniques. The program is nationally accredited and graduates often obtain licensure as professional surveyors and mappers.

A nationally accredited ABET (<http://www.abet.org/>) program.

## Before Graduating Students Must

- Pass the geomatics competency exam, given in five parts. One part will be given in each of these required courses:

Code	Title	Credits

## Geospatial Analysis

The Geospatial Analysis specialization offers a broader set of courses in GIS and 3-D modeling.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

### Semester 1

- Complete at least 1 of 7 critical-tracking courses (excluding labs): AEB 2014 or ECO 2023 or ECO 2013, AEC 3030C or SPC 2608, COP 2800 or advisor-approved course in computer programming, MAC 2311, PHY 2053/PHY 2053L, PHY 2054/PHY 2054L and STA 2023
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 2

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 3

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 4

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 5

- Complete all critical-tracking courses including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required
- 2.0 upper division GPA required

### Semester 6

- Complete two of the remaining required major courses from SUR 3103C, SUR 3323, SUR 3641, GIS 3072C, AEB 3133 or MAN 3025, AEB 4123 or BUL 4310, SUR 3331C, SUR 4501C, SUR 3520, SUR 4949, FNR 3131C or FOR 4934, SUR 4530, SUR 4911, SUR 4380, SUR 4912, and SUR 4934 or SWS 4244 or AOM 4643 or FNR 4343C or FNR 4660 or GEO 3280
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 7

- Complete three additional remaining required major courses from SUR 3103C, SUR 3323, SUR 3641, GIS 3072C, AEB 3133 or MAN 3025, AEB 4123 or BUL 4310, SUR 3331C, SUR 4501C, SUR 3520, SUR 4949, FNR 3131C or FOR 4934, SUR 4530, SUR 4911, SUR 4380, SUR 4912, and SUR 4934 or SWS 4244 or AOM 4643 or FNR 4343C or FNR 4660 or GEO 3280
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all remaining required major courses from SUR 3103C, SUR 3323, SUR 3641, GIS 3072C, AEB 3133 or MAN 3025, AEB 4123 or BUL 4310, SUR 3331C, SUR 4501C, SUR 3520, SUR 4949, FNR 3131C or FOR 4934, SUR 4530, SUR 4911, SUR 4380, SUR 4912, and SUR 4934 or SWS 4244 or AOM 4643 or FNR 4343C or FNR 4660 or GEO 3280
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3-4
AEB 2014	Economic Issues, Food and You ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
State Core Gen Ed Composition (p. 67); Writing Requirement		3
Gen Ed Biological or Physical Sciences <sup>1</sup>		3-4
Elective <sup>2</sup>		3-4
<b>Credits</b>		<b>15-18</b>
<b>Semester Two</b>		
Select one:		3
COP 2800	Computer Programming Using JAVA ( <b>Critical Tracking</b> )	
COP 2271 & 2271L	Computer Programming for Engineers and Computer Programming for Engineers Laboratory ( <b>Critical Tracking</b> )	
COP 3275	Computer Programming Using C ( <b>Critical Tracking</b> )	
Approved computer programming course ( <b>Critical Tracking</b> )		
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics) <sup>3</sup>	4
State Core Gen Ed Humanities (p. 67)		3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		2
<b>Credits</b>		<b>15</b>
<b>Semester Three</b>		
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological Sciences and Physical Sciences) <sup>3</sup>	5
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
Gen Ed Composition; Writing Requirement		3
Elective <sup>4</sup>		3-4
<b>Credits</b>		<b>14-15</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Social and Behavioral Sciences and Diversity or International)		3
Select one:		3
AEC 3030C	Effective Oral Communication ( <b>Critical Tracking</b> )	
SPC 2608	Introduction to Public Speaking ( <b>Critical Tracking</b> )	
PHY 2054 & 2054L	Physics 2 and Laboratory for Physics 2 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences) <sup>3</sup>	5
Gen Ed Diversity or International		3
Elective		2
<b>Credits</b>		<b>16</b>
<b>Semester Five</b>		
Select one:		3
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	
ENC 2210	Technical Writing (Writing Requirement)	
ENC 3254	Professional Writing in the Discipline (Writing Requirement)	
SUR 3103C	Geomatics <sup>5</sup>	3

SUR 3323	Visualization of Spatial Information <sup>5</sup>	3
GIS 3072C	Geographic Information Systems <sup>5</sup>	3
SUR 3641	Survey Computations <sup>5</sup>	3
<b>Credits</b>		<b>15</b>
<b>Semester Six</b>		
AEB 3133 or MAN 3025	Principles of Agribusiness Management ( <b>Critical Tracking</b> ) or Principles of Management	3-4
AEB 4123 or BUL 4310	Agricultural and Natural Resource Law ( <b>Critical Tracking</b> ) or The Legal Environment of Business	3-4
SUR 3331C	Photogrammetry ( <b>Critical Tracking</b> ) <sup>5</sup>	3
SUR 4501C	Foundations of UAS Mapping ( <b>Critical Tracking</b> ) <sup>5</sup>	3
SUR 3520	Measurement Science ( <b>Critical Tracking</b> ) <sup>5</sup>	3
<b>Credits</b>		<b>15-17</b>
<b>Summer After Semester Six</b>		
SUR 4949	Co-op Work Experience ( <b>Critical Tracking</b> ) <sup>6</sup>	2
<b>Credits</b>		<b>2</b>
<b>Semester Seven</b>		
Select one:		2-3
FNR 3131C	Dendrology/Forest Plants ( <b>Critical Tracking</b> )	
FOR 4934	Topics in Natural Resources (Florida Forest Communities; <b>Critical Tracking</b> )	
SUR 4350C	Advanced Photogrammetry ( <b>Critical Tracking</b> ) <sup>5</sup>	3
SUR 4530	Geodesy and Geodetic Positioning ( <b>Critical Tracking</b> ) <sup>5</sup>	3
SUR 4911	Supervised Research in Geomatics ( <b>Critical Tracking</b> )	1
Select 6 approved credits:		6
Analysis electives		
Geomatics electives		
Geospatial Application electives		
<b>Credits</b>		<b>15-16</b>
<b>Semester Eight</b>		
GIS 4121	Geospatial Analysis <sup>5</sup>	3
SUR 4380	Remote Sensing ( <b>Critical Tracking</b> ) <sup>5</sup>	3
SUR 4912	Senior Project ( <b>Critical Tracking</b> ) <sup>5</sup>	1
Select 3 approved credits:		3
Analysis electives		
Geomatics electives		
Geospatial application electives		
Natural resources elective; <b>Critical Tracking</b>		3
<b>Credits</b>		<b>13</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> FOR 3004 or SWS 3022 and SWS 3022L recommended.

<sup>2</sup> GEO 2200 or GLY 2010C recommended.

<sup>3</sup> May be used as substitutes:

- MAC 1114 and MAC 2233 for MAC 2311
- PHY 2004 and PHY 2004L for PHY 2053 and PHY 2053L
- PHY 2005 and PHY 2005L for PHY 2054 and PHY 2054L

<sup>4</sup> GEO 2200 or GLY 2010C recommended, if not already taken.

<sup>5</sup> Minimum grade of C required.

<sup>6</sup> Must take two sections of SUR 4949 concurrently.

Placement tests and/or prerequisites may be required to access certain courses.

Non-specified general education (GE) courses may be selected from any approved course in the subject area. Selection of courses must consider satisfaction of the writing requirement and international studies and diversity requirements.

## Academic Learning Compact

Geomatics addresses land information development and management through field survey, photogrammetry, remote sensing, satellite positions and other techniques. The program is nationally accredited and graduates often obtain licensure as professional surveyors and mappers.

A nationally accredited ABET (<http://www.abet.org/>) program.

## Before Graduating Students Must

- Pass the geomatics competency exam, given in five parts. One part will be given in each of these required courses:

Code	Title	Credits
SUR 3103C	Geomatics	3
SUR 3520	Measurement Science	3
SUR 4430	Surveying and Mapping Practice	3
SUR 4463	Subdivision Design	3
SUR 4912	Senior Project	1
<b>Total Credits</b>		<b>13</b>

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Knowledge and competency in geometry, statistics, boundary law, surveying and mapping instrument usage and statutes and ordinances pertaining to professional practice.

#### Critical Thinking

2. Define problems, formulate solutions, assess legal evidence, interpret statistical results, design a system or process, and understand professional and ethical issues.

#### Communication

3. Create, interpret and analyze written text, oral messages and multimedia presentations.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3
SUR 3103C	I, R, A	I, R, A	I, R, A
SUR 3520		I, R, A	I, R, A
SUR 4430	I, R, A	R, A	R, A
SUR 4463	R, A	R, A	R, A
SUR 4912		R, A	R, A

## Assessment Types

- Labs
- Projects
- Papers
- Exams
- Presentations

## Surveying and Mapping

The geomatics profession collects, manages, and analyzes geospatial data through ground surveying, photogrammetry, remote sensing, satellite positioning, inertial measurements, echo-sounding, and laser scanning. Geomatics students study geometry, statistics, boundary law, and surveying and mapping instrument usage.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science in Geomatics

- **Specializations:** Geospatial Analysis (p. 258) | Surveying and Mapping (p. 262)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

The School of Forest, Fisheries, and Geomatics Sciences is a unit within the Institute of Food and Agricultural Sciences (IFAS) and the College of Agricultural and Life Sciences (CALS). The school is home to three distinct yet integrated program areas: Fisheries and Aquatic Sciences (<http://sfrc.ufl.edu/fish/>), Forest Resources and Conservation (<http://sfrc.ufl.edu/forest/>), and Geomatics (<http://sfrc.ufl.edu/geomatics/>). The school's faculty, staff, and students conduct research, teaching, and extension that cuts across a wide range of environments and disciplines.

**Website** (<http://sfrc.ufl.edu/>)

## CONTACT

Email ([sfrc@ifas.ufl.edu](mailto:sfrc@ifas.ufl.edu)) | 352.846.0850 (tel) | 352.392.1707 (fax)

P.O. Box 110410  
1745 McCarty Drive  
136 NEWINS-ZIEGLER HALL  
GAINESVILLE FL 32611-0410  
Map (<http://campusmap.ufl.edu/#/index/0832>)

## Curriculum

- Combination Degrees
- Fire Ecology and Management Certificate
- Fisheries and Aquatic Sciences Minor
- Forest Resources and Conservation
- Forest Resources and Conservation Minor
- Geomatics
- Geomatics Certificate
- Mapping with Small Unmanned Aerial Systems Certificate
- Natural Resource Conservation

Geomatics students learn how land, infrastructure, and natural resources are measured, analyzed, and integrated into useable forms and systems. Students gain hands-on experience working with field equipment and in high-tech classrooms. Present land values, rates of urban development, and environmental concerns require a broad set of expertise to develop, manage, and apply geospatial information. Students majoring in Geomatics complete either the Surveying and Mapping specialization or the Geospatial Analysis specialization.

Both specializations within the Geomatics major are offered at the Fort Lauderdale Research and Education Center in Ft. Lauderdale, FL, and the Gulf Coast Research and Education Center in Plant City, FL (near Tampa).

## Surveying and Mapping

The Surveying and Mapping specialization is accredited by ABET (<http://www.abet.org/>) and prepares students for entry into the Surveying and Mapping profession.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete at least 1 of 7 critical-tracking courses (excluding labs): AEB 2014 or ECO 2023 or ECO 2013, AEC 3030C or SPC 2608, COP 2800 or advisor-approved course in computer programming, MAC 2311, PHY 2053/PHY 2053L, PHY 2054/PHY 2054L and STA 2023
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 2

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 3

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 4

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 5

- Complete all critical-tracking courses including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 6

- Complete two of the remaining required major courses from SUR 3103C, SUR 3323, SUR 3641, GIS 3072C, AEB 3133 or MAN 3025, AEB 4123 or BUL 4310, SUR 3331C, SUR 4501C, SUR 3520, SUR 4949, FNR 3131C or FOR 4934, SUR 4530, SUR 4911, SUR 4380, SUR 4912, and SUR 4934 or SWS 4244 or AOM 4643 or FNR 4343C or FNR 4660 or GEO 3280
- 2.0 upper division GPA required
- 2.0 UF GPA required

Semester 7

- Complete three additional remaining required major courses from SUR 3103C, SUR 3323, SUR 3641, GIS 3072C, AEB 3133 or MAN 3025, AEB 4123 or BUL 4310, SUR 3331C, SUR 4501C, SUR 3520, SUR 4949, FNR 3131C or FOR 4934, SUR 4530, SUR 4911, SUR 4380, SUR 4912, and SUR 4934 or SWS 4244 or AOM 4643 or FNR 4343C or FNR 4660 or GEO 3280
- 2.0 upper division GPA required
- 2.0 UF GPA required

Semester 8

- Complete all remaining required major courses from SUR 3103C, SUR 3323, SUR 3641, GIS 3072C, AEB 3133 or MAN 3025, AEB 4123 or BUL 4310, SUR 3331C, SUR 4501C, SUR 3520, SUR 4949, FNR 3131C or FOR 4934, SUR 4530, SUR 4911, SUR 4380, SUR 4912, and SUR 4934 or SWS 4244 or AOM 4643 or FNR 4343C or FNR 4660 or GEO 3280
- 2.0 upper division GPA required
- 2.0 UF GPA required

Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3-4
AEB 2014	Economic Issues, Food and You ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)

# Geomatics Certificate

The geomatics certificate is offered via distance learning technologies. The certificate enables individuals without a bachelor's degree in geomatics or a similar field to complete the necessary academic coursework required for licensure as a professional surveyor and mapper (PSM).

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with minimum grades of C
- **Contact:** Email (shouder@ufl.edu) | 352.846.0146
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFLStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## School Information

The School of Forest, Fisheries, and Geomatics Sciences is a unit within the Institute of Food and Agricultural Sciences (IFAS) and the College of Agricultural and Life Sciences (CALS). The school is home to three distinct yet integrated program areas: Fisheries and Aquatic Sciences (<http://sfrc.ufl.edu/fish/>), Forest Resources and Conservation (<http://sfrc.ufl.edu/forest/>), and Geomatics (<http://sfrc.ufl.edu/geomatics/>). The school's faculty, staff, and students conduct research, teaching, and extension that cuts across a wide range of environments and disciplines.

# Golf and Sports Turf Management Minor

The Golf and Sports Turf Management minor provides a basic understanding of turfgrass culture and knowledge of the turfgrass industry.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15

## Department Information

The Department of Agronomy's vision is to improve and sustain food production while conserving natural resources and promoting healthy and active lives by creating and disseminating knowledge in the plant sciences. The department's mission is to achieve excellence in the science of using plants for food, feed, fuel, fiber and turf, as well as in the management of weed species, through research, teaching, and outreach programs that serve the people of Florida, our nation, and the world.

### Curriculum

- /UGRD/colleges-schools/UGAGL/AGL\_UCT13/
- Agroecology and Sustainable Food Systems Certificate
- Combination Degrees
- Golf and Sports Turf Management Minor
- Plant Science

## Related Programs

- Environmental Horticulture Minor

Specific courses within the minor must be approved in writing by the student's advisor and the advisor for the minor at least one semester before graduation.

## Required Courses

Code	Title	Credits
BOT 2010C	Introductory Botany	3
ORH 3222C	Turfgrass Culture	4
ORH 4223	Golf and Sports Turf Management	2
ORH 4236C	Ornamental Landscape Management	3
PLS 4601C	Principles of Weed Science	3
or SWS 3022	Introduction to Soils in the Environment	
Total Credits		15

# Horticultural Science

Horticultural Science graduates have a foundation of knowledge in the science behind fruit and vegetable production, including commodity production, cropping systems, basic plant science, and molecular biology. Horticultural Science students study genetics, crop nutrition, plant physiology, chemistry, physics, entomology and nematology, and soil and water sciences.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor in Science
- **Specializations:** Organic Horticultural Systems (p. 271) | Plant Biotechnology and Improvement (p. 276) | Science and Technology of Horticultural Crops (p. 280)
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Horticultural Sciences Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.

## Curriculum

- Combination Degrees
- Horticultural Science
- Horticultural Science Minor
- Horticultural Therapy Certificate
- Organic and Sustainable Crop Production Minor
- Plant Molecular and Cellular Biology Minor

The department offers three specializations: science and technology of horticultural crops, organic horticultural systems, and plant biotechnology and improvement. These options provide a strong science background and flexibility when choosing elective courses. An academic advisor will help develop the curriculum that best suits your career and educational goals.

## Specializations

### Organic Horticultural Systems

This specialization emphasizes the cultural practices that maintain ecological and economical balance in horticultural crop production systems. This is a flexible option with many electives available to meet education and career objectives. Graduates will be prepared for a range of careers related to conventional, sustainable and organic crop production.

### Plant Biotechnology and Improvement

This is a comprehensive program focusing on the molecular aspects of crops, including crop growth, development and cultivar improvement. This specialization is geared toward preparing for careers in laboratory research and is also an excellent preparation for pursuing graduate studies.

### Science and Technology of Horticultural Crops

This specialization offers a generalized program, covering growth and development of horticultural crops. This is a flexible option that can be tailored to individual interests and career objectives, ranging from applied production to basic biology. Career options include commodity production and management, research biologist, marketing, agricultural chemical sales, fertilizer sales, produce buyer for grocery stores or restaurants, retail flower sales, and a number of other opportunities.

## Academic Learning Compact

The horticultural science major prepares students for a career in plant science, including management, production, research, marketing and sales. Students will gain knowledge ranging from commodity production and cropping systems to basic plant science and molecular biology. They will

develop skills to describe how plant physiology and genetics relate to plant growth and development as well as developing knowledge of plant diseases and other factors that affect horticultural crops.

## Before Graduating Students Must

- Pass the horticultural sciences competency test, given in three parts. One part will be given in each of these required courses:

Code	Title	Credits
HOS 3020C	Principles of Horticultural Crop Production	4
HOS 4304	Horticultural Physiology	3
HOS 4341	Advanced Horticultural Physiology	3

- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Describe fundamental concepts, skills and processes in horticultural science.
2. Apply fundamental concepts, skills and processes in horticultural science.

#### Critical Thinking

3. Critically analyze and interpret data in horticultural science.
4. Solve problems in horticultural science.

#### Communication

5. Communicate effectively in written form in a manner appropriate in the field of horticultural science.
6. Communicate effectively orally in a manner appropriate in the field of horticultural science.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 5 critical-tracking courses, excluding labs: BOT 2010C or BSC 2010/BSC 2010L, BOT 2011C or BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, MAC 1147, PHY 2004 or PHY 2020

- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- 2.0 GPA required for all critical-tracking courses
- Complete 1 of 4 upper division critical-tracking courses: HOS 3020C, HOS 4933, HOS 4304, HOS 4921
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete 1 additional upper division critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete 1 additional upper division critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all upper division critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
MAC 1147	Precalculus Algebra and Trigonometry ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
	State Core Gen Ed Composition (p. 67); Writing Requirement	3
	State Core Gen Ed Social and Behavioral Sciences (p. 67)	3
Elective		2
<b>Credits</b>		<b>15</b>

**Semester Two**

Quest 2 (Gen Ed Physical or Biological Sciences OR Gen Ed Social and Behavioral Sciences) 3

Select one: 3-4

AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological Sciences and Physical Sciences)	4

State Core Gen Ed Humanities (p. 67) 3

Elective 2

**Credits 15-16****Semester Three**

AEC 3033C Research and Business Writing in Agricultural and Life Sciences (Writing Requirement) 3

Select one: 3-4

BOT 2010C	Introductory Botany ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	

Gen Ed Composition; Writing Requirement 3

Gen Ed Mathematics 2

Electives 4

**Credits 15-16****Semester Four**

AEC 3030C Effective Oral Communication 3

Select one: 4

BOT 2011C	Plant Diversity ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	

Select one: 3

PHY 2004 Applied Physics 1 (**Critical Tracking**; Gen Ed Physical Sciences)PHY 2020 Introduction to Principles of Physics (**Critical Tracking**; Gen Ed Physical Sciences)

Electives 5

**Credits 15****Semester Five**

ALS 3153 Agricultural Ecology 3

HOS 3020C Principles of Horticultural Crop Production (**Critical Tracking**) 4

HOS 3285 The Organic Debate: Organic Agriculture Development &amp; Regulations 1

STA 2023 Introduction to Statistics 1 3

SWS 3022 Introduction to Soils in the Environment 4

&amp; 3022L and Introduction to Soils in the Environment Laboratory

**Credits 15****Semester Six**

AGR 3303 Genetics 3

ENY 3005 Principles of Entomology 3

&amp; 3005L and Principles of Entomology Laboratory

HOS 3430C Nutrition of Horticultural Crops 3

HOS 4933 Professional Development in Horticulture (**Critical Tracking**) 1

Approved electives 5

**Credits 15****Semester Seven**

HOS 3281C Organic and Sustainable Crop Production 3

HOS 4304 Horticultural Physiology (**Critical Tracking**) 3

HOS 4918 Capstone Planning in Horticultural Sciences 1

PLP 3002C Fundamentals of Plant Pathology 4

Approved elective 3

Practical work experience 1-2

**Credits 15-16****Semester Eight**

HOS 4283C Advanced Organic and Sustainable Crop Production 3

HOS 4332C	Principles of Postharvest Horticulture	3
HOS 4921	Horticultural Sciences Capstone ( <b>Critical Tracking</b> )	2-4
WDS 4001	Organic Weed Management	3
Approved electives		4
<b>Credits</b>		<b>15-17</b>
<b>Total Credits</b>		<b>120</b>

## Approved Electives

### Commodity Electives | Select 19-20 Credits

Code	Title	Credits
FRC 3212	Introduction to Citrus Culture and Production (fall semester odd years)	3
FRC 3252	Tropical and Subtropical Fruits (fall semester even years)	2
FRC 3274	Tree and Small Fruit Production (fall semester, odd years)	3
HOS 3222C	Greenhouse and Protected Agriculture (spring semester, even years)	3
VEC 3221C	Vegetable Production (fall semester)	4

For other approved electives, see advisor

### Practical Work Experience | Select One

Code	Title	Credits
HOS 4905	Independent Study in Horticultural Science	1-6
HOS 4941	Practical Work Experience in Horticultural Sciences	1-4

Other practical work experience course options, such as relevant study abroad experiences, may be approved by the advisor

## Academic Learning Compact

The horticultural science major prepares students for a career in plant science, including management, production, research, marketing and sales. Students will gain knowledge ranging from commodity production and cropping systems to basic plant science and molecular biology. **Curriculum**

- Combination Degrees
- Horticultural Science
- Horticultural Science Minor
- Horticultural Therapy Certificate
- Organic and Sustainable Crop Production Minor
- Plant Molecular and Cellular Biology Minor

The department offers three specializations: science and technology of horticultural crops, organic horticultural systems, and plant biotechnology and improvement. These options provide a strong science background and flexibility when choosing elective courses. An academic advisor will help develop the curriculum that best suits your career and educational goals.

## Specializations

### Organic Horticultural Systems

This specialization emphasizes the cultural practices that maintain ecological and economical balance in horticultural crop production systems. This is a flexible option with many electives available to meet education and career objectives. Graduates will be prepared for a range of careers related to conventional, sustainable and organic crop production.

### Plant Biotechnology and Improvement

This is a comprehensive program focusing on the molecular aspects of crops, including crop growth, development and cultivar improvement. This specialization is geared toward preparing for careers in laboratory research and is also an excellent preparation for pursuing graduate studies.

### Science and Technology of Horticultural Crops

This specialization offers a generalized program, covering growth and development of horticultural crops. This is a flexible option that can be tailored to individual interests and career objectives, ranging from applied production to basic biology. Career options include commodity production and management, research biologist, marketing, agricultural chemical sales, fertilizer sales, produce buyer for grocery stores or restaurants, retail flower sales, and a number of other opportunities.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 5 critical-tracking courses, excluding labs: BOT 2010C or BSC 2010/BSC 2010L, BOT 2011C or BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, MAC 1147, PHY 2004 or PHY 2020
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 4

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

Semester 5

- Complete all critical-tracking courses, including labs
- 2.0 GPA required for all critical-tracking courses
- Complete 1 of 4 upper division critical tracking courses: HOS 3020C, HOS 4933, HOS 4304, HOS 4921
- 2.0 upper division GPA required
- 2.0 UF GPA required

Semester 6

- Complete 1 additional upper division critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

Semester 7

- Complete 1 additional upper division critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

Semester 8

- Complete all upper division critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
MAC 1147	Precalculus Algebra and Trigonometry ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Composition (p. 67); Writing Requirement		3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		2
<b>Credits</b>		<b>15</b>
<b>Semester Two</b>		
Quest 2 (Gen Ed Physical or Biological Sciences OR Gen Ed Social and Behavioral Sciences)		3
Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological Sciences and Physical Sciences)	4

State Core Gen Ed Humanities (p. 67)		3
Elective		2
<b>Credits</b>		<b>15-16</b>
<b>Semester Three</b>		
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
Select one:		3-4
BOT 2010C	Introductory Botany ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	
Gen Ed Composition; Writing Requirement		3
Gen Ed Mathematics		2
Electives		4
<b>Credits</b>		<b>15-16</b>
<b>Semester Four</b>		
AEC 3030C	Effective Oral Communication	3
Select one:		4
BOT 2011C	Plant Diversity ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	
Select one:		3
PHY 2004	Applied Physics 1 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	
PHY 2020	Introduction to Principles of Physics ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	
Electives		5
<b>Credits</b>		<b>15</b>
<b>Semester Five</b>		
HOS 3020C	Principles of Horticultural Crop Production ( <b>Critical Tracking</b> )	4
PLP 3002C	Fundamentals of Plant Pathology	4
STA 2023	Introduction to Statistics 1	3
SWS 3022 & 3022L	Introduction to Soils in the Environment and Introduction to Soils in the Environment Laboratory	4
<b>Credits</b>		<b>15</b>
<b>Semester Six</b>		
ENY 3005 & 3005L	Principles of Entomology and Principles of Entomology Laboratory	3
HOS 3430C	Nutrition of Horticultural Crops	3
HOS 4933	Professional Development in Horticulture ( <b>Critical Tracking</b> )	1
PLS 3223 & 3223L	Plant Propagation and Plant Propagation Laboratory	3
Practical work experience		2-3
Approved elective		3
<b>Credits</b>		<b>15-16</b>
<b>Semester Seven</b>		
AGR 3303	Genetics	3
HOS 4304	Horticultural Physiology ( <b>Critical Tracking</b> )	3
HOS 4918	Capstone Planning in Horticultural Sciences	1
PLS 4601C	Principles of Weed Science	3
Approved electives		6
<b>Credits</b>		<b>16</b>
<b>Semester Eight</b>		
HOS 3222C	Greenhouse and Protected Agriculture	3
HOS 4332C	Principles of Postharvest Horticulture	3
HOS 4921	Horticultural Sciences Capstone ( <b>Critical Tracking</b> )	2-4
Approved electives		6
<b>Credits</b>		<b>14-16</b>
<b>Total Credits</b>		<b>120</b>

## Academic Learning Compact

The horticultural science major prepares students for a career in plant science, including management, production, research, marketing and sales. Students will gain knowledge ranging from commodity production and cropping systems to basic plant science and molecular biology. They will develop skills to describe how plant physiology and genetics relate to plant growth and development as well as developing knowledge of plant diseases and other factors that affect horticultural crops.

## Before Graduating Students Must

- Pass the horticultural sciences competency test, given in three parts. One part will be given in each of these required courses:

Code	Title	Credits
HOS 3020C	Principles of Horticultural Crop Production	4
HOS 4304	Horticultural Physiology	3
HOS 4341	Advanced Horticultural Physiology	3

- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Describe fundamental concepts, skills and processes in horticultural science.
2. Apply fundamental concepts, skills and processes in horticultural science.

#### Critical Thinking

3. Critically analyze and interpret data in horticultural science.
4. Solve problems in horticultural science.

#### Communication

5. Communicate effectively in written form in a manner appropriate in the field of horticultural science.
6. Communicate effectively orally in a manner appropriate in the field of horticultural science.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEC 3030C					I, R, A	
AEC 3033C						I, R, A
AGR 3303	I	I				
HOS 3020C	I, R, A	I	I	I		
HOS 3430C	I, R	I, R	R	R		
HOS 4304	R	A	A	A		
HOS 4341	R	R	R	R		
HOS 4933					R	R

## Assessment Types

- Class project
- Writing assignments
- Exams
- Final grades

## Horticultural Science Minor

The Horticultural Science minor is open to any student who wants to explore an interest in fruits and vegetables.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 16
- **Contact:** Email (zxin@ufl.edu) | 352.273.4773

## Department Information

The Horticultural Sciences Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.

## Curriculum

- Combination Degrees
- Horticultural Science
- Horticultural Science Minor
- Horticultural Therapy Certificate
- Organic and Sustainable Crop Production Minor
- Plant Molecular and Cellular Biology Minor

Some background courses in botany or plant science are recommended.

## Required Courses

Code	Title	Credits
HOS 3020C	Principles of Horticultural Crop Production	4
Select 9 credits:		9
FRC 3212	Introduction to Citrus Culture and Production	
FRC 3252	Tropical and Subtropical Fruits	
FRC 3274	Tree and Small Fruit Production	
HOS 3222C	Greenhouse and Protected Agriculture	
HOS 3430C	Nutrition of Horticultural Crops	
HOS 3281C	Organic and Sustainable Crop Production	
VEC 3221C	Vegetable Production	
FRC, HOS or VEC course (3000/4000 level)		3
<b>Total Credits</b>		<b>16</b>

## Horticultural Therapy Certificate

The Horticultural Therapy certificate is offered via distance learning technology to provide students a background in people/plant relationships and train them to develop activities, treatment plans, and programs using plants to achieve therapeutic outcomes. The curriculum aligns with the certification requirements of the American Horticultural Therapy Association for professional recognition as Horticultural Therapist-Registered (HTR).

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 12 | Completed with minimum grades of C
- **Contact:** Email (leahdiehl@ufl.edu)
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Department Information

The Environmental Horticulture Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. #Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.

*Courses must be approved by the associate dean of the college.*

#### The minor has three components:

1. International experience(s) totaling at least 21 days in an approved: study abroad program, a cooperative work experience, research experience, or an internship.
2. 9-12 credits in courses with an international focus and technical content related to agricultural and life sciences, selected from the list of approved courses or completed abroad as part of an approved study program.
3. 3-6 credits that focus on the history, social organization, culture or language of a nation or region abroad, selected from the list of approved courses or completed abroad as part of an approved study program.

# Landscape Pest Management Certificate

This certificate offers training to place-bound employees of the landscape management and pest control industries who desire advanced training in landscape (turf, shrub, and tree) pests. The scope of the program extends beyond horticultural insect pests to include nematodes and plant diseases.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15-16 | Completed with minimum grades of C
- **Contact:** Email (capinera@ufl.edu) | 352.273.3905
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

**Website** (<http://entomology.ifas.ufl.edu/>)

## Mapping with Small Unmanned Aerial Systems Certificate

This certificate focuses on mapping using small Unmanned Aerial Systems (UASs) and the use of UASs as a geospatial data-acquisition tool. Well-suited for students studying geomatics, as well as disciplines which require high resolution geospatial information such as agriculture, forestry, wildlife management, mining, infrastructure planning and monitoring, and disaster management.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 9 | Completed with minimum grades of C
- **Contact:** Email (shouder@ufl.edu) | 352.846.0146
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## School Information

The School of Forest, Fisheries, and Geomatics Sciences is a unit within the Institute of Food and Agricultural Sciences (IFAS) and the College of Agricultural and Life Sciences (CALS). The school is home to three distinct yet integrated program areas: Fisheries and Aquatic Sciences (<http://sfrc.ufl.edu/fish/>), Forest Resources and Conservation (<http://sfrc.ufl.edu/forest/>), and Geomatics (<http://sfrc.ufl.edu/geomatics/>). The school's faculty, staff, and students conduct research, teaching, and extension that cuts across a wide range of environments and disciplines.

### Curriculum

- Combination Degrees
- Fire Ecology and Management Certificate
- Fisheries and Aquatic Sciences Minor
- Forest Resources and Conservation
- Forest Resources and Conservation Minor
- Geomatics
- Geomatics Certificate
- Mapping with Small Unmanned Aerial Systems Certificate
- Natural Resource Conservation

Students must have a high-school diploma or the equivalent, and completed SUR 3103C with a minimum grade of C.

## Required Courses

Code	Title	Credits
SUR 4376	Geospatial Applications of UASs	3
SUR 4501C	Foundations of UAS Mapping	3
SUR 4940C	Practicum in UAS Mapping	3
<b>Total Credits</b>		<b>9</b>

---

## Marine Sciences | CALS

From oceans to coastal wetlands, students will learn about marine organisms and their behaviors and interactions with the environment. Marine Sciences students study oceanography, statistics, fisheries and aquatic sciences, and invertebrate biodiversity. Students can focus elective courses on ecology, organismal biology, economics, human dimensions, and/or quantitative or professional skills.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

### Related Programs

- Combination Degrees
- Fisheries and Aquatic Sciences Minor
- Natural Resource Conservation

The university promotes an integrated approach to marine science education and research to prepare students for a variety of rewarding academic and professional careers. This major, offered cooperatively with the College of Liberal Arts and Sciences, allows students to tailor a curriculum that suits their interests and career goals.

The curriculum provides students with the core scientific and quantitative skills necessary for success. Lower-division courses build a strong foundation in basic sciences and math while upper-division courses provide opportunity for specialization. Students in the College of Agricultural and Life Sciences (CALS) complete an upper-division core that concentrates on biological and ecological marine science essentials while also giving students a critical understanding of how statistics and economics are integrated into marine science and resource management.

Students work closely with a faculty advisor to create an individualized curriculum plan of at least 18 approved elective credits and 15-16 hours of planned credits. These can include courses on resource management, human dimensions, conservation, quantitative population assessment and others. Students must complete their plans along with the approval of a faculty advisor before reaching 70 credits.

## Coursework for the Major

The major requires 120 credits and at least 30 credits of upper-division coursework in the major must be completed at UF.

### Required Coursework

Code	Title	Credits
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1	4
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2	4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory	4
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory	4
FAS 4202C	Biology of Fishes	4
OCE 1001	Introduction to Oceanography	3
STA 2023	Introduction to Statistics 1	3
Select one:		3
FAS 4270	Marine Ecological Processes	
ZOO 4926	Special Topics in Zoology (Marine Ecology)	
FAS 4932	Topics in Fisheries and Aquatic Sciences (Biology and Ecology of Algae)	3
Select one:		3
FNR 3410C	Natural Resource Sampling	
STA 3024	Introduction to Statistics 2	
STA 4210	Regression Analysis	
STA 4222	Sample Survey Design	
FNR 4660	Natural Resource Policy and Economics	3
GLY 3083C	Fundamentals of Marine Sciences	3
MAC 2311	Analytic Geometry and Calculus 1	4
PHY 2004 & 2004L	Applied Physics 1 and Laboratory for Applied Physics 1	4
ZOO 4205C	Invertebrate Biodiversity	4
Approved marine sciences electives		18
Planned electives, sufficient to reach a total of 60 upper-division credits		15-16
<b>Total Credits</b>		<b>86-87</b>

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete OCE 1001 and 1 of the following, excluding labs: BSC 2010/BSC 2010L, BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, MAC 2311, PHY 2004/PHY 2004L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required
- 2.0 Upper Division GPA required

## Semester 6

- Complete 1 of the remaining required major courses from STA 2023, FAS 4202C, FAS 4270 or PCB 4460, FNR 3410C or STA 3024 or STA 4210 or STA 4222, FAS 4932, GLY 3083C, FNR 4660, ZOO 4205C
- Submit faculty advisor-approved Curriculum Plan
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete 3 additional remaining required major courses
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all remaining required major courses
- 2.0 Upper Division GPA required
- 2.0 UF GPA required

### Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4

OCE 1001	Introduction to Oceanography ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	3
State Core Gen Ed Composition (p. 67); Writing Requirement		3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
<b>Credits</b>		<b>16</b>
<b>Semester Two</b>		
Quest 2		3
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	4
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Humanities (p. 67)		3
<b>Credits</b>		<b>14</b>
<b>Semester Three</b>		
Select one:		4
AEB 3103	Principles of Food and Resource Economics	
ECO 2023	Principles of Microeconomics	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	4
Gen Ed Composition; Writing Requirement		3
MAC 2312	Analytic Geometry and Calculus 2 (recommended elective)	4
<b>Credits</b>		<b>15</b>
<b>Semester Four</b>		
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	4

STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics)	3
FAS 2024	Sustainable Fisheries (Recommended elective)	3
<b>Credits</b>		<b>14</b>
<b>Semester Five</b>		
AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
Select one:		3
FNR 3410C	Natural Resource Sampling	
STA 3024	Introduction to Statistics 2	
STA 4210	Regression Analysis	
STA 4222	Sample Survey Design	
CHM 2200 & 2200L	Fundamentals of Organic Chemistry and Fundamentals of Organic Chemistry Laboratory (recommended electives)	4
Elective		3
<b>Credits</b>		<b>13</b>
<b>Semester Six</b>		
FAS 4932	Topics in Fisheries and Aquatic Sciences ( <b>Critical Tracking</b> )	3
GLY 3083C	Fundamentals of Marine Sciences (Gen Ed Biological and Physical Sciences; <b>Critical Tracking</b> )	3
ZOO 4205C	Invertebrate Biodiversity ( <b>Critical Tracking</b> )	4
Approved electives		6
<b>Credits</b>		<b>16</b>
<b>Semester Seven</b>		
Select one:		3
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	
ENC 2210	Technical Writing (Writing Requirement)	
ENC 3254	Professional Writing in the Discipline (Writing Requirement)	
FAS 4202C	Biology of Fishes ( <b>Critical Tracking</b> )	4
Select one:		3
FAS 4270	Marine Ecological Processes ( <b>Critical Tracking</b> )	

ZOO 4926	Special Topics in Zoology (Marine Ecology; <b>Critical Tracking</b> )	
FNR 4660	Natural Resource Policy and Economics ( <b>Critical Tracking</b> )	3
Elective		3
<b>Credits</b>		<b>16</b>
<b>Semester Eight</b>		
Approved electives		12
Electives		4
<b>Credits</b>		<b>16</b>
<b>Total Credits</b>		<b>120</b>

## Approved Electives

### APPROVED ELECTIVES | 18 CREDITS MINIMUM

Students meet with a faculty advisor to establish a curriculum plan for approved electives and planned electives and may focus these toward a specific area or a minor. For a broader program, students should choose a minimum of three credits from each area of approved electives. Other options may include study abroad courses.

#### Ecology and Organismal Biology

Code	Title	Credits
FAS 2024	Sustainable Fisheries	3
FAS 4305C	Introduction to Fishery Science	3
FAS 4305C	Introduction to Fishery Science	3
FAS 4932	Topics in Fisheries and Aquatic Sciences (Aquatic Invertebrate Ecological Physiology)	3
FAS 4932	Topics in Fisheries and Aquatic Sciences (Field Ecology of Aquatic Organisms)	4
FAS 4932	Topics in Fisheries and Aquatic Sciences (Coral Reef Ecology)	3
FAS 4932	Topics in Fisheries and Aquatic Sciences (Invasion Ecology of Aquatic Animals)	3
PCB 4043C	General Ecology	4
PCB 4674	Evolution	4
VME 4012	Aquatic Animal Conservation Issues	3
VME 4906	Problems in Veterinary Science (Introduction to Marine Wildlife)	3
WIS 3553C	Introduction to Conservation Genetics	4
WIS 4203C	Landscape Ecology and Conservation	3
ZOO 4403C	Marine Biology	4

#### Economics and Human Dimensions

Code	Title	Credits
AEB 3450	Introduction to Natural Resource and Environmental Economics	3
FOR 3202	Society and Natural Resources (Gen Ed Social and Behavioral Sciences)	3
GEO 4300	Environmental Biogeography	3
WIS 4523	Human Dimensions of Natural Resource Conservation	3

#### Physical/Chemical Oceanography

Code	Title	Credits
EGN 4932	Special Topics (Physical Oceanography)	3
GLY 3074	Oceans and Global Climate Change (Gen Ed Physical Sciences)	3
GLY 4734	Coastal Morphology and Processes	3
GLY 4930	Special Topics in Geology (Geochemical Oceanography)	3

#### Professional Skills

Code	Title	Credits
GIS 3072C	Geographic Information Systems	3
Advanced Open Water and Science Diving		
Practicum or Internship		

#### Quantitative Ecological Skills

Code	Title	Credits
FAS 4932	Topics in Fisheries and Aquatic Sciences (Applied Fisheries Statistics)	4
FNR 3410C	Natural Resource Sampling <sup>1</sup>	3
STA 3024	Introduction to Statistics 2 <sup>1</sup>	3

STA 4210	Regression Analysis <sup>1</sup>	3
STA 4211	Design of Experiments	3
STA 4222	Sample Survey Design <sup>1</sup>	3
WIS 4501	Introduction to Wildlife Population Ecology	3
WIS 4601C	Quantitative Wildlife Ecology	3

<sup>1</sup> Use as an approved elective if not used to meet the quantitative requirement in semester seven.

### Additional Approved Electives | With instructor permission

Code	Title	Credits
FAS 6337C	Fish Population Dynamics	4
GLY 6075	Global Climate Change: Past, Present, and Future	3
OCP 6295	Estuarine and Shelf Hydrodynamics I	3
ZOO 6406	Biology of Sea Turtles	3
ZOO 6456C	Ichthyology	4

### Academic Learning Compact

This major provides integrative understanding of the basic concepts, theories and observational findings related to marine materials and processes, geologic time, the diversity of marine life, the structure and function of marine organisms and ecosystems and marine resource management.

The marine sciences major is administered jointly by the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and utilizes faculty, courses and resources of the Fisheries and Aquatic Sciences Program (CALS), the Department of Geological Sciences (CLAS), the Department of Biology (CLAS), and the Department of Civil and Coastal Engineering (Herbert Wertheim College of Engineering).

## Before Graduating Students Must

- Achieve a passing score on the subject test. The content of the examination has been reviewed and approved by the Marine Sciences Committee.
- Achieve a passing score on the analytical skills test. The content of the examination has been reviewed and approved by the Marine Sciences Committee.
- Achieve a passing score on the bioethics quiz. The content of the examination has been reviewed and approved by the Marine Sciences Committee.
- Achieve a passing score on the scientific literacy paper. This paper is assessed using a rubric that has been reviewed and approved by the Marine Sciences Committee.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate competence in the basic terminology, concepts, methodologies and theories used within the marine sciences.

#### Critical Thinking

2. Analyze information in the marine sciences and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

#### Communication

4. Communicate knowledge, ideas and reasoning clearly, effectively and objectively in written or oral forms appropriate to the marine sciences.

### Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4
FAS 4202C	R	R	R	R
FAS 4932 (Biology and Ecology of Algae)	R	R	R	R
GLY 3083C	I	I	I	I
OCE 1001	I		I	I
ZOO 4205C	R	R	R	R

ZOO 4926 (Marine Ecology) or FAS 4932 (Marine Ecological Processes)	A	A	A	A
---	---	---	---	---

## Assessment Types

- Marine sciences subject and analytical skills tests
- Bioethics quiz
- Scientific paper

## Medical Entomology Certificate

The Medical Entomology certificate offers place-bound employees working in mosquito control, public health, and related areas who required advanced training on medically important arthropods the option to complete a program through distance education and short courses. Coursework provides training in the areas of medically important arthropod biology, identification, and management for disease vectors.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with minimum grades of C
- **Contact:** Email (capinera@ufl.edu) | 352.273.3905
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

<b>Total Credits</b>		<b>15</b>

## Approved Electives

Code	Title	Credits
ENY 3225C	Principles of Urban Pest Management	3
ENY 3563	Introduction to Tropical Entomology	3
ENY 4210	Insects and Wildlife	3
ENY 4905	Problems in Entomology (Blood Feeding Insects)	1
ENY 4905	Problems in Entomology (Mosquito Management)	1

## Microbiology and Cell Science UF Online

The Bachelor of Science in Microbiology and Cell Science offers a flexible curriculum that develops an excellent knowledge base and an understanding of concepts in microbiology, cell biology and the bio-molecular sciences. Emphasis is placed on application of the scientific method to gain an understanding of the biological world at the cellular and molecular levels. Students learn to evaluate hypotheses, interpret experimental data, and communicate results effectively.

## About this Program

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Microbiology & Cell Science is committed to excellence in education, research and service to the community. The curriculum provides an excellent preparation for students who wish to enter the workforce or continue their education in professional programs such as medical, dental, pharmacy, veterinary programs, graduate school, or public health degrees. BS degrees are offered through both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and the MS and PhD degrees are offered through the College of Agricultural and Life Sciences. Combination degrees are available.

- Microbiology and Cell Science | CLAS
- Pathogenesis Minor
- Pathogenesis Minor UF Online

This major prepares students for entry into professional programs in medicine, dentistry and veterinary medicine and provides a strong foundation for graduate studies in microbiology, cell biology and related cellular and biomedical sciences. The major also provides a background for entry into government, industrial research and diagnostic laboratories.

The curriculum develops fundamental knowledge of prokaryotic and eukaryotic cells and viruses. Courses include the physiology and genetics of microorganisms, mechanisms of pathogenesis and innate immunity systems, astrobiology, bacterial and genome sequencing and bioinformatics.

## Coursework for the Major

All majors must take 28-29 credits: 15 credits are core requirements, 10 credits are upper-division department electives and 3-4 credits are the quantitative requirement. A minimum of one credit in an advanced laboratory is required as part of the 10 department-elective credits.

Minimum grades of C, attained within two attempts (including withdrawals), are required in all critical-tracking courses, major courses, department core requirements, department electives and the quantitative requirement. Second attempts must be completed the next semester of enrollment. A 2.0 cumulative GPA of also is required.

Code	Title	Credits
<b>Required Coursework</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 <sup>1</sup>	4
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 <sup>1</sup>	4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory <sup>1</sup>	4
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory <sup>1</sup>	4
MAC 2311	Analytic Geometry and Calculus 1 <sup>1</sup>	4
Select one:		8-10
Option One		
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1	
PHY 2054 & 2054L	Physics 2 and Laboratory for Physics 2	
Option Two		
PHY 2048 & 2048L	Physics with Calculus 1 and Laboratory for Physics with Calculus 1	
PHY 2049 & 2049L	Physics with Calculus 2 and Laboratory for Physics with Calculus 2	
CHM 2210	Organic Chemistry 1 <sup>2</sup>	3
CHM 2211 & 2211L	Organic Chemistry 2 and Organic Chemistry Laboratory	5
<b>Core Requirements</b>		
BCH 4024 or CHM 3218	Introduction to Biochemistry and Molecular Biology Organic Chemistry/Biochemistry 2	4
MCB 3015C	Lab Skills Bootcamp	1
MCB 3023	Principles of Microbiology	3
Select one: <sup>3</sup>		3
MCB 4203	Bacterial Pathogens (offered fall)	
PCB 4233	Immunology (offered spring)	
Select one:		
MCB 4304	Genetics of Microorganisms (offered fall)	
PCB 4522	Molecular Genetics (offered spring)	
MCB 4934	Special Topics in Microbiology and Cell Science <sup>4</sup>	1-4
<b>Department Elective Requirements</b>		
MCB 4034L	Advanced Microbiology Laboratory	1
Select three:		9

BSC 2891	Python Programming for Biology	
MCB 3703	Astrobiology	
MCB 4203	Bacterial Pathogens	
MCB 4320C	The Microbiome	
MCB 4403	Prokaryotic Cell Structure and Function	
MCB 4503	General Virology	
MCB 4782	Extremophiles	
PCB 3134	Eukaryotic Cell Structure and Function	
ZOO 4232	Human Parasitology	
<b>Quantitative Requirement</b>		
BSC 2891	Python Programming for Biology	3
MCB 4320C	The Microbiome	3
STA 2023	Introduction to Statistics 1	3
<b>General Elective Requirement</b>		
General elective coursework at the University of Florida (any 3000/4000 level course will be accepted) <sup>5</sup>		18
<b>Total Credits</b>		<b>85-90</b>

- <sup>1</sup> All majors must complete the biology and general chemistry sequences and calculus by the end of the sophomore year. To continue in the major, students must attain a minimum 2.5 cumulative GPA in these graded courses with no grade lower than a C.
- <sup>2</sup> Must be completed by the end of tracking term five.
- <sup>3</sup> Students must take MCB 4203 or PCB 4233 as a core course. If they take both, one will count as a core course and the other will roll over into the 10-credit department elective requirement.
- <sup>4</sup> Often used for TA lab positions. TA positions may be repeated for two semesters with one lab assignment per semester.
- <sup>5</sup> Enrollment in MCB 4911, MCB 4905 and MCB 4934 will not fulfill any credits toward the microbiology department elective requirements; they will count only as general elective credit toward the 120 credits for the BS degree.

## Course Details

MCB 4911 may be taken for a maximum of three credits per semester and six credits total. This policy applies to all microbiology and cell science majors registered for undergraduate research in other out-of-department undergraduate research courses such as BCH 4905, BMS 4905, ZOO 4905, etc.

## Undergraduate Research

A majority of MCS students are actively involved in undergraduate research for credit with mentors throughout the university. The department encourages preprofessional and graduate school bound students to complete a minimum of two semesters of undergraduate research. The department maintains a list of mentors across campus who allow undergraduate students to participate in valuable research under their guidance. Additional information is available about undergraduate research and faculty mentors who have worked with microbiology and cell science students. More Info (<https://microcell.ufl.edu/undergraduate-program/>)

## Combination Degree Program

A Bachelor of Science and Master of Science (non-thesis) program is offered by the College of Agricultural and Life Sciences. Microbiology majors in both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences are eligible for admission to the combination degree program. Students should email for an appointment to determine their eligibility for this program.  
More Info ([jorsini@ufl.edu?Subject=Microbiology%20and%20Cell%20Science%20Combination-Degree%20Appointment](mailto:jorsini@ufl.edu?Subject=Microbiology%20and%20Cell%20Science%20Combination-Degree%20Appointment))

## Preparation for Graduate Study

This major prepares students for entry into graduate studies in microbiology, cell biology, biochemistry and other areas.

All students interested in graduate education should develop a strong background in chemistry. Suggested schedules for students who plan to attend graduate school are available on the website. Students planning graduate study in microbiology, biochemistry or molecular biological sciences should consider taking these courses:

Code	Title	Credits
CHM 3218	Organic Chemistry/Biochemistry 2 (biochemistry requirement)	4
MAC 2312	Analytic Geometry and Calculus 2	4
STA 2023	Introduction to Statistics 1	3
MCB 4403	Prokaryotic Cell Structure and Function (required department elective)	3
PCB 3134	Eukaryotic Cell Structure and Function (required department elective)	3
CHM 3400	Physical Chemistry for the Biosciences (required department elective)	3
MCB 5305L	Microbial Genetics and Biotechnology Laboratory (microbiology advanced laboratory requirement)	2

PCB 4233	Immunology (pathogens or immunology requirement)	3
MCB 4905	Independent Study (valuable laboratory research experience)	4
<b>Total Credits</b>		<b>29</b>

## Relevant Minors and/or Certificates

The Department of Microbiology and Cell Science also offers a minor in bioinformatics to students majoring in any life sciences subject, including and not limited to microbiology, biology or biochemistry.

So integrated is bioinformatics with the life sciences that it is difficult to find an active research program that does not rely on bioinformatic analysis to achieve results. By integrating bioinformatic and traditional methods, the minor in bioinformatics provides critical training to future professionals in the life science disciplines.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete CHM 1025 or CHM 2045/CHM 2045L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete CHM 2045/CHM 2045L and BSC 2010/BSC 2010L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete CHM 2046/CHM 2046L and MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete BSC 2011/BSC 2011L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete CHM 2210
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 6

- Complete MCB 3023
- 2.0 Upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete MCB 4203 (Fall) or PCB 4233 (Spring) or PCB 3134 (fall/spring) or MCB 4403 (Fall)
- 2.0 Upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete MCB 4034L
- 2.0 Upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Physical Sciences)	4
State Core Gen Ed Composition (p. 67); Writing Requirement <sup>1</sup>		3
	<b>Credits</b>	<b>14</b>
<b>Semester Two</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
BSC 2891	Python Programming for Biology (Or similar quantitative elective)	3
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
Gen Ed Composition		3
	<b>Credits</b>	<b>14</b>
<b>Semester Three</b>		
Select one:		3-4
AEB 2014	Economic Issues, Food and You	
AEB 3103	Principles of Food and Resource Economics	
ECO 2013	Principles of Macroeconomics	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological and Physical Sciences)	4
CHM 2210	Organic Chemistry 1 ( <b>Critical Tracking</b> )	3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
	<b>Credits</b>	<b>13-14</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Diversity or International)		3
AEC 3033C or ENC 2210	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement) or Technical Writing	3
CHM 2211 & 2211L	Organic Chemistry 2 and Organic Chemistry Laboratory	5
MCB 3023 & 3023L	Principles of Microbiology and Principles of Microbiology Laboratory ( <b>Critical Tracking</b> )	5
	<b>Credits</b>	<b>16</b>
<b>Semester Five</b>		
AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
MCB 4203 or PCB 4233	Bacterial Pathogens ( <b>Critical Tracking</b> ) <sup>2</sup> or Immunology	3
MCB 4403 or PCB 3134	Prokaryotic Cell Structure and Function ( <b>Critical Tracking</b> ) or Eukaryotic Cell Structure and Function	3
Gen Ed Diversity or Gen Ed International <sup>3</sup>		3
Electives		5
	<b>Credits</b>	<b>17</b>

**Semester Six**

BCH 4024	Introduction to Biochemistry and Molecular Biology	4
or CHM 3218	or Organic Chemistry/Biochemistry 2	
MCB 4304	Genetics of Microorganisms <sup>4</sup>	3
or PCB 4522	or Molecular Genetics	
MCB 4034L	Advanced Microbiology Laboratory ( <b>Critical Tracking</b> )	1
Gen Ed Mathematics		3
Department elective		3
<b>Credits</b>		<b>14</b>

**Semester Seven**

Select one:		4-5
PHY 2048	Physics with Calculus 1	
& 2048L	and Laboratory for Physics with Calculus 1	
PHY 2053	Physics 1	
& 2053L	and Laboratory for Physics 1	
State Core Gen Ed Humanities (p. 67)		3
Writing Requirement		3
Department elective		3
Elective		3
<b>Credits</b>		<b>16-17</b>

**Semester Eight**

Select one:		4-5
PHY 2049	Physics with Calculus 2	
& 2049L	and Laboratory for Physics with Calculus 2	
PHY 2054	Physics 2	
& 2054L	and Laboratory for Physics 2	
Gen Ed Social and Behavioral Sciences		3
Department elective		3
Science Elective		3
Elective		3
<b>Credits</b>		<b>16-17</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> ENC 1101 recommended.<sup>2</sup> MCB 4203 is taught only in the fall; PCB 4233 is taught only in the spring.<sup>3</sup> Choice depends on courses taken in Semesters Three and Four.<sup>4</sup> MCB 4304 is taught only in the fall; PCB 4522 is taught only in the spring.**Academic Learning Compact**

The Bachelor of Science in microbiology and cell science, offered by both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences, offers students flexibility in a curriculum that develops an excellent knowledge base and an understanding of concepts in microbiology, cell biology and the biomolecular sciences. Emphasis will be placed on application of the scientific method to gain an understanding of the biological world at the cellular and molecular levels. Students will learn to evaluate hypotheses, to interpret experimental data and to communicate results effectively.

**Before Graduating Students Must**

Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major will Learn to**  
**Student Learning Outcomes (SLOs)****Content**

1. Describe fundamental concepts, skills and processes in microbiology, molecular biology and in host/pathogen interactions.
2. Apply fundamental concepts, skills and protocols used to conduct research in fields of microbiology, molecular biology and in host/pathogen.

### Critical Thinking

- Evaluate information and data in the general areas of microbiology and the cellular and molecular biological sciences.
- Solve typical problems that are encountered in general areas of microbiology and cellular and molecular biological sciences.

### Communication

- Communicate effectively in written form in a manner appropriate in microbiology and the cellular and molecular biological sciences.
- Communicate orally (including visual aids) in an effective manner appropriate in microbiology and the cellular and molecular biological sciences.

### Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6
AEC 3030C						I, R, A
AEC 3033C					I, R, A	
MCB 3023	I, A		I	I		
MCB 3023L	I, R	I, R	R	I, R, A		R
MCB 4034L	I, R	I, R, A	I, R, A	I, R	R	I, R
MCB 4203 or PCB 4233	I, R, A	I, R	I, R	I, R	I, R	I, R
MCB 4304 or PCB 4522	I, R, A	I, R	R, A	R	R	R

### Assessment Types

- Genome and lab projects
- Presentations
- Exams
- Final grades

## Microbiology and Cell Science | CALS

The study of small living organisms, Microbiology and Cell Science includes emphasis on molecular biology and genetics; immunology; virology; host-pathogen interactions; cellular ultrastructure; environmental microbiology; and microbial physiology, metabolism and regulation. Microbiology and Cell Science students study chemistry, physics, bacterial pathogens, and genetics.

### About this Program

- College:** Agricultural and Life Sciences (p. 105)
- Degree:** Bachelor of Science
- Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### Department Information

The Department of Microbiology & Cell Science is committed to excellence in education, research and service to the community. The curriculum provides an excellent preparation for students who wish to enter the workforce or continue their education in professional programs such as medical, dental, pharmacy, veterinary programs, graduate school, or public health degrees. BS degrees are offered through both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and the MS and PhD degrees are offered through the College of Agricultural and Life Sciences. Combination degrees are available.

## Curriculum

- Bioinformatics Minor
- Bioinformatics Minor UF Online
- Combination Degrees
- Microbiology and Cell Science UF Online
- Microbiology and Cell Science | CALS
- Microbiology and Cell Science | CLAS
- Pathogenesis Minor
- Pathogenesis Minor UF Online

This major prepares students for entry into professional programs in medicine, dentistry and veterinary medicine and provides a strong foundation for graduate studies in microbiology, cell biology and related cellular and biomedical sciences. The major also provides a background for entry into government, industrial research and diagnostic laboratories.

The curriculum develops fundamental knowledge of prokaryotic and eukaryotic cells and viruses. Courses include the physiology and genetics of microorganisms, mechanisms of pathogenesis and innate immunity systems, astrobiology, bacterial and genome sequencing and bioinformatics.

## Coursework for the Major

All majors must take 28 credits: 18 credits are core requirements, 7 credits are department electives and 3 credits are the quantitative requirement. A minimum of one credit in an advanced laboratory is required as part of the 7 department-elective credits.

Minimum grades of C, attained within two attempts (including withdrawals), are required in all critical-tracking courses, major courses, department core requirements, department electives and the quantitative requirement. Second attempts must be completed the next semester of enrollment. A 2.0 cumulative GPA of also is required.

## Required Coursework

Code	Title	Credits
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1	4
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2	4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory	4
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory	4
MAC 2311	Analytic Geometry and Calculus 1	4
Select one:		8-10
Option One		
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1	
PHY 2054 & 2054L	Physics 2 and Laboratory for Physics 2	
Option Two		
PHY 2048 & 2048L	Physics with Calculus 1 and Laboratory for Physics with Calculus 1	
PHY 2049 & 2049L	Physics with Calculus 2 and Laboratory for Physics with Calculus 2	
CHM 2210	Organic Chemistry 1	3
CHM 2211 & 2211L	Organic Chemistry 2 and Organic Chemistry Laboratory	5
<b>Total Credits</b>		<b>36-38</b>

All majors must complete the biology and general chemistry sequences and calculus by the end of the sophomore year. CHM 2210 must be completed by the end of tracking term five. To continue in the major, students must attain a minimum 2.5 cumulative GPA in these graded courses with no grade lower than a C.

## Core Requirements

Code	Title	Credits
BSC 2891 or MCB 4325C	Python Programming for Biology R for Functional Genomics	3
BCH 4024	Introduction to Biochemistry and Molecular Biology	4

or CHM 3218	Organic Chemistry/Biochemistry 2	
MCB 3023 & 3023L	Principles of Microbiology and Principles of Microbiology Laboratory	5
MCB 4203 or PCB 4233	Bacterial Pathogens Immunology	3
MCB 4304 or PCB 4522	Genetics of Microorganisms Molecular Genetics	3
MCB 4403 or PCB 3134	Prokaryotic Cell Structure and Function Eukaryotic Cell Structure and Function	3
<b>Total Credits</b>		<b>21</b>

If students take both "or" classes, one will count as a core course and the other will roll over into the 7-credit department elective requirement.

## Department Elective Requirements

A total of 7 credits of approved department electives, including one credit in an advanced lab, are required. The list of approved department electives is available on the department website. A maximum of four credits of approved department electives may be taken in other departments. The remaining six credits must be chosen from approved department electives.

More Info (<https://microcell.ufl.edu/undergraduate-program/>)

## Programming or Biostatistics with Programming Requirement

A total of 3 credits of approved courses meets this requirement. Select from BSC 2891, MCB 4325C, or any equivalent programming class. Several of these courses are also department electives and cannot be used to fulfill both the quantitative and the department elective requirements. No overlap is allowed. STA 2023 will not fulfill this requirement.

## Course Details

MCB 4911 may be taken for a maximum of three credits per semester and six credits total. This policy applies to all microbiology and cell science majors registered for undergraduate research in other out-of-department undergraduate research courses such as BCH 4905, BMS 4905, ZOO 4905, etc.

MCB 4934 is often used for TA positions as Supervised Teaching. TA positions may be repeated for two semesters with one lab assignment per semester.

Enrollment in MCB 4911, MCB 4905, and MCB 4934 will not fulfill any credits toward the microbiology department elective requirements; they will count only as general elective credit toward the 120 credits for the BS degree.

## Relevant Minors and Certificates

The Department of Microbiology and Cell Science also offers a minor in bioinformatics to students majoring in any biology-related subject, including and not limited to microbiology, biology, or biochemistry.

More Info (p. 154)

So integrated is bioinformatics with biology that it is difficult to find an active research program that does not rely on bioinformatic analysis to achieve results. Unfortunately, the integration of bioinformatic and traditional methods is not stressed in many undergraduate programs, leaving the next generation of biologists without the skills they need to succeed in tomorrow's research environment. The undergraduate minor in bioinformatics provides this critical training to future professionals in the biological disciplines.

## Research

A majority of majors are actively involved in undergraduate research for credit with mentors throughout the university. Preprofessional and graduate school-bound majors are encouraged to do a minimum of two semesters of undergraduate research. The department has a comprehensive list of mentors across campus who allow undergraduate students to do valuable research under their guidance. Please refer to the department website for more information on undergraduate research, finding a mentor and a contact list of UF faculty who have worked with microbiology and cell science majors.

More Info (<https://microcell.ufl.edu/undergraduate-program/>)

Enrollment in MCB 4911 will not fulfill any credits toward the microbiology major requirements; they will count only as general elective credit toward the 120 credits for the B.S. degree.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

### Semester 1

- Complete CHM 1025 or CHM 2045/CHM 2045L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 2

- Complete CHM 2045/CHM 2045L and MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 3

- Complete CHM 2046/CHM 2046L and BSC 2010/BSC 2010L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 4

- Complete BSC 2011/BSC 2011L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 5

- Complete CHM 2210
- 2.5 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 6

- Complete MCB 3023
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 7

- Complete MCB 4203 (Fall) or PCB 4233 (Spring) or PCB 3134 (Fall/Spring) or MCB 4403 (Fall)
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 8

- Complete MCB 4034L
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S).

## Degree Comparison between the Colleges

CALS   MCB	CLAS   MCY
Effective Oral Communication (AEC 3030C, SPC 2608)	College-level Foreign Language Sequence (8-10 credits)
Technical Writing (ENC 2210, ENC 3254, AEC 3033C)	1 additional Humanity course
Economics (ECO 2013, ECO 2023, AEB 2014)	1 additional Social Science course

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Physical Sciences)	4
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Composition (p. 67); Writing Requirement <sup>1</sup>		3
	<b>Credits</b>	<b>14</b>
<b>Semester Two</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
BSC 2891	Python Programming for Biology (Or similar quantitative elective)	3
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
Gen Ed Composition		3
	<b>Credits</b>	<b>14</b>
<b>Semester Three</b>		
Select one:		3-4
AEB 2014	Economic Issues, Food and You	
AEB 3103	Principles of Food and Resource Economics	
ECO 2013	Principles of Macroeconomics	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological and Physical Sciences)	4
CHM 2210	Organic Chemistry 1 ( <b>Critical Tracking</b> )	3
State Core Gen Ed Social and Behavioral Sciences; potentially with Gen Ed International or Gen Ed Diversity		3
	<b>Credits</b>	<b>13-14</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Biological or Physical Sciences)		3
AEC 3033C or ENC 2210	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement) or Technical Writing	3
CHM 2211 & 2211L	Organic Chemistry 2 and Organic Chemistry Laboratory	5
MCB 3023 & 3023L	Principles of Microbiology and Principles of Microbiology Laboratory ( <b>Critical Tracking</b> )	5
	<b>Credits</b>	<b>16</b>
<b>Semester Five</b>		
AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
MCB 4203 or PCB 4233	Bacterial Pathogens ( <b>Critical Tracking</b> ) <sup>2</sup> or Immunology	3
MCB 4403 or PCB 3134	Prokaryotic Cell Structure and Function ( <b>Critical Tracking</b> ) or Eukaryotic Cell Structure and Function	3
Gen Ed Diversity or Gen Ed International <sup>3</sup>		3
Electives		5
	<b>Credits</b>	<b>17</b>

**Semester Six**

BCH 4024	Introduction to Biochemistry and Molecular Biology	4
or CHM 3218	or Organic Chemistry/Biochemistry 2	
MCB 4304	Genetics of Microorganisms ( <b>Critical Tracking</b> ) <sup>4</sup>	3
or PCB 4522	or Molecular Genetics	
MCB 4034L	Advanced Microbiology Laboratory ( <b>Critical Tracking</b> )	1
Gen Ed Mathematics		3
Department elective		3
<b>Credits</b>		<b>14</b>

**Semester Seven**

Select one:		4-5
PHY 2048	Physics with Calculus 1	
& 2048L	and Laboratory for Physics with Calculus 1	
PHY 2053	Physics 1	
& 2053L	and Laboratory for Physics 1	
State Core Gen Ed Humanities (p. 67)		3
Writing Requirement		3
Department elective		3
Elective		3
<b>Credits</b>		<b>16-17</b>

**Semester Eight**

Select one:		4-5
PHY 2049	Physics with Calculus 2	
& 2049L	and Laboratory for Physics with Calculus 2	
PHY 2054	Physics 2	
& 2054L	and Laboratory for Physics 2	
State Core Gen Ed Humanities (p. 67)		3
Gen Ed International		3
Department elective		3
Elective		3
<b>Credits</b>		<b>16-17</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> ENC 1101 recommended.<sup>2</sup> MCB 4203 is taught only in the fall; PCB 4233 is taught only in the spring.<sup>3</sup> Choice depends on courses taken in Semesters Three and Four.<sup>4</sup> MCB 4304 is taught only in the fall; PCB 4522 is taught only in the spring.

A 2.5 GPA with minimum grades of C in the bolded science and math courses listed above is required to continue in the major after Semester 4.

## Academic Learning Compact

The Bachelor of Science in microbiology and cell science, offered by both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences, offers students flexibility in a curriculum that develops an excellent knowledge base and an understanding of concepts in microbiology, cell biology and the biomolecular sciences. Emphasis will be placed on application of the scientific method to gain an understanding of the biological world at the cellular and molecular levels. Students will learn to evaluate hypotheses, to interpret experimental data and to communicate results effectively.

## Before Graduating Students Must

Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

**Content**

1. Describe fundamental concepts, skills and processes in microbiology, molecular biology and in host/pathogen interactions.
2. Apply fundamental concepts, skills and protocols used to conduct research in fields of microbiology, molecular biology and in host/pathogen.

**Critical Thinking**

- Evaluate information and data in the general areas of microbiology and the cellular and molecular biological sciences.
- Solve typical problems that are encountered in general areas of microbiology and cellular and molecular biological sciences.

**Communication**

- Communicate effectively in written form in a manner appropriate in microbiology and the cellular and molecular biological sciences.
- Communicate orally (including visual aids) in an effective manner appropriate in microbiology and the cellular and molecular biological sciences.

- Final grades

## Natural Resource Conservation

Conservationists protect and sustain our world's natural resources for future generations. Well-versed in economics and communications, Natural Resource Conservation students are equipped with strong analytical, critical thinking, and interpersonal skills. Natural Resource Conservation students study chemistry; biology; ecology; and forest, wildlife, fisheries, and aquatic resources.

### About this Program

- College:** Agricultural and Life Sciences (p. 105)
- Degree:** Bachelor of Science in Forest Resources and Conservation
- Credits for Degree:** 120

## Curriculum

- Combination Degrees
- Wildlife Ecology and Conservation
- Wildlife Ecology and Conservation Minor

The Natural Resource Conservation (NRC) major provides students an interdisciplinary curriculum preparing them to address a broad range of natural resource-related issues. The core set of courses provides students with a solid foundation in natural history (floral and faunal), ecology, policy and economics, field applications, quantitative assessment and analysis, human dimensions, and spatial analysis. Working with a faculty advisor, students can elect to focus on a wide range of natural resource-related courses. In the required capstone experience, students demonstrate their understanding and proficiency in the core skill sets, as well as further develop their area of concentration.

Graduates seek advanced degrees in a variety of fields, or are successfully employed in a wide range of environmental careers. The major is cooperatively offered by faculty in the School of Forest, Fisheries, and Geomatics Sciences, the Department of Wildlife Ecology and Conservation, and the Program in Fisheries and Aquatic Sciences, and students are paired with one of these faculty members to develop a curriculum that suits their needs. Students interested in more structured and/or accredited curricula in professional natural resource management are encouraged to look at majors in Forest Resources and Conservation, Wildlife Ecology and Conservation, or Interdisciplinary Studies | Marine Sciences.

All NRC majors are required to complete core work in nine content areas (minimum 25 credits): professional seminar, ecology, quantitative analysis and assessment, natural history, human dimensions, policy and economics, field applications, spatial analysis, and capstone experience. These courses embrace a variety of conservation objectives and span local to global scales. They stress the complexities in achieving social, environmental, and economic sustainability; develop critical thinking skills; create significant and valuable field experience; and provide the tools needed for graduates to manage, conserve, and educate people about natural resources.

Students work closely with a faculty advisor to select the remaining 35 upper-division credits to create a curriculum plan designed to meet the specific goals of each student. Each curriculum plan must be approved by the program's undergraduate coordinator before the student reaches 70 credits.

This major is also offered at the West Florida Research and Education Center in Milton, FL. Ideal for place-bound students, this version of the NRC major provides a broad ecology/conservation curriculum.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete at least 1 of 7 critical-tracking courses (excluding labs): AEB 2014 or ECO 2013 or ECO 2023, AEC 3030C or SPC 2608, AEC 3033C, BSC 2010/BSC 2010L, CHM 1030 or CHM 2045, MAC 1105, STA 2023
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete at least 2 additional critical-tracking courses, excluding labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all critical-tracking courses, including labs
- 2.5 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete 1 of the remaining required major courses from FNR 3131C or WIS 3402/WIS 3402L or FAS 4932 or ZOO 4205C, FOR 3200C, FNR 3410C, FOR 3202, FOR 3153C or WIS 3404, FNR 4624C, FNR 4660, FNR 4623C
- Submit faculty advisor-approved Curriculum Plan (<http://sfrc.ufl.edu/forest/degreeprograms/nrc/>)
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete 3 additional remaining required major courses from FNR 3131C or WIS 3402/WIS 3402L or FAS 4932 or ZOO 4205C, FOR 3200C, FNR 3410C, FOR 3202, FOR 3153C or WIS 3404, FNR 4624C, FNR 4660, FNR 4623C
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete all remaining required major courses from FNR 3131C or WIS 3402/WIS 3402L or FAS 4932 or ZOO 4205C, FOR 3200C, FNR 3410C, FOR 3202, FOR 3153C or WIS 3404, FNR 4624C, FNR 4660, FNR 4623C
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3
CHM 1030	Basic Chemistry Concepts and Applications 1 ( <b>Critical Tracking</b> )	
CHM 2045	General Chemistry 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	
FOR 2662	Forests for the Future (recommended; Gen Ed Social and Behavioral Sciences and Diversity)	3
State Core Gen Ed Composition (p. 67); Writing Requirement		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Two</b>		
MAC 1105	Basic College Algebra ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics) <sup>1</sup>	3
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
FAS 2024	Sustainable Fisheries (recommended; or elective)	3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		3
<b>Credits</b>		<b>16</b>
<b>Semester Three</b>		
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences ( <b>Critical Tracking</b> ; Writing Requirement) <sup>2</sup>	3
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
FOR 3004	Forests, Conservation and People (recommended; or elective)	3
Gen Ed Composition		3

Elective		2
<b>Credits</b>		<b>14</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Physical Sciences)		3
Select one:		3-4
AEB 2014	Economic Issues, Food and You ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	
Select one:		3
AEC 3030C	Effective Oral Communication ( <b>Critical Tracking</b> )	
SPC 2608	Introduction to Public Speaking ( <b>Critical Tracking</b> )	
State Core Gen Ed Humanities (p. 67)		3
Elective <sup>3</sup>		3
<b>Credits</b>		<b>15-16</b>
<b>Summer After Semester Four</b>		
Summer B		
Select one:		1-3
FOR 3200C	Foundations of Natural Resources and Conservation ( <b>Critical Tracking</b> )	
FOR 4934	Topics in Natural Resources (Professional Practice in Natural Resources)	
Approved courses		2-3
<b>Credits</b>		<b>3-6</b>
<b>Semester Five</b>		
Select one:		3-4
FAS 4202C	Biology of Fishes ( <b>Critical Tracking</b> )	
FNR 3131C	Dendrology/Forest Plants (fall only; <b>Critical Tracking</b> )	
WIS 3402 & 3402L	Wildlife of Florida and Wildlife of Florida Laboratory (spring only; <b>Critical Tracking</b> )	
Select one:		3-4
FAS 4932	Topics in Fisheries and Aquatic Sciences (Applied Fisheries Statistics; <b>Critical Tracking</b> )	
FNR 3410C	Natural Resource Sampling ( <b>Critical Tracking</b> )	
WIS 4601C	Quantitative Wildlife Ecology	
WIS 4945	Wildlife Techniques	
Select one:		3-4
FAS 4270	Marine Ecological Processes	
FAS 4932	Topics in Fisheries and Aquatic Sciences (Freshwater Ecology)	
FOR 3153C	Forest Ecology ( <b>Critical Tracking</b> )	
WIS 3404	Natural Resource Ecology ( <b>Critical Tracking</b> )	
WIS 4443C	Wetland Wildlife Ecology	
FOR 3434C or GIS 3072C	Forest Resources Information Systems or Geographic Information Systems	3
<b>Credits</b>		<b>12-15</b>
<b>Semester Six</b>		
Select one:		3
FOR 3202	Society and Natural Resources ( <b>Critical Tracking</b> )	
FOR 4060	Global Forests	
FOR 4934	Topics in Natural Resources (Environment and Society)	
Approved courses		12
<b>Credits</b>		<b>15</b>
<b>Semester Seven</b>		
Select one:		3
FAS 4305C	Introduction to Fishery Science	
FAS 4932	Topics in Fisheries and Aquatic Sciences (Field Ecology of Aquatic Organisms)	
FNR 4070C	Environmental Education Program Development	
FNR 4624C	Field Operations for Management of Ecosystems ( <b>Critical Tracking</b> )	
FOR 3214 & 3214L	Fire Ecology and Management and Fire Ecology and Management Laboratory	
FOR 4664	Sustainable Ecotourism Development	
WIS 4427C	Wildlife Habitat Management	
FNR 4660 or FOR 4621	Natural Resource Policy and Economics ( <b>Critical Tracking</b> ) or Forest Economics and Management	3

Approved courses	9
<b>Credits</b>	<b>15</b>
<b>Semester Eight</b>	
FNR 4950L	Natural Resource Conservation Capstone
Approved courses	12-14
<b>Credits</b>	<b>15-17</b>
<b>Total Credits</b>	<b>120</b>

<sup>1</sup> Or higher level course.

<sup>2</sup> May substitute ENC 2210 or ENC 3254.

<sup>3</sup> FAS 2024 recommended, if not already taken.

## Approved Courses

Given the flexible, advisor/student-driven nature of this major, students may deviate significantly from this plan relative to course timing. As part of their curriculum plan, students are required to complete at least one course from the following nine content areas:

Code	Title	Credits
<b>Professional Seminar</b>		
FOR 3200C	Foundations of Natural Resources and Conservation	1
FOR 4934	Topics in Natural Resources (Professional Practice in Natural Resources)	1-4
<b>Ecology</b>		
FAS 4270	Marine Ecological Processes	3
FAS 4932	Topics in Fisheries and Aquatic Sciences (Freshwater Ecology)	1-4
FOR 3153C	Forest Ecology	3
WIS 3404	Natural Resource Ecology	3
WIS 4443C	Wetland Wildlife Ecology	4
<b>Quantitative Analysis and Assessment</b>		
FAS 4932	Topics in Fisheries and Aquatic Sciences	1-4
FNR 3410C	Natural Resource Sampling	3
WIS 4601C	Quantitative Wildlife Ecology	3
WIS 4945	Wildlife Techniques	3
<b>Natural History</b>		
FAS 4202C	Biology of Fishes	4
FNR 3131C	Dendrology/Forest Plants	3
WIS 3402 & 3402L	Wildlife of Florida and Wildlife of Florida Laboratory	4
<b>Human Dimensions</b>		
FOR 3202	Society and Natural Resources	3
FOR 4060	Global Forests	3
FOR 4934	Topics in Natural Resources (Environment and Society)	1-4
<b>Policy and Economics</b>		
FNR 4660	Natural Resource Policy and Economics	3
FOR 4621	Forest Economics and Management	3
<b>Field Applications</b>		
FAS 4305C	Introduction to Fishery Science	3
FAS 4932	Topics in Fisheries and Aquatic Sciences (Field Ecology of Aquatic Organisms)	1-4
FNR 4070C	Environmental Education Program Development	3
FNR 4624C	Field Operations for Management of Ecosystems	3
FOR 3214 & 3214L	Fire Ecology and Management and Fire Ecology and Management Laboratory	3
FOR 4664	Sustainable Ecotourism Development	3
WIS 4427C	Wildlife Habitat Management	3
<b>Spatial Analysis</b>		
FOR 3434C	Forest Resources Information Systems	3
GIS 3072C	Geographic Information Systems	3
<b>Capstone Experience</b>		
FAS 4905	Individual Study	1-4
FOR 4905	Individual Study in Natural Resources	1-4

FOR 4934 & FNR 4623C	Topics in Natural Resources and Integrated Natural Resource Management (Integrated Management and Assessment)	6
FOR 4941	Internship in Natural Resources	1-4
WIS 4905	Individual Problems	1-4

The summer term between the junior and senior year is normally reserved for professional work experience.

### Academic Learning Compact

The natural resource conservation major provides a broad education in the ecological, economic and social aspects of forest and natural resources and their management. The individualized nature of the major allows students to create a curriculum specific to their interests.

## Before Graduating Students Must

- Pass the forest resources and conservation competency exam, given in five parts. One part will be given in each of these required courses:

Code	Title	Credits
FNR 3131C	Dendrology/Forest Plants	3
FNR 3410C	Natural Resource Sampling	3
FNR 4040C		
FNR 4623C	Integrated Natural Resource Management	3
FNR 4660	Natural Resource Policy and Economics	3

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate competency in biology/ecology, quantification, policy/administration and management of natural resources.
2. Analyze, interpret, synthesize and communicate information and data, including the use of mathematical and statistical methods.

#### Critical Thinking

3. Solve novel problems in natural resource management.

#### Communication

4. Create, interpret and analyze written text, oral messages and multimedia presentations.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4
FOR 3153C	I	I	R	I
FOR 3200C	I	I	I	I
FOR 3202	I		R	R
FNR 3131C	I			I
FNR 3410C	I	I		
FNR 4623C	R	R	A	A
FNR 4624C	R	R		
FNR 4660	I		R	R
Exit Exam	A	A		

## Assessment Types

- Group project
- Presentation
- Final exam

## Nonprofit Organizational Leadership Minor

The Nonprofit Organizational Leadership minor provides the knowledge and competencies to perform a variety of roles in nonprofit organizations, for-profit companies and corporations, and government agencies at the local, state, and national levels.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15-16 | Completed with minimum grades of C

This minor draws primarily from the faculty in Family, Youth and Community Sciences. The elective can be taken from the colleges of Agricultural and Life Sciences, Business, Liberal Arts and Sciences, Journalism and Communications, and Education.

The minor is open to all UF students.

### Required Courses

Code	Title	Credits
FYC 4408	Organizational Leadership for Nonprofits	3
FYC 4409	Working with Nonprofit Organizations in Community Settings	3
FYC 4410	Fund Raising for Community Nonprofit Organizations	3
FYC 4428	Human Resource Management for Nonprofits	3
Approved elective		3-4
<b>Total Credits</b>		<b>15-16</b>

### Approved Electives

Code	Title	Credits
ACG 2021	Introduction to Financial Accounting	4
AEB 4126	Agricultural and Natural Resource Ethics	3
AEB 4424	Human Resources Management in Agribusiness	3
FYC 4114	Ethical Issues in Family, Youth and Community Sciences	3
FYC 4426	Risk Management in Nonprofit Organizations	3
FYC 4427	Non-Governmental Organizations	3
FYC 4622	Planning and Evaluating Family, Youth and Community Science Programs	3
MAR 3023	Principles of Marketing	4
POS 3263	Policy, Ethics and Public Leadership	3
SDS 4410	Interpersonal Communication Skills	3

## Nutritional Sciences

The Nutritional Sciences major encompasses all aspects of the consumption and utilization of food by people and animals as well as how these processes affect the health of individuals and populations. Nutritional Sciences students study organic chemistry, physics, food science, genetics, nutrition, biology of microorganisms, and diseases.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### Department Information

The Food Science and Human Nutrition Department (FSHN) is one of the world's largest combined academic programs where food science, nutritional sciences, and dietetics are all studied within one department. FSHN has nearly 25 full-time faculty members, 80 graduate assistants, and 600 undergraduate students. The department's programs are accredited by the Institute of Food Technologists (IFT) (<http://www.ift.org/>) and the Academy of Nutrition and Dietetics (<http://www.eatright.org/>). After completing undergraduate degrees, FSHN students typically move on to employment in the food industry, healthcare settings, graduate, or professional programs.

## **Curriculum**

- Dietetics
- Food Science
- Food Science Minor
- Nutritional Sciences
- Nutritional Sciences Minor

The nutritional sciences curriculum develops a strong, broad background in the biological sciences, and provides an excellent foundation for graduate study/research in nutrition, health and many other life sciences. Its requirements also closely match the prerequisites for most professional schools. As a result, graduates from this curriculum have entered medical, dental, pharmacy, osteopathy, podiatry, optometry, chiropractic, physician assistant, veterinary and other professional programs. Other career opportunities include pharmaceutical sales, extension nutrition education, nutrition policy development and employment with government agencies. Nutritional sciences is one of the majors available to students accepted into the Junior Honors Medical Program or the Honors Combination BS/DMD Program

## **Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## **Semester 1**

- Complete CHM 2045/CHM 2045L or MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## **Semester 2**

- Complete CHM 2045/CHM 2045L and MAC 2311
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## **Semester 3**

- Complete CHM 2046/CHM 2046L and BSC 2010/BSC 2010L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## **Semester 4**

- Complete BSC 2011/BSC 2011L
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## **Semester 5**

- Complete BCH 3025 or BCH 4024
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 6

- Complete HUN 3403
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 7

- Complete HUN 4445
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Semester 8

- Complete HUN 4221
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	4
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Composition (p. 67); Writing Requirement		3
State Core Gen Ed Humanities (p. 67)		3
Elective		1
	<b>Credits</b>	<b>15</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
AEB 3103	Principles of Food and Resource Economics (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
Electives		4
	<b>Credits</b>	<b>14-15</b>
<b>Semester Three</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
CHM 2210	Organic Chemistry 1 (minimum grade of C required within two attempts, including withdrawals)	3
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics)	3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Gen Ed Composition		3
	<b>Credits</b>	<b>16</b>
<b>Semester Four</b>		
Quest 2		3
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4

CHM 2211 & 2211L	Organic Chemistry 2 and Organic Chemistry Laboratory	5
HUN 2201	Fundamentals of Human Nutrition	3
<b>Credits</b>		<b>15</b>
<b>Semester Five</b>		
AEC 3030C	Effective Oral Communication	3
BCH 3025 or BCH 4024	Fundamentals of Biochemistry ( <b>Critical Tracking</b> ) or Introduction to Biochemistry and Molecular Biology	4
FOS 3042	Introductory Food Science	3
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1	5
<b>Credits</b>		<b>15</b>
<b>Semester Six</b>		
HUN 3403	Nutrition through the Life Cycle ( <b>Critical Tracking</b> )	2
Select one:		3-4
PCB 3063	Genetics	
AGR 3303	Genetics	
MCB 4304	Genetics of Microorganisms	
PCB 4522	Molecular Genetics	
PHY 2054 & 2054L	Physics 2 and Laboratory for Physics 2	5
Electives		5
<b>Credits</b>		<b>15-16</b>
<b>Semester Seven</b>		
HUN 4445	Nutrition and Disease: Part 1 ( <b>Critical Tracking</b> )	2
PCB 4723C or APK 2105C	Physiology and Molecular Biology of Animals or Applied Human Physiology with Laboratory	4
Approved science course		3-4
Approved science laboratory		1-2
Select 4 elective credits		4
<b>Credits</b>		<b>14-16</b>
<b>Semester Eight</b>		
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
HUN 4221	Nutrition and Metabolism ( <b>Critical Tracking</b> )	3
HUN 4446	Nutrition and Disease: Part 2	3
MCB 3020 & 3020L	Basic Biology of Microorganisms and Laboratory for Basic Biology of Microorganisms	4
Elective		3
<b>Credits</b>		<b>16</b>
<b>Total Credits</b>		<b>120</b>

*Additional electives may be needed to complete the 120 credits required for graduation.*

## Academic Learning Compact

Nutritional sciences integrates knowledge of biological principles to interpret emerging knowledge of cellular and physiological systems. Students' knowledge of biochemical processes and nutrient functions will enable them to interpret effects of changes in nutrient availability on metabolic functions. Students will utilize their knowledge of nutrient requirements, food sources and physiological systems to determine nutrient and dietary needs of individuals in various life-cycle stages and/or with nutrition-related diseases.

## Before Graduating Students Must

- Satisfactorily complete three examinations in HUN 4221. Examinations will be developed, approved and evaluated by a faculty committee.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Use knowledge of nutrient functions, food sources and physiological systems to determine nutrient and dietary needs of individuals in various life-cycle stages and/or with nutrition-related diseases.
2. Use knowledge of biochemical processes and nutrient functions to interpret effects of changes in nutrient availability.
3. Integrate knowledge of biological principles to interpret emerging knowledge of cellular and physiological systems.

#### Critical Thinking

4. Analyze data and interpret results in the nutritional sciences.

#### Communication

5. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

### Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5

## Nutritional Sciences Minor

The Nutritional Sciences minor provides an overview of nutrients, nutrient requirements throughout the life cycle, and metabolic regulation of nutritional pathways.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15-16 | Completed with minimum grades of C and a minimum cumulative 2.5 GPA for courses in the minor

### Department Information

The Food Science and Human Nutrition Department (FSHN) is one of the world's largest combined academic programs where food science, nutritional sciences, and dietetics are all studied within one department. FSHN has nearly 25 full-time faculty members, 80 graduate assistants, and 600 undergraduate students. The department's programs are accredited by the Institute of Food Technologists (IFT) (<http://www.ift.org/>) and the Academy of Nutrition and Dietetics (<http://www.eatright.org/>). After completing undergraduate degrees, FSHN students typically move on to employment in the food industry, healthcare settings, graduate, or professional programs.

### Curriculum

- Dietetics
- Food Science
- Food Science Minor
- Nutritional Sciences
- Nutritional Sciences Minor

While the minor is open to all students, it is particularly appropriate for biology, microbiology and cell science, and zoology majors; and students who are interested in medicine, dentistry, and pharmacy.

## Required Courses

Code	Title	Credits
HUN 2201	Fundamentals of Human Nutrition	3
HUN 3403	Nutrition through the Life Cycle	2
HUN 4221	Nutrition and Metabolism	3
HUN 4445	Nutrition and Disease: Part 1	2
Approved electives		5-6
<b>Total Credits</b>		<b>15-16</b>

## Approved Electives

Code	Title	Credits
FOS 3042	Introductory Food Science	3
HUN 4446	Nutrition and Disease: Part 2	3
HUN 4813C	Laboratory Techniques in Molecular Nutrition	3
HUN 4905	Special Problems in Human Nutrition	1-3
HUN 4936	Topics in Human Nutrition (Preventative Health)	2
HUN 4936	Topics in Human Nutrition	3

## Organic and Sustainable Crop Production Minor

The Department of Horticultural Sciences offers this interdisciplinary minor which encompasses organic and sustainable practices in horticulture and plant science.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with a minimum cumulative 2.0 GPA for courses in the minor
- **Contact:** Email ([zxin@ufl.edu](mailto:zxin@ufl.edu)) | 352.273.4773

### Department Information

The Horticultural Sciences Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.

### Curriculum

- Combination Degrees
- Horticultural Science

- Horticultural Science Minor
- Horticultural Therapy Certificate
- Organic and Sustainable Crop Production Minor
- Plant Molecular and Cellular Biology Minor

*This minor is open to any student.*

## Required Courses

Code	Title	Credits
AGR 4212	Alternative Cropping Systems	3
HOS 3281C	Organic and Sustainable Crop Production	3
Crop production elective		3
Pest management elective		3
Resource management elective		3
<b>Total Credits</b>		<b>15</b>

## Approved Electives

### Crop Production Elective

Code	Title	Credits
AGR 4268C	Sustainable Agriculture Systems Analysis	3
GEO 3427	Plants, Health and Spirituality	3
HOS 4283C	Advanced Organic and Sustainable Crop Production	3
PLS 3223	Plant Propagation	3
& 3223L	and Plant Propagation Laboratory	
VEC 2100	World Herbs and Vegetables	3

### Pest Management Elective

Code	Title	Credits
IPM 3022	Fundamentals of Pest Management	3
PLP 3103C	Control of Plant Diseases	3
PLS 4601C	Principles of Weed Science	3
PMA 4570C	Field Techniques in IPM	2

### Resource Management Elective

Code	Title	Credits
ALS 3133	Agricultural and Environmental Quality	3
ALS 3153	Agricultural Ecology	3
SWS 4231C	Soil, Water and Land Use	3
SWS 4233	Soil and Water Conservation	3

## Packaging Science Minor

Packaging Science is an excellent area of focus for students in engineering science and business-related disciplines. All companies that produce physical products deal with packaging, and most companies employ teams of packaging professionals from a variety of backgrounds and disciplines. Packaging plays a key role in competitive advantage in the marketplace, and packaging is always changing and improving.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Graded courses completed with minimum grades of C
- **Contact:** Frazier Rogers Hall (<http://campusmap.ufl.edu/?loc=0474>)

## Department Information

The Department of Agricultural and Biological Engineering is founded on developing, teaching, and applying engineering principles to improve and sustain agricultural and biological systems for current and future generations.

Curriculum

- Agricultural Operations Management
- Biological Engineering
- Combination Degrees
- Packaging Engineering Certificate
- Packaging Science Minor
- Precision Agriculture Minor

*This minor is open to all students.*

The packaging industry requires creative thinkers and problem solvers to continue to improve environmental sustainability, quality and packaging efficiency. This minor provides exposure to the tools and knowledge required to solve practical problems in packaging and will help students to gain employment in the packaging industry.

Students applying for the minor must obtain written approval from their academic advisor and the undergraduate coordinator in packaging science at least two semesters before graduation.

*This minor offered by the College of Agricultural and Life Sciences differs from the Packaging Engineering specialization in the Biological Engineering degree. While both sets of curriculum use overlapping courses, the major is available only available to students of the Herbert Wertheim College of Engineering.*

Required Courses

Code	Title	Credits
Select four:		12
PKG 3001	Principles of Packaging	
PKG 3103	Food Packaging	
PKG 4008	Distribution and Transport Packaging	
PKG 4011	Packaging Production and Processing	
PKG 4101C	Computer Tools for Packaging	
Technical elective (advisor-approved)		3
Total Credits		15

Technical Elective | Advisor-approved

- Selected from approved electives in:
  - Packaging
  - Food Science
  - Materials Science and Engineering
  - Chemical Engineering
  - Mechanical Engineering
  - Computer Science & Engineering
  - Industrial Engineering
  - Horticultural Science
  - Biological Science
  - Marketing
  - Advertising
- Other electives, including internships and co-ops, are subject to approval of the packaging science minor advisor.

# Pathogenesis Minor

This minor emphasizes human infectious disease to provide a strong foundation in the field of microbial pathogenesis. This is provided by academic coursework covering fundamental and advanced aspects of microbial pathogenesis from both the host and pathogen perspective.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 12 | Completed with minimum grades of C

## Department Information

The Department of Microbiology & Cell Science is committed to excellence in education, research and service to the community. The curriculum provides an excellent preparation for students who wish to enter the workforce or continue their education in professional programs such as medical, dental, pharmacy, veterinary programs, graduate school, or public health degrees. BS degrees are offered through both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and the MS and PhD degrees are offered through the College of Agricultural and Life Sciences. Combination degrees are available.

## Curriculum

- Bioinformatics Minor
- Bioinformatics Minor UF Online
- Combination Degrees
- Microbiology and Cell Science UF Online
- Microbiology and Cell Science | CALS
- Microbiology and Cell Science | CLAS
- Pathogenesis Minor
- Pathogenesis Minor UF Online

This minor is open to all students who have completed BSC 2010 and MCB 3020 or MCB 3023, and who meet course prerequisites.

It is particularly appropriate for students majoring in animal sciences, biology, microbiology and cell science, plant pathology, public health, and zoology, and for those interested in professional programs in dentistry, medicine, pharmacy, or veterinary medicine.

## Allowed Overlap with MCY or MCB major

Microbiology and Cell Science majors should meet with their academic advisors before applying to this minor to plan a program of study. Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

## Prerequisites

Code	Title	Credits
BSC 2010	Integrated Principles of Biology 1	3
MCB 3020 or MCB 3023	Basic Biology of Microorganisms Principles of Microbiology	3

## Required Courses

Code	Title	Credits
Select 3 courses:		9
MCB 4203	Bacterial Pathogens (Fall only) <sup>1</sup>	
MCB 4422	Probiotics (Spring only) <sup>1</sup>	
MCB 4503	General Virology (Spring only) <sup>1</sup>	
MCB 4271	Antimicrobial Resistance (Fall and Spring) <sup>1</sup>	
PCB 4233	Immunology (Spring only) <sup>1</sup>	

ZOO 4232	Human Parasitology (Fall only) <sup>1</sup>	
Approved elective		3
<b>Total Credits</b>		<b>12</b>

## Approved Elective

Any of the Required Courses can be taken to satisfy the elective if not already taken as a Required Course

Code	Title	Credits
PLP 4222C	Introduction to Plant Virology (Spring only)	3
PLP 4242C	Introduction to Plant Bacteriology (Spring only)	3
PLP 4260C	Introduction to Plant Pathogenic Fungi (Spring only)	3
SWS 4307	Ecology of Waterborne Pathogens (Spring only) <sup>1</sup>	3

<sup>1</sup> May be taken online.

## Pathogenesis Minor UF Online

This minor emphasizes human infectious disease to provide a strong foundation in the field of microbial pathogenesis. This is provided by academic coursework covering fundamental and advanced aspects of microbial pathogenesis from both the host and pathogen perspective.

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

**Curriculum**

- Beekeeping Certificate
- Bioinformatics Minor UF Online
- Combination Degrees
- Entomology and Nematology
- Entomology and Nematology Minor
- Entomology and Nematology Minor UF Online
- Landscape Pest Management Certificate
- Medical Entomology Certificate
- Pest Control Technology Certificate
- Urban Pest Management Certificate

The pest control technology certificate is awarded upon completion of specific coursework in entomology and pest management that satisfies the academic requirements of Florida state statute 482, which requires 24 semester credits plus one year of employment to qualify to take the Florida Pest Control Operator's license examination.

There are no prerequisite courses, but students are advised to remember the requirement of a year's employment to qualify to take the licensing exam.

**Required Courses**

Code	Title	Credits
ENY 4230	Urban Pesticide Application	3
IPM 3022	Fundamentals of Pest Management	3
IPM 4254	Landscape Integrated Pest Management: Ornamentals and Turf	3
Additional courses from the Urban Pest Management and Landscape Pest Management certificates <sup>1</sup>		15
<b>Total Credits</b>		<b>24</b>

<sup>1</sup> Choose from additional courses listed in the Landscape Pest Management and Urban Pest Management certificates.

- Landscape Pest Management Certificate
- Urban Pest Management Certificate

**Plant Molecular and Cellular Biology Minor**

The Horticultural Sciences Department facilitates this interdisciplinary minor, a cooperative effort of the departments of Agronomy, Environmental Horticulture, Horticultural Sciences, Plant Pathology and Microbiology and Cell Science. It is particularly appropriate for students majoring in horticultural science, microbiology and cell science, and plant science, although it is available to students in other majors.

**About this Program**

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 17-20 | Completed with minimum grades of C
- **Contact:** Email ([zxin@ufl.edu](mailto:zxin@ufl.edu)) | 352.273.4773

**Department Information**

The Horticultural Sciences Department is a team of faculty, staff, and students dedicated to improving fruit and vegetable production for the benefit of farmers and consumers. Florida's climatic diversity and the facilities at UF provide opportunities for cutting-edge research in plant breeding & genetics, plant and environmental physiology, fruit & vegetable production, postharvest physiology, biochemistry, and other disciplines.

XXX 4905	Individual Studies in PMCB <sup>1</sup>	3-5

<sup>1</sup> Individual studies courses are registered by the department prefix appropriate to the student's major.

## Plant Science

Plant scientists sustain and improve our current and future world as they work with foods, fibers, fuel, flowers, pharmaceuticals, urban forests, soil health, plant pests, and our natural [ecosystems](#). Plant Science students study [horticulture](#), [agronomy](#), biology, chemistry, entomology, soil and water sciences, [genetics](#), [plant morphology and physiology](#), plant identification, plant pathology, plant propagation, and environmental horticulture.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Related Programs

- Combination Degrees
- Environmental Horticulture Management Certificate
- Environmental Horticulture Minor
- Golf and Sports Turf Management Minor

The plant science degree provides students with an interdisciplinary perspective on the science of plant production and its applications for managing plants in human and natural systems. Students work with faculty advisors to craft a plan of study that helps them gain expertise in a wide array of potential topics, such as sustainable and organic crop production, plant breeding, and genetics, biotechnology, greenhouse and landscape industries, native plant conservation, plant health, and protection, soil management and productivity, and turfgrass.

This major is offered to both incoming freshmen as well as transfer students who have the appropriate credentials through the statewide programs at Gainesville's main campus, the Fort Lauderdale Research and Education Center, the Mid-Florida Research and Education Center in Apopka, or the West Florida Research and Education Center in Milton.

## Course Requirements

Courses for the major include introductory statistics, biology, chemistry, mathematics, economics, communications, humanities, Quest courses, and civic literacy. Students take a no-cost placement test upon entry into the junior year, and additional courses may be recommended or required based on exam results and individual advising. All students are required to take an introductory plant science course to explore the range of career options and opportunities offered by the major (PLS 3004C). Upper-division requirements include courses in soil science, pests and diseases, natural ecosystems or agroecosystems, physiology, genetics, production and propagation, lab skills, and a capstone experience. All students must also complete a guided internship or high impact practice (HIP) related to their area of interest.

Courses in the major provide students with the knowledge and fundamental concepts essential to the degree, and upper-division requirements and electives are designed to build knowledge, competency, and skills applicable to professional development. The lab skills, high impact practice, and capstone courses help students gain real-world experience in their chosen field.

Students should meet with both their academic advisor and a faculty mentor as early as possible in their academic programs, to explore their interests and receive guidance on appropriate classes to plan their course of study.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## SEMESTER 1

- Complete 2 of 5 critical-tracking courses, excluding labs: BOT 2010C or BSC 2010/BSC 2010L; BOT 2011C or BSC 2011/BSC 2011L; CHM 2045/CHM 2045L; ECO 2013; MAC 1147
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 3

- Complete 2 additional critical-tracking courses, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 4

- Complete all critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 5

- Complete all critical-tracking courses, including labs
- Complete PLS 3004C
- 2.0 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

## SEMESTER 6

- Complete AGR 4512 or HOS 4304
- 2.0 upper-division GPA required
- 2.0 UF GPA required

## SEMESTER 7

- Complete PLS 3223 and PLS 3223L and approved elective in major
- Complete HOS 4918
- 2.0 upper-division GPA required
- 2.0 UF GPA required

## SEMESTER 8

- Complete Plant Science capstone
- 2.0 upper-division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Select one:		3-4
BOT 2010C	Introductory Botany ( <b>Critical Tracking</b> ; State Core Gen Ed Biological Sciences and Physical Sciences)	
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological Sciences and Physical Sciences)	
ENC 1101	Expository and Argumentative Writing (State Core Gen Ed Composition (p. 67); Writing Requirement: 6,000 words)	3
MAC 1147	Precalculus Algebra and Trigonometry ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
MUL 2010	Experiencing Music (State Core Gen Ed Humanities and International)	3

HOS 3222C	Greenhouse and Protected Agriculture	3
PLS 4950	Plant Science Capstone ( <b>Critical Tracking</b> )	3
Approved electives		9

<b>Credits</b>	<b>15</b>
----------------	-----------

<b>Total Credits</b>	<b>120</b>
----------------------	------------

**Academic Learning Compact**

The plant science major, offered jointly by the departments of Agronomy and Plant Pathology, enables students to apply principles associated with production and improvement of agronomic crops. Students will acquire knowledge about the scientific fundamentals of plant growth of field and forage crops. They will acquire knowledge about fungi, bacteria and viruses, as well as environmental factors that cause plant disease. This program prepares students to work in the lab and field settings and to develop applied skills for research and extension.

**Before Graduating Students Must**

- Complete a research paper and an oral presentation with satisfactory faculty evaluation.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to****Student Learning Outcomes (SLOs)****Content**

1. Describe plant growth and development in terms of plant morphology and physiology and evaluate the abiotic and biotic factors that impact plant growth and management.
2. Recommend practices that growers and managers can implement to address the abiotic and biotic components of their cropping system.

**Critical Thinking**

3. Analyze and apply science-based data to solve problems in plant production, distribution and/or utilization.
4. Design and evaluate a project that addresses a problem or challenge related to their area of interest.

**Communication**

5. Create, interpret and analyze written text and multimedia presentations.
6. Communicate effectively through oral and multimedia presentations.

**Curriculum Map**

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4	SLO 5	SLO 6

- **Credits:** 15 | Completed with minimum grades of C

## Department Information

The Department of Agronomy's vision is to improve and sustain food production while conserving natural resources and promoting healthy and active lives by creating and disseminating knowledge in the plant sciences. The department's mission is to achieve excellence in the science of using plants for food, feed, fuel, fiber and turf, as well as in the management of weed species, through research, teaching, and outreach programs that serve the people of Florida, our nation, and the world.

<b>Total Credits</b>		<b>15-17</b>

## Precision Agriculture Minor

In the multidisciplinary Precision Agriculture minor, students use satellite imagery, aerial photography, field sensors, and the Global Positioning System to acquire information about field conditions. This information is organized and analyzed using a digital mapping system called Geographical Information System. After being analyzed, these data can help make effective management decisions.

AOM 4434	Precision Agriculture (take this course first)	3
AOM 4455	Agricultural Operations and Systems	3
Crop Management and Field Techniques elective		3
Geographic Information Systems elective		3
Remote Sensing elective		3
<b>Total Credits</b>		<b>15</b>

## Approved Electives

### Crop Management and Field Techniques Electives

Code	Title	Credits
AGR 4214C	Applied Field Crop Production	3
AGR 4231C	Forage Science and Range Management	4
FAS 4305C	Introduction to Fishery Science	3
FNR 3410C	Natural Resource Sampling	3
FNR 4623C	Integrated Natural Resource Management	3
FRC 3212	Introduction to Citrus Culture and Production	3
GEO 3162C	Introduction to Quantitative Analysis for Geographers	4
IPM 3022	Fundamentals of Pest Management	3
PLP 3103C	Control of Plant Diseases	3
PLS 3004C	Principles of Plant Science	3
PLS 4601C	Principles of Weed Science	3
PLS 4613	Aquatic Weed Control	3
SWS 4231C	Soil, Water and Land Use	3
SWS 4715C	Environmental Pedology	4
STA 4222	Sample Survey Design	3
SUR 3520	Measurement Science	3
WIS 4945	Wildlife Techniques	3

### Geographic Information Systems Electives

Code	Title	Credits
FOR 3434C	Forest Resources Information Systems	3
GIS 3072C	Geographic Information Systems	3
SUR 5365	Digital Mapping	3
URP 4273	Survey of Planning Information Systems	3

### Remote Sensing Electives

Code	Title	Credits
AOM 5431	GIS and Remote Sensing in Agriculture and Natural Resources	3
SUR 3331C	Photogrammetry	3
SUR 4380	Remote Sensing	3
SUR 5385	Remote Sensing Applications	3

---

## Recreation Resources Management Certificate

This certificate prepares students to create and manage nature-based recreational opportunities. Includes management of recreational features and infrastructure, as well as education through programming. Graduates will be prepared to work for public agencies managing land which provides recreational opportunities, as well as private entities providing recreational opportunities such as guide services.

### About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 15 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Department Information

The School of Forest, Fisheries, and Geomatics Sciences is a unit within the Institute of Food and Agricultural Sciences (IFAS) and the College of Agricultural and Life Sciences (CALS). The school is home to three distinct yet integrated program areas: Fisheries and Aquatic Sciences (<http://sfrc.ufl.edu/fish/>), Forest Resources and Conservation (<http://sfrc.ufl.edu/forest/>), and Geomatics (<http://sfrc.ufl.edu/geomatics/>). The school's faculty, staff, and students conduct research, teaching, and extension that cuts across a wide range of environments and disciplines.

**Curriculum**

- Combination Degrees
- Fire Ecology and Management Certificate
- Fisheries and Aquatic Sciences Minor
- Forest Resources and Conservation
- Forest Resources and Conservation Minor
- Geomatics
- Geomatics Certificate
- Mapping with Small Unmanned Aerial Systems Certificate
- Natural Resource Conservation

**Requirements for admission**

Students or professionals with appropriate academic and/or professional background in natural resources, natural resource management, or allied fields, as determined by the FRC/NRC Undergraduate Coordinator.

**Curriculum**

Students must have a high-school diploma or the equivalent and they must have completed all course prerequisites before enrolling in any course.

**Required Courses**

Code	Title	Credits
FOR 4664	Sustainable Ecotourism Development	3
Electives		12
<b>Total Credits</b>		<b>15</b>

DGP 3200	Methods of Inquiry for Sustainability and the Built Environment	3
FYC 4301	Engaging Communities for Decision Making and Action	3

# Soil, Water, and Ecosystem Sciences

Soil, Water, and Ecosystem Sciences involves managing land and water resources across a wide range of ecosystems, including agricultural, forested, range, urban and wetlands. Soil, Water, and Ecosystem Sciences students have a strong science and math background and study biology, calculus, microbiology, chemistry, physics, and ecology.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **School:** Natural Resources and Environment (p. 1617)
- **Degree:** Bachelor of Science
- **Specializations:** Soil Science (p. 341) | Water Science (p. 345)
- **Credits for Degree:** 120
- **More Info:** Soil Science (<https://soils.ifas.ufl.edu/academics/-undergraduate-studies/soil-science-specialization/>) | Water Science (<https://soils.ifas.ufl.edu/academics/-undergraduate-studies/water-science-specialization/>)

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Soil, Water, and Ecosystem Sciences Department researches and teaches about soil, water, and environmental sciences in urban, agricultural, and natural ecosystems. Since its origins over 100 years ago, the department has made significant contributions to improving the productivity of Florida's agriculture, helping protect the state's unique ecosystems, and contributing to soil and water science at national and international levels.

### Curriculum

- Interdisciplinary Studies | Environmental Management in Agriculture and Natural Resources UF Online
- Combination Degrees
- Environmental Management in Agriculture and Natural Resources | Interdisciplinary Studies
- Soil, Water, and Ecosystem Sciences
- Soil, Water, and Ecosystem Sciences Minor

Students are trained in managing land and water resources in a wide range of ecosystems, including agricultural, forested, range, urban and wetlands through different degree programs. Specializations within this degree program are designed to give the student a strong background in soil and water sciences with a core of required courses taken during their junior and senior years. Beyond the core courses, students can select from several groups of electives that provide flexibility in their program.

Students may also prepare for professional schools by selecting appropriate elective courses.

## Specializations

### Soil Science

Areas of study include soil and land use (with an emphasis on natural resources and the environment), environmental management (with an emphasis on agricultural and other applied aspects of soil sciences), physical and biological sciences (with an emphasis on physics, microbiology, botany and/or other biological sciences) and business (with an emphasis on policy, economics, business administration or entrepreneurship).

### Water Science

Water's abundance, quality, distribution and properties are essential to all people. Understanding water's role in the environment and in our lives is integral to the future of this important resource. Water science is an interdisciplinary specialization that provides students with opportunities to develop skills essential for a diversity of careers in both government and private sectors. Students will work closely with advisors to develop a course of study tailored to their professional goals.

## Academic Learning Compact

The Soil, Water, and Ecosystem Sciences major enables students to identify and to describe the morphology of soils, to differentiate soils according to soil taxonomy and to distinguish soil forming factors. Students will use this knowledge to assess properties of soils in relation to plant growth and environmental uses and to apply this knowledge to different soil uses in agriculture, natural resources and urban settings.

## Before Graduating Students Must

- Pass the soil and water sciences competency exam, given in four parts. One part will be given in each of these required courses:
  - SWS 3022 Soils in the Environment
  - SWS 4451 Soil and Water Chemistry
  - SWS 4602C Soil Physics
  - SWS 4715C Environmental Pedology
- Satisfactorily complete an approved research project in SWS 4905 or SWS 4941.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply fundamental principles of chemistry and physics in relation to critical zone processes in the pedosphere and hydrosphere.
2. Classify fundamental biological processes and differentiate basic organism function in soil and hydrologic systems.
3. Utilize field observations, case study evidence and experimental data to describe soil formation, morphology and interactions of the varied components of the hydrologic cycle.

#### Critical Thinking

4. Critically evaluate the sustainability of water resources in relation to human needs and natural ecosystem function.
5. Demonstrate quantitative problem-solving abilities by applying, analyzing and synthesizing content knowledge related to soil and water chemistry and physics.

#### Communication

6. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

### Semester 1

- Complete 2 of 5 critical courses, excluding labs: BSC 2005/BSC 2005L or BSC 2010/BSC 2010L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, MAC 2311, PHY 2004/PHY 2004L
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 2

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 4

- Complete 1 additional critical-tracking course, excluding labs
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 5

- Complete all critical-tracking courses, including labs, from semesters 1 – 4
- 2.0 GPA required for all critical-tracking courses
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 6

- Complete 1 additional tracking course
- 2.0 upper division GPA required.
- 2.0 UF GPA required

### Semester 7

- Complete 2 additional tracking courses
- 2.0 upper division GPA required.
- 2.0 UF GPA required

### Semester 8

- Complete all remaining tracking courses from semesters 5 - 8
- 2.0 upper division GPA required.
- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Select one:		3-4
AEB 2014	Economic Issues, Food and You (Gen Ed Social and Behavioral Sciences)	
ECO 2013	Principles of Macroeconomics (Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics (Gen Ed Social and Behavioral Sciences)	
Select one:		4
BSC 2005 & 2005L	Biological Sciences and Laboratory in Biological Sciences ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	
State Core Gen Ed Composition (p. 67); Writing Requirement		3
Elective		3
<b>Credits</b>		<b>13-14</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
MCB 2000 & 2000L	Microbiology and Microbiology Laboratory	4
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		2
<b>Credits</b>		<b>16</b>
<b>Semester Three</b>		
Quest 2 (Gen Ed Social and Behavioral Science)		3
AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
Select one:		3-4
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics)	
MAC 2312	Analytic Geometry and Calculus 2 (Gen Ed Mathematics)	
Gen Ed Composition		3
<b>Credits</b>		<b>16-17</b>
<b>Semester Four</b>		
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
PHY 2004 & 2004L	Applied Physics 1 and Laboratory for Applied Physics 1 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
SWS 3022 & 3022L	Introduction to Soils in the Environment and Introduction to Soils in the Environment Laboratory (Gen Ed Physical Sciences)	4
State Core Gen Ed Humanities (p. 67)		3
<b>Credits</b>		<b>15</b>
<b>Semester Five</b>		
Select one:		4
CHM 2200 & 2200L	Fundamentals of Organic Chemistry and Fundamentals of Organic Chemistry Laboratory	
CHM 3120 & 3120L	Introduction to Analytical Chemistry and Analytical Chemistry Laboratory	
SWS 4451	Soil and Water Chemistry	3
Approved electives		8
<b>Credits</b>		<b>15</b>
<b>Semester Six</b>		
AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement)	3
SWS 4231C	Soil, Water and Land Use	3
SWS 4715C	Environmental Pedology ( <b>Critical Tracking</b> )	4
Approved elective		3
<b>Credits</b>		<b>13</b>

**Summer After Semester Six**

SWS 4905	Individual Work	1-3
or SWS 4941	or Full-time Practical Work Experience in Soil and Water Science	
Approved elective		2

<b>Credits</b>	<b>3-5</b>
----------------	------------

**Semester Seven**

SWS 4303C	Soil Microbial Ecology ( <b>Critical Tracking</b> )	3
SWS 4602C	Soil Physics ( <b>Critical Tracking</b> ; State Core Gen Ed Physical Sciences)	3
Approved electives		10

<b>Credits</b>	<b>16</b>
----------------	-----------

**Semester Eight**

SWS 4244	Wetlands ( <b>Critical Tracking</b> )	3
Approved electives		10-11

<b>Credits</b>	<b>13-14</b>
----------------	--------------

<b>Total Credits</b>	<b>120</b>
----------------------	------------

**Approved Electives**

Code	Title	Credits
ALS 3133	Agricultural and Environmental Quality	3
EES 4401	Public Health Engineering	3
GEO 3162C	Introduction to Quantitative Analysis for Geographers	4
GEO 3250	Climatology	3
GEO 3280	Principles of Geographic Hydrology	4
GLY 1150L	Florida Geology Laboratory	1
SWS 2007	The World of Water	3
SWS 2008	Land and Life	3
SWS 4116	Environmental Nutrient Management	3
SWS 4180	Earth System Analysis	3
SWS 4207	Sustainable Agricultural and Urban Land Management	3
SWS 4223	Environmental Biogeochemistry	3
SWS 4233	Soil and Water Conservation	3
SWS 4245	Water Resource Sustainability	3
SWS 4307	Ecology of Waterborne Pathogens	3
SWS 4550	Soils, Water and Public Health	3
SWS 4720C	GIS in Soil and Water Science	3
SWS 4905	Individual Work	1-3
SWS 4911	Supervised Research in Soil and Water Science	3
SWS 4915	Honors Thesis Research in Soil and Water Science	3
SWS 4932	Special Topics in Soil and Water Science	1-3

Electives are chosen with the student's advisor. There are four areas of specialization: soil, water and land use, environmental soil and water management, physical sciences and biological sciences. The student is encouraged to take electives from a range of course groupings that include biology, building construction, chemistry, earth science, environmental science, hydrology, mathematics, physics, policy, production systems, programming and statistics.

**Academic Learning Compact**

The Soil, Water, and Ecosystem Sciences major enables students to identify and to describe the morphology of soils, to differentiate soils according to soil taxonomy and to distinguish soil forming factors. Students will use this knowledge to assess properties of soils in relation to plant growth and environmental uses and to apply this knowledge to different soil uses in agriculture, natural resources and urban settings.

**Before Graduating Students Must**

- Pass the soil and water sciences competency exam, given in four parts. One part will be given in each of these required courses:
  - SWS 3022 Soils in the Environment

BSC 2005 & 2005L	Biological Sciences and Laboratory in Biological Sciences ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Biological and Physical Sciences)	
State Core Gen Ed Composition (p. 67); Writing Requirement		3
Elective		4
<b>Credits</b>		<b>14-15</b>

**Semester Two**

MCB 2000 & 2000L	Microbiology and Microbiology Laboratory	4
SWS 2007	The World of Water (Gen Ed Physical Sciences)	3
Quest 1 (Gen Ed Humanities)		3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		2

**Credits** **15**

**Semester Three**

AEC 3030C or SPC 2608	Effective Oral Communication or Introduction to Public Speaking	3
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
Gen Ed Composition; Writing Requirement		3
Elective		2

**Credits** **16**

**Semester Four**

CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
PHY 2004 & 2004L	Applied Physics 1 and Laboratory for Applied Physics 1 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences)	4
Select one:		3-4
STA 2023	Introduction to Statistics 1 (Gen Ed Mathematics)	
MAC 2312	Analytic Geometry and Calculus 2 (Gen Ed Mathematics)	
State Core Gen Ed Humanities (p. 67)		3

**Credits** **14-15**

**Semester Five**

Select one:		4
CHM 2200 & 2200L	Fundamentals of Organic Chemistry and Fundamentals of Organic Chemistry Laboratory	
CHM 3120 & 3120L	Introduction to Analytical Chemistry and Analytical Chemistry Laboratory	
SWS 3022 & 3022L	Introduction to Soils in the Environment and Introduction to Soils in the Environment Laboratory (Gen Ed Biological and Physical Sciences; <b>Critical Tracking</b> )	4
SWS 4451	Soil and Water Chemistry	3
Approved elective		3
Elective		3

**Credits** **17**

**Semester Six**

AEC 3033C	Research and Business Writing in Agricultural and Life Sciences (Writing Requirement; <b>Critical Tracking</b> )	3
SWS 4223	Environmental Biogeochemistry	3
SWS 4244	Wetlands	3
Approved electives		6

**Credits** **15**

**Summer After Semester Six**

SWS 4905 or SWS 4941	Individual Work or Full-time Practical Work Experience in Soil and Water Science	1-3
Approved elective		2

**Credits** **3-5**

**Semester Seven**

FNR 4660 or PUP 4224	Natural Resource Policy and Economics ( <b>Critical Tracking</b> ) or Florida Environmental Politics	3
SWS 4602C	Soil Physics (Gen Ed Physical Sciences; <b>Critical Tracking</b> )	3
Approved electives		7

**Credits** **13**

**Semester Eight**

SWS 4245	Water Resource Sustainability ( <b>Critical Tracking</b> )	3
SWS 4307	Ecology of Waterborne Pathogens	3

Approved electives	7-8
<b>Credits</b>	<b>13-14</b>
<b>Total Credits</b>	<b>120</b>

Approved Electives		
Code	Title	Credits
ALS 3133	Agricultural and Environmental Quality	3
AOM 3734	Irrigation Principles and Practices in Florida	3
AOM 4643	Environmental Hydrology: Principles and Issues	3

SWS 4233	Soil and Water Conservation	3
SWS 4550	Soils, Water and Public Health	3
SWS 4715C	Environmental Pedology	4
SWS 4720C	GIS in Soil and Water Science	3
SWS 4905	Individual Work	1-3
SWS 4911	Supervised Research in Soil and Water Science	3
SWS 4915	Honors Thesis Research in Soil and Water Science	3
SWS 4932	Special Topics in Soil and Water Science	1-3

Electives are chosen with the student's advisor. The student is encouraged to take electives from a range of course groupings that include biology, building construction, chemistry, earth science, environmental science, geology, hydrology, mathematics, physics, policy, production systems, programming, soils, and statistics.

### Academic Learning Compact

The Soil, Water, and Ecosystem Sciences major enables students to identify and to describe the morphology of soils, to differentiate soils according to soil taxonomy and to distinguish soil forming factors. Students will use this knowledge to assess properties of soils in relation to plant growth and environmental uses and to apply this knowledge to different soil uses in agriculture, natural resources and urban settings.

## Before Graduating Students Must

- Pass the soil and water sciences competency exam, given in four parts. One part will be given in each of these required courses:
  - SWS 3022 Soils in the Environment
  - SWS 4451 Soil and Water Chemistry
  - SWS 4602C Soil Physics
  - SWS 4715C Environmental Pedology
- Satisfactorily complete an approved research project in SWS 4905 or SWS 4941.
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply fundamental principles of chemistry and physics in relation to critical zone processes in the pedosphere and hydrosphere.
2. Classify fundamental biological processes and differentiate basic organism function in soil and hydrologic systems.
3. Utilize field observations, case study evidence and experimental data to describe soil formation, morphology and interactions of the varied components of the hydrologic cycle.

**Critical Thinking**

4. Critically evaluate the sustainability of water resources in relation to human needs and natural ecosystem function.
5. Demonstrate quantitative problem-solving abilities by applying, analyzing and synthesizing content knowledge related to soil and water chemistry and physics.

**Communication**

6. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

**Curriculum Map**

*I = Introduced; R = Reinforced; A = Assessed*

## Department Information

The Soil, Water, and Ecosystem Sciences Department researches and teaches about soil, water, and environmental sciences in urban, agricultural, and natural ecosystems. Since its origins over 100 years ago, the department has made significant contributions to improving the productivity of Florida's agriculture, helping protect the state's unique ecosystems, and contributing to soil and water science at national and international levels.

### Curriculum

- Interdisciplinary Studies | Environmental Management in Agriculture and Natural Resources UF Online
- Combination Degrees
- Environmental Management in Agriculture and Natural Resources | Interdisciplinary Studies
- Soil, Water, and Ecosystem Sciences
- Soil, Water, and Ecosystem Sciences Minor

This minor must include SWS 3022 and SWS 3022L. Additional SWS courses must be approved in writing by the academic advisor and the undergraduate coordinator in soil and water science at least two semesters before graduation. Courses taught outside the Department of Soil and Water Sciences cannot be used to fulfill requirements for this minor.

Fifteen credits in soils courses are necessary for certification as a soil scientist and/or to work for the federal government as a soil scientist. Some courses offered in soil and water sciences will not be accepted for certification or to work for the federal government.

## Required Courses

Code	Title	Credits
SWS 3022	Introduction to Soils in the Environment	4
& 3022L	and Introduction to Soils in the Environment Laboratory

# Urban Forestry Certificate

This certificate prepares students to manage natural resources within urban and urbanizing environments. Graduates are prepared to work for municipalities, urban planning organizations, consulting firms, and similar entities involved in the planning, installation, and maintenance of urban green space.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Credits:** 19 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## School Information

The School of Forest, Fisheries, and Geomatics Sciences is a unit within the Institute of Food and Agricultural Sciences (IFAS) and the College of Agricultural and Life Sciences (CALS). The school is home to three distinct yet integrated program areas: Fisheries and Aquatic Sciences (<http://sfrc.ufl.edu/fish/>), Forest Resources and Conservation (<http://sfrc.ufl.edu/forest/>), and Geomatics (<http://sfrc.ufl.edu/geomatics/>). The school's faculty, staff, and students conduct research, teaching, and extension that cuts across a wide range of environments and disciplines.

**Website** (<http://sfrc.ufl.edu/>)

- Fire Ecology and Management Certificate
- Fisheries and Aquatic Sciences Minor
- Forest Resources and Conservation
- Forest Resources and Conservation Minor
- Geomatics
- Geomatics Certificate
- Mapping with Small Unmanned Aerial Systems Certificate
- Natural Resource Conservation

## Admission Requirements

Students or non-degree-seeking professionals with appropriate academic and/or professional background in natural resources, natural resource management, or allied fields sufficient to provide experience and/or context for the certificate coursework, as determined by the undergraduate coordinator.

Students must have a high-school diploma or the equivalent and they must have completed all course prerequisites before enrolling in any course.

## Required Courses

Code	Title	Credits

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Department Information

The Entomology and Nematology Department prepares students for exciting careers in a variety of fields. Entomology and Nematology majors can enter medical, dental, or veterinary school; progress to graduate study in any of several biological sciences such as ecology, nematology, entomology, horticulture, or zoology; or move directly to a variety of careers in fields such as pest management, ecotourism, or biosecurity.

## Wildlife Ecology and Conservation

This major focuses on developing students' knowledge of the conservation and management of wildlife and habitats for the greatest aesthetic, ecological, economic, and recreational values. Students in the Wildlife Ecology and Conservation major study biology, chemistry, ecology, calculus, soil science, plant taxonomy, entomology, geography, zoology, and sustainability.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Preprofessional (p. 356) | Wildlife Ecology and Conservation (p. 360)
- **Credits for Degree:** 120
- **Contact**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Wildlife Ecology and Conservation fosters education, expands knowledge, and rewards scholarship, using multi-disciplinary approaches for the purpose of understanding, managing, and conserving biological resources.

**Website** (<https://wec.ifas.ufl.edu/>)

### CONTACT

Email ([ccwillia@ufl.edu](mailto:ccwillia@ufl.edu)) | 352.846.0643 (tel) | 352.392.6984

GAINESVILLE FL 32611-0430  
Map (<http://campusmap.ufl.edu/#/index/0832>)

### Curriculum

- Combination Degrees
- Wildlife Ecology and Conservation
- Wildlife Ecology and Conservation Minor

## Related Programs

- Forest Resources and Conservation

The department also co-administers a major in natural resource conservation with the School of Forest, Fisheries, and Geomatics Sciences.

More Info (p. 312)

## Specializations

### Preprofessional

This specialization satisfies the coursework requirements for admission to the Doctor of Veterinary Medicine program. Students pursuing admission to the College of Veterinary Medicine must take six credits of general education composition, nine credits of humanities and six credits of social and behavioral sciences.

### Wildlife Ecology and Conservation

Students in this specialization train in the biological, social, physical and management sciences, and excel at both the scientific and human dimensions of managing wildlife and natural resources. With appropriate choice of electives and course options, graduates satisfy requirements for certification as an associate wildlife biologist with The Wildlife Society.

#### Academic Learning Compact

The primary focus of the wildlife ecology and conservation major is to develop students' knowledge of the conceptual and applied aspects of scientific, social and ethical thought in wildlife ecology and conservation. Emphasis is placed on the biology, ecology, natural history and behavior of Florida wildlife species and the management of wildlife, their habitats and their population dynamics for the greatest aesthetic, ecological, economic and recreational values. Students will learn to think critically about major problems in the conservation of biological diversity and to apply biological principles to the preservation of this diversity.

## Before Graduating Students Must

- Pass the wildlife ecology and conservation competency exam, given as part of WIS 4203C or WIS 4554 .
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Acquire knowledge of scientific, social and ethical arenas of wildlife ecology and conservation; acquire skills for critical reasoning in conservation management; acquire knowledge of Florida wildlife species and their biology, ecology, natural history and behavior; describe principles and applications of wildlife management practices, population dynamics and habitat management; and apply biological principles to solve problems in wildlife conservation and preserve biological diversity.

#### Critical Thinking

2. Apply ecological, mathematical and statistical concepts to interpret, understand and communicate wildlife ecology and conservation data.

#### Communication

3. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

## Related Programs

- Forest Resources and Conservation

The department also co-administers a major in natural resource conservation with the School of Forest, Fisheries, and Geomatics Sciences.  
More Info (p. 312)

## Specializations

### Preprofessional

This specialization satisfies the coursework requirements for admission to the Doctor of Veterinary Medicine program. Students pursuing admission to the College of Veterinary Medicine must take six credits of general education composition, nine credits of humanities and six credits of social and behavioral sciences.

### Wildlife Ecology and Conservation

Students in this specialization train in the biological, social, physical and management sciences, and excel at both the scientific and human dimensions of managing wildlife and natural resources. With appropriate choice of electives and course options, graduates satisfy requirements for certification as an associate wildlife biologist with The Wildlife Society.

## Preprofessional

This specialization satisfies the coursework requirements for admission to the Doctor of Veterinary Medicine program. Students pursuing admission to the College of Veterinary Medicine must take six credits of general education composition, nine credits of humanities and six credits of social and behavioral sciences.

Some students can also satisfy requirements for certification as an associate wildlife biologist by The Wildlife Society. Certification requirements and application material are available at [www.wildlife.org](http://www.wildlife.org) (<http://www.wildlife.org>).

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

### Semester 1

- Complete 2 of 7 critical-tracking courses, excluding labs: BSC 2010/BSC 2010L, BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, AEB 2014 or AEB 3103 or ECO 2023, MAC 2311, STA 2023
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

### Semester 2

- Complete 2 additional critical-tracking courses, excluding labs
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

### Semester 3

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

### Semester 4

- Complete 2 additional critical-tracking courses, including labs
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

### Semester 5

- Complete 1 additional critical-tracking course
- 2.5 GPA on required math and science courses combined
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 6

- Complete 1 additional critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 7

- Complete 1 additional critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Semester 8

- Complete 1 additional critical-tracking course, including labs
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences)	4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory ( <b>Critical Tracking</b> ; State Core Gen Ed Physical Sciences)	4

<b>Credits</b>		<b>16</b>

**Semester Eight**

Select 9-11 credits:		9-11
ANS 3006 & 3006L	Introduction to Animal Science and Introduction to Animal Science Laboratory	
ANS 3440	Principles of Animal Nutrition	
WIS 4203C	Landscape Ecology and Conservation	
WIS 4427C	Wildlife Habitat Management	
WIS 4601C	Quantitative Wildlife Ecology	
WIS 4941	Internship in Wildlife Ecology and Conservation	
WIS 4945	Wildlife Techniques	
MCB 3020 & 3020L	Basic Biology of Microorganisms and Laboratory for Basic Biology of Microorganisms ( <b>Critical Tracking</b> )	4
Elective		2
<b>Credits</b>		<b>15-17</b>
<b>Total Credits</b>		<b>120</b>

Additional electives may be needed to complete the 120 credits required for graduation. Students can choose any courses as electives.

State core courses can be selected to meet the university's requirements for writing, international and diversity focused courses.

## Academic Learning Compact

The primary focus of the wildlife ecology and conservation major is to develop students' knowledge of the conceptual and applied aspects of scientific, social and ethical thought in wildlife ecology and conservation. Emphasis is placed on the biology, ecology, natural history and behavior of Florida wildlife species and the management of wildlife, their habitats and their population dynamics for the greatest aesthetic, ecological, economic and recreational values. Students will learn to think critically about major problems in the conservation of biological diversity and to apply biological principles to the preservation of this diversity.

## Before Graduating Students Must

- Pass the wildlife ecology and conservation competency exam, given as part of WIS 4203C or WIS 4554 .
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Acquire knowledge of scientific, social and ethical arenas of wildlife ecology and conservation; acquire skills for critical reasoning in conservation management; acquire knowledge of Florida wildlife species and their biology, ecology, natural history and behavior; describe principles and applications of wildlife management practices, population dynamics and habitat management; and apply biological principles to solve problems in wildlife conservation and preserve biological diversity.

#### Critical Thinking

2. Apply ecological, mathematical and statistical concepts to interpret, understand and communicate wildlife ecology and conservation data.

#### Communication

3. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

## Curriculum Map

# Wildlife Ecology and Conservation

This major focuses on developing students' knowledge of the conservation and management of wildlife and habitats for the greatest aesthetic, ecological, economic, and recreational values. Students in the Wildlife Ecology and Conservation major study biology, chemistry, ecology, calculus, soil science, plant taxonomy, entomology, geography, zoology, and sustainability.

## About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **Degree:** Bachelor of Science
- **Specializations:** Preprofessional (p. 356) | Wildlife Ecology and Conservation (p. 360)
- **Credits for Degree:** 120
- **Contact**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Wildlife Ecology and Conservation fosters education, expands knowledge, and rewards scholarship, using multi-disciplinary approaches for the purpose of understanding, managing, and conserving biological resources.

### Curriculum

- Combination Degrees
- Wildlife Ecology and Conservation
- Wildlife Ecology and Conservation Minor

## Related Programs

- Forest Resources and Conservation

The department also co-administers a major in natural resource conservation with the School of Forest, Fisheries, and Geomatics Sciences.  
More Info (p. 312)

## Specializations

### Preprofessional

This specialization satisfies the coursework requirements for admission to the Doctor of Veterinary Medicine program. Students pursuing admission to the College of Veterinary Medicine must take six credits of general education composition, nine credits of humanities and six credits of social and behavioral sciences.

### Wildlife Ecology and Conservation

Students in this specialization train in the biological, social, physical and management sciences, and excel at both the scientific and human dimensions of managing wildlife and natural resources. With appropriate choice of electives and course options, graduates satisfy requirements for certification as an associate wildlife biologist with The Wildlife Society.

## Wildlife Ecology and Conservation

Students in this specialization train in the biological, social, physical and management sciences, and excel at both the scientific and human dimensions of managing wildlife and natural resources. With appropriate choice of electives and course options (below), graduates satisfy requirements for certification as an associate wildlife biologist with The Wildlife Society.

Students select a focus area comprised of four courses (minimum of 12 credits) in one of the following areas: ecology, management, human dimensions, quantitative sciences, cooperative education, urban and regional planning, or The Wildlife Society Certification.

All students must file a plan of study for focus area courses with Wildlife Ecology and Conservation (WEC) Student Services before completing 60 credits in the major or before the end of the first term of enrollment for transfer students. The plan must be approved by both the student's faculty advisor and the undergraduate coordinator. Any changes to the plan must be approved by the undergraduate coordinator.

Lists of approved courses are available in the WEC Student Services Office, 102 Newins-Ziegler Hall.

## COURSEWORK FOR THE MAJOR

All majors must complete 28 credits of WEC Core Courses, a minimum of 28 credits of WEC Common Course Requirements, and 12 credits of electives in a self-selected focus area. In addition, students must complete 22 credits of foundational lower division critical tracking coursework for the major.

Minimum grades of C within two attempts, including withdrawals are required in all WEC Core Courses. Students must maintain a cumulative GPA of 2.5 in lower division critical tracking courses. A cumulative 2.0 GPA is required to award the Bachelor of Science in Wildlife Ecology and Conservation.

### Required Lower Division Critical Tracking Coursework | 23 Credits

Code	Title	Credits
BSC 2010 & 2010L	Integrated Principles of Biology 1 and Integrated Principles of Biology Laboratory 1	4
BSC 2011 & 2011L	Integrated Principles of Biology 2 and Integrated Principles of Biology Laboratory 2	4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory	4
ECO 2023	Principles of Microeconomics	4
MAC 2311	Analytic Geometry and Calculus 1	4
STA 2023	Introduction to Statistics 1	3
<b>Total Credits</b>		<b>23</b>

To continue in the major, students must attain a cumulative GPA in these graded courses of no less than a 2.5. Students must complete critical tracking courses by the end of Semester 4.

### WEC Core Course Requirements | 26 Credits

Code	Title	Credits
SWS 3022 & 3022L	Introduction to Soils in the Environment and Introduction to Soils in the Environment Laboratory	4
WIS 2920	Wildlife Colloquium	1
WIS 3401	Wildlife Ecology and Management	3
WIS 3402 & 3402L	Wildlife of Florida and Wildlife of Florida Laboratory	4
WIS 3553C	Introduction to Conservation Genetics	4
WIS 4501	Introduction to Wildlife Population Ecology	3
WIS 4601C	Quantitative Wildlife Ecology	3

WIS 4945 & 4945L	Wildlife Techniques and Field Wildlife Techniques	4
<b>Total Credits</b>		<b>26</b>

Minimum grades of C within two attempts, including withdrawals are required in all WEC Core Courses.

**Total Credits****12****Critical Tracking**

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

**Semester 1**

- Complete 1 of 6 critical-tracking courses, excluding labs: BSC 2010/BSC 2010L, BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, AEB 2014 or AEB 3103 or ECO 2023, MAC 2311, STA 2023
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

**Semester 2**

- Complete 1 additional critical-tracking course, excluding labs
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

**Semester 3**

- Complete 2 additional critical-tracking courses, excluding labs
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

**Semester 4**

- Complete 2 additional critical-tracking courses, including labs
- 2.5 GPA on required math and science courses combined
- 2.0 UF GPA required

**Semester 5**

- Complete 1 additional critical-tracking course
- 2.5 GPA on required math and science courses combined
- 2.0 upper division GPA required
- 2.0 UF GPA required

**Semester 6**

- Complete 1 additional critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

**Semester 7**

- Complete 1 additional critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

**Semester 8**

- Complete 1 additional critical-tracking course
- 2.0 upper division GPA required
- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

Students must earn a minimum grade of C within two attempts in all required core courses. Students must maintain a 2.5 or higher GPA on all lower division critical-tracking courses. A 2.0 cumulative GPA is also required to successfully complete the degree.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

WIS 4501	Introduction to Wildlife Population Ecology ( <b>Critical Tracking</b> )	3
Focus courses		6
Electives		6
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

*Additional electives may be needed to complete the 120 credits required for graduation. Students can choose any courses as electives.*

State core courses can be selected to meet the university's requirements for writing, international and diversity focused courses.

## Academic Learning Compact

The primary focus of the wildlife ecology and conservation major is to develop students' knowledge of the conceptual and applied aspects of scientific, social and ethical thought in wildlife ecology and conservation. Emphasis is placed on the biology, ecology, natural history and behavior of Florida wildlife species and the management of wildlife, their habitats and their population dynamics for the greatest aesthetic, ecological, economic and recreational values. Students will learn to think critically about major problems in the conservation of biological diversity and to apply biological principles to the preservation of this diversity.

## Before Graduating Students Must

- Pass the wildlife ecology and conservation competency exam, given as part of WIS 4203C or WIS 4554 .
- Achieve minimum grades of C in AEC 3030C and AEC 3033C. These courses are graded using rubrics developed by a faculty team.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Acquire knowledge of scientific, social and ethical arenas of wildlife ecology and conservation; acquire skills for critical reasoning in conservation management; acquire knowledge of Florida wildlife species and their biology, ecology, natural history and behavior; describe principles and applications of wildlife management practices, population dynamics and habitat management; and apply biological principles to solve problems in wildlife conservation and preserve biological diversity.

#### Critical Thinking

2. Apply ecological, mathematical and statistical concepts to interpret, understand and communicate wildlife ecology and conservation data.

#### Communication

3. Create, interpret and analyze written text, oral messages and multimedia presentations used in agricultural and life sciences.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

## Academic Policies

### Admission Requirements

Students planning to major in any program in the arts should contact the College of the Arts as soon as possible. Because of limitations in faculty and space, the college cannot accept all eligible applicants; admission, therefore, is selective.

More Info (<http://arts.ufl.edu/about/programs/>)

Auditions are required for admission to all music programs and to the BFA programs in theatre and dance. Refer to the appropriate school for audition information. A student's entire record, including educational objective, pattern of courses completed, quality of academic record, successful audition or portfolio review, and test data will be considered.

### Native Freshmen and Sophomores

Because the College of the Arts offers professional degrees (BFA and BMus) and a limited access BA program in digital arts and sciences, the admissions process often occurs in two phases.

1. Conditional admission as a freshman to the college and a program of choice in the School of Theatre and Dance (BA only), the School of Art and Art History or the UF Digital Worlds Institute. There is no conditional admission for music students; they must audition for direct admission to music programs before registering for classes.
2. Direct or confirmed admission into a specific program of choice occurs in different stages of the academic career for different programs.

### Art

Students desiring to change from another major within the university must submit a portfolio for conditional admission. All art students must pass a portfolio review at the end of their sophomore year before direct admission to a specific program.

## Digital Arts and Sciences

Students must submit a portfolio of original student work, demonstrating competency in digital design, time-based media, and interactive media/programming, by March 15 of the sophomore year for approval to begin upper division coursework the following Fall.

## Music

All students must audition for admission to a music major.

## Theatre and Dance

Students must audition for direct admission to BFA programs.

Students, even those in the conditional phase of their program, maintain the College of the Arts (FA) classification as long as they meet the standards set by the college and UF for admission and universal tracking.

## Transfer Students

To be eligible for admission to the college, a transfer student must satisfy the minimum requirements for UF admission.

The primary criterion for any art, dance, digital arts and sciences, music or theatre program is proficiency in the discipline. All students, except for BA in theatre or dance, must present an audition, portfolio or other required support material for review.

The majority of 3000/4000-level professional courses required for the major in the junior and senior years generally cannot be taken at other schools. Students attending four-year colleges should take courses similar to the first two years' preparatory courses for their intended major.

The Associate of Arts (AA) degree is recommended for students transferring from a Florida public college; the degree should be posted on the student's transcript before admission.

Transfer students are advised to plan their studies as outlined below for each department or school. Transfer students, even with completed AA degrees, will usually be required to take additional preprofessional, lower-division (2000 level) courses beyond the minimum courses, required for entry into a specific program.

## Art

Art and Graphic Design applicants must also pass a portfolio review to gain admission. Portfolio admissions processes and deadlines can be found on the School of Art + Art History admissions webpages. Please note, the UF Office of Admissions deadlines vary by program and semester. Please consult the UF Office of Admissions website for deadline information.

Please see the website for up-to-date prerequisite information and application instructions.

More Info (<https://arts.ufl.edu/about/programs/#art-and-art-history>)

All majors within the School of Art and Art History require a portfolio review, except art history, which does require a letter of intent outlining the applicant's goals as related to that major. Refer to the School of Art and Art History website for further clarification.

## Dance

Students are admitted to the BFA program following completion of the following:

- A satisfactory in-person or videotaped audition
- A résumé
- Acceptable proficiency in dance technique

The state college program should include:

- Two years of dance technique, including ballet, modern and jazz
- One year of dance composition
- Dance appreciation

## Digital Arts and Sciences

Students are admitted to the program following completion of the following:

- Satisfactory submission of the portfolio of original student work, demonstrating competency in digital design, time-based media, and interactive media/programming.
- Completion of the following prerequisite courses with a minimum 2.5 GPA:

Code	Title	Credits
ARH 2000	Art Appreciation: American Diversity and Global Arts	3
ARH 2050	Introduction to the Principles and History of Art 1	3

ARH 2051	Introduction to the Principles and History of Art 2	3
MAC 1140	Precalculus Algebra (or higher)	3
At least one course in Studio Art or Computer Programming.		

The state college program should include work required to earn the AA degree and the type of general education and recommended electives found in the degree description. Applicants should note that the UF Office of Admissions deadline for fall is March 1 and the submission deadline for the portfolio is March 15. Refer to the Digital Worlds Institute website for instructions on submitting the portfolio.

More Info (<https://digitalworlds.ufl.edu/>)

## Music

Upper-division **professional** students have an AA or at least 60 hours at the time of matriculation, and **have** completed the coursework required for admission at the professional level (listed below). Transfer students who do not meet the criteria for admission at the professional level may be admitted as *provisional*. If a student does not have an AA degree or at least 60 credit hours, they should refer to the lower division information above. All transfer students with an Associate of Arts degree or with 60 hours of accumulated credit must be accepted into a specific college when they apply to the University of Florida.

Upper-division **provisional** students have an AA or at least 60 hours at the time of matriculation, but **have not** completed the coursework required for admission at the professional level (listed below). This includes students who have transferred from community colleges that do not offer music programs, students who have not successfully completed the theory requirements, etc. Community college students, with or without an AA degree, who **have not** completed the required pre-professional course work will audition at the "pre-professional level". All students auditioning at the "pre-professional level" will take a theory exam for placement within the theory program and must then successfully pass the final Comprehensive Musicianship Exam upon completion of the theory coursework assigned for remediation.

Requirements for admission at the Professional level:

### Courses

- Four semesters of applied studio (8 hours)
- Four semesters of ensemble (4 hours)
- Four semesters of recital attendance
- Four semesters of theory (12 hours)
- Four semesters of secondary piano (4 hours)

### Competency Requirements

- 3000 level Pre-professional Jury
- Comprehensive Musicianship Examination (CME)

### Grade Point Average Minimums

- 2.5 for Music Education
- 2.0 for all other degree tracks

## Theatre

Students are admitted to the program following completion of a satisfactory audition in performance or a portfolio review in production.

The state college program should include:

- One course in acting
- Introduction to theatre
- Costume and stage make-up
- Stagecraft

## Timely Graduation

The College of the Arts expects full-time enrollment for students enrolled in bachelor's level degree programs. COTA majors are expected to graduate within the following timeframes: eight full-time fall/spring semesters for students admitted as freshmen, and six fall/spring semesters for students admitted as junior transfers. Full-term withdrawals, full-term semesters of overseas study, or full-term semesters of internship away from UF are not included in this count, although students should be mindful of potential excess hours implications of extending their time at UF.

Students who cannot meet their degree requirements within the eight full-time semesters (six for transfer students) are expected to enroll in summer terms to complete their degree requirements.

Due to the sequencing of course requirements, some AA and upper-division transfer students may be unable to complete their degree requirements in the six allotted semesters. Students should see their respective advisor to determine an appropriate academic plan to complete their degrees.

## REQUEST FOR ADDITIONAL SEMESTERS GUIDELINES

COTA recognizes that unexpected life events, individual circumstances, or complex educational goals may necessitate additional time to complete degree requirements. Additional time to degree is permitted with the approval of the College Petitions Committee, and may be limited to fulfillment of unmet degree requirements only.

COTA generally approves graduation extensions for the following reasons:

- Series of approved medical drops, medical withdrawals, or approved reduced course load lower than 12 credits for full-time status via the DRC
- Personal/financial hardship necessitating the student cease enrollment or enroll at less than full time for one or more semesters

***COTA does not approve graduation extensions for students on academic probation nor for students seeking to finish requirements for minors or certificates, or prerequisites for graduate study.***

## DUAL DEGREES/DOUBLE MAJORS/COMBINATION DEGREES

We recognize and commend the many COTA students with ambitious educational goals involving the pursuit of dual-degree/double major/combination degree plans. COTA expects these students to utilize robust fall/spring course loads (i.e., more than 12 credits in fall/spring terms) and summer term enrollment to complete all degree requirements as expeditiously as possible.

- Students who plan to pursue a dual-degree/double major should work with their advisor/s to create a reasonable semester plan that achieves degree completion as soon as possible. COTA generally permits a maximum of one additional year (two full-time semesters with some additional summer course work) for students pursuing dual-degree/double majors.
- COTA approves additional semesters for dual degrees with majors that already require more than eight full-time semesters for degree completion (e.g., mechanical engineering).

## Change of Major

COTA recognizes that the major selected when a student starts at UF is not always the right major. Students wishing to change majors into a COTA major should work with the respective advisor to determine the feasibility of timely graduation in the new major.

- COTA expects these students to utilize robust fall/spring course loads (i.e., more than 12 credits in fall/spring terms) and summer term enrollment to catch up and complete all degree requirements as expeditiously as possible.
- COTA generally permits a maximum of one additional year (two full-time semesters with some additional summer course work) for students who have changed majors into a COTA major and are unable to complete degree requirements in the standard eight-semester timeframe.
- Due to state of Florida excess hours legislation, it is critical to consult with your COTA advisor to explore the options available so as to graduate as soon as possible but also incur the least amount of excess hours. Many students find pursuing the BA degree options enable timely graduation with a more reasonable number of credits.

## PROCEDURES

1. Meet with your undergraduate advisor for guidance regarding your academic goals and graduation timeline
2. If graduation timeline exceeds the allotted four-year timeframe, submit a Graduation Extension Petition ([http://catalog.ufl.edu/UGRD/colleges-schools/UGART/College\\_of\\_the\\_Arts\\_Graduation\\_Extension\\_Petition.pdf](http://catalog.ufl.edu/UGRD/colleges-schools/UGART/College_of_the_Arts_Graduation_Extension_Petition.pdf)).
3. Your undergraduate advisor will review the petition in consultation with the COTA Petitions Committee and notify you of the status (approved, denied, or additional information requested).

***Students should discuss their excess hours standing with their advisor as they are making their plan. In addition, students should discuss their financial aid/scholarship situation with Student Financial Affairs in 107 Criser Hall or Veterans Services in 222 Criser Hall.***

## College Requirements

### Student Responsibility

Students are responsible for staying on track, for registering for the proper courses, and for fulfilling all requirements for their degrees.

While the college has academic advisors in each unit to assist, the student is responsible for meeting all degree requirements. Students should read their degree audits each term and meet with an advisor to review progress toward the degree.

Students may be required to take additional courses to remove skill deficiencies when deemed necessary by proficiency exams.

## Course Load

The college expects all students to be enrolled as full-time students (a minimum of 12 credits per semester). The college strongly encourages students to take 15 credits per semester to successfully meet degree requirements as soon as possible. A student who wishes to carry more than 18 credits must get approval at the time of registration from a college academic advisor.

## Satisfactory Academic Progress

Students maintain satisfactory academic progress by earning a minimum 2.0 (C) GPA for all work attempted while classified in the college (2.5, C+ average in music education and a 3.0 (B) average for all School of Art and Art History majors).

Students must take courses as outlined in the semester plan for each major. Students should see an advisor for more information. Students are required to take courses in sequence. Students may be excluded from a program of study in the college if they fail or refuse to maintain normal academic progress.

School of Art + Art History majors must meet Satisfactory Academic Progress within their program in order to be approved to pursue minors, certificates, dual degrees, double majors, internships for credit, and study abroad.

## College Probation and Dismissal

Students should see an advisor in their department for information about department level probation. Students should review the University of Florida's probation and dismissal policies.

More Info (<https://catalog.ufl.edu/ugrad/current/regulations/info/progress.aspx#probation>)

## Adding/Dropping/Withdrawing

Refer to the policy for dropping courses.

More Info (p. 1778)

## Petitions

Any student who feels that college regulations created a particular hardship or injustice may petition for a waiver of the regulation. Information on procedures is available in the advisor's office. Anyone who believes that they have been discriminated against should contact their advisor or the associate dean for academic and student affairs.

## Helpful Links

- Dean's List (p. 1716)

## Degree Requirements

To be eligible for graduation, the student must earn a minimum 2.0 (C) GPA for all work attempted in the appropriate curriculum while classified in the college (2.5 for music education, art). Specific grade requirements for various curricula are available from the school or dean's office.

## GRADUATING WITH HONORS

More Info (<https://catalog.ufl.edu/UGRD/academic-advising/academic-honors/#graduatingwithhonorstext>)

## Residence Requirement

The last 30 semester credits applied toward a degree must be completed in residence in the college. This requirement may be waived only in special cases and must be approved in advance.

## Student Work

The college reserves the right to retain student work for the purpose of record, exhibition, or instruction.

- Dance in Medicine Certificate
- Graphic Design Certificate
- Music Education Certificate
- Music in Medicine Certificate
- Music Performance Certificate
- Visual Arts in Medicine Certificate

## Admission and Satisfactory Progress

### Art

#### Admission requirements for UF freshmen and sophomores not currently majoring in art

Freshmen and sophomores who would like to change their majors to an art studio major must submit a conditional portfolio of no more than ten pieces of artwork. An art faculty committee will review these portfolios and accept or deny conditional admission into an art studio major. Upon conditional admission, a student will begin lower-division art studio courses. A professional portfolio must be submitted to gain admission into the upper-division studio art programs (3000/4000-level classes).

**Students interested in changing their majors to art history** must complete ARH 2050 and ARH 2051 with no grade lower than a B before gaining admission.

Students may not change their majors to an art major if they are currently on probation in their college. Students may not change their majors to an art major after having completed 75 credits, which includes current enrollment.

**Preparation for Degrees in Art** (art history, graphic design, and studio art): Admission to the B.F.A., B.A.H.A. or B.A. degree programs is not automatic. At the end of the sophomore year or 60 credits, all students must meet minimum GPA requirements and submit a portfolio based upon the previous two years' art work for admission to the 3000-level course sequence in their concentration. All students are encouraged to work with faculty members in order to submit the best portfolio possible. Admission is highly selective and competitive. The portfolio deadline for fall admission is March 1.

**Upper-division transfer admission:** The Office of Admissions determines the transferability of credit earned at other institutions. Upper-division transfer students (applicants with at least 60 credit credits) may transfer no more than 60 credits from a public college as part of the credits required

for a UF degree; this limit does not apply to coursework taken at a four-year institution. Students who have achieved advanced upper-division status, 90 credits or more at a four-year institution, may not be admitted.

Transfer students who have been accepted into UF to a major other than one in SAAH must complete all of the prerequisite courses at another institution and submit a professional portfolio according to the March 1 deadline for admission into an upper-division art major.

**Satisfactory Progress:** Students maintain normal academic progress by earning a 3.0 (B) average for all School of Art + Art History majors. All coursework required for School of Art + Art History majors must be completed with minimum grades of C. Art and Graphic Design majors must also pass a sophomore year portfolio review.

Students must take courses as outlined in the semester plan for each major. Students are required to take courses in sequence. Students may be excluded from a program of study in the college if they fail or refuse to maintain normal academic progress.

## Dance

### Admission

Admission is selective and students must audition successfully. Dance auditions may be scheduled throughout the year. Students audition in two technique classes of different styles, one class at intermediate level or higher. A résumé also is required. Video audition tapes will be considered. Performance audition ratings may be used for placement level in studio course sequences. Students must consult the department advisor for specific information regarding selective admission protocols.

### Satisfactory Progress

Students must receive a minimum grade of C in all major courses and stand for periodic academic and artistic reviews. Majors are guaranteed participation in the production program through the production and performance laboratory course and are expected to attend scheduled departmentals.

## Digital Arts and Sciences (DAS)

### Admission

Admission to the upper-division BA in DAS degree is not automatic. By the end of the sophomore year (or 60 credits of undergraduate coursework), all students must meet minimum GPA requirements and have submitted a portfolio of original work, demonstrating competency in digital design, time-based media, and interactive media/programming. The UF Office of Admissions deadline for fall is March 1; the deadline for portfolio submission is March 15.

### Satisfactory Progress

Students must receive minimum grades of C in all courses for the major and stand for periodic academic and program reviews.

### Upper-division transfer admission

The Office of Admissions determines the transferability of credit earned at other institutions. Upper-division transfer students (applicants with at least 60 credits) may transfer no more than 60 credits from a public college as part of the credits required for a UF degree; this limit does not apply to coursework taken at a four-year institution. Students who have achieved advanced upper-division status, 90 credits or more at a four-year institution, may not be admitted.

Transfer students who do not have a completed application on file by the deadline, including all required documentation, transcripts, etc., will not be considered for admission and must apply for a subsequent term.

## Music

### Admission

Admission to any curricula in the School of Music includes an audition and acceptance in a performance area. A minimum 2.0 GPA is required, except in music education where a 2.5 GPA is required. Prospective majors should contact the school's director of admission as early as possible.

### School Requirements

For admission to the professional level of study, all music majors must complete:

- Musicianship Assessment Jury, taken at the end of the theory sequence (usually at completion of 60 credits)
- Secondary Piano Levels I to IV with minimum grades of C or successful completion of the secondary piano proficiency exam
- The Preprofessional Performance Jury (taken the last semester of MV\_ 2XXX)
- Ensemble semesters as required by the student's degree track
- Four semesters of Recital Attendance (MUS 1010) with grades of S

A comprehensive musicianship jury will take place at the end of each semester of theory. The final comprehensive musicianship exam will be taken at this jury after four semesters of theory. All students must pass this exam whether theory courses are completed at UF or are transferred from another institution. Transfer students must successfully complete at UF, with minimum grades of C, any remedial coursework assigned by the School of Music before taking the final comprehensive musicianship exam.

Students who exhibit excellent potential as music majors but who are not adequately prepared to enter the theory sequence as required by the degree track, may be granted provisional status. Students with provisional status are placed in MUT 1001. After successfully completing MUT 1001, provisional students are eligible for classification as preprofessional music majors.

Transfer students, with or without A.A. degrees, who have satisfactorily completed the required four semesters of music theory sequence and four semesters of lower-division performance study, and four semesters of piano skills, must **successfully** pass a comprehensive musicianship exam during auditions to the School of Music to be considered a junior. Those students who have not met the above requirements must take a **comprehensive musicianship exam for placement within the theory program and must then successfully pass a comprehensive musicianship exam upon completion of the theory coursework assigned for remediation.**

Music majors must earn a minimum grade of C in each required music course, both to fulfill degree requirements and to advance to the next level. All music students must stand for a performance examination each term they are enrolled in performance study. No course can be repeated more than once, except for ensembles, performance courses and project courses. Consult the school's undergraduate student handbook for specific requirements.

### General Education Requirements

- Students can fulfill three credits of the mathematics requirements by taking PHI 2100 or computer sciences courses.
- All music majors will take in humanities:

Code	Title	Credits
MUH 3211	Music History Survey 1	3
MUH 3212	Music History Survey 2	3
MUH elective	(MUH 2501 or any MUH 3000/4000-level course)	3
<i>Bachelor of Music Education Only</i>		
Select one of the following:		3
MUH 2501	Introduction to World Musics	
MUH 3530	Popular and Traditional Musics of Africa	3
MUH 3541	Latin American Music	

- Students in the Bachelor of Music in music education program must fulfill six of the 9-credit social/behavioral sciences requirement by taking EDF 2085 and PSY 2012.
- In the School of Music, the following required courses are classified as international courses: MUH 3211 and MUH 3212.
- A student should take a minimum of three credits in biological or physical science while completing the 9-credit physical/biological science requirement. Music education majors cannot vary credits in general education, but must complete them according to state mandates.

**Speech and Reading Requirements / Education Requirements:** The speech requirement for music education is met through MUE 3311 and MUE 3330; the reading requirement is met through RED 3312. The introductory education and technology courses required by the College of Education are MUE 2040 and MUS 1360.

## Theatre

### Admission

Admission to the Department of Theatre and Dance is selective. Before admission to the B.F.A. program, students must audition successfully for the acting or music theatre major, or present a portfolio for the production major in scene, costume or lighting design. A résumé also is required. Video audition tapes will be considered.

Performance audition or design portfolio review ratings can establish the student's placement level in studio course sequences. Students must consult the department advisor for admission audition/portfolio requirements and deadlines.

Students seeking admission to the B.A. programs must schedule an admission interview with the theatre advisor before starting the preprofessional courses.

### Satisfactory Progress

Students must receive minimum grades of C in all courses in the major and stand for periodic academic and artistic reviews. All majors are guaranteed participation in the production program through the production and performance laboratory course and are expected to attend scheduled departmentals.

---

## Applied Theatre for Health Certificate

The Applied Theatre for Health certificate introduces the history and practice in the field and explores utilizing and facilitating theatre for education, social change, and health. These special skills can serve as a credential for developing post-baccalaureate educational pathways and career options. Students interested in working in education, theatre, journalism, mental health counseling, social justice, community non-profits, women's studies, and health care settings will find this certificate valuable to their career paths.

## About this Program

- **College:** Arts (p. 367)
- **Credits:** 11 | Completed with minimum GPA of 3.0
- **Contact:** Email (jpufahl@arts.ufl.edu)

- Dance in Medicine Certificate
- Music in Medicine Certificate
- Visual Arts in Medicine Certificate

## Application Procedures and Requirements

There are no prerequisites for this program. Students from all backgrounds and majors are encouraged to apply to the program and should apply by their junior year. Students must complete at least 50% of certificate requirements after they have been accepted into the program.

The application process includes:

- Completion of the online application
- Submission of a one-page personal statement and one letter of recommendation from a faculty member

To qualify for the certificate, students must attain a 3.0 average in all required courses within six months of graduation.

BA Theatre students who wish to pursue the certificate may not apply the required HUM courses towards their Theatre elective requirement.

## Required Courses

Code	Title	Credits
HUM 2592	Introduction to the Arts in Medicine in a Global Context	3
TPP 3124 or TPP 4123	Beginning Improvisation Advanced Improvisation	2

## Art Education Certificate

This certificate meets the needs of students who wish to teach art in Florida's public schools. The certificate's curriculum covers the special subject knowledge and pedagogical skills associated with teaching art and prepares candidates for licensure as PreK-12 art teachers in Florida public schools.

## About this Program

- **Colleges:** Arts (p. 367) and Education (p. 643)
- **Credits:** 21 | Completed with minimum grades of B
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## School Information

The School of Art + Art History nurtures a culture of critical inquiry in our scholarly and creative work. We empower each individual with knowledge, skills, and insight to engage thoughtfully with our changing world.

## Curriculum

- Art Education Certificate
- Art History
- Art History Minor
- Art Minor
- Art | BA
- Art | BFA
- Ceramics Certificate
- Graphic Design
- Graphic Design Certificate

This certificate provides the skills and competencies required for effectively teaching art in Florida's PreK-12 public schools, as identified by the State of Florida's Six Florida Educator Accomplished Practices (or FEAPS). The School of Art and Art History in cooperation with the College of Education oversees this program.

Students must demonstrate a basic level of competency in a studio area or design, as verified by an acceptable portfolio. It is strongly recommended that students have coursework in one or more of the following areas: ceramics, drawing, painting, sculpture, printmaking, photography, art and technology, graphic design, or art history. This certificate is best suited for students enrolled in a Bachelor of Arts or Bachelor of Fine Arts degree program in the visual arts, design, or art history.

Interested students must meet with the School of Art and Art History undergraduate advisor for more information, course planning, and to obtain provisional approval prior to enrolling in certificate coursework.

To qualify for admission to the certificate program, a student must complete the following:

- Submit an acceptable portfolio of ten digital images of personal works of art and an academic writing sample.
- Pass a background check and meet state fingerprint requirements.
- Submit passing scores on the General Knowledge Test of the Florida Teacher Certification Exam (FTCE).
- Apply and be admitted to the certificate program following the processes and procedures of the University, the academic unit offering the Certificate, and the College dean or designee.
- Purchase a Livetext™ account via the College of Education for documentation of the six FEAPS and tasks, and official observation evaluations by the Field and University supervisors.
- Complete ARE 2045 or EDF 1005 with grade of B or better.

## Course Requirements

Students must earn grades of B or better in all required courses. Additionally, 2000-level coursework should be taken before 3000-level coursework. Exceptions may be made with advisor approval.

## Prerequisite

Complete the following course before making formal application to the certificate program. It's recommended this course be taken before end of the sophomore year.

Code	Title	Credits
ARE 2045 or EDF 1005	Introduction to Teaching Art Introduction to Education	3

## Required Courses

Complete after approval of formal application to the certificate program. It's recommended these courses be taken in the junior and senior years.

Code	Title	Credits
ARE 4242	Teaching Art: the Study of Practice	3
ARE 4243	Principles of Teaching Art	3
ARE 4934C	Student Teaching Seminar	1
ARE 4940	Student Teaching in Art Education	8
TSL 3323	ESOL and Reading for Teachers (College of Education)	3

To complete this certificate program, students must also achieve these non-course requirements:

- Successful completion of ARE 4940 as evidenced by overall ratings of "accomplished" or "exceptional" on each of the six FEAP categories indicated on the Intern Evaluation form.
- Satisfactory review of a teaching portfolio conducted by art education faculty and an external professional art educator at the culmination of the internship practicum.
- Passing scores on the Art Subject Area Examination (SAE) ART K-12 and the Professional Education examination (PED) portions of the Florida Teacher Certification Exam (FTCE).

---

## Art History

The Art History program introduces students to global culture through the lens of art and architecture. Art History embraces an interdisciplinary approach that draws on history, archaeology, anthropology, religion, literature, and other allied disciplines to understand and interpret visual culture. The curriculum cultivates skills in critical analysis, research, oral and written communication, and visual literacy that prepare students for careers and graduate/professional schools in diverse fields in and outside the arts. We offer face-to-face instruction by permanent faculty who are actively engaged in international research.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Arts in History of Art
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

## School Information

The School of Art + Art History nurtures a culture of critical inquiry in our scholarly and creative work. We empower each individual with knowledge, skills, and insight to engage thoughtfully with our changing world.

108 FINE ARTS BUILDING C

GAINESVILLE FL 32611

Map (<http://campusmap.ufl.edu/#/index/0599>)

## Curriculum

- Art Education Certificate
- Art History
- Art History Minor
- Art Minor

- Art | BA
- Art | BFA
- Ceramics Certificate
- Graphic Design
- Graphic Design Certificate

All coursework required for the major must be completed with minimum grades of C.

**Students pursuing the BA in Art History take 14 courses (42 credits) in the School of Art + Art History:**

Code	Title	Credits
ARH 2050	Introduction to the Principles and History of Art 1	3
ARH 2051	Introduction to the Principles and History of Art 2	3
Any 1000 or 2000 level ART course for majors or non-majors		3
Select one:		3
2000-level ARH survey course that focuses on the art of Africa, Asia, and/or Latin America and/or on the art of Native Americans, Aboriginal Australians, and/or Pacific Islanders		
ARH 2500	Non-Western Art	
Any 3000 or 4000-level ARH courses		21
Any 3000 or 4000-level ARH or ART courses		6
ARH 4931	Art History Seminar	3
<b>Total Credits</b>		<b>42</b>

## ARH 3000/4000 Electives Distribution Requirements

**The ARH courses at the 3000 /4000 level must be distributed chronologically:**

- at least 3 credits, Art before 1300
- at least 3 credits, Art from 1300 to 1750
- at least 3 credits, Art after 1750

*If a course applies to two chronological categories; a student may use it to fulfill the requirement for only one chronological category.*

**The ARH courses at the 3000/4000 level must also be distributed in the following ways:**

- at least 3 credits, art of the ancient Mediterranean Basin and/or ancient Near East and/or the art of Europe and/or the United States
- at least 3 credits, Art of Africa, Asia, and/or Latin America and/or the art of Native Americans, Aboriginal Australians, and/or Pacific Islanders

*If a course applies to both of these categories; a student can use it to fulfill the requirement for only one category.*

Beyond the required courses in the SA+AH, students must take 5 of their electives (15 credits) at the 3000/4000 level in any discipline.

Majors also need to demonstrate college-level foreign language proficiency. Foreign language skills prepare students for art historical research and greater international engagement. You may already be proficient in a foreign language or you may need additional study to demonstrate proficiency. The Art History program requires the same level of proficiency as the majors in the College of Liberal Arts and Sciences. See CLAS Foreign Language Requirement for ways to demonstrate proficiency by exam, college-level credit from another institution, or taking coursework at UF.

Students planning to attend graduate school in Art History should develop foreign language skills beyond the minimum requirement. Advanced art historical research requires reading complex primary and secondary sources in multiple foreign languages. The faculty will gladly advise students on foreign language study.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 5 critical-tracking courses with minimum grades of C: ARH 2050, ARH 2051, ARH 2500 or any 2000 level ARH survey course that focuses on the art of Africa, Asia, and/or Latin America and/or on the art of Native Americans, Aboriginal Australians, and/or Pacific Islanders, one ART at 1000/2000 level, beginning sequence of a foreign language that can be used for art historical research
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses with minimum grades of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 1 additional critical-tracking course with a minimum grade of C
- 2.75 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking courses with minimum grades of C
- 3.0 GPA required for all critical-tracking courses
- 2.0 UF GPA

## Semester 5

- Complete all additional critical-tracking courses with minimum grades of C
- 3.0 GPA on all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 6

- Complete 3 of 10 upper-division tracking courses with minimum grades of C: nine ARH art history electives 3/4000 level meeting ARH Electives Distribution Requirements, ARH 4931
- 2.0 UF GPA required

## SEMESTER 7

- Complete 4 additional upper-division tracking courses with a minimum grade of C
- 2.0 UF GPA required

## SEMESTER 8

- Complete all additional upper-division tracking courses with minimum grades of C
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

<sup>1</sup> 2000-level ARH survey course that focuses on the art of Africa, Asia, and/or Latin America and/or on the art of Native Americans, Aboriginal Australians, and/or Pacific Islanders.

<sup>2</sup> At least 3 credits at the 3000/4000 level, art of Africa, Asia, and/or Latin America and/or the art of Native Americans, Aboriginal Australians, and/or Pacific Islanders.

## Academic Learning Compact

The Bachelor of Arts in Art History enables students to achieve proficiency in historical theory and criticism of art, to communicate independent, critical perspectives and to employ research methodology effectively. Through study of literature, social forces, ideology, cultural history and visual representation students will develop knowledge of the ancient, medieval, Renaissance/Baroque, and modern world arts. Students will also develop the ability to construct arguments and engage in advanced thought and analysis, in speech and in writing.

## Before Graduating Students Must

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify, describe and interpret works of art and other materials about art's cultural and historical context.

#### Critical Thinking

2. Examine and assess an art historical topic by applying appropriate research practices.
3. Examine and assess scholarly literature, including scholarly methodology.

#### Communication

4. Formulate oral analysis of works of art in their historical or cultural context.
5. Produce written analysis of works of art in their historical or cultural context.

## Art Minor

The Art minor provides the opportunity to combine creative and artistic practice with other academic pursuits. Students seeking this minor are not necessarily pursuing careers as practicing professional artists; rather, they are looking to enhance their programs of study with an interdisciplinary learning experience that develops their perceptual, creative problem solving, and visual communication skills.

## About this Program

- **College:** Arts (p. 367)
- **Credits:** 21 | Completed with minimum grades of C

## School Information

The School of Art + Art History nurtures a culture of critical inquiry in our scholarly and creative work. We empower each individual with knowledge, skills, and insight to engage thoughtfully with our changing world.

GAINESVILLE FL 32611

Map (<http://campusmap.ufl.edu/#/index/0599>)

## Curriculum

- Art Education Certificate
- Art History
- Art History Minor
- Art Minor
- Art | BA
- Art | BFA
- Ceramics Certificate
- Graphic Design
- Graphic Design Certificate

The curriculum guides students toward coursework that the art faculty considers essential to understanding art making in a material and conceptual sense. Students completing the minor in art will graduate from UF with a more versatile and well-rounded skillset sought by many disciplines, industries, and professions.

The minor is available to all UF undergraduates, except those majoring in art or graphic design. Interested students must meet with the School of Art and Art History undergraduate advisor to apply.

- Studio art-related majors (art, art education, and design and visual communications) have priority access to studio classes. Art minors must work with the SA+AH advisor to gain access to studio courses on a space-available basis.
- Independent studies and internships will not fulfill credits for this minor.
- 15 credits of the 21 total and all 3000/4000-level coursework must be taken at UF.
- Up to six credits of 2000-level coursework may be transferred in from another institution or accelerated mechanism (e.g., AP, IB) or may be taken from UF non-art major studio courses. All transfer credits are subject to SA+AH approval.
- Credit taken toward this minor cannot also be applied to any studio certificate program.

## Required Courses

Code	Title	Credits
<b>Complete before application to the minor</b>		
Select one 2000-level art history course, for example:		3
ARH 2002	Introduction to Art: the Artistic Experience	
ARH 2050	Introduction to the Principles and History of Art 1	
ARH 2051	Introduction to the Principles and History of Art 2	
ARH 2500	Non-Western Art	
Art studio course (2000 level) <sup>1</sup>		3
<b>Complete after approval to the minor</b>		
Art studio courses (2000 level) <sup>1</sup>		9
Art studio courses (3000/4000 level) <sup>1, 2</sup>		6
<b>Total Credits</b>		<b>21</b>

<sup>1</sup> See advisor for access to studio courses.

<sup>2</sup> GRA courses at the 3/4000 level cannot be taken by non-graphic design majors.

## Art | BA

The BA in Art allows students to focus on studio art but in a more flexible and less studio-rigorous fashion than the BFA degree options. The BA in Art encourages students to consider a double major or dual-degree, minors, or certificates in specific art or non-art related disciplines, and/or complete preprofessional requirements for other non-art related programs.

Many students graduating with a BA in Art go on to pursue professional programs in healthcare (medical school, veterinary school, art therapy graduate programs, etc.) and other graduate programs in both non-art and art-related disciplines (i.e., law, business, counseling, etc.).

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Related Programs

- Visual Arts in Medicine Certificate

The undergraduate Art program provides a wide range of experiences in studio art, including technical and formal concerns, experimental approaches, and conceptual development, while also exploring coursework required for other academic disciplines within the university.

All coursework required for the major must be completed with minimum grades of C.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete ART 1803C for 6 credits or complete 6 credits of any ART/GRA/PGY courses at the 2000 level with minimum grades of C
- 2.0 UF GPA required

## Semester 2

- Complete 3 of 7 critical-tracking courses: ARH 2050, ARH 2051, ART 1803C, ART 2353C, ART 2013C, OR two 2000-level studio art courses with minimum grades of C
- 2.5 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses with minimum grades of C
- 2.75 UF GPA required

## Semester 4

- Complete all remaining critical-tracking course with a minimum grade of C
- 3.0 UF GPA required

## Semester 5

- 3.0 UF GPA required

## SEMESTER 6

- 3.0 UF GPA required

## SEMESTER 7

- Complete 1 of 2 critical-tracking courses (upper division): ARH 3/4000 or ART 3892; ART 4828C
- 3.0 UF GPA required

## SEMESTER 8

- Complete all additional critical-tracking courses (upper division)
- 3.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits

Electives	8
<b>Credits</b>	<b>14</b>
<b>Total Credits</b>	<b>120</b>

Students must take 10 credits of foreign language or show a minimum proficiency in a single foreign language by taking a placement test. If proficiency is met, it does not reduce the number of credits required for the degree. Foreign language can be taken S-U or for a letter grade, which must be a minimum grade of C.

## Academic Learning Compact

The Bachelor of Arts in Art is a general arts degree. Students will achieve proficiency in general art concepts, experimental approaches, techniques and formal composition in art. Through the study of art theory, art history and historic and contemporary art, students gain knowledge of art genres

and systems of thought. Emphasis is on the development of new approaches to making art. Students will learn to use research practices effectively, to discuss the development of their work in speech and in writing and to develop a portfolio and resume.

## Before Graduating Students Must

- Pass a particular test, a final project, a term paper and/or a portfolio, as determined and evaluated by the appropriate faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Understand the principles and elements of artistic practice.
2. Produce artworks choosing and employing media and techniques that support ideation.

#### Critical Thinking

3. Develop sound research methods and production practices.
4. Develop a studio practice that demonstrates complex thought, analysis and reasoning.

#### Communication

5. Create a portfolio of artwork.
6. Describe art research and practice in writing.

### Related Programs

- Visual Arts in Medicine Certificate

The school's size, diverse programs, and degree offerings, as well as facilities result in a fully configured art school within the largest university in the Southeast. The school, with the other units of the College of the Arts and the Harn Museum of Art, shares the mission of serving as an educational, professional, and cultural resource in the visual arts for the campus, community, state and region.

All coursework required for the major must be completed with minimum grades of C.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete ART 1803C for 6 credits or six credits of any ART/PGY/GRA course at the 2000 level with minimum grades of C
- 2.0 UF GPA required

## Semester 2

- Complete 3 of 8 critical-tracking courses with minimum grades of C: ARH 2050, ARH 2051, ART 1803C, ART 2353C, ART 2680C, ART 2013C, ART 2825C, ART 2826C
- 2.5 UF GPA required

## Semester 3

- Complete 3 additional critical-tracking course with a minimum grade of C
- 2.75 UF GPA required

## Semester 4

- Complete remaining critical-tracking courses with minimum grades of C
- 3.0 UF GPA required

## Semester 5

- Complete ART 3892 and two 3/4000 studio electives minimum grades of C
- 3.0 UF GPA required

## Semester 6

- Complete ART 3857C and two 3/4000 studio electives with minimum grades of C
- 3.0 UF GPA required

## Semester 7

- Complete ART 4828C and one 3/4000 studio elective with minimum grade of C
- 3.0 UF GPA required

## Semester 8

- Complete ART 4858C and ART 4828C (for the 2<sup>nd</sup> semester) with minimum grades of C
- 3.0 UF GPA required

<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> Students must have a total of 9 credits of Studio in Semester Seven with a minimum of 3 credits of Senior Studio

<sup>2</sup> Students must have a total of 6 credits of Studio in Semester Eight with a minimum of 3 credits of Senior Studio.

## Academic Learning Compact

The Bachelor of Fine Arts in art studio enables students to achieve proficiency in the principles and practices utilized by professional artists and affiliated industries. Through the study of art theory, art history and contemporary art, students gain knowledge of art genres and systems of thought. Emphasis is on development of the concepts and skills related to art and the development of a personal artistic idiom. Students will learn to use research practices effectively and to discuss the development of their work in speech and in writing.

## Before Graduating Students Must

- Pass a particular test, a final project, a term paper and/or a portfolio.
- Pass a senior-level capstone course that includes an exhibition of the student's work (portfolio). The portfolio will be evaluated by appropriate faculty prior to graduation.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Understand art history, theory, and contemporary art practices.
2. Effectively and intentionally use media, composition, materials, and strategies to create meaning in a work of art.

#### Critical Thinking

3. Develop sound research methods and production practices to create a focused body of work.
4. Manage a studio practice that demonstrates complex thought, analysis, and reasoning.

#### Communication

5. Cultivate a strong voice in research and creative work evidenced in a self-directed, cohesive, and focused body of work (portfolio).
6. Describe art research and practice verbally and in writing.

## Assessment type

- Portfolio.

## Ceramics Certificate

The School of Art and Art History (SA+AH) certificate program enables students with a major outside of the visual arts to take a series of courses within the studio arts where clay is used as the art material. Classes expose students to art-making practices within the field of ceramics, develop manual skills in clay forming, increase visual understanding of content in art, and enable the student to explore personal decision-making and creative problem-solving in art-making.

- Art Minor

- Art | BA
- Art | BFA
- Ceramics Certificate
- Graphic Design
- Graphic Design Certificate

The certificate is awarded by the SA+AH to acknowledge a concentration in ceramics within a student's external major and general course of study. Students must maintain a minimum GPA of 3.0 in the certificate program. Students are admitted based on a portfolio review by faculty in the ceramics.

The coursework includes 4-5 sequenced ceramics classes plus a required course in art theory and art fundamentals. Students will leave the program with the ability to throw on the potter's wheel, model, and carve. They also will have developed skills in hand-forming processes and gained knowledge of glaze application techniques and kiln firing methods.

## Required Courses

Code	Title	Credits

## Dance in Medicine Certificate

The UF Center for Arts in Medicine, in conjunction with the School of Theatre and Dance, offers an undergraduate certificate in Dance in Medicine to UF students. Completion of this certificate shows intentionality and commitment to interdisciplinary exploration and an awareness of the value of arts to health and well-being.

## About this Program

- **College:** Arts (p. 367)
- **Credits:** 13-14
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Center Information

The University of Florida Center for the Arts in Medicine is committed to advancing research, education, and practice in arts in medicine, locally and globally. Through ongoing interdisciplinary research, training programs, and dynamic academic programs the Center advances its mission to further the field of arts in health.

Map (<http://campusmap.ufl.edu/#/index/0269>)

### Curriculum

- Applied Theatre for Health Certificate
- Dance in Medicine Certificate
- Music in Medicine Certificate
- Visual Arts in Medicine Certificate

Students have access to these unique types of learning experiences: hands-on practical experience with patients and/or community members, exposure to arts in health-related fields, the opportunity to develop career readiness skills such as oral and written communication, leadership, collaboration, and problem solving. In addition, students will interact with patients and/or community members, arts in health leaders, artists, healthcare professionals, arts administrators, and non-profit organizations.

The certificate is different than a minor because students receive hands-on applied experience. Making the choice to complete the certificate shows intentionality and commitment to interdisciplinary exploration and an awareness of the value of dance to health and well-being in society.

Students should apply by their sophomore year and contact the center undergraduate advisor to schedule an initial meeting to discuss requirements.

Students must attain a 3.0 GPA in the required courses, all of which have prerequisites.

## Required Courses

Code	Title	Credits
DAA 1000 or DAN 2100	Fundamentals of Dance Technique Dance Appreciation for the Twenty-first Century	3

- Theatre Production
- Theatre Production Minor

Admission to the dance minor requires the completion of DAA 2104 at UF with a minimum grade of B. Students then will meet with the dance minor advisor for approval to enter the program and to establish a program of study.

The minor is comprised of a core of 10-11 credits plus 6-7 credits of emphasis as approved by the advisor. At least 12 of these credits must be completed at UF. It normally takes four semesters to complete the minor.

*DAA 1000 does not count towards the minor.*

## Admission

Admission to the BA in Dance program for incoming freshmen does not require an audition. Transfer students should consult with the department regarding admission requirements.

## Satisfactory Progress

Students must receive minimum grades of C in all courses for the major. After completion of the second semester students are evaluated by faculty for permission to continue in the program.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## SEMESTER 1

- Complete 3 of 12 critical-tracking courses with minimum grades of C: DAA 2104 twice, DAA 2204 twice, DAA 2341 twice, DAA 2105 twice, DAA 2205 twice, DAA 2342 twice
- 2.0 UF GPA required

## SEMESTER 2

- Complete 3 additional critical-tracking courses with minimum grades of C
- Complete a successful audition/jury as determined by the dance faculty (only for students who did not complete an audition prior to semester 1)
- 2.0 UF GPA required

## SEMESTER 3

- Complete 3 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## SEMESTER 4

- Complete 3 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## SEMESTER 5

- Complete 1 of 5 upper division tracking course with minimum grade of C
- 2.0 UF GPA required

## SEMESTER 6

- Complete 1 additional critical-tracking courses (upper division) with minimum grades of C
- 2.0 UF GPA required

## SEMESTER 7

- Complete 1 additional critical-tracking course (upper division) with minimum grades of C
- 2.0 UF GPA required

## SEMESTER 8

- Complete all remaining critical-tracking courses (upper division) with minimum grades of C
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

<sup>1</sup> Semester 4 Gen Ed course must be the requirement not fulfilled by semester 3 Quest 2 course.

*Technique dance courses from Semester Five to Semester Eight (intermediate and advanced-level courses) must be approved by the dance advisor and appropriate to the student's technical level.*

## Academic Learning Compact

The degree program in dance offers two specializations, one leading to a Bachelor of Fine Arts (BFA) and one leading to a Bachelor of Arts (BA).

The Bachelor of Fine Arts in dance provides extensive training and skills in contemporary dance and choreography with four interlocking areas of 21st century dance study: choreography and performance, intercultural dance studies, dance and medicine, and dance theatre. Dance is studied as a major performing art that impacts artistic, cultural, intellectual and social spheres.

The Bachelor of Arts in dance educates the student as a generalist in dance studies. Students follow a course of study essential to the field of dance, including performance, history, theory, literature, design, technology and related disciplines, all while enjoying sufficient flexibility to pursue other areas of study, including a minor or a major in a field other than dance. Successful degree candidates develop independent, interdisciplinary critical thought, and can articulate the power and agency of the arts over time and across cultures and perspectives.

## Before Graduating Students Must

- Develop and complete a senior project approved and evaluated by faculty. The BA project would be research oriented; the BFA would be choreographically related.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students Will Learn to Student Learning Outcomes (SLOs)

### Content

1. Develop competency in the terminology, concepts, methodologies and theories of dance studies, and knowledge of varied applications of dance.

### Critical Thinking

2. Analyze and fosters dance studies inquiry in correlation with diverse creative, historical, social, cultural perspectives, and/or other disciplinary perspectives.

### Communication

3. Develop and articulates in writing and/or practice applications of dance studies.

## Admission

Admission is selective and students must audition successfully. Auditions are held twice yearly. Prospective students should check Theatre and Dance for audition dates and information. The audition is in the form of a technique class including ballet, modern and West African dance styles. Video auditions are accepted in cases where attending the live audition presents a particular hardship. Specific requirements for the video audition are also found on the website. Students may consult the school's undergraduate advisor for admissions information.

More Info (<http://www.arts.ufl.edu/theatreanddance/default.aspx>)

## Satisfactory Progress

Students must receive minimum grades of C in all courses for the major and participate in academic and artistic jury reviews. Majors are expected to participate in the production/performance program through such courses as Production and Performance, World Dance, and Intercultural Performance and Ensembles.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

Gen Ed Biological or Physical Sciences OR Gen Ed Social and Behavioral Sciences <sup>1</sup>	3
Electives	2
<b>Credits</b>	<b>13</b>
<b>Total Credits</b>	<b>124</b>

<sup>1</sup> Complete requirement not satisfied in Semester Four.

*Intermediate and advanced-level courses must be approved by the dance advisor and appropriate to the student's technical level.*

## Academic Learning Compact

The degree program in dance offers two specializations, one leading to a Bachelor of Fine Arts (BFA) and one leading to a Bachelor of Arts (BA).

The Bachelor of Fine Arts in dance provides extensive training and skills in contemporary dance and choreography with four interlocking areas of 21st century dance study: choreography and performance, intercultural dance studies, dance and medicine, and dance theatre. Dance is studied as a major performing art that impacts artistic, cultural, intellectual and social spheres.

The Bachelor of Arts in dance educates the student as a generalist in dance studies. Students follow a course of study essential to the field of dance, including performance, history, theory, literature, design, technology and related disciplines, all while enjoying sufficient flexibility to pursue other areas of study, including a minor or a major in a field other than dance. Successful degree candidates develop independent, interdisciplinary critical thought, and can articulate the power and agency of the arts over time and across cultures and perspectives.

## Before Graduating Students Must

- Develop and complete a senior project approved and evaluated by faculty. The BA project would be research oriented; the BFA would be choreographically related.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Develop competency in diverse somatic/choreographic practices and dance studies.

#### Critical Thinking

2. Conduct and examines choreographic inquiry using diverse creative, historical, social and/or cultural perspectives.

#### Communication

3. Articulate an original voice in choreographic production and analysis.

- Juries

## Digital Arts and Sciences Minor

The Digital Arts and Sciences (DAS) minor crosses traditional college boundaries between the arts, communications, and engineering. Students become versed in contemporary social and interactive media, critical thinking, and creative design solutions. The DAS minor provides experience working in collaborative teams on media projects, including animation, experience design and production, and game design.

## About this Program

- **College:** Arts (p. 367)
- **Credits:** 15 | Completed with minimum grades of C

## Department Information

The Digital Worlds Institute is on the cutting edge of digital arts and sciences — both in research initiatives and innovative approach to education. The institute is a recognized leader in combining arts, communications, engineering and science, with a focus on advanced media systems.

- Digital Arts and Sciences | Bachelor of Arts

## Related Programs

- Digital Arts and Sciences | Bachelor of Science

Applicants must successfully complete at least two of the required courses and receive approval of their college/department before obtaining Digital Worlds Institute approval to officially declare the minor.

- BA in Digital Arts & Sciences majors have priority access to classes. DAS minors must work with the Digital Worlds Institute advisor to gain access to courses on a space-available basis.
- These courses will not fulfill credits for this minor: DIG 4917, DIG 4940, DIG 4942, DIG 4944C, DIG 4970
- All 3000-level and above course work must be completed at the University of Florida.
- All course and grade prerequisites must be satisfied.

## Required Courses

All students must complete two of the four required courses listed below before applying to the minor. The remaining credits to complete the minor may come from any 3000/4000 level Digital Worlds Institute courses, excluding DIG 4917, DIG 4940, DIG 4942, DIG 4944C, and DIG 4970

Code	Title	Credits

- Digital Arts and Sciences Minor UF Online
- Digital Arts and Sciences UF Online
- Digital Arts and Sciences | Bachelor of Arts

### Related Programs

- Digital Arts and Sciences | Bachelor of Science

The Bachelor of Arts in Digital Arts and Sciences (BADAS) crosses traditional college boundaries between the arts, communications, and engineering. Students will become versed in contemporary issues in social and interactive media, critical thinking and creative design solutions. The DAS graduate will gain experience working in collaborative teams on media projects including digital storytelling, animation, and game design including serious and applied games.

### Department Requirements

In addition to meeting university-level requirements, students seeking admission to this program must submit a portfolio of original student work, demonstrating competency in digital art and computer programming, as well as a personal statement, to the UF Digital Worlds Institute. The content and quality of these submissions, in addition to previous academic GPA, will be significant factors to determine admission into the program.

The personal statement refers to an original document created by the applicant that details interests, motivations and rationale for seeking program admission. The statement should be one to two pages in length and demonstrate a serious intent to pursue the program and the writing ability appropriate for admission as an upper-division student at a major American university.

Portfolio materials refer to a body of original creative or technical work authored, documented and presented in a contemporary digital format. The portfolio will contain examples of the applicant's best original work including digital art and programming completed before seeking admission to the BADAS program.

The portfolio is due by March 15 of the sophomore year for admission into upper-division coursework. Students may not take 3000/4000-level DIG courses without submission of the portfolio.

Students must complete all critical-tracking courses with minimum grades of C in each course and the minimum critical-tracking GPA must be 2.5. Students who do not meet these requirements will be placed on academic probation and required to prepare a probation contract with an advisor. Students normally are given two terms in which to remove their deficit points; however, students who do not satisfy the conditions of the first term of probation may be dismissed from the program.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 11 critical-tracking courses: ARH 2000; DIG 2121; DIG 2632; DIG 3097; DIG 3525C; DIG 3526C; DIG 3873; DIG 3588C; DIG 4841; DIG 4970; or MAC 1140 with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## Semester 2

- Complete 2 additional critical-tracking courses with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## Semester 3

- Complete 2 additional critical-tracking course with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## Semester 4

- Complete 1 additional critical-tracking course with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## Semester 5

- Complete 1 additional critical-tracking course with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## SEMESTER 6

- Complete 1 additional critical-tracking course with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## SEMESTER 7

- Complete 1 additional critical-tracking course with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## SEMESTER 8

- Complete remaining critical-tracking course with a minimum grade of C
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

### Academic Learning Compact

The BA in Digital Arts and Sciences (BADAS) crosses college boundaries between communications, engineering and the arts. Students will become versed in contemporary issues in social and interactive media, critical thinking and creative design solutions. The BADAS graduate will gain experience working in collaborative teams on media projects, including serious and applied games, live digital performances, and virtual worlds.

## Before Graduating Students Must

- Pass assessment of performance on a major design experience, according to department grading rubric.
- Pass assessment in one or more core courses or individual assignments targeted to each SLO.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply knowledge of multimedia, human-computer interaction, graphics and simulation to application domains.
2. Conceptualize, design, and develop a creative digital project.

#### Critical Thinking

3. Successfully solve the problems and engage in the systems thinking necessary to develop contemporary interactive digital media.
4. Critically evaluate contemporary digital media and digital techniques in the creation of digital art.

#### Communication

5. Communicate and collaborate successfully in a team environment comprised of artists, designers and application developers.

DIG 4917	Undergraduate Research in DAS	0-3
DIG 4930	Special Topics in DAS	1-4
DIG 4932	Colloquium in Digital Arts and Sciences	1
DIG 4940	Internship	1-3
DIG 4942	Undergraduate Course Assistant	0-3
DIG 4944C	Production Practicum	0-3

### Academic Learning Compact

The BA in Digital Arts and Sciences (BADAS) crosses college boundaries between communications, engineering and the arts. Students will become versed in contemporary issues in social and interactive media, critical thinking and creative design solutions. The BADAS graduate will gain experience working in collaborative teams on media projects, including serious and applied games, live digital performances and virtual worlds.

## Before Graduating Students Must

- Pass assessment of performance on a major design experience, according to department grading rubric.
- Pass assessment in one or more core courses or individual assignments targeted to each SLO.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply knowledge of multimedia, human-computer interaction, graphics, and simulation to application domains.
2. Conceptualize, design, and develop a creative digital project.

#### Critical Thinking

3. Successfully solve the problems and engage in the systems thinking necessary to develop contemporary interactive digital media.
4. Critically evaluate contemporary digital media and digital techniques in the creation of digital art.

#### Communication

5. Communicate and collaborate successfully in a team environment comprised of artists, designers and application developers.

## Graphic Design

The Bachelor of Fine Arts in Graphic Design is a professional degree that prepares students for careers in communication (graphic) design and related fields. Graphic design is highly contextual, inherently interdisciplinary, and shapes our everyday experience and identity. The intention of the program is to train emerging designers to research, conceptualize, strategize, create, disseminate, and assess impact and efficacy of their varied deliverables in context.

### About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Fine Arts in Graphic Design
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### School Information

The School of Art + Art History nurtures a culture of critical inquiry in our scholarly and creative work. We empower each individual with knowledge, skills, and insight to engage thoughtfully with our changing world.

**Website** (<https://arts.ufl.edu/academics/art-and-art-history/>)

**Curriculum**

- Art Education Certificate
- Art History
- Art History Minor
- Art Minor
- Art | BA
- Art | BFA
- Ceramics Certificate
- Graphic Design
- Graphic Design Certificate

The program offers general education in graphic design to provide fundamental skill sets and build a range of design and related capacities. At the upper division, more in-depth study and practice allows students to hone their skill sets towards their specific interests. Working together in the studio allows students to design better, foster collaboration skills that support their development as designers and leaders. Students collaborate in their designated design studio/collaborative coworking space.

Graphic design is not neutral. Specifically, the graphic design curriculum centers on preparing designers to design for people in context and consider issues of access, equity, and inclusion. Students are encouraged to bring their full selves to the program and hold opinions and perspectives on the individual and collective roles and responsibilities of designers, and design as a discipline.

Graduates of the program begin their careers in a range of disciplines and industries. These include UI/UX, art/creative direction, information design, editorial design, design strategy, and work in design agencies, in-house corporate design offices, and design consultancies. Many alumni also start their own design studios. In addition, alumni are in leadership roles nationally and internationally — in design and beyond.

The degree program in graphic design prepares students for professional work in an expanded communication design field. The curriculum emphasizes design process, concept development strategies, visual systems, technologies, professional development, working with people in context and results in a working portfolio for entry level careers in design.

All students must lease, purchase, or otherwise obtain a computer system upon enrollment in their first design course. Specific system requirements are available from the school or the program's website.

All coursework required for the major must be completed with minimum grades of C.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

**SEMESTER 1**

- Complete GRA 2111C and GRA 1113C for a total of 6 credits with minimum grades of C
- 2.0 UF GPA required

**SEMESTER 2**

- Complete ART 1803C and GRA 1831C with minimum grades of C
- 2.50 UF GPA required

**SEMESTER 3**

- Complete GRA 2208C with a minimum grade of C
- Complete a major elective: any 2000-level course with a GRA / ARH / ART / ARE / PGY / DIG prefix with a minimum grade of C

- Complete any ARH 2000-level survey course, except ARH 2000, with a minimum grade of C
- 2.75 UF GPA required

## SEMESTER 4

- Complete any ARH 2000-level survey course, except ARH 2000, with a minimum grade of C
- Complete a major elective: any 2000-level course with a GRA / ARH / ART / ARE / PGY / DIG prefix with a minimum grade of C
- 3.0 UF GPA required

## SEMESTER 5

- Complete critical-tracking courses (upper division) GRA 3209C, GRA 3193C, and ENC 3254 with minimum grades of C
- 3.0 UF GPA required

## SEMESTER 6

- Complete critical-tracking courses (upper division) GRA 3194C and GRA 3198C with minimum grades of C
- 3.0 UF GPA required

## SEMESTER 7

- Complete critical-tracking courses (upper division) GRA 4196C and GRA 4197C with minimum grades of C
- 3.0 UF GPA required

## SEMESTER 8

- Complete critical-tracking courses (upper division) GRA 4187C and GRA 4186C with minimum grades of C
- 3.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>

<b>Total Credits</b>		<b>120</b>

## Academic Learning Compact

The Bachelor of Fine Arts in Graphic Design enables students to achieve proficiency in the principles and practices utilized by professional designers and affiliated industries. Through the study of art theory, art history and historic and contemporary art, students gain knowledge of design genres and systems of thought. Emphasis is on development of the concepts and skills related to graphic design and the development of a personal artistic idiom. Students will learn to use research practices effectively and to discuss the development of their work in speech and in writing.

## Before Graduating Students Must

- Pass a particular test, a final project, a term paper and/or a portfolio, as determined by a particular major.
- Pass a senior-level capstone course that includes a portfolio exhibition of the student's work, evaluated by appropriate faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Design visual form in response to communication problems.
2. Exhibit principles of visual organization/composition, information hierarchy, symbolic representation, typography, aesthetics and the construction of meaningful images.
3. Exhibit appropriate use tools and technology, including their roles in the creation, reproduction and distribution of visual messages.

#### Critical Thinking

4. Exhibit the ability to describe and respond to the audiences and contexts which communication solutions must address, including recognition of the physical, cognitive, cultural and social human factors that shape design decisions.

#### Communication

5. Produce solutions to communication problems, including the skills of problem identification, research and information gathering, analysis, generation of alternative solutions, prototyping and evaluation of outcomes.

- Graphic Design
- Graphic Design Certificate

*This certificate is available to all School of Art + Art History undergraduates, except those majoring in graphic design.*

The curriculum guides students toward coursework the graphic design faculty considers essential to gain a better understanding of graphic design thinking, processes, methods, and practices to create effective graphic and communication design works. Students who complete this certificate will have a focused skillset sought by many disciplines, industries, and professions.

Interested students must meet with the School of Art + Art History undergraduate advisor for more information, course planning, and to apply. Students should obtain provisional approval from the advisor prior to enrolling in certificate coursework. Formal certificate applications should be made after completion of the 2000-level coursework.

- Studio art related majors (Art and Graphic Design) have priority access to 2000-level certificate courses. Students must work with the SA+AH advisor to gain access to these courses.
- 12 of the 15 total credits and all 3000-level coursework must be taken at UF.

Students should take certificate courses in the order indicated below, with all 2000-level coursework taken before 3000-level coursework. Exceptions may be made with advisor approval. Please note we generally advise students take no more than one certificate course in any given semester.

## Required Courses

Code	Title	Credits
<b>Complete before making formal application to the certificate program <sup>1</sup></b>		
Select one:		3
ART 2305C	Perceptual Drawing	
2000/3000-level drawing course focusing on sketchbook ideation and/or perception (see advisor for options)		
GRA 2111C	Visual Methods and Processes	3
GRA 2208C	Typography 1: Letterform	3
<b>Complete after approval of formal application to the certificate program <sup>2</sup></b>		
GRA 3816C	Design Thinking	3
GRA 3138C	Graphic Design Practice	3
<b>Total Credits</b>		<b>15</b>

<sup>1</sup> It's recommended these courses be taken before end of the sophomore year.

<sup>2</sup> Students should take these courses in their junior and senior years.

## Graphic Design Minor

The Graphic Design minor meets the needs of students who wish to add a graphic and communication design component to their current degree program to better understand and use these processes and practices to create effective graphic design and communication works.

## About this Program

<sup>1</sup> It is recommended these courses be taken before the end of the sophomore year.

<sup>2</sup> Students should take these courses in their junior and senior years.

## Jazz Studies Minor

The Jazz Studies minor provides access to commercial music skills that are vital to participating in today's music industry. Courses provide critical musical training in the styles of swing, latin, rock, funk, pop, bebop, etc. They also target a theoretical understanding of jazz harmony, chord symbols, jazz scales and modes, jazz articulations, blues forms, piano voicings, the basics of tune writing, commercial arranging, and techniques for memorizing jazz standards.

## About this Program

Music education programs are available in choral and instrumental. More than one-half of the students in the School of Music are preparing for careers as music teachers in elementary or secondary schools. In addition, undergraduates interested primarily in performance careers often take advantage of the teacher-preparation curriculum, which fulfills the educational requirements for Florida teaching certification in grades K-12. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

### Academic Learning Compact

The Bachelor of Music in music education prepares students to become musicians and music teachers in a K-12 instructional setting. Through studies in conducting, rehearsal planning, teaching techniques, and theory, applied performance, music literature and history and piano, students will be able to structure and apply music for meaningful and effective music class and ensemble instruction.

## Before Graduating Students Must

- Pass the General Knowledge Test and the Music (K-12) Subject Area Test of the Florida Teacher Certification Examination.
- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply pedagogical content knowledge necessary to effectively teach K-12 music classes and ensembles as an entry-level educator.

#### Critical Thinking

2. Consistently and accurately make instructional decisions using a variety of assessment data.

#### Communication

3. Communicate, verbally and in writing, regarding music, pedagogy, and other aspects of music learning to diverse educational stakeholders.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUE 2470, MUS 2211, MUS 2241, and MVK 1111 with minimum grades of C
- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete MUT 1001 or (MUT 1111 and MUT 1241L) with minimum grade of C
- Complete 2 credits of MVV 1411 with a minimum grade of C
- 2.5 UF GPA required

## Semester 2

- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete MUE 1090, MUE 2430, MUS 2221, MUS 2231, and MVK 1112 with minimum grades of C
- Complete 2 additional credits of MVV 1411 with a minimum grade of C
- 2.5 UF GPA required

## Semester 3

- Complete MUE 2040, MUE 2450, MUT 2116, MUT 2246L, and MVK 2221 with minimum grades of C
- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete 2 credits of MVV 2421 with a minimum grade of C
- 2.5 UF GPA required

## Semester 4

- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete MUT 2117, MUT 2247L, and MVK 2222 with minimum grades of C
- Complete 2 additional credits of MVV 2421 with a minimum grade of C
- 2000-level Performance Jury
- Comprehensive Musicianship Exam
- 2.5 UF GPA required

## Semester 5

- Complete MUE 3311, MUG 4104, MVV 3431, MUH 3211, MUN 3000 Level Ensemble with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.5 UF GPA required

## • Semester 6

- Complete MUH 3212, MVV 3431, MVV 3970, MUN 3000 Level Choral Ensemble, MUE 3330, MUG 4202 with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.5 UF GPA required

## • Semester 7

- Complete MUT 3321, MUE 4421 with minimum grades of C
- 2.5 UF GPA required

## • Semester 8

- Complete MUE 4940 and MUE 4140 with minimum grades of C
- 2.5 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
MUE 2470	Percussion Skills ( <b>Critical Tracking</b> )	1

MUE 4940	Student Teaching in Music Education ( <b>Critical Tracking</b> )	9
<b>Credits</b>		<b>12</b>
<b>Total Credits</b>		<b>123</b>

<sup>1</sup> Students who place into MUT 1001 take MUT 1111 and MUT 1241L in the spring, followed by MUT 1112 and MUT 1242L in the summer.

<sup>2</sup> Students can either complete MUH 2501 or any MUH 3000/4000 level course.

*All students are required to pass the Florida Teacher Certification Exam (FTCE) general knowledge test by end of the sophomore year.*

For the B.Mus.Ed., students must complete at least 50 major and elective credits at the 3000/4000 levels.

*Remaining portions of the FTCE and an online portfolio showing evidence of the Florida Accomplished Practices as prescribed by the Florida Department of Education must be completed prior to student teaching.*

## Academic Learning Compact

The Bachelor of Music in music education prepares students to become musicians and music teachers in a K-12 instructional setting. Through studies in conducting, rehearsal planning, teaching techniques, and theory, applied performance, music literature and history and piano, students will be able to structure and apply music for meaningful and effective music class and ensemble instruction.

## Before Graduating Students Must

- Pass the General Knowledge Test and the Music (K-12) Subject Area Test of the Florida Teacher Certification Examination.
- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply pedagogical content knowledge necessary to effectively teach K-12 music classes and ensembles as an entry-level educator.

#### Critical Thinking

2. Consistently and accurately make instructional decisions using a variety of assessment data.

#### Communication

3. Communicate, verbally and in writing, regarding music, pedagogy, and other aspects of music learning to diverse educational stakeholders.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3
MUE 2040	I	I	I
MUE 3311	R	R	
MUE 3330	R	R	
MUE 4940			R
MUE 4140			R
MUE 4940	A	A	A

## Assessment Types

- Student-teacher internship evaluation ratings.
- Student-teacher exit survey.

## Instrumental

The Bachelor of Music in Music Education curriculum (B.Mus.Ed.) prepares students to become musicians and music teachers in private life and in the public schools. It is offered in cooperation with the College of Education and includes work in music history, literature, theory, performance, conducting, ensemble, and music education.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Music in Music Education
- **Specializations:** Choral (p. 423) | Instrumental (p. 427)
- **Credits for Degree:** 123 - 125
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

MUSIC BUILDING

GAINESVILLE FL 32611

Map (<http://campusmap.ufl.edu/#/index/0117>)

### Curriculum

- Combination Degrees
- Jazz Studies Minor
- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor
- Music | Bachelor of Arts
- Music | Bachelor of Music

Music education programs are available in choral and instrumental. More than one-half of the students in the School of Music are preparing for careers as music teachers in elementary or secondary schools. In addition, undergraduates interested primarily in performance careers often take advantage of the teacher-preparation curriculum, which fulfills the educational requirements for Florida teaching certification in grades K-12. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUE 2440 and MVK 1111 with minimum grades of C
- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete MUT 1001 or (MUT 1111 and MUT 1241L) with minimum grade of C
- Complete 2 credits of MV\_ 141\_ Performance Principal with a minimum grade of C
- 2.5 UF GPA required

## Semester 2

- Complete MUE 1090, MUE 2430, MUE 2442, and MVK 1112 with minimum grades of C
- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete (MUT 1111 and MUT 1241L) or (MUT 1112 and MUT 1242L) with minimum grade of C
- Complete 2 additional credits of MV\_ 141\_ Performance Principal with a minimum grade of C
- 2.5 UF GPA required

## Semester 3

- Complete MUE 2040, MUE 2450, MUT 2116, MUT 2246L, and MVK 2221 with minimum grades of C
- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete 2 credits of MV\_ 242\_ Performance Principal with a minimum grade of C
- 2.5 UF GPA required

## Semester 4

- Complete MUE 2452, MUE 2680, MUT 2117, MUT 2247L, and MVK 2222 with minimum grades of C
- Complete MUN 1000 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- Complete 2 additional credits of MV\_ 242\_ Performance Principal with a minimum grade of C
- 2000-level Performance Jury
- Comprehensive Musicianship Exam
- 2.5 UF GPA required

## Semester 5

- Complete MUE 3311, MUG 4104, MUH 3211, MUN 3000 Level Ensemble with minimum grades of C
- Complete MUS 1010 with a grade of S
- Complete 2 credits of MVK 343\_ Performance Principal with a minimum grade of C
- 2.5 UF GPA required

## Semester 6

- Complete MUH 3212, MV\_343\_, MV\_3970, MUN 3000 Level Ensemble, MUE 3330, MUG 4302, MUE 4480 with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.5 UF GPA required

## Semester 7

- Complete MUT 3321 and MUE 3343/MUE 4422 with minimum grades of C
- 2.5 UF GPA required

## Semester 8

- Complete MUE 4940 and MUE 4140 with minimum grades of C
- 2.5 UF GPA require

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>

<b>Total Credits</b>		<b>125</b>

<sup>1</sup> Students who place into MUT 1001 take MUT 1111 and MUT 1241L in the spring, followed by MUT 1112 and MUT 1242L.

<sup>2</sup> All instruments except for strings; strings should select 3 credits of applied study on a secondary string instrument.

<sup>3</sup> All students can either complete MUH 2501 or any MUH 3000/4000 level course.

*All students are required to pass the Florida Teacher Certification Exam (FTCE) general knowledge test by end of the sophomore year.*

For the B.Mus.Ed., students must complete at least 50 major and elective credits at the 3000/4000 levels.

*Remaining portions of the FTCE and an online portfolio showing evidence of the Florida Accomplished Practices as prescribed by the Florida Department of Education must be completed prior to student teaching.*

Music education majors must take one semester of Marching Band (wind and percussion).

## Academic Learning Compact

The Bachelor of Music in music education prepares students to become musicians and music teachers in a K-12 instructional setting. Through studies in conducting, rehearsal planning, teaching techniques, and theory, applied performance, music literature and history and piano, students will be able to structure and apply music for meaningful and effective music class and ensemble instruction.

## Before Graduating Students Must

- Pass the General Knowledge Test and the Music (K-12) Subject Area Test of the Florida Teacher Certification Examination.
- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply pedagogical content knowledge necessary to effectively teach K-12 music classes and ensembles as an entry-level educator.

#### Critical Thinking

2. Consistently and accurately make instructional decisions using a variety of assessment data.

#### Communication

3. Communicate, verbally and in writing, regarding music, pedagogy, and other aspects of music learning to diverse educational stakeholders.

### Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3

MUE 3311	R	R	
MUE 3330	R	R	
MUE 4940			R
MUE 4140			R
MUE 4940	A	A	A

### Assessment Types

- Student-teacher internship evaluation ratings.
- Student-teacher exit survey.

## Music Education Certificate

The Music Education Certificate serves musicians whose undergraduate music degree programs did not include an education component, but who have decided that they would like to become Florida public school music teachers. Completion of this certificate program, and required state tests, results in qualification for Educator Certification in Music (Grades K-12) through the Florida Department of Education.

### About this Program

- **Colleges:** Arts (p. 367) and Education (p. 643)
- **Credits:** 24 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### School Information

<b>Spring Year 1</b>		
MUE 3330	Music in Secondary Schools	3
TSL 3323	ESOL and Reading for Teachers	3
Select one:		1
MUE 2430	Voice Skills	
MUE 2442	String Skills 2	
MUE 2452	Woodwind Skills 2	
MUE 2462	Brass Skills 2	
MUE 2470	Percussion Skills	
<b>Fall Year 2</b>		

MUE 4140	Music Student Teaching Seminar	3
MUE 4941L	Internship in Music Teaching	3
Select one:		3
MUE 4421	Teaching Secondary Choral Music (Choral)	
MUE 4422	Teaching Instrumental Music (Instrumental)	
<b>Total Credits</b>		<b>24</b>

This possible sequencing is for students who wish to enroll in the certificate program only. For students who wish to enroll in the certificate program in conjunction with an existing Master's degree program, course sequencing will be determined on an individual basis in conjunction with the academic advisor. The combined program is expected to take 6 semesters, or 3 academic years.

## Music History | Ethnomusicology Minor

The Music History | Ethnomusicology minor does not require an audition, but a background in music is recommended. A theory placement exam is required to determine the appropriate level of theory the student should be taking.

### About this Program

- **College:** Arts (p. 367)
- **Credits:** 18 | Completed with minimum grades of C
- **Contact:** Email (mcitim@arts.ufl.edu)

### Curriculum

- Applied Theatre for Health Certificate
- Dance in Medicine Certificate

- Music in Medicine Certificate
- Visual Arts in Medicine Certificate

The certificate focuses on the use of music to enhance individual and community health and healthcare environments. Students will learn theory and practice in the field of arts in health and will develop skills for applying music and well-being in healthcare and community settings.

Students should apply by their sophomore year and schedule an initial meeting to discuss requirements.

## Required Courses

Code	Title	Credits
HUM 2592	Introduction to the Arts in Medicine in a Global Context	3
HUM 3523 or IDH 3931	Music and Health Interdisciplinary Junior Honors	3
MUN 1000/3000	Music ensemble	1
HUM 3940L	Arts in Medicine Practicum 1	2
HUM 4594	Music in Medicine Capstone	3
<b>Total Credits</b>		<b>12</b>

## Additional Requirements

- 3.0 average in all courses included in the certificate curriculum
- Demonstrate a minimum intermediate level proficiency on their primary instrument, as demonstrated by completion of or enrollment in a 2000 level studio course and an audition.
- Be a current UF student
- 3.0 average in all courses included in the certificate curriculum within 6 months of graduation.

## Music Performance Certificate

This certificate provides performance credentials to music majors or minors in non-performance tracks who have made a significant achievement in repertoire, technique, and artistic presentation.

## About this Program

- **College:** Arts (p. 367)
- **Credits:** 26-29
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Curriculum

- Combination Degrees
- Jazz Studies Minor
- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor

- Music | Bachelor of Arts
- Music | Bachelor of Music

The certificate requires students to take additional private lessons, participate in ensembles and present solo recitals. An audition is required for admission.

More Info (<https://arts.ufl.edu/academics/music/undergraduate-admissions/audition-requirements/>)

Any changes to the curriculum of the music performance degree automatically pertain to the requirements of the certificate. The certificate is awarded at the discretion of the music faculty to graduating seniors who fulfill the required music performance components of the Bachelor of Music in music performance.

## Required Courses

Code	Title	Credits
MUN 1000 Level	Ensemble (1 credit; 4 semesters)	4
MUN 3000 Level	Ensemble (1 credit; 3 semesters)	3
MV_ 141_	Performance Principal (2 credits; 2 semesters)	4
MV_ 242_	Performance Principal (2 credits; 2 semesters)	4
MV_ 343_	Performance Principal (3 credits; 2 semesters)	6
MV_ 3970	Recital	1
MV_ 444_	Performance Principal (3 credits; 1 or 2 semesters)	3-6
MV_ 4971	Recital	1
<b>Total Credits</b>		<b>26-29</b>

## Additional Requirements

- Studio lessons, 7 semesters minimum
- Ensemble participation, concurrent with each semester of studio lesson enrollment
- Two solo recitals

---

## Music Performance Minor

The Music Performance minor, instrumental or voice, assumes the student has had substantial previous study in music. An audition is required to determine placement in a studio and a theory placement exam is required to determine the appropriate level of theory.

# Music | Bachelor of Arts

The BA curriculum is for students who want a liberal arts education with an emphasis in music. Students can minor in other subject areas such as English, psychology, or history.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Arts
- **Concentrations:** Entrepreneurship (p. 440) | Event Management (p. 444) | Music (p. 449) | Music History and Literature (p. 453) | Music History and Literature: Ethnomusicology (p. 456) | Music Theory and Composition (p. 460)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

**Website** (<https://arts.ufl.edu/academics/music/>)

### CONTACT

Email (AFROTC150@ufl.edu) | 352.392.0224

MUSIC BUILDING

GAINESVILLE FL 32611

Map (<http://campusmap.ufl.edu/#/index/0117>)

### Curriculum

- Combination Degrees
- Jazz Studies Minor
- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor
- Music | Bachelor of Arts
- Music | Bachelor of Music

Programs are available in music, music history, and literature, music history and literature with emphasis in ethnomusicology, and music theory or composition. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

## Foreign Language

Students must take 10 credits of foreign language or show a minimum proficiency in a single language by taking a placement test. If the proficiency is met, it does not reduce the 120 credits required for the degree. Foreign language courses can be taken S/U or for a letter grade, and the minimum grade is a C. Foreign language credit cannot be obtained through CLEP examinations.

All students pursuing the BA must consult a department advisor and get approval before attempting the elective portion of this program.

### Academic Learning Compact

The Bachelor of Arts in music provides a liberal arts education with an emphasis in ethnomusicology, music history and literature, music theory and composition, or performance. Studies in music theory, applied performance, music literature, music history and piano, provide knowledge of the structure and expression of music within the historical context of musical genres. Students will also be able to apply their knowledge through singing or performing a musical instrument and they will be able to apply critical thinking skills when hearing musical sounds.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Perform at a pre-professional level on an instrument or voice.

#### Critical Thinking

2. Utilize theoretical analysis of music.

#### Communication

3. Write about music within different historical and cultural contexts.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUT 1111 and MUT 1241L with a minimum grade of C
- Complete MVK 1111 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 141\_) Performance Principal coursework with minimum grade of C
- Voice emphasis only must take MUS 2211 and MUS 2241
- 2.0 UF GPA required

## Semester 2

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUS 1360 and MUT 1112 and MUT 1242L with minimum grades of C
- Complete MVK 1112 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 141\_) Performance Principal with minimum grade of C
- Voice emphasis only must take MUS 2221 and MUS 2231
- 2.0 UF GPA required

## Semester 3

- Complete MUN 1000 and MUT 2116 and MUT 2246L with minimum grades of C
- Complete MUS 1010 with a grade of S

- Complete MVK 2221 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- 2.0 UF GPA required

## Semester 4

- Complete MUN 1000 and MUT 2117 and MUT 2247L with minimum grades of C
- Complete MUS 1010 with a grade of S
- Complete MVK 2222 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- Comprehensive Musicianship Jury
- 2000-level Performance Jury
- 2.0 UF GPA required

## Semester 5

- Complete 3 credits of (MV\_ 343\_) Performance Principal with a minimum grade of C
- Complete MUH 3211 and MUN 3000 Level Ensemble with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 6

- Complete MUH 3212, MUN 3000 Level Ensemble, MV\_ 343\_, and MV\_ 3970 with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 7

- 2.0 UF GPA required

## Semester 8

- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

**Semester Eight**

HFT 3512	Event Promotion	3
HFT 4517	Convention Sales and Service	3
LEI 4540	Management & and Supervision of THEM Facilities	3
Gen Ed Biological Sciences		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> Keyboard emphasis must take MVK 3702.

<sup>2</sup> Students who place into MUT 1001 take MUT 1111 and MUT 1241L in the spring, followed by MUT 1112 and MUT 1242L in the summer.

<sup>3</sup> Students can either complete MUH 2501 or any MUH 3000/4000 level course.

*For the B.A. with concentration in music, students must complete at least 35 major and elective credits at the 3000/4000 levels.*

### Academic Learning Compact

The Bachelor of Arts in music provides a liberal arts education with an emphasis in ethnomusicology, music history and literature, music theory and composition, or performance. Studies in music theory, applied performance, music literature, music history and piano, provide knowledge of the structure and expression of music within the historical context of musical genres. Students will also be able to apply their knowledge through singing or performing a musical instrument and they will be able to apply critical thinking skills when hearing musical sounds.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Perform at a pre-professional level on an instrument or voice.

#### Critical Thinking

2. Utilize theoretical analysis of music.

#### Communication

3. Write about music within different historical and cultural contexts.

## Curriculum Map

- Final exams

# Music

The BA curriculum is for students who want a liberal arts education with an emphasis in music. Students can minor in other subject areas such as English, psychology, or history.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Arts
- **Concentrations:** Entrepreneurship (p. 440) | Event Management (p. 444) | Music (p. 449) | Music History and Literature (p. 453) | Music History and Literature: Ethnomusicology (p. 456) | Music Theory and Composition (p. 460)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

**Website** (<https://arts.ufl.edu/academics/music/>)

MUSIC BUILDING

GAINESVILLE FL 32611

Map (<http://campusmap.ufl.edu/#/index/0117>)

### Curriculum

- Combination Degrees
- Jazz Studies Minor
- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor
- Music | Bachelor of Arts
- Music | Bachelor of Music

Programs are available in music, music history, and literature, music history and literature with emphasis in ethnomusicology, and music theory or composition. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

## Foreign Language

Students must take 10 credits of foreign language or show a minimum proficiency in a single language by taking a placement test. If the proficiency is met, it does not reduce the 120 credits required for the degree. Foreign language courses can be taken S/U or for a letter grade, and the minimum grade is a C. Foreign language credit cannot be obtained through CLEP examinations.

All students pursuing the BA must consult a department advisor and get approval before attempting the elective portion of this program.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUT 1111 and MUT 1241L with minimum grades of C
- Complete MVK 1111 with a minimum grade of C (keyboard emphasis students exempt)

- Complete 2 credits of (MV\_ 141\_) Performance Principal coursework with minimum grade of C
- Voice emphasis only must take MUS 2211 and MUS 2241
- 2.0 UF GPA required

Semester 2

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUS 1360 and MUT 1112 and MUT 1242L with minimum grades of C
- Complete MVK 1112 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 141\_) Performance Principal with minimum grade of C
- Voice emphasis only must take MUS 2221 and MUS 2231
- 2.0 UF GPA required

Semester 3

- Complete MUN 1000 and MUT 2116 and MUT 2246L with minimum grades of C
- Complete MUS 1010 with a grade of S
- Complete MVK 2221 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- 2.0 UF GPA required

Semester 4

- Complete MUN 1000 and MUT 2117 and MUT 2247L with minimum grades of C
- Complete MUS 1010 with a grade of S
- Complete MVK 2222 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- Comprehensive Musicianship Jury
- 2000-level Performance Jury
- 2.0 UF GPA required

Semester 5

- Complete MUH 3211 and MUN 3000 level ensemble with minimum grades of C
- Complete MUS 1010 with a grade of S

Semester 6

- Complete MUH 3212, MV\_343\_, MV\_3970, and MUN 3000 level ensemble with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

Semester 7

- 2.0 UF GPA required

Semester 8

- 2.0 UF GPA required

MUSIC BUILDING

GAINESVILLE FL 32611

Map (<http://campusmap.ufl.edu/#/index/0117>)

### Curriculum

- Combination Degrees
- Jazz Studies Minor
- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor
- Music | Bachelor of Arts
- Music | Bachelor of Music

Programs are available in music, music history, and literature, music history and literature with emphasis in ethnomusicology, and music theory or composition. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

## Foreign Language

Students must take 10 credits of foreign language or show a minimum proficiency in a single language by taking a placement test. If the proficiency is met, it does not reduce the 120 credits required for the degree. Foreign language courses can be taken S/U or for a letter grade, and the minimum grade is a C. Foreign language credit cannot be obtained through CLEP examinations.

All students pursuing the BA must consult a department advisor and get approval before attempting the elective portion of this program.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUH 2501 and MUT 1111 and MUT 1241L with minimum grades of C
- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MVK 1111 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 241\_) Performance Principal with a minimum grade of C
- 2.0 UF GPA required

## Semester 2

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUS 1360 and MUT 1112 and MUT 1242L with minimum grades of C
- Complete MVK 1112 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 241\_) Performance Principal with minimum grade of C
- 2.0 UF GPA required

## Semester 3

- Complete MUH 3530 and MUT 2116 and MUT 2246L with minimum grades of C
- Complete MUS 1010 with a grade of S
- Complete MVK 2221 with a minimum grade of C (keyboard emphasis students exempt)
- 2.0 UF GPA required

## Semester 4

- Complete MUT 2117 and MUT 2247L with minimum grades of C
- Complete MVK 2222 with a minimum grade of C (keyboard emphasis students exempt)
- Comprehensive Musicianship Jury
- 2.0 UF GPA required

## Semester 5

- Complete MUH 3211 and MUH 3541 with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 6

- Complete MUH 3212 with a minimum grade of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 7

- Complete MUL/MUH 3000/4000 with a minimum grade of C
- 2.0 UF GPA required

## Semester 8

- Complete MUS 4905 and MUL/MUH 3000/4000 with minimum grades of C
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
MUH 2501	Introduction to World Musics ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	3
MUN Ensemble ( <b>Critical Tracking</b> ; 1000 level) <sup>1</sup>		1
MUS 1010	Recital Attendance ( <b>Critical Tracking</b> )	0
MUT 1111 Music Theory 1 and MUT 1241L Aural Skills 1 ( <b>Critical Tracking</b> ) <sup>2</sup>		3
MVK 1111	Secondary Piano 1 ( <b>Critical Tracking</b> ; keyboard emphasis exempt)	1
MV_ 141_	Performance Principal ( <b>Critical Tracking</b> )	2

Science laboratory (Gen Ed Physical or Biological Sciences)	1
Electives	5
<b>Credits</b>	<b>15</b>
<b>Semester Eight</b>	
MUH or MUL course (3000/4000 level; <b>Critical Tracking</b> )	3
MUS 4905 Projects and Problems in Music ( <b>Critical Tracking</b> )	3
Electives	7
<b>Credits</b>	<b>13</b>
<b>Total Credits</b>	<b>120</b>

<sup>1</sup> Keyboard emphasis must take MVK 3702.

<sup>2</sup> Students who place into MUT 1001 take MUT 1111 and MUT 1241L in the spring, followed by MUT 1112 and MUT 1242L in the summer.

<sup>3</sup> Students can either complete MUH 2501 or any MUH 3000/4000 level course.

<sup>4</sup> Bachelor of Arts degrees require 2 courses in physical sciences and 2 courses in biological sciences.

*For the B.A. in with concentration in history and literature with emphasis in ethnomusicology, students must complete at least 33 major and elective credits at the 3000/4000 levels.*

## Academic Learning Compact

The Bachelor of Arts in music provides a liberal arts education with an emphasis in ethnomusicology, music history and literature, music theory and composition, or performance. Studies in music theory, applied performance, music literature, music history and piano, provide knowledge of the structure and expression of music within the historical context of musical genres. Students will also be able to apply their knowledge through singing or performing a musical instrument and they will be able to apply critical thinking skills when hearing musical sounds.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Perform at a pre-professional level on an instrument or voice.

#### Critical Thinking

2. Utilize theoretical analysis of music.

#### Communication

3. Write about music within different historical and cultural contexts.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUT 1111 and MUT 1241L with minimum grades of C
- Complete MVK 1111 with a minimum grade of C (keyboard emphasis students exempt)
- Complete MUC 1211 with a minimum grade of C (theory majors should take a one-credit MUT elective)
- Complete 2 credits of (MV\_ 141\_) Performance Principal with a minimum grade of C
- 2.0 UF GPA required

## Semester 2

- Complete MUC 1212 with a minimum grade of C (theory majors should take an additional one-credit MUT elective)
- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S

- Complete MUS 1360 and MUT 1112 and MUT 1242L with minimum grades of C
- Complete MVK 1112 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 141\_) Performance Principal with minimum grade of C
- 2.0 UF GPA required

Semester 3

- Complete MUC 2101 with a minimum grade of C (theory majors should take an additional one-credit MUT elective)
- Complete MUS 1010 with a grade of S
- Complete MUT 2116 and MUT 2246L with minimum grades of C
- Complete MVK 2221 with a minimum grade of C (keyboard emphasis students exempt)
- 2.0 UF GPA required

Semester 4

- Complete MUC 2102 with a minimum grade of C (theory majors should take an additional one-credit MUT elective)
- Complete MUT 2117 and MUT 2247L with minimum grades of C
- Complete MVK 2222 with a minimum grade of C (keyboard emphasis students exempt)
- Comprehensive Musicianship Jury
- 2.0 UF GPA required

Semester 5

- Complete MUC/MUT 3000/4000, MUH 3211, and MUG 4104 with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

Semester 6

- Complete MUC/MUT 3000/4000 and MUH 3212 with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

Semester 7

- Complete MUC/MUT 3000/4000 with a minimum grade of C
- 2.0 UF GPA required

Semester 8

- Complete MUS 4905 with a minimum grade of C
- 2.0 UF GPA required

- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor
- Music | Bachelor of Arts
- Music | Bachelor of Music

Music programs are available in music in combination with an outside field, music composition, music theory, music performance: instrumental (brass, keyboard, percussion, strings, winds) and music performance: vocal. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

## Academic Learning Compact

The Bachelor of Music enables students to enter a professional career in music, to teach music privately and to achieve proficiency in a performance area such as composition, instrumental or voice. With study in theory, music literature, music history, piano and applied instruction, students learn the structure and expression of music and the historical context of musical genres. Through applied study, students develop advanced skills and can apply this knowledge through singing, performing on a musical instrument or composing a musical work and they can apply advanced critical thinking skills when hearing musical sounds.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUC 1211, MUT 1111, and MUT 1241L with minimum grades of C
- Complete MUN 1000 with a minimum grade of C (piano emphasis must take MVK 3702)
- Complete MUS 1010 with a grade of S
- Complete MVK 1111 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 141\_) Performance Principal with a minimum grade of C
- Voice emphasis only must complete MUS 2211 and MUS 2241
- 2.0 UF GPA required

## Semester 2

- Complete MUC 1212, MUS 1360, MUT 1112, and MUT 1242L with minimum grades of C
- Complete MUN 1000 with a minimum grade of C (piano emphasis must take MVK 3702)
- Complete MUS 1010 with a grade of S
- Complete MVK 1112 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 141\_) Performance Principal with minimum grade of C
- Voice emphasis only must complete MUS 2221 and MUS 2231
- 2.0 UF GPA required

## Semester 3

- Complete MUC 2101, MUT 2116, MUT 2246L, and MUN 1000 with minimum grades of C
- Complete MVK 2221 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 242\_) Performance Principal with a minimum grade of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 4

- Complete MUC 2102, MUT 2117, MUT 2247L, and MUN 1000 with minimum grades of C
- Complete MUS 1010 with a grade of S
- Complete MVK 2222 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- 2000-level Performance Jury
- 2.0 UF GPA required

## Semester 5

- Complete MUH 3211, MUT 3611, MUN Ensemble (3000 level), MUT 4401, MUC 4313, MUC 3231, MV\_ 343\_ with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 6

- Complete MUH 3212, MUT 3612, MUT 4402, MUC 3232, MV\_ 343\_, MV\_ 3970, MUN 3000 Level Ensemble with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 7

- Complete MUG 4104, MUC 4241, MUT 3321, MUN 3000 Level Ensemble with minimum grades of C
- 2.0 UF GPA required

## Semester 8

- Complete MUN 3000 Level Ensemble, MUT 4601, Senior Composition Project, Senior Composition Recital with minimum grades of C
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
MUC 1211	Composition Skills 1 ( <b>Critical Tracking</b> )	1
MUN Ensemble ( <b>Critical Tracking</b> ; 1000 level) <sup>1</sup>		1
MUS 1010	Recital Attendance ( <b>Critical Tracking</b> )	0
MUT 1111 Music Theory 1 and MUT 1241L Aural Skills ( <b>Critical Tracking</b> ) <sup>2</sup>		3
MVK 1111	Secondary Piano 1 ( <b>Critical Tracking</b> ; keyboard emphasis exempt)	1
MV_ 141_	Performance Principal ( <b>Critical Tracking</b> )	2
Gen Ed Composition; Writing Requirement		3
	<b>Credits</b>	<b>14</b>
<b>Semester Two</b>		
MUC 1212	Composition Skills 2 ( <b>Critical Tracking</b> )	1
MUN Ensemble ( <b>Critical Tracking</b> ; 1000 level) <sup>1</sup>		1
MUS 1010	Recital Attendance ( <b>Critical Tracking</b> )	0
MUS 1360	Digital Musicianship and Production ( <b>Critical Tracking</b> )	3
MUT 1112 Music Theory 2 and MUT 1242L Aural Skills 2 ( <b>Critical Tracking</b> ) <sup>2</sup>		3
MVK 1112	Secondary Piano 2 ( <b>Critical Tracking</b> ; keyboard emphasis exempt)	1
MV_ 141_	Performance Principal ( <b>Critical Tracking</b> )	2
State Core Gen Ed Composition (p. 67)		3
Gen Ed Mathematics		3
	<b>Credits</b>	<b>17</b>
<b>Semester Three</b>		
Quest 2 (Gen Ed Biological or Physical Sciences)		3
MUC 2101	Composition Skills 3 ( <b>Critical Tracking</b> )	1
MUN Ensemble ( <b>Critical Tracking</b> ; 1000 level)		1
MUS 1010	Recital Attendance ( <b>Critical Tracking</b> )	0
MUT 2116 & MUT 2246L	Music Theory 3 and Aural Skills 3 ( <b>Critical Tracking</b> )	3
MVK 2221	Secondary Piano 3 ( <b>Critical Tracking</b> ; keyboard emphasis exempt)	1
MV_ 242_	Performance Principal ( <b>Critical Tracking</b> )	2
State Core Gen Ed Mathematics (p. 67)		3
	<b>Credits</b>	<b>14</b>
<b>Semester Four</b>		
MUC 2102	Composition Skills 4 ( <b>Critical Tracking</b> )	1
MUN Ensemble ( <b>Critical Tracking</b> ; 1000 level)		1
MUS 1010	Recital Attendance ( <b>Critical Tracking</b> )	0
MUT 2117 & MUT 2247L	Music Theory 4 and Aural Skills 4 ( <b>Critical Tracking</b> )	3

MVK 2222	Secondary Piano 4 ( <b>Critical Tracking</b> ; keyboard emphasis exempt)	1
MV_ 242_	Performance Principal ( <b>Critical Tracking</b> )	2
MUH elective <sup>3</sup>		3
Gen Ed Social and Behavioral Sciences <sup>3</sup>		3
<b>Credits</b>		<b>14</b>
<b>Semester Five</b>		
MUC 3231	Composition 1 ( <b>Critical Tracking</b> )	3
MUC 4313	Introduction to Electroacoustic Music ( <b>Critical Tracking</b> )	3
MUH 3211	Music History Survey 1 ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	3
MUN Ensemble ( <b>Critical Tracking</b> ; 3000 level)		1
MUS 1010	Recital Attendance ( <b>Critical Tracking</b> )	0
MUT 3321	Arranging for Voices and Instruments	3
Select one:		3
MUT 3611	Form and Analysis 1 ( <b>Critical Tracking</b> ; odd years only)	
MUT 4401	Counterpoint 1 ( <b>Critical Tracking</b> ; even years only)	
MV_ 343_	Performance Principal ( <b>Critical Tracking</b> )	2
<b>Credits</b>		<b>18</b>
<b>Semester Six</b>		
MUC 3232	Composition 2 ( <b>Critical Tracking</b> )	3
MUH 3212	Music History Survey 2 ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	3
MUN Ensemble ( <b>Critical Tracking</b> ; 3000 level)		1
MUS 1010	Recital Attendance ( <b>Critical Tracking</b> )	0
MUT 3322	Scoring for Band and Orchestra	3
Select one:		3
MUT 3612	Form and Analysis 2 ( <b>Critical Tracking</b> ; even years only)	
MUT 4402	Counterpoint 2 ( <b>Critical Tracking</b> ; odd years only)	
MV_ 343_	Performance Principal ( <b>Critical Tracking</b> )	2
MV_ 3970	Junior Recital ( <b>Critical Tracking</b> )	1
<b>Credits</b>		<b>16</b>
<b>Semester Seven</b>		
MUC 4241	Composition 3 ( <b>Critical Tracking</b> )	3
MUG 4104	Conducting 1 ( <b>Critical Tracking</b> )	2
MUN Ensemble ( <b>Critical Tracking</b> ; 3000 level)		1
Select one:		3
MUT 3611	Form and Analysis 1 ( <b>Critical Tracking</b> ; odd years only)	
MUT 4401	Counterpoint 1 ( <b>Critical Tracking</b> ; even years only)	
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Eight</b>		
Students whose Semester Six falls in an odd year must take MUT 3322 during Semester Eight.		
Select one:		3
MUT 3612	Form and Analysis 2 ( <b>Critical Tracking</b> ; even years only)	
MUT 4402	Counterpoint 2 ( <b>Critical Tracking</b> ; odd years only)	
Senior composition project ( <b>Critical Tracking</b> )		2
Senior composition recital ( <b>Critical Tracking</b> )		1
State Core Gen Ed Biological or Physical Sciences (p. 67)		3
State Core Gen Ed Humanities (p. 67) <sup>4</sup>		3
<b>Credits</b>		<b>12</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> Piano emphasis must take MVK 3702.

<sup>2</sup> Students who place into MUT 1001 take MUT 1111 and MUT 1241L in the spring, followed by MUT 1112 and MUT 1242L in the summer.

<sup>3</sup> Students can either complete MUH 2501 or any MUH 3000/4000 level course.

<sup>4</sup> Gen Ed Social and Behavioral Sciences or State Core Humanities course should also include a Gen Ed Diversity component.

*For the B.Mus. in music composition, students must complete at least 54 major and elective credits at the 3000/4000 levels.*

## Academic Learning Compact

The Bachelor of Music enables students to enter a professional career in music, to teach music privately and to achieve proficiency in a performance area such as composition, instrumental or voice. With study in theory, music literature, music history, piano and applied instruction, students learn the structure and expression of music and the historical context of musical genres. Through applied study, students develop advanced skills and can apply this knowledge through singing, performing on a musical instrument or composing a musical work and they can apply advanced critical thinking skills when hearing musical sounds.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Perform at a pre-professional level on an instrument or voice.

#### Critical Thinking

2. Utilize theoretical analysis of music.

#### Communication

3. Write about music within different historical and cultural contexts.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3
MV_ 141_	I		
MV_ 242_	R		
MUH 3211			I
MUH 3212			R
MUT 1111		I	
MUT 1112		R	
MUT 2116		R	
MUT 2117		A	
MUH 3213			A
2000-Level Performance & Comprehensive Musicianship Juries	A		

## Assessment Types

- Rubric from the pre-professional jury.
- Final exams.

## Music in Combination with an Outside Field

The Bachelor of Music curriculum is intended for students who plan to enter professional music careers, graduate study in music, or private studio teaching.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Music
- **Credits for Degree:** 120
- **Specializations:** Music in Combination with an Outside Field (p. 470) | Music Composition (p. 466) | Performance: Instrumental (p. 479) | Performance: Vocal (p. 483) | Music Theory (p. 474)

*To graduate with this major, students must complete all university, college, and major requirements.*

### Curriculum

- Combination Degrees
- Jazz Studies Minor
- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor
- Music | Bachelor of Arts
- Music | Bachelor of Music

Music programs are available in music in combination with an outside field, music composition, music theory, music performance: instrumental (brass, keyboard, percussion, strings, winds) and music performance: vocal. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUT 1111 and MUT 1241L with minimum grades of C
- Complete MUT 1121 with a minimum grade of C
- Complete MVK 1111 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 141\_) Performance Principal with a minimum grade of C
- Voice emphasis only must complete MUS 2211 and MUS 2241
- 2.0 UF GPA required

## Semester 2

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis must take MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUS 1360, MUT 1112, and MUT 1242L with minimum grades of C
- Complete MVK 1112 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 141\_) Performance Principal with minimum grade of C
- Voice emphasis only must complete MUS 2221 and MUS 2231
- 2.0 UF GPA required

## Semester 3

- Complete MUS 1010 with a grade of S
- Complete MUT 2116, MUT 2246L, and MUN 1000 with minimum grades of C

- Complete MVK 2221 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 242\_) Performance Principal with a minimum grade of C
- 2.0 UF GPA required

## Semester 4

- Complete MUS 1010 with a grade of S
- Complete MUH 3211, MUT 2117, MUT 2247L, and MUN 1000 with minimum grades of C
- Complete MVK 2222 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- 2000-level Performance Jury
- 2.0 UF GPA required

## Semester 5

- Complete MUH 3212, MUN Ensemble (3000 level), MUG 4104, MV\_ 343\_ with minimum grades of C or better
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 6

- Complete MV\_ 343\_, MV\_ 3970, MUN 3000 Level Ensemble with minimum grades of C or better
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

## Semester 7

- 2.0 UF GPA required

## Semester 8

- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

State Core Gen Ed Humanities (p. 67) <sup>3</sup>	3
<b>Credits</b>	<b>17</b>

**Semester Seven**

MUC 4313 Introduction to Electroacoustic Music ( <b>Critical Tracking</b> )	3
MUG 4104 Conducting 1 ( <b>Critical Tracking</b> )	2
Select one:	3
MUT 3611 Form and Analysis 1 ( <b>Critical Tracking</b> ; even years only)	
MUT 4401 Counterpoint 1 ( <b>Critical Tracking</b> ; odd years only)	
MUH elective <sup>5</sup>	3
Gen Ed Social and Behavioral Sciences	3
Elective	2
<b>Credits</b>	<b>16</b>

**Semester Eight**

Students whose Semester Six falls in an odd year must take MUT 3322 during Semester Eight.	
MUN Ensemble ( <b>Critical Tracking</b> ; 3000 level)	1
MUS 4905 Projects and Problems in Music ( <b>Critical Tracking</b> )	3
Select one:	3
MUT 3612 Form and Analysis 2 ( <b>Critical Tracking</b> ; odd years only)	
MUT 4402 Counterpoint 2 ( <b>Critical Tracking</b> ; even years only)	

Electives		7
	Credits	14
	Total Credits	120

- <sup>1</sup> Piano emphasis must take MVK 3702.
- <sup>2</sup> Students who place into MUT 1001 take MUT 1111 and MUT 1241L in the spring, followed by MUT 1112 and MUT 1242L in the summer.
- <sup>3</sup> Gen Ed Social and Behavioral Sciences OR State Core Humanities course should also include a Gen Ed Diversity component.
- <sup>4</sup> Students can either complete MUH 2501 or any MUH 3000/4000 level course.
- <sup>5</sup> Students can either complete MUH 2501 OR any MUH 3000/4000 level course.

*For the B.Mus. in music theory, students must complete at least 54 major and elective credits at the 3000/4000 levels.*

## Academic Learning Compact

The Bachelor of Music enables students to enter a professional career in music, to teach music privately and to achieve proficiency in a performance area such as composition, instrumental or voice. With study in theory, music literature, music history, piano and applied instruction, students learn the structure and expression of music and the historical context of musical genres. Through applied study, students develop advanced skills and can apply this knowledge through singing, performing on a musical instrument or composing a musical work and they can apply advanced critical thinking skills when hearing musical sounds.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a student portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Perform at a pre-professional level on an instrument or voice.

#### Critical Thinking

2. Utilize theoretical analysis of music.

#### Communication

3. Write about music within different historical and cultural contexts.

## Curriculum Map

#### Curriculum

- Combination Degrees
- Jazz Studies Minor
- Music Education
- Music History | Ethnomusicology Minor
- Music in Medicine Certificate
- Music Performance Certificate
- Music Performance Minor
- Music Theory Minor
- Music | Bachelor of Arts
- Music | Bachelor of Music

Music programs are available in music in combination with an outside field, music composition, music theory, music performance: instrumental (brass, keyboard, percussion, strings, winds) and music performance: vocal. The University of Florida is accredited by NASM and the Southern Association of Colleges and Schools (SACS).

## Performance | Instrumental

Brass, Keyboard, Percussion, Strings, Winds

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

### Semester 1

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis only students must complete MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUT 1111 and MUT 1241L with minimum grades of C
- Complete MVK 1111 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 credits of (MV\_ 242\_) Performance Principal with a minimum grade of C
- 2.0 UF GPA required

Semester 2

- Complete MUN 1000 with a minimum grade of C (keyboard emphasis only students must complete MVK 3702 instead)
- Complete MUS 1010 with a grade of S
- Complete MUS 1360 and MUT 1112 and MUT 1242L with minimum grades of C
- Complete MVK 1112 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- 2.0 UF GPA required

Semester 3

- Complete MUS 1010 with a grade of S
- Complete MUT 2116 and MUT 1241L and MUN 1000 with minimum grades of C
- Complete MVK 2221 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- 2.0 UF GPA required

Semester 4

- Complete MUS 1010 with a grade of S
- Complete MUT 2117 and MUT 2247L and MUN 1000 with minimum grades of C
- Complete MVK 2222 with a minimum grade of C (keyboard emphasis students exempt)
- Complete 2 additional credits of (MV\_ 242\_) Performance Principal with minimum grade of C
- 2000-level Performance Jury
- Comprehensive Musicianship Jury
- 2.0 UF GPA required

Semester 5

- Complete MUH 3211, MUN Ensemble (3000 level), MUT 3611, MUT 4401 or MUT 4402, MV\_343\_ with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

Semester 6

- Complete MUH 3212, MV\_343\_, MV\_ 3970, MUN 3000 Level Ensemble with minimum grades of C
- Complete MUS 1010 with a grade of S
- 2.0 UF GPA required

Semester 7

- Complete MUG 4104, MUL 444\_, MUN 3000 Level Ensemble, MUT 3321, MV\_444\_ with minimum grades of C
- 2.0 UF GPA required

Semester 8

- Complete MUN 3000 Level Ensemble, MV\_ 4971, MV\_ 4640, MV\_ 444\_ with minimum grades of C
- 2.0 UF GPA required

Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
MUN Ensemble ( <b>Critical Tracking</b> ; 1000 level) <sup>1</sup>		1

## Theatre

The Bachelor of Arts in Theatre is designed for students who want a liberal arts education with an emphasis in theatre. In addition to a broad liberal arts background, the BA provides the creative experiences of studio and performance work. Students are expected not only to master critical thinking about performance through courses such as theatre history, playwriting, and dramaturgy, but also to audition for productions or involve themselves in the creation of theatrical experiences on many levels.

The Bachelor of Arts provides broad career opportunities in several fields and an opportunity to minor in other subject areas. Examples of possible minors are English, business, or communications.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Arts
- **Specializations:** General (p. 488) | Stage Management (p. 492) | Theatre Management (p. 497)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

The School of Theatre + Dance provides an intimate setting where students, faculty, and staff interact in constant and close collaboration. Curricular programs are suited to a range of student interests and talents, from the liberal arts BA degree to the competitive BFA and MFA professional training degrees.

## Related Programs

- Applied Theatre for Health Certificate

The Bachelor of Arts degree program in theatre prepares graduates to pursue additional academic degrees or enter professional theatre, teaching, or allied fields such as communication or public relations. If they choose to pursue advanced degrees, BA graduates traditionally enter MA, JD, or PhD programs. Regardless of degree or career expectations, students complete a core of foundation courses in theatre and dance in addition to general education courses required by the College of the Arts, the university, and the state of Florida.

## Academic Learning Compact

The Bachelor of Arts in general theatre provides a liberal arts education with an emphasis in theatre that includes creative experiences in studio and performance. Students can combine the degree with a minor in another subject area to enhance their opportunities for graduate work or entry to professional theatre, teaching or allied fields such as communication and public relations.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a senior project.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to Student Learning Outcomes (SLOs)

### Content

1. Recall primary examples of the history, literature, structure, and theory of theatre.

### Critical Thinking

2. Apply problem-solving strategies to artistic processes.

### Communication

3. Communicate in advanced written and oral form on both analytical and artistic levels.

## General

The Bachelor of Arts in Theatre is designed for students who want a liberal arts education with an emphasis in theatre. In addition to a broad liberal arts background, the BA provides the creative experiences of studio and performance work. Students are expected not only to master critical thinking about performance through courses such as theatre history, playwriting, and dramaturgy, but also to audition for productions or involve themselves in the creation of theatrical experiences on many levels.

The Bachelor of Arts provides broad career opportunities in several fields and an opportunity to minor in other subject areas. Examples of possible minors are English, business, or communications.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Arts

- **Specializations:** General (p. 488) | Stage Management (p. 492) | Theatre Management (p. 497)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

The School of Theatre + Dance provides an intimate setting where students, faculty, and staff interact in constant and close collaboration. Curricular programs are suited to a range of student interests and talents, from the liberal arts BA degree to the competitive BFA and MFA professional training degrees.

## Related Programs

- Applied Theatre for Health Certificate

The Bachelor of Arts degree program in Theatre prepares graduates to pursue additional academic degrees or enter professional theatre, teaching, or allied fields such as communication or public relations. If they choose to pursue advanced degrees, BA graduates traditionally enter MA, JD, or PhD programs. Regardless of degree or career expectations, students complete a core of foundation courses in theatre and dance in addition to general education courses required by the College of the Arts, the university, and the state of Florida.

A minimum of 120 semester credits is required to complete the BA General Theatre degree. An outside elective is any course taken outside of the major. Unless an approved minor is included, 18 credits of electives must be chosen from 3000/4000-level courses outside of the School of Theatre and Dance. Transfer students with AA degrees must complete additional courses in the basic distribution, which includes general education requirements. Students must earn minimum grades of C in each of these courses and they may not be taken S/U.

Students must take 10 credits of foreign language or show a minimum proficiency in a single foreign language by taking a placement test. If the proficiency is met, it does not reduce the number of credits required for the degree. Foreign language may be taken S/U or for a letter grade, and the minimum grade is C; no credit is given through CLEP examinations.

All students pursuing the BA degree must consult the department advisor and get approval before attempting the elective portion of this program.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 7 critical-tracking courses with minimum grades of C: THE 2000, TPA 1012, TPA 4601 or TPA 3504, THE 4481, TPP 2110, TPP 3103, TPP 3650
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 4

- Complete 1 additional critical-tracking course with a minimum grade of C
- 2.0 UF GPA required

## Semester 5

- Complete 1 of 5 upper division critical-tracking courses with minimum grade of C: THE 4110, THE 4111, THE 4970, Content Creation elective, Theatre Studies elective
- 2.0 UF GPA required

## Semester 6

- Complete 1 additional upper division critical-tracking course with a minimum grade of C
- 2.0 UF GPA required

## Semester 7

- Complete 1 additional upper division critical-tracking course with a minimum grade of C
- 2.0 UF GPA required

## Semester 8

- Complete all remaining upper-division tracking courses with minimum grades of C
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

## Academic Learning Compact

The Bachelor of Arts in general theatre provides a liberal arts education with an emphasis in theatre that includes creative experiences in studio and performance. Students can combine the degree with a minor in another subject area to enhance their opportunities for graduate work or entry to professional theatre, teaching or allied fields such as communication and public relations.

## Before Graduating Students Must

- Satisfactory faculty evaluation of a senior project.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Recall primary examples of the history, literature, structure, and theory of theatre.

#### Critical Thinking

2. Apply problem-solving strategies to artistic processes.

#### Communication

3. Communicate in advanced written and oral form on both analytical and artistic levels.

- Bachelor of Fine Arts in Theatre Performance (p. 502)

## Theatre Performance

The curricula are reflective of a 21st century approach to Theatre Performance. They are inclusive of specialized skills, practical courses, and scholarly work in preparation for the profession. The specializations prepare students by providing a well-rounded education in performance that requires students to learn a variety of techniques as well as examine the art and professional practices through multiple lenses. Along with unified learning outcomes, the specializations offer flexibility in areas of study that aligns with students' interest and learning goals.

## Overview

Placement in the BFA Theatre program is determined by audition or portfolio interview. There are two specialization areas in the program: Acting, and Musical Theatre. Students enrolled in Theatre Performance: acting or musical theatre will proceed through studio coursework by demonstrated proficiency.

Transfer students entering the musical theatre program may be required to take a placement exam by the School of Music for placement in music courses. If a student has earned college credit with a minimum grade of C for music courses taken at another SUS institution with course prefixes and the last three digits matching a UF music course, this is usually granted as transfer credit when evaluated by the music faculty.

All theatre majors should consult the academic advisor as early as possible.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 8 critical-tracking courses with minimum grade of C: TPA 1012, TPP 2110, TPP 2282, TPP 3103, TPP 3113, TPP 3283, TPP 4114, TPP 4287, TPP 3251, TPP 4140, TPP 4288, TPP 4221
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course with a minimum grade of C
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses with a minimum grade of C
- 2.0 UF GPA required

## Semester 4

- Complete 3 additional critical-tracking courses with a minimum grade of C
- 2.0 UF GPA required

## Semester 5

- Complete 2 of 4 upper division critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 6

- Complete 1 additional upper division critical-tracking course with minimum grades of C
- 2.0 UF GPA required

## Semester 7

- Complete 1 additional upper division critical-tracking course with minimum grades of C
- 2.0 UF GPA required

## Semester 8

- Complete all remaining upper division critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

## Academic Learning Compact

The Bachelor of Fine Arts in acting develops the highest possible level of performance as an actor. Students develop advanced theatrical movement and vocal skills, including stage combat, voice, makeup, movement and period styles. They learn to perform through workshop and mainstage productions in formal and informal settings. Students also develop a repertory and techniques for auditions.

## Before Graduating Students Must

- Satisfactory presentation and faculty evaluation of a jury and a senior project.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Explain specific acting techniques.

### Critical Thinking

2. Analyze and apply effective acting technique strategies.
3. Create strategic audition material packages for professional auditions.

### Communication

4. Construct a personal process for character creation and actualization.
5. Explain complex facets of theatre performance and production.

### Academic Learning Compact

The School of Theatre and Dance and the School of Music prepare Bachelor of Fine Arts graduates as performers and pioneers of musical theatre. The BFA fuses acting, singing and dancing into a single mode of expression to compete in a challenging job market. A commitment to diversity and risk-taking provides an environment that challenges, inspires and stimulates individual creativity in musical theatre artists for the 21st century.

## Before Graduating Students Must

- Satisfactory presentation and faculty evaluation of a jury and a senior project.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Analyze and interpret primary examples of musical theatre styles and history.
2. Prepare and create musical theatre performances.
3. Analyze and apply effective musical performance strategies.

#### Critical Thinking

4. Create strategic song portfolios representative of varied styles for professional auditions.

#### Communication

5. Construct a personal process of character creation and actualization through libretto and musical score analysis.

## Theatre Production

The BFA in Theatre Production prepares students to work professionally or enter graduate education across multiple fields in entertainment design and production.

## About this Program

- **College:** Arts (p. 367)
- **Degree:** Bachelor of Fine Arts
- **Specializations:** Costume (p. 513) | Digital Media (p. 517) | Lighting (p. 521) | Scenery (p. 525) | Sound (p. 529)
- **Credits for Degree:** 124
- **Contact:** Email (kaustin@ufl.edu)

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

The School of Theatre + Dance provides an intimate setting where students, faculty, and staff interact in constant and close collaboration. Curricular programs are suited to a range of student interests and talents, from the liberal arts BA degree to the competitive BFA and MFA professional training degrees.

### Curriculum

- Dance Minor
- Dance | Bachelor of Arts
- Dance | Bachelor of Fine Arts
- Theatre
- Theatre Minor
- Theatre Performance
- Theatre Production
- Theatre Production Minor

## Related Programs

- Applied Theatre for Health Certificate

The BFA Theatre Production program has 5 specialization areas: costume, lighting, scenery, sound, and digital media.

Students enrolled in Theatre Production will complete coursework in all five areas. Selected independent studies, advanced electives, and production assignments in THE 4950 focus on the specialization.

Today's theatre design and production depends heavily on complex electronic mechanical systems used in professional theatres, film, and television. Students must pass a portfolio review for admission to any production program. For more information consult the department handbook or the academic advisor.

All theatre majors should consult the academic advisor as early as possible.

## Academic Learning Compact

The Bachelor of Fine Arts in theatre production meets the diverse aesthetic and technological demands of contemporary society. Today's theatre design and production depend heavily on the complex electronic and mechanical systems used in professional theatres. This curriculum provides academic instructing and professional training in costume design and technology, scenic design and lighting design. The program provides a laboratory environment where students can apply the skills learned in classroom exercises and theories.

## Before Graduating Students Must

- Present a senior project and review their portfolio with representatives from the appropriate faculty. They must pass the senior project and portfolio review with a satisfactory rating.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply principles of two and three-dimensional design aesthetics to costume, lighting or scene design for live performance as a method of bringing text, choreographic work or public exposition to the stage.

#### Critical Thinking

2. Organize, develop and participate in the art, craft and process of moving the script onto the stage by organizing, developing and participating in a creative process resulting in a live performance that incorporates successful application of design and technological principles.

#### Communication

3. Use effective communication and collaboration skills throughout the creative process.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 3 of 18 critical-tracking courses with minimum grades of C: THE 2000, TPA 4946, THE 4950 twice, DAN 2100, TPA 2074, TPA 1012, TPA 2120C, TPA 3238, TPA 4049 TPA 4066, TPA 4239, TPP 2110 or DAN 2390, TPP 3650, THE 3234 or THE 3231, THE 4110, THE 4111, THE 4959.
- 2.0 UF GPA required

## Semester 2

- Complete 3 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 3

- Complete 4 additional critical-tracking course with a minimum grade of C
- 2.0 UF GPA required

## Semester 4

- Complete any additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 5

- Complete 3 of 5 upper division critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 6

- Complete 1 additional upper division critical-tracking course with a minimum grade of C
- 2.0 UF GPA required

## Semester 7

- 2.0 UF GPA required

## Semester 8

- Complete all remaining upper division critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
THE 2000	Theatre Appreciation ( <b>Critical Tracking</b> ; State Core Gen Ed Humanities and Diversity)	3
TPA 1012	Introduction to Live Entertainment Design and Production ( <b>Critical Tracking</b> )	3
TPA 2120C	Beginning Makeup ( <b>Critical Tracking</b> )	1
State Core Gen Ed Composition (p. 67)		3
Gen Ed Mathematics		3
<b>Credits</b>		<b>16</b>
<b>Semester Two</b>

<b>Credits</b>		<b>15-16</b>
<b>Semester Four</b>		
TPA 4946	Production Practicum	1
Select one <b>Critical Tracking</b> course:		3
THE 3234	Diversity and Multiculturalism in American Theatre (Gen Ed Humanities and International)	
THE 3231	African American Theatre History and Practice	
TPA 4049	Costume Design ( <b>Critical Tracking</b> )	3
TPA 4239	Costume Technology II ( <b>Critical Tracking</b> )	3
State Core Gen Ed Physical and Biological Sciences		3
Elective		3
<b>Credits</b>		<b>16</b>

**Semester Five**

THE 4110	History of Theatre on Stage 1 ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	3
TPA 3227C	Practical Stage Lighting	4
TPA 4066	Scene Design ( <b>Critical Tracking</b> )	3
TPA 4946	Production Practicum ( <b>Critical Tracking</b> )	1
Elective		3
<b>Credits</b>		<b>14</b>

**Semester Six**

THE 4111	History of Theatre on Stage 2 ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	3
TPA 4946	Production Practicum	1
TPP 3311	Directing	3
Gen Ed Physical or Biological Sciences OR Gen Ed Social and Behavioral Sciences <sup>1</sup>		3
Elective		2
<b>Credits</b>		<b>12</b>

**Summer After Semester Six**

THE 4945	Summer Repertory Theatre	6
<b>Credits</b>		<b>6</b>

**Semester Seven**

TPA 3174	Digital Production for Performance	3
TPA 3263	Introduction to Sound Design and Technology	3
THE 4281	Cognizant Design Theory	3
Electives		6
<b>Credits</b>		<b>15</b>

**Semester Eight**

THE 4959	Senior Project ( <b>Critical Tracking</b> )	2
State Core Gen Ed Social and Behavioral Science		3
Electives <sup>2</sup>		8
<b>Credits</b>		<b>13</b>
<b>Total Credits</b>		<b>124</b>

<sup>1</sup> General Education course must be requirement not fulfilled by the Quest 2 course.

<sup>2</sup> Students who take TPP 2110 complete 8 credits of electives in Semester 8; students who take DAN 2390 complete 7 credits of electives in Semester 8.

For the B.F.A. in production, students must complete at least 59 credits at the 3000/4000 levels.

*Complete 15 credits of theatre courses by end of the junior year and maintain a 2.0 GPA.*

**Academic Learning Compact**

The Bachelor of Fine Arts in theatre production meets the diverse aesthetic and technological demands of contemporary society. Today's theatre design and production depend heavily on the complex electronic and mechanical systems used in professional theatres. This curriculum provides academic instructing and professional training in costume design and technology, scenic design and lighting design. The program provides a laboratory environment where students can apply the skills learned in classroom exercises and theories.

**Before Graduating Students Must**

- Present a senior project and review their portfolio with representatives from the appropriate faculty. They must pass the senior project and portfolio review with a satisfactory rating.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major will Learn to****Student Learning Outcomes (SLOs)****Content**

1. Apply principles of two and three-dimensional design aesthetics to costume, lighting or scene design for live performance as a method of bringing text, choreographic work or public exposition to the stage.

**Critical Thinking**

2. Organize, develop and participate in the art, craft and process of moving the script onto the stage by organizing, developing and participating in a creative process resulting in a live performance that incorporates successful application of design and technological principles.

**Communication**

3. Use effective communication and collaboration skills throughout the creative process.

- Dance | Bachelor of Arts
- Dance | Bachelor of Fine Arts
- Theatre
- Theatre Minor
- Theatre Performance
- Theatre Production
- Theatre Production Minor

## Related Programs

- Applied Theatre for Health Certificate

The BFA Theatre Production program has 5 specialization areas: costume, lighting, scenery, sound, and digital media.

Students enrolled in Theatre Production will complete coursework in all five areas. Selected independent studies, advanced electives, and production assignments in THE 4950 focus on the specialization.

Today's theatre design and production depends heavily on complex electronic mechanical systems used in professional theatres, film, and television. Students must pass a portfolio review for admission to any production program. For more information consult the department handbook or the academic advisor.

All theatre majors should consult the academic advisor as early as possible.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 4 of 19 critical-tracking courses with minimum grades of C: THE 2000, THE 4950 twice, TPA 1012, TPA 2074, TPA 2075, TPA 2202C, TPA 3208, TPA 4066, TPA 4076, TPA 4049, TPA 4206, TPA 3174, TPP 2110 or DAN 2390, TPP 3650, THE 3234 or THE 3231, THE 4110, THE 4111 THE 4959
- 2.0 UF GPA required

## Semester 2

- Complete 3 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 3

- Complete 3 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 4

- Complete 2 additional critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 5

- Complete 3 of 6 upper division critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 6

- Complete 2 additional upper division critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

## Semester 7

- 2.0 UF GPA required

## Semester 8

- Complete all remaining upper division critical-tracking courses with minimum grades of C
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

# Visual Arts in Medicine Certificate

The certificate focuses on the use of the visual arts to enhance individual and community health and healthcare environments. Students will learn theory and practice in the field of arts in health and will develop skills for applying the visual arts to health and well-being in healthcare and community settings.

## About this Program

- **College:** Arts (p. 367)
- **Credits:** 14
- More Info (<http://www.arts.ufl.edu/CAHRE/>)
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Center Information

The University of Florida Center for the Arts in Medicine is committed to advancing research, education, and practice in arts in medicine, locally and globally. Through ongoing interdisciplinary research, training programs, and dynamic academic programs the Center advances its mission to further the field of arts in health.

**Website** (<https://arts.ufl.edu/academics/center-for-arts-in-medicine/>)

## Curriculum

- Applied Theatre for Health Certificate
- Dance in Medicine Certificate
- Music in Medicine Certificate
- Visual Arts in Medicine Certificate

*The Center for Arts in Medicine's certificate in visual arts in medicine is open to all students and accepts applications November 1 through April 30.*

## Application Procedures

Students interested in obtaining this certificate should apply to the program (<http://www.admissions.ufl.edu/start.html>) by their sophomore year. Students from any major may apply to the program, but must complete at least 50% of certificate requirements after they have been accepted into the program.

The application process includes:

- Completion of the [online application](http://www.admissions.ufl.edu/apply/more/) (<http://www.admissions.ufl.edu/apply/more/>) (students should email ([camundergrad@ufl.edu](mailto:camundergrad@ufl.edu)) when they submit the application)
- Submission of a one-page personal statement (students should email ([camundergrad@arts.ufl.edu](mailto:camundergrad@arts.ufl.edu)) their submission)

## Requirements

To qualify for the certificate, students must attain a 3.0 average in all courses included in the certificate curriculum within six months of graduation.

## Required Courses

Code	Title	Credits
ARE 2045	Introduction to Teaching Art	3

### Academic Advising

Heavener Hall 333  
352.273.0165

## Established

1926. In 2012, named for James W. 'Bill' Heavener, an alumnus whose generous gift benefits the school.

## Accredited

The Warrington College of Business is accredited by the AACSB International. The college was the first in the nation to be accredited by the European Foundation for Management Development (EFMD).

## Academic Advising and Career Coaching

The Heavener School of Business provides academic advising, career coaching, professional development opportunities and study abroad programs for undergraduate students.

More Info (<https://warrington.ufl.edu/undergraduate-current-students/academic-advising/>) Email ([undergraduate.business@ufl.edu](mailto:undergraduate.business@ufl.edu))

## Programs

The Warrington College of Business has three schools:

- The Hough Graduate School of Business
- The Fisher School of Accounting
- The Heavener School of Business

The Fisher School of Accounting administers a Bachelor of Science in Accounting (BSAc). The Heavener School of Business administers a Bachelor of Science in Business Administration (on campus), an online Bachelor of Science in Business Administration (off campus) and a Bachelor of Arts in Business Administration. The Heavener School of Business also offers minors in business administration (for nonbusiness majors only), entrepreneurship, information systems and operations management, real estate and retailing.

The college also offers combination-degree and one-year master's programs in information systems and operations management (MSISOM), entrepreneurship (MAE), finance (MSF), international business (MAIB), management (MSM, for non-business majors only) and real estate (MSRE).

In addition to completing a degree, all business majors are encouraged to gain practical work experience through co-ops, internships and community service. The Heavener School of Business also offers students a variety of professional development and leadership opportunities, including study abroad, the Florida Leadership Academy, involvement in student organizations and research activities. For more details on all of these opportunities, consult an academic advisor in 267 Stuzin Hall.

The school encourages all first year students to take Warrington Welcome - First Year Florida (SLS 1102 for business majors), which serves as an introduction to the school and provides students with the opportunity to connect with faculty, advisors and fellow business students.

## Scholarships

The school offers academic and need-based scholarships to business majors and study abroad scholarships to business majors and minors who study abroad via a Heavener School of Business study abroad program. Applications for summer and fall semester scholarships are due in March and applications for spring semester scholarships are due in October.

More Info (<https://warrington.ufl.edu/undergraduate-current-students/scholarships/>)

## Student Organizations

The school has more than 20 business-related student organizations that provide direct access to employment recruiters, leadership opportunities, work experience and the means to develop valuable business-related skills. All business majors are encouraged to join at least one business student organization during their college career.

More Info (<https://warrington.ufl.edu/undergraduate-current-students/student-organizations/>)

### Academic Policies

## Admission

### Freshmen

The university's Office of Admissions coordinates freshman admission.

More Info (p. 22)

### Transfer Students

#### On Campus Programs

The Heavener School of Business makes admission decisions for upper-division transfer applicants who have earned 60 or more college credits. Only applicants with an AA or AS degree from a Florida public or state college will be considered for admission. Students seeking transfer from other universities or out-of-state schools may be considered for admission on a space-available basis. Transfer students who are admitted by another UF college/school are not eligible for admission to the Heavener School of Business.

Transfer applicants' academic catalog year guarantees their graduation requirements, but not their admission requirements. Admission and preprofessional course and GPA requirements are subject to change without notice for students who are not enrolled in the Heavener School.

Transfer applicants are admitted in the Fall, Spring and Summer C terms. Florida public and state college transfer students are considered for admission if they fulfill all Heavener School transfer admission requirements (<https://warrington.ufl.edu/undergraduate-academics/admissions/>)

transfer-admission/). Students who do not have a complete application on file by the application deadline (<http://www.admissions.ufl.edu/ugrad/trappdates.html>) will not be considered for admission and must reapply for a subsequent term. After being admitted, transfer students are required to attend UF's transfer orientation program.

## Current UF Students

UF students who matriculated as freshmen can change to a business major if they have a 3.0 UF GPA with no critical-tracking courses completed or a 2.0 UF GPA and a 3.0 critical-tracking GPA. Additionally, students cannot exceed the maximum 130 credits allowed for the degree (excluding AP/IB/AICE/dual enrollment credit). Business majors can change from one business major to another if they are on track and have not completed more than half of their major courses. Upper-division transfer students who are admitted to UF as non-business majors are not eligible for admission to the Heavener School of Business.

## Online Business Program

### Off Campus Program

The school makes admission decisions for the online business program, a degree program designed for individuals who live outside of Gainesville or have work and/or family commitments that make traditional campus attendance unfeasible. To be considered for admission, applicants must complete an AA or AS degree (or have earned 60 transferable credits) and fulfill all of the Heavener School online business program admission requirements. Students who are admitted to this program are not permitted to change to another business major unless they meet the transfer admission requirements for the school's on campus degree programs.

## Readmission

UF students who have not attended the university for two consecutive terms must apply for readmission and meet all university readmission requirements. To be eligible for readmission, students must meet Heavener School critical-tracking GPA and course requirements, have a 2.0 UF GPA and no deficits in the core or major/area of specialization GPA *and* be able to complete a business degree in 130 credits or less. Students who do not meet these requirements should contact an academic advisor.

More Info (p. 25)

## Non-Degree Registration

An individual who wishes to enroll in the Heavener School as a non-degree-seeking student may do so for the summer term only. Non-degree applicants must meet the school's non-degree registration requirements.

## Academic Policies

### Academic Advising and Career Coaching

Business majors are expected to register for the proper courses and to fulfill degree requirements in a timely manner. To avoid unnecessary delays in academic progress, students should consult the UF undergraduate catalog to familiarize themselves with university and school policies.

Heavener School academic advisors and career coaches are available to assist students with scheduling, registration, course selection, major changes, career decisions, professional development, study abroad and related matters. Students are encouraged to speak with an academic advisor each semester to ensure they are on track with their academic and career plans.

More Info (<https://warrington.ufl.edu/undergraduate-current-students/academic-advising/>)

### Academic Probation

The school closely monitors the academic progress of its students, requiring them to maintain a 2.0 UF, core and major/area of specialization GPA. Students who do not meet these requirements are placed on academic probation for a maximum of two semesters. Students who do not meet the terms of their probation will be prohibited from continuing in a business major.

### Dean's List

Business majors who complete 12-14 credits and earn a 3.7 GPA or higher (or 15 credits or more and a 3.5 GPA or higher) in the fall, spring, or summer semester are named to the dean's list. Courses taken S/U (i.e., pass/fail) do not count toward the required credits. Students who make the dean's list will receive a certificate of recognition for their achievement.

### Dropping and Adding Courses

The school adheres to all university drop/add policies and deadlines. Students who wish to drop and add a course after the initial drop/add period in the first week of each semester will be fee liable for both courses unless they can provide documentation of administrative error. Students who have used their two lower or upper division drops can petition the school for additional drops if they can document an extenuating circumstance.

### Dual Degrees

With approval from an academic advisor, business majors are permitted to earn two UF undergraduate degrees concurrently (one in the Heavener School and one in another college/school, except for Liberal Arts and Sciences - economics). Dual degree students should plan to complete both degrees in eight Fall/Spring semesters (or four Fall/Spring semesters for transfer students). Students pursuing dual degrees must complete

coursework for both degrees simultaneously, adhere to the academic plan approved by their academic advisor and graduate in the designated semester. Journalism majors are eligible to pursue the Bachelor of Arts in Business Administration - general studies (BABA-GBA) degree only.

## Flexible Learning

Business majors must have prior approval from an academic advisor to take flexible learning courses. No more than six credits of flexible learning coursework can be used to fulfill undergraduate degree requirements. Flexible learning courses cannot be taken to fulfill required core, major, area of specialization or restricted elective courses. Students on academic probation are not permitted to take flexible learning courses.

## International Study

Business undergraduates are encouraged to study abroad for at least one semester. Students must be in good academic standing and have a 2.5 overall UF GPA (or a minimum 3.0 UF GPA if applying for a Warrington exchange program). Refer to the Heavener School study abroad program for details, scholarship opportunities, and advisor contact information.

More Info (<https://warrington.ufl.edu/undergraduate-international-study/outgoing/>)

## Normal Course Load

The school's degree programs are designed for full-time study. Students are encouraged to register for 15 credits and are expected to register for a minimum of 12 credits each fall and spring. Students must petition the Heavener School to take more than 18 credits in a single term.

## S/U Grade Option

Business majors can use the S/U grade option for free elective courses only. All other required courses, including critical-tracking, general education, core business, major or area of specialization, and restricted elective courses, must be taken for a letter grade. Students can request to take only one S/U course per term using the S/U grade option, although they can take other pre-established S/U graded courses.

## Transfer Coursework

Florida public or state college students who have taken equivalent business core or major courses at another institution will be required to retake the course at UF or petition the Heavener School to take a higher-level course in the same subject area. Additional credits will not be earned when repeating equivalent courses. Waiving a required course does not reduce the total credits required for graduation.

## Transient Coursework

With approval from an academic advisor, business majors may take critical-tracking, general education and free elective courses at another accredited institution. Students should refer to the school's guidelines and instructions.

More Info (<https://warrington.ufl.edu/undergraduate-current-students/academic-advising/transient-students/>)

UF students who are in Florida but away from Gainesville have the option to take UF core business courses online in the fall, spring and summer terms.

## Degree Requirements

All Heavener School of Business students must complete the following requirements, including the 120 credits required for graduation as calculated by the school. All required courses, excluding free elective courses, must be taken for a letter grade (not S/U). Business majors are strongly encouraged to use their elective requirement to build skills, obtain a minor or certificate and/or develop proficiency in a foreign language.

More Info (p. 1777)

## General Education Requirement

Code	Title	Credits
Composition <sup>1</sup>		6
Mathematical Sciences <sup>1</sup>		6
Humanities <sup>1,2</sup>		6
Social and Behavioral Sciences <sup>1</sup>		12
Physical or Biological Sciences <sup>1,2</sup>		6
International (N) <sup>3</sup>		3
Diversity (D) <sup>3</sup>		3

A minimum grade of C is required for all courses fulfilling the general education requirement and the writing requirement.

<sup>1</sup> This total includes 3 required credits of "State Core" Gen Ed.

<sup>2</sup> This total includes 3 required credits of "UF Quest" Gen Ed coursework.

<sup>3</sup> May be combined with composition, humanities, social and behavioral science, or physical or biological science course.

## Critical-Tracking Requirement

To prepare for upper-division business courses, all business majors are required to complete a specified number of critical-tracking courses each semester during the first four fall/spring semesters, meet the required critical-tracking GPA for each term and maintain a 2.0 UF GPA (see table below). Finance majors must complete 2 critical tracking courses each term (1-4), and earn a minimum grade of B in ACG 2021 and ACG 2071.

### Heavener School of Business Critical-Tracking Requirements

Semester	Number Critical Tracking Courses	Critical Tracking GPA	UF GPA
1	1	2.5	2.0
2	2	2.75	2.0
3	2 (including ACG 2021)	3.0	2.0
4	2	3.0	2.0

Three of the business degree programs require an eighth critical-tracking course. The programs and required courses are identified in the table below. Please note that Finance majors have a total of 9 critical tracking courses, see the Finance major requirements page ([https://catalog.ufl.edu/UGRD/colleges-schools/UGBUS/FIN\\_BSBA/#criticaltrackingtext](https://catalog.ufl.edu/UGRD/colleges-schools/UGBUS/FIN_BSBA/#criticaltrackingtext)) for details. Students must earn the required grade in the eighth tracking course to continue in the corresponding major (see table below). The grade earned in this course does not factor into the critical-tracking GPA.

### Additional Critical-Tracking Requirements

Major	Eighth Tracking Course	Minimum Grade
General Business (Online)	NA	NA
General Studies	NA	NA
Finance	FIN 3403	B
Information Systems	NA	NA
Management	MAN 3025	C
Marketing	MAR 3023	C

## Core Business Requirement

All business majors are required to take the following seven core courses, which cover the major functional areas of business:

Code	Title	Credits
BUL 4310	The Legal Environment of Business	4
FIN 3403	Business Finance	4
GEB 3373	International Business	4
MAN 3025	Principles of Management	4
MAN 4504	Operations and Supply Chain Management	4
MAR 3023	Principles of Marketing	4
QMB 3250	Statistics for Business Decisions	4

## Major (BSBA) or Area of Specialization (BABA) Requirement

BSBA students take 16-20 credits of specific major courses. BABA-GBA students take 12 credits of 3000/4000-level area of specialization courses.

## Restricted Elective Requirement

All business majors must take 11-12 credits of restricted electives. Internship, independent study or assistantship credit will not count toward this requirement.

BABA-GBA students take 11-12 credits of restricted *business* electives from an approved list. BSBA students take 11-12 credits of any 3000/4000-level courses or 1000/4000-level foreign language courses.

## GPA and Graduation Requirements

A minimum overall UF GPA of 2.0 is required in coursework attempted at the university. Business majors must earn:

- a 3.0 critical-tracking GPA;
- a 2.0 core GPA or minimum grades of C in all seven business core courses; and
- a 2.0 major or area of specialization GPA or minimum grades of C in all major or area of specialization courses.

Business majors must earn a minimum of 120 credits. Heavener School undergraduates who have completed all requirements for degree will be required to graduate. To receive a diploma and participate in commencement, students must complete the UF graduation checklist, which includes the submission of an online degree application by the established deadline.

More Info (<https://registrar.ufl.edu/services/degree-application/>)

## Honors Requirements

Heavener School of Business honors designations are based on three grade point averages: business core GPA, major or area of specialization GPA and UF GPA. To graduate with honors (p. 1717), students must meet the following minimum standards at the time of graduation: cum laude (3.5 GPA), magna cum laude (3.7 GPA) and summa cum laude (3.9 GPA). Students who are pursuing a magna or summa cum laude designation are also required to complete an honors thesis. Each business major has its own specific thesis guidelines (<https://warrington.ufl.edu/undergraduate-current-students/graduation/>). Students who participate in the University Scholars Program can use their required research paper as an honors thesis.

## Internship Requirement

Heavener School majors are required to enroll in GEB 4941 and complete an internship of at least 150 hours before the start of the senior year. The internship requirement can be waived for students who participate in a study abroad experience of at least six weeks. Students who waive this requirement via study abroad are strongly encouraged to complete at least one internship to improve their chances of obtaining full-time employment and/or admission to graduate programs or law school. Consult a school academic advisor/career coach for more information.

## Professional Communication Requirement

Heavener School majors are required to take GEB 3213, GEB 3218, SPC 2608, ENC 3312 or a similar course with prior approval. A minimum grade of C is required.

## Residence Requirements

Students are not allowed to enroll simultaneously at UF and another institution. All business core, major, area of specialization and restricted elective courses must be taken in residence at the University of Florida or as part of an approved study abroad program. The last 30 credits of the degree program must be completed in residence at the University of Florida; however, this requirement will be waived for preapproved study abroad coursework. Otherwise, the residence requirement will be waived only in special cases and must be approved in advance by the school's petitions committee.

### Programs

## MAJORS

- Business Administration | General Studies | BABA
- Combination Degrees
- Finance
- Information Systems
- Management
- Marketing

## MINORS

- Business Administration Minor
- Business Administration Minor UF Online
- Entrepreneurship Minor
- Information Systems Minor
- Professional Selling Minor
- Real Estate Minor
- Retailing Minor
- Wealth Management Minor

## Undergraduate Degrees

The Heavener School of Business offers Bachelor of Science in Business Administration degrees in finance, general business (for off campus students), information systems, management and marketing and a Bachelor of Arts in Business Administration degree in general studies with an outside area of specialization. All undergraduate degrees require 120 credits and all include universal tracking, general education, business core, major or area of specialization, and restricted elective courses. The degree programs are designed to provide students with a strong foundation in the functional areas of business.

The school encourages all freshmen to take Warrington Welcome: First Year Florida (SLS 1102, for business majors), which serves as an introduction to the school and provides students with the opportunity to connect with faculty, advisors and fellow business students.

## Minors and Certificates

Minors in business administration (for nonbusiness majors only), entrepreneurship, information systems, and real estate and a certificate in retailing leadership are available to undergraduate students.

## Combination Degrees and One-Year Master's Programs

The Warrington College of Business offers the following combination-degree and one-year master's programs:

- Master of Arts in Business Administration: major in International Business (MAIB),
- Master of Science in Business Administration: concentration in Information Systems and Operations Management (MSISOM),
- Master of Arts in Business Administration: concentration in Entrepreneurship (MAE),
- Master of Science in Finance (MSF), and
- for non-business majors, the Master of Science in Business Administration: major in Management (MSM).

Undergraduates can seek permission to take graduate courses from the graduate coordinator of the appropriate department.

More Info (<http://warrington.ufl.edu/academics/>)

## Career and Leadership Programs

Business majors are encouraged to gain practical work experience through co-ops, internships and community service. The school also offers career and leadership programs, including professional development courses, the Florida Leadership Academy, involvement in national and international business case study competitions, student organizations and research options.

More Info (<https://warrington.ufl.edu/undergraduate-current-students/career-and-leadership/>)

## International Programs and Study Abroad

To broaden their curriculum, business majors are advised to study abroad, learn a foreign language, pursue the school's Bachelor of Arts in Business Administration: General Studies (BABA-GBA) degree with an area of specialization in international studies, complete an international or international-related minor or take international courses, and participate in international or multicultural student organizations.

More Info (<https://warrington.ufl.edu/undergraduate-international-study/>)

---

## Business Administration Minor

The Business Administration minor, which can be completed online, provides non-business UF undergraduates with an overview of the major functional elements of business. This minor is not open to business majors.

### About this Program

## Business Administration | General Business | BSBA UF Online

The online Bachelor of Science in Business Administration-General Business (BSBA-IBA ONL) degree program, which provides a broad overview of the functional areas of business, is designed for students who live outside the Gainesville community or have work and/or family commitments that make traditional campus attendance impractical. Students take foundational courses in economics, mathematics, computing skills, and accounting; core courses that relate to the basic functions of business, such as finance, management, marketing, and operations management; and professional development courses such as business communication and career management.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

To remain on track for the major, students must meet the critical-tracking criteria listed below. The critical-tracking GPA is calculated based on all attempts of the critical-tracking courses or their equivalents. After a student receives a minimum grade of C in a critical-tracking course or its equivalent, no higher grade in that course or its equivalent will be used in the calculation of the critical-tracking GPA.

## Semester 1

- Complete 1 of the following critical-tracking courses: ACG 2021, ACG 2071, CGS 2531 or ISM 3013, ECO 2013, ECO 2023, MAC 2233, STA 2023
- 2.25 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses for a total of 3 critical-tracking courses
- 2.25 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses (including ACG 2021) for a total of 5 critical-tracking courses
- 2.5 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete all 7 critical-tracking courses
- 2.5 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Meet all term 1-4 critical-tracking requirements
- 2.0 UF GPA required

## Semester 6

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 7

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 8

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

### Model Semester Plan

This is a sample plan. Students should consult with an academic advisor/career coach to create an individualized academic plan. Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<http://www.flvc.org/cpp/displayRecord.jsp?cip=520201&track=01>) may be used for transfer students.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	4
MAC 1140	Precalculus Algebra (if needed or other elective)	3
State Core Gen Ed Biological or Physical Sciences (p. 67)		3
<b>Credits</b>		<b>13</b>
<b>Semester Two</b>		
Quest 2 (Gen Ed Biological or Physical Sciences)		3
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; State Core Gen Ed Social and Behavioral Sciences)	4

## Academic Learning Compact

A bachelor's degree in business administration enables students to achieve foundation knowledge in economics, accounting, finance, management, marketing, business law, statistics, operations management, human resource management, information technology and entrepreneurship. Special emphasis is placed on understanding the links between various business disciplines and the development of sound business plans. Students will be able to effectively analyze a business entity's strengths and weaknesses as well as investigate the opportunities and threats present in the business environment.

The major in general business places a special emphasis on understanding the links between various business disciplines and the development of sound business plans. Students will be able to effectively analyze a business entity's strengths and weaknesses as well as investigate the opportunities and threats present in the business environment.

## Before Graduating Students Must

- Take the ETS Major Field Test in Business as part of MAN 4504. The ETS exam covers nine content areas in business. The score describes your performance relative to other seniors in business and accounting at 600+ colleges and universities (e.g., top 15% in the nation compared to your peers).
- Complete requirements for the baccalaureate degree, as determined by the faculty.

## Students in the Major will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate knowledge and understanding of elements of economics, financial accounting, marketing, operations management, organizational behavior, business law, information technology, business statistics and social responsibility.
2. Demonstrate proficiency in the use of business-related software applications.
3. Define the ethical responsibilities of business organizations and identify relevant ethical issues.
4. Understand how the business environment, including culture, differs across countries.
5. Possess awareness of cultural differences and how these differences affect business decisions.
6. Identify characteristics and roles of groups and teams.
7. Identify characteristics and roles of managers and leaders.
8. Possess knowledge in an area of specialization outside the disciplines of business and accounting.

#### Critical Thinking

9. Specify and implement a framework for identifying a business problem and develop alternative solutions and a set of evaluation criteria.
10. Assess the outcomes of a course of action and make appropriate adjustments.

#### Communication

11. Write business documents clearly, concisely and analytically.
12. Speak in groups and in public clearly, concisely and analytically, with appropriate use of visual aids.

- Business Administration Minor UF Online
- Business Administration | General Business | BSBA UF Online
- Business Administration | General Studies | BABA
- Business Administration | General Studies | BABA UF Online
- Combination Degrees
- Wealth Management Minor

The Bachelor of Arts in Business Administration-General Studies (BABA-GBA) degree program allows students to couple a business major with an outside interest. BABA-GBA students can choose from more than 70 areas of specialization that are comprised of courses taught by other UF colleges and departments. The BABA-GBA degree prepares students for a wide variety of business-related careers, for graduate studies in business and for graduate programs related to the area of specialization.

BABA-GBA majors are encouraged to gain practical work experience through internships, student organizations and community service. In addition, the Heavener School of Business offers students a wide variety of academic and career and leadership programs, including study abroad, the Florida Leadership Academy, involvement in student organizations and research activities. Students should consult an academic advisor/career coach for specific information.

### Requirements for the Major

Students who are pursuing the BA – International Studies area of specialization must work with a study abroad advisor in the Heavener School of Business to strategically plan business electives from an approved list.

More Info (<https://warrington.ufl.edu/undergraduate-academics/general-studies/>)

## Core Courses

Code	Title	Credits
BUL 4310	The Legal Environment of Business	4
FIN 3403	Business Finance	4
GEB 3373	International Business	4
MAN 3025	Principles of Management	4
MAN 4504	Operations and Supply Chain Management	4
MAR 3023	Principles of Marketing	4
QMB 3250	Statistics for Business Decisions	4
QMB 3302	Foundations of Business Analytics & Artificial Intelligence (AI)	4

## Area of Specialization Courses

Complete 12 credits at the 3000/4000 level in a chosen discipline outside the Heavener School of Business

## Business Electives

Complete 11-12 credits from a list of approved business electives. Internship, independent study or assistantship credit will not count toward this requirement. Students who are pursuing the BA | International Studies area of specialization must work with a study abroad advisor in the Heavener School of Business to strategically plan business electives from an approved list.

More Info (<https://warrington.ufl.edu/undergraduate-current-students/academic-advising/courses-and-electives/business-electives-for-general-studies-majors/>)

## Professional Communication Course

Code	Title	Credits
Select one:		
GEB 3213	Professional Writing in Business	3
GEB 3218	Professional Speaking in Business	3
SPC 2608	Introduction to Public Speaking	3
ENC 3312	Advanced Argumentative Writing	3
or a similar course with prior approval (requires a minimum grade of C)		

## Internship Course

GEB 4941 in conjunction with an internship of at least 150 credits before the start of the senior year. The internship requirement can be waived for students who participate in a study abroad experience of at least six weeks. Students who waive the requirement via study abroad are strongly encouraged to complete at least one internship to improve their chances of obtaining full-time employment and/or admission to graduate programs or law school. Students should consult an academic advisor/career coach for more information.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

To remain on track for the BABA-GBA major, students must meet the critical-tracking criteria listed below. The critical-tracking GPA is calculated based on all attempts of the critical-tracking courses or their equivalents. After a student receives a minimum grade of C in a critical-tracking course or its equivalent, no subsequent grade in that course or its equivalent will be used in the calculation of the critical-tracking GPA.

## Semester 1

- Complete 1 critical-tracking course from ACG 2021, ACG 2071, CGS 2531 or ISM 3013, ECO 2013, ECO 2023, MAC 2233, STA 2023
- 2.5 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses for a total of 3 critical-tracking courses
- 2.75 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses (including ACG 2021) for a total of 5 critical-tracking courses
- 3.0 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete all 7 critical-tracking courses
- 3.0 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Meet all semester 1-4 critical-tracking requirements
- 2.0 UF GPA required

## Semester 6

## Academic Learning Compact

A bachelor's degree in business administration enables students to achieve foundation knowledge in economics, accounting, finance, management, marketing, business law, statistics, operations management, human resource management, information technology and entrepreneurship. Special emphasis is placed on understanding the links between various business disciplines and the development of sound business plans. Students will be able to effectively analyze a business entity's strengths and weaknesses as well as investigate the opportunities and threats present in the business environment.

The Bachelor of Arts in Business Administration combines core business courses with area of specialization courses offered by departments outside the college of business.

## Before Graduating Students Must

- Take the ETS Major Field Test in Business as part of MAN 4504. The ETS exam covers nine content areas in business. The score describes your performance relative to other seniors in business and accounting at 600+ colleges and universities (e.g., top 15% in the nation compared to your peers).
- Complete requirements for the baccalaureate degree, as determined by the faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate knowledge and understanding of elements of economics, financial accounting, marketing, operations management, organizational behavior, business law, information technology, business statistics and social responsibility.
2. Demonstrate proficiency in the use of business-related software applications.
3. Define the ethical responsibilities of business organizations and identify relevant ethical issues.
4. Understand how the business environment, including culture, differs across countries.
5. Possess awareness of cultural differences and how these differences affect business decisions.
6. Identify characteristics and roles of groups and teams.
7. Identify characteristics and roles of managers and leaders.
8. Possess knowledge in an area of specialization outside the disciplines of business and accounting.

#### Critical Thinking

9. Specify and implement a framework for identifying a business problem and develop alternative solutions and a set of evaluation criteria.
10. Assess the outcomes of a course of action and make appropriate adjustments.

#### Communication

11. Write business documents clearly, concisely and analytically.
12. Speak in groups and in public clearly, concisely and analytically, with appropriate use of visual aids.

FIN 3403	Business Finance	4
GEB 3213	Professional Writing in Business	3
GEB 3218	Professional Speaking in Business	3

## Entrepreneurship Minor

This minor provides all interested undergraduates with a robust set of entrepreneurship courses and experiential learning activities from which to master the core entrepreneurial competencies required to create or work in new ventures.

### About this Program

- **College:** Heavener School of Business (p. 535)
- **Credits:** 17-19 | Completed with an overall 2.0 GPA in the minor and a cumulative 2.0 UF GPA

### Department Information

The Department of Management includes faculty members who research and teach in various areas of Management (Organizational Behavior, Human Resource Management, Strategic Management, and Business Law). This vibrant faculty with strong research agendas contribute to important and innovative programs.

**Website** (<https://warrington.ufl.edu/management-department/>)

STUZIN HALL 201  
GAINESVILLE FL 32611-7150  
Map (<http://campusmap.ufl.edu/#/index/0029>)

### Curriculum

- Combination Degrees
- Entrepreneurship Minor
- Management

All courses for the minor must be taken for letter grade. All attempts at courses for the minor will be averaged into the minor GPA. All 3000/4000-level courses required for the minor must be taken at UF or via a study abroad program preapproved by the Heavener School of Business. UF flexible learning courses will not count toward the minor.

To declare the minor, students must first complete ACG 2021 with a minimum grade of C and ENT 3003 with a minimum grade of B.

## Required Courses

Code	Title	Credits
ACG 2021	Introduction to Financial Accounting	4
ENT 3003	Principles of Entrepreneurship	4
ENT 4614	Creativity and Innovation in the Business Environment	2
ENT 4940	Entrepreneurship Practicum	1
ENT 4934	Special Topics (Business Plan Laboratory)	2
Select a minimum of two:		4-6
Any 3000/4000-level entrepreneurship courses beyond ENT 3003		
MAR 4832	New Product Development and Management	
<b>Total Credits</b>		<b>17-19</b>

## Finance

The Bachelor of Science in Business Administration-Finance (BSBA-FIN) degree program provides a broad overview of the functional areas of business with an emphasis in finance. Students take foundation courses in economics, mathematics, computing skills, and accounting; core courses

that relate to the basic functions of business, such as finance, management, marketing, and operations management; and major courses that develop students' financial decision-making skills.

## About this Program

- **College:** Heavener School of Business (p. 535)
- **Degree:** Bachelor of Science in Business Administration
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Finance, Insurance and Real Estate Department offers degree programs at the doctoral, masters, and undergraduate level. Besides standard finance offerings, specialized academic programs in entrepreneurship, real estate, and value investing are available. The department's faculty boasts top experts on topic matter as diverse as banking, initial public offerings, investments, international finance, mergers, and acquisitions and real estate.

**Website** (<https://warrington.ufl.edu/finance-insurance-and-real-estate-department/>)

Map (<http://campusmap.ufl.edu/#/index/0029>)

## Curriculum

- Combination Degrees
- Entrepreneurship Minor
- Finance
- Real Estate Minor

The Bachelor of Science in Business Administration-Finance (BSBA-FIN) degree program focuses on the acquisition and management of funds by businesses, financial markets, security analysis and valuation, management of financial institutions, interest rates, investments and securities, financial risk management, security trading, government policy and financial markets, financial forecasting, capital structure, venture capital and security issuance. The finance curriculum prepares students for careers in corporate financial management and the financial services industry. Finance graduates can also pursue graduate studies in business, law and public administration.

BSBA-FIN majors are encouraged to gain practical work experience through internships, student organizations and community service. In addition, the Heavener School of Business offers students a wide variety of academic and career and leadership programs, including study abroad, the Florida Leadership Academy, involvement in student organizations and research activities. Students should consult an academic advisor/career coach for specific information.

## Requirements for the Major

BSBA-FIN majors must maintain a 2.0 core, major and UF GPA. Students must read the individual course descriptions in this catalog to determine the prerequisites for their required courses. In addition to the critical-tracking and general education courses outlined below, BSBA-FIN majors must take 120 credits, including:

Code	Title	Credits
<b>Core Courses</b>		
BUL 4310	The Legal Environment of Business	4
FIN 3403	Business Finance	4
GEB 3373	International Business	4
MAN 3025	Principles of Management	4
MAN 4504	Operations and Supply Chain Management	4
MAR 3023	Principles of Marketing	4
QMB 3250	Statistics for Business Decisions	4
QMB 3302	Foundations of Business Analytics & Artificial Intelligence (AI)	4
<b>Major Courses</b>		
ACG 3101	Financial Accounting and Reporting 1	4
ACG 4111	Financial Accounting and Reporting 2	4
FIN 4414	Financial Management	4

FIN 4453	Financial Modeling	4
FIN 4504	Equity and Capital Markets	4
<b>Restricted Elective Courses</b>		
Any 3000/4000-level courses or 1000/4000-level foreign language courses <sup>1</sup>		12
<b>Professional Communication Course</b>		
Select one (requires a minimum grade of C):		
GEB 3213	Professional Writing in Business	
GEB 3218	Professional Speaking in Business	
SPC 2608	Introduction to Public Speaking	
ENC 3312	Advanced Argumentative Writing	
A similar course with prior approval		
<b>Internship Course</b>		
GEB 4941	Internship in Business Administration <sup>2</sup>	1
<b>Total Credits</b>		<b>65</b>

<sup>1</sup> One electronic platform course (ENT 3003, GEB 3035, ISM 3004 or REE 3043) can be taken to fulfill the restricted elective requirement. Internship, independent study or assistantship credit will not count toward this requirement.

<sup>2</sup> GEB 4941 (one credit) in conjunction with an internship of at least 150 credits before the start of the senior year. The internship requirement can be waived for students who participate in a study abroad experience of at least six weeks. Students who waive the requirement via study abroad are strongly encouraged to complete at least one internship to improve their chances of obtaining full-time employment and/or admission to graduate programs or law school. Students should consult an academic advisor/career coach for more information.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

To remain on track for the BSBA-FIN major, students must meet the critical-tracking criteria, including earning a minimum grade of B in ACG 2021 and ACG 2071 and a minimum grade of B in FIN 3403. The critical-tracking GPA is calculated based on all attempts of the critical-tracking courses or their equivalents. After a student receives a minimum grade of C in a critical-tracking course or its equivalent, no subsequent grade in that course or its equivalent will be used in the calculation of the critical-tracking GPA.

## Semester 1

- Complete 2 critical-tracking courses from ACG 2021, ACG 2071, CGS 2531 or ISM 3013, ECO 2013, ECO 2023, MAC 2233, MAC 2234, STA 2023
- 2.5 GPA on all attempts of critical-tracking courses, excluding FIN 3403
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses for a total of 4 critical-tracking courses
- 2.75 GPA on all attempts of critical-tracking courses, excluding FIN 3403
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses (including ACG 2021) for a total of 6 critical-tracking courses
- Complete ACG 2021 with a minimum grade of B
- 3.0 GPA on all attempts of critical-tracking courses, excluding FIN 3403
- 2.0 UF GPA required

## Semester 4

- Complete 8 of the 9 critical-tracking courses, excluding FIN 3403
- Complete ACG 2071 with a minimum grade of B
- 3.0 GPA on all attempts of critical-tracking courses, excluding FIN 3403
- 2.0 UF GPA required

## Semester 5

- Complete FIN 3403 with a minimum grade of B
- Meet all semester 1-4 critical-tracking requirements
- 2.0 UF GPA required

## Semester 6

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 7

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 8

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	4

## Academic Learning Compact

A bachelor's degree in business administration enables students to achieve foundation knowledge in economics, accounting, finance, management, marketing, business law, statistics, operations management, human resource management, information technology and entrepreneurship. Special emphasis is placed on understanding the links between various business disciplines and the development of sound business plans. Students will be able to effectively analyze a business entity's strengths and weaknesses as well as investigate the opportunities and threats present in the business environment.

The finance major covers the basics of financial statements, working capital management, capital budgeting decisions, the types of securities available to investors, and the risk/return attributes of those securities as well as factors affecting pricing.

## Before Graduating Students Must

- Take the ETS Major Field Test in Business as part of MAN 4504. The ETS exam covers nine content areas in business. The score describes your performance relative to other seniors in business and accounting at 600+ colleges and universities (e.g., top 15% in the nation compared to your peers).
- Complete requirements for the baccalaureate degree, as determined by the faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate knowledge and understanding of elements of economics, financial accounting, marketing, operations management, organizational behavior, business law, information technology, business statistics and social responsibility.
2. Demonstrate proficiency in the use of business-related software applications.
3. Define the ethical responsibilities of business organizations and identify relevant ethical issues.
4. Understand how the business environment, including culture, differs across countries.
5. Possess awareness of cultural differences and how these differences affect business decisions.
6. Identify characteristics and roles of groups and teams.

7. Identify characteristics and roles of managers and leaders.
8. Possess knowledge in an area of specialization outside the disciplines of business and accounting.

### Critical Thinking

9. Specify and implement a framework for identifying a business problem and develop alternative solutions and a set of evaluation criteria.
10. Assess the outcomes of a course of action and make appropriate adjustments.

### Communication

11. Write business documents clearly, concisely and analytically.
12. Speak in groups and in public clearly, concisely and analytically, with appropriate use of visual aids.

After a student receives a minimum grade of C in a critical-tracking course or its equivalent, no subsequent grade in that course or its equivalent will be used in the calculation of the critical-tracking GPA.

## Semester 1

- Complete 1 critical-tracking course from ACG 2021, ACG 2071, CGS 2531 or ISM 3013, ECO 2013, ECO 2023, MAC 2233, STA 2023
- 2.5 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses for a total of 3 critical-tracking courses
- 2.75 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses (including ACG 2021) for a total of 5 critical-tracking courses
- 3.0 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete all 7 critical-tracking courses
- 3.0 GPA on all attempts of critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Meet all semester 1-4 critical-tracking requirements
- 2.0 UF GPA required

## Semester 6

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 7

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 8

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	4

<b>Total Credits</b>		<b>120</b>

## Academic Learning Compact

A bachelor's degree in business administration enables students to achieve foundational knowledge in economics, accounting, finance, management, marketing, business law, statistics, operations management, human resource management, information technology and entrepreneurship. Special emphasis is placed on understanding the links between various business disciplines and the development of sound business plans. Students will be able to effectively analyze a business entity's strengths and weaknesses as well as investigate the opportunities and threats present in the business environment.

The information systems major covers computing, quantitative and application skills that can be used in a business problem-solving setting. Specific skill sets include database design, systems analysis and design, application of decisions support systems and the application of information systems strategies.

## Before Graduating Students Must

- Take the ETS Major Field Test in Business as part of MAN 4504. The ETS exam covers nine content areas in business. The score describes your performance relative to other seniors in business and accounting at 600+ colleges and universities (e.g., top 15% in the nation compared to your peers).
- Complete requirements for the baccalaureate degree, as determined by the faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

**Content**

1. Demonstrate knowledge and understanding of elements of economics, financial accounting, marketing, operations management, organizational behavior, business law, information technology, business statistics and social responsibility.
2. Demonstrate proficiency in the use of business-related software applications.
3. Define the ethical responsibilities of business organizations and identify relevant ethical issues.
4. Understand how the business environment, including culture, differs across countries.
5. Possess awareness of cultural differences and how these differences affect business decisions.
6. Identify characteristics and roles of groups and teams.

7. Identify characteristics and roles of managers and leaders.
8. Possess knowledge in an area of specialization outside the disciplines of business and accounting.

### Critical Thinking

9. Specify and implement a framework for identifying a business problem and develop alternative solutions and a set of evaluation criteria.
10. Assess the outcomes of a course of action and make appropriate adjustments.

### Communication

11. Write business documents clearly, concisely and analytically.
12. Speak in groups and in public clearly, concisely and analytically, with appropriate use of visual aids.

- Writing and public speaking assignments in the following:

Code	Title	Credits
FIN 3403	Business Finance (writing)	4
GEB 3213	Professional Writing in Business	3
GEB 3218	Professional Speaking in Business	3

## Information Systems Minor

The Information Systems minor provides undergraduates with a major in business or accounting with an overview of the computing, quantitative, and application skills that are vital to a business problem-solving setting.

## About this Program

- **College:** Heavener School of Business (p. 535)
- **Credits:** 17 | Completed with a 2.0 GPA in the minor and a 2.0 cumulative UF GPA

## Department Information

The primary mission of the Information Systems and Operations Management Department is a commitment to scholarly research, teaching and service to advance the state of knowledge in information systems and supply chain management and to train future leaders for professional and academic careers.

**Website** (<https://warrington.ufl.edu/information-systems-and-operations-management-department/>)

## Curriculum

- Combination Degrees
- Information Systems
- Information Systems Minor

*This minor is only open to undergraduate students majoring in business or accounting.*

All courses for the minor must be taken for letter grade. All attempts at courses for the minor will be averaged into the minor GPA. All 3000/4000-level courses required for the minor must be taken at UF or via a study abroad program that is pre-approved by the Heavener School of Business. Flexible learning courses will not count toward the minor.

## Required Courses

Code	Title	Credits
ISM 3013	Introduction to Information Systems	4
ISM 4113	Business Systems Design and Applications	2
ISM 4210	Database Management	2
ISM 4220	Business Data Communications 1	2
MAC 2233	Survey of Calculus 1	3
Approved electives		4
<b>Total Credits</b>		<b>17</b>

## Approved Electives

Code	Title	Credits

ISM 3255	Business Systems 2	2
ISM 4330	Information Systems and Operations Strategy	2
QMB 4701	Managerial Operations Analysis 1	2
QMB 4702	Managerial Operations Analysis 2	2

## Management

The Bachelor of Science in Business Administration-Management (BSBA-MGT) degree program provides a broad overview of the functional areas of business with an emphasis in management. Students take foundation courses in economics, mathematics, computing skills, and accounting; core courses that relate to the basic functions of business, such as finance, management, marketing, and operations management; and major courses that focus on the behavioral and organizational problems of management.

## About this Program

- **College:** Heavener School of Business (p. 535)
- **Degree:** Bachelor of Science in Business Administration
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

## Department Information

The Department of Management includes faculty members who research and teach in various areas of Management (Organizational Behavior, Human Resource Management, Strategic Management, and Business Law). This vibrant faculty with strong research agendas contribute to important and innovative programs.

**Website** (<https://warrington.ufl.edu/management-department/>)

## Curriculum

- Combination Degrees
- Entrepreneurship Minor
- Management

The BSBA-MGT curriculum focuses on the structure and behavior of organizations, the management of human resources, and the creation, use and evaluation of strategies that help organizations achieve competitive advantages. The BSBA-MGT degree prepares students for a broad range of occupations in virtually every sector of the economy. Graduates can also pursue graduate studies in business, hospital administration, urban and regional planning and the social sciences.

BSBA-MGT majors are encouraged to gain practical work experience through internships, student organizations and community service. In addition, the Heavener School of Business offers students a wide variety of academic and career and leadership programs, including study abroad, the Florida Leadership Academy, involvement in student organizations and research activities. Students should consult an academic advisor/career coach for specific information.

## Requirements for the Major

BSBA-MGT majors must maintain a 2.0 core, major and UF GPA. Students must read the individual course descriptions in this catalog to determine the prerequisites for their required courses. In addition to the critical-tracking and general education courses outlined below, BSBA-MGT majors must take 120 credits, including:

Code	Title	Credits
<b>Core Courses</b>		
BUL 4310	The Legal Environment of Business	4
FIN 3403	Business Finance	4
GEB 3373	International Business	4
MAN 3025	Principles of Management	4
MAN 4504	Operations and Supply Chain Management	4
MAR 3023	Principles of Marketing	4
QMB 3250	Statistics for Business Decisions	4
QMB 3302	Foundations of Business Analytics & Artificial Intelligence (AI)	4
<b>Major Courses</b>		
MAN 3240	Organizations: Structure and Behavior	4
MAN 4301	Human Resource Management	4
MAN 4723	Strategic Management	4
3000/4000-level MAN or BUL elective course(s)		4
<b>Restricted Elective Courses</b>		
Any 3000/4000-level courses or 1000/4000-level foreign language courses <sup>1</sup>		11-12
One electronic platform course can be taken to fulfill the restricted elective requirement:		
ENT 3003	Principles of Entrepreneurship	

GEB 3035	Effective Career Management in Business	
ISM 3004	Computing in the Business Environment	
REE 3043	Real Estate Analysis	
<b>Professional Communication Course</b>		
Select one: <sup>2</sup>		3
GEB 3213	Professional Writing in Business	
GEB 3218	Professional Speaking in Business	
SPC 2608	Introduction to Public Speaking	
ENC 3312	Advanced Argumentative Writing	
A similar course with prior approval		
<b>Internship Course</b>		
GEB 4941	Internship in Business Administration <sup>3</sup>	1
<b>Total Credits</b>		<b>63-64</b>

<sup>1</sup> Internship, independent study or assistantship credit will not count toward this requirement.

<sup>2</sup> Requires a minimum grade of C.

<sup>3</sup> GEB 4941 in conjunction with an internship of at least 150 credits before the start of the senior year. The internship requirement can be waived for students who participate in a study abroad experience of at least six weeks. Students who waive the requirement via study abroad are strongly encouraged to complete at least one internship to improve their chances of obtaining full-time employment and/or admission to graduate programs or law school. Students should consult an academic advisor/career coach for more information.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

To remain on track for the BSBA-MGT major, students must meet the critical-tracking criteria listed below. The critical-tracking GPA is calculated based on all attempts of the critical-tracking courses or their equivalents. After a student receives a minimum grade of C in a critical-tracking course or its equivalent, no subsequent grade in that course or its equivalent will be used in the calculation of the critical-tracking GPA.

## Semester 1

- Complete 1 critical-tracking course from ACG 2021, ACG 2071, CGS 2531 or ISM 3013, ECO 2013, ECO 2023, MAC 2233, STA 2023
- 2.50 GPA on all attempts of critical-tracking courses, excluding MAN 3025
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses for a total of 3 critical-tracking courses
- 2.75 GPA on all attempts of critical-tracking courses, excluding MAN 3025
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses (including ACG 2021) for a total of 5 critical-tracking courses
- 3.0 GPA on all attempts of critical-tracking courses, excluding MAN 3025
- 2.0 UF GPA required

## Semester 4

- Complete 7 of the 8 critical-tracking courses, excluding MAN 3025
- 3.0 GPA on all attempts of critical-tracking courses, excluding MAN 3025
- 2.0 UF GPA required

## Semester 5

- Complete MAN 3025 with a minimum grade of C
- Meet all semester 1-4 critical-tracking requirements
- 2.0 UF GPA required

## Semester 6

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 7

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 8

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

## Academic Learning Compact

A bachelor's degree in business administration enables students to achieve foundation knowledge in economics, accounting, finance, management, marketing, business law, statistics, operations management, human resource management, information technology and entrepreneurship. Special emphasis is placed on understanding the links between various business disciplines and the development of sound business plans. Students will be able to effectively analyze a business entity's strengths and weaknesses as well as investigate the opportunities and threats present in the business environment.

The management major covers the key topics of organizational behavior, human resource management and business strategy. Within these three main topics, students learn about important areas such as leadership, effective teams and groups, employee evaluation systems and corporate governance.

## Before Graduating Students Must

- Take the ETS Major Field Test in Business as part of MAN 4504. The ETS exam covers nine content areas in business. The score describes your performance relative to other seniors in business and accounting at 600+ colleges and universities (e.g., top 15% in the nation compared to your peers).
- Complete requirements for the baccalaureate degree, as determined by the faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate knowledge and understanding of elements of economics, financial accounting, marketing, operations management, organizational behavior, business law, information technology, business statistics and social responsibility.
2. Demonstrate proficiency in the use of business-related software applications.
3. Define the ethical responsibilities of business organizations and identify relevant ethical issues.
4. Understand how the business environment, including culture, differs across countries.
5. Possess awareness of cultural differences and how these differences affect business decisions.
6. Identify characteristics and roles of groups and teams.
7. Identify characteristics and roles of managers and leaders.
8. Possess knowledge in an area of specialization outside the disciplines of business and accounting.

### Critical Thinking

9. Specify and implement a framework for identifying a business problem and develop alternative solutions and a set of evaluation criteria.
10. Assess the outcomes of a course of action and make appropriate adjustments.

### Communication

11. Write business documents clearly, concisely and analytically.
12. Speak in groups and in public clearly, concisely and analytically, with appropriate use of visual aids.

## Marketing

The Bachelor of Science in Business Administration-Marketing (BSBA-MKG) degree program provides a broad overview of the functional areas of business with an emphasis in marketing. Students take foundation courses in economics, mathematics, computing skills, and accounting; core courses that relate to the basic functions of a business, such as finance, management, marketing, and operations management; and major courses that teach students how to plan and execute the conception, pricing, promotion, and distribution of products and manage customer relationships in ways that benefit organizations and their stakeholders.

## About this Program

- **College:** Heavener School of Business (p. 535)
- **Degree:** Bachelor of Science in Business Administration
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Marketing Department is a recognized leader in the discipline of marketing. For over a decade, the department's faculty has ranked as one of the most productive and influential in the field, and is known for conducting provocative, cutting-edge research that contributes both to the scientific understanding and practice of marketing.

ENC 3312	Advanced Argumentative Writing	3
A similar course with prior approval (requires a minimum grade of C)		
<b>Internship Course</b>		
GEB 4941	Internship in Business Administration <sup>2</sup>	
<b>Total Credits</b>		<b>65-66</b>

<sup>1</sup> Internship, independent study or assistantship credit will not count toward this requirement.

<sup>2</sup> In conjunction with an internship of at least 150 credits before the start of the senior year. The internship requirement can be waived for students who participate in a study abroad experience of at least six weeks. Students who waive the requirement via study abroad are strongly encouraged to complete at least one internship to improve their chances of obtaining full-time employment and/or admission to graduate programs or law school. Students should consult an academic advisor/career coach for more information.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

To remain on track for the BSBA-MKG major, students must meet the critical-tracking criteria listed below. The critical-tracking GPA is calculated based on all attempts of the critical-tracking courses or their equivalents. After a student receives a minimum grade of C in a critical-tracking course or its equivalent, no subsequent grade in that course or its equivalent will be used in the calculation of the critical-tracking GPA.

## Semester 1

- Complete 1 critical-tracking course from ACG 2021, ACG 2071, CGS 2531 or ISM 3013, ECO 2013, ECO 2023, MAC 2233, STA 2023
- 2.50 GPA on all attempts of critical-tracking courses, excluding MAR 3023
- 2.0 UF GPA required

## Semester 2

- Complete 2 additional critical-tracking courses for a total of 3 critical-tracking courses
- 2.75 GPA on all attempts of critical-tracking courses, excluding MAR 3023
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses (including ACG 2021) for a total of 5 critical-tracking courses
- 3.0 GPA on all attempts of critical-tracking courses, excluding MAR 3023
- 2.0 UF GPA required

## Semester 4

- Complete 7 of the 8 critical-tracking courses, excluding MAR 3023
- 3.0 GPA on all attempts of critical-tracking courses, excluding MAR 3023
- 2.0 UF GPA required

## Semester 5

- Complete MAR 3023 with a minimum grade of C
- Meet all semester 1-4 critical-tracking requirements
- 2.0 UF GPA required

## Semester 6

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 7

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

## Semester 8

- 2.0 Core GPA required
- 2.0 Major GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3

<b>Total Credits</b>		<b>120</b>

## Academic Learning Compact

A bachelor's degree in business administration enables students to achieve foundation knowledge in economics, accounting, finance, management, marketing, business law, statistics, operations management, human resource management, information technology and entrepreneurship. Special emphasis is placed on understanding the links between various business disciplines and the development of sound business plans. Students will be able to effectively analyze a business entity's strengths and weaknesses as well as investigate the opportunities and threats present in the business environment.

The marketing major provides a fundamental understanding of consumer behavior, market segmentation and positioning, the role of marketing in corporate strategy and methods by which the tactical tools of pricing, promotion and distribution are utilized by marketing practitioners.

## Before Graduating Students Must

- Take the ETS Major Field Test in Business as part of MAN 4504. The ETS exam covers nine content areas in business. The score describes your performance relative to other seniors in business and accounting at 600+ colleges and universities (e.g., top 15% in the nation compared to your peers).
- Complete requirements for the baccalaureate degree, as determined by the faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate knowledge and understanding of elements of economics, financial accounting, marketing, operations management, organizational behavior, business law, information technology, business statistics and social responsibility.
2. Demonstrate proficiency in the use of business-related software applications.
3. Define the ethical responsibilities of business organizations and identify relevant ethical issues.
4. Understand how the business environment, including culture, differs across countries.
5. Possess awareness of cultural differences and how these differences affect business decisions.
6. Identify characteristics and roles of groups and teams.
7. Identify characteristics and roles of managers and leaders.
8. Possess knowledge in an area of specialization outside the disciplines of business and accounting.

### Critical Thinking

9. Specify and implement a framework for identifying a business problem and develop alternative solutions and a set of evaluation criteria.
10. Assess the outcomes of a course of action and make appropriate adjustments.

### Communication

11. Write business documents clearly, concisely and analytically.
12. Speak in groups and in public clearly, concisely and analytically, with appropriate use of visual aids.

GEB 3218	Professional Speaking in Business	3

## Professional Selling Minor

The Professional Selling minor provides the knowledge and skills necessary to be consultative sellers. Develop a blend of hard and soft skills that are necessary to be successful in this very analytical discipline through the coursework. Students who complete this minor will learn professional selling skills and techniques, gain knowledge necessary to properly administer a sales force, and be more prepared to start down an entrepreneurial path through knowledge of how to build, manage, and maintain a consultative sales force.

## About this Program

- **College:** Heavener School of Business (p. 535)
- **Credits:** 22-24 | Completed with an overall 2.0 GPA in the minor and a cumulative 2.0 UF GPA

## Department Information

The Marketing Department is a recognized leader in the discipline of marketing. For over a decade, the department's faculty has ranked as one of the most productive and influential in the field, and is known for conducting provocative, cutting-edge research that contributes both to the scientific understanding and practice of marketing.

## Real Estate Minor

The Real Estate minor (1) introduces the business of commercial real estate, including the roles, activities, and players in the industry, common terminology, and the real estate transaction process, and (2) prepares students to make sound decisions concerning real estate use and investment. The minor also exposes the numerous career paths available in the commercial real estate industry, including development, real estate appraisal and investment, leasing and asset management, mortgage lending, and commercial brokerage.

## About this Program

- **College:** Heavener School of Business (p. 535)
- **Credits:** 22-23 | Completed with an overall 3.0 GPA in the minor and a cumulative UF GPA of 2.0

## Department Information

The Finance, Insurance and Real Estate Department offers degree programs at the doctoral, masters, and undergraduate level. Besides standard finance offerings, specialized academic programs in entrepreneurship, real estate, and value investing are available. The department's faculty boasts top experts on topic matter as diverse as banking, initial public offerings, investments, international finance, mergers, and acquisitions and real estate.

## Retailing Minor

This minor exposes students to an industry that is global, technical, and robust. It teaches how retailers procure merchandise, understand strategic analytics, and adapt to constantly changing markets to remain competitive. Along with academic theory, students studying this minor are exposed and encouraged to network with industry executives to understand state of the art practices and learn from those practicing in the channels. As they

approach senior year, students will be challenged to experience managerial positions with supervised retail internships in both stores and support centers.

## Wealth Management Minor

This minor provides a solid understanding of the concepts and techniques used by wealth management and insurance advisors and practitioners to assist individual and institutional clients. Students will gain the necessary skills to help individuals and firms meet the expanding needs of their client base. This minor also facilitates obtaining necessary coursework for important career and professional certification such as Certified Financial Analysts (CFA), Certified Financial Planners (CFP), Certified Insurance Counselors (CIC), and Certified Risk Managers (CRM).

### About this Program

### Academic Advising

301 Rinker Hall  
352.273.1180

## Established

1935, through the architecture program. Became a department in 1957 and a school in 1976.

## Accredited

American Council for Construction Education

## Degrees

Bachelor of Science in Construction Management (B.S.C.M), Bachelor of Science in Fire and Emergency Services (B.S.F.E.S.)

## Certificates

EMS Management, FES Management, Construction Management, Senior Fire Officer

## Scholarships

General financial aid information is available from the Office of Student Financial Affairs. The school can provide scholarship information for third- and fourth-year construction management students.

## Internships and Career Guidance

The school has a career placement office and also hosts a construction management career fair each semester.

## Research Centers

Shimberg Center for Housing Studies, the Powell Center for Construction and Environment, the Fluor Program for Construction Safety and the Center for Advanced Construction Information Modeling.

## Helpful Links

- School Website (<https://dcp.ufl.edu/rinker/>)
- Combination Degrees (p. 1734)
- Computer Requirement (<https://dcp.ufl.edu/rinker/academics/computer-requirements/>)
- Student Clubs (<https://dcp.ufl.edu/rinker/student-clubs/>)

### Academic Policies

## Application Deadlines

Students are admitted for third-year professional coursework in the fall and spring semesters for construction management and each semester for fire and emergency services. Application procedures, receipt of transcripts and school requirements for admission should be completed by the application deadline. Late applications are not accepted.

More Info (<http://www.admissions.ufl.edu/ugrad/trappdates.html>)

## Normal Academic Progress

Students must maintain normal academic progress with a minimum GPA of 2.0 for all courses attempted in the junior and senior years. Students must take courses in the sequence specified. Students may be dismissed from the program if they fail to maintain normal academic progress.

## Normal Course Loads

The average course load for construction management students is 16 credits. Students who wish to take fewer than 12 credits should be aware that certain university privileges and benefits require a minimum course load. It is the student's responsibility to verify the minimum course load necessary for these privileges and benefits.

## Student Work

The Rinker School reserves the right to retain all student work for the purpose of record, exhibition or instruction.

## Probation and Dismissal

Students who do not make satisfactory academic progress will be excluded from further registration.

Students who receive a failing grade in a BCN course will be dismissed if they subsequently receive a failing grade in the same course.

Students failing two or more BCN courses in any semester will be dismissed.

## Student Responsibility

Before enrolling, it is the student's responsibility to review and consider all pertinent information about the university and the school. Special attention must be paid to required documentation, degree requirements and deadlines.

## Waiver of Liability

Several courses require field trips. All students must sign a waiver of liability and a hold harmless agreement as a prerequisite to admission to the School of Construction Management. In addition, student organizations are represented at conferences, seminars and projects outside of campus. A separate, similar waiver will be used for students who participate in these voluntary activities.

## Admission to Construction Management

Admission to CM is *selective* and is given to those applicants whose potential indicates the greatest likelihood of success in the program.

### All Students

- The school has limited admission. An applicant's satisfaction of minimum requirements does not guarantee admission. The school has established a selective process for admission and only a limited number of new students are accepted each fall and spring term. No distinction is made between internal and external transfers. Students may apply only twice to upper division.
- Students must attain a minimum 2.50 GPA in construction management prerequisite coursework and have an overall 2.50 GPA for all freshman and sophomore work required for a baccalaureate degree in construction management.
- Students must submit SAT or ACT scores, which will be evaluated for admission selection. Students are ranked and admitted based on an evaluation of their construction management prerequisite coursework and their SAT or ACT scores.
- Students must submit a personal statement outlining their reasons for applying to the Rinker School. Consideration is also given to the number of preprofessional courses remaining, as well as to the applicant's letter of intent, work experience, personal references and participation in student organizations and community events.
- Students must complete two sequential courses of foreign language in secondary school, 8-10 credits at the postsecondary level or document an equivalent level of proficiency.

### Transfer Students

Students attending four-year colleges should follow a program of general education and preprofessional courses equivalent to the basic curriculum for entry to the Rinker School.

Junior college and public college students must meet the following requirements:

- Complete the university transfer program at the junior college.
- Complete the AA degree.
- Complete all prerequisite general education and preprofessional courses, or acceptable substitutes.
- Meet with an academic advisor in the Rinker School before applying to upper division.
- Can transfer up to 15 credits from another ACCE accredited four-year program.

## Admission to Fire and Emergency Services

### All Students

- An Associate of Arts degree from a Florida state college -OR- 60+ transferrable credits from a regionally accredited college or university (may require additional coursework to satisfy the state of Florida general education requirements).

- A minimum 2.30 GPA in fire and emergency services prerequisite coursework and have an overall 2.30 GPA for all freshman and sophomore work required for a baccalaureate degree in fire and emergency services.
- Complete two sequential courses of foreign language in secondary school, 8-10 credits at the postsecondary level or document an equivalent level of proficiency.
- Credits beyond the 60 required for admission to the school will not reduce the number of credits to be completed in the junior and senior years to earn a degree. These courses may not be accepted for equivalent credit.
- Travel may be required

## Transfer Students

Students attending four-year colleges should follow a program of general education and preprofessional courses equivalent to the basic curriculum for entry to the school.

Junior college and public college students should:

- Complete the university transfer program at the junior college.
- Complete the AA degree.
- Complete all prerequisite general education and preprofessional courses, or acceptable substitutes.

## Degree Requirements

Seniors must file a formal application for degree on ONE.UF (<https://one.uf.edu/>) by the deadline (p. 1795), which is early in the semester in which they expect to receive the degree.

To receive the Bachelor of Science in Construction Management, a student must complete all of the following satisfactorily:

- Complete 64 credits of construction management prerequisite requirements.
- Complete the approved program in construction management, consisting of 61 credits of 3000/4000-level coursework taken in the junior/senior years.
- Attain a minimum 2.0 overall GPA.
- Attain a minimum 2.0 GPA on all 3000/4000-level degree requirements.
- A minimum of 125 credits is required for graduation. The waiving of any required course does not reduce the credits required for graduation.

## Degree Requirements for Fire and Emergency Services

Seniors must file a formal application for degree on ONE.UF (<https://one.uf.edu/>), by the deadline (p. 1795), which is early in the semester in which they expect to receive the degree.

To receive the Bachelor of Science in Fire and Emergency Services, a student must complete all of the following satisfactorily:

- Complete the approved program in fire and emergency services, consisting of 60 credits of 3000/4000-level coursework taken in the junior/senior years.
- Attain a minimum 2.0 overall GPA.
- Complete a minimum of 120 credits. The waiving of any required course does not reduce the credits required for graduation.

Graduating with Honors (p. 1717)

- **Contact:** 352.273.1180 | 304 Rinker Hall (<http://campusmap.ufl.edu/?loc=0272>)

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

The mission of the M. E. Rinker, Sr. School of Construction Management is to be the center of excellence for construction. The Rinker School will pursue this by promoting professional and ethical behavior in education and practice, advancing the industry by creating new knowledge through research and scholarly activities, educating individuals in principles, knowledge, and skills required to be successful in their professional careers, and providing service and transferring knowledge to the citizens of Florida, the construction industry, professional societies, the nation, and the world.

## Curriculum

- Combination Degrees
- Construction Management
- Construction Management Certificate
- Emergency Management Certificate
- Emergency Medical Services Management Certificate
- Fire and Emergency Services UF Online
- Senior Fire Officer Certificate

Opportunities for advancement and increasing responsibility exist in all areas of the construction industry, including land development; home building; public building; industrialized building systems; commercial, industrial, marine and heavy construction; underwater development; space-age facilities; materials and equipment sales and installations; and construction product research, development, sales and applications.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 3 of 9 critical-tracking courses: ACG 2021, BCN 1210, BCN 1251C (or ARC 1301 and ARC 1302), BCN 2405C, BUL 4310, ECO 2013 or ECO 2023, ENC 3254, STA 2023, PHY 2053/PHY 2053L
- 2.35 UF GPA required

## Semester 2

- Complete 1 additional critical-tracking course
- 2.4 UF GPA required

## Semester 3

- Complete 2 additional critical-tracking courses
- 2.45 UF GPA required

## Semester 4

- Complete 3 additional critical-tracking courses
- 2.5 GPA on all attempts of critical-tracking courses
- 2.5 UF GPA required

## Semester 5

- Complete BCN 3730

## Semester 6

- Complete BCN 3700

## Semester 7

- Complete BCN 4612C

## Semester 8

- Complete BCN 4787C

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
BCN 1210	Construction Materials ( <b>Critical Tracking</b> ) <sup>2</sup>	3
DCP 1003 or BCN 1001	Creating our Built Environment or Introduction to Construction Management	1
ENC 1101	Expository and Argumentative Writing (State Core Gen Ed Composition (p. 67)) <sup>1, 2</sup>	3
PHY 2053 & 2053L	Physics 1 and Laboratory for Physics 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Physical Sciences) <sup>2</sup>	5
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	3
<b>Credits</b>		<b>15</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
Select one:		4
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; State Core Gen Ed Social and Behavioral Sciences)	
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> )	
Select one:		3
AML 2070	Survey of American Literature (Gen Ed Composition) <sup>2</sup>	
ENC 1102	Argument and Persuasion (Gen Ed Composition) <sup>2</sup>	
LIT 2110	Survey of World Literature: Ancient to Renaissance (Gen Ed Composition) <sup>2</sup>	
Gen Ed Physical Sciences <sup>2</sup>		3
Any SPN course, SPC course, COM course, or General Education course		3
<b>Credits</b>		<b>16</b>
<b>Semester Three</b>		
Quest 2 (Gen Ed Physical or Biological Sciences OR Gen Ed Social and Behavioral Sciences)		3
BCN 1251C	Construction Drawing ( <b>Critical Tracking</b> )	3

BCN 2405C	Construction Mechanics ( <b>Critical Tracking</b> ) <sup>2</sup>	4
MAC 2311	Analytic Geometry and Calculus 1 (Gen Ed Mathematics) <sup>2</sup>	4
or MAC 2233	or Survey of Calculus 1	
State Core Gen Ed Humanities with Diversity (p. 67)		3
<b>Credits</b>		<b>17</b>
<b>Semester Four</b>		
ACG 2021	Introduction to Financial Accounting ( <b>Critical Tracking</b> )	4
BUL 4310	The Legal Environment of Business ( <b>Critical Tracking</b> )	4
ENC 3254	Professional Writing in the Discipline ( <b>Critical Tracking</b> ; Gen Ed Composition) <sup>2</sup>	3
Any SPN course, SPC course, COM course, or General Education course or BCN 1582		3
<b>Credits</b>		<b>14</b>
<b>Semester Five</b>		
BCN 3027C	Principles of Construction Management	3
BCN 3224C	Construction Techniques	3
BCN 3255C	Graphic Communication in Construction	3
BCN 3431C	Structures	3
BCN 3730	Construction, Safety, Health and the Environment ( <b>Critical Tracking</b> )	3
<b>Credits</b>		<b>15</b>
<b>Semester Six</b>		
BCN 3223C	Soils and Concrete	3
BCN 3521C	Electrical Systems	2
BCN 3611C	Construction Estimating 1	3
BCN 3700	Construction Contracts ( <b>Critical Tracking</b> )	3
MAN 3025	Principles of Management (Gen Ed Social and Behavioral Sciences)	4
BCN elective		3
<b>Credits</b>		<b>18</b>
<b>Semester Seven</b>		
BCN 4423C	Temporary Structures	3
BCN 4510C	Mechanical Systems	4
BCN 4612C	Construction Estimating 2 ( <b>Critical Tracking</b> )	3
BCN 4720	Construction Planning and Control	3
BCN elective		3
<b>Credits</b>		<b>16</b>
<b>Semester Eight</b>		
BCN 3281C	Construction Methods Laboratory (Surveying)	2
BCN 4709C	Construction Project Management	3
BCN 4787C	Construction Capstone Project ( <b>Critical Tracking</b> )	3
BCN 4753	Construction Finance	3
Elective (BCN or approved)		3
<b>Credits</b>		<b>14</b>
<b>Total Credits</b>		<b>125</b>

<sup>1</sup> If you place out of ENC 1101, take ENC 1102.

<sup>2</sup> Minimum grade of C required.

## Residential Option

Building construction students may graduate with a residential option if they choose the option by registration for semester 6.

### Required Electives

Code	Title	Credits
Select one:		
REE 4303	Real Estate Investment Decision Making	
BCN 4237	Roofing Systems	
BCN 4787C	Construction Capstone Project (a residential project)	3

## Combination BS/MSCM and BS/MCM Degree Programs

The combination-degree programs require the same freshman, sophomore and junior course requirements as the B.S.C.M. program. The senior-year courses vary, as follows:

Course	Title	Credits
<b>Semester Seven</b>		
BCN 4423C	Temporary Structures	3
BCN 4510C	Mechanical Systems	4
BCN 4612C	Construction Estimating 2	3
BCN 4720	Construction Planning and Control	3
Graduate-level elective		3
	<b>Credits</b>	<b>16</b>
<b>Semester Eight</b>		
BCN 3281C	Construction Methods Laboratory (Surveying)	2
BCN 4753	Construction Finance	3
BCN 5705C	Project Management for Construction	3
BCN 5789C	Construction Project Delivery	3
Graduate-level elective		2
	<b>Credits</b>	<b>13</b>
	<b>Total Credits</b>	<b>29</b>

### Summary

Code	Title	Credits
Fifth Year Additional Credits for MSCM		18
Total Credits for MSCM		143
Fifth Year Additional Credits for MCM		24
Total Credits for MCM		149

### Academic Learning Compact

The Bachelor of Science in Construction Management prepares students for a career in the construction industry.

## Before Graduating Students Must

- Pass the performance based capstone course utilizing Construction Project Simulation.
- Successfully utilize and interpret the Florida Building Code in classroom tests and reports.
- Satisfy formal presentation requirements; attend field trips and submit reports for them that demonstrate proficiency in writing professional memos and letters.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Interpret knowledge of engineering, materials, methods, equipment and processes to safely construct buildings and structures.
2. Survey and quantify building components to estimate project costs, analyze progress and control expenditures.

#### Critical Thinking

3. Create an effective planning, scheduling and control system by identifying, evaluating and organizing the diverse elements of a construction project.
4. Set up and manage project administration and management systems to efficiently document and monitor the construction process.

#### Communication

5. Describe technical and financial data effectively in speech and in writing to all stakeholders in the construction process.

## Curriculum Map

## Assessment Types

- Exams
- Writing assignments
- Presentations
- The American Institute of Constructors (AIC) Level 1: Associate Constructor's exam, the first step toward AIC Professional Constructor Certification

## Construction Management Certificate

The Construction Management certificate is intended for seniors enrolled in construction-related programs (e.g., civil engineering) in universities other than UF wherein students spend one semester at UF completing four construction management courses.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **School:** M.E. Rinker, Sr. School of Construction Management (p. 583)
- **Credits:** 12 | Completed with minimum grades of C or better and a combined grade average of 2.50 from all courses
- **Contact:** 352.273.1180 | 304 Rinker Hall (<http://campusmap.ufl.edu/?loc=0272>)
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## School Information

The mission of the M. E. Rinker, Sr. School of Construction Management is to be the center of excellence for construction. The Rinker School will pursue this by promoting professional and ethical behavior in education and practice, advancing the industry by creating new knowledge through research and scholarly activities, educating individuals in principles, knowledge, and skills required to be successful in their professional careers, and providing service and transferring knowledge to the citizens of Florida, the construction industry, professional societies, the nation, and the world.

## Curriculum

- Combination Degrees
- Construction Management
- Construction Management Certificate
- Emergency Management Certificate
- Emergency Medical Services Management Certificate
- Fire and Emergency Services UF Online
- Senior Fire Officer Certificate

## Prerequisites

- A senior enrolled in an undergraduate degree program in a construction-related field (e.g., civil engineering) reviewed and approved by the school's faculty.
- Demonstrated English communication skills.
- Students from non-exempt countries must demonstrate proficiency in English by providing TOEFL or TSE scores.

## Required Courses

*Students will be awarded the certificate if they complete four of the following upper-division construction management courses with a combined GPA of 2.5 or better and a 2.0 or better in each course.*

Code	Title	Credits
Select four:		12
BCN 3224C	Construction Techniques	
BCN 3240C	Equipment and Methods for Heavy/Highway Construction	
BCN 3255C	Graphic Communication in Construction	
BCN 3611C	Construction Estimating 1	
or BCN 5618C	Comprehensive Estimating	
BCN 3730	Construction, Safety, Health and the Environment	
or BCN 5737	Advanced Issues in Construction Safety and Health	
BCN 4709C	Construction Project Management	
or BCN 5705C	Project Management for Construction	
BCN 4720	Construction Planning and Control	
or BCN 5722	Advanced Construction Planning and Control	
<b>Total Credits</b>		<b>12</b>

## Emergency Management Certificate

This certificate focuses on the management and communication skills necessary for working professionals in the emergency management industry.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **School:** M.E. Rinker, Sr. School of Construction Management (p. 583)
- **Credits:** 15, with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Curriculum

- Combination Degrees
- Construction Management
- Construction Management Certificate
- Emergency Management Certificate
- Emergency Medical Services Management Certificate
- Fire and Emergency Services UF Online
- Senior Fire Officer Certificate

The program specializations offer the student the ability to focus their degree in three different aspects of the emergency services industry. The program prepares the graduates for advancement in the ranks for the fire service, EMS and emergency management. In addition, graduates can find jobs at the local, state and national level of government, insurance companies, industry, and other areas. Students may apply to the university at the junior year after earning the Associate of Arts degree from a Florida state college or other regionally accredited academic institution. Freshman and sophomore coursework will be taken at a Florida state or public college or other regionally accredited academic institution.

After being accepted, students can pursue a Bachelor of Science without moving to Gainesville. Coursework for the junior and senior years will be offered via electronic distance learning, and UF faculty will teach and advise students in the program.

Students need access to a personal computer capable of connecting to the Internet.

## Course requirements for the Degree

The BS degree is for students with different professional objectives. All students, regardless of specialization, are required to take FES 3015 as their opening course.

Each specialization has a specific set of required core courses required courses and electives of upper-division courses that represent important interdisciplinary topic areas. Core courses provide students with the knowledge and fundamental concepts essential to the specialization. The required courses are designed to be applicable across all specializations. The electives allow the students to select courses that meet their career interest. Upper-division courses are designed to build knowledge, competency and skills applicable to professional development.

Students should meet with an advisor as early as possible in their academic careers to choose their specialization and to plan their course of study.

## Coursework

### Fire Management

Code	Title	Credits
<b>Core Coursework by Specialization</b>		
FES 3004	Political and Legal Foundations of Fire Protection	3
FES 3533	Community Risk Reduction for Emergency Services	3
FES 3782	Applications of Fire Research	3
FES 4003	Fire and Emergency Services Administration	3
FES 4045	Fire and Emergency Services Human Resource Management	3
FES 4585	Management of Fire Prevention Programs	3
FES 3815	Command and Control at Catastrophic Fire-Rescue Incidents	3
<b>Total Credits</b>		<b>21</b>

### EMS Management

Code	Title	Credits

### Academic Learning Compact

The School of Construction Management offers an accessible Bachelor of Science program for members of the fire and emergency services. This degree program is designed to build on students' experience in the fire service and to add the academic substance to prepare students to lead public or private sector fire and emergency service units.

## Before Graduating Students Must

- Demonstrate ability in management, labor issues and operations.
- Demonstrate ability in services related to medical, disaster and human resources.
- Demonstrate ability in public relations, ethical practices and leadership.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify and evaluate organizational problems associated with fire and emergency services.
2. Identify and demonstrate proper knowledge and use of comprehensive emergency management/command and control skills in major catastrophic incidents in fire and emergency services.
3. Illustrate knowledge and legal application of safety, health and environmental regulations at state and federal levels.

#### Critical Thinking

4. Demonstrate effective leadership behavior and skills in fire and emergency services.
5. Properly address issues of management, code regulations and the labor market in fire and emergency services.

#### Communication

6. Demonstrate strong verbal and written communication skills for leadership in fire and emergency services.

## Curriculum

- Combination Degrees
- Construction Management
- Construction Management Certificate
- Emergency Management Certificate
- Emergency Medical Services Management Certificate
- Fire and Emergency Services UF Online
- Senior Fire Officer Certificate

The program specializations offer the student the ability to focus their degree in three different aspects of the emergency services industry. The program prepares the graduates for advancement in the ranks for the fire service, EMS and emergency management. In addition, graduates can find jobs at the local, state and national level of government, insurance companies, industry, and other areas. Students may apply to the university at the junior year after earning the Associate of Arts degree from a Florida state college or other regionally accredited academic institution. Freshman and sophomore coursework will be taken at a Florida state or public college or other regionally accredited academic institution.

After being accepted, students can pursue a Bachelor of Science without moving to Gainesville. Coursework for the junior and senior years will be offered via electronic distance learning, and UF faculty will teach and advise students in the program.

Students need access to a personal computer capable of connecting to the Internet.

## Course requirements for the Degree

The BS degree is for students with different professional objectives. All students, regardless of specialization, are required to take FES 3015 as their opening course.

Each specialization has a specific set of required core courses required courses and electives of upper-division courses that represent important interdisciplinary topic areas. Core courses provide students with the knowledge and fundamental concepts essential to the specialization. The required courses are designed to be applicable across all specializations. The electives allow the students to select courses that meet their career interest. Upper-division courses are designed to build knowledge, competency and skills applicable to professional development.

Students should meet with an advisor as early as possible in their academic careers to choose their specialization and to plan their course of study.

## Academic Learning Compact

The School of Construction Management offers an accessible Bachelor of Science program for members of the fire and emergency services. This degree program is designed to build on students' experience in the fire service and to add the academic substance to prepare students to lead public or private sector fire and emergency service units.

## Before Graduating Students Must

- Demonstrate ability in management, labor issues and operations.
- Demonstrate ability in services related to medical, disaster and human resources.
- Demonstrate ability in public relations, ethical practices and leadership.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify and evaluate organizational problems associated with fire and emergency services.
2. Identify and demonstrate proper knowledge and use of comprehensive emergency management/command and control skills in major catastrophic incidents in fire and emergency services.
3. Illustrate knowledge and legal application of safety, health and environmental regulations at state and federal levels.

#### Critical Thinking

4. Demonstrate effective leadership behavior and skills in fire and emergency services.
5. Properly address issues of management, code regulations and the labor market in fire and emergency services.

#### Communication

6. Demonstrate strong verbal and written communication skills for leadership in fire and emergency services.

# Emergency Medical Services Management

The Fire and Emergency Services degree program is designed to add the academic substance to prepare graduates to lead public or private sector fire, EMS, and emergency management. Students earn a bachelor of science with the ability to specialize in fire, emergency medical services management, or emergency management.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **School:** M.E. Rinker, Sr. School of Construction Management (p. 583)
- **Degree:** Bachelor of Science in Fire and Emergency Services
- **Specializations:** Fire Management (p. 606) | Emergency Medical Services Management (p. 602) | Emergency Management (p. 597)
- **Credits for Degree:** 120
- **Contact:** 1.855.99GATOR
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

The mission of the M. E. Rinker, Sr. School of Construction Management is to be the center of excellence for construction. The Rinker School will pursue this by promoting professional and ethical behavior in education and practice, advancing the industry by creating new knowledge through research and scholarly activities, educating individuals in principles, knowledge, and skills required to be successful in their professional careers, and providing service and transferring knowledge to the citizens of Florida, the construction industry, professional societies, the nation, and the world.

## Academic Learning Compact

The School of Construction Management offers an accessible Bachelor of Science program for members of the fire and emergency services. This degree program is designed to build on students' experience in the fire service and to add the academic substance to prepare students to lead public or private sector fire and emergency service units.

## Before Graduating Students Must

- Demonstrate ability in management, labor issues and operations.
- Demonstrate ability in services related to medical, disaster and human resources.
- Demonstrate ability in public relations, ethical practices and leadership.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify and evaluate organizational problems associated with fire and emergency services.
2. Identify and demonstrate proper knowledge and use of comprehensive emergency management/command and control skills in major catastrophic incidents in fire and emergency services.
3. Illustrate knowledge and legal application of safety, health and environmental regulations at state and federal levels.

#### Critical Thinking

4. Demonstrate effective leadership behavior and skills in fire and emergency services.
5. Properly address issues of management, code regulations and the labor market in fire and emergency services.

#### Communication

6. Demonstrate strong verbal and written communication skills for leadership in fire and emergency services.

## Assessment Types

- Exams
- Final papers

## Senior Fire Officer Certificate

This certificate focuses on the management and communication skills necessary for working professionals in the fire and emergency services industry.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **School:** M.E. Rinker, Sr. School of Construction Management (p. 583)
- **Credits:** 18 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## School Information

The mission of the M. E. Rinker, Sr. School of Construction Management is to be the center of excellence for construction. The Rinker School will pursue this by promoting professional and ethical behavior in education and practice, advancing the industry by creating new knowledge through research and scholarly activities, educating individuals in principles, knowledge, and skills required to be successful in their professional careers, and providing service and transferring knowledge to the citizens of Florida, the construction industry, professional societies, the nation, and the world.

## Design, Construction and Planning, College of

Established in 1925, the College of Design, Construction and Planning (DCP) is one of the largest such institutions in the country with more than 1,500 students. In addition to on-going projects that advance both scholarly study and professional practice, DCP contributes to community, state, regional and national efforts to conserve and improve the quality of the natural and built environments.

### Academic Advising

331 Architecture Building  
352.392.4863

## Established

1925. Today it is one of the largest design, planning and construction institutions in the country with more than 1,500 students.

## Location

Academic programs and other resources are located in three campus buildings:

- The Architecture Building  
Map (<http://campusmap.ufl.edu/#/index/0268>)
- The Fine Arts Complex (FAC)  
Map (<http://campusmap.ufl.edu/#/index/0598>)
- Rinker Hall  
Map (<http://campusmap.ufl.edu/#/index/0272>)

Off-campus facilities are located in Vicenza, Italy, and Nantucket Island.

## Schools and Departments

- School of Architecture
- Department of Interior Design

- Department of Landscape Architecture
- Department of Urban and Regional Planning
- M.E. Rinker Sr. School of Construction Management

## Accredited

The following academic programs are accredited by the respective professional organizations of each unit.

### Architecture

National Architectural Accrediting Board  
1101 Connecticut Ave NW STE 410  
Washington, DC 20036

### Construction Management

American Council for Construction Education  
825 W. Bitters Road, STE 103  
San Antonio, Texas 78216

### Interior Design

Council for Interior Design Accreditation  
206 Grandville Ave., STE 350  
Grand Rapids, MI 49503-2822

### Landscape Architecture

American Society of Landscape Architects  
636 Eye St., NW  
Washington, DC 20001-3736

### Urban and Regional Planning

Planning Accreditation Board  
2334 W. Lawrence Ave STE 209  
Chicago, IL 60625

## Academic Advising

The college's advising center in 331 Architecture Building provides academic advising to undergraduate students in architecture, interior design, landscape architecture, and sustainability and the built environment.  
Map (<http://campusmap.ufl.edu/#/index/0268>)

Undergraduate students in the Rinker School of Construction Management should report to 301 Rinker Hall for academic advising.  
Map (<http://campusmap.ufl.edu/#/index/0272>)

## Scholarships

Scholarships within the college are available to students in the upper-division and graduate professional programs.

## Guidance

Internships vary by academic unit. Consult the academic unit regarding its requirements for internships. The academic unit and the dean's office (331 ARCH) provide career guidance.  
More Info (<http://www.dcp.ufl.edu/faculty/>)

Students considering application to the college should anticipate expenditures for computers, travel, equipment and tools essential to their education as design, planning and construction professionals. For further information, contact the appropriate department/school.

## Helpful Links

- College Website (<https://dcp.ufl.edu/>)

- Dean's List (p. 1716)

## Academic Policies

### Admission Requirements

Admission to this college is selective and cannot be guaranteed to applicants who satisfy minimum requirements. The college has established a selective admission process and priority is given to those applicants who, in the judgment of the appropriate department/school's admissions committee, have the greatest potential for successful completion of the program.

### Admission Protocols for Native UF Students

Freshmen at the university are admitted directly into architecture, construction management, interior design, landscape architecture and sustainability and the built environment programs.

The college will monitor the progress of all students. Students who fall below the critical-tracking criteria for the degree program will have a hold placed on their records. They must see an advisor in the college/academic unit before they can advance register and continue in the program. They also may be referred to the Academic Advising Center to seek admission to another college.

### Admission Protocols for Transfer Students *without* Coursework in Architecture, Interior Design and Landscape Architecture

Conditional admission is open to applicants who have:

- Accumulated 60 credits of college-level coursework (for university transfer only) or earned the AA degree (Florida public state college transfer students only),
- Completed two sequential foreign language courses in secondary school or 8-10 credits at the postsecondary level (or documented an equivalent level of proficiency), and
- Met the general admissions criteria, yet still need to complete first-year and second-year preprofessional courses.
  - Summer A is the primary semester for transfer admission for students without architecture or interior design prerequisites.
  - Fall is the primary entry semester for landscape architecture.
  - Transfer students without preprofessional courses are admitted conditionally and will be reviewed for selective admission into the third year of the program upon completion of the preprofessional courses, review of their academic performance and portfolio of work. These students may require as many as four semesters at the university to complete preprofessional requirements because of the sequential nature of the courses.

Each department/school may consider any or all of the following for admissions review:

- Architecture: Completion of MAC 1147 (or MAC 1140 and MAC 1114), PHY 2004 or PHY 2053
- Interior Design: Completion of MAC 1147 (or MAC 1140 and MAC 1114), PHY 2004 or PHY 2053, ARH 2051
- Landscape Architecture: Completion of MAC 1147 (or MAC 1140 and MAC 1114), BOT 2010C or BSC 2005
- Preprofessional GPA
- Achievements in preprofessional courses and/or courses related to the chosen plan of study
- Portfolio review or pin-up (design students)

### Admission Protocols for Transfer Students in the Sustainability and the Built Environment Program

Conditional admission is open to applicants who have:

- Accumulated 60 credits of college-level coursework (for university transfer only) or earned the AA degree (Florida public state colleges and universities)
- Completed the standard online UF transfer application
- Completed two sequential foreign language courses in secondary school or 8-10 credits at the postsecondary level (or documented an equivalent level of proficiency)
- Completed ECO 2013, ECO 2023, MAC 1147 (or MAC 1140 and MAC 1114) and STA 2023 with minimum grades of C
- Achieved an overall minimum GPA of 3.0

### Admission Protocols for Transfer Students with Coursework in Architecture, Interior Design or Landscape Architecture

Transfer students who will receive their Associate of Arts degree from a Florida public institution must meet or exceed the 60-credit admission protocols for admission to the college. The admission protocols for each department follow below:

## Architecture Upper-Division Transfer

Any student who has earned an Associate of Arts degree in the course of completing a two-year pre-architecture program at one of the Florida public state colleges and universities (Broward College, Hillsborough College, Indian River College, Miami-Dade College, Palm Beach College, St. Petersburg College, Valencia College) can apply for admission into the UF Bachelor of Design program's upper division.

Both UF and Florida state college applicants for upper-division placement are ranked competitively according to overall grade point average, architectural grade point average and faculty evaluation of design studio work in the annual Pin-Up Exhibits (all calculated by UF standards) to determine whether or not they qualify for placement into UF's upper-division Bachelor of Design curriculum.

*All applicants must apply to the university's Office of Admissions by the deadline to qualify for admission to the School of Architecture.*

This is in addition to sending the School of Architecture the Notice to Pin Up by the deadline.

Students wishing to transfer from an institution with some design and related preprofessional courses may present a portfolio of work to the school for review and placement. Students will be placed in the program the committee determines is appropriate, which may necessitate a repeat of previous coursework.

## Interior Design

Transfer students must contact the department to determine admission timing and eligibility. All students must complete general education and preprofessional coursework before admission to professional studies. Criteria for admission include review of design performance, transcript, letter and interview.

Students who need to complete preprofessional requirements should apply to the Summer A term to begin the required tracking courses. The remaining preprofessional courses may be completed during the next academic year. Students accepted for the sequence are admitted conditionally and their records will be reviewed during the next spring term for entry into professional courses in the junior year.

Students are admitted selectively to the professional program on the basis of portfolio review, overall grade point average, interview and letter of application. Notification of the admission decision will be made before the end of the spring semester for the junior class that begins that fall. Contact the department for current information.

## Landscape Architecture

Transfer students must contact the department to determine admission timing and eligibility. All students must complete general education and preprofessional coursework before admission to professional studies. Criteria for admission include review of design performance, transcript, letter and interview.

## Construction Management

Refer to the M.E. Rinker, Sr. School of Construction Management (p. 583).

## Application Deadlines

More Info (<http://www.admissions.ufl.edu/ugrad/trappdates.html>)

The programs in architecture, interior design and landscape architecture will admit students for third-year professional coursework only in the fall semester. Students who need to complete some or all of the preprofessional requirements shall be reviewed for the fall and Summer A semesters only.

The programs in building construction and fire and emergency services in the M.E. Rinker, Sr. School of Construction Management will admit students for third-year professional coursework in the fall and spring semesters.

The Office of Admissions (for transfer students) or the college dean's office (for UF students) must receive applications and all required credentials by the college/school application deadlines.

## College Regulations

Dean's List (p. 1716)

## Field Trips

There are required field trips to give students an opportunity to broaden and expand their educational experience through study of planning, design, construction and sustainability projects. Students may also be required to attend state and national professional meetings.

## Maximum and Minimum Loads

A normal load is 14-16 credits per semester. A student may be permitted to register for more than 17 credits when the advisor feels the student's record justifies it.

The minimum is 12 credits for full-time status; students who wish to take fewer credits should be aware that certain university privileges and benefits require full-time status. It is the student's responsibility to verify the minimum academic load necessary.

Students who seek an adjustment to their academic load may petition the dean through the director of student services and the appropriate department chair.

While the preprofessional and professional course sequence must be maintained, variation of general education and elective coursework may occur. The four-year plans shown require an average of more than 16 credits per term, which may not be appropriate for all students. Students should plan their curricula well in advance so the course sequence and credit loads will accommodate the most effective academic progress, regardless of the number of terms required.

## Practical Experience

Before graduating, students should get experience in the employment of practicing professionals in their field or in some allied profession. Such employment provides an introduction to the methods of actual practice and enables the student to derive increased benefit from advanced work in school. Students should contact their advisor for recommended or required practical experience.

## Student Work

The college can retain student work for the purpose of record, accreditation, exhibition or instruction. Work produced while the student is enrolled in the college is the property of the college.

## Degree Requirements

To be eligible for graduation, students must earn a 2.0 minimum overall grade point average and a 2.0 grade point average for all work attempted in the college. Students planning to enter the Graduate School must maintain a 3.0 average in the junior and senior years.

Graduating with Honors (p. 1717)

## Programs

### MAJORS

---

## Architecture

A student's creativity and individuality are rewarded in the School of Architecture's studio-based learning experience. Students benefit from the close student-to-teacher ratios and a true interdisciplinary learning environment.

### About this Program

- **College:** Design, Construction and Planning (p. 611)
- **Degree:** Bachelor of Design | *B.Des.*, a preprofessional degree
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### School Information

The School of Architecture recognizes design as a synthesis of thinking, analyzing and making — an iterative process that engages, issues of space, historical precedent, sustainability, ecology, urbanity, landscape, built-form, and construction toward innovation. The School of Architecture is uniquely positioned to respond to these issues by deploying studio based design methodologies in collaboration with a new generation of experts in engineering, ecology, business, anthropology, energy, fine arts, medicine, and construction.

**Website** (<https://dcp.ufl.edu/architecture/>)

## CONTACT

Email ([mmcgloth@ufl.edu](mailto:mmcgloth@ufl.edu)) | 352.294.1477

P.O. BOX 115702

331 ARCHITECTURE BUILDING

1480 Inner Road

GAINESVILLE FL 32611-5702

Map (<http://campusmap.ufl.edu/#/index/0268>)

## Curriculum

- Architecture

Many students supplement their education with study-abroad and off-site learning opportunities in Vicenza, Asia, Mexico, Nantucket and more. An extensive library, modern computer labs, woodshop, 3D fabrication lab and beautiful college environment facilitate creativity. Students regularly exhibit their models and drawings in the college's gallery.

The studio sequence progressively and thoroughly explores various formal, conceptual and technical considerations and how they interrelate in the creation of space. The ideas and experience that students gain in design studio are reinforced and amplified by support courses in history, theory, structural tectonics, building technology and construction materials and methods.

Field trips to broaden and expand students' educational experience are required and will be paid for by students. Students may also be required to attend state and national professional meetings.

The School of Architecture's preprofessional Bachelor of Design program prepares students for graduate school studies toward the accredited two-year Master of Architecture degree or for jobs in private practice.

## National Architectural Accrediting Board

Most states require architects to hold accredited degrees. Two types of degrees accredited by the National Architectural Accrediting Board (NAAB) are the Bachelor of Architecture (5 years) and the Master of Architecture (1, 2 or 3 years depending on institution). Both degrees are structured for registration and licensure. UF's four-year preprofessional degree is not accredited by the NAAB; the two-year Master of Architecture degree is an accredited degree.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete DCP 1003 in Semester 1 or 2 <sup>1</sup>
- Complete ARC 1301 and ARC 1701
- 2.75 UF GPA required

## Semester 2

- Complete DCP 1003, if not completed in Semester 1 <sup>1</sup>
- Complete ARC 1302 and ARC 1702
- 2.75 UF GPA required

## Semester 3

- Complete ARC 2490C ARC 2201, ARC 2303
- Complete MAC 1147 or PHY 2053
- 2.75 UF GPA required

## Semester 4

- Complete ARC 2304 and ARC 2491C
- Complete MAC 1147 and PHY 2053

- Complete pin-up requirement
- 2.75 UF GPA required

## Semester 5

- Complete ARC 3320, ARC 3492C, and ARC 3743

## Semester 6

- Complete ARC 3321 and ARC 3493C

## Semester 7

- Complete ARC 4322 and ARC 4494C

## Semester 8

- Complete ARC 4323

<sup>1</sup> Summer transfer students should complete DCP 1003 by Semester 4.

### Model Semester Plan

Students are required to complete a Quest 1 course in semester 1 or 2, and a Quest 2 course in semester 3 or 4.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
ARC 1301	Architectural Design 1 ( <b>Critical Tracking</b> )	4

<b>Credits</b>		<b>15</b>
<b>Semester Eight</b>		
Select one:		3
ARC 4310C	Building Information Modeling <sup>2</sup>	
Elective <sup>3</sup>		
ARC 4323	Architectural Design 8	6
State Core Gen Ed; Writing Requirement		3
Elective <sup>3</sup>		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> The School of Architecture requires students to complete MAC 1147 and PHY 2053 before Semester 5. Due to the rigorous nature of design studio, students should complete these courses during the Summer semesters. MAC 2233 is recommended before graduating because of the admissions requirements of some graduate programs.

<sup>2</sup> The School of Architecture strongly recommends taking ARC 4310C as part of Semester 8, as BIM systems have become commonplace within the architecture profession.

<sup>3</sup> Any 3000-level or higher academic course, any 1000-level or higher foreign language where the student is not a native speaker and where the course is taken at an SUS institution, or any course sequence toward a minor.

*This program is limited access. At the end of semester 4, students will be selected according to a competitive ranking of all applicants by overall GPA, architectural GPA and faculty evaluation of design quality in the annual pin-up exhibits.*

## Academic Learning Compact

The Bachelor of Design requires students to demonstrate and to understand the creative design process and associated skills as they relate to problem solving and spatial organization. Students will develop skills in spatial design, graphic communication, materials, technology and environmental issues. Programs analyze existing and projected examples of build form, define fundamental principles and knowledge of the discipline, develop students' skills in the formation and projection of spatial experience and relate creativity to cultural and physical environment.

## Before Graduating Students Must

- Follow and achieve national accreditation (NAAB) guidelines for terminal project and portfolio assessments.
- Receive acceptable review and assessment of studio work from faculty, industry professionals and peers.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Implement a creative and synthetic design process to produce unique and appropriate architectural proposals.
2. Create presentations utilizing appropriate disciplinary vocabulary and graphic skills that support design methodologies.
3. Acquire, interpret and analyze information as the basis for design proposals.

#### Critical Thinking

4. Communicate about the discipline to a variety of audiences using a variety of formats and approaches.
5. Acquire skills in drawing, electronic imaging, materials and environmental issues.

#### Communication

6. Create conceptually clear and expressive design proposals based on appropriate prioritization of issues, thoughtful analysis of project parameters and critical reflection of schematic ideas.
7. Produce designs built upon the relationship between human behavior and perception in relation to the built environment.

# Interior Design

Consistently positioned as a leader nationally, the Interior Design program is recognized as an excellent major for students with strong creative and analytical skills who are self-motivated and work well in teams.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **Degree:** Bachelor of Design
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Interior Design engages in research and creative scholarship with expertise in technology, design, communication, sustainability, lighting, history, and materials. The department's newest ventures involve virtual reality (VR).

**Website** (<https://dcp.ufl.edu/interior/>)

## CONTACT

Email ([mmatchkie@dcp.ufl.edu](mailto:mmatchkie@dcp.ufl.edu)) | 352.294.1430

P.O. Box 115705  
1480 Inner Road  
ARCHITECTURE BUILDING, OFFICE 331  
GAINESVILLE FL 32611-5701  
Map (<http://campusmap.ufl.edu/#/index/0268>)

## Curriculum

- Combination Degrees
- Interior Design

Interior design is both an art and a science that involves the creation of imaginative and well-conceived spaces that:

- Serve the needs, function and requirements of individuals
- Provide a sense of place within both public and private spaces for group and individual activity

- Are appropriate and sustainable
- Include the community, owners, users, designers, planners and contractors as active participants in the design process.

Through the learning design process, graduates develop on all levels: as a thoughtful leader, an innovator, a collaborator and as an ethical and socially engaged human being. This program prepares students for professional careers in office design, retail, healthcare, residential and hospitality design. Examples of interior design specializations include historic preservation and environmental sustainability.

To give students first-hand design exposure, the department organizes trips to interact with designers in experienced firms, installations, significant buildings and exhibitions in cities such as Atlanta and Chicago. During the summer, upper-division students have opportunities to enroll in the international programs including the Detmold School for Architecture and Interior Architecture at the University of the Applied Sciences in Detmold, Germany. The department offers academic credit to explore professional opportunities through the required Design Field Experience (DFE) program. Interior design students may consider pursuing graduate studies in the program's 4+1 option to receive a Master of Interior Design.

Organized trips to experience interior design, architecture and art in urban settings are required in the junior and senior years. Students should plan to have adequate funds for these required field trips and for their design studio project materials.

The four-year program is accredited by the Council for Interior Design Accreditation (CIDA).

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete ARC 1301, DCP 1003, IND 1020, and IND 2100 with minimum grades of C
- 2.6 UF GPA required

## Semester 2

- Complete ARC 1302 and IND 2130 with minimum grades of C
- 2.6 UF GPA required

## Semester 3

- Complete ARC 2303, ARH 2051, IND 2313, and IND 2635
- 2.8 UF GPA required

## Semester 4

- Complete IND 2214, IND 2422 and IND 2460C
- Successfully complete the selective admissions guidelines
- 2.85 UF GPA required
- Complete MAC 1147 and PHY 2053 prior to moving into Semester 5

## Semester 5

- Complete IND 3215, IND 3468, and IND 3483

## Semester 6

- Complete IND 3216

## Semester 7

- Complete IND 4225

## Semester 8

- Complete IND 4226

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
ARC 1301	Architectural Design 1 ( <b>Critical Tracking</b> )	4
DCP 1003	Creating our Built Environment (( <b>Critical Tracking</b> ))	1
IND 1020	Design Innovation ( <b>Critical Tracking</b> ; Gen Ed Humanities)	3
IND 2100	History of Interior Design 1 ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	3
MAC 1147	Precalculus Algebra and Trigonometry (State Core Gen Ed Mathematics (p. 67)) <sup>1</sup>	4
State Core Gen Ed Composition (p. 67); Writing Requirement		3
<b>Credits</b>		<b>18</b>
<b>Semester Two</b>		
Quest 1 (Gen Ed Humanities)		3
ARC 1302	Architectural Design 2 ( <b>Critical Tracking</b> )	4
IND 2130	History of Interior Design 2 ( <b>Critical Tracking</b> )	3
PHY 2053	Physics 1 (State Core Gen Ed Physical Sciences (p. 67)) <sup>1</sup>	4
Gen Ed Mathematics		3
<b>Credits</b>		<b>17</b>
<b>Semester Three</b>		
ARC 2303	Architectural Design 3 ( <b>Critical Tracking</b> )	5
ARH 2051	Introduction to the Principles and History of Art 2 ( <b>Critical Tracking</b> ; Gen Ed Humanities)	3
IND 2313	Interior Design Communication Systems ( <b>Critical Tracking</b> )	3
IND 2635	Environment and Behavior for Designers ( <b>Critical Tracking</b> )	3
<b>Credits</b>		<b>14</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Physical, Biological Sciences or Social and Behavioral Sciences)		3
IND 2214	Introduction to Architectural Interiors ( <b>Critical Tracking</b> )	4
IND 2422	Interior Finishes and Materials ( <b>Critical Tracking</b> )	3
IND 2460C	Computer Applications in Three Dimensional Design ( <b>Critical Tracking</b> )	3
<b>Credits</b>		<b>13</b>
<b>Semester Five</b>		
IND 3215	Architectural Interiors 1 ( <b>Critical Tracking</b> )	5
IND 3468	Interior Environmental Technologies ( <b>Critical Tracking</b> )	3
IND 3483	Interior Design Construction Documents ( <b>Critical Tracking</b> )	4
State Core Gen Ed Humanities (p. 67)		3
<b>Credits</b>		<b>15</b>
<b>Semester Six</b>		
ENC 3254	Professional Writing in the Discipline (State Core Gen Ed Composition (p. 67))	3
IND 3216	Architectural Interiors 2 ( <b>Critical Tracking</b> )	5
IND 3431	Interior Lighting	3
IND 3512	Professional Practice of Interior Design	3
<b>Credits</b>		<b>14</b>
<b>Semester Seven</b>		
IND 4225	Advanced Architectural Interiors 1 ( <b>Critical Tracking</b> )	6
IND 4450C	Advanced Interior Design Detailing and Construction Documents	4
IND 4940	Design Field Experience <sup>2</sup>	3
State Core Gen Ed Social and Behavioral Sciences (p. 67)		3
<b>Credits</b>		<b>16</b>
<b>Semester Eight</b>		
IND 4226	Advanced Architectural Interiors 2 ( <b>Critical Tracking</b> )	6
Gen Ed Social and Behavioral Sciences		3
Elective (3000/4000 level)		3
Elective		1
<b>Credits</b>		<b>13</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> The Department of Interior Design requires students to complete MAC 1147 and PHY 2053 before semester 5. Due to the rigorous nature of design studio, students should complete these courses during the summer semesters.

- <sup>2</sup> The Department of Interior Design requires students to complete IND 4940 no later than semester 7. Due to the rigorous nature of design studio, students should complete this course the summer between semesters 6 and 7.

Interior design is a limited-access program. During the spring semester of the sophomore year, interior design faculty review each sophomore student's work and determine whether the student is prepared to continue as an interior design major. For more information, please contact the department regarding its selective admissions guidelines.

## Academic Learning Compact

The four-year bachelor of design degree in Interior Design requires students to demonstrate and understand the creative design process and associated skills as they relate to problem solving and spatial organization. Students will develop skills in interior design, computer rendering and modeling, graphic communication, theory, materials and the history of interior design. In the studio, students explore advanced problem solving, communication skills and issues related to environmental technology, lighting, professional practice and interior construction.

## Before Graduating Students Must

- Complete Council of Interior Design Accreditation academic requirements.
- Receive acceptable review and assessment of studio work from faculty, industry professionals and peers.
- Complete Design Field Experience assessments.
- Submit senior project.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Identify and apply life safety codes related to the built environment.
2. Identify and apply inclusive and universal design principles to design solutions.

#### Critical Thinking

3. Analyze and synthesize programmatic and contextual information related to design problems and generate design solutions that respond to those realities and needs.

#### Communication

4. Communicate design ideas clearly and effectively orally and through drawings and other visual media.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4
IND 2313				I
IND 2214	I	I	I	R
IND 3215	R	R	R	R
IND 3216	R	R	R	R
IND 4225	R	R	R	R
IND 4226	A	A	A	A

## Assessment Types

- Exams, research papers and projects (lecture and construction lab courses)
- Individual project work, portfolios and juried presentations (design studios)
- Design field experience and employer evaluations
- CIDA accreditation program completion and senior portfolio

# Landscape Architecture Minor

The Landscape Architecture minor provides an overview of the profession, an introduction to environmental and cultural issues, and to design, planning, and management theory and applications. This minor does not qualify a student for practice or for professional licensure.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **Credits:** 15 | Completed with minimum grades of C

## Department Information

The Department of Landscape Architecture conducts research to enhance the understanding and practice of the profession of landscape architecture and address societal challenges; trains practitioners and scholars who are committed to advancing the efficacy, impact, and knowledge of the discipline of landscape architecture; and provides service to the diverse communities of our state, region, and abroad.

**Website** (<https://dcp.ufl.edu/landscape/>)

## CONTACT

Email ([vniblett@dcp.ufl.edu](mailto:vniblett@dcp.ufl.edu)) | 352.294.1481 (tel) | 352.392.3308 (fax)

P.O. Box 115701  
1480 Inner Road  
ARCHITECTURE BUILDING  
GAINESVILLE FL 32611-5701  
Map (<http://campusmap.ufl.edu/#/index/0268>)

## Curriculum

- Combination Degrees
- Landscape Architecture Minor
- Landscape Architecture | 4-Year Professional Program

To help chart coursework, application to the minor should be made as soon as possible after the student has been admitted to an upper-division college. To be considered, students must have a minimum 2.5 GPA.

Of the 15-credit minimum requirement, six credits are required. The remaining credits can be based on interests and background. Students with design, construction, engineering or other technical backgrounds may participate in design and/or construction studios in addition to lecture courses. Acceptance into studio courses is granted with instructor permission, if space is available.

Additional courses in the professional design and construction sequences and in graduate seminars may be possible for students with specialized backgrounds such as other design fields, building construction or engineering. The instructor's permission is required to take courses other than those listed below.

## Required Courses

Code	Title	Credits
LAA 1330	Site Analysis	3
LAA 1920 or LAA 2710	Introduction to Landscape Architecture History of Landscape Architecture	3
Approved electives		9
<b>Total Credits</b>		<b>15</b>

## Approved Electives

Code	Title	Credits
LAA 1532	Landscape Management	3
LAA 2376C	Design Communications 1 <sup>1</sup>	4
LAA 3230	Theories of Landscape Architecture	3
LAA 4210	Landscape Architecture Professional Practice	3
LAA 4905	Special Studies in Landscape Architecture	1-6
LAA 6382	Ecological and Environmental Policy	3

<sup>1</sup> Prereq: previous computer experience, permission of instructor and space availability.

# Landscape Architecture | 4-Year Professional Program

The Bachelor of Landscape Architecture is an accredited professional degree that qualifies graduates to sit for state licensure. Graduates are well equipped to practice and advance the profession of landscape architecture or to continue in graduate studies. Students from the UF landscape architecture program have won numerous state and national American Society of Landscape Architecture (ASLA) Awards.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **Degree:** Bachelor of Landscape Architecture
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Landscape Architecture conducts research to enhance the understanding and practice of the profession of landscape architecture and address societal challenges; trains practitioners and scholars who are committed to advancing the efficacy, impact, and knowledge of the discipline of landscape architecture; and provides service to the diverse communities of our state, region, and abroad.

### Curriculum

- Combination Degrees
- Landscape Architecture Minor
- Landscape Architecture | 4-Year Professional Program

Students in the major take advantage of nationally and internationally respected faculty, particularly in the final undergraduate independent project. Student work shows strength in ecologically based planning and design, urban issues, and conservation; all of strategic concern in Florida and elsewhere.

Educational options include focused electives for individual specialization, competitions, and interdisciplinary certificates.

Required field trips broaden and expand students' educational experiences. Students may have the opportunity to attend state and national meetings.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

All coursework must be completed successfully in no more than two attempts with minimum grades of C.

## SEMESTER 1

- Complete LAA 1920, LAA 1330 and DCP 1003 with minimum grades of C
- 2.35 UF GPA required

## SEMESTER 2

- Complete LAA 1532, ARC 1701 or ARC 1720, and (MAC 1140 and MAC 1114) or MAC 1147
- 2.5 UF GPA required

## SEMESTER 3

- Complete LAA 2360C, LAA 2376C, LAA 2710 and ORH 3513 with minimum grades of C
- 2.75 UF GPA required

## SEMESTER 4

- Complete LAA 2361C and LAA 2379C with minimum grades of C
- Complete Selective Admission Portfolio Review
- 2.75 UF GPA required

## SEMESTER 5

- Complete LAA 3230 and LAA 3420 with minimum grades of C
- 2.75 UF GPA required

## SEMESTER 6

- Complete LAA 3421 and LAA 3353C

## SEMESTER 7

- Complete LAA 4356

## SEMESTER 8

- Complete LAA 4210

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
DCP 1003	Creating our Built Environment ( <b>Critical Tracking</b> )	1

<b>Semester Seven</b>		
ENC 3254	Professional Writing in the Discipline (State Core Gen Ed Composition (p. 67))	3
LAA 4356	Envir Plan Des Studio ( <b>Critical Tracking</b> )	6
LAA 4357	Senior Independent Project Seminar	2
LAA 4450	Landscape Architecture Design Implementation	5
<b>Credits</b>		<b>16</b>
<b>Semester Eight</b>		
LAA 4210	Landscape Architecture Professional Practice ( <b>Critical Tracking</b> )	3
LAA 4358	Senior Independent Project	6
LAA 4940	Landscape Architecture Internship ( <b>Critical Tracking</b> )	3
Elective		3
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>120</b>

<sup>1</sup> **Summer and fall professional experience:** Complete the LAA 4940 landscape internship in the summer and fall of the fourth year of study.

This program is limited access. During the spring semester of the sophomore year, students must participate in an exhibit of their work in studio courses. Admission to the junior year is based on this exhibit and the preprofessional GPA.

## Academic Learning Compact

The Bachelor of Landscape Architecture degree requires students to demonstrate and understand the ethical planning, design, implementation and management of the natural and cultural landscapes in Florida as the basis for professional studies and training.

## Before Graduating Students Must

- Satisfy professional, faculty and peer review of studio work.
- Complete senior final studio project.
- Submit internship assessments.
- Complete internships that emphasize application of your design, planning and management knowledge.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Integrate concepts from the general body of knowledge of the profession of landscape architecture in design decision-making.
2. Apply core professional landscape architecture skills in design decision-making.
3. Apply ethical understanding to design decision-making.

### Critical Thinking

4. Combine and analyze information from multiple sources to support design decision-making.

### Communication

5. Produce professional visual, oral and written communications.

## Curriculum Map

## Curriculum

- Sustainability and the Built Environment
- Sustainability and the Built Environment Minor

Whether it is the redesign and rehabilitation of existing structures or innovative new design, students will be provided a theoretical foundation for seeking sustainable solutions to problems in the built environment. The degree program is supported by the globally recognized expertise in sustainability of the faculty in the College of Design, Construction and Planning and from across campus.

Graduates will have excellent opportunities for work in various green industries, for government agencies involved with regulation and management of the built environment and with nonprofit organizations promoting the principles of sustainability. Additionally students will be prepared to enter graduate school in architecture, building construction, historic preservation, interior design, landscape architecture and urban and regional planning.

Transfer students for either specialization must complete the AA degree, MAC 1147 or (MAC 1140 and MAC 1114), STA 2023, and ECO 2013 and ECO 2023 with minimum grades of C. Students must also have a 3.0 minimum overall GPA. Refer to the admissions website for transfer admission information, application deadlines and the online application.

Certain highly qualified students may have the option of pursuing a 4+1 or a 4+2 degree in urban and regional planning, landscape architecture or building construction.

Field trips to broaden and expand students' educational experiences through study of planning, design, construction, and sustainability projects *are required and will be paid for by students*.

## Specializations

### Geodesign

The geodesign specialization is for students interested in the application of geographic information systems in the sustainable design of the built environment.

### Interdisciplinary

The interdisciplinary specialization is for students who want a general degree that emphasizes the importance of sustainability for all of the built environment fields.

## Coursework for the Major

All students, regardless of specialization, are required to take 53 hours of core courses to develop knowledge of the fundamental concepts for sustainability and the built environment.

Students should meet with an advisor as early as possible in their academic careers to choose their specialization and to plan their course of study.

## Core Courses

Code	Title	Credits

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete BCN 1582 with minimum grade of C
- Complete DCP 1010, DCP 1003, and LAA 1330 with minimum grades of C
- Complete MAC 1147 or (MAC 1140 and MAC 1114)
- 2.00 UF GPA required

Semester 2

- Complete ARC 1701 or ARC 1720 or BCN 3012 or IND 2100 or IND 2130 or LAA 2710 or URP 4000 with minimum grade of C
- Complete ECO 2023 with minimum grade of C
- 2.50 UF GPA required

Semester 3

- Complete DCP 2001 with minimum grade of C
- Complete ECO 2013 with minimum grade of C
- Complete STA 2023
- 2.75 UF GPA required

Semester 4

- Complete DCP 2002 with minimum grade of C
- Complete ENC 3254 with minimum grade of C
- 3.0 UF GPA required

Semester 5

- Complete DCP 3210 with minimum grades of C
- Complete one: AEB 4126, REL 2104, or REL 3492 with minimum grade of C
- Complete GEO 3162C with minimum grade of C
- 3.0 UF GPA required

Semester 6

- Complete DCP 3220

Semester 7

- Complete DCP 3200

Semester 8

- Complete DCP 4290

Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

*Students will not be required to take more credit hours than required in semesters with less than 3 credit hours in electives. DCP advisors have a list of 1 and 2 credit hour electives in which students may enroll.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
BCN 1582	International Sustainable Development ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences and International)	3
DCP 1003	Creating our Built Environment	1
DCP 1010	Geodesign Colloquium	1
LAA 1330	Site Analysis	3
MAC 1147	Precalculus Algebra and Trigonometry ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
	<b>Credits</b>	<b>15</b>
<b>Semester Two</b>		
Select one history of a built environment course:		3
ARC 1701	Architectural History 1 ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	
ARC 1720	Survey of Architecture History ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	
BCN 3012	History of Construction ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	
IND 2100	History of Interior Design 1 ( <b>Critical Tracking</b> ; Gen Ed Humanities)	

IND 2130	History of Interior Design 2 ( <b>Critical Tracking</b> ; Gen Ed Humanities)	
LAA 2710	History of Landscape Architecture ( <b>Critical Tracking</b> ; Gen Ed Humanities and International)	
URP 4000	Preview of Urban and Regional Planning ( <b>Critical Tracking</b> ; Gen Ed Humanities)	
DCP 1241	Introduction to Spatial Thinking	3
ECO 2023	Principles of Microeconomics ( <b>Critical Tracking</b> ; Gen Ed Social and Behavioral Sciences)	4
ENC 1101	Expository and Argumentative Writing (Gen Ed Composition)	3
Elective (lower-division)		2
<b>Credits</b>		<b>15</b>
<b>Semester Three</b>		
DCP 2001	Introduction to GIS I	3
ECO 2013	Principles of Macroeconomics ( <b>Critical Tracking</b> ; State Core Gen Ed Social and Behavioral Sciences)	4
GEO 2200	Dynamic Planet Earth (Gen Ed Physical Sciences)	3
STA 2023	Introduction to Statistics 1 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
Elective (1000/2000 level)		2
<b>Credits</b>		<b>15</b>
<b>Semester Four</b>		
Quest 2		3
DCP 2002	Introduction to GIS II	3
ENC 3254	Professional Writing in the Discipline (State Core Gen Ed Composition (p. 67))	3
State Core Gen Ed Biological or Physical Sciences (p. 67)		3
State Core Gen Ed Humanities (p. 67)		3
<b>Credits</b>		<b>15</b>
<b>Semester Five</b>		
DCP 3210	Sustainable Solutions for the Built Environment ( <b>Critical Tracking</b> )	3
Select one ethics and environmental justice course:		3
AEB 4126	Agricultural and Natural Resource Ethics ( <b>Critical Tracking</b> )	
REL 2104	Environmental Ethics ( <b>Critical Tracking</b> )	
REL 3492	Religion Ethics and Nature ( <b>Critical Tracking</b> )	
GEO 3162C	Introduction to Quantitative Analysis for Geographers	4
Select one resource economics course:		3
AEB 2451	Economics of Resource Use ( <b>Critical Tracking</b> )	
AEB 3450	Introduction to Natural Resource and Environmental Economics ( <b>Critical Tracking</b> )	
AEB 4283	International Development Policy ( <b>Critical Tracking</b> )	
FOR 4664	Sustainable Ecotourism Development ( <b>Critical Tracking</b> )	
GEO 2500	Global and Regional Economies ( <b>Critical Tracking</b> )	
URP 4230	3D Modeling, Visualization, and Simulation	3
<b>Credits</b>		<b>16</b>
<b>Semester Six</b>		
DCP 3220	Social and Cultural Sustainability and the Built Environment ( <b>Critical Tracking</b> )	3
Select one ecology for the built environment course:		3
EES 4316	Industrial Ecology	
FOR 4090C	Urban Forestry	
SWS 2007	The World of Water	
SWS 2008	Land and Life	
WIS 4203C	Landscape Ecology and Conservation	
WIS 4427C	Wildlife Habitat Management	
WIS 4523	Human Dimensions of Natural Resource Conservation	
URP 4283	Automation for Geospatial Modeling and Analysis	3
Approved electives		6
<b>Credits</b>		<b>15</b>
<b>Semester Seven</b>		
DCP 3200	Methods of Inquiry for Sustainability and the Built Environment ( <b>Critical Tracking</b> )	3
DCP 4945	Geodesign Practicum I	5
Approved elective		3
Elective (3000/4000 level)		3
<b>Credits</b>		<b>14</b>
<b>Semester Eight</b>		
DCP 4290	Capstone Project in Sustainability and the Built Environment ( <b>Critical Tracking</b> )	6
Approved electives		6

Elective (3000/4000 level)	3
<b>Credits</b>	<b>15</b>
<b>Total Credits</b>	<b>120</b>

### Approved Electives

Any 3000/4000-level course in the College of Design, Construction and Planning not otherwise required.

Additional courses that also fulfill this requirement:

Code	Title	Credits
AEB 2451	Economics of Resource Use	3
AEB 4126	Agricultural and Natural Resource Ethics	3
AEB 4283	International Development Policy	3
AGG 3501	Environment, Food and Society	3
ANT 4403	Environment and Cultural Behavior	3
AOM 2520	Global Sustainable Energy: Past, Present and Future	3
ARC 2304	Architectural Design 4	5
EES 4050	Environmental Planning and Design	3
EES 4316	Industrial Ecology	3
FNR 4660	Natural Resource Policy and Economics	3
FOR 3004	Forests, Conservation and People	3
FOR 3153C	Forest Ecology	3
FOR 4060	Global Forests	3
FOR 4090C	Urban Forestry	3
GEO 2500	Global and Regional Economies	3
GEO 3372	Conservation of Resources	3
IND 2214	Introduction to Architectural Interiors	4
LAA 2360C	Principles of Landscape Architecture	5
REL 3492	Religion Ethics and Nature	3
SWS 2007	The World of Water	3
SWS 2008	Land and Life	3
WIS 4203C	Landscape Ecology and Conservation	3
WIS 4427C	Wildlife Habitat Management	3
WIS 4523	Human Dimensions of Natural Resource Conservation	3

### Academic Learning Compact

The Bachelor of Science in Sustainability and the Built Environment requires students to demonstrate an understanding of the relationship between the goals of sustainability and the activities of the built environment disciplines, including architecture, building construction, historic preservation, interior design, landscape architecture and urban and regional planning.

## Before Graduating Students Must

- Complete a capstone or independent research project, present your results to a committee of the program's faculty and receive acceptable assessment.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Explain sustainability principles.
2. Integrate knowledge and principles from sustainability-related disciplines.
3. Describe the role of the built environment in sustainability.
4. Combine information from multiple sources to solve problems.

#### Critical Thinking

5. Frame sustainable problems and potential solutions within a global context.
6. Collect and analyze data to solve problems.

7. Produce sustainable solutions for problems of the built environment.
8. Integrate multiple disciplinary, cultural and stakeholder perspectives for sustainable problem solving.

### Communication

9. Produce an effective oral presentation.
10. Produce effective written communications.
11. Integrate a variety of visual techniques to enhance the communication of ideas and solutions.
12. Solve a built environment sustainability problem in a multidisciplinary team.

### Curriculum Map

Resource Economics (one course) <sup>1</sup>		I, R										

<sup>1</sup> Student chooses from courses listed in semesters 5-7 of the major's semester plan.

### Assessment Types

- Capstone evaluation
- Final project evaluation

### Interdisciplinary

The Bachelor of Science in Sustainability and the Built Environment (BSSBE) enables students to explore creative solutions for the planning, design and construction of human structures and settlements.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **Degree:** Bachelor of Science in Sustainability and the Built Environment
- **Specializations:** Interdisciplinary (p. 635) | Geodesign (p. 630)
- **Credits for Degree:** 120
- **Contact:** Email ([advising@dcp.ufl.edu?Subject=Sustainability%20and%20the%20Built%20Environment%20Major](mailto:advising@dcp.ufl.edu?Subject=Sustainability%20and%20the%20Built%20Environment%20Major))

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Sustainability and the Built Environment (SBE) Program at the College of Design, Construction and Planning teaches hands-on sustainability by using the university as a learning laboratory.

ARCHITECTURE BUILDING

GAINESVILLE FL 32611-5701

Map (<http://campusmap.ufl.edu/#/index/0268>)

### Curriculum

- Sustainability and the Built Environment
- Sustainability and the Built Environment Minor

Whether it is the redesign and rehabilitation of existing structures or innovative new design, students will be provided a theoretical foundation for seeking sustainable solutions to problems in the built environment. The degree program is supported by the globally recognized expertise in sustainability of the faculty in the College of Design, Construction and Planning and from across campus.

Graduates will have excellent opportunities for work in various green industries, for government agencies involved with regulation and management of the built environment and with nonprofit organizations promoting the principles of sustainability. Additionally students will be prepared to enter graduate school in architecture, building construction, historic preservation, interior design, landscape architecture and urban and regional planning.

Transfer students for either specialization must complete the AA degree, MAC 1147 or (MAC 1140 and MAC 1114), STA 2023, and ECO 2013 and ECO 2023 with minimum grades of C. Students must also have a 3.0 minimum overall GPA. Refer to the admissions website for transfer admission information, application deadlines and the online application.

Certain highly qualified students may have the option of pursuing a 4+1 or a 4+2 degree in urban and regional planning, landscape architecture or building construction.

Field trips to broaden and expand students' educational experiences through study of planning, design, construction, and sustainability projects *are required and will be paid for by students.*

## Specializations

### Geodesign

The geodesign specialization is for students interested in the application of geographic information systems in the sustainable design of the built environment.

### Interdisciplinary

The interdisciplinary specialization is for students who want a general degree that emphasizes the importance of sustainability for all of the built environment fields.

## Coursework for the Major

All students, regardless of specialization, are required to take 53 hours of core courses to develop knowledge of the fundamental concepts for sustainability and the built environment.

Students should meet with an advisor as early as possible in their academic careers to choose their specialization and to plan their course of study.

## Core Courses

Code	Title	Credits
Select one:		3
BCN 1582	International Sustainable Development	
IDS 2935	Special Topics (Facets of Sustainability)	
ECO 2023	Principles of Microeconomics	4
ECO 2013	Principles of Macroeconomics	4
A history course in architecture, construction management, interior design, landscape architecture, or urban and regional planning		
LAA 1330	Site Analysis	3
STA 2023	Introduction to Statistics 1	3
DCP 3210	Sustainable Solutions for the Built Environment	3
DCP 3220	Social and Cultural Sustainability and the Built Environment	3
An approved ecology and the built environment course		
An approved ethics and/or environmental justice course		
An approved energy and/or climate change course		
An approved resource economics course		
DCP 3200	Methods of Inquiry for Sustainability and the Built Environment	3
DCP 4941	Practicum in Sustainability and the Built Environment	6
or DCP 4942	Field Experience in Sustainability and the Built Environment	
DCP 4290	Capstone Project in Sustainability and the Built Environment	6
<b>Total Credits</b>		<b>38</b>

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete BCN 1582 with minimum grade of C
- Complete DCP 1003 and LAA 1330 with a minimum grades of C
- Complete MAC 1147 or (MAC 1140 and MAC 1114)
- 2.00 UF GPA required

## Semester 2

- Complete ARC 1701 or ARC 1720 or BCN 3012 or IND 2100 or IND 2130 or LAA 2710 or URP 4000 with minimum grade of C
- Complete ECO 2023 with minimum grade of C
- 2.50 UF GPA required

## Semester 3

- Complete ECO 2013 with minimum grade of C
- Complete STA 2023
- 2.75 UF GPA required

## Semester 4

- Complete ENC 3254 with minimum grade of C
- 3.0 UF GPA required

## Semester 5

- Complete DCP 3210 with minimum grades of C
- Complete one: AEB 4126, REL 2104, or REL 3492 with minimum grade of C
- 3.0 UF GPA required

## Semester 6

- Complete DCP 3220

## Semester 7

- Complete DCP 3200

## Semester 8

- Complete DCP 4290

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

## Assessment Types

- Capstone evaluation
- Final project evaluation

## Sustainability and the Built Environment Minor

The Sustainability and the Built Environment minor introduces the challenges of planning, design, and construction of human structures and settlements. Courses provide an overview of environmental and cultural issues as they apply to design, planning sustainable applications, and solutions.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **Credits:** 15 | Completed with minimum grades of C

## Department Information

The Sustainability and the Built Environment (SBE) Program at the College of Design, Construction and Planning teaches hands-on sustainability by using the university as a learning laboratory.

URP 4000	Preview of Urban and Regional Planning	3

<sup>1</sup> If not previously taken as a required course.

## Urban and Regional Planning Minor

Society's demands on the natural environment continue to increase as communities grow to meet population demands. Planning addresses the interface between the social, environmental and economic dimensions of communities and regions. Never before has the need to shape visions and guide community outcomes been greater.

The Urban and Regional Planning minor introduces the challenging and vital aspects of creating, improving, and sustaining communities and regions.

## About this Program

- **College:** Design, Construction and Planning (p. 611)
- **Credits:** 15 | Completed with minimum grades of C+, with the exception of URP 4942, which is graded S/U

## Department Information

The Department of Urban and Regional Planning (URP) strives to be a leading graduate program with excellence in planning education, research, and service for the citizens of the state, the nation, and the world. The department values diversity and strives to recruit and retain faculty and students with diverse racial, ethnic, cultural, and economic backgrounds.

### Curriculum

- Combination Degrees
- Urban and Regional Planning Minor

Application should be made early so that guidance can be given for course selection and special studies parameters. Students must have a C+ GPA for admission to the minor and they must maintain a C+ GPA in all coursework for the minor. The only S/U course accepted is URP 4942.

The minor does not provide professional certification.

It is each student's responsibility to declare the minor through their major degree department or college and to obtain the required signatures from their department and URP.

## Required Courses

URP 4882	Defensible Space and CPTED in Urban Design	3
URP 4905	Exploration and Directed Study	3
URP 4930	Special Topics	3
URP 4942	Community Service	3

## Study Abroad/Off-Campus Studies

Students need approval before signing up for study abroad or off-campus studies for inclusion in the URP minor. Credits will not be accepted after a student has started study abroad or off-campus studies. Eligible programs should be offered by UF's International Center or the College of Design, Construction and Planning. URP's undergraduate coordinator must determine eligibility of study abroad or off-campus coursework prior to taking the class. Accepted credits may vary from three to six, depending on the intensity and appropriateness of the selected program.

## Education, College of

Consistently ranked among the top 20 public education schools in the nation, the College of Education prepares students to serve and lead in a diverse field. The college offers pathways to professional teacher certification, promotes an understanding of learning systems, policies, and outcomes in traditional and non-traditional contexts, and prepares graduates for careers in the public, private, or nonprofit sectors.

## College Scholarships

The College of Education awards scholarships to graduate and undergraduate students through an annual selection process. Eligibility for individual awards is determined by the college based on a student's fall-term classification.

More Info (<http://education.ufl.edu/student-services/scholarships/>)

The Florida Department of Education also provides scholarships and loans for juniors and seniors in education.

More Info (<http://www.floridastudentfinancialaid.org/osfahomepg.htm>)

The federal Teacher Education Assistance for College and Higher Education Grant (TEACH Grant) is available to students enrolled in select degree programs leading to professional certification in critical shortage subjects.

More Info (<https://studentaid.gov/understand-aid/types/grants/teach/>)

Information about the Florida Fund for Minority Teachers Scholarship is available online at [ffmt.org](http://ffmt.org).

More Info (<http://www.ffmt.org/>)

## Higher Education Act | 1998

The U.S. Department of Education's Higher Education Act addresses accountability requirements for teacher preparation programs. The act mandates that teacher preparation programs publish annually pertinent program information including but not limited to the following:

- Program accreditation
- Pass rates of graduates on state teacher certification assessments
- Programs that have been designated as low performing by the state

Accordingly, information about the state- and CAEP-accredited teacher preparation programs at UF is available online and in print upon request.

More Info (<http://education.ufl.edu/about-the-college/>)

### Academic Policies

## Admission Requirements

Freshman applicants will be admitted to the College of Education when they declare a major in education sciences, elementary education or early childhood education.

Students who wish to change their major to education sciences are required to have a 2.0 GPA. Students who wish to change their major to elementary or early childhood education must have a 2.3 GPA for freshmen and 2.6 GPA for sophomores and above.

Elementary and early childhood education students remain in a pre-education status, as long as they meet the critical-tracking standards set by the college and UF, until formally admitted to the upper-division program for a Fall semester. Students must be on track at the 60-credit level to continue in the elementary or early childhood education major and to be considered competitive for admission to the upper-division teacher preparation program for which there is an application and selection process.

### Transfer Admission Requirements

Education sciences transfer applicants must meet the following requirements for admission:

- 2.0 cumulative GPA
- Completing the common course prerequisite, EDF1005 Introduction to the Teaching Profession, as established by the state of Florida's Articulation Coordinating Committee. The common course prerequisite must be completed with a minimum grade of C.

Elementary and early childhood education are limited access programs. Transfer applicants must meet the following requirements for admission consideration on a space-available basis:

- 2.6 cumulative GPA
- Passing scores on all sections of the general knowledge portion of the Florida Teacher Certification Exam (<http://fl.nesinc.com/>) (FTCE)
- Completing the writing (24,000 words) requirement
- Completing all general education requirements
- Completing the common course prerequisite, EDF 1005, as established by the state of Florida's Articulation Coordinating Committee. The common course prerequisite must be completed with a minimum grade of B.
- A course in human growth and development is a degree requirement and recommended prior to transfer.

State college transfer students and state university transfer students must document award of the AA. Other transfer students are evaluated individually upon application for admission. A change of major will not be approved for transfer students admitted to another college at UF.

## Critical-Tracking Program

All undergraduates are monitored for progress toward the bachelor's degree by the critical-tracking program. Students who fall below the tracking requirements at any stage must see an academic advisor for approval to continue in the major.

Students must make satisfactory academic progress to continue to enroll in the College of Education.

Education sciences minimum requirements include:

- Education core prerequisites completed with no grade below C and a 2.33 GPA; one repeat allowed:

Code	Title	Credits
EDF 1005	Introduction to Education	3
EDF 2085	Teaching Diverse Populations	3
EME 2040	Introduction to Educational Technology	3
<b>Total Credits</b>		<b>9</b>

- Completion of the common course prerequisite, EDF1005 Introduction to the Teaching Profession, as established by the State of Florida Articulation Coordinating Committee; the common course prerequisite must be completed with a minimum grade of C.

Elementary and early childhood education are limited-access programs with competitive admission. Due to space limitations, meeting minimum admission requirements does not guarantee selection for admission. Minimum requirements for UF students and transfer students at the completion of 60 semester credits:

- Complete the university's writing (24,000 words) requirement
- Complete all General Education requirements
- FTCE General Knowledge Requirement: Students must pass all sections of the general knowledge portion of the Florida Teacher Certification Examination (<http://fl.nesinc.com/>) (FTCE) before admission at the junior level.
- Education core prerequisites completed with no grade below C and a 3.0 GPA; one repeat allowed:

Code	Title	Credits
EDF 1005	Introduction to Education	3
EDF 2085	Teaching Diverse Populations	3
EME 2040	Introduction to Educational Technology	3
<b>Total Credits</b>		<b>9</b>

- Completion of the common course prerequisite, EDF1005 Introduction to the Teaching Profession, as established by the State of Florida Articulation Coordinating Committee; the common course prerequisite must be completed with a minimum grade of B.
- Cumulative UF and transfer GPA of 2.6

The college admissions committee will consider an applicant's entire record, including educational objectives, quality of courses completed and test data.

## College Requirements

### Career Placement

The Career Connections Center offers a Careers in Education recruitment event annually (usually in March) where representatives from school districts in Florida and several other states meet with students who are completing teacher education programs and others interested in teaching.

More Info (<https://career.ufl.edu/>)

## Criminal Background Check

Classroom field experience is a vital component to any teacher preparation program. To have access to classrooms, students in a teacher preparation program or UFTeach minor must submit to a Level 2 background screening. Individuals who are not cleared will not be permitted to continue in or graduate from a teacher preparation program. After clearance, it is the student's responsibility to report immediately any new criminal charges to the university's certification officer in 1002 Norman Hall.

## Financial Responsibility

Students are responsible for all costs associated with the criminal background check, LiveText subscription, transportation to and from field placements and relevant examinations required for the program.

## Overseas Study

Education sciences students are encouraged to participate in overseas study and may be approved to apply that toward the experiential learning component of the degree program. Elementary and early childhood education students are encouraged to complete any overseas studies before reaching junior status or in a summer term.

## Program Plan

Education sciences students must submit a plan that includes an approved specialization or general studies track before the end of the junior year. The program coordinator must approve all programs. Elementary and early childhood education students must sign a planned program of study for the degree during the first term of enrollment in the upper-division program. Each student is responsible for registering for the appropriate courses and fulfilling all requirements for the degree, including test requirements.

## Satisfactory Progress

Students in the elementary and early childhood education programs are expected to maintain a minimum junior/senior-level 3.0 GPA. Education sciences majors must maintain a 2.0 GPA. Academic progress is reviewed each semester. If requirements are not met, the student must be approved for continuation by the program coordinator before further registration. Students are required to earn a minimum grade of C for all major courses for award of the bachelor's degree.

## Probation

The department and the college monitor students for academic progress. Students with unsatisfactory academic progress may be placed on probation. College probation may be removed if it is determined that satisfactory progress has been demonstrated.

## Dismissal

If the department or the college determines that a student has not met probationary terms or is not progressing academically, the student may be prohibited from continuing in the their major and/or the College of Education. Students on probation, as well as students who are unable to meet degree requirements, are encouraged to investigate alternatives in other areas of study.

Students dismissed by the university may not register for courses. Courses taken at other institutions under these conditions will not count toward a UF degree.

## Student Responsibility

Students are expected to review the information in the undergraduate catalog as a guide to planning their academic careers at UF. Failure to read, understand and follow the guidelines may cause significant delays in academic progress. Clarification of college requirements is available in the Office of Student Services, EduGator Central, 1002 Norman Hall.

## Student Teaching Assignment

Student teaching assignments are fulfilled at local sites in Florida, in accordance with program objectives and the student's professional goals. Department approval is required for placements outside Alachua County. In addition to regular tuition expenses, students are responsible for transportation to and/or housing in the community where student teaching is to occur. Fees imposed by school districts relating to requirements for personnel screening (e.g., fingerprinting, background checks and substance abuse testing) are also the student's responsibility.

## S/U Option

The S/U option may be used for elective courses only. It does not apply to the university's writing requirement courses or to general education course requirements. The deadline for declaring the S/U option is published in the academic calendars in this catalog.

## Transient Student Status

With approval of the College of Education, students may take a limited number of credits at another accredited institution. Before registration as a transient student at another institution, the student must complete a transient student form and obtain approval from the college and university. No transient courses will be permitted during the last 30 credits of enrollment.

More Info (<https://www.floridashines.org/succeed-in-college/take-a-course-at-another-school/>)

## Undergraduate Registration for Graduate Courses

With department approval, an undergraduate student with senior standing may enroll in 5000/6000-level courses. After a student has been admitted to the Graduate School, up to 15 credits of graduate-level courses with grades of A, A-, B+ or B may be applied toward a graduate degree at the university, provided the credit was not used toward an undergraduate degree.

### Degree Requirements

Students who complete an approved undergraduate program in the College of Education are awarded the Bachelor of Arts (BA) for the education sciences major or the Bachelor of Arts in Education (BAE) for an elementary education or early childhood education major.

Grades below C will not fulfill requirements for the major or the university's general education areas.

Before program completion, elementary and early childhood education students must demonstrate satisfactory performance on the Florida Educator Accomplished Practices. Students in early childhood education are required to provide proof of completion of up-to-date adult CPR and first aid training. All prospective teachers are encouraged to do the same.

Upon completion of the elementary or early childhood education program, a graduate will receive a statement on the transcript verifying completion of a Florida Department of Education (DOE) and Council for Accreditation of Educator Preparation (CAEP) approved program.

All students in the elementary and early childhood education programs must document passing scores on the General Knowledge Test, corresponding subject area examination (Elementary K-6 or Prekindergarten/Primary), and the Professional Education Test of the Florida Teacher Certification Examination (FTCE) series to meet milestones for continuation and benchmarks for graduation.

More Info (<http://fl.nesinc.com/>)

## Residence

The last 30 semester credits applied toward a degree must be completed in residence at UF in the College of Education.

Graduating with Honors (p. 1717)

## Preparation of Professional EDUCATORS

The College of Education prepares professional educators in elementary and early childhood education.

Students engage in early observation, supervised practice and a concluding internship in the public schools, as well as campus-based clinical experiences in micro-teaching, simulation and other controlled situations.

Students in elementary or early childhood education receive a Bachelor of Arts in Education upon successful completion of the teacher education program, including a prescribed set of courses and experiences, and successful internal and external assessments.

## Secondary Teaching

Students who wish to teach at the high school level complete a bachelor's degree in an appropriate content discipline while pursuing a minor in Florida Teaching or UFTeach, or before pursuing a graduate certificate in secondary teaching in the College of Education. The approved subject areas of study for a graduate certificate in secondary teaching include:

- English (recommended major in English)
- science (recommended major in biology, botany, chemistry, entomology, microbiology, physics, wildlife ecology or zoology)
- social science (recommended major in anthropology, economics, geography, history, political science, psychology or sociology)
- mathematics (recommended major in mathematics)

## Cooperating College Teacher Education Programs

In collaboration with the College of Education our cooperating colleges offer undergraduate teacher preparation programs in agriculture, art and music. Please contact the individual colleges for additional information:

- Agricultural Education and Communication (6-12), College of Agricultural and Life Sciences, 305 ROL
- Art Education (K-12), College of the Arts, 302 FAC
- Music Education (K-12), College of the Arts, 130 MUB

## Program Planning

Program offerings and changes related to teacher certification requirements are possible. The curriculum of a state-approved teacher preparation program is subject to revision to accommodate legislative or Department of Education mandates. New rules may affect required courses in all teacher preparation programs.

---

## Disabilities in Society Minor

The Disabilities in Society minor provides opportunities for undergraduates in all colleges to enhance their knowledge of disabilities and to recognize the impact disabilities have on the lives of people who experience them and on the people with whom they live and interact.

## About this Program

- **College:** Education (p. 643)
- **Credits:** 15 minimum | Completed with minimum grades of C
- **Contact:** Email ([studenthelp@coe.ufl.edu](mailto:studenthelp@coe.ufl.edu)) | 1002 Norman Hall (<https://campusmap.ufl.edu/#/index/0101>) | 352.273.4376

## School Information

Students in the School of Special Education, School Psychology, and Early Childhood Studies are uniquely positioned to learn from leaders in the field while simultaneously applying that learning in individually relevant professional settings.

Map (<http://campusmap.ufl.edu/#/index/0101>)

### Curriculum

- Disabilities in Society Minor
- Disability Science Minor
- Education | Early Childhood Education | Age 3-Grade 3

This minor facilitates understanding of disabilities and disability-related issues that are applicable in a variety of settings. Focus is on understanding types of disabilities, how disabilities are perceived in society, the ways people with disabilities are included in recreational, leisure, employment, educational and other community activities, and the legal aspects of disability policies.

## Prerequisites

- Apply for the minor after earning 45 credits and before earning 100 credits.
- Minimum 2.0 GPA is required and transfer credits are not accepted. All courses must be taken at UF.
- Initiate the application to add the minor (<https://registrar.ufl.edu/forms/>)
- EEX 2000 or EEX 3093 is a prerequisite for the other three courses.

## Required Courses

Code	Title	Credits
EEX 2000	Impact of Disabilities: Home, Community and Workplace	3
EEX 3093	Exceptional People in School and Society	3
EEX 3097	Social Perspectives on Disability	3
EEX 4280	Disabilities in Community and Employment	3
EEX 4520	Disabilities: Legal Aspects and Policies	3
<b>Total Credits</b>		<b>15</b>

## Early Childhood Studies Minor

The Early Childhood Studies minor is available to undergraduates in all colleges who are interested in issues involving support of early development and learning for young children birth to five.

### About this Program

- **College:** Education (p. 643)
- **Credits:** 15 minimum | Completed with minimum grades of C
- **Contact:** Email ([studenthelp@coe.ufl.edu](mailto:studenthelp@coe.ufl.edu)) | 1002 Norman Hall (<http://campusmap.ufl.edu/?loc=0101>) | 352.273.4376

The Early Childhood Studies minor facilitates understanding of the transdisciplinary field of early childhood studies by exploring the intersections among early care and education, health/mental health, and family support systems. The scope of courses explores the science, policy, and implementation of practices to support early development, learning, health, and wellbeing from child- and family-centered equity perspectives, specifically focusing on birth to age 5. This minor does not lead to teacher certification.

## Prerequisites

- Must be junior status (60+ accumulated credits) to register for courses.
- Apply for the minor after earning 45 credits and before earning 100 credits.
- Minimum 2.0 GPA is required, and transfer credits are not accepted. All courses must be taken at UF.
- Initiate the application to add the minor (<https://registrar.ufl.edu/forms/>)

## Required Courses

Code	Title	Credits
EEC 3023	Science of Early Childhood Development and Learning	3
EEC 3402	Families as a Context for Early Childhood Development and Learning	3
EEC 3411	Foundations of EC Systems and Supports	3
EEC 3704	Supporting Early Childhood Learning and Development	3
EEC 3731	Supporting Early Childhood Health and Wellbeing	3
<b>Total Credits</b>		<b>15</b>

## Education Sciences

The Education Sciences major promotes an understanding of education and learning systems, policy, and outcomes in traditional and non-traditional contexts. This degree prepares individuals for a variety of career paths and for graduate school.

### About this Program

- **College:** Education (p. 643)
- **Degree:** Bachelor of Arts

- **Specializations:** Disabilities in Society (p. 651) | Early Childhood Studies (p. 656) | Educational Psychology and Research (p. 660) | Educational Technology (p. 664) | General Studies (p. 669) | Schools, Society and Policy (p. 673)
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

## School Information

With more than three-dozen faculty and students from all over the world, the School of Teaching & Learning offers on-campus and online programs in a diverse range of subjects in education.

## Curriculum

- Education Sciences
- Education Sciences UF Online
- Education Studies Minor
- Educational Technology Minor
- Educational Technology Minor UF Online
- Elementary Education | Grades K-6
- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

This major is not a teacher or educator preparation program, rather an exploration of the educational and psychological foundations, research and policy as applied to instruction, learning, and professional development in school and community settings. Core courses serve as an introduction to the many fields of professional practice and research. Students may develop a General Studies curriculum or may choose a specialization in Disabilities in Society, Early Childhood Studies, Educational Psychology and Research, Educational Technology, or Schools, Society and Policy.

Graduates of the major would be prepared for a career in a government, non-profit, or education setting and for graduate studies. It would be appropriate for students interested in leading discussions about schools and education, informing policy, optimizing e-learning, advocating for accessibility, and supporting the mission of institutions of learning.

## Coursework for the Major

Students must complete 30 credits of coursework for the education sciences major to include a 15-credit core and a 15-credit specialization. The specialization must be declared no later than semester 6. Each specialization's coursework requirements are specified after the Critical Tracking section. Students must earn a minimum grade of C in a course for it to be applied to the major. A minimum 15 credits of major-related courses must be completed at the University of Florida.

All education sciences majors are required to attend colloquia, contribute to seminars, and participate in experiential learning.

### Critical Tracking Courses | 3 courses total

EME 3813	Technology-Enhanced Learning Environments	3

## Capstone Courses

Code	Title	Credits
EDG 2021	Critical Issues in Education (S/U; A colloquium series that explores current education issues and research. Guest lectures from faculty)	1
EDG 4931	Senior Seminar Education Sciences (S/U; Seniors present findings/summary of experiential learning)	2
EDG 4078	Experiential Learning in Education (Research, Internship, Service Learning, Study Abroad)	3

## Academic Learning Compact

Across the country, graduates with education majors typically are prepared to teach in preschool through grade 12 settings. While many university students complete an education degree with teacher certification and begin teaching, others pursue graduate school or employment in fields where preparation in education is an asset. The BAES is appropriate for students interested in leading and supporting the design and implementation of learning environments, studying and informing education policy, optimizing e-learning, advocating for and developing accessible education options for citizens with disabilities, and supporting the learning and training missions of institutions in the modern economy.

## Before Graduating Students Must

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Explain foundational ideas and best practices in educational practices and policies, educational psychology, human exceptionalities, educational statistics and measurement, and educational technologies.
2. Apply foundational ideas and best practices to understand problems of practice and generate viable solutions in formal and informal education and training settings.

#### Critical Thinking

3. Enact goals for professional growth, ethical practices, and continuous improvement.

#### Communication

4. Communicate effectively in all forms in a professional environment, adapting appropriately for exceptionality and diversity among individuals.

## Curriculum Map

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- 2.0 UF GPA required

## Semester 2

- Complete 1 of 3 critical tracking courses (EDF 1005, EDF 2085, or EME 2040)
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 of 3 critical tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 3 of 3 critical tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete 1 core course: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 6

- Complete 3 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.0 UF GPA required

## Semester 7

- Complete 4 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- Complete 2 specialization courses: EEX 3093, EEX 3097, EEX 4520, EEX 4280, EEX 3012
- 2.0 UF GPA required

## Semester 8

- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S). One of the two general education mathematics courses must be a pure math course. A course in statistics is recommended for this major but not required.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

- <sup>1</sup> Gen Ed Social and Behavioral Sciences with International; Gen Ed Humanities with International; Gen Ed Biological or Physical Sciences with International

## Academic Learning Compact

Across the country, graduates with education majors typically are prepared to teach in preschool through grade 12 settings. While many university students complete an education degree with teacher certification and begin teaching, others pursue graduate school or employment in fields where preparation in education is an asset. The BAES is appropriate for students interested in leading and supporting the design and implementation of learning environments, studying and informing education policy, optimizing e-learning, advocating for and developing accessible education options for citizens with disabilities, and supporting the learning and training missions of institutions in the modern economy.

## Before Graduating Students Must

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Explain foundational ideas and best practices in educational practices and policies, educational psychology, human exceptionalities, educational statistics and measurement, and educational technologies.
2. Apply foundational ideas and best practices to understand problems of practice and generate viable solutions in formal and informal education and training settings.

#### Critical Thinking

3. Enact goals for professional growth, ethical practices, and continuous improvement.

#### Communication

4. Communicate effectively in all forms in a professional environment, adapting appropriately for exceptionality and diversity among individuals.

- Experiential learning experiences

## Early Childhood Studies

The Education Sciences major promotes an understanding of education and learning systems, policy, and outcomes in traditional and non-traditional contexts. This degree prepares individuals for a variety of career paths and for graduate school.

## About this Program

- **College:** Education (p. 643)
- **Degree:** Bachelor of Arts
- **Specializations:** Disabilities in Society (p. 651) | Early Childhood Studies (p. 656) | Educational Psychology and Research (p. 660) | Educational Technology (p. 664) | General Studies (p. 669) | Schools, Society and Policy (p. 673)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

## School Information

With more than three-dozen faculty and students from all over the world, the School of Teaching & Learning offers on-campus and online programs in a diverse range of subjects in education.

- UFTeach | Mathematics or Science Minor

### Overview

This major is not a teacher or educator preparation program, rather an exploration of the educational and psychological foundations, research and policy as applied to instruction, learning, and professional development in school and community settings. Core courses serve as an introduction to the many fields of professional practice and research. Students may develop a General Studies curriculum or may choose a specialization in Disabilities in Society, Early Childhood Studies, Educational Psychology and Research, Educational Technology, or Schools, Society and Policy.

Graduates of the major would be prepared for a career in a government, non-profit, or education setting and for graduate studies. It would be appropriate for students interested in leading discussions about schools and education, informing policy, optimizing e-learning, advocating for accessibility, and supporting the mission of institutions of learning.

## Coursework for the Major

Students must complete 30 credits of coursework for the education sciences major to include a 15-credit core and a 15-credit specialization. The specialization must be declared no later than semester 6. Each specialization's coursework requirements are specified after the Critical Tracking

section. Students must earn a minimum grade of C in a course for it to be applied to the major. A minimum 15 credits of major-related courses must be completed at the University of Florida.

All education sciences majors are required to attend colloquia, contribute to seminars, and participate in experiential learning.

### Critical Tracking Courses | 3 courses total

Code	Title	Credits
EDF 1005	Introduction to Education	3
EDF 2085	Teaching Diverse Populations	3
EME 2040	Introduction to Educational Technology	3

EDG 2021	Critical Issues in Education (S/U; A colloquium series that explores current education issues and research. Guest lectures from faculty)	1
EDG 4931	Senior Seminar Education Sciences (S/U; Seniors present findings/summary of experiential learning)	2
EDG 4078	Experiential Learning in Education (Research, Internship, Service Learning, Study Abroad)	3

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## SEMESTER 1

- 2.0 UF GPA required

## SEMESTER 2

- Complete 1 of 3 critical-tracking courses (EDF 1005, EDF 2085, or EME 2040)
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 3

- Complete 2 of 3 critical-tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

SEMESTER 4

- Complete 3 of 3 critical-tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

SEMESTER 5

- Complete 1 core course: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

SEMESTER 6

- Complete 3 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.0 UF GPA required

SEMESTER 7

- Complete 4 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- Complete 2 specialization courses: EEC 3023, EEC 3402, EEC 3411, EEC 3704, EEC 3731
- 2.0 UF GPA required

SEMESTER 8

- 2.0 UF GPA required

Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S). One of the two general education mathematics courses must be a pure math course. A course in statistics is recommended for this major but not required.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- 2.0 UF GPA required

## Semester 2

- Complete 1 of 3 critical tracking courses: EDF 1005, EDF 2085, EME 2040
- 2.33 GPA required for all critical tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 of 3 critical tracking courses
- 2.33 GPA required for all critical tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 3 of 3 critical tracking courses
- 2.33 GPA required for all critical tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete 1 core course: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.33 GPA required for all critical tracking courses
- 2.0 UF GPA required

## SEMESTER 6

- Complete 3 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.0 UF GPA required

## SEMESTER 7

- Complete 4 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- Complete 2 specialization courses: EME 3044, EME 3319, EME 4010, EME 4320, EME 4673
- 2.0 UF GPA required

## SEMESTER 8

- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C,

H or S). One of the two general education mathematics courses must be a pure math course. A course in statistics is recommended for this major but not required.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Academic Learning Compact

Across the country, graduates with education majors typically are prepared to teach in preschool through grade 12 settings. While many university students complete an education degree with teacher certification and begin teaching, others pursue graduate school or employment in fields where preparation in education is an asset. The BAES is appropriate for students interested in leading and supporting the design and implementation of learning environments, studying and informing education policy, optimizing e-learning, advocating for and developing accessible education options for citizens with disabilities, and supporting the learning and training missions of institutions in the modern economy.

Before Graduating Students Must

- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to  
Student Learning Outcomes (SLOs)

Content

1. Explain foundational ideas and best practices in educational practices and policies, educational psychology, human exceptionalities, educational statistics and measurement, and educational technologies.
2. Apply foundational ideas and best practices to understand problems of practice and generate viable solutions in formal and informal education and training settings.

Critical Thinking

3. Enact goals for professional growth, ethical practices, and continuous improvement.

Communication

4. Communicate effectively in all forms in a professional environment, adapting appropriately for exceptionality and diversity among individuals.

## General Studies

The Education Sciences major promotes an understanding of education and learning systems, policy, and outcomes in traditional and non-traditional contexts. This degree prepares individuals for a variety of career paths and for graduate school.

### About this Program

- **College:** Education (p. 643)
- **Degree:** Bachelor of Arts
- **Specializations:** Disabilities in Society (p. 651) | Early Childhood Studies (p. 656) | Educational Psychology and Research (p. 660) | Educational Technology (p. 664) | General Studies (p. 669) | Schools, Society and Policy (p. 673)
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

### School Information

With more than three-dozen faculty and students from all over the world, the School of Teaching & Learning offers on-campus and online programs in a diverse range of subjects in education.

**Website** (<https://education.ufl.edu/school-teaching-learning/>)

### Curriculum

- Education Sciences
- Education Sciences UF Online
- Education Studies Minor
- Educational Technology Minor
- Educational Technology Minor UF Online
- Elementary Education | Grades K-6
- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

This major is not a teacher or educator preparation program, rather an exploration of the educational and psychological foundations, research and policy as applied to instruction, learning, and professional development in school and community settings. Core courses serve as an introduction to the many fields of professional practice and research. Students may develop a General Studies curriculum or may choose a specialization in Disabilities in Society, Early Childhood Studies, Educational Psychology and Research, Educational Technology, or Schools, Society and Policy.

Graduates of the major would be prepared for a career in a government, non-profit, or education setting and for graduate studies. It would be appropriate for students interested in leading discussions about schools and education, informing policy, optimizing e-learning, advocating for accessibility, and supporting the mission of institutions of learning.

### Coursework for the Major

Students must complete 30 credits of coursework for the education sciences major to include a 15-credit core and a 15-credit specialization. The specialization must be declared no later than semester 6. Each specialization's coursework requirements are specified after the Critical Tracking section. Students must earn a minimum grade of C in a course for it to be applied to the major. A minimum 15 credits of major-related courses must be completed at the University of Florida.

All education sciences majors are required to attend colloquia, contribute to seminars, and participate in experiential learning.

## Curriculum

- Education Sciences
- Education Sciences UF Online
- Education Studies Minor
- Educational Technology Minor
- Educational Technology Minor UF Online
- Elementary Education | Grades K-6
- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

This major is not a teacher or educator preparation program, rather an exploration of the educational and psychological foundations, research and policy as applied to instruction, learning, and professional development in school and community settings. Core courses serve as an introduction to the many fields of professional practice and research. Students may develop a General Studies curriculum or may choose a specialization in Disabilities in Society, Early Childhood Studies, Educational Psychology and Research, Educational Technology, or Schools, Society and Policy.

Graduates of the major would be prepared for a career in a government, non-profit, or education setting and for graduate studies. It would be appropriate for students interested in leading discussions about schools and education, informing policy, optimizing e-learning, advocating for accessibility, and supporting the mission of institutions of learning.

## Coursework for the Major

Students must complete 30 credits of coursework for the education sciences major to include a 15-credit core and a 15-credit specialization. The specialization must be declared no later than semester 6. Each specialization's coursework requirements are specified after the Critical Tracking section. Students must earn a minimum grade of C in a course for it to be applied to the major. A minimum 15 credits of major-related courses must be completed at the University of Florida.

All education sciences majors are required to attend colloquia, contribute to seminars, and participate in experiential learning.

EDG 4931	Senior Seminar Education Sciences (S/U; Seniors present findings/summary of experiential learning)	2
EDG 4078	Experiential Learning in Education (Research, Internship, Service Learning, Study Abroad)	3

### Academic Learning Compact

Across the country, graduates with education majors typically are prepared to teach in preschool through grade 12 settings. While many university students complete an education degree with teacher certification and begin teaching, others pursue graduate school or employment in fields where preparation in education is an asset. The BAES is appropriate for students interested in leading and supporting the design and implementation of learning environments, studying and informing education policy, optimizing e-learning, advocating for and developing accessible education options for citizens with disabilities, and supporting the learning and training missions of institutions in the modern economy.

## Before Graduating Students Must

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Explain foundational ideas and best practices in educational practices and policies, educational psychology, human exceptionalities, educational statistics and measurement, and educational technologies.
2. Apply foundational ideas and best practices to understand problems of practice and generate viable solutions in formal and informal education and training settings.

#### Critical Thinking

3. Enact goals for professional growth, ethical practices, and continuous improvement.

#### Communication

4. Communicate effectively in all forms in a professional environment, adapting appropriately for exceptionality and diversity among individuals.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- 2.0 UF GPA required

## Semester 2

- Complete 1 of 3 critical tracking courses (EDF 1005, EDF 2085, or EME 2040)
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 of 3 critical tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 3 of 3 critical tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete 1 core course: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 6

- Complete 3 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.0 UF GPA required

## Semester 7

- Complete 4 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- Complete 2 specialization courses: EEX 3093, EEX 3097, EEX 4520, EEX 4280, EEX 3012
- 2.0 UF GPA required

## Semester 8

- 2.0 UF GPA required

## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C,

H or S). One of the two general education mathematics courses must be a pure math course. A course in statistics is recommended for this major but not required.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

### Curriculum

- Education Sciences
- Education Sciences UF Online
- Education Studies Minor
- Educational Technology Minor
- Educational Technology Minor UF Online
- Elementary Education | Grades K-6
- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

This major is not a teacher or educator preparation program, rather an exploration of the educational and psychological foundations, research and policy as applied to instruction, learning, and professional development in school and community settings. Core courses serve as an introduction to the many fields of professional practice and research. Students may develop a General Studies curriculum or may choose a specialization in Disabilities in Society, Early Childhood Studies, Educational Psychology and Research, Educational Technology, or Schools, Society and Policy.

Graduates of the major would be prepared for a career in a government, non-profit, or education setting and for graduate studies. It would be appropriate for students interested in leading discussions about schools and education, informing policy, optimizing e-learning, advocating for accessibility, and supporting the mission of institutions of learning.

## Coursework for the Major

Students must complete 30 credits of coursework for the education sciences major to include a 15-credit core and a 15-credit specialization. The specialization must be declared no later than semester 6. Each specialization's coursework requirements are specified after the Critical Tracking section. Students must earn a minimum grade of C in a course for it to be applied to the major. A minimum 15 credits of major-related courses must be completed at the University of Florida.

All education sciences majors are required to attend colloquia, contribute to seminars, and participate in experiential learning.

### Critical Tracking Courses | 3 courses total

Code	Title	Credits
EDF 1005	Introduction to Education	3
EDF 2085	Teaching Diverse Populations	3
EME 2040	Introduction to Educational Technology	3

EDG 4078	Experiential Learning in Education (Research, Internship, Service Learning, Study Abroad)	3

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## SEMESTER 1

- 2.0 UF GPA required

SEMESTER 2

- Complete 1 of 3 critical-tracking courses: EDF 1005, EDF 2085, EME 2040
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

SEMESTER 3

- Complete 2 of 3 critical-tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

SEMESTER 4

- Complete 3 of 3 critical-tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

SEMESTER 5

- Complete 1 core course: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

SEMESTER 6

- Complete 3 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.0 UF GPA required

SEMESTER 7

- Complete 4 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- Complete 2 specialization courses: EDF 3110, EDF 4430, EDF 4140, EDF 4440, EDF 4470
- 2.0 UF GPA required

SEMESTER 8

- 2.0 UF GPA required

Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S). One of the two general education mathematics courses must be a pure math course. A course in statistics is recommended for this major but not required.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

## Academic Learning Compact

Across the country, graduates with education majors typically are prepared to teach in preschool through grade 12 settings. While many university students complete an education degree with teacher certification and begin teaching, others pursue graduate school or employment in fields where preparation in education is an asset. The BAES is appropriate for students interested in leading and supporting the design and implementation of learning environments, studying and informing education policy, optimizing e-learning, advocating for and developing accessible education options for citizens with disabilities, and supporting the learning and training missions of institutions in the modern economy.

## Before Graduating Students Must

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Explain foundational ideas and best practices in educational practices and policies, educational psychology, human exceptionalities, educational statistics and measurement, and educational technologies.
2. Apply foundational ideas and best practices to understand problems of practice and generate viable solutions in formal and informal education and training settings.

#### Critical Thinking

3. Enact goals for professional growth, ethical practices, and continuous improvement.

#### Communication

4. Communicate effectively in all forms in a professional environment, adapting appropriately for exceptionality and diversity among individuals.

### Curriculum Map

<sup>1</sup> Gen Ed Social and Behavioral Sciences with International; Gen Ed Humanities with International; Gen Ed Biological or Physical Sciences with International

## Academic Learning Compact

Across the country, graduates with education majors typically are prepared to teach in preschool through grade 12 settings. While many university students complete an education degree with teacher certification and begin teaching, others pursue graduate school or employment in fields where preparation in education is an asset. The BAES is appropriate for students interested in leading and supporting the design and implementation of learning environments, studying and informing education policy, optimizing e-learning, advocating for and developing accessible education options for citizens with disabilities, and supporting the learning and training missions of institutions in the modern economy.

## Before Graduating Students Must

- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Explain foundational ideas and best practices in educational practices and policies, educational psychology, human exceptionalities, educational statistics and measurement, and educational technologies.
2. Apply foundational ideas and best practices to understand problems of practice and generate viable solutions in formal and informal education and training settings.

#### Critical Thinking

3. Enact goals for professional growth, ethical practices, and continuous improvement.

#### Communication

4. Communicate effectively in all forms in a professional environment, adapting appropriately for exceptionality and diversity among individuals.

## Assessment Types

- Final projects
- Experiential learning experiences

## Schools, Society, and Policy

The Education Sciences major promotes an understanding of education and learning systems, policy, and outcomes in traditional and non-traditional contexts. This degree prepares individuals for a variety of career paths and for graduate school.

### Curriculum

- Education Sciences
- Education Sciences UF Online
- Education Studies Minor
- Educational Technology Minor
- Educational Technology Minor UF Online
- Elementary Education | Grades K-6
- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

This major is not a teacher or educator preparation program, rather an exploration of the educational and psychological foundations, research and policy as applied to instruction, learning, and professional development in school and community settings. Core courses serve as an introduction to the many fields of professional practice and research. Students may develop a General Studies curriculum or may choose a specialization in Disabilities in Society, Early Childhood Studies, Educational Psychology and Research, Educational Technology, or Schools, Society and Policy.

Graduates of the major would be prepared for a career in a government, non-profit, or education setting and for graduate studies. It would be appropriate for students interested in leading discussions about schools and education, informing policy, optimizing e-learning, advocating for accessibility, and supporting the mission of institutions of learning.

## Coursework for the Major

Students must complete 30 credits of coursework for the education sciences major to include a 15-credit core and a 15-credit specialization. The specialization must be declared no later than semester 6. Each specialization's coursework requirements are specified after the Critical Tracking section. Students must earn a minimum grade of C in a course for it to be applied to the major. A minimum 15 credits of major-related courses must be completed at the University of Florida.

All education sciences majors are required to attend colloquia, contribute to seminars, and participate in experiential learning.

### Critical Tracking Courses | 3 courses total

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- 2.0 UF GPA required

## Semester 2

- Complete 1 of 3 critical-tracking courses: EDF 1005, EDF 2085, EME 2040
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 of 3 critical-tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 3 of 3 critical-tracking courses
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete 1 core course: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.33 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 6

- Complete 3 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- 2.0 UF GPA required

## SEMESTER 7

- Complete 4 core courses: EDF 3210, EDF 3604, EDF 3423, EEX 2000, EME 3813
- Complete 2 specialization courses: EDF 3609, EDF 3514, EDF 3083, EDF 4930, EDH 3410
- 2.0 UF GPA required

## SEMESTER 8

- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S). One of the two general education mathematics courses must be a pure math course. A course in statistics is recommended for this major but not required.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

### Curriculum

- Disabilities in Society Minor
- Disability Science Minor
- Education | Early Childhood Education | Age 3-Grade 3

## Overview

The Early Childhood Education major prepares students to become educators of young children. With a universal design and instructional practices for all learners, the program prepares students with the necessary content and skills to teach diverse children, with and without disabilities, within an inclusive environment. The program integrates knowledge and skills for working with young children and families from culturally, linguistically, ability, and economically diverse backgrounds.

This major is a professional teacher preparation program, approved by the Florida Department of Education (FLDOE) and the Council for Accreditation of Educator Preparation (CAEP). Graduates of the major are prepared for professional certification in Prekindergarten/Primary (Age 3 - Grade 3) with endorsements in Prekindergarten Disabilities, English for Speakers of Other Languages (ESOL), and Reading.

In addition to teaching young children, graduates of this program may also pursue careers as teaching coaches for early childhood programs or as childcare program administrators.

## COURSEWORK FOR THE MAJOR

This is a limited access major with selective admission to the upper-division program in fall semesters only. Students must accumulate 60 credits and meet all Semester 4 critical tracking requirements to be a candidate for admission. The college admissions committee will consider an applicant's entire record, including educational objectives, quality of courses completed, criminal or disciplinary actions, and test date. The application period is February through April for the following Fall semester. An approved applicant would be assigned a course schedule and field placement schedule in Semester 5-8.

## Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## SEMESTER 1

- Complete coursework with minimum grades of C
- 2.0 UF GPA required

SEMESTER 2

- Complete coursework with minimum grades of C
- Complete 1 of 3 critical-tracking courses: EDF 1005 or EDF 2085 or EME 2040
- 2.3 UF GPA required

SEMESTER 3

- Complete coursework with minimum grades of C
- Complete 1 additional critical-tracking course
- 2.6 UF GPA required

SEMESTER 4

- Complete coursework with minimum grades of C
- Complete all 3 critical-tracking courses with a 3.0 critical-tracking GPA
- Complete all General Education requirements
- Complete the university writing requirement
- Document passing general knowledge test scores from the FTCE series. Please see audit and/or advisor to determine which test to take.
- 2.6 UF GPA required

Students cannot register for courses in semesters 5-8 before program admission, which is competitive and available in Fall semesters only. Students should meet with the admissions coordinator in 1002 Norman Hall to complete an application for admission in February of their sophomore year.

SEMESTER 5

- Complete all required courses with no grade below C
- 3.0 upper-division GPA required
- 2.6 UF GPA required

SEMESTER 6

- Complete all required courses with no grade below C
- 3.0 upper-division GPA

SEMESTER 7

- Complete all required courses with no grade below C
- Document passing Prekindergarten/Primary subject area exam scores from the FTCE series
- 3.0 upper-division GPA

SEMESTER 8

- Complete all required courses with no grade below C
- Earn acceptable ratings for all Florida Educator Accomplished Practices
- Document a passing score on the professional education test from the FTCE series
- 3.0 upper-division GPA

Model Semester Plan

For electives, students are encouraged to choose courses that will strengthen their knowledge of the content areas of literature, social sciences, natural sciences, and mathematics.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

<b>Credits</b>	<b>12</b>
<b>Total Credits</b>	<b>120</b>

Passing score on all subtests of the FTCE subject area exam in prekindergarten (age3-grade 3) and professional education test required for completion of the bachelor's degree.

## CERTIFICATION

Degree completion confers recommendation for:

- Pre-K/Primary (age 3-grade 3) Certification
- ESOL Endorsement
- Pre-K Disabilities Endorsement
- Reading Endorsement

### Academic Learning Compact

This degree prepares students for certification eligibility in order to teach Pre-Kindergarten to Primary Grade Three in the state of Florida. This undergraduate program develops the foundation knowledge and skills for effective planning, teaching, and evaluating young children's learning and development.

## BEFORE GRADUATING STUDENTS MUST

- Pass the General Knowledge Test, the Professional Education Test, and PreK-Primary Subject Area Test of the Florida Teacher Certification Examination.
- Demonstrate mastery of effective teaching practices by meeting Florida Educator Accomplished Practices 1-6, as determined by multiple instructors across the program.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## STUDENTS IN THE MAJOR WILL LEARN TO

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate competency for children, age three to grade three, in child development, contemporary research in early childhood, cultural and linguistic diversity, strategies for engaging families, developmentally appropriate instructional practices, special services for children, screening and assessment, safety and mental and physical health.
2. Create, select and implement specific learning goals, appropriate teaching methods and instructional materials and evaluation strategies aligned with goals, using knowledge of children and developmentally appropriate practices.

#### Critical Thinking

3. Critically evaluate your own instructional effectiveness to plan future lessons and improve your teaching of all students over time.

#### Communication

4. Effectively communicate with students, including students whose home language is not standard English, as well as parents and other school personnel.

---

## Educational Technology Minor

The Educational Technology minor focuses on facilitating the educational process in technology-infused 21st century learning environments. This program is designed for future professionals who are seeking a career in educational institutions or industry, small and medium business or corporate settings. Possible employment opportunities include but are not limited to: media specialist, instructional designer, technology trainer, media or web developer or eLearning consultant.

### About this Program

- **College:** Education (p. 643)

- Educational Technology Minor UF Online
- Elementary Education | Grades K-6
- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

The minor combines learning theories, technology, multimedia, and creativity to build a unique professional skill set aimed to empower teaching and learning in real-world situations. Students utilize advance technology and gain hands-on proficiency in creating interactive and engaging multimedia products that are in high demand. Beyond utilizing hardware and software, the minor provides students with solid pedagogical foundations, contemporary research, and proven practices for improving learning outcomes.

The minor welcomes undergraduate students who prefer a flexible online learning schedule and activities. All required courses are offered fully online.

At the completion of the minor, students will have created a Web portfolio showcasing their mastery in designing, developing and utilizing a variety of digital multimedia products and technology to enhance learning effectiveness.

## PREREQUISITES

- Apply for the minor after earning 45 credits and before earning 100 credits.
- Minimum 2.0 GPA is required. All 3000 and 4000 level courses in the minor must be taken at UF.
- Initiate the application to add the minor (<https://registrar.ufl.edu/forms/>)

## Required Courses

Code	Title	Credits
EME 2040	Introduction to Educational Technology	3
EME 3319	Design and Development of Educational Multimedia	3

EME 4673	Introduction to Instructional Design	3
EME 4320	Instructional Development for Teaching and Learning	3
<b>Total Credits</b>		<b>15</b>

## Educational Technology Minor UF Online

The Educational Technology minor focuses on facilitating the educational process in technology-infused 21st century learning environments. This program is designed for future professionals who are seeking a career in educational institutions or industry, small and medium business or corporate settings. Possible employment opportunities include but are not limited to: media specialist, instructional designer, technology trainer, media or web developer or eLearning consultant.

- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

The elementary education major prepares the next generation of teachers to be leaders in the creation of more equitable classroom experiences for all children, regardless of race, class, gender, sexuality, ability, language, and other differences. The program is intentionally designed to develop teacher candidates' competence in working with current school systems while simultaneously cultivating the knowledge, skills, and dispositions necessary to challenge existing systems that fail to support the learning needs of all children. The curriculum is guided by the principles of culturally

and linguistically sustaining pedagogy and universal design for learning. Courses and clinical field experiences promote deep learning, equity, and social justice in the elementary classroom context.

This major is a professional teacher preparation program, approved by the Florida Department of Education (FLDOE) and the Council for Accreditation of Educator Preparation (CAEP). Graduates of the major are prepared for professional certification in Elementary K-6 with endorsements in English for Speakers of Other Languages (ESOL) and Reading.

## Coursework for the major

This is a limited access major with selective admission to the upper-division program in fall semesters only. Students must accumulate 60 credit hours and meet all Semester 4 critical tracking requirements to be a candidate for admission. The college admissions committee will consider an applicant's entire record, including educational objectives, quality of courses completed, criminal or disciplinary actions, and test date. The application period is February through April for the following fall semester. An approved applicant would be assigned a course schedule and field placement schedule in Semester 5-8.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## SEMESTER 1

- Complete coursework with minimum grades of C
- 2.0 UF GPA required

## SEMESTER 2

- Complete coursework with minimum grades of C
- Complete 1 of 3 critical-tracking courses: EDF 1005 or EDF 2085 or EME 2040
- 2.3 UF GPA required

## SEMESTER 3

- Complete coursework with minimum grades of C
- Complete 1 additional critical-tracking course
- 2.6 UF GPA required

## SEMESTER 4

- Complete coursework with minimum grades of C
- Complete all 3 critical-tracking courses with a 3.0 critical-tracking GPA
- Complete all General Education requirements
- Complete the university writing requirement
- Document passing general knowledge test scores from the FTCE series Please see audit and/or advisor to determine which test to take.
- 2.6 UF GPA required

Students cannot register for courses in semesters 5-8 before program admission, which is competitive and available in Fall semesters only. Students should meet with the admissions coordinator in 1002 Norman Hall to complete an application for admission in February of their sophomore year.

## SEMESTER 5

- Complete all required courses with no grade below C
- 3.0 upper-division GPA required
- 2.6 UF GPA required

## SEMESTER 6

- Complete all required courses with no grade below C
- 3.0 upper-division GPA

## SEMESTER 7

- Complete all required courses with no grade below C
- Document passing Elementary K-6 subject area exam scores from the FTCE series
- 3.0 upper-division GPA

## SEMESTER 8

- Complete all required courses with no grade below C
- Earn acceptable ratings for all Florida Educator Accomplished Practices
- Document a passing score on the professional education test from the FTCE series
- 3.0 upper-division GPA

### Model Semester Plan

For electives students are encouraged to choose courses that will strengthen their knowledge of the content areas of literature, social sciences, natural sciences, and mathematics.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
State Core Gen Ed Biological or Physical Sciences (p. 67)		3
State Core Gen Ed Composition (p. 67); Writing Requirement: 6,000 words		3

RED 4844	Practicum in Reading	2
TSL 4100	ESOL Curriculum, Methods and Assessment	3
<b>Credits</b>		<b>12</b>
<b>Total Credits</b>		<b>120</b>

Passing score on all subtests of the FTCE subject area exam in elementary education (K-6) and on the Professional Education Test are required for completion of the bachelor's degree.

## Certification

Confers recommendation for certification in elementary (grades K-6) with endorsements in ESOL and reading.

### Academic Learning Compact

This degree prepares students for certification to teach grades K - 6 in the state of Florida. The program develops the foundation knowledge, skills, and practical experience for effective planning, teaching, and evaluating pupil learning.

## Before Graduating Students Must

- Pass the General Knowledge Test, the Elementary Education Subject Area Test, and the Professional Education Test of the Florida Teacher Certification Examination series.
- Demonstrate mastery of effective teaching practices by meeting Florida Educator Accomplished Practices 1-6, as determined by multiple instructors across the program.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Demonstrate competency in subject matter for grades K - 6 in language arts, reading, social studies, mathematics, science, and technology.
2. Create, select, and implement: (1) specific learning goals, (2) appropriate teaching methods and instructional materials and (3) evaluation strategies aligned with goals, using knowledge of subject matter, learners, and classroom management.

#### Critical Thinking

3. Critically evaluate your own instructional effectiveness to plan future lessons and improve your teaching of all students over time.

#### Communication

4. Effectively communicate with students, including students whose home language is not standard English, as well as with parents and other school personnel.

## Curriculum Map

## Curriculum

- Education Sciences
- Education Sciences UF Online
- Education Studies Minor
- Educational Technology Minor
- Educational Technology Minor UF Online
- Elementary Education | Grades K-6
- Florida Teaching Minor
- UFTeach | Mathematics or Science Minor

The minor requires completion of coursework in the professional preparation areas of human development and learning, assessment, classroom management, instructional strategies, reading competency and curriculum and special methods. Students will have extensive opportunities to integrate their teacher education coursework with actual classroom experience.

The minor is open to undergraduates with a major other than mathematics, science or education. Students with majors in mathematics or science should refer to the UFTeach minor.

Admission to this minor requires a UF GPA of 2.5 or better. Students must apply for acceptance to the minor within the college of their major and the College of Education after 45 but before 100 credits are earned.

More Info (<http://education.ufl.edu/student-services/>)

Those pursuing the minor are encouraged to complete the Florida Teacher Certification Examination (FTCE) General Knowledge Test (recommended in sophomore/junior year), the FTCE Subject Area Exam (recommended early in senior year) and the FTCE Professional Education Test (recommended mid-senior year).

More Info (<http://fl.nesinc.com/>)

*FTCE tests are not required for award of the minor, but they are required for certification.*

## Required Courses

All taken at UF

Code	Title	Credits
<i>Classroom Management</i>

<b>Total Credits</b>		<b>18</b>

## UFTeach | Mathematics or Science Minor

The UFTeach (<https://education.ufl.edu/uf-teach/>) minor in mathematics or science is appropriate for students who wish to teach mathematics or science at the middle school and high school levels in Florida. This is an alternative certification program, specifically a Professional Training Option (PTO), meant to prepare math and science students for temporary teacher certification in Florida. Professional teacher certification is attainable after one year of successful teaching in a Florida public school.

*For students majoring in STEM disciplines*

## About this Program

## Engineering, Herbert Wertheim College of

Established in 1910, the Herbert Wertheim College of Engineering is the largest professional school, the second-largest college and one of the three largest research units at the University of Florida. The curricula is designed to produce highly skilled engineers and provide each student with a broad range of degree and career choices.

Academic Advising and Career Coaching  
Center for Student Excellence  
204 Weil Hall  
352.392.0944

### Established

1910

### Programs

A four-year undergraduate program and combination-degree program with joint award of bachelor's and master's degrees in 15 engineering specializations.

### Degrees

Bachelor of Science, Master of Science, Master of Civil Engineering, Master of Engineering, Doctorate.

### Academic Advising

First Year students receive academic advising and career coaching in the Center for Student Excellence. All first-year students complete a required First Year Engineering Advising (<https://www.eng.ufl.edu/students/advising/>) course designed to teach them how to navigate their academic planning and successfully transition from high school to college. Students who successfully complete their first year are transitioned to advising in their major department. All engineering students must contact an academic advisor before registering for classes each semester.

### Scholarships

Scholarship awards are made each spring for the following academic year and are based on demonstrated need and scholastic performance. Applications are available in the fall semester and students are notified by Undergraduate Student Affairs.

### Internships and Career Guidance

Professional development guidance is available from academic advisors, faculty, and the Career Connections Center. Visit the Career Connections Center in the J. Wayne Reitz Student Union.

Map (<http://campusmap.ufl.edu/?loc=0686>) More Info (<https://career.ufl.edu/>)

## College Mission

The Herbert Wertheim College of Engineering fosters and provides world-class programs in engineering education, research and service to enhance the economic and social well-being of the citizens of Florida, the nation and the world.

Graduates of the Herbert Wertheim College of Engineering at the University of Florida will exhibit the following in pursuit of their profession:

- Vision, as evidenced by an ability to use creative approaches to problem solving.
- Values, as evidenced by an understanding of the importance of employing strong professional ethics.
- Leadership, as evidenced by serving as:
  - A team/project leader with solid project management and planning skills
  - A mentor to less experienced staff
  - A volunteer in the community
- Professional expertise, as evidenced by:
  - Making meaningful contributions to technical engineering problem solving as both an individual contributor and in team situations
  - Continually enhancing both technical and non-technical skills
  - Applying professional expertise to increasingly complex problems/projects
  - Increasingly capable communications skills, both verbal and written
  - Knowledge about the interaction of financial, societal, legal or cultural influences with science and technology.

## Accreditation

For information about a specific major, please refer to the departmental webpage, contact the undergraduate coordinator in the department, or visit the Center for Student Excellence in 270 Wertheim Laboratory for Engineering Excellence.

Particle Engineering Research Center (PERC)

More Info (<http://www.erc.ufl.edu/>)

Information about the center's research, education and technology transfer programs: 352.846.1194 or Email ([erc@erc.ufl.edu](mailto:erc@erc.ufl.edu)).

## Engineering Undergraduate Student Affairs

Engineering student services are provided through Engineering Undergraduate Student Affairs located in 312 and 204 Weil Hall (<http://campusmap.ufl.edu/?loc=0024>) and 270 WERT (<https://www.eng.ufl.edu/about/transformation/herbert-wertheim-laboratory-for-engineering-excellence/>). Undergraduate Student Affairs is responsible on a college-wide basis for coordinating academic advising and developing and implementing other student support programs and services, including career/college life coaching, success workshops, study halls, tutoring and mentoring, retention efforts, and new student programs.

The division informs students of educational opportunities such as scholarships, tuition waivers, co-op and internship opportunities and available campus resources. The division also serves as liaison between the Herbert Wertheim College of Engineering and university-wide student services and facilities.

## First Year Academic Advising and Career Coaching

First year engineering students receive individualized academic, career, and personal coaching from the Herbert Wertheim College of Engineering's professional academic advisors in our comprehensive First Year Advising program. One-on-one and small group sessions are offered to assist students in identifying majors, resources, and opportunities that will enhance their personal, professional, and academic goals. Engineering Peer Advisors are also available to answer questions, discuss student organizations and design teams, and provide mentoring to new students. The Engineering Center for Student Excellence is located in 270 WERT (<https://www.eng.ufl.edu/about/transformation/herbert-wertheim-laboratory-for-engineering-excellence/>)

## Multicultural and Inclusive Excellence Programs

These programs provide focused support to under-represented groups in the engineering profession. Students receive the personal, academic, social and cultural support they need to achieve academic success.

Services include orientation to UF and the college, academic and career advice, leadership development, engineering success skill development, coaching, financial assistance and tutoring.

## First Year College Transition Program

STEP-UP is a multifaceted bridge program designed to promote academic and personal success among entering engineering students throughout their first year (Summer B, fall and spring). This program combines faculty and peer mentoring with team-building, industry involvement and academic

enhancement classes in engineering foundation courses. An engineering design component provides the opportunity to apply foundational concepts in problem-solving, team-building and interpersonal communications.

## Pre-Collegiate K-12 Programs

The Herbert Wertheim College of Engineering supports the university's land-grant mission through a wide range of programs that support student preparation in grades K-12. These include the Gator Engineering Outreach Program, SECME, Engineering GatorTrax and information programs for students and guidance counselors.

## Academic Policies

### Admission to the College

#### Preparation for Freshmen and Sophomores

The beginning engineering student should have a good understanding of the basic physical sciences, a demonstrated ability in mathematics and the competence to read rapidly with comprehension.

Minimum high school preparation should include the basics outlined below. Students who need additional foundation courses can complete appropriate math and chemistry courses before proceeding with the regular engineering curriculum.

Refer to freshman admission for complete information.

More Info (p. 23)

Essentials	Years
Intermediate and advanced algebra	1
Plane geometry	1
Trigonometry	1/2
Chemistry	1
Physics	1
Calculus	1

### General Education

Students must complete general education and prescribed foundation coursework in mathematics and the physical and biological sciences before pursuing junior/senior-level courses in the college. All courses used to satisfy general education requirements must be taken for a letter grade and a minimum grade of C is required. Requirements of the Accreditation Board for Engineering and Technology (ABET) in general education are satisfied by the university's general education requirements.

### Transfer from Florida State Colleges

Florida state college students who have completed the Associate of Arts degree and the required technical foundation courses in calculus, differential equations, chemistry and physics with calculus are eligible to apply for transfer directly into the Herbert Wertheim College of Engineering. Admission to the college is selective and is based on the total record. Meeting the minimum requirements does not guarantee admission. Students with excessive withdrawals from coursework may not be eligible.

In particular, transfer students must meet the following minimum requirements:

- Earn an Associate of Arts degree from a Florida public state college with a minimum GPA of 2.00.
- Satisfy the general education requirements of the state college and comply with the general education requirements of UF and the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology.
- Complete two sequential courses of foreign language in secondary school or 8-10 semester credits at the post-secondary level or document an equivalent level of proficiency.
- Satisfy critical-tracking criteria in accordance with specific program requirements and overall grade point average.
- Complete critical-tracking courses in calculus, differential equations, chemistry and physics with calculus with minimum grades of C in each course and a minimum GPA specified for the intended major (as computed on the last of a maximum of two attempts allowed for each course, including withdrawals). Certain majors have higher minimum GPA requirements and may have additional critical tracking course requirements.

## Upper Division Transfer from a Non-Florida State College

All students who transfer from four-year institutions must meet the general admission requirements of the university. In addition, students must meet the college's admission requirements to transfer directly into an engineering program. Students with 60 or more credits earned but less than 90 credits will be considered on a space-available basis.

Students with more than 90 credits earned and applying from a non-Florida state/public college are generally not considered for admission.

All students transferring to UF must complete a minimum of 60 credits of acceptable 3000/4000-level coursework at UF to receive a degree from this college.

Unless previous arrangements have been made for course certification by faculty of the Herbert Wertheim College of Engineering, only engineering courses taken in programs accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology will be considered for transfer to this college.

Transfer students are expected to graduate from the major to which they were admitted. Appeals to change majors after admission may not be approved.

Admitted students who do not enroll in the term for which they have been admitted must submit a new application by the deadline to be considered for a future term.

## Postbaccalaureate Admission

A student who has received a baccalaureate degree who wants to meet specific requirements for admission to graduate school may be admitted as a postbaccalaureate student. Space is limited for postbaccalaureate study and only where space is available will admissions be made for postbaccalaureate studies.

## INTERNATIONAL ENGINEERING PROGRAMS

HWCOE International Engineering Programs offers students the opportunity to participate in international experiences, through study, research, internship and service learning abroad. Students can study abroad for a semester and take major classes or participate in a summer program to gain research or internship experiences. There are more than 40 semester-long exchange programs in more than 20 countries that offer engineering classes in English to help students stay on track for their academic program. Credits earned in study abroad programs may count toward a major or minor and can satisfy general education, language and summer residency requirements.

Every engineering student has a unique academic plan, and the college works with individual students to customize their international experience. For more information, visit <https://www.eng.ufl.edu/international> (<https://www.eng.ufl.edu/international/>) or talk to your academic advisor.

## Academic Regulations

### Credit for Special Work

- With department approval, a student can receive practical industry work experience under supervision. With a previously approved outline, a student can receive up to three college credits by submitting a satisfactory report and by passing an examination.
- Students can receive credit for research work by registering for EGN 4912. See your academic advisor for details.
- A student cannot apply more than eight credits of individual study, including high honors projects, co-op work experience, practical work experience and special problems or special topics, for credit toward a degree program.

## CHANGE OF MAJOR

### Changing Majors in Terms 1-5

Students who want to change to an engineering major in terms 1-2 must meet with an advisor in the HWCOE Center for Student Excellence. Students who want to change to an engineering major in terms 3-5 must meet with an advisor in the department that offers the desired major. [HWCOE Advisors (<https://www.eng.ufl.edu/students/advising/who-is-my-advisor/>)]

Students must meet the critical tracking criteria for their engineering major of choice. Those who are not on track may be permitted to change majors, provided they:

- Can get on track in a reasonable number of terms, as verified by an academic advisor;
- Demonstrate potential for success in the new major (successful completion of major courses according to HWCOE tracking requirements); and
- Meet all other HWCOE progression standards.

### Changing Majors in Term 6 or Later

The further along a student is, the harder it will be to change majors and progress and graduate in a timely fashion. Students wishing to change to a HWCOE major in term 6 or later must meet with an advisor in the department that offers the desired major.

In order to be considered for a major change at this late stage in their academic career, students must:

- Meet the critical-tracking criteria (pre-professional GPA and minimum cumulative UF GPA) for the major;
- Meet all other HWCoe progression standards for the desired major;
- Demonstrate potential for success in the major (successful completion of major and major-related courses according to HWCoe tracking requirements);
- Provide clear and purposeful reasons for which the change of major is appropriate; and
- Be able to graduate in a timely fashion.

Note that all of these criteria must be verified by an academic advisor.

## Drop Policy

Students are allowed two drops in the first 60 credits of UF coursework and two drops in upper division (60 or more credits completed at UF).

College petitions (<https://www.eng.ufl.edu/students/resources/undergraduate-student-handbook/petitions/>) to drop courses beyond the allotted number will be approved only when circumstances beyond the student's control prevented the satisfactory completion of a course. All such petitions must be submitted to Engineering Undergraduate Student Affairs, along with a written recommendation from the student's department advisor.

## English Requirement

Each student in the college is required to complete ENC 1101 or ENC 1102. All students must also complete an appropriate course in professional communication with a minimum grade of C.

Any instructor in the college may require a student with a deficiency in English to complete additional coursework beyond the curriculum requirements for the degree, with approval of the department chair.

## Flexible Learning

An enrolled engineering student will not be permitted to register for flexible learning courses unless approved by the college. Engineering students interested in taking a flexible learning course must first consult with their academic advisor. The student must have a cumulative UF GPA of 2.0 or better. A minimum grade of C is required for credit in a flexible learning course. The college will approve access to a maximum of two (2) Flexible Learning classes if the student meets at least one (1) of the following criteria:

- the student has a health concern
- there are circumstances preventing the student from being on campus and the course is not offered online
- the student requires a flexible format solution for scholarship, tracking and/or graduation requirements

More info (<https://catalog.ufl.edu/UGRD/colleges-schools/UGLAS/#academicpolicies>)

## Grievance Procedures

The college supports the university's Affirmative Action and Equal Opportunity program. Anyone who believes that they have been discriminated against should contact the associate dean for student affairs.

If a student feels that their performance in a course has not been evaluated accurately, the situation should be discussed with the instructor. If the disagreement is not resolved, the student can pursue the matter with the instructor's department chair, the associate dean for student affairs and the university ombudsman.

## Honors and Accelerated Courses

Honors and accelerated courses can be taken in place of their regular tracking counterparts. A prerequisite for any college course can be met by an honors or accelerated equivalent. Accelerated physics and honors chemistry courses are not restricted to students in the honors program, but honors calculus courses are controlled by the university honors program. Currently approved substitutions include:

- MAC 3472 instead of MAC 2311
- MAC 3473 instead of MAC 2312
- MAC 3474 instead of MAC 2313
- PHY 2060 instead of PHY 2048
- PHY 2061 instead of PHY 2049

## Independent Study

Under certain circumstances, credit toward graduation may be obtained through independent study by registering for a course carrying a department prefix. A student cannot apply more than eight credits of independent study toward a degree program, including *magna cum laude* or *summa cum*

*laude* honors projects, co-op work experience, practical work experience and special problems or special topics. Registration for one to four credits of variable credit in a semester requires department approval.

## PETITIONS

Students who have an extenuating circumstance that prevents them from adhering to a college regulation may petition for an exception. The HWCoe petitions committee reviews petition requests weekly. All petitions must include a statement explaining the hardship and provide supporting documentation.

More info (<https://www.eng.ufl.edu/students/advising/fall-semester-checklist/undergraduate-student-handbook/petitions/>)

## Probation Policy and Dismissal

An undergraduate student who is off-track or whose university, upper-division, or department grade point average falls below 2.00 will be placed on academic probation. The student will be allowed up two semesters to attain good academic standing and are expected to make satisfactory academic progress in probation semesters. Students may not be on academic probation for more than two semesters during their undergraduate program. A student who fails to meet the conditions of probation must petition their department to be allowed to continue in the major. Approval of this petition is at the discretion of the student's department.

As a condition of probation, students must see an academic advisor at designated intervals to review progress toward meeting the conditions of probation. Failure to keep such appointments without valid reason will be considered a violation of probation and may result in dismissal from the program.

Students dismissed from the Herbert Wertheim College of Engineering should seek admission to another program.

Students should acquaint themselves with their department's probation and exclusion procedures and guidelines.

## ROTC

Engineering students can enroll in the advanced ROTC programs offered by the Army, Navy and Air Force. Graduates will be commissioned as second lieutenants or ensigns. Advanced courses in military science are not normally acceptable credit as technical or nontechnical electives toward an engineering degree.

## S/U Grade Option

All courses taken at the university to satisfy engineering degree requirements, general education and writing requirements must be taken for letter grade, unless the course is offered only on a satisfactory/unsatisfactory (S/U) basis. Nontechnical electives in the junior and senior years can be taken S/U with departmental approval.

Physical education courses taken when an engineering student has reached junior status must be taken S/U.

Students should check with their departments to determine policy.

## Student Responsibility

It is the student's responsibility to review and consider all pertinent information about the university and the college. Special attention must be paid to required documentation and deadlines.

## Summer Attendance

Students who have completed a summer study abroad program (at least 6 credits), co-op, internship, research experience, or other engineering-related work can petition to waive this requirement after they have earned 75 credits. All petitions must be submitted to the university petitions committee with all appropriate documentation.

## Transient Study

Students should submit a transient form (<https://www.floridashines.org/succeed-in-college/take-a-course-at-another-school/>) via Floridashines.org to request permission to enroll at another institution and have the credits apply to their UF degrees.

More Info (<https://www.eng.ufl.edu/students/transient-student/>)

To be eligible for transient work, students must:

- Have a minimum 2.0 UF GPA
- Be on-track for the current major
- Not break the residency requirement (Students MUST complete their last 30 credits continuously at UF)

*Students who have already transferred 60 credits from a public/state college may not apply additional public/state college credits toward their degree.*

Students must ensure that a final transcript is sent to UF after completion of the course(s). Grades for courses taken elsewhere will not be calculated into the UF GPA but may be considered as part of the preprofessional GPA used by critical-tracking. Grades in courses taken elsewhere do appear on the UF transcript.

## Withdrawal from the University

Students who want to drop **all** courses for any current term are able to do so via ONE.UF (<https://one.uf.edu/>) prior to the withdrawal deadline. Dropping the entire load constitutes withdrawal from the university.

Courses dropped via full term withdrawal do not count toward a student's number of unrestricted drops. Students must discuss with an academic advisor how the withdrawal will affect their academic standing and discuss with a financial aid advisor how it will affect their financial aid. Students receiving VA benefits should talk to the Veterans Services office. Students wanting to withdraw from all courses after the withdrawal deadline may submit a college petition before the last day of classes and consistent with the guidelines listed in the Dropping Courses section above.

Any undergraduate who withdraws from the university a second time will be placed on college probation automatically until graduation. Any student on college probation who withdraws from the university a third time may be, at the discretion of the college, ineligible for further registration in the college.

### Degree Requirements

The Herbert Wertheim College of Engineering confers a Bachelor of Science degree upon all students who have successfully completed a program of study and have fulfilled all requirements for a specific major in the college.

A thesis is not required for the baccalaureate degree. However, the department can grant permission to exceptional students to undertake a thesis in lieu of up to four semester credits of required or elective work in the student's department.

## Required Minimum Grade Point Averages

- 2.5 - 2.8 GPA is required in critical-tracking courses depending on major
- 2.0 GPA is required for all courses in the college
- 2.0 GPA is required in all courses in the department
- 2.0 GPA is required in all courses taken after being classified as an upper division student
- 2.0 cumulative GPA is required in all work attempted at the university

All grade point averages are based on a 4.0 scale. Critical tracking grade point averages are computed on the best of the maximum two attempts (including withdrawals) allowed for each course.

## Technical Foundation Courses

Technical coursework is required of all students. This coursework also satisfies the mathematics and physical/biological science categories of the general education requirement. Generally, all technical coursework must be completed or be in final progress before a student can register for junior/senior-level engineering courses. Minimum grades of C are required in all critical tracking coursework based on a maximum of two attempts, including withdrawals.

*Some departments may have higher requirements.*

## Critical-Tracking Criteria

The Herbert Wertheim College of Engineering has established tracking criteria for all programs. Applicants with specific questions can contact the department or Engineering Undergraduate Student Affairs.

Students must fulfill the performance criteria for their program's tracking courses. Students who are off-track will be placed on probation. Students who fail to meet the conditions of their probation may not be allowed to continue in the Herbert Wertheim College of Engineering.

A minimum grade of C (based on a maximum of two attempts, including withdrawals) is required for each tracking course. Students may repeat a maximum of three critical tracking courses. Students must meet the minimum critical tracking GPA for their specific major to continue to the upper-division engineering program. Some departments require a grade higher than C in critical tracking courses. Students are expected to complete all critical tracking courses by the fifth tracking semester.

*To be on track, students must meet or exceed these minimum performance criteria.*

### Tracking Courses

Semesters at UF	Minimum Completed	Minimum GPA	Minimum Overall UF GPA
First	1	2.5	2.0
Second	2	2.5	2.0

Third	4	2.5	2.0
Fourth	6	2.5	2.0
Fifth	8	2.5	2.0

## Required Tracking Courses | All Engineering Majors

Courses	Credits
Mathematics	15 credits
Calculus	
MAC 2311 <sup>1</sup>	4
MAC 2312	4
MAC 2313	4
Differential Equations	
MAP 2302 <sup>5</sup>	3
Physical/Biological Sciences	16 credits
Physics	
PHY 2048	3
PHY 2048L	1
PHY 2049	3
PHY 2049L	1
Chemistry	
CHM 2045 or CHM 2095 <sup>1,2</sup>	3
CHM 2045L	1
CHM 2046 or CHM 2096 <sup>3</sup>	3
CHM 2046L	1
Additional critical tracking requirements <sup>4</sup>	
Refer to specific major plan	

<sup>1</sup> Calculus and chemistry placement will be determined by student scores on the online ALEKS assessment test, which is required for all engineering students.

<sup>2</sup> Industrial and systems engineering majors: CHM 2045 is not required for tracking; however, it is required for graduation. CHM2045 is not required for Computer Science or Computer Engineering.

<sup>3</sup> Aerospace engineering, civil engineering, computer engineering, computer science, digital arts and sciences, electrical engineering, industrial and systems engineering, mechanical engineering, and nuclear engineering either do not require CHM 2046/CHM 2096 or may substitute another course.

<sup>4</sup> Additional critical tracking requirements for specific majors are listed in the major degree programs.

<sup>5</sup> Not a critical tracking course for Computer Science or Industrial and Systems Engineering.

## Progression to Graduation

The programs leading to bachelor's degrees in engineering are carefully planned and organized sequences. The highly motivated student with proper high school preparation can complete these programs in four years, including at least one summer term, by scheduling an average of 15 credits each semester.

Usually, foundation subjects common to all fields of engineering are studied in the first two years at the university or in a pre-engineering program at a state or community college. Specialized study is taken in the junior and senior years within a department of the college, where the program is tailored to the student's preparation, interests and career goals.

The specific requirements for each major are outlined. Students must consult their academic advisors each semester before they can register for classes.

Graduating with Honors (p. 1717)

## Programs

## MAJORS

- Aerospace Engineering
- Biological Engineering

- Biomedical Engineering
- Chemical Engineering
- Civil Engineering
- Combination Degrees
- Computer Engineering
- Computer Science | Herbert Wertheim College of Engineering
- Digital Arts and Sciences | Bachelor of Science
- Electrical Engineering
- Engineering | Exploring Engineering Studies
- Environmental Engineering
- Industrial and Systems Engineering
- Materials Science and Engineering
- Mechanical Engineering
- Nuclear Engineering

## MINORS

- Biomechanics Minor
- Biomolecular Engineering Minor
- Computer and Information Science and Engineering Minor
- Computer and Information Science and Engineering Minor UF Online
- Electrical Engineering Minor
- Engineering Innovation Minor
- Materials Science and Engineering Minor
- Nuclear and Radiological Engineering Minor
- Sales Engineering Minor

## CERTIFICATES

- Advanced Engineering Ceramics Certificate
- Artificial Intelligence Fundamentals and Applications Certificate
- Biomaterials Certificate
- Engineering Innovation Certificate
- Engineering Leadership Certificate
- Engineering Project Management Certificate
- Metallurgical Engineering Certificate
- Packaging Engineering Certificate
- Polymer Science and Engineering Certificate
- Semiconductor Materials Certificate
- Sustainable and Resilient Energy Engineering Certificate

## Computer-Related Degrees

The Herbert Wertheim College of Engineering has responsibility for teaching all computer courses included in computer-related degree programs at the University of Florida. These degrees are offered in the colleges of Business, Engineering, and Liberal Arts and Sciences.

### Computer Engineering

Computer Engineering (CPE) is a joint program of the Computer and Information Science and Engineering (CISE) and the Electrical and Computer Engineering (ECE) departments. The Bachelor of Science in Computer Engineering (BSCPE) is offered by both departments and requires 126 credits for graduation.

This degree program produces a computer engineer who has the knowledge of hardware and software to build working computer systems from electronic components and to program them for a variety of tasks.

Combination Degree Programs

Qualified students can pursue a bachelor's and a master's degree concurrently. These combination-degree programs are offered in all departments within the Herbert Wertheim College of Engineering.

More Info (p. 1734)

## Advanced Engineering Ceramics Certificate

The Advanced Engineering Ceramics certificate enables students to specialize in modern approaches to the analysis of technical ceramic materials. It also helps students from other disciplines enhance their degree by including a dedicated knowledge of a specific material class.

### About this Program

- **College:** Herbert Wertheim College of Engineering (p. 721)
- **Credits:** 10 | Completed with minimum grades of C

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Department Information

The Department of Materials Science and Engineering strives to serve the scientific and engineering community of the state and nation by providing quality education in the field, conducting basic and applied research to enhance science in the field, and supplying short courses, technology transfer, industrial consulting, and distance learning to promote engineering in the field.

**Website** (<https://mse.ufl.edu/>)

### CONTACT

Email ([mkt@warrington.ufl.edu](mailto:mkt@warrington.ufl.edu)) | 352.846.3300 (tel) | 352.392.7219 (fax)

P.O. Box 116400  
549 Gale Lemerand Drive  
RHINES HALL  
GAINESVILLE FL 32611-6400  
Map (<http://campusmap.ufl.edu/#/index/0184>)

### Curriculum

- Advanced Engineering Ceramics Certificate
- Biomaterials Certificate
- Combination Degrees
- Materials Science and Engineering
- Materials Science and Engineering Minor
- Metallurgical Engineering Certificate
- Nuclear and Radiological Engineering Minor
- Nuclear Engineering
- Polymer Science and Engineering Certificate
- Semiconductor Materials Certificate

Upon completion of the certificate, students will have a fundamental basis for designing and analyzing structures and components made of advanced technical ceramic materials.

### Prerequisite Courses

Code	Title	Credits
CHM 2045 or CHM 2095	General Chemistry 1 Chemistry for Engineers 1	3
EMA 3010	Materials	3
EMA 3050	Introduction to Inorganic Materials	3

### Required Courses

Code	Title	Credits
EMA 4144	Physical Ceramics 1	3
EMA 4145	Physical Ceramics 2	3
EMA 4645	Processing of Ceramic Materials	3

EMA 4041L	Advanced Ceramics Laboratory 1	1
<b>Total Credits</b>		<b>10</b>

## Aerospace Engineering

Aerospace engineers are called upon to solve exciting problems of design, construction and operation of aircraft and spacecraft to meet the ever-increasing requirement for improved performance at lower unit cost. These challenges mean that aerospace engineers work at the continuously changing forefront of science, technology, and systems management.

### About this Program

- **College:** Herbert Wertheim College of Engineering (p. 721)
- **Degree:** Bachelor of Science in Aerospace Engineering
- **Credits for Degree:** 128

*To graduate with this major, students must complete all university, college, and major requirements.*

### Department Information

The Department of Mechanical & Aerospace Engineering (MAE) graduates many exceptional mechanical and aerospace engineers each year. Our Mechanical Engineering program celebrated its 100 year anniversary in 2009 and is one of the founding departments of the Herbert Wertheim College of Engineering. Starting within mechanical as an aeronautical option, the Aeronautical Engineering program was founded in 1946. It grew to become our Aerospace Engineering program, which merged with Engineering Science and Mechanics in 1969. All these programs united (or reunited) in 2002. Going strong into the 21<sup>st</sup> century, MAE remains a vibrant and intellectually diverse program at both the undergraduate and graduate levels.

**Website** (<https://mae.ufl.edu/>)

### Curriculum

- Aerospace Engineering
- Biomechanics Minor
- Combination Degrees
- Mechanical Engineering
- Sustainable and Resilient Energy Engineering Certificate

### Related Programs

- Dual Degree in Mechanical Engineering and Aerospace Engineering

The undergraduate curriculum in aerospace engineering is a fully accredited baccalaureate program that provides a broad education with a strong foundation in mathematics, science, and basic engineering sciences. Advanced courses in aeronautics and astronautics complete the degree. Graduates will be prepared to work in the aerospace and related industries or to pursue graduate study.

## Combination Bachelor's/Master's Degree Program

The aerospace engineering professional often benefits from an advanced degree to meet the challenging needs of industry and government. Accordingly, the MAE department actively participates in the combination BS/MS degree program that allows students to double-count graduate courses toward both degrees. The combination-degree program reduces the cost for both degrees and enhances the student's marketability for career advancement. Interested students should contact the Department of Mechanical and Aerospace Engineering or its website for more information.

## Department Requirements

Minimum grades of C are required for EGM 2511, EGM 3401, EGM 3520, EGM 3344, and EML 3100. The minimum grade of C is considered part of the prerequisite requirement for courses that list EGM 2511, EGM 3401, EGM 3520, EGM 3344, or EML 3100 as a prerequisite. The prerequisite course and subsequent course cannot be taken in the same term, even if the prerequisite is being repeated.

An aerospace or mechanical engineering student whose cumulative, upper-division or department grade point average falls below a 2.0 or whose critical-tracking grades do not meet department requirements will be placed on academic probation and required to complete a probation contract with an MAE academic advisor. Students normally are allowed a maximum of two terms (consecutive or non-consecutive) on academic probation. Students who do not satisfy the conditions of the first term on probation may be dismissed from the department.

All graduating seniors must complete an exit interview.

## Dual-Degree Programs

There is great overlap between the aerospace engineering and mechanical engineering curriculum. The first six semesters of the two degree programs are identical. Through proper selection of electives, students can earn dual mechanical engineering/aerospace engineering B.S. degrees with one semester of additional work. Interested students should contact the Department of Mechanical and Aerospace Engineering or its website for more information.

## Educational Objectives

The objective of the aerospace engineering program at UF is to prepare students to attain the following goals within a few years of graduation:

- Graduates will meet the expectations of employers of aerospace engineers.
- Qualified graduates will pursue advanced study if they so desire.

## Mission

The mission of the undergraduate program is to:

- serve the state of Florida, the United States and the engineering profession by providing a high-quality educational experience in aerospace engineering;
- enhance student learning with extracurricular opportunities including undergraduate research mentored by nationally recognized researchers; and
- foster ongoing professional development of students, faculty, and staff.

## Research Programs

The department's active research programs are sponsored by private industry, the National Science Foundation, Department of Defense, NASA, National Institutes of Health and other agencies. These programs keep faculty at the leading edge of technology and provide opportunities for students to participate in research through classroom assignments, individual studies, undergraduate research scholarships and employment as research assistants.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 2 of 8 critical-tracking courses with a minimum grade of C within two attempts:  
CHM 2045 or CHM 2095, EML 2023, MAC 2311, MAC 2312, MAC 2313, MAP 2302, PHY 2048, PHY 2049
- 2.8 GPA required for the group of 8 critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete an additional 2 of 8 critical-tracking courses with minimum grades of C within two attempts
- 2.8 GPA required for the group of 8 critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 3

- Complete an additional 2 of 8 critical-tracking courses with minimum grades of C within two attempts
- 2.8 GPA required for the group of 8 critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 4

- Complete the remaining 2 of 8 critical-tracking courses with minimum grades of C within two attempts
- 2.8 GPA required for the group of 8 critical-tracking courses
- 2.0 UF GPA required

## SEMESTER 5

- Meet all Semester 1-4 critical-tracking requirements
- 2.0 UF GPA required

## SEMESTER 6

- Complete EGM 3344 with minimum grade of C
- Complete EGM 3401 with minimum grade of C
- Complete EAS 4101
- Complete EGM 3520 with minimum grade of C
- 2.0 UF GPA required

## SEMESTER 7

- Complete MAP 4305
- Complete EML 4312
- Complete EAS 4132
- Complete EML 3301C
- 2.0 UF GPA required

## SEMESTER 8

- Complete EAS 4510
- Complete EAS 4400
- Complete EAS 4200
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Gen Ed Humanities)		3
CHM 2045 or CHM 2095	General Chemistry 1 ( <b>Critical Tracking</b> ; Gen Ed Physical Sciences) or Chemistry for Engineers 1	3
CHM 2045L	General Chemistry 1 Laboratory (Gen Ed Physical Sciences)	1
EML 2920	Department and Professional Orientation	1
ENC 1101 or ENC 1102	Expository and Argumentative Writing (Writing Requirement: 6,000 words) <sup>1,2</sup> or Argument and Persuasion	3
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
<b>Credits</b>		<b>15</b>
<b>Semester Two</b>		
EML 2023	Computer Aided Graphics and Design ( <b>Critical Tracking</b> )	3
ENC 3246	Professional Communication for Engineers (State Core Gen Ed Composition (p. 67); Writing Requirement: 6,000 words)	3

MAC 2312	Analytic Geometry and Calculus 2 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	4
PHY 2048 & 2048L	Physics with Calculus 1 and Laboratory for Physics with Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Physical Sciences)	4
Approved Science elective		3
<b>Credits</b>		<b>17</b>
<b>Semester Three</b>		
COP 2271	Computer Programming for Engineers (take the Matlab section)	2
EAS 2011	Introduction to Aerospace Engineering	3
EGM 2511	Engineering Mechanics: Statics <sup>3</sup>	3
MAC 2313	Analytic Geometry and Calculus 3 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	4
PHY 2049 & 2049L	Physics with Calculus 2 and Laboratory for Physics with Calculus 2 ( <b>Critical Tracking</b> ; Gen Ed Biological and Physical Sciences)	4
<b>Credits</b>		<b>16</b>
<b>Semester Four</b>		
Quest 2 (Gen Ed Social and Behavioral Sciences)		3
EGM 3344	Introduction to Numerical Methods of Engineering Analysis <sup>3</sup>	3
EGM 3520	Mechanics of Materials <sup>3</sup>	3
EML 2322L	Design and Manufacturing Laboratory	2
EML 3100	Thermodynamics <sup>3</sup>	3
MAP 2302	Elementary Differential Equations ( <b>Critical Tracking</b> )	3
<b>Credits</b>		<b>17</b>
<b>Semester Five</b>		
EAS 4101	Aerodynamics	3
EEL 3003	Elements of Electrical Engineering <sup>4</sup>	3
EGM 3401	Engineering Mechanics: Dynamics <sup>3</sup>	3
EMA 3010	Materials	3
MAP 4305	Differential Equations for Engineers and Physical Scientists	3
Select one:		3
Gen Ed Humanities; Writing Requirement: 6,000 words <sup>1</sup>		
Gen Ed Social and Behavioral Sciences; Writing Requirement: 6,000 words <sup>1</sup>		
<b>Credits</b>		<b>18</b>
<b>Semester Six</b>		
EAS 4132	Compressible Flow	3
EAS 4510	Astrodynamics	3
EML 3301C	Mechanics of Materials Laboratory (Writing Requirement: 6,000 words)	3
EML 4312	Control of Mechanical Engineering Systems	3
Approved Aerospace elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Seven</b>		
EAS 4200	Aerospace Structures	3
EAS 4400	Stability and Control of Aircraft	3
EAS 4810C	Aerospace Sciences Lab and Design	3
State Core Gen Ed Humanities (p. 67) <sup>1</sup>		3
Approved Aerospace elective		3
<b>Credits</b>		<b>15</b>
<b>Semester Eight</b>		
EAS 4300	Aerospace Propulsion	3
EAS 4700 or EAS 4710	Aerospace Design 1 or Aerospace Design 2	3
State Core Gen Ed Social and Behavioral Sciences (p. 67) <sup>1</sup>		3
Approved Technical electives		6
<b>Credits</b>		<b>15</b>
<b>Total Credits</b>		<b>128</b>

<sup>1</sup> Students are also expected to complete the Gen Ed International and Gen Ed Diversity requirements. This is often done concurrently with another general education requirement (typically, Gen Ed Composition, Gen Ed Humanities or Gen Ed Social and Behavioral Sciences).

<sup>2</sup> ACT/SAT placement scores do not exempt this requirement.

<sup>3</sup> Minimum grade of C required.

<sup>4</sup> Can substitute EEL 3111C.

## Approved Electives

### Science Elective | Select One

#### Critical Tracking

Code	Title	Credits
AST 3018	Astronomy and Astrophysics 1	3
AST 3019	Astronomy and Astrophysics 2	3
BSC 2010	Integrated Principles of Biology 1	3
CHM 2046	General Chemistry 2	3
CHM 2096	Chemistry for Engineers 2	3
PHY 3101	Introduction to Modern Physics	3

### Aerospace Electives | Select Two

Code	Title	Credits
EAS 4240	Aerospace Composites	3
EAS 4412	Dynamics and Control of Space Vehicles	3
EML 4140	Heat Transfer	3
EML 4220	Vibrations	3
EML 4507	Finite Element Analysis and Design	3
Any graduate-level course taught by the MAE department		3

## Academic Learning Compact

Aerospace engineers solve exciting problems of design, construction and operation of aircraft and spacecraft to meet the ever-increasing requirement for improved performance at lower unit cost. The undergraduate curriculum provides a broad education with a strong foundation in mathematics, science and basic engineering sciences. Advanced courses in aeronautics and astronautics complete the degree program and prepares students to work in aerospace industries or to pursue graduate study.

The Aerospace Engineering BS Program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org> (<https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.abet.org%2F&data=05%7C01%7CDMAYH%40eng.ufl.edu%7C71f1da0d2bb2405acf0908db1519ea82%7C0d4da0f84a314d76ace60a62331e1b84%7C0%7C0%7C638126973271417574%7CUnknown%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IklhaWwiLCJXVCI6Mn0%3D%7C3000%7C%7C%7C&sdata=IS6uc6S7lvXdX9QyR6L%2B9EJPkbAYPGg3OA7DmEOluN4%3D&reserved=0>), under the General Criteria and the Program Criteria for Aerospace and Similarly Named Engineering Programs.

## Before Graduating Students Must

- Pass an assessment by two or more faculty and/or industry practitioners of performance on a major design experience.
- Pass assessment in two courses of individual assignments targeted to each learning outcome. Assessment will be provided by the instructor according to department standards.
- Complete an exit interview in your final semester.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply knowledge of mathematics, science and engineering principles to aerospace engineering problems.
2. Design and conduct aerospace engineering experiments, analyzing and interpreting the data.

#### Critical Thinking

3. Design an aerospace engineering system, component or process to meet desired needs within realistic economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability constraints.

#### Communication

4. Communicate technical data and design information effectively in writing and in speech to other aerospace engineers.

- Presentations
- Additional assessments include exit and alumni surveys

# Artificial Intelligence Fundamentals and Applications Certificate

The AI Fundamentals and Applications Certificate is intended for undergraduates of all majors (both technical and non-technical) to understand fundamentals of artificial intelligence, its applications to real world problems in various disciplines, and ethical and professional responsibilities of these technologies. The certificate consists of a required fundamentals course, a college specific application course and an ethics course. Students use high level AI tools and apply them to problems in their disciplines.

## About this Program

- **College:** Herbert Wertheim College of Engineering (p. 721)
- **Credits:** 9 | Completed with minimum grades of C
- Student Learning Outcomes (SLOs) (<https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes>)

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

## Admission Criteria

Junior level of any major, MAC 1147 or equivalent. Some elective courses require prerequisites which are fulfilled by the majors indicated.

## Required Courses

Code	Title	Credits
EEL 3872	Artificial Intelligence Fundamentals	3
PHI 3681	Ethics, Data, and Technology	3
College-specific course (select one:)		3
<i>Engineering</i>		
BME 4760	Biomedical Data Science	
EEE 4773	Fundamentals of Machine Learning	
CAP 3032	Interactive Modeling and Animation 1	
ESI 4610	Introduction to Data Analytics	
<i>Liberal Arts and Sciences</i>		
BSC 4892	AI in Biology	
CAP 3032	Interactive Modeling and Animation 1	
CLA 3811	AI in Antiquity and Today	
GIS 4123C	GeoAI – Geographic Artificial Intelligence	
IDS 3750	Artificial Intelligence in the Social Sciences	
WST 4002	Data Feminisms	
<i>Agricultural and Life Sciences</i>		
ALS 3200C	AI in Agricultural and Life Sciences	
<i>Business</i>		
QMB 3302	Foundations of Business Analytics & Artificial Intelligence (AI)	
<i>Design, Construction, &amp; Planning</i>		
DCP 4300	AI in the Built Environment	
<i>Journalism and Communication</i>		
JOU 3365	Artificial Intelligence in Media and Society	
<i>Public Health and Health Professions</i>		
PHC 3793	Higher Thinking for Healthy Humans: AI in Healthcare and Public Health	
<b>Total Credits</b>		<b>9</b>

## Biological Engineering

Biological Engineering (BE) applies engineering principles to protect natural resources and to produce food, biofuels, pharmaceuticals, and other biobased products. BE incorporates foundations of biology with engineering theory and practice to develop sustainable solutions to problems facing a broad range of industries.

### About this Program

- **College:** Herbert Wertheim College of Engineering (p. 721)
- **Degree:** Bachelor of Science in Biological Engineering
- **Specializations:** Agricultural Production Engineering (p. 739) | Biosystems Engineering (p. 744) | Land and Water Resources Engineering (p. 748) | Packaging Engineering (p. 753)
- **Credits for Degree:** 128
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

### Department Information

The Department of Agricultural and Biological Engineering is founded on developing, teaching, and applying engineering principles to improve and sustain agricultural and biological systems for current and future generations.

**Website** (<https://abe.ufl.edu/>)

## Curriculum

- Agricultural Operations Management
- Biological Engineering
- Combination Degrees
- Packaging Engineering Certificate
- Packaging Science Minor
- Precision Agriculture Minor

Biological engineers pioneer new designs and techniques in such areas as agricultural robotics, remote sensing, bioprocessing, biofuels, precision agriculture, plant space biology, sustainability of our natural resources, and packaging product design and development.

Graduates are educated in the biological and environmental sciences as well as in engineering. They will address critical problems involving land and water resources, biological systems, production agriculture and innovations in packaging. Students can choose a focus area based on their courses of specialization and individual selection of electives. Areas of specialization are biosystems engineering, land and water resources engineering, packaging engineering, and agricultural production engineering.

In addition to abundant job opportunities in Florida's agricultural industry, graduates have career opportunities in biotechnology and in fields related to Florida's water quality and water resources, including water management districts, environmental companies, consulting firms, equipment manufacturers, bio-energy, food engineering and the packaging industry.

The BE curriculum can also fulfill requirements for admission to professional programs as well as to graduate programs including biomedical engineering, civil engineering and mechanical engineering.

## Educational Objectives

Graduates from the University of Florida's undergraduate degree program in biological engineering will be prepared for at least one of the following:

- Successful careers in the profession of biological engineering or other related fields.
- Gaining admission to a graduate and/or professional degree program.

## Goals

To develop biological engineering professionals with technical proficiency and societal responsibility.

## Mission

The department will develop professionals, create and disseminate knowledge, and promote the application of engineering and management principles to meet societal needs with respect to agriculture, packaging, land and water resources, and biological systems.

### Academic Learning Compact

The curriculum emphasizes engineering solutions to problems associated with biological and agricultural systems that often are related to renewable natural resources. Students gain knowledge through formal courses, laboratory experimentation and individual experience. Students will learn to utilize math, science and engineering principles to analyze and interpret data, to design and conduct experiments, systems and components and to effectively communicate results within an appropriate presentation style.

The Biological Engineering BS Program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org> (<https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.abet.org%2F&data=05%7C01%7CDMAYH%40eng.ufl.edu%7C71f1da0d2bb2405acf0908db1519ea82%7C0d4da0f84a314d76ace60a62331e1b84%7C0%7C0%7C638126973271417574%7CUnknown%7CTWFpbGZsb3d8eyJWljiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiIl6lk1haWwiLCJXVCi6Mn0%3D%7C3000%7C%7C%7C&sdata=IS6uc6S7lvXdX9QyR6L%2B9EJPkbAYPGg3OA7DmEOluN4%3D&reserved=0>), under the General Criteria and the Program Criteria for Biological and Similarly Named Engineering Programs.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 8 tracking courses with a minimum grade of C within two attempts: CHM 2045 or CHM 2095, CHM 2046 or CHM 2096, MAC 2311, MAC 2312, MAC 2313, MAP 2302, PHY 2048, PHY 2049

- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional tracking course with a minimum grade of C within two attempts
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional tracking courses with minimum grades of C within two attempts
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 2 additional tracking courses with minimum grades of C within two attempts
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all 8 critical-tracking courses with minimum grades of C in each course within two attempts
- Complete EGM 3520
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 6

- Complete ENC 3246

## Semester 7

- Complete ABE 3000C

## Semester 8

- Complete ABE 4042C

## Semester 9

- Complete ABE 4043C

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Writing Requirement, if needed)		3
Gen Ed Biological Sciences and Physical Sciences; <b>Critical Tracking</b>		4
Select one:		
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory	
CHM 2095 & CHM 2045L	Chemistry for Engineers 1 and General Chemistry 1 Laboratory

#### Critical Thinking

3. Design a biological and/or agricultural system, component or process to meet desired needs within realistic economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability constraints in biological engineering.

#### Communication

4. Communicate technical data and design information effectively in writing and in speech to other engineers in biological engineering.

## Curriculum Map

*I = Introduced; R = Reinforced; A = Assessed*

Courses	SLO 1	SLO 2	SLO 3	SLO 4
ABE 2012C	I, A	I, A		
ABE 3612C		R, A		

ABE 4042C	R, A	I, A	I
ABE 4043C	R, A	R, A	R, A

## Assessment Types

- Assignments
- Exams
- Design projects and reports

## Biosystems Engineering

Biological Engineering (BE) applies engineering principles to protect natural resources and to produce food, biofuels, pharmaceuticals, and other biobased products. BE incorporates foundations of biology with engineering theory and practice to develop sustainable solutions to problems facing a broad range of industries.

## About this Program

- **College:** Herbert Wertheim College of Engineering (p. 721)
- **Degree:** Bachelor of Science in Biological Engineering
- **Specializations:** Agricultural Production Engineering (p. 739) | Biosystems Engineering (p. 744) | Land and Water Resources Engineering (p. 748) | Packaging Engineering (p. 753)
- **Credits for Degree:** 128
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

## Department Information

The Department of Agricultural and Biological Engineering is founded on developing, teaching, and applying engineering principles to improve and sustain agricultural and biological systems for current and future generations.

### Curriculum

- Agricultural Operations Management
- Biological Engineering
- Combination Degrees
- Packaging Engineering Certificate
- Packaging Science Minor
- Precision Agriculture Minor

Biological engineers pioneer new designs and techniques in such areas as agricultural robotics, remote sensing, bioprocessing, biofuels, precision agriculture, plant space biology, sustainability of our natural resources, and packaging product design and development.

Graduates are educated in the biological and environmental sciences as well as in engineering. They will address critical problems involving land and water resources, biological systems, production agriculture and innovations in packaging. Students can choose a focus area based on their courses of specialization and individual selection of electives. Areas of specialization are biosystems engineering, land and water resources engineering, packaging engineering, and agricultural production engineering.

In addition to abundant job opportunities in Florida's agricultural industry, graduates have career opportunities in biotechnology and in fields related to Florida's water quality and water resources, including water management districts, environmental companies, consulting firms, equipment manufacturers, bio-energy, food engineering and the packaging industry.

The BE curriculum can also fulfill requirements for admission to professional programs as well as to graduate programs including biomedical engineering, civil engineering and mechanical engineering.

## Educational Objectives

Graduates from the University of Florida's undergraduate degree program in biological engineering will be prepared for at least one of the following:

- Successful careers in the profession of biological engineering or other related fields.
- Gaining admission to a graduate and/or professional degree program.

## Goals

To develop biological engineering professionals with technical proficiency and societal responsibility.

## Mission

The department will develop professionals, create and disseminate knowledge, and promote the application of engineering and management principles to meet societal needs with respect to agriculture, packaging, land and water resources, and biological systems.

## Biosystems Engineering

Code	Title	Credits
<b>Required Courses</b>		
ABE 4662	Quantification of Biological Processes	3
<b>Electives</b>		
Department Electives (minimum)		8
Engineering Elective (minimum)		3
Technical Electives (minimum)		6
<b>Total Credits</b>		<b>20</b>

### Critical Tracking

courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (<https://cpm.flvc.org/advance-search/>) may be used for transfer students.

## Semester 1

- Complete 1 of 8 tracking courses with a minimum grade of C within two attempts: CHM 2045 or CHM 2095, CHM 2046 or CHM 2096, MAC 2311, MAC 2312, MAC 2313, MAP 2302, PHY 2048, PHY 2049
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 2

- Complete 1 additional tracking course with a minimum grade of C within two attempts
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 3

- Complete 2 additional tracking courses with minimum grades of C within two attempts
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 4

- Complete 2 additional tracking courses with minimum grades of C within two attempts
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 5

- Complete all 8 critical-tracking courses with minimum grades of C in each course within two attempts
- Complete EGM 3520

- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

## Semester 6

- Complete ENC 3246

## Semester 7

- Complete ABE 3000C

## Semester 8

- Complete ABE 4042C

## Semester 9

- Complete ABE 4043C

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

Course	Title	Credits
<b>Semester One</b>		
Quest 1 (Writing Requirement, if needed)		3
Gen Ed Biological Sciences and Physical Sciences; <b>Critical Tracking</b> . Select one:		4
CHM 2045 & 2045L	General Chemistry 1 and General Chemistry 1 Laboratory	
CHM 2095 & CHM 2045L	Chemistry for Engineers 1 and General Chemistry 1 Laboratory	
MAC 2311	Analytic Geometry and Calculus 1 ( <b>Critical Tracking</b> ; State Core Gen Ed Mathematics)	4
State Core Gen Ed Humanities with Diversity or International; Writing Requirement, if needed		3
State Core Gen Ed Social and Behavioral Sciences with Diversity or International; Writing Requirement, if needed		3
<b>Credits</b>		<b>17</b>
<b>Semester Two</b>		
Quest 2 (Writing Requirement, if needed)		3
Gen Ed Biological and Physical Sciences. Select one:		3
ABE 2062	Biology for Engineers	
BSC 2010	Integrated Principles of Biology 1	
State Core Gen Ed Biological and Physical Sciences; <b>Critical Tracking</b> . Select one:		4
CHM 2046 & 2046L	General Chemistry 2 and General Chemistry 2 Laboratory	
CHM 2096 & CHM 2046L	Chemistry for Engineers 2 and General Chemistry 2 Laboratory	
MAC 2312	Analytic Geometry and Calculus 2 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	4
State Core Gen Ed Social and Behavioral Sciences with Diversity or International; Writing Requirement, if needed		3
<b>Credits</b>		<b>17</b>
<b>Semester Three</b>		
ABE 2012C	Introduction to Biological Engineering (Writing Requirement; 2,000 words)	3
CGN 2328 or EML 2023	Technical Drawing and Visualization or Computer Aided Graphics and Design	3
MAC 2313	Analytic Geometry and Calculus 3 ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	4
PHY 2048 & 2048L	Physics with Calculus 1 and Laboratory for Physics with Calculus 1 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	4
State Core Gen Ed Composition; Writing Requirement: 6,000 words. Select one:		3
ENC 1101	Expository and Argumentative Writing (State Core Gen Ed Composition (p. 67))	
ENC 1102	Argument and Persuasion (State Core Gen Ed Composition (p. 67))	
<b>Credits</b>		<b>17</b>

**Semester Four**

EGM 2511	Engineering Mechanics: Statics	3
EGN 2020C	Engineering Design & Society	2
EML 3007	Elements of Thermodynamics and Heat Transfer	3
MAP 2302	Elementary Differential Equations ( <b>Critical Tracking</b> ; Gen Ed Mathematics)	3
PHY 2049 & 2049L	Physics with Calculus 2 and Laboratory for Physics with Calculus 2 ( <b>Critical Tracking</b> ; Gen Ed Biological Sciences and Physical Sciences)	4
<b>Credits</b>		<b>15</b>

**Semester Five**

ABE 3612C	Heat and Mass Transfer in Biological Systems	4
Select one:		3-4
CGN 3421	Computer Methods in Civil Engineering	
COP 2271 & 2271L	Computer Programming for Engineers and Computer Programming for Engineers Laboratory	
ENV 3040C	Computational Methods in Environmental Engineering	
CGN 3710 or EEL 3003	Experimentation and Instrumentation in Civil Engineering or Elements of Electrical Engineering	3
EGM 3400	Elements of Dynamics	2
EGM 3520	Mechanics of Materials ( <b>Critical Tracking</b> )	3
<b>Credits</b>		<b>15-16</b>

**Semester Six**

ABE 3000C	Applications in Biological Engineering ( <b>Critical Tracking</b> )	3
ABE 3652C or CGN 3501C	Physical and Rheological Properties of Biological Materials or Civil Engineering Materials	3-4
CHM 2200 or BCH 3023	Fundamentals of Organic Chemistry or Elementary Organic and Biological Chemistry	3
EGN 3353C or CWR 3201	Fluid Mechanics or Hydrodynamics	3-4
Engineering elective		3
<b>Credits</b>		<b>15-17</b>

**Semester Seven**

ABE 4042C	Biological Engineering Design 1 ( <b>Critical Tracking</b> )	2
ABE 4171	Power and Machines for Biological Systems	3
ABE 4662	Quantification of Biological Processes	3
ENC 3246	Professional Communication for Engineers ( <b>Critical Tracking</b> ; Gen Ed Composition)	3
Department electives		5
<b>Credits</b>		<b>16</b>

**Semester Eight**

ABE 3212C	Land and Water Resources Engineering	4
ABE 4043C	Biological Engineering Design 2 ( <b>Critical Tracking</b> )	2
Select one:		1
EGS 4034	Engineering Ethics and Professionalism	
EML 2920	Department and Professional Orientation	
ECH 4934	Professional Seminar	
Department elective		3
Technical electives		6
<b>Credits</b>		<b>16</b>
<b>Total Credits</b>		<b>128</b>

**Department Electives**

Code	Title	Credits
ABE 3212C	Land and Water Resources Engineering	4
ABE 4033	Fundamentals and Applications of Biosensors	3
ABE 4034	Remote Sensing in Engineering: Science, Sensors and Applications	3
ABE 4231C	Irrigation and Drainage Engineering	4
ABE 4413C	Post-Harvest Operations Engineering	3
ABE 4655C	Bio-Based Products from Renewable Resources	3
ABE 4812	Food and Bioprocess Engineering Unit Operations	4

ABE 4932	Special Topics	1-4
ABE 4949	Work Experience in Biological Engineering	1-3
Course with a prefix of AOM or PKG		3

### Academic Learning Compact

The curriculum emphasizes engineering solutions to problems associated with biological and agricultural systems that often are related to renewable natural resources. Students gain knowledge through formal courses, laboratory experimentation and individual experience. Students will learn to utilize math, science and engineering principles to analyze and interpret data, to design and conduct experiments, systems and components and to effectively communicate results within an appropriate presentation style.

The Biological Engineering BS Program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org> (<https://nam10.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.abet.org%2F&data=05%7C01%7CDMAYH%40eng.ufl.edu%7C71f1da0d2bb2405acf0908db1519ea82%7C0d4da0f84a314d76ace60a62331e1b84%7C0%7C0%7C638126973271417574%7CUnknown%7CTWFpbGZsb3d8eyJWljiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IjEhaWwiLCJXVCI6Mn0%3D%7C3000%7C%7C%7C&sdata=IS6uc6S7lvXdX9QyR6L%2B9EJPkbAYPGg3OA7DmEOluN4%3D&reserved=0>), under the General Criteria and the Program Criteria for Biological and Similarly Named Engineering Programs.

## Before Graduating Students Must

- Pass assessment by two or more faculty and/or industry practitioners of student performance on a major design experience.
- Pass assessment in two courses of individual assignments targeted to each learning outcome.
- Complete an exit interview in your final semester.
- Complete requirements for the baccalaureate degree, as determined by faculty.

## Students in the Major Will Learn to

### Student Learning Outcomes (SLOs)

#### Content

1. Apply knowledge of mathematics, science and engineering principles to biological engineering problems. Students will be able to apply fundamental concepts, skills and processes in biological engineering.
2. Design and conduct biological and/or agricultural engineering experiments, analyzing and interpreting the data in biological engineering.

#### Critical Thinking

3. Design a biological and/or agricultural system, component or process to meet desired needs within realistic economic, environmental, social, political, ethical, health and safety, manufacturability and sustainability constraints in biological engineering.

#### Communication

4. Communicate technical data and design information effectively in writing and in speech to other engineers in biological engineering.

## Curriculum

- Agricultural Operations Management
- Biological Engineering
- Combination Degrees
- Packaging Engineering Certificate
- Packaging Science Minor
- Precision Agriculture Minor

Biological engineers pioneer new designs and techniques in such areas as agricultural robotics, remote sensing, bioprocessing, biofuels, precision agriculture, plant space biology, sustainability of our natural resources, and packaging product design and development.

Graduates are educated in the biological and environmental sciences as well as in engineering. They will address critical problems involving land and water resources, biological systems, production agriculture and innovations in packaging. Students can choose a focus area based on their courses of specialization and individual selection of electives. Areas of specialization are biosystems engineering, land and water resources engineering, packaging engineering, and agricultural production engineering.

In addition to abundant job opportunities in Florida's agricultural industry, graduates have career opportunities in biotechnology and in fields related to Florida's water quality and water resources, including water management districts, environmental companies, consulting firms, equipment manufacturers, bio-energy, food engineering and the packaging industry.

The BE curriculum can also fulfill requirements for admission to professional programs as well as to graduate programs including biomedical engineering, civil engineering and mechanical engineering.

## Educational Objectives

Graduates from the University of Florida's undergraduate degree program in biological engineering will be prepared for at least one of the following:

- Successful careers in the profession of biological engineering or other related fields.
- Gaining admission to a graduate and/or professional degree program.

## Goals

To develop biological engineering professionals with technical proficiency and societal responsibility.

## Mission
