Curriculum

- East-Central European Studies Minor
- European Union Studies Certificate
- European Union Studies Minor
- Medieval and Early Modern Studies | IDS

This minor is open to all undergraduates.

To be eligible, students must have a minimum overall 2.5 GPA and a 3.0 GPA in their major. The combined GPA for all coursework applied toward the minor must be a minimum 3.0.

Of the total credits, no more than three may be individual work. Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Completion of the minor requires participation in an EU-related internship or CES study abroad or preapproved alternative with substantive EU content.

Foreign Languages and Literatures

The major provides a foundation for graduate work in Foreign Languages and Literatures or allied fields (anthropology, art history, history, linguistics, political science, religion). A Foreign Languages and Literatures major is excellent general preparation for entry to professional schools (business, journalism, law, and medicine) or careers in foreign service, diplomacy, translation, commerce, business, import and export of information and culture, museums and libraries, and tourism.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

The B.A. in Foreign Languages and Literatures (FLL) provides students with a comprehensive knowledge of a specific language (or languages) and advanced familiarity with the cultural practices and traditions associated with the language(s) of specialization. The major in FLL enhances critical thinking and communication skills and provides students with a cross-cultural understanding of our contemporary world. The program allows students the flexibility to explore a single or dual language specialization as well as the opportunity to study culture through interdisciplinary fields of critical concentration, such as Comparative Cultural Studies, Film and Visual Culture, Intensive Area Studies, Literary Studies, and Medieval and Early Modern Studies. A major in FLL offers an excellent basis for a variety of careers, including graduate study in an area of foreign language and culture and/or in the humanities and social sciences, as well as careers in education, international development, diplomacy and government, national security, communications, law, journalism, arts and culture, publishing, and global business. Participation in UF study-abroad programs or an approved UF program is highly encouraged.

Academic Learning Compact
The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).

Before Graduating Students Must
• Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
• Complete requirements for the baccalaureate degree, as determined by faculty.
• Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

Critical Thinking
2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.

Communication
3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

Dual Language Specialization

The Dual Language specialization of the Foreign Languages and Literature major offers students the opportunity to specialize in two of the languages offered by the Department of Languages, Literatures and Cultures (LLC). Students can combine any of the languages offered as specializations and/or they can combine any of these languages with a specialization in Haitian Creole or Vietnamese.

Students who choose this track will develop proficiency in two languages as well as acquire cultural knowledge of more than one language area. Dual language majors will be specially poised to make both broad and deep linguistic and cultural comparisons and to build cross-cultural and cross-linguistic connections, skills that will prepare them to operate and work in multi-lingual and multi-cultural societies as well as across various complex regions of the world. Further, dual language majors will be able to apply the language-learning skills gained in the study of one language of specialization to reinforce their acquisition of a second language of specialization.
In the Dual Language specialization, students will complete two years of study of a principal language of specialization and two years of study of a second language taught in LLC. Students will also complete advanced coursework in the languages, their literatures and cultures, as well as a critical concentration.

There are a number of possibilities inherent in the Dual Language major. The following are some potential paths of study:

1. Dual Language: Haitian Creole with French and Francophone Studies
2. Dual Language: Vietnamese with Chinese

Students interested in the Dual Languages specialization need to complete a custom program plan with the undergraduate coordinators of the two languages they select.

**Coursework for the Major**

The Dual Language specialization consists of two years of study of two languages. The 33 credits required includes 6 credits earned at the intermediate level in the second language, 18 credits of study in language, literature, and culture at the 3000 level or higher, and the 9 credit critical concentration. Students select a principal language of specialization and combine it with any of the other languages taught in the Department of Languages, Literatures, and Cultures. Course selections for the 18 credits of advanced electives will reflect the literature and culture of either language of specialization.

*All coursework for the major must be completed with minimum grades of C.*

**Required Foundation Coursework**

*Not included in the 33 credits for the major*

**First Language of Specialization | 16-20 credits**

Total Credits 6-10
Advanced Elective Coursework | 18 credits

Advanced language and culture study with at least 6 credits at the 4000 level

Specific course offerings in this section will depend on the language(s) selected, but these courses should be selected from the advanced elective offerings (3000/4000 level courses) associated with either language of specialization. Selections should include at least two courses at the 4000 level. Students should consult with the undergraduate coordinator to develop the best course of study.

Critical Concentration | 9 credits

One of the following concentrations

Although courses may appear in more than one group they may be counted toward only one group

• Comparative Cultural Studies
• Film and Visual Culture
• Intensive Area Studies: Specific course offerings in this section will depend on the languages selected, but these courses should be selected from the advanced elective offerings (3000/4000 level courses) associated with the first and second language of specialization and their broader geographical area of cultural influence.
• Literary Studies
• Medieval and Early Modern Studies

A maximum of 15 credits non-UF overseas study credit may apply to the major. Students must have all overseas study credit that will transfer to the major approved by their major advisor.

Overseas Study

The department recommends no more than 12-15 credits from overseas study, depending on the requirements of the language specialization and in consultation with the appropriate Undergraduate Coordinator.

Placement

Students with previous training in their language of specialization as well as those with heritage background in that language should consult with the LLC undergraduate coordinator in order to have their level assessed before enrolling in any language course.

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1

• 2.0 UF GPA required

Semester 2

• 2.0 UF GPA required

Semester 3

• Complete Language A: Semester 1 or higher-level Language A course with a minimum grade of C
• 2.0 UF GPA required

Semester 4

• Complete Language A: Semester 2 or higher-level Language A course with a minimum grade of C and a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5

• Complete Language A: Semester 3 or higher-level Language A course and Language B: Semester 1 with a minimum grade of C and a 2.5 critical-tracking GPA
• 2.0 UF GPA required
Semester 6
- Complete Language A: Semester 4 or a higher-level Language A course
- Complete Language B: Semester 2 or a higher-level Language B course
- Complete 2 Advanced elective courses
- 2.0 UF GPA required

Semester 7
- Complete Language B: Semester 3 or a higher-level Language B course
- Complete Advanced elective courses at the 4000 level
- Complete 2 Critical Concentration courses
- 2.0 UF GPA required

Semester 8
- Complete Language B: Semester 4 or a higher-level Language B course
- Complete 2 Advanced elective courses
- Complete 1 Critical Concentration course
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Academic Learning Compact

The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).

Before Graduating Students Must

- Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
- Complete requirements for the baccalaureate degree, as determined by faculty.
- Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

Critical Thinking
2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.

Communication
3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

¹ Courses focus on the acquisition of the language(s) of specialization at the advanced level.
² Courses address literary, cultural, cinematic, historical, and/or social questions.

Assessment Types

- Proficiency exams
- Term papers or final projects
- Oral presentations

French and Francophone Studies

Foreign Languages and Literatures

French is considered a strategic language for global communications in matters of security, health, business, and cultural exchange. It is the key language to understanding the culture and history of the Francophone world. A specialization in French and Francophone Studies offers the linguistic, cultural, and intellectual training students need for an increasingly globalized future. In addition, the specialization forges links between the present and the past, as it encourages students to explore the exceptionally rich humanistic tradition of France and the Francophone world from the Middle Ages through the modern period.

About this Program

- College: Liberal Arts and Sciences (p. 1008)
- Degree: Bachelor of Arts
• Credits for Degree: 120
• More Info

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

The B.A. in Foreign Languages and Literatures (FLL) provides students with a comprehensive knowledge of a specific language (or languages) and advanced familiarity with the cultural practices and traditions associated with the language(s) of specialization. The major in FLL enhances critical thinking and communication skills and provides students with a cross-cultural understanding of our contemporary world. The program allows students the flexibility to explore a single or dual language specialization as well as the opportunity to study culture through interdisciplinary fields of critical concentration, such as Comparative Cultural Studies, Film and Visual Culture, Intensive Area Studies, Literary Studies, and Medieval and Early Modern Studies. A major in FLL offers an excellent basis for a variety of careers, including graduate study in an area of foreign language and culture and/or in the humanities and social sciences, as well as careers in education, international development, diplomacy and government, national security, communications, law, journalism, arts and culture, publishing, and global business. Participation in UF study-abroad programs or a UF approved program is highly encouraged.

A French and Francophone studies specialization of the Foreign Languages and Literatures major provides students with a strong command of the French language and an understanding of the cultures of the Francophone world. The specialization gives a foundation in the French Language, including speaking, reading, writing, and listening. Our emphasis on communicative approaches and linguistic and cultural competencies trains our students to compete in an increasingly globalized workforce. In addition, the major develops skills in critical thinking and research through in-depth study of the exceptionally rich humanistic tradition of France and the Francophone world throughout history. The program allows each student the flexibility to explore a variety of disciplines within the specialization and to design an individual course of study to reflect a particular interest in linguistics, literatures, cinema, cultural production, or other fields.
The specialization offers an excellent base for diverse careers including diplomacy, international relations, journalism, translation, education, global health, banking, and business. Many of our students choose to combine the French and Francophone specialization with another field of study, including majors in physical sciences and engineering.

Coursework for the Major

The French and Francophone studies specialization in Foreign Languages and Literatures consists of preparatory language study at the lower division (1000 and 2000 level), and 33 hours of advanced language, theory, and culture study in the upper division (3000 level and above).

All coursework for the major must be completed with minimum grades of C.

Critical Concentration
Select 9 credits from one of the following concentrations (although courses may appear in more than one group they may be counted toward only one group):

- Intensive Area Studies: French and Francophone Studies (recommended for those planning to pursue careers requiring advanced level skills in French or graduate work in French and Francophone studies)
- Comparative Cultural Studies
- Film and Visual Culture
- Literary Studies
- Medieval and Early Modern Studies

Total Credits 33

Overseas Studies

Students specializing in French and Francophone studies are encouraged to study abroad for a summer or a semester. Students regularly participate in UF Programs in Paris or UF-approved study-abroad programs in other regions of France or in the Francophone world. Students also can consider the opportunities offered with UF's reciprocal exchange agreements with Rennes II and Sciences Po. Students in approved overseas study programs can earn up to 15 credits beyond the 120 credits required for graduation. Refer to UF International Center information and contact a department advisor. More Info (https://internationalcenter.ufl.edu/study-abroad/)

Placement

Students with previous training should speak with the department before registering.

- Students with previous study or experience in French should enroll in FRE 1134 or use standardized French examination scores (AICE, AP, CLEP or IB) to determine their appropriate placement in a higher-level course. Such students cannot enroll in FRE 1130 or FRE 1131.
- Any student who has lived in a French-speaking country for more than a year or who is francophone must consult a department advisor before enrolling in any FRE course.

Research

Students with an upper-division GPA of 3.5 are encouraged to write a thesis for high or highest honors at graduation. Students planning to specialize in French and Francophone studies should see a department advisor before registering.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**SEMESTER 1**
- 2.0 UF GPA required

**SEMESTER 2**
- Complete FRE 1130 or a higher-level French language course with a minimum grade of C
- 2.5 critical-tracking GPA
- 2.0 UF GPA required

**SEMESTER 3**
- Complete FRE 1131 or FRE 1134 or a higher-level French language with a minimum grade of C
- 2.5 critical-tracking GPA
- 2.0 UF GPA required

**SEMESTER 4**
- Complete FRE 2220 or a higher-level French language course with a minimum grade of C
- 2.5 critical-tracking GPA
- 2.0 UF GPA required
### SEMESTER 5
- Complete FRE 2221 with a minimum grade of C
- 2.5 critical-tracking GPA
- 2.0 UF GPA required

### SEMESTER 6
- Complete FRE 3300
- Complete 1 Critical Concentration course
- Complete 1 Culture elective such as FRE 3500 or FRE 3502 or FRE 3564
- Complete 1 Literature elective: FRW 3100 or FRW 3101
- 2.0 UF GPA required

### SEMESTER 7
- Complete FRE 3320
- Complete 2 Critical Concentration courses
- 2.0 UF GPA required

### SEMESTER 8
- Complete 1 Linguistics elective: FRE 4501 or FRE 4780 or FRE 4850 or FRE 4822
- Complete 2 4000-level electives
- Complete FRW 4932
- 2.0 UF GPA Required

---

**Model Semester Plan**

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). 3000 level or above critical concentration courses outside of French may count toward the 3000 level or above electives outside of the major.

Beginning language is best started semester 1 and absolutely no later than semester 3, but study abroad or accredited intensive summer courses can be used to fall in with an ideal semester progression.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

---

1. Freshmen entering with previous studies in French will begin at a more advanced level. Refer to the academic advising section for placement information. Students, who by virtue of their placement examinations are enrolled in a course higher than their standing, are exempt from the requirements of that particular plan.

2. One of these courses must be a UF Quest 2 course

---

**Concentration Courses**

**CRITICAL CONCENTRATION COURSES| 9 CREDITS FROM ONE CONCENTRATION**

Although courses may appear in more than one group, they may be counted toward only one group.
Intensive Area Studies: French and Francophone Studies

*Note: The above list represents a sample of courses from the 2023-2024 Undergraduate Catalog of the University of Florida.*
The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).

**Academic Learning Compact**
Before Graduating Students Must
• Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
• Complete requirements for the baccalaureate degree, as determined by faculty.
• Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)
Content
1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

Critical Thinking
2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.

Communication
3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

Curriculum Map
I = Introduced; R = Reinforced; A = Assessed

</tbody>
</table>

¹ Courses focus on the acquisition of the language(s) of specialization at the advanced level.
² Courses address literary, cultural, cinematic, historical, and/or social questions.

Assessment Types
• Proficiency exams
• Term papers or final projects
• Oral presentations

French and Francophone Studies Minor
French is considered a strategic language for global communications in matters of security, diplomacy, health, business, and cultural exchange. A minor in French and Francophone Studies enhances language skills and cultural competency and complements majors from the humanities to the sciences, engineering, business, and the arts.

About this Program
• **College:** Liberal Arts and Sciences (p. 1008)
• **Credits:** 16 | Completed with minimum grades of C
• **Contact:** 301 Pugh Hall (http://campusmap.ufl.edu/?loc=0072)

Department Information
Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

- Italian Studies Minor
- Japanese
- Russian
- Russian and East-European Area Studies Certificate
- Russian Minor

The minor is open to all UF undergraduates with a minimum overall 2.0 GPA.

- At least three courses (none can be individual work) of no fewer than three credits each must be at the 3000 level or above.
- Of the total credits, no more than three may be individual work.
- A minimum of nine credits must be completed at UF.
- Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

1 At a level higher than FRE 2221.

**Geographic Artificial Intelligence and Big Data Certificate**

The integration of Geography and AI: GeoAI, provides novel approaches for addressing a variety of geospatial challenges in the real world. This certificate develops transferable skills in GeoAI to address issues impacting our environment and societies. GeoAI training is critical given projected growth ~16% in this industry by 2050.

**About this Program**

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 12-13
- **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)
Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information
The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States.

Curriculum
• Combination Degrees
• Geographic Artificial Intelligence and Big Data Certificate
• Geography
• Geography Minor
• Geography Minor UF Online
• Geography UF Online
• Geospatial Information Analysis Certificate
• Medical Geography Certificate
• Medical Geography in Global Health Minor
• Meteorology and Climatology Certificate

Prerequisites
For this certificate program, the course prerequisites vary depending on what courses are selected. It is possible to take this certificate and satisfy the prerequisites from the courses listed, for example:

• GIS 2114 or GIS 2002, then
• GIS 3043C, then
• GIS 4324 or GIS 4424C or GIS 4500, and then the capstone
• GIS 4123C

In this way ONLY the courses taken are required with no additional prerequisites, and with GIS 3043C serving as the prereq for the higher-level classes.

Capstone GeoAI course

3
Geography

Geography is the science of place, space, and environment. Each place on earth is distinguished by a unique mix of natural resources, cultural practices, and socioeconomic and political systems. Geographers study what makes each place unique, as well as the connections and interactions between places.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degrees**: Bachelor of Arts (p. 1260) | Bachelor of Science (p. 1266)
- **Specializations**: Environmental Geosciences (BA) (p. 1271) | Geographical Science and Sustainability (BA) (p. 1275) | Medical Geography in Global Health (BA) (p. 1281) | Medical Geography in Global Health (BS) (p. 1286)
- **Credits for Degree**: 120
- **Contact**: Email (liangmao@ufl.edu)

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States. - Geography
- Geography Minor
- Geography Minor UF Online
- Geography UF Online
- Geospatial Information Analysis Certificate
- Medical Geography Certificate
- Medical Geography in Global Health Minor
- Meteorology and Climatology Certificate

Geography offers exciting undergraduate degrees at UF. Students learn from world-renowned faculty and award-winning mentors, and contribute to groundbreaking research, all while studying topics that have great environmental and social significance. Geography is an integrated and highly interdisciplinary field of study spanning the physical world and society. It is also a hands-on discipline, with a strong emphasis on computer-based tools and field studies.

Geographers can choose to study an enormous range of subjects, essentially anything that has a spatial component. Students who major in geography use the lens of space to examine issues as diverse as climate variability and change on the African continent, malaria outbreaks in Africa and South America, deforestation and land conflict in the Amazon, and the origin and spread of blues music in the Southeastern United States. Across the globe, geographers study tropical cyclones, river restoration, disease outbreaks, the role of parks and other protected areas, changes in land cover, forest management and fragmentation, community conservation, emerging infectious diseases, environmental influences on the elderly, and economic development.
Geography explores the relationship between human and biophysical systems and deals with some of the most critical issues of our time such as environmental hazards, climate change, sustainability of resource management systems, international development, and community and urban planning. Understanding the concept of place, including how and why places differ from each other, is a central concern. Students who have social and economic interests can enter into careers in international development, urban and regional planning, geographic information systems, and environmental consultancy. Students who combine the study of socioeconomic factors and the biophysical world can work in resource management, conservation, environmental assessment, and watershed and coastal planning.

Coursework for the Major

The geography major has six different programs: the Bachelor of Arts, the Bachelor of Science, the Bachelor of Arts in environmental geosciences, the Bachelor of Arts in Geographical Science and Sustainability, the Bachelor of Arts in medical geography in global health, and the Bachelor of Science in medical geography in global health. Coursework for the major will depend upon the program, which are all flexible. Students must earn a minimum grade of C in all coursework for the major.

Students who are uncertain of a program should contact the Department of Geography's undergraduate coordinator for information and curriculum planning.

Required Coursework

All majors take some techniques courses, including GEO 3162C and a minimum of two additional courses that involve working with data and computers. All majors take a regional course, focusing on the countries, cultures and landscapes of one region in the world. The systematic courses include specialized courses in human or environmental/physical geography, but majors can also take additional techniques courses as part of this requirement. Students can concentrate coursework in economic geography and planning, environmental/physical geography, geospatial technologies, medical geography, or natural resource management.

Coursework for the major will depend upon the degree program. Courses for each program are listed below under Critical Tracking and Model Semester Plan.

Bachelor of Arts in Geography

Best suited for students interested in careers in urban and regional planning, business geography, medical geography, and geographic education, or for students who want a broad overview of the discipline with a focus on human geography.

Bachelor of Arts in Environmental Geosciences

A joint program between the Department of Geography and the Department of Geological Sciences and is intended for students interested in land and water aspects of the environment. The degree focuses on human impacts, water and mineral resource exploitation and management, disasters, environmental planning, earth science education, or environmental law.

Bachelor of Science in Geography

Best suited for someone who wishes to pursue a career in environmental consulting or graduate work in physical geography or related natural sciences, including atmospheric science, geosciences, hydrologic sciences, or meteorology.

Bachelor of Arts in Geographical Science and Sustainability

A joint program (specialization) co-offered by Geography and Sustainability Studies and is intended for students interested in using geospatial technologies to advance sustainability. Students in this specialization learn modern geospatial technologies, such as geographical information system, remote sensing and spatial analysis, and use them to maintain ecological and environmental health, create economic welfare, and pursue social justice in a changing world.

Bachelor of Arts in Medical Geography in Global Health

Intended for students interested in social and cultural aspects of medical geography and global health and disease issues. The degree focuses on human impacts, cultural and social aspects of health and disease, and public health planning and management.

Bachelor of Science in Medical Geography in Global Health

Best suited for someone who wishes to pursue a career in public or animal health or disease management or graduate work in medical geography, public health or related natural sciences, including ecology, biology, or epidemiology/public health. This specialization offers the flexibility for students to prepare for admission to health professions programs.

Academic Learning Compact

A major in geography enables students to know the earth's physical environment, to learn social, cultural and economic concepts from spatial and regional perspectives, and to understand the relationship between environment and society. Students will learn how geographic techniques, skills and concepts are applied in the subfields of geography. Computer-based lab assignments teach students how to analyze geographic information and to
apply an interpretation of data toward problem solving or modeling. They will be able to interpret and to effectively communicate information spatially, graphically and/or with statistics.

The Bachelor of Arts in geography enables students to learn how geographic techniques, skills and concepts are applied in various subfields of geography. The Bachelor of Science enables students to learn basic concepts in sciences related to the earth and its atmosphere.

Before Graduating Students Must
- Complete a capstone exam in GEO 4930, as developed by geography faculty.
- Complete a capstone portfolio in GEO 4930, evaluated by geography faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Identify and describe the physical and human characteristics of Earth and its regions, the essentials of human-environment interactions, and the techniques of geographic science.

Critical Thinking
2. Analyze geographic information and apply interpretation of data toward problem solving or modeling.

Communication
3. Interpret and effectively communicate information spatially, graphically and/or with statistics.

Total Credits: 39-45

The same course may **not** be used to satisfy requirements for more than one bulleted group.

1 Other geography courses may be counted at the discretion of the undergraduate coordinator.

Transfer coursework is considered on a case-by-case basis. Upper division transfer courses with no UF equivalent will be substituted as GEO 4938.

**Related Coursework**

- STA 2023
Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• 2.0 UF GPA required

Semester 2
• 2.0 UF GPA required

Semester 3
• Complete 1 geography course (GEA 1000 not acceptable)
• 2.0 UF GPA required

Semester 4
• Complete 1 additional geography course (1 of the 2 must be GEO 2200; GEA 1000 not acceptable) or complete STA 2023 with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete all critical-tracking courses (STA 2023 and 2 geography courses, 1 of which must be GEO 2200; GEA 1000 not acceptable) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete a GIS 3000/4000 technique course.
• 2.0 UF GPA required

Semester 7
• Complete 1 additional geography technique course (GEO or GIS 4000 level)
• 2.0 UF GPA required

Semester 8
• Complete all remaining geography (GEO, GIS, or MET) 3000/4000 required courses
• 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

1 One General Education option taken this term must be a Quest 2 course.

*Electives to reach the 120-credit minimum will vary depending on whether students select minimum or maximum credit course options.*
Academic Learning Compact

A major in geography enables students to know the earth's physical environment, to learn social, cultural and economic concepts from spatial and regional perspectives, and to understand the relationship between environment and society. Students will learn how geographic techniques, skills and concepts are applied in the subfields of geography. Computer-based lab assignments teach students how to analyze geographic information and to apply an interpretation of data toward problem solving or modeling. They will be able to interpret and to effectively communicate information spatially, graphically and/or with statistics.

The Bachelor of Arts in geography enables students to learn how geographic techniques, skills and concepts are applied in various subfields of geography. The Bachelor of Science enables students to learn basic concepts in sciences related to the earth and its atmosphere.

Before Graduating Students Must

- Complete a capstone exam in GEO 4930, as developed by geography faculty.
- Complete a capstone portfolio in GEO 4930, evaluated by geography faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify and describe the physical and human characteristics of Earth and its regions, the essentials of human/environment interactions, and the techniques of geographic science.

Critical Thinking
2. Analyze geographic information and apply interpretation of data toward problem solving or modeling.

Communication
3. Interpret and effectively communicate information spatially, graphically and/or with statistics.

Bachelor of Science

Geography is the science of place, space, and environment. Each place on earth is distinguished by a unique mix of natural resources, cultural practices, and socioeconomic and political systems. Geographers study what makes each place unique, as well as the connections and interactions between places.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degrees:** Bachelor of Arts (p. 1260) | Bachelor of Science (p. 1266)
- **Specializations:** Environmental Geosciences (BA) (p. 1271) | Geographical Science and Sustainability (BA) (p. 1275) | Medical Geography in Global Health (BA) (p. 1281) | Medical Geography in Global Health (BS) (p. 1286)
- **Credits for Degree:** 120
- **Contact:** Email (liangmao@ufl.edu)

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States. [Website](https://geog.ufl.edu/)

- Geospatial Information Analysis Certificate
- Medical Geography Certificate
- Medical Geography in Global Health Minor
- Meteorology and Climatology Certificate

The Bachelor of Science in Geography is best suited for someone who wishes to pursue a career in environmental consulting or graduate work in physical geography or related natural sciences, including atmospheric science, geosciences, hydrologic sciences, or meteorology.

Coursework for the Major

The Bachelor of Science in geography requires 36-41 credits of geography coursework and 16-17 credits of related coursework in physics, chemistry, meteorology, and statistics. Students must earn a minimum grade of C in all coursework for the major.

GEO 2500  Global and Regional Economies

Select one GeoAI course:
- GIS 2002  The Digital Earth
- GIS 2114  The World & Big Data

Select two technique courses:
- GEO 4167C  Intermediate Quantitative Analysis for Geographers
- GIS 3001C  Spatial Maps and Graphs
- GIS 3043C  Foundations of Geographic Information Systems
- GIS 4021C  Aerial Photo Interpretation
- GIS 4037  Digital Image Processing
- GIS 4113  Introduction to Spatial Networks
- GIS 4115C  Spatial Surface Modeling and Geostatistics

Select one regional geography course:
- GEA 2270  Geography of Florida
- GEA 3405  Geography of Latin America
- GEA 3500  Geography of Europe
- GEA 3600  Geography of Africa
- GEA 4465  Amazonia

Select three:
- GEO 3250  Climatology
- GEO 3280  Principles of Geographic Hydrology
- GEO 3315  Hungry Planet: Global Geographies of Food
- GEO 3341  Extreme Floods
- GEO 3352  The Human Footprint on Landscape
- GEO 3372  Conservation of Resources
- GEO 3452  Introduction to Medical Geography
- GEO 4167C  Intermediate Quantitative Analysis for Geographers
- GEO 4281  River Forms and Processes
- GEO 4285  Water, Risk, and Extreme Events
- GEO 4938  Selected Topics in Geography
- GEO 4970  Honors Thesis
- GIS 3043C  Foundations of Geographic Information Systems
- GIS 3420C  GIS Models for Public Health
- GIS 4021C  Aerial Photo Interpretation
- GIS 4037  Digital Image Processing
- GIS 4113  Introduction to Spatial Networks
- GIS 4115C  Spatial Surface Modeling and Geostatistics
- MET 3503  Weather and Forecasting
- MET 4532  Hurricanes
- MET 4560  Atmospheric Teleconnections
- MET 4750  Spatial Analysis of Atmospheric Data using GIS

Total Credits 37-42

The same course may not be used to satisfy requirements for more than one bulleted group.

1 Other geography courses may be counted at the discretion of the undergraduate coordinator.

Transfer coursework is considered on a case-by-case basis. Upper division transfer courses with no UF equivalent will be substituted as GEO 4938.

Critical Tracking
Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• 2.0 UF GPA required

Semester 2
• 2.0 UF GPA required

Semester 3
• Complete 1 geography course (GEA 1000 not acceptable)
• 2.0 UF GPA required

Semester 4
• Complete 1 additional geography course (1 of the 2 must be GEO 2200; GEA 1000 not acceptable) or complete STA 2023 with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete all critical-tracking courses (STA 2023 and 2 geography courses, 1 of which must be GEO 2200; GEA 1000 not acceptable) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete a GIS 3000/4000 technique course.
• 2.0 UF GPA required

Semester 7
• Complete 1 geography (GEO, GIS, or MET) 3000/4000 systematic course
• 2.0 UF GPA required

Semester 8
• Complete all remaining geography (GEO or GIS) 3000/4000 courses
• 2.0 UF GPA required

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Environmental Geosciences | BA

Geography is the science of place, space, and environment. Each place on earth is distinguished by a unique mix of natural resources, cultural practices, and socioeconomic and political systems. Geographers study what makes each place unique, as well as the connections and interactions between places.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degrees:** Bachelor of Arts (p. 1260) | Bachelor of Science (p. 1266)
- **Specializations:** Environmental Geosciences (BA) (p. 1271) | Geographical Science and Sustainability (BA) (p. 1275) | Medical Geography in Global Health (BA) (p. 1281) | Medical Geography in Global Health (BS) (p. 1286)
- **Credits for Degree:** 120
- **Contact:** Email (liangmao@ufl.edu)

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States. - Geography
- Geography Minor
- Geography Minor UF Online
- Geography UF Online
- Geospatial Information Analysis Certificate
- Medical Geography Certificate
- Medical Geography in Global Health Minor
- Meteorology and Climatology Certificate

The Bachelor of Arts in Environmental Geosciences is a joint program between the Department of Geography and the Department of Geological Sciences and is intended for students interested in land and water aspects of the environment. The degree focuses on human impacts, water and mineral resource exploitation and management, disasters, environmental planning, earth science education, or environmental law.

Coursework for the Major

The Bachelor of Arts in environmental geosciences requires a minimum of 41 credits of coursework, plus 3 credits of Statistics. Students must earn a minimum grade of C in all coursework for the major.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1

• 2.0 UF GPA required

Semester 2

• Complete 1 critical-tracking course with laboratory (GEO 2200/GEO 2200L or GLY 2010C) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required
Semester 3
• Complete the other critical-tracking course with laboratory (GEO 2200/GEO 2200L or GLY 2010C) with a 2.5 critical-tracking GPA
  • 2.0 UF GPA required

Semester 4
• Complete STA 2023 and maintain a 2.5 critical-tracking GPA
  • 2.0 UF GPA required

Semester 5
• Complete 2 additional GLY or GEO courses with a 2.5 critical-tracking GPA. Recommended GLY courses include GLY 2100C or GLY 3105C.
  Recommended GEO courses include GEO 3250, GEO 3280, GEO 3315, GEO 3341, GEO 3352, GEO 3372, or MET 3503.
  • 2.0 UF GPA required

Semester 6
• Complete 1 geography 3000/4000 elective course.
  • 2.0 UF GPA required

Semester 7
• Complete 1 additional geography and 1 additional geology elective courses
  • 2.0 UF GPA required

Semester 8
• Complete all remaining geography and geology 3000/4000 courses
  • 2.0 UF GPA required

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

3000 level or above Geology courses count towards the 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

**Credits**: 15-18

**Total Credits**: 120

---

1. One general education option taken this term must be a Quest 2 course.

Electives to reach the 120-credit minimum will vary depending on whether students select minimum or maximum credit course options.

---

**Academic Learning Compact**

A major in geography enables students to know the earth's physical environment, to learn social, cultural and economic concepts from spatial and regional perspectives, and to understand the relationship between environment and society. Students will learn how geographic techniques, skills and concepts are applied in the subfields of geography. Computer-based lab assignments teach students how to analyze geographic information and to apply an interpretation of data toward problem solving or modeling. They will be able to interpret and to effectively communicate information spatially, graphically and/or with statistics.

The Bachelor of Arts in geography enables students to learn how geographic techniques, skills and concepts are applied in various subfields of geography. The Bachelor of Science enables students to learn basic concepts in sciences related to the earth and its atmosphere.
Before Graduating Students Must

- Complete a capstone exam in GEO 4930, as developed by geography faculty.
- Complete a capstone portfolio in GEO 4930, evaluated by geography faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify and describe the physical and human characteristics of Earth and its regions, the essentials of human-environment interactions, and the techniques of geographic science.

Critical Thinking
2. Analyze geographic information and apply interpretation of data toward problem solving or modeling.

Communication
3. Interpret and effectively communicate information spatially, graphically and/or with statistics.

**Overview**
The Bachelor of Arts in Geography in Geographical Science and Sustainability is a joint program (specialization) co-offered by Geography and Sustainability Studies, and is intended for students interested in using geospatial technologies to advance sustainability. Students in this specialization learn modern geospatial technologies, such as geographical information system, remote sensing and spatial analysis, and use them to maintain ecological and environmental health, create economic welfare, and pursue social justice in a changing world.

**Coursework for the major**
This specialization under the Bachelor of Arts in Geography requires a major coursework of 46 credits from the geography program and sustainability studies program, and 3 additional credits of STA2023. Students must earn a minimum grade of C in all coursework for the major.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**SEMESTER 1**

- 2.0 UF GPA required

**SEMESTER 2**

- Complete either one geography fundamental course or one sustainability fundamental course (recommended GEO 2200 & GEO 2200L or IDS 2154) with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**SEMESTER 3**

- Complete the other fundamental course that is not taken in Semester 2 (recommended GEO 2200 & GEO 2200L or IDS 2154) with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**SEMESTER 4**

- Complete one additional geography fundamental course (recommended GEO 2351), and STA 2023 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required
**SEMESTER 5**
- Complete one additional geography fundamental course, one additional sustainability fundamental course with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**SEMESTER 6**
- Complete all geography and sustainability fundamental courses
- Complete a GIS 3000/4000 technique course.
- 2.0 UF GPA required

**SEMESTER 7**
- Complete 1 additional geography technique course (GEO or GIS 4000 level)
- 2.0 UF GPA required

**SEMESTER 8**
- Complete all remaining geography (GEO, GIS, or MET) 3000/4000 required courses
- 2.0 UF GPA required

### Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

**Recommended Outside Major Electives**

18 credits of upper division (3000 and 4000-level) electives outside the major are required. These courses would strongly complement the BA track in geographical sciences for sustainability in both the Geography and Sustainability Studies majors.
Academic Learning Compact

A major in geography enables students to know the earth's physical environment, to learn social, cultural and economic concepts from spatial and regional perspectives, and to understand the relationship between environment and society. Students will learn how geographic techniques, skills and concepts are applied in the subfields of geography. Computer-based lab assignments teach students how to analyze geographic information and to apply an interpretation of data toward problem solving or modeling. They will be able to interpret and to effectively communicate information spatially, graphically and/or with statistics.

The Bachelor of Arts in geography enables students to learn how geographic techniques, skills and concepts are applied in various subfields of geography. The Bachelor of Science enables students to learn basic concepts in sciences related to the earth and its atmosphere.

Before Graduating Students Must

- Complete a capstone exam in GEO 4930, as developed by geography faculty.
- Complete a capstone portfolio in GEO 4930, evaluated by geography faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content

1. Identify and describe the physical and human characteristics of Earth and its regions, the essentials of human-environment interactions, and the techniques of geographic science.

Critical Thinking

2. Analyze geographic information and apply interpretation of data toward problem solving or modeling.

Communication

3. Interpret and effectively communicate information spatially, graphically and/or with statistics.

Medical Geography in Global Health | BA

Medical Geography in Global Health | BA

Geography is the science of place, space, and environment. Each place on earth is distinguished by a unique mix of natural resources, cultural practices, and socioeconomic and political systems. Geographers study what makes each place unique, as well as the connections and interactions between places.

About this Program
- **College:** Liberal Arts and Sciences (p. 1008)
- **Degrees:** Bachelor of Arts (p. 1260) | Bachelor of Science (p. 1266)
- **Specializations:** Environmental Geosciences (BA) (p. 1271) | Geographical Science and Sustainability (BA) (p. 1275) | Medical Geography in Global Health (BA) (p. 1281) | Medical Geography in Global Health (BS) (p. 1286)
- **Credits for Degree:** 120
- **Contact:** Email (liangmao@ufl.edu)

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States.

- Geospatial Information Analysis Certificate
- Medical Geography Certificate
- Medical Geography in Global Health Minor
- Meteorology and Climatology Certificate
The Bachelor of Arts in Medical Geography in Global Health is intended for students interested in social and cultural aspects of medical geography and global health and disease issues. The degree focuses on human impacts, cultural, and social aspects of health and disease, and public health planning and management.

Coursework for the Major

The Bachelor of Arts in Medical Geography in Global Health requires a minimum of 39 credits of coursework, plus 3 credits of Statistics. Students must earn a minimum grade of C in all coursework for the major.

**Total Credits: 40-44**

The same course may **not** be used to satisfy requirements for more than one bulleted group.

1 Other geography courses may be counted at the discretion of the undergraduate coordinator.

Transfer coursework is considered on a case-by-case basis. Upper division transfer courses with no UF equivalent will be substituted as GEO 4938.

### Related Coursework
- STA 2023

### Critical Tracking
Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For **degree requirements outside of the major**, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

#### Semester 1
- 2.0 UF GPA required

#### Semester 2
- 2.0 UF GPA required

#### Semester 3
- Complete 1 geography course (GEA 1000 not acceptable)
- 2.0 UF GPA required

#### Semester 4
- Complete 1 additional geography course (1 of the 2 must be GEO 2200; GEA 1000 not acceptable) or complete STA 2023 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required
Semester 5
• Complete all critical-tracking courses (STA 2023 and 2 geography courses, 1 of which must be GEO 2200; GEA 1000 not acceptable) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete 1 geography technique course.
• 2.0 UF GPA required

Semester 7
• Complete 1 geography elective course
• 2.0 UF GPA required

Semester 8
• Complete all remaining geography (GEO, GIS, or MET) 3000/4000 required courses
• 2.0 UF GPA required

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Curriculum

- Combination Degrees
- Geographic Artificial Intelligence and Big Data Certificate
- Geography
The Bachelor of Science in Medical Geography in Global Health is best suited for someone who wishes to pursue a career in public or animal health or disease management or graduate work in medical geography, public health or related natural sciences, including ecology, biology, or epidemiology/public health. This specialization offers the flexibility for students to prepare for admission to health professions programs.

Coursework for the Major

The Bachelor of Science in Medical Geography in Global Health requires a minimum of 39 credits of geography coursework and 19 credits of related coursework in biology, chemistry, and statistics. Students must earn a minimum grade of C in all coursework for the major.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

### Semester 1

- 2.0 UF GPA required
Semester 2
• 2.0 UF GPA required

Semester 3
• Complete 1 geography course (GEA 1000 not acceptable)
• 2.0 UF GPA required

Semester 4
• Complete 1 additional geography course (1 of the 2 must be GEO 2200; GEA 1000 not acceptable) or complete STA 2023 with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete all critical-tracking courses (STA 2023 and 2 geography courses, 1 of which must be GEO 2200; GEA 1000 not acceptable) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete 1 medical geography core course and 1 geography technique course.
• 2.0 UF GPA required

Semester 7
• Complete 1 additional geography technique course and 1 geography elective course
• 2.0 UF GPA required

Semester 8
• Complete all remaining geography (GEO, GIS, or MET) 3000/4000 required courses
• 2.0 UF GPA required

**Model Semester Plan**

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

---

<sup>1</sup> PSY 2012 or SYG 2000 recommended.

<sup>2</sup> The following are recommended:
- ENC 3459
- ENC 3254
- ENC 3453
- ENC 3464

<sup>3</sup> GEO 3452 or GEO 3454 recommended.

*Electives to reach the 120-credit minimum will vary depending on whether students select minimum or maximum credit course options.*
Academic Learning Compact

A major in geography enables students to know the earth's physical environment, to learn social, cultural and economic concepts from spatial and regional perspectives, and to understand the relationship between environment and society. Students will learn how geographic techniques, skills and concepts are applied in the subfields of geography. Computer-based lab assignments teach students how to analyze geographic information and to apply an interpretation of data toward problem solving or modeling. They will be able to interpret and to effectively communicate information spatially, graphically and/or with statistics.

The Bachelor of Arts in geography enables students to learn how geographic techniques, skills and concepts are applied in various subfields of geography. The Bachelor of Science enables students to learn basic concepts in sciences related to the earth and its atmosphere.

Before Graduating Students Must

- Complete a capstone exam in GEO 4930, as developed by geography faculty.
- Complete a capstone portfolio in GEO 4930, evaluated by geography faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content

1. Identify and describe the physical and human characteristics of Earth and its regions, the essentials of human-environment interactions, and the techniques of geographic science.

Critical Thinking

2. Analyze geographic information and apply interpretation of data toward problem solving or modeling.

Communication

3. Interpret and effectively communicate information spatially, graphically and/or with statistics.

Geography Minor

Geography is the science of place, space, and environment. It is an interdisciplinary field investigating topics of environmental and social significance through data collection, use of computer-based tools, and field studies. A Geography minor complements majors in agricultural sciences, business, environmental sciences, geology, health sciences, international studies, journalism, social sciences, and travel and tourism.
About this Program

• **College:** Liberal Arts and Sciences (p. 1008)
• **Credits:** 15 | Completed with minimum grades of C

### Department Information

The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States. [Website](https://geog.ufl.edu/)

- Medical Geography Certificate
- Medical Geography in Global Health Minor
- Meteorology and Climatology Certificate

Geography offers exciting undergraduate degrees at UF. Students learn from world-renowned faculty and award-winning mentors, and contribute to groundbreaking research, all while studying topics that have great environmental and social significance. Geography is an integrated and highly interdisciplinary field of study spanning the physical world and society. It is also a hands-on discipline, with a strong emphasis on computer-based tools and field studies.

Geographers can choose to study an enormous range of subjects, essentially anything that has a spatial component. Students who major in geography use the lens of space to examine issues as diverse as climate variability and change on the African continent, malaria outbreaks in Africa and South America, deforestation and land conflict in the Amazon, and the origin and spread of blues music in the Southeastern United States. Across the globe, geographers study tropical cyclones, river restoration, disease outbreaks, the role of parks and other protected areas, changes in land cover, forest management and fragmentation, community conservation, emerging infectious diseases, environmental influences on the elderly, and economic development.

Geography explores the relationship between human and biophysical systems and deals with some of the most critical issues of our time such as environmental hazards, climate change, sustainability of resource management systems, international development, and community and urban planning. Understanding the concept of place, including how and why places differ from each other, is a central concern. Students who have social and economic interests can enter into careers in international development, urban and regional planning, geographic information systems, and environmental consultancy. Students who combine the study of socioeconomic factors and the biophysical world can work in resource management, conservation, environmental assessment, and watershed and coastal planning.

Coursework for the Major
The UF Online Geography major has two different programs: the Bachelor of Arts and the Bachelor of Arts in Environmental Geosciences (a joint program with the Department of Geological Sciences). Coursework for the major will depend upon the program, which are all flexible. Students must earn a minimum grade of C in all coursework for the major.

Students who are uncertain of a program should contact the Department of Geography’s undergraduate coordinator for information and curriculum planning.

Required Coursework
All majors take some techniques courses, including GEO 3162C and a minimum of two additional courses that involve working with data and computers. All majors take a regional course, focusing on the countries, cultures and landscapes of one region in the world. The systematic courses
include specialized courses in human or environmental/physical geography, but majors can also take additional techniques courses as part of this requirement. Students can concentrate coursework in economic geography and planning, environmental/physical geography, geospatial technologies, medical geography, or natural resource management.

Coursework for the major will depend upon the degree program. Courses for each program are listed below under Critical Tracking and Model Semester Plan.

**Bachelor of Arts in Geography**
Best suited for students interested in careers in urban and regional planning, business geography, medical geography, and geographic education, or for students who want a broad overview of the discipline with a focus on human geography.

**Bachelor of Arts in Environmental Geosciences**
A joint program between the Department of Geography and the Department of Geological Sciences and is intended for students interested in land and water aspects of the environment. The degree focuses on human impacts, water and mineral resource exploitation and management, disasters, environmental planning, earth science education, or environmental law.

---

**Academic Learning Compact**

A major in geography enables students to know the earth’s physical environment, to learn social, cultural and economic concepts from spatial and regional perspectives, and to understand the relationship between environment and society. Students will learn how geographic techniques, skills and concepts are applied in the subfields of geography. Computer-based lab assignments teach students how to analyze geographic information and to apply an interpretation of data toward problem solving or modeling. They will be able to interpret and to effectively communicate information spatially, graphically and/or with statistics.

The Bachelor of Arts in geography enables students to learn how geographic techniques, skills and concepts are applied in various subfields of geography. The Bachelor of Science enables students to learn basic concepts in sciences related to the earth and its atmosphere.

**Before Graduating Students Must**
- Complete a capstone exam in GEO 4930, as developed by geography faculty.
- Complete a capstone portfolio in GEO 4930, evaluated by geography faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**
1. Identify and describe the physical and human characteristics of Earth and its regions, the essentials of human-environment interactions, and the techniques of geographic science.

**Critical Thinking**
1. Analyze geographic information and apply interpretation of data toward problem solving or modeling.

Curriculum

- Combination Degrees
- Geographic Artificial Intelligence and Big Data Certificate
- Geography
  - Geography Minor
  - Geography Minor UF Online
  - Geography UF Online
- Geospatial Information Analysis Certificate
- Medical Geography Certificate
- Medical Geography in Global Health Minor
- Meteorology and Climatology Certificate

Geography offers exciting undergraduate degrees at UF. Students learn from world-renowned faculty and award-winning mentors, and contribute to groundbreaking research, all while studying topics that have great environmental and social significance. Geography is an integrated and highly
interdisciplinary field of study spanning the physical world and society. It is also a hands-on discipline, with a strong emphasis on computer-based tools and field studies.

Geographers can choose to study an enormous range of subjects, essentially anything that has a spatial component. Students who major in geography use the lens of space to examine issues as diverse as climate variability and change on the African continent, malaria outbreaks in Africa and South America, deforestation and land conflict in the Amazon, and the origin and spread of blues music in the Southeastern United States. Across the globe, geographers study tropical cyclones, river restoration, disease outbreaks, the role of parks and other protected areas, changes in land cover, forest management and fragmentation, community conservation, emerging infectious diseases, environmental influences on the elderly, and economic development.

Geography explores the relationship between human and biophysical systems and deals with some of the most critical issues of our time such as environmental hazards, climate change, sustainability of resource management systems, international development, and community and urban planning. Understanding the concept of place, including how and why places differ from each other, is a central concern. Students who have social and economic interests can enter into careers in international development, urban and regional planning, geographic information systems, and environmental consultancy. Students who combine the study of socioeconomic factors and the biophysical world can work in resource management, conservation, environmental assessment, and watershed and coastal planning.

## Coursework for the Major

The Bachelor of Arts degree requires 33-35 credits of coursework in geography, plus 3 credits of STA 2023. Students must earn a minimum grade of C in all coursework for the major.

### Related Coursework
Upper division transfer courses with no UF equivalent will be substituted as GEO 4938.

Transfer coursework is considered on a case-by-case basis.

The same course may not be used to satisfy requirements for more than one bulleted group.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• 2.0 UF GPA required

Semester 2
• 2.0 UF GPA required

Semester 3
• Complete 1 geography course
• 2.0 UF GPA required

Semester 4
• Complete 1 additional geography course (1 of the 2 must be GEO 2200) or complete STA 2023 with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete all critical-tracking courses (STA 2023 and 2 geography courses, 1 of which must be GEO 2200) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete 1 GIS 3000/4000 technique course
• 2.0 UF GPA required

Semester 7
• Complete 1 additional geography technique course (GEO or GIS 4000 level)
• 2.0 UF GPA required

Semester 8
• Complete all remaining geography (GEO, GIS, or MET) 3000/4000 required courses
• 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.
This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Elective (3000 level or above, not in major)  3
Electives  10

Credits  16
Total Credits  120

1 One General Education option taken this term must be a Quest 2 course.

Electives to reach the 120-credit minimum will vary depending on whether students select minimum or maximum credit course options.

### Academic Learning Compact

A major in geography enables students to know the earth’s physical environment, to learn social, cultural and economic concepts from spatial and regional perspectives, and to understand the relationship between environment and society. Students will learn how geographic techniques, skills and concepts are applied in the subfields of geography. Computer-based lab assignments teach students how to analyze geographic information and to apply an interpretation of data toward problem solving or modeling. They will be able to interpret and to effectively communicate information spatially, graphically and/or with statistics.

The Bachelor of Arts in geography enables students to learn how geographic techniques, skills and concepts are applied in various subfields of geography. The Bachelor of Science enables students to learn basic concepts in sciences related to the earth and its atmosphere.

### Before Graduating Students Must

- Complete a capstone exam in GEO 4930, as developed by geography faculty.
- Complete a capstone portfolio in GEO 4930, evaluated by geography faculty.
- Complete requirements for the baccalaureate degree, as determined by faculty.

### Students in the Major Will Learn to

#### Student Learning Outcomes (SLOs)

**Content**

1. Identify and describe the physical and human characteristics of Earth and its regions, the essentials of human-environment interactions, and the techniques of geographic science.

**Critical Thinking**

2. Analyze geographic information and apply interpretation of data toward problem solving or modeling.

**Communication**

3. Interpret and effectively communicate information spatially, graphically and/or with statistics.

Environmental Geosciences
Environmental Geosciences is an interdisciplinary curriculum integrating physical, chemical and biological aspects of the environment and environmental systems. There remains a huge demand for scientists with quantitative, interdisciplinary training in environmental geosciences to address, mitigate, and manage a multitude of complex environmental problems facing society.

About this Program
- College: Liberal Arts and Sciences (p. 1008)
- Degree: Bachelor of Arts (p. 1296)
- Specializations: Environmental Geosciences (p. 1301)

- Meteorology and Climatology Certificate

The Bachelor of Arts in environmental geosciences is a joint program between the Department of Geography and the Department of Geological Sciences and is intended for students interested in land and water aspects of the environment. The degree focuses on human impacts, water and mineral resource exploitation and management, disasters, environmental planning, earth science education, or environmental law. Potential careers include natural resource management, environment protection, USGS, NGOs, etc.

Coursework
The Bachelor of Arts in environmental geosciences requires a minimum of 37 credits of coursework, including STA 2023 Students must earn a minimum grade of C in all coursework for the major.

**Total Credits**: 34-39

*Up to 3 credits of geography electives can come from the group of GEO 4944, GEO 4970, and GEO 4905.*

*The same course may not be used to satisfy requirements for more than one group.*

### Related Coursework

- STA 2023

### Related Geography Programs

- Bachelor of Science or Bachelor of Arts in Geography (p. 1258)
- Geography minor (p. 1291)
- Geography minor, UF Online (p. 1292)
- Geospatial Information Analysis certificate (p. 1331)
- Medical Geography certificate (p. 1447)
- Meteorology and Climatology certificate (p. 1450)

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

*For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.*
Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- 2.0 UF GPA required

**Semester 2**
- Complete 1 critical-tracking course with laboratory (GEO 2200/GEO 2200L or GLY 2010C) with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 3**
- Complete the other critical-tracking course with laboratory (GEO 2200/GEO 2200L or GLY 2010C) with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 4**
- Complete STA 2023 and maintain a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 5**
- Complete 2 additional GLY or GEO courses with a 2.5 critical-tracking GPA. Recommended GLY courses include GLY 2100C or GLY 3105C. Recommended GEO courses include GEO 3250, GEO 3280, GEO 3315, GEO 3341, GEO 3352, GEO 3372, or MET 3503.
- 2.0 UF GPA required

**Semester 6**
- Complete 1 geography 3000/4000 elective course.
- 2.0 UF GPA required

**Semester 7**
- Complete 1 additional geography and 1 additional geology elective courses
- 2.0 UF GPA required

**Semester 8**
- Complete all remaining geography and geology 3000/4000 courses
- 2.0 UF GPA required

**Model Semester Plan**

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

3000 level or above Geology courses count towards the 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

| Total Credits | 120 |

1 One general education option taken this term must be a Quest 2 course.

Electives to reach the 120-credit minimum will vary depending on whether students select minimum or maximum credit course options.
Academic Learning Compact

The Bachelor of Arts in geology provides knowledge of the basic concepts related to earth materials and processes, and how to collect and organize geological data in the field. Through laboratory and field-based exercises, students will learn how to interpret geologic maps and cross sections, and to understand the application of the scientific method to solve these problems in teams and individually.

Before Graduating Students Must

• Pass GLY 4155C according to the department grading rubric.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, describe and define the basic concepts related to earth materials and processes.
2. Collect data in the field.
3. Organize geologic, temporal and spatial data.

Critical Thinking
1. Interpret geologic maps and cross sections.
2. Interpret results using the scientific method.

Communication
1. Produce a clearly and effectively written synthesis of data collected in the field.
2. Work in teams to solve geologic problems and to present the results of such collaboration effectively.

• Exams

Geological Sciences Certificate

The Geological Sciences certificate offers coursework relevant to environmental policy and law, resource economics, teaching, regional planning, building construction, and related fields. The certificate program includes courses required to take the professional geologist licensure exam.

About this Program

• College: Liberal Arts and Sciences (p. 1008)
• Credits: 16-17 | Completed with minimum grades of C
• Contact: Email (jmeert@ufl.edu) | 352.846.2414
• Student Learning Outcomes (SLOs) (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.
Department Information
The Department of Geological Sciences aims to provide a comprehensive understanding of Earth and Planetary sciences along with their formative and evolutionary processes. We train students to excel in the geoscience workforce and create sustainable solutions to societal needs.

Geology
A Geology degree provides an understanding of issues associated with the physical earth and skills which are in demand in today's job market. The Geology graduate will have a detailed understanding of climate change, sustainability of the Earth's resources, and the close interplay between human activity and the environment.

About this Program
- **College**: Liberal Arts and Sciences (p. 1008)
- **Degrees**: Bachelor of Arts (p. 1309) | Bachelor of Science (p. 1314)
  - **Specializations**: Environmental Geosciences (BA) (p. 1320)
- **Credits for Degree**: 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Department of Geological Sciences aims to provide a comprehensive understanding of Earth and Planetary sciences along with their formative and evolutionary processes. We train students to excel in the geoscience workforce and create sustainable solutions to societal needs.
Techniques such as environmental assessment, geological hazard assessment, field-based techniques, and geographic information systems (GIS) are used to evaluate the impact of humans on the physical earth and hydrologic environment. The practical and flexible curriculum, small class sizes, computer-based learning, strong faculty, and coursework in several areas of general education make this major appealing to students who want skills linked to employment or preparation for entry to professional schools (e.g., law, medicine, business).

Geology majors learn about the Earth’s physical environment including climate, non-renewable geological resources, renewable geological resources, geological hazards and remediation as well as basic skills required by geologists. These skills and the geological perspective open doors to employment in government agencies and private firms that deal with water management, mining and petroleum exploration, climate change, the environment, and education.

Coursework for the Major
The geology major has three different specializations: the Bachelor of Arts, the Bachelor of Arts in environmental geosciences (a joint program with the Department of Geography), and the Bachelor of Science. Students who are uncertain which program best suits them should consult the Department of Geology’s undergraduate coordinator for information and guidance on curriculum planning.

Degrees and Specializations
Bachelor of Arts
This degree is the most flexible degree, and best suited for students interested in careers in education or environmental policy making. The degree also allows students flexibility to pursue advanced degrees in environmental law or environmental medicine.

Bachelor of Arts | Environmental Geosciences
Co-offered by the Department of Geography, this specialization is designed for students interested in land and water aspects of the environment. It can be tailored to focus on water and mineral exploration and management, geological hazards, environmental planning, resource sustainability, or earth science education.

Bachelor of Science
This degree is designed for students planning to take the professional geology (PG) licensure exam and/or to continue on to graduate study in geology. It emphasizes a core understanding of petrology, structural geology, field methodology and paleontology, and it requires significant introductory coursework in calculus, general chemistry, and physics.

Relevant Minors and/or Certificates
UFTeach Program
There is a severe shortage of qualified secondary science teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see the undergraduate coordinator about the UFTeach program. UFTeach students can complete the UFTeach minor in science teaching along with their BA or BS in geology and have the coursework and preparation for professional teacher certification in Florida when they graduate.

Research
Students in geology who wish to graduate with high or highest honors will be required to conduct an independent research project under the direction of a faculty member. Students are also afforded the opportunity to conduct research within the department’s laboratories regardless of their honors status.
**Academic Learning Compact**

**Bachelor of Arts**

The Bachelor of Arts in geology provides knowledge of the basic concepts related to earth materials and processes, and how to collect and organize geological data in the field. Through laboratory and field-based exercises, students will learn how to interpret geologic maps and cross sections, and to understand the application of the scientific method to solve these problems in teams and individually.

**Before Graduating Students Must**

- Pass GLY 4155C Geology of Florida according to the department grading rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Bachelor of Science**

The Bachelor of Science in geology provides knowledge of the basic concepts, theories, observational findings related to earth materials and processes, minerals and rocks, geologic time, stratigraphy and landforms. Through laboratory and field-based exercises, students will learn how to analyze data in the published literature, synthesize analog and digital datasets to produce geological maps, and understand the application of the scientific method to solve geological problems in teams and individually.

**Before Graduating Students Must**

- Pass GLY 4790 Summer Field Camp according to the department grading rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Identify, describe and define the basic concepts related to earth materials and processes.
2. Identify and describe minerals and rocks.
3. Define geologic time, stratigraphy and landforms.
Critical Thinking
4. Analyze data in the published literature.
5. Synthesize analog and digital datasets to produce geologic maps.
6. Apply the scientific method to the analysis of published and self-generated data.

Communication
7. Use computers for the presentation of geologic maps and data.
8. Solve geologic problems in teams and present the result of such collaboration effectively.

Techniques such as environmental assessment, geological hazard assessment, field-based techniques, and geographic information systems (GIS) are used to evaluate the impact of humans on the physical earth and hydrologic environment. The practical and flexible curriculum, small class sizes,
computer-based learning, strong faculty, and coursework in several areas of general education make this major appealing to students who want skills linked to employment or preparation for entry to professional schools (e.g., law, medicine, business).

Geology majors learn about the Earth's physical environment including climate, non-renewable geological resources, renewable geological resources, geological hazards and remediation as well as basic skills required by geologists. These skills and the geological perspective open doors to employment in government agencies and private firms that deal with water management, mining and petroleum exploration, climate change, the environment, and education.

**Coursework for the Major**

The geology major has three different specializations: the Bachelor of Arts, the Bachelor of Arts in environmental geosciences (a joint program with the Department of Geography), and the Bachelor of Science. Students who are uncertain which program best suits them should consult the Department of Geology's undergraduate coordinator for information and guidance on curriculum planning.

**Degrees and Specializations**

**Bachelor of Arts**

This degree is the most flexible degree, and best suited for students interested in careers in education or environmental policy making. The degree also allows students flexibility to pursue advanced degrees in environmental law or environmental medicine.

**Bachelor of Arts | Environmental Geosciences**

Co-offered by the Department of Geography, this specialization is designed for students interested in land and water aspects of the environment. It can be tailored to focus on water and mineral exploration and management, geological hazards, environmental planning, resource sustainability, or earth science education.

**Bachelor of Science**

This degree is designed for students planning to take the professional geology (PG) licensure exam and/or to continue on to graduate study in geology. It emphasizes a core understanding of petrology, structural geology, field methodology and paleontology, and it requires significant introductory coursework in calculus, general chemistry, and physics.

**Relevant Minors and/or Certificates**

**UFTeach Program**

There is a severe shortage of qualified secondary science teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see the undergraduate coordinator about the UFTeach program. UFTeach students can complete the UFTeach minor in science teaching along with their BA or BS in geology and have the coursework and preparation for professional teacher certification in Florida when they graduate.

More Info ([http://education.ufl.edu/uf-teach/](http://education.ufl.edu/uf-teach/))

**Research**

Students in geology who wish to graduate with high or highest honors will be required to conduct an independent research project under the direction of a faculty member. Students are also afforded the opportunity to conduct research within the department’s laboratories regardless of their honors status.

**Bachelor of Arts**

The geology B.A. requires a minimum of 32 credits of coursework in the major. At least 23 credits must be GLY-prefixed courses at the 3000 level or above, excluding GLY 3105C. Students must earn a minimum grade of C for coursework to count toward the major.

Capstone Course

GLY 4155C  Geology of Florida 3

Total Credits 32-36

1 Excluding GLY 3105C; minimum 17 credits.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**

- 2.0 UF GPA required

**Semester 2**

- 2.0 UF GPA required

**Semester 3**

- Complete one General Education Mathematics course
- Complete 1 of 3 critical-tracking courses with a 2.5 critical-tracking GPA. Choose one from a general introductory course (GLY 2010C, GLY 2030C, or any 1000-2000 level GLY, OCE or ESC course), a historical geology course (GLY 3105C or GLY 2100C), or a 3000-level geology course.

  GLY 2010C or GLY 2030C is recommended as one of these is prerequisite to many upper-level courses.

- 2.0 UF GPA required

**Semester 4**

- Complete one additional critical-tracking course with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 5**

- Complete all tracking courses with a 2.5 critical-tracking GPA; one general introductory course (GLY 2010C, GLY 2030C, or any 1000-2000 level GLY, OCE, or ESC course), one historical geology course (GLY 3105C or GLY 2100C), and one 3000-level geology course.

- 2.0 UF GPA required

**Semester 6**

- Complete 1 GLY elective 3000 level or above (3-4 credits)
- 2.0 UF GPA required

**Semester 7**

- Complete 2 additional GLY electives 3000 level and above (6-8 credits)
- 2.0 UF GPA required

**Semester 8**

- Complete any remaining GLY electives 3000 level and above
- Complete GLY 4155C (Capstone) Geology of Florida
- 2.0 UF GPA required
Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically GE-C, H, or S). One of the two general education mathematics courses must be a pure math course.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

**Bachelor of Science**

The Bachelor of Science in geology provides knowledge of the basic concepts, theories, observational findings related to earth materials and processes, minerals and rocks, geologic time, stratigraphy and landforms. Through laboratory and field-based exercises, students will learn how to analyze data in the published literature, synthesize analog and digital datasets to produce geological maps, and understand the application of the scientific method to solve geological problems in teams and individually.
Before Graduating Students Must
• Pass GLY 4790 Summer Field Camp according to the department grading rubric.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Identify, describe and define the basic concepts related to earth materials and processes.
2. Identify and describe minerals and rocks.
3. Define geologic time, stratigraphy and landforms.

Critical Thinking
4. Analyze data in the published literature.
5. Synthesize analog and digital datasets to produce geologic maps.
6. Apply the scientific method to the analysis of published and self-generated data.

Communication
7. Use computers for the presentation of geologic maps and data.
8. Solve geologic problems in teams and present the result of such collaboration effectively.

Bachelor of Science

A Geology degree provides an understanding of issues associated with the physical earth and skills which are in demand in today’s job market. The Geology graduate will have a detailed understanding of climate change, sustainability of the Earth's resources, and the close interplay between human activity and the environment.

About this Program
• College: Liberal Arts and Sciences (p. 1008)
• Degrees: Bachelor of Arts (p. 1309) | Bachelor of Science (p. 1314)
• Specializations: Environmental Geosciences (BA) (p. 1320)
• Credits for Degree: 120
• More Info

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Department of Geological Sciences aims to provide a comprehensive understanding of Earth and Planetary sciences along with their formative and evolutionary processes. We train students to excel in the geoscience workforce and create sustainable solutions to societal needs.
Website (http://geology.ufl.edu/)

CONTACT
Email (info@geology.ufl.edu) | 352.392.2231
P.O. Box 112120
241 WILLIAMSON HALL
GAINESVILLE FL 32611-2120
Techniques such as environmental assessment, geological hazard assessment, field-based techniques, and geographic information systems (GIS) are used to evaluate the impact of humans on the physical earth and hydrologic environment. The practical and flexible curriculum, small class sizes, computer-based learning, strong faculty, and coursework in several areas of general education make this major appealing to students who want skills linked to employment or preparation for entry to professional schools (e.g., law, medicine, business).

Geology majors learn about the Earth's physical environment including climate, non-renewable geological resources, renewable geological resources, geological hazards and remediation as well as basic skills required by geologists. These skills and the geological perspective open doors to employment in government agencies and private firms that deal with water management, mining and petroleum exploration, climate change, the environment, and education.

Coursework for the Major

The geology major has three different specializations: the Bachelor of Arts, the Bachelor of Arts in environmental geosciences (a joint program with the Department of Geography), and the Bachelor of Science. Students who are uncertain which program best suits them should consult the Department of Geology's undergraduate coordinator for information and guidance on curriculum planning.

Degrees and Specializations

Bachelor of Arts

This degree is the most flexible degree, and best suited for students interested in careers in education or environmental policy making. The degree also allows students flexibility to pursue advanced degrees in environmental law or environmental medicine.

Bachelor of Arts | Environmental Geosciences

Co-offered by the Department of Geography, this specialization is designed for students interested in land and water aspects of the environment. It can be tailored to focus on water and mineral exploration and management, geological hazards, environmental planning, resource sustainability, or earth science education.

Bachelor of Science

This degree is designed for students planning to take the professional geology (PG) licensure exam and/or to continue on to graduate study in geology. It emphasizes a core understanding of petrology, structural geology, field methodology and paleontology, and it requires significant introductory coursework in calculus, general chemistry, and physics.

Relevant Minors and/or Certificates

UFTeach Program

There is a severe shortage of qualified secondary science teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see the undergraduate coordinator about the UFTeach program. UFTeach students can complete the UFTeach minor in science teaching along with their BA or BS in geology and have the coursework and preparation for professional teacher certification in Florida when they graduate.

More Info (http://education.ufl.edu/uf-teach/)

Research

Students in geology who wish to graduate with high or highest honors will be required to conduct an independent research project under the direction of a faculty member. Students are also afforded the opportunity to conduct research within the department’s laboratories regardless of their honors status.

Bachelor of Science

The professional degree is for students who want to pursue graduate school and careers in geosciences and/or environmental science. The major is extremely flexible and allows specialization in a number of subdisciplines (geochemistry, geophysics, geobiology, and hydrogeology).

The major requires 39-40 credits of geology coursework. Students must earn minimum grades of C for coursework to count toward the major.

Specific courses selected from among the alternatives listed above will depend upon the student’s primary interest.

Students interested in graduate school are urged to take a year of chemistry, calculus and physics. Students should contact a departmental advisor as early as possible.

### Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.
For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- 2.0 UF GPA required

**Semester 2**
- 2.0 UF GPA required

**Semester 3**
- Complete one general introductory course (GLY 2010C Physical Geology, GLY 2030C Environmental and Engineering Geology, or any 1000-2000 level GLY, OCE, or ESC course). 
  - **GLY 2010C is recommended as it is a prerequisite for many upper-level courses.**
- 2.0 UF GPA required

**Semester 4**
- Complete historical geology course (GLY 2100C or GLY 3105C) or GLY 3000-level geology course.
- Complete one related coursework requirement (CHM 2045/CHM 2045L, MAC 2311, or PHY 2004/PHY 2048/PHY 2053 and associated lab)
- 2.5 Critical Tracking GPA
- 2.0 UF GPA required

**Semester 5**
- Complete one 3000-level geology course (or historical geology course if not taken in semester 4)
- Complete one additional related coursework requirement (CHM 2045/CHM 2045L, MAC 2311, or PHY 2004/PHY 2048/PHY 2053 and associated lab)
- 2.5 Critical Tracking GPA
- 2.0 UF GPA required

**Semester 6**
- Complete GLY 4310C or GLY 4400C
- 2.0 UF GPA required

**Semester 7**
- Complete GLY 4750L and GLY 4552C
- 2.0 UF GPA required

**Semester 8**
- Complete any remaining GLY required courses and electives required for GLY 4790 (Capstone)

### Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically GE-C, H, or S). MAC 2312, MAC 2313, PHY 2049, PHY 2049L, PHY 2054, and PHY 2054L may count towards 3000 level or above electives outside of the major if taken.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

### Academic Learning Compact

#### Bachelor of Arts
The Bachelor of Arts in geology provides knowledge of the basic concepts related to earth materials and processes, and how to collect and organize geological data in the field. Through laboratory and field-based exercises, students will learn how to interpret geologic maps and cross sections, and to understand the application of the scientific method to solve these problems in teams and individually.

#### Before Graduating Students Must
- Pass GLY 4155C Geology of Florida according to the department grading rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

#### Students in the Major Will Learn to

#### Student Learning Outcomes (SLOs)

**Content**

1. Identify, describe and define the basic concepts related to earth materials and processes.
2. Collect data in the field.
3. Organize geologic, temporal and spatial data.

**Critical Thinking**

4. Interpret geologic maps and cross sections.
5. Interpret results using the scientific method.

**Communication**

6. Produce a clearly and effectively written synthesis of data collected in the field.
7. Work in teams to solve geologic problems and to present the results of such collaboration effectively.

Techniques such as environmental assessment, geological hazard assessment, field-based techniques, and geographic information systems (GIS) are used to evaluate the impact of humans on the physical earth and hydrologic environment. The practical and flexible curriculum, small class sizes, computer-based learning, strong faculty, and coursework in several areas of general education make this major appealing to students who want skills linked to employment or preparation for entry to professional schools (e.g., law, medicine, business).

Geology majors learn about the Earth’s physical environment including climate, non-renewable geological resources, renewable geological resources, geological hazards and remediation as well as basic skills required by geologists. These skills and the geological perspective open doors to employment in government agencies and private firms that deal with water management, mining and petroleum exploration, climate change, the environment, and education.

Coursework for the Major

The geology major has three different specializations: the Bachelor of Arts, the Bachelor of Arts in environmental geosciences (a joint program with the Department of Geography), and the Bachelor of Science. Students who are uncertain which program best suits them should consult the Department of Geology's undergraduate coordinator for information and guidance on curriculum planning.

Degrees and Specializations

Bachelor of Arts
This degree is the most flexible degree, and best suited for students interested in careers in education or environmental policy making. The degree also allows students flexibility to pursue advanced degrees in environmental law or environmental medicine.

Bachelor of Arts | Environmental Geosciences
Co-offered by the Department of Geography, this specialization is designed for students interested in land and water aspects of the environment. It can be tailored to focus on water and mineral exploration and management, geological hazards, environmental planning, resource sustainability, or earth science education.

Bachelor of Science
This degree is designed for students planning to take the professional geology (PG) licensure exam and/or to continue on to graduate study in geology. It emphasizes a core understanding of petrology, structural geology, field methodology and paleontology, and it requires significant introductory coursework in calculus, general chemistry, and physics.

Relevant Minors and/or Certificates

UFTeach Program
There is a severe shortage of qualified secondary science teachers in Florida and nationwide. Students interested in becoming part of this high-demand profession should see the undergraduate coordinator about the UFTeach program. UFTeach students can complete the UFTeach minor in science teaching along with their BA or BS in geology and have the coursework and preparation for professional teacher certification in Florida when they graduate.
More Info (http://education.ufl.edu/uf-teach/)

Research

Students in geology who wish to graduate with high or highest honors will be required to conduct an independent research project under the direction of a faculty member. Students are also afforded the opportunity to conduct research within the department's laboratories regardless of their honors status.

Bachelor of Arts: Environmental Geosciences

This specialization is well-suited for students interested in environmental science, environmental policy, Earth science teaching, or environmental law and offers a unique interdisciplinary perspective between geology and geography. The major requires a minimum of 40 credits of coursework and is a joint offering between the Department of Geological Sciences and Department of Geography. Students must earn a minimum grade of C for coursework to count toward the major.

### Related Coursework

- STA 2023

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

### Semester 1

- 2.0 UF GPA required

### Semester 2

- Complete one critical-tracking course with laboratory (GEO 2200/GEO 2200L or GLY 2010C) with a 2.5 critical-tracking GPA
- 2.0 UF GPA required
Semester 3
- Complete the other critical-tracking course with laboratory (GEO 2200/GEO 2200L or GLY 2010C) with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 4
- Complete STA 2023 and maintain a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 5
- Complete 2 additional GLY or GEO courses with a 2.5 critical-tracking GPA. (GLY 2100C or GLY 3105C recommended)
- 2.0 UF GPA required

Semester 6
- Complete GLY 3202C
- 2.0 UF GPA required

Semester 7
- Complete GEO level 3000 or above elective (3-4 credits)
- Complete GLY level 3000 or above elective (3-4 credits)
- 2.0 UF GPA required

Semester 8
- Complete GLY 4155C (Capstone)
- Complete any remaining GEO and GLY level 3000 or above electives
- 2.0 UF GPA required

**Model Semester Plan**

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically GE-C, H, or S). 3000 level or above Geography courses may count towards 3000 level electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Electives to reach the 120-credit total will vary depending on whether students select minimum or maximum credit course options.

**Academic Learning Compact**

**Bachelor of Arts**

The Bachelor of Arts in geology provides knowledge of the basic concepts related to earth materials and processes, and how to collect and organize geological data in the field. Through laboratory and field-based exercises, students will learn how to interpret geologic maps and cross sections, and to understand the application of the scientific method to solve these problems in teams and individually.

**Before Graduating Students Must**

- Pass GLY 4155C Geology of Florida according to the department grading rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Identify, describe and define the basic concepts related to earth materials and processes.
2. Collect data in the field.
3. Organize geologic, temporal and spatial data.
Critical Thinking
4. Interpret geologic maps and cross sections.
5. Interpret results using the scientific method.

Communication
6. Produce a clearly and effectively written synthesis of data collected in the field.
7. Work in teams to solve geologic problems and to present the results of such collaboration effectively.

Geology Minor

The College of Liberal Arts and Sciences is the largest college on campus, with more than 10,000 undergraduate students pursuing a variety of disciplines through over 40 majors and 49 minors. Undergraduate students acquire an intellectual foundation based on a well-rounded and comprehensive education designed for an increasingly technological and rapidly changing society.

Curriculum

- Combination Degrees
- Geological Sciences Certificate
- Geology
- Geology Minor
- Geology UF Online

Students pursuing the Bachelor of Arts in geography with a specialization in environmental geosciences are not eligible to receive this minor. All students should consult the undergraduate advisor.
A minimum of nine credits must be completed at UF and nine credits must be at the 3000/4000 level. No more than one credit of independent study will be accepted. Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

### Geology UF Online

A Geology degree provides an understanding of issues associated with the physical earth and skills which are in demand in today’s job market. The Geology graduate will have a detailed understanding of climate change, sustainability of the Earth's resources, and the close interplay between human activity and the environment.

**Curriculum**

- Combination Degrees
- Geological Sciences Certificate
- Geology
Techniques such as environmental assessment, geological hazard assessment, field-based techniques, and geographic information systems (GIS) are used to evaluate the impact of humans on the physical earth and hydrologic environment. The practical and flexible curriculum, small class sizes, computer-based learning, strong faculty and coursework in several areas of general education make this major appealing to students who want skills linked to employment or preparation for entry to professional schools (e.g., law, medicine, business).

Geology majors learn about the Earth’s physical environment including climate, non-renewable geological resources, renewable geological resources, geological hazards and remediation as well as basic skills required by geologists. These skills and the geological perspective open doors to employment in government agencies and private firms that deal with water management, mining and petroleum exploration, climate change, the environment and education.

The Bachelor of Arts in geology is best suited for students interested in careers in education or environmental policy making. The degree also allows students flexibility to pursue advanced degrees in environmental law or environmental medicine.

Research

Students in geology who wish to graduate with high or highest honors will be required to conduct an independent research project under the direction of a faculty member. Students are also afforded the opportunity to conduct research within the department’s laboratories regardless of their honors status.

Coursework for the Major

The Geology BA requires a minimum of 32 credits of coursework in the major. At least 23 credits must be GLY-prefixed courses at the 3000 level or above, excluding GLY 3105C. Students must earn a minimum grade of C for coursework to count toward the major.

### Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

### Semester 1

* 2.0 UF GPA required
Semester 2
• 2.0 UF GPA required

Semester 3
• Complete one General Education Mathematics course
• Complete 1 of 3 critical-tracking courses with a 2.5 critical-tracking GPA. Choose one from a general introductory course (GLY 2010C, GLY 2030C, or any 1000-2000 level GLY, OCE or ESC course), a historical geology course (GLY 3105C or GLY 2100C), or a 3000-level geology course.

GLY 2010C or GLY 2030C is recommended as one of these is prerequisite to many upper-level courses.
• 2.0 UF GPA required

Semester 4
• Complete one additional critical-tracking course with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete all tracking courses with a 2.5 critical-tracking GPA; one general introductory course (GLY 2010C, GLY 2030C, or any 1000-2000 level GLY, OCE or ESC course), one historical geology course (GLY 3105C or GLY 2100C), and one 3000-level geology course.
• 2.0 UF GPA required

Semester 6
• Complete 1 GLY elective 3000 level or above (3-4 credits)
• 2.0 UF GPA required

Semester 7
• Complete 2 additional GLY electives 3000 level and above (6-8 credits)
• 2.0 UF GPA required

Semester 8
• Complete any remaining GLY electives 3000 level and above
• Complete GLY 4155C (Capstone)
• 2.0 UF GPA required

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically GE-C, H, or S). One of the two general education mathematics courses must be a pure math course.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Geospatial Information Analysis Certificate

Geospatial Information Analysis is used increasingly in both research and practice with job opportunities expected to grow 29% from 2014 to 2024.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 11-12 | Completed with minimum average grade of 2.67
- **Contact:** Email (liangmao@ufl.edu) | 352.294.7516
- **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States.

- Geographic Artificial Intelligence and Big Data Certificate
- Geography
- Geography Minor
- Geography Minor UF Online
- Geography UF Online
- Geospatial Information Analysis Certificate
- Medical Geography Certificate
- Medical Geography in Global Health Minor
- Meteorology and Climatology Certificate

Covers a variety of geospatial technologies and analytical methods such as digital mapping, geographic information system (GIS), and remotely sensed image processing, aiming to develop spatial thinking ability for students. Lab-based applications emphasize hands-on experiences of these technologies.

Open to all currently enrolled undergraduate students. At least nine credits of coursework must be unique to the Geospatial Information Analysis certificate out of all other certificates and minors.

German

Foreign Languages and Literatures

German is the most widely spoken language in the post-Brexit European Union, along with English and French. It is the official language of Germany, Austria, and Liechtenstein and an official language in Switzerland and Luxembourg. Over 130 million people around the world speak German, and ca. 7.5 million people in 42 countries belong to a German-speaking minority.
About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

The B.A. in Foreign Languages and Literatures (FLL) provides students with a comprehensive knowledge of a specific language (or languages) and advanced familiarity with the cultural practices and traditions associated with the language(s) of specialization. The major in FLL enhances critical thinking and communication skills and provides students with a cross-cultural understanding of our contemporary world. The program allows students the flexibility to explore a single or dual language specialization as well as the opportunity to study culture through interdisciplinary fields of critical concentration, such as Comparative Cultural Studies, Film and Visual Culture, Intensive Area Studies, Literary Studies, and Medieval and Early Modern Studies. A major in FLL offers an excellent basis for a variety of careers, including graduate study in an area of foreign language and culture and/or in the humanities and social sciences, as well as careers in education, international development, diplomacy and government, national security, communications, law, journalism, arts and culture, publishing, and global business. Participation in UF study-abroad programs or a UF approved program is highly encouraged.

The German specialization of the Foreign Languages and Literatures major is not limited to knowing the language, but instead helps the student achieve multiple literacies. In the major, the study of language merges with the study of culture and includes:
• The works of German literature as well as German culture and civilization from the Middle Ages through the end of the 20th and the beginning of
the 21st century
• German cinema
• The writings of ethnic minorities in German-speaking countries
• The terminology of business, economics, and the European Union
• Summer studies or full-semester studies at a German or Austrian university.

For many students, the curriculum is an enriching discovery of their own past: more than 60 million Americans are at least partly of German heritage. More Americans can trace their ancestry to Germany than to any other foreign country, and since the middle of the 20th century more Americans have lived and worked in Germany than in any other foreign country.

Coursework for the Major

The German specialization in Foreign Languages and Literatures consists of preparatory language study at the lower division (1000 and 2000 level), and 33 hours of advanced language, theory, and culture study in the upper division (3000 level and above).

All coursework for the major must be completed with minimum grades of C.

Ordinarily, students will need to have completed GER 2200 Intermediate German 1 by their fifth semester at UF to be able to complete the German major.

Required Foundation Coursework | 16 Credits

</tr>
<tr>
<td>Film and Visual Culture</td>
</tr>
<tr>
<td>Literary Studies</td>
</tr>
<tr>
<td>Medieval and Early Modern Studies</td>
</tr>
</tbody>
</table>

**Total Credits** 33

**Up to 15 credits of 3000/4000-level classes can be transferred from another institution.**

**No more than 3 credits can be earned in independent studies courses such as GEW 4905.**

**Overseas Study**
The program recommends its summer program in Mannheim, Germany. Students can complete nine credits at the intermediate or advanced level depending on prerequisites met.

**Placement**
Students without prior German should take the GER 1130 and GER 1131 sequence (five credits each). An alternative manner of completing the basic language sequence in a single year is by taking the online German sequence GER 1125 and GER 1126, Discover German. These 10 credit sequences fulfill the college's language requirement.

Students with previous training in one of the languages should speak with the department.

**Critical Tracking**
Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

**For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.**

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- 2.0 UF GPA required

**Semester 2**
- Complete GER 1125 or GER 1130 or higher-level German course
- 2.0 UF GPA required

**Semester 3**
- Complete GER 1126 or GER 1131 or higher-level German course with a minimum grade of C
- 2.0 UF GPA required

**Semester 4**
- Maintain completion of GER 1131 or GER 1126 or higher-level German course with a minimum grade of C and a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 5**
- Complete GER 2200 or any 2000-level German course with a minimum grade of C and a 2.5 critical-tracking GPA
- 2.0 UF GPA required
SEMESTER 6
- Complete GER 2240 or a higher-level German language course with a minimum grade of C
- Complete 2 Advanced Elective courses with minimum grades of C
- 2.0 UF GPA required

SEMESTER 7
- Complete GER 3234, GER 3300, GER 3413, or GER 3470 with a minimum grade of C
- Complete 2 Advanced Elective courses with minimum grades of C
- Complete 1 Critical Concentration course with a minimum grade of C
- 2.0 UF GPA required

SEMESTER 8
- Complete 2 Advanced Elective courses with minimum grades of C
- Complete 2 Critical Concentration courses with minimum grades of C
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). 3000 level or above critical concentration courses outside of German may count toward the 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

### Academic Learning Compact

The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).

### Before Graduating Students Must

- Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
- Complete requirements for the baccalaureate degree, as determined by faculty.
- Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.

### Students in the Major Will Learn to

#### Student Learning Outcomes (SLOs)

**Content**

1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

**Critical Thinking**

2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.

**Communication**

3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

Students cannot transfer more than six credits toward the minor. No more than three credits can be Individual Work (GEW 4905).
One German course taught in English (GET prefix) can count toward the minor and can be taken concurrently with the basic language sequence.

Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

This minor requires the prior completion of the CLAS Foreign Language requirement. GER 1130 and GER 1131 satisfy that requirement.

1 Only six credits of intermediate GER 2000 level courses may count toward the minor. Students with either a heritage background or prior study in German might be eligible to place out of one or both intermediate courses (GER 2200 and GER 2240) and should meet with the undergraduate coordinator to arrange for placement assessment. Heritage or other learners who test out of Intermediate GER 2200 (3 credits) or GER 2240 (3 credits) must take upper-level German language courses instead.

---

**German Minor UF Online**

This online minor provides for remote students a linguistic foundation in the German language equivalent to the B1-B2 level according to the Common European Framework of Reference for Languages, and practical experience with different kinds of texts, films, and cultural issues important to speakers of German.

### About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 15-19 | Completed with minimum grades of C

### Department Information

The Department of Classics offers an interdisciplinary Classical Studies major, with specializations in ancient language, classical civilization, and teacher certification that offer students instruction in the history, literature, and culture of the ancient Greeks and Romans. These three specializations require proficiency in Latin or ancient Greek. A fourth specialization in modern Greek offers students instruction in the language, literature, and culture of modern Greece and requires proficiency in modern Greek. The department also offers minors in Classical Studies and Greek Studies.

[Website](http://classics.ufl.edu/)
Health Disparities in Society Minor

Health disparities describe the disproportionate burden of disease, differential access to health care, and poorer health outcomes that affect minoritized populations. Health disparities can exist at multiple levels of society (global, national, institutional, local, and personal) and affect people of diverse geographic locations, linguistic groups, socioeconomic statuses, and sociocultural groups. Housed in the Department of Gender, Sexuality, and Women's Studies, the Health Disparities in Society (HDS) minor provides a framework to examine how multiple social inequalities (e.g., along class, gender, geography, race/ethnicity, sexuality) intersect to produce disparities in health and how to work toward preventing and mitigating such disparities.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 15 | Completed with minimum grades of C and no optional S/U | 9 must be at the 3000-level or above

Department Information

The Department of Gender, Sexuality, and Women's Studies offers academic programs, grants graduate and undergraduate degrees, and advances research in the discipline. Faculty in the department successfully compete for national fellowships and grants, win research and teaching awards, and produce rigorous and transformative research.

Curriculum

• Combination Degrees
• Health Disparities in Society Minor
• Theories and Politics of Sexuality Minor
• Women's Studies
• Women's Studies Minor

Requirements

• No more than three credits of independent study may count toward the minor.
• Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.
• Students must complete at least three courses at the 3000 level or higher and each must be at least three credits.
• Although students must complete WST 2322 before enrolling in WST 4941C, they may take the elective courses in any order at any time (i.e., before, during, or after taking the two required courses).
• Students are encouraged to indicate their intention to enroll in WST 4941C as soon as they commit to the minor, by completing this survey (https://ufl.qualtrics.com/jfe/form/SV_cHzSYoPAjcIk7f8/).
• Sometimes, and with the approval of the undergraduate coordinator for Women's Studies, students may petition to have other, relevant classes approved as substitutes within each category of electives within the minor. Such courses could include department special topics offering with numbers like 3930, 4930.

Each semester, courses offered for this minor are listed on the Women's Studies courses website.

**Hebrew**

**Foreign Languages and Literatures**

By assuming an interdisciplinary approach to Hebrew language and culture, students acquire knowledge of the close relationship between politics, history, religions, arts and cultures in Israel. In addition to working toward proficiency in Hebrew, students will develop close reading and critical thinking skills. Students graduating with this major will find job opportunities in Jewish community organizations, the government, and consulting. In addition, due to the interdisciplinary nature of the major, students will be well prepared for the rigor of graduate studies in the humanities.

**About this Program**

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **More Info** ([https://languages.ufl.edu/academics/llc-languages/hebrew-studies/](https://languages.ufl.edu/academics/llc-languages/hebrew-studies/))

To graduate with this major, students must complete all university, college, and major requirements.

**Department Information**

Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

- Jewish Studies
- Jewish Studies Minor

The B.A. in Foreign Languages and Literatures (FLL) provides students with a comprehensive knowledge of a specific language (or languages) and advanced familiarity with the cultural practices and traditions associated with the language(s) of specialization. The major in FLL enhances critical thinking and communication skills, and provides students with a cross-cultural understanding of our contemporary world. The program allows students the flexibility to explore a single or dual language specialization as well as the opportunity to study culture through interdisciplinary fields of critical concentration, such as Comparative Cultural Studies, Film and Visual Culture, Intensive Area Studies, Literary Studies, and Medieval and Early Modern Studies. A major in FLL offers an excellent basis for a variety of careers, including graduate study in an area of foreign language and culture and/or in the humanities and social sciences, as well as careers in education, international development, diplomacy and government, national security, communications, law, journalism, arts and culture, publishing, and global business. Participation in UF study-abroad programs or a UF approved program is highly encouraged.

**Coursework for the Major**

The Hebrew specialization of the Foreign Languages and Literatures major consists of preparatory language study at the lower division (1000 and 2000 level), and 33 hours of advanced language, theory, and culture study in the upper division (3000 level and above).

*All coursework for the major must be completed with minimum grades of C.*

**Required Foundation Coursework | 18 Credits**

Critical Concentration

Although courses may appear in more than one group, they may be counted toward only one group.
Select 9 credits from one area:

- Comparative Cultural Studies
- Film and Visual Culture
- Literary Studies
- Medieval and Early Modern Studies

Total Credits 33

Placement

In all languages, students with either a native background in the language or prior study in that language, might be eligible to place out of the preparatory language courses and should meet with the undergraduate coordinator to arrange for placement assessment.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1

- 2.0 UF GPA required

Semester 2

- 2.0 UF GPA required

Semester 3

- Complete HBR 1130 or higher-level Hebrew Language course with a minimum grade of C
- 2.0 UF GPA required

Semester 4

- Complete HBR 1131 or higher-level Hebrew Language course with a minimum grade of C and a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 5

- Complete HBR 2220 or a higher-level Hebrew Language course with a minimum grade of C and a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 6

- Complete HBR 2221 or a higher-level Hebrew Language course with a minimum grade of C
- Complete 2 Advanced Elective courses
- Complete 1 Critical Concentration course
- 2.0 UF GPA required

**SEMESTER 7**
- Complete HBR 3410 or a higher-level Hebrew Language course with a minimum grade of C
- Complete 2 Advanced Elective courses
- Complete 1 Critical Concentration course
- 2.0 UF GPA required

**SEMESTER 8**
- Complete HBR 3411 or a higher-level Hebrew Language course with a minimum grade of C
- Complete 2 Advanced Elective courses at the 4000 level
- Complete 1 Critical Concentration course
- 2.0 UF GPA required

### Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

**Academic Learning Compact**

The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).
Before Graduating Students Must

- Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
- Complete requirements for the baccalaureate degree, as determined by faculty.
- Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

Critical Thinking
2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.

Communication
3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

Related Programs
- Latin American Studies Certificate
- Latin American Studies Minor

The Hispanic and Latin American Languages, Literatures and Linguistics major offers the opportunity to gain proficiency in Spanish and/or Portuguese, two of the most important languages spoken in the United States, the Western Hemisphere and the world. The department offers courses
of study in language, culture, linguistics, and literature, as well as a series of courses in languages for the professions, which focus on medical, legal, business and other professional contexts.

By studying the literary and linguistic heritage of Spanish and Portuguese, students gain critical reading and writing skills that help them acquire and refine their abilities to speak, understand, read and write one of both of these languages.

The Spanish specialization focuses on the language and culture of Spain and Spanish-America, while the Portuguese specialization stresses the language and culture of Brazil, with complementary study of Portugal and Lusophone Africa. The combined specialization recognizes the increasingly prominent roles that Brazil, Spain and Latin America all play in international affairs, especially as they relate to Florida. Spanish- and Portuguese-speakers constitute the fastest growing immigrant populations in Florida. Studying both languages and cultures provide a competitive edge for those seeking careers in business, industry, tourism, health care, agricultural affairs, government, and education.

Coursework for the Major

The different specializations within the Hispanic and Latin American Languages, Literatures and Linguistics major require different coursework, depending on the student focus.

Academic Learning Compact

The Bachelor of Arts in Hispanic and Latin American Languages, Literatures and Linguistics enables students to achieve communicative competence in Spanish and/or Portuguese, with an emphasis on all four language skills: speaking, comprehension, reading, and writing. Students will become knowledgeable in the areas of Hispanic and Lusophone cultures, literatures and/or linguistics, and they will learn how to interpret Spanish- and/or Portuguese language texts according to their cultural, literary and linguistic content.

Before Graduating Students Must

• Complete all requirements for the baccalaureate degree, as determined by faculty.
• Satisfactorily complete a written assignment in a 4000-level course that includes the written analysis of a text according to its cultural, literary and/or linguistic content. The text analyzed and the analysis will be in Spanish/Portuguese.
• Satisfactorily deliver an oral presentation in Spanish/Portuguese on the topic of the written paper. Presentation will include answering questions from audience members.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify cultural correlates, literary production and/or linguistic structure of texts written in Spanish and/or Portuguese.

Critical Thinking
2. Analyze cultural correlates, literary production and/or linguistic structure of texts written in Spanish and/or Portuguese.

Communication
3. Demonstrate competence in written Spanish and/or Portuguese, including knowledge of grammar, vocabulary, orthography and appropriate stylistic conventions.
4. Demonstrate communicative competence in spoken Spanish and/or Portuguese, including the ability to understand the spoken language, speak with correct grammar, vocabulary and pronunciation, and use appropriate registers.

Spanish- and Portuguese-
speakers constitute the fastest growing immigrant populations in Florida. Studying both languages and cultures provide a competitive edge for those seeking careers in business, industry, tourism, health care, agricultural affairs, government, and education.

Coursework for the Major
The different specializations within the Hispanic and Latin American Languages, Literatures and Linguistics major require different coursework, depending on the student focus.

Critical Tracking
Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

The combined specialization is designed for students who already possess some proficiency in one or both languages and do not need to begin with beginning coursework in both. The more common case of previous coursework in Spanish is represented in the critical tracking, but student who have prior knowledge of Portuguese and need to start with basic Spanish should consult with the undergraduate advisors.

Semester 1
- Complete POR 1130 if needed
- Complete SPN 2200
- 2.0 UF GPA required

Semester 2
- Complete POR 1131 (or POR 3010)
- Complete SPN 2200
- 2.0 UF GPA required

Semester 3
- Complete POR 3242
- Complete SPN 2240 or SPN 2340
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

Semester 4
- Complete one additional POR 3XXX course
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

Semester 5
- Complete SPN 3300 or SPN 3350
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

Semester 6
- Complete 2 of the remaining SPN/SPW/POR/POW 3XXX/4XXX required courses
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

Semester 7
- Complete 2 of the remaining SPN/SPW/POR/POW 3XXX/4XXX required courses
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required
Semester 8

- Complete all remaining SPN/SPW/POR/POW 4XXX required courses
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

1 One General Education option taken this term must be a Quest 2 course.
History
The history department fosters a learning experience that stands apart from newer modes of instruction at large universities. Amid the shift to larger classes, televised lectures and machine-gradable exams, history faculty have chosen to follow a more traditional path. The department’s emphasis on small classes, analytical reading, lively debate, and interpretative writing offers committed students unique rewards. It also comes with high expectations.

About this Program

- **Degree**: Bachelor of Arts (p. 1363)
- **Specialization**: Legal History (p. 1368)
- **Credits for Degree**: 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
Undergraduate students in the Department of History have a number of ways of enhancing their experience: from completing a senior thesis in conjunction with our Honors Program (https://history.ufl.edu/undergraduate-studies/undergraduate-honors-program/), or by participating in a study abroad program. (https://history.ufl.edu/undergraduate-studies/study-abroad-and-language-training/) The graduate program is home to a number of fields: African History, European History, Latin American History, and United States History.

**Curriculum**
- Combination Degrees
- History
- History Minor
- Legal History Certificate

The history major focuses on the development of three related skill sets critical to professional success in today's complex world:

**Writing**
History is a writing-intensive discipline. Although assignments vary by course, students will be taught a set of critical skills and research techniques that will help them gather and analyze sources and then marshal the evidence in the presentation of coherent historical arguments.
Critical Analysis
In the typical upper-division course, students read an average of 75 to 125 pages each week. Students will be expected to synthesize the material effectively and come to class prepared to discuss the readings.

Oral Communication
Rather than merely recounting facts from readings and lectures, students will develop their own interpretations of historical events and ideas and discuss them with their peers and professor. They will be expected to contribute actively in the classroom and will on occasion lead discussions and give short reports.

Coursework for the Major
Required Coursework
All history majors must complete a minimum of 36 credits in history with minimum grades of C. Majors must take a minimum of 21 credits of history at UF. History majors may enroll in a maximum of three history courses per semester.

Requirements include:

- HIS 3942, a methodological introduction to the study of history, should be taken in the first year in the major and it must be taken no later than Semester 5.
- AMH 4930 / AFH 4930 / ASH 4930 / EUH 4930 / HIS 4930 / LAH 4930 / WOH 4930 is the capstone course of the major and normally taken in the senior year, although students who plan to write an honors thesis are encouraged to take the course as juniors. In this seminar, students produce a substantial research paper based on primary source research. Enrollment in the research seminar is restricted to majors. The History Research Seminar must be taken at UF.
- 30 additional credits of history courses:
  - at least 21 of the 30 credits must be at the 3000/4000 level
  - At least 9 credits (three courses) in American history (AMH) and European history (EUH), with at least one course in AMH, one course in EUH, and one course in AMH or EUH
  - At least 9 credits (three courses) in AFH, ASH, LAH, or WOH, with a maximum of two courses under any one prefix.
  - The history research seminar may count toward the regional distribution, depending on the prefix of the course taken (AFH, AMH, ASH, EUH, LAH, or WOH).

Prior to graduating, history majors complete an online exit survey.

Only exam (AICE, AP, CLEP, or IB) credits with course equivalencies for UF courses count toward the requirements for the major and then only at the 2000 level. AMH 0301, EUH 0301, and WOH 0301 do not count toward the major.

Recommended Coursework
Majors are encouraged, but not required, to take a total of nine credits at the introductory 2000 level, including one course in American history (AMH), one course in European history (EUH), and one course in African, Asian, Latin American, or World history (AFH, ASH, LAH, WOH courses).

Combination Degree Program
Majors who are interested in advanced training are encouraged to consider the 4/1 combination degree program.

More Info (http://history.ufl.edu/undergraduate-studies/41-program/)

Research
Majors are encouraged to consider advanced research opportunities in history. The department places special emphasis on participation in the history honors program.

More Info (http://history.ufl.edu/undergraduate-studies/undergraduate-honors-program/)

Academic Learning Compact
The history major exposes students to key issues in the history of the United States, Europe and areas of Africa, Asia and Latin America. Students will develop the critical interpretative skills needed to assess both primary and secondary sources in the complex task of thinking about the past. Students will master a set of research skills that help them develop their own historical arguments. Significant emphasis is laid on effective written communication reflected in the cogency of arguments and use of evidence.
Before Graduating Students Must

- Complete the distribution requirements of the major (6 credits in AMH, 6 credits EUH, 6 credits in AFH, ASH or LAH) with minimum grades of C, as graded by department rubric.
- Complete HIS 3942 and HIS 4930 with minimum grades of C, as graded by department rubric.
- Complete 35 credits in history, including at least 26 at the 3000/4000 level, and all with minimum grades of C, as graded by department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Acquire and apply basic research skills learned through use of print and electronic resources of the library and web.

Critical Thinking
2. Critically assess and interpret primary and secondary sources.
3. Identify a historical research topic related to the focus of the research seminar, develop knowledge of the topic through research, and create historical arguments using evidence effectively with clear purpose.

Communication
4. Produce an effectively written analytical research paper based in research of primary sources, framed within the secondary literature and offering a coherent historical argument supported by evidence.

Bachelor of Arts

The history department fosters a learning experience that stands apart from newer modes of instruction at large universities. Amid the shift to larger classes, televised lectures and machine-gradable exams, history faculty have chosen to follow a more traditional path. The department’s emphasis on small classes, analytical reading, lively debate, and interpretative writing offers committed students unique rewards. It also comes with high expectations.

About this Program
- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts (p. 1363)
- **Specialization:** Legal History (p. 1368)
To graduate with this major, students must complete all university, college, and major requirements.

Department Information
Undergraduate students in the Department of History have a number of ways of enhancing their experience: from completing a senior thesis in conjunction with our Honors Program (https://history.ufl.edu/undergraduate-studies/undergraduate-honors-program/), or by participating in a study abroad program. (https://history.ufl.edu/undergraduate-studies/study-abroad-and-language-training/) The graduate program is home to a number of fields: African History, European History, Latin American History, and United States History.

Curriculum
• Combination Degrees
• History
• History Minor
• Legal History Certificate

The history major focuses on the development of three related skill sets critical to professional success in today's complex world:

Writing
History is a writing-intensive discipline. Although assignments vary by course, students will be taught a set of critical skills and research techniques that will help them gather and analyze sources and then marshal the evidence in the presentation of coherent historical arguments.

Critical Analysis
In the typical upper-division course, students read an average of 75 to 125 pages each week. Students will be expected to synthesize the material effectively and come to class prepared to discuss the readings.

Oral Communication
Rather than merely recounting facts from readings and lectures, students will develop their own interpretations of historical events and ideas and discuss them with their peers and professor. They will be expected to contribute actively in the classroom and will on occasion lead discussions and give short reports.

Coursework for the Major

Required Coursework
All history majors must complete a minimum of 36 credits in history with minimum grades of C. Majors must take a minimum of 21 credits of history at UF. History majors may enroll in a maximum of three history courses per semester.

Requirements include:

• HIS 3942, a methodological introduction to the study of history, should be taken in the first year in the major and it must be taken no later than Semester 5.
• AMH 4930 / AFH 4930 / ASH 4930 / EUH 4930 / HIS 4930 / LAH 4930 / WOH 4930 is the capstone course of the major and normally taken in the senior year, although students who plan to write an honors thesis are encouraged to take the course as juniors. In this seminar, students produce a substantial research paper based on primary source research. Enrollment in the research seminar is restricted to majors. The History Research Seminar must be taken at UF.
• 30 additional credits of history courses:
  • at least 21 of the 30 credits must be at the 3000/4000 level
  • At least 9 credits (three courses) in American history (AMH) and European history (EUH), with at least one course in AMH, one course in EUH, and one course in AMH or EUH
  • At least 9 credits (three courses) in AFH, ASH, LAH, or WOH, with a maximum of two courses under any one prefix.
The history research seminar may count toward the regional distribution, depending on the prefix of the course taken (AFH, AMH, ASH, EUH, LAH, or WOH).

Prior to graduating, history majors complete an online exit survey.

Only exam (AICE, AP, CLEP, or IB) credits with course equivalencies for UF courses count toward the requirements for the major and then only at the 2000 level. AMH 0301, EUH 0301, and WOH 0301 do not count toward the major.

**Recommended Coursework**

Majors are encouraged, but not required, to take a total of nine credits at the introductory 2000 level, including one course in American history (AMH), one course in European history (EUH), and one course in African, Asian, Latin American, or World history (AFH, ASH, LAH, WOH courses).

**Combination Degree Program**

Majors who are interested in advanced training are encouraged to consider the 4/1 combination degree program.

More Info (http://history.ufl.edu/undergraduate-studies/41-program/)

**Research**

Majors are encouraged to consider advanced research opportunities in history. The department places special emphasis on participation in the history honors program.

More Info (http://history.ufl.edu/undergraduate-studies/undergraduate-honors-program/)

---

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

**For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.**

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Students are advised to take HIS 3942 in their first year as a history major, and it must be taken no later than Semester 5.

**Semester 1**

- 2.0 UF GPA required

**Semester 2**

- Complete 1 history course at the 2000 level or above
- 2.0 UF GPA required

**Semester 3**

- Complete 1 additional history course at the 2000 level or above with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 4**

- Complete 1 additional history course at the 3000 level or above (recommended) with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 5**

- By the end of semester 5, students must have completed 4 history courses: HIS 3942, two history courses at the 2000 level or above and one history course at the 3000 level or above
- 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required
Semester 6

- Complete 1 distribution course (prefix of LAH, AFH, WOH, or ASH)
- 2.0 UF GPA required

Semester 7

- Complete 1 distribution course (prefix of AMH or EUH)
- 2.0 UF GPA required

Semester 8

- Complete XXX 4930 research seminar
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

---

1. If AMH 2020 not taken in Semester two or three.

**Academic Learning Compact**

The history major exposes students to key issues in the history of the United States, Europe and areas of Africa, Asia and Latin America. Students will develop the critical interpretative skills needed to assess both primary and secondary sources in the complex task of thinking about the past. Students will master a set of research skills that help them develop their own historical arguments. Significant emphasis is laid on effective written communication reflected in the cogency of arguments and use of evidence.

**Before Graduating Students Must**

- Complete the distribution requirements of the major (6 credits in AMH, 6 credits EUH, 6 credits in AFH, ASH or LAH) with minimum grades of C, as graded by department rubric.
- Complete HIS 3942 and HIS 4930 with minimum grades of C, as graded by department rubric.
- Complete 35 credits in history, including at least 26 at the 3000/4000 level, and all with minimum grades of C, as graded by department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Acquire and apply basic research skills learned through use of print and electronic resources of the library and web.

**Critical Thinking**

2. Critically assess and interpret primary and secondary sources.
3. Identify a historical research topic related to the focus of the research seminar, develop knowledge of the topic through research, and create historical arguments using evidence effectively with clear purpose.

**Communication**

4. Produce an effectively written analytical research paper based in research of primary sources, framed within the secondary literature and offering a coherent historical argument supported by evidence.

**Curriculum Map**

I = Introduced; R = Reinforced; A = Assessed
### Legal History

The history department fosters a learning experience that stands apart from newer modes of instruction at large universities. Amid the shift to larger classes, televised lectures and machine-gradable exams, history faculty have chosen to follow a more traditional path. The department’s emphasis on small classes, analytical reading, lively debate, and interpretative writing offers committed students unique rewards. It also comes with high expectations.

Total Credits

3

In addition to these courses, the undergraduate coordinator may authorize substitute courses.

Course not previously taken.

Prior to graduating, history majors complete an online exit survey.

Only exam (AICE, AP, CLEP, or IB) credits with course equivalencies for UF courses count toward the requirements for the major and then only at the 2000 level. AMH L000, EUH L000, HIS L000, and WOH L000 do not count toward the major.

Recommended Coursework

Majors are encouraged, but not required, to take a total of nine credits at the introductory 2000 level, including one course in American history (AMH), one course in European history (EUH), and one course in African, Asian, Latin American, or World history (AFH, ASH, LAH, WOH courses).

COMBINATION DEGREE PROGRAM

Majors who are interested in advanced training are encouraged to consider the 4/1 combination degree program.

More Info (http://history.ufl.edu/undergraduate-studies/41-program/)

RESEARCH

Majors are encouraged to consider advanced research opportunities in history. The department places special emphasis on participation in the history honors program.

More Info (http://history.ufl.edu/undergraduate-studies/undergraduate-honors-program/)

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Students are advised to take HIS 3942 in their first year as a history major, and it must be taken no later than Semester 5.

Semester 1

• 2.0 UF GPA required

Semester 2

• Complete 1 history course at the 2000 level or above
• 2.0 UF GPA required

Semesters 3-4

• Complete 1 history course at the 3000 level or above with a 2.5 critical-tracking GPA (this course may be a course from Group A or B if it is passed with a 2.0 GPA or above)
• 2.5 GPA in critical-tracking history courses
• 2.0 UF GPA required

Semesters 5-6

• Complete 1 history course at the 3000 level or above with a 2.5 critical-tracking GPA (this course may be a course from Group A or B if it is passed with a 2.0 GPA or above)
• 2.5 GPA in critical-tracking history courses
• 2.0 UF GPA required
Semesters 7-8

- By the end of semester 8, students seeking the Legal History Specialization must have completed 3 courses toward the specialization (either from the approved list or with the approval of the undergraduate coordinator) as follows: 1 from Group A, 1 from Group B, and 1 from either Group A or B with a 2.0 GPA or higher
- 2.5 GPA in critical-tracking history courses
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

In addition to the above courses, the undergraduate coordinator may authorize other legal history courses for the specialization.

Academic Learning Compact

The history major exposes students to key issues in the history of the United States, Europe and areas of Africa, Asia and Latin America. Students will develop the critical interpretative skills needed to assess both primary and secondary sources in the complex task of thinking about the past. Students will master a set of research skills that help them develop their own historical arguments. Significant emphasis is laid on effective written communication reflected in the cogency of arguments and use of evidence.

Before Graduating Students Must

- Complete the distribution requirements of the major (6 credits in AMH, 6 credits EUH, 6 credits in AFH, ASH or LAH) with minimum grades of C, as graded by department rubric.
- Complete HIS 3942 and HIS 4930 with minimum grades of C, as graded by department rubric.
- Complete 35 credits in history, including at least 26 at the 3000/4000 level, and all with minimum grades of C, as graded by department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

1 If AMH 2020 not taken in Semester two or three.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Acquire and apply basic research skills learned through use of print and electronic resources of the library and web.

Critical Thinking
2. Critically assess and interpret primary and secondary sources.
3. Identify a historical research topic related to the focus of the research seminar, develop knowledge of the topic through research, and create historical arguments using evidence effectively with clear purpose.

Communication
4. Produce an effectively written analytical research paper based in research of primary sources, framed within the secondary literature and offering a coherent historical argument supported by evidence.

History Minor
This minor provides a solid foundation in the study of history, while enhancing a range of skills including critical thinking, historical analysis, persuasive writing, and oral communication.

About this Program
• College: Liberal Arts and Sciences (p. 1008)
• Credits: 15 | Completed with minimum grades of C and no optional S/U

Department Information
Undergraduate students in the Department of History have a number of ways of enhancing their experience: from completing a senior thesis in conjunction with our Honors Program (https://history.ufl.edu/undergraduate-studies/undergraduate-honors-program/), or by participating in a study abroad program. (https://history.ufl.edu/undergraduate-studies/study-abroad-and-language-training/) The graduate program is home to a number of fields: African History, European History, Latin American History, and United States History.

Holocaust Studies Certificate

The Holocaust Studies certificate provides students from any undergraduate major with an interdisciplinary concentration that focuses on intellectual approaches to the Holocaust, other human rights catastrophes, and their representation.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 15 | Completed with minimum grades of C
- **Contact:** Email (pjsohn@ufl.edu)
- **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Center Information

The Center for Jewish Studies promotes academic study of Jewish culture, history, and politics for all students at the University of Florida. The Center’s curriculum encourages critical thinking, textual analysis, research, oral argumentation, and writing. The Center has scholarship opportunities for undergraduate and graduate students, as well as study abroad opportunities.

The Holocaust is the greatest crime in human history. It has spawned international libraries of historical studies, religious and philosophical treatises, social science studies in psychology and other fields, novels, poems, and films to say nothing of art, monuments, and architecture.

In and of itself, the Holocaust is critical for an understanding of the depths of human experience through a variety of disciplines. But it also provides a way for understanding how practitioners of different disciplines, from history to anthropology to literature to film, approach the human experience through a crucial common theme.

The certificate provides social science and humanities majors with additional background for a number of career choices ranging from the study of law to human rights work to work in NGOs to library or museum employment or even international business.

Required Courses

Students can substitute related courses or directed studies projects in consultation with the undergraduate coordinator in the Center for Jewish Studies.

Innovation Minor

The Innovation minor provides undergraduates in the Innovation Academy an overview of the major functional elements of innovation — creativity, entrepreneurship, ethics, and leadership — and an opportunity to apply them in a multidisciplinary project.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 15-17 | Completed with minimum grades of C and no S/U

IA Information

The Innovation Academy (IA) equips students with the 21st-century skills needed to thrive in an innovative culture. IA is a living-learning community embedded within the traditional University of Florida experience. Students select from over 25 UF majors and earn their degree with a minor in Innovation. The IA academic calendar operates on a Spring-Summer schedule, giving students the opportunity to enjoy Fall co-curricular activities, pursue internships, study abroad, or enjoy the break at home.

### Interdisciplinary Studies | CLAS

The College of Liberal Arts and Sciences recognizes that students’ academic and professional interests may include more than one discipline and that some majors are not formally available at the university. Because interdisciplinary approaches, research, and curricular activities are becoming increasingly appropriate and valuable within the liberal arts and sciences and other fields, UF students have the option to develop and pursue interdisciplinary (IDS) majors that cross the boundaries of numerous disciplines.

### About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Arts | Bachelor of Science
- **Credits for Degree**: 120
- **More info**
Overviews

IDS is a limited-access major in CLAS that requires a minimum 3.0 UF GPA. Students must select two regular faculty members who agree to work with them from the planning stages to completion of the thesis research proposal. At least one faculty advisor must be a member of CLAS; faculty advisors cannot be from the same department.

Students should begin planning early. They should declare a related CLAS major and then apply to IDS as early as semester four or at the latest by semester five. Transfer students must complete their first semester with a UF GPA of 3.0 before they can apply to this program. Late application may result in denial of admission to the program. Students interested in pursuing an interdisciplinary major should contact the director of the particular specialization listed below or view the IDS information on the college’s website.

Each applicant and their interdisciplinary program must be approved by the inter-college Committee on Interdisciplinary Studies and include at least 20 credits of 3000/4000-level coursework taken in two or more departments. All other CLAS degree requirements (e.g., foreign language, basic distribution, electives, etc.) must be met. The student must also take at least seven credits, but no more than 12, of IDS 4906 (or equivalent courses) under the direction of one or both of the supervisory faculty members and produce a senior thesis.

Interdisciplinary majors may also graduate with honors recognition. Requirements are the same as for department majors, with the additional provision that magna cum laude or summa cum laude recognition must be recommended by two members of the student's supervisory committee (including the principal supervisor), who will affirm that the student conducted an individual project in IDS 4906 (or equivalent).

Students in science tracks who are enrolled in IDS 4905 work 3-4 hours per week in the laboratory for each credit earned.

All students with IDS majors are required to complete Quest 1 and Quest 2 coursework in their first four semesters.

In addition to the established concentrations, students may design a customized course of study in consultation with faculty advisors relevant to the interdisciplinary thesis project. If interested in this option, students should first contact the associate dean for IDS majors.

Department Information

Anthropology lies at the intersection of the multiple approaches to the study of humankind that characterize other disciplines – biological, social, cultural, historical, linguistic, cognitive, material, technological and aesthetic – because of its unique holistic perspective. These multiple approaches are encapsulated in the four traditional subfields that have composed the discipline since its establishment in the 19th century: cultural, archaeo logically, biological and linguistic anthropology.

Curriculum

- American Indian and Indigenous Studies | IDS
- Anthropology
- Anthropology Minor
The Department of Anthropology, the Department of Religion, and the College of Liberal Arts and Sciences have established a concentration in American Indian and Indigenous Studies (IDS-AIIS). The AIIS concentration is an extension of the minor and is open to all students with an interest in American Indian topics.

The concentration offers courses which cut across all disciplines, including anthropology, botany, geology, history, Latin American studies, religion, and wildlife studies. This concentration deals with the issues and concerns of indigenous peoples. Students will have the opportunity to pursue research, write a senior thesis and prepare themselves for graduate work in the field of American Indian and/or indigenous studies.

**Academic Learning Compact**

The interdisciplinary studies major with a concentration in American Indian and indigenous studies provides students with knowledge of the issues and concerns of indigenous peoples of the Western hemisphere. Students will be able to identify and conduct research or field work and understand historical, political, social and religious structures from an indigenous perspective. Students will evaluate the significance, quality and veracity of information gathered in the literature and to apply it effectively. Students will also be able articulate the results of research clearly and effectively.

**Before Graduating Students Must**

- Satisfactorily complete IDS 4906 (capping 7-12 credits of thesis research), graded according to department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Identify, describe and define major issues of indigenous peoples and conduct research in any of the disciplines which incorporate American Indian topics.

**Critical Thinking**

2. Integrate different sources and types of knowledge into holistic perspectives about indigenous peoples.
3. Evaluate the significance, quality and veracity of information gathered in the literature and apply it effectively.

**Communication**

4. Articulate research results clearly and effectively in speech and in writing in an accepted style of presentation.

Curriculum

- Chemistry Minor
- Chemistry | Biochemistry

Applicants with a strong background in basic chemistry and biology can pursue advanced-level work, including required courses in the Department of Biochemistry and Molecular Biology, research in biochemistry and molecular biology and other electives in biochemistry and molecular biology, botany, chemistry, microbiology, neuroscience, pharmacology, and zoology.

Graduates will have excellent backgrounds for research in a variety of the basic medical sciences and are qualified for graduate and professional school programs.

**Academic Learning Compact**

This interdisciplinary studies major in biochemistry and molecular biology provides students with an understanding of and competence in biochemistry, molecular biology and molecular cell biology. Students will understand and use the scientific approach to gather and verify knowledge. They will be able to draw appropriate conclusions and inferences from properly conducted laboratory research. Students will be able to evaluate the significance, quality and veracity of information gathered via experiment and literature and apply them effectively. Students will also possess the ability to articulate results clearly and effectively.

**Before Graduating Students Must**

- Satisfactorily complete IDS 4906 (capping 7-12 credits of thesis research), graded according to department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Identify, describe and explain biochemistry, molecular biology and molecular cell biology.

2. Draw appropriate conclusions and inferences from properly conducted laboratory research.

**Critical Thinking**

3. Evaluate the significance, quality and veracity of information gathered via experiment and literature and apply them effectively.

**Communication**

4. Articulate research results clearly and effectively in speech and in writing in an accepted style of presentation.

- **More Info**

This program provides a broad program in biological illustration to students preparing to work with museums, university botany, zoology, entomology, anthropology or medical departments and botanical gardens or research organizations.

Enrollment is restricted because of the tutorial nature of much of the instruction. The program admits only a few well-qualified students each year.

*For this specialization only, students need to apply in their second semester at UF.*

Academic Learning Compact

The interdisciplinary studies major in biological illustration provides knowledge of and competence in biology, structural biology and structural zoology. Students will know and use the scientific approach to gather and verify knowledge. Students will be able to draw appropriate conclusions and inferences from properly conducted laboratory research. They will be able to evaluate the significance, quality and veracity of information gathered via experiment and literature and to apply them effectively. Students will also possess the ability to articulate results clearly and effectively.

Before Graduating Students Must

- **More Info**

Related Programs
- English

The interdisciplinary B.A., with a concentration in film and media studies, enables students to pursue a liberal arts approach to audio-visual studies. The courses offered provide a range of training from professional and applied (anthropology, architecture, education and theatre) to historical and experimental (art, English, Germanic, Slavic and Romance languages).

The film and media studies major encourages students to integrate these offerings by working in both theory and production. For the senior thesis, a student may choose an essay, a film script, a short film or video, or work in a related medium.

The major requires 27 credits minimum, 20 credits of core courses and seven credits from IDS 4906 senior independent work. Majors should take ENG 3115, because it serves as the prerequisite for ENG 4136. Students and sponsors select courses for CLAS electives.

Because many of the courses in the departments of Art, English and Theatre have prerequisites, students should plan their freshman and sophomore work with the major in mind. Under certain circumstances, instructors will waive some prerequisites for IDS majors, but with space at a premium (especially in studio and production classes), students should not try to avoid any requirements. Students may, however, use up to nine credits of 2000-level prerequisites as electives.

Early preparation for the major should include ENG 2300. Other useful courses are:

The major is selective, requiring a 3.0 minimum GPA, two sponsors chosen from faculty in the program and approval of the Interdisciplinary Studies Committee. The application form and information are available online.

Academic Learning Compact

The interdisciplinary studies major in film and media studies provides students with knowledge of film in its diversity and through its techniques. Students will learn film theory and criticism and implement these ideas in the practice of viewing and/or making films. Students will also present ideas clearly and effectively in writing and/or in film/video format as an optional ability.

Before Graduating Students Must

- Satisfactorily complete IDS 4906 (capping 7-12 credits of thesis research), graded according to department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, describe and explain film in its diversity and through its techniques.

Critical Thinking
2. Identify and examine film and/or media theory and criticism and implement these ideas in the practice of viewing and/or making films.

Communication
3. Present ideas clearly and effectively in a well-argued essay.

IDS 4906 is the only required course for this major (or equivalent with other prefixes).

Assessment Types

- Direct assessment of project: essay, new media work, or film or video.

Latin American Studies | IDS

The College of Liberal Arts and Sciences recognizes that students’ academic and professional interests may include more than one discipline and that some majors are not formally available at the university. Because interdisciplinary approaches, research, and curricular activities are becoming increasingly appropriate and valuable within the liberal arts and sciences and other fields, UF students have the option to develop and pursue interdisciplinary (IDS) majors that cross the boundaries of numerous disciplines.

Curriculum
• Combination Degrees
• Latin American Studies Certificate
• Latin American Studies Minor
• Latin American Studies | IDS

Related Programs
• Latin American Studies Certificate

The UF Center for Latin American Studies was founded in 1930 and is one of the largest and most prestigious institutions of its kind in the United States. UF has approximately 180 faculty members whose teaching and research focus to a significant extent is on Latin America and the Caribbean. The Latin American Collection of the George A. Smathers Library is one of few stand-alone collections in the United States and features extraordinary holdings on Brazil, the Caribbean and other areas of Latin America.

This program is built upon the social sciences, humanities, languages and area studies. It requires 21 credits of 3000/4000-level coursework in Latin American and Caribbean area courses, intermediate proficiency in a language of Latin America and the Caribbean (typically Spanish, Portuguese or Haitian Creole), a senior thesis and at least seven credits of IDS 4906.

Academic Learning Compact
The interdisciplinary major in Latin American studies provides students with broad knowledge of contemporary and historical issues relevant to Latin America. The program offers training in areas such as the geography, history, society, economy, politics, religion, arts and culture of Latin America. Students will demonstrate or otherwise acquire proficiency in at least one major Latin American language and will learn how to identify and conduct relevant research or field work on a Latin America-related topic.

Upon completion of the program, students should be able to evaluate the significance, quality and veracity of information gathered from scholarly sources and to apply it effectively. They also will be able to construct analytical arguments and communicate their perspective confidently in spoken and written form.

Before Graduating Students Must
• Demonstrate satisfactory proficiency in a major Latin American language as determined by successful course completion, adequate score on the AP or SAT II exams or individual oral examination (for native speakers).
• Satisfactorily complete IDS 4906 (capping 7-12 credits of thesis research), graded according to department rubric.
• Complete requirements for the baccalaureate degree, as determined by faculty.

**Related Programs**
- Medieval and Early Modern Studies Minor

This major focuses on medieval and early modern European culture and its influences on the modern world. Students examine the distinctive forms of cultural organization in these periods, obtain knowledge about medieval and early modern communities (monastic, chivalric, peasant, early urban), and familiarize themselves with some of the world’s greatest literature.

Students are encouraged to seek historical perspectives that can contribute to current discussions about ethnicity and nationality, colonialism, technologies and their effects, gender and sexuality and the characteristics of historical and fictional narratives. This IDS major involves critical thinking, textual analysis and creativity, and is excellent preprofessional preparation for careers in law, journalism, government services, medicine, library science, international work and teaching.

---

**Academic Learning Compact**
The interdisciplinary studies major in medieval and early modern studies provides students with knowledge of the key issues, figures, social and cultural trends and basic chronology of the period or field studied. Students will be able to evaluate the significance, quality and veracity of information gathered in the literature and to apply it effectively. Students will also articulate the results of research clearly and effectively.

**Before Graduating Students Must**
- Satisfactorily complete IDS 4906 (capping 7-12 credits of thesis research), graded according to department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Related Programs
- Psychology

This major focuses on the characteristics and functions of the nervous system. Core courses ensure that students acquire a background in basic sciences, biology and brain science. Through elective courses and completion of an independent research project, supervised by one of the 45 faculty within the Center for Neurobiological Sciences, students can specialize in area(s) of particular interest to them. These areas can include neurochemistry, neurophysiology, neuroembryology, neuroplasticity, and brain/behavior relations. Concentrations are available in behavioral neurobiology, cellular and molecular neurobiology, and cognitive neuroscience.

Many graduates continue their study in neural sciences, including graduate school, professional school in health sciences, and the pharmaceutical industry.

Academic Learning Compact

The interdisciplinary studies major in neurobiological sciences provides students with an understanding of and competence in the neurobiological sciences. Students will understand and use the scientific approach to gather and verify knowledge. They will be able to draw appropriate conclusions and inferences from properly conducted laboratory research. Students will be able to evaluate the significance, quality and veracity of information gathered via experiment and literature and to apply them effectively. Students will also possess the ability to articulate results clearly and effectively.

Before Graduating Students Must
- Satisfactorily complete IDS 4906 (capping 7-12 credits of thesis research), graded according to department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

International Relations Certificate

The International Relations certificate is for those who are interested in international affairs and who are considering careers in this field (e.g., working for the U.S. government’s foreign policy or intelligence agencies; foreign policy think tanks; international non-governmental organizations).

About this Program
- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 18 | Completed with minimum grades of C
- **More Info** (http://polisci.ufl.edu/undergraduate/advising/)
- **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information
The Department of Political Science provides a high-quality educational program for undergraduate students as well as a rigorous honors program. The department also offers a highly selective graduate education ranging from innovative MA programs to a comprehensive PhD program.

While successful completion of this 18-credit program will qualify students for the certificate, most graduate programs, foreign service organizations, and private corporations will be looking for individuals with broader training. Therefore, students are encouraged to pursue related study in other political science fields and other departments. Students interested in U.S. foreign policy, for example, should consider taking courses in American government. Likewise, students interested in international trade or finance would do well to pursue coursework in economics.

In addition, students interested in the international relations of a particular geographical region would benefit from learning about the comparative domestic political systems and/or cultures of those regions and may find courses in comparative politics, geography, anthropology or foreign languages and literatures helpful. Many other opportunities for enrichment through interdisciplinary work are available on campus.

International Studies

The International Studies interdisciplinary program provides knowledge of major international or global issues including regional and global political economies; comparative cultural and political systems; ethnicity, identity and belief systems; peace, conflict and wars; gender, culture and politics; and environment, health, and science issues.

About this Program

• College: Liberal Arts and Sciences (p. 1008)
• Degree: Bachelor of Arts
• Concentrations: Africa | Asia | Europe | Latin America and Caribbean | Middle East
• Credits for Degree: 120
• More Info

To graduate with this major, students must complete all university, college, and major requirements.

Related Programs

• African Studies Minor
• Asian Studies Minor
• European Union Studies Certificate
• European Union Studies Minor
• Health Disparities in Society Minor
• International Development and Humanitarian Assistance Minor
• International Relations Certificate
• Latin American Studies Certificate
• Latin American Studies Minor
• Nonprofit Organizational Leadership Minor
• Public Leadership Minor
• Russian and East-European Area Studies Certificate
• Sustainability Studies Minor

Students acquire proficiency in a modern foreign language, and knowledge of at least one major region of the world and significant global issues; are encouraged to experience living and studying abroad or working with an international organization focused on international issues; and conduct research on a global issue in conjunction with a senior research seminar, study abroad experience, or relevant internship or service learning opportunity.

The major provides cross-cultural and interdisciplinary training that prepares students for graduate study or international careers as specialists in international relations, international development, communications and media, education, business, global health, sustainability, public affairs, government foreign service, export sales, and international research.

Coursework for the Major

Students are required to designate a region of the world on which to focus. This region then determines the courses appropriate for the major’s primary requirements (Category A) as well as the major’s foreign language requirement.

The major requires 36 credits of coursework in addition to the language requirement. All courses must be completed with minimum grades of C. A minimum of 15 credits of Category A and/or B courses must be completed at UF.

Required Coursework

• INS 3004
• INS 4930

With prior approval, students may substitute:
• Study abroad with a research project; internship or work experience abroad with a research project; international studies research poster with presentation; international studies-related service learning with a research project; or independent study course with a research project. Students pursuing any of these alternatives must still register for 3 credits of coursework to replace INS 4930. All research papers will be graded by a common grading rubric. S/U grades are acceptable for these alternatives to INS 4930 with prior approval and successful completion of the research project

• Category A: 15 credits of international studies-approved courses in social science, humanities or professional courses that focus on the region of the world selected by the student: Africa, Asia, Latin America and the Caribbean, or the Middle East.
  • Twelve credits of Category A coursework must be at the 3000/4000 level.
  • Nine credits of Category B coursework must be at the 3000/4000 level. (These credits of 3000/4000-level Category B courses will be accepted toward the CLAS 3000-level elective requirement. INT majors still will need to take 9 additional credits of 3000-level electives from courses NOT approved for any INT category.)

• Category B: 15 credits of international studies-approved courses in social science, humanities, or professional courses that focus on regions of the world other than the student’s regional focus and/or focus on global issues.

Region Focus

The links below determine the region courses appropriate for Category A and Category B requirements as well as the region’s foreign language requirement.

• Africa ([https://bobgrahamcenter.ufl.edu/academics/international-studies-major/africa-international-studies-program/](https://bobgrahamcenter.ufl.edu/academics/international-studies-major/africa-international-studies-program/))
• Asia ([https://bobgrahamcenter.ufl.edu/academics/international-studies-major/asia-international-studies/](https://bobgrahamcenter.ufl.edu/academics/international-studies-major/asia-international-studies/))
• Europe ([https://bobgrahamcenter.ufl.edu/academics/international-studies-major/europe-international-studies/](https://bobgrahamcenter.ufl.edu/academics/international-studies-major/europe-international-studies/))
• Latin America and the Caribbean ([https://bobgrahamcenter.ufl.edu/academics/international-studies-major/latin-america-the-caribbean-international-studies/](https://bobgrahamcenter.ufl.edu/academics/international-studies-major/latin-america-the-caribbean-international-studies/))
• Middle East ([https://bobgrahamcenter.ufl.edu/academics/international-studies-major/middle-east-international-studies/](https://bobgrahamcenter.ufl.edu/academics/international-studies-major/middle-east-international-studies/))

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree (p. 1018).
Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- Complete 1 international studies course from Category A or Category B at the 2000-level or higher with a 2.0 critical-tracking GPA
- 2.0 UF GPA required

**Semester 2**
- Complete 1 international studies course from Category A or Category B at the 2000-level or higher with a 2.5 critical-tracking GPA
- 2.0 UF GPA required
- Students must have at least one Category A and one Category B class completed by the end of Semester 2

**Semester 3**
- Complete 1 foreign language course from the selected region and 1 additional international studies course from Category B at the 2000-level or higher with a 2.75 critical-tracking GPA
- 2.0 UF GPA required
- Students should take INS 3004 as soon as they have completed three Category courses. For many students, this will be either semester 3 or 4

**Semester 4**
- Complete 1 additional foreign language course from the selected region with a 3.0 critical-tracking GPA
- 2.0 UF GPA required

**Semester 5**
- Complete INS 3004 International Studies Perspectives and one additional international studies course from Category A at the 3000-level or higher with a 3.0 critical-tracking GPA
- 2.0 UF GPA required
- By the end of Semester 5, students must complete two Category A classes, two Category B classes, one year of a relevant foreign language, and INS 3004.

**Semester 6**
- Take 2 major classes at the 3000-level or above (may be any mixture of Category A and/or Category B)
- Students should have completed at least 21 credits of the 36 total (excluding language) required for the major

**Semester 7**
- Complete 2 major classes at the 3000-level or above (may be any mixture of Category A, Category B, and/or INS 4930 or pre-approved alternative)
- Complete Foreign Language Intermediate 1
- Students should have completed at least 27 credits of the 36 total (excluding language) required for the major

**Semester 8**
- Complete 3 major courses at the 3000-level or above (may be any mixture of Category A, Category B, and/or INS 4930 or pre-approved alternative)
- Complete Foreign Language Intermediate 2
- By the end of semester 8, students must complete a minimum of 15 credits of Category A coursework, 15 credits of Category B coursework, INS 3004, INS 4930 or pre-approved alternative, and the intermediate level or equivalent of a foreign language relevant to the primary region of study.

**Model Semester Plan**

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

Nine credits of 3000 level or above Category B courses count towards the 3000 level or above electives outside of the major.

Depending upon the international studies courses chosen, students may meet some of their GE-H, GE-S and GE-N requirements through courses for the major. In that case, the student can substitute general elective credit.
To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

1 One of these General Education courses must be a Quest 2 course.
2 Majors are encouraged to use some of their electives to pursue a minor, combination degree, dual degree, or double major.

Academic Learning Compact
The international studies major provides knowledge of major international issues. Students will be able to identify and conduct internationally relevant research. They will evaluate the significance, quality and veracity of information gathered in the literature and to apply it effectively. Students will also be able articulate the results of research clearly and effectively.

Before Graduating Students Must
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Describe, explain and apply basic knowledge of the modern history, culture, politics, geography, economy or sociology of one major region of the world (Africa, Asia, Europe, Latin America or the Middle East).

Critical Thinking
2. Use analytical intellectual tools to examine global issues.

Communication
3. Interpret and effectively communicate about global issues.

1 Majors are encouraged to use some of their electives to pursue a minor, combination degree, dual degree, or double major.
Israel Studies Certificate

The Israel Studies Certificate at the Center for Jewish Studies allows students to demonstrate a concerted course specialization on the cross-disciplinary topic of Israel Studies.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 15
- **Student Learning Outcomes (SLOs)**: [link](https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Center Information

The Center for Jewish Studies promotes academic study of Jewish culture, history, and politics for all students at the University of Florida. The Center's curriculum encourages critical thinking, textual analysis, research, oral argumentation, and writing. The Center has scholarship opportunities for undergraduate and graduate students, as well as study abroad opportunities.

P.O. Box 118020

1120 Turlington Hall

GAINESVILLE FL 32611-8020

Map [here](http://campusmap.ufl.edu/#/index/0003)

Curriculum

- European Jewish Studies Certificate
- Holocaust Studies Certificate
- Jewish Studies
- Jewish Studies Minor

The certificate does not have a language requirement. Some scholarships are available for the (overseas) study of historically Jewish languages, including Modern Hebrew, as well as a few European and Middle Eastern languages. Students take one required introductory course; one survey course; one course in arts and literature; one in society, politics, and culture; as well as one elective.

Students who complete the required courses and take language courses, or additional topical courses in Jewish Studies, may also meet the requirements for the minor or major degree. For example: if a student takes courses for a certificate as well as a minor in Jewish Studies, together with a professional or other major, they may qualify for a double major. Students should consider these options as early as possible, as changes to their Jewish Studies degree program may take up to an academic year to complete.
Each student should work with the JST undergraduate coordinator regarding their course audit to ensure that the courses are applied to the certificate in the categories listed below.

**Application Requirements**
- Sophomore standing or higher from any UF college or major.
- 2.5 UF GPA

### Italian

**Foreign Languages and Literatures**

The Italian specialization in Foreign Languages and Literatures provides the linguistic and cultural knowledge students need to understand and appreciate the language, literature, cinema, history, and society of the Italian peninsula. Courses reflect the complex cultural traditions of this Mediterranean nation from the Middle Ages and the Renaissance to the modern period.

**About this Program**
- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

**Department Information**

Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

301 PUGH HALL
The B.A. in Foreign Languages and Literatures (FLL) provides students with a comprehensive knowledge of a specific language (or languages) and advanced familiarity with the cultural practices and traditions associated with the language(s) of specialization. The major in FLL enhances critical thinking and communication skills and provides students with a cross-cultural understanding of our contemporary world. The program allows students the flexibility to explore a single or dual language specialization as well as the opportunity to study culture through interdisciplinary fields of critical concentration, such as Comparative Cultural Studies, Film and Visual Culture, Intensive Area Studies, Literary Studies, and Medieval and Early Modern Studies. A major in FLL offers an excellent basis for a variety of careers, including graduate study in an area of foreign language and culture and/or in the humanities and social sciences, as well as careers in education, international development, diplomacy and government, national security, communications, law, journalism, arts and culture, publishing, and global business. Participation in UF study-abroad programs or a UF approved program is highly encouraged.

The Italian specialization of the Foreign Languages and Literatures major offers a basis for a broad variety of careers including arts and culture, fashion, business, international law, education, diplomacy, international relations, and journalism. The program also constitutes a strong foundation for graduate work in Italian Studies or related fields, allowing students to develop strengths in fields such as film studies, medieval studies, Mafia studies, Modernism, detective fiction, theater studies, Dante studies, and Animal Studies. Participation in UF study-abroad programs or a UF approved program is highly encouraged.

### Coursework for the Major

The Italian specialization in Foreign Languages and Literatures consists of preparatory language study at the lower division (1000 and 2000 level), and 33 hours of advanced language, theory, and culture study in the upper division (3000 level and above).

*All coursework for the major must be completed with minimum grades of C.*

**Critical Concentration**

Although courses may appear in more than one group, they may be counted toward only one group

Select 9 credits from one area:

- Intensive Area Studies: Italian Studies (Recommended for those planning to pursue careers requiring advanced level skills in Italian or graduate work in Italian studies)
- Comparative Cultural Studies
- Film and Visual Culture
- Literary Studies
- Medieval and Early Modern Studies

**Total Credits** 33

---

**Overseas Study**

Students specializing in Italian are encouraged to participate in a study abroad for a summer or an entire semester. Students regularly participate in UF Programs in Rome or UF-approved study-abroad programs in other Italian cities or regions. Refer to UF International Center information and contact a department advisor for study abroad recommendations.

More Info (https://internationalcenter.ufl.edu/)

---

**Placement**

In all languages, students with either a native background in the language or prior study in that language might be eligible to place out of the preparatory language courses and should meet with the undergraduate coordinator to arrange for placement assessment.

---

**Research**

Students with an upper-division GPA of 3.5 are encouraged to write a thesis for high or highest honors at graduation.
Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
- 2.0 UF GPA required

Semester 2
- 2.0 UF GPA required

Semester 3
- Complete ITA 1130 or higher-level Italian Language course with a minimum grade of C
- 2.0 UF GPA required

Semester 4
- Complete ITA 1131 or higher-level Italian Language course with a minimum grade of C and a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 5
- Complete ITA 2220 or a higher-level Italian Language course with a minimum grade of C and a 2.5 critical-tracking GPA
- 2.0 UF GPA required

SEMESTER 6
- Complete ITA 2221
- Complete 1 Critical Concentration course
- 2.0 UF GPA required

SEMESTER 7
- Complete ITA 3420
- Complete 2 ITA/ITW 3xx/4xx advanced electives
- Complete 2 Critical Concentration courses
- 2.0 UF GPA required

SEMESTER 8
- Complete ITA 3243
- Complete all remaining FLL-Italian 3xx/4xx advanced electives
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). 3000 level or above critical concentration courses outside of Italian may count toward the 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

¹ One General Education option taken this term must be a Quest 2 course.

² Natural science laboratory: A one-credit science lab with a minimum grade of C is required. Students can elect a laboratory course that is approved for the General Education Physical or Biological Sciences requirement or any psychology laboratory. (Most laboratory courses cannot be taken without prerequisite or corequisite courses.)

### Academic Learning Compact

The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).
Before Graduating Students Must
• Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
• Complete requirements for the baccalaureate degree, as determined by faculty.
• Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

Critical Thinking
2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.

Communication
3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

¹ Courses focus on the acquisition of the language(s) of specialization at the advanced level.
² Courses address literary, cultural, cinematic, historical, and/or social questions.

Assessment Types
• Proficiency exams
• Term papers or final projects
• Oral presentations

Italian Studies Minor
An Italian Studies minor complements any major in any discipline, and with a focus on Italian language, literature, culture, and civilization, can also become the basis for graduate studies in Italian.

About this Program
• College: Liberal Arts and Sciences (p. 1008)
• Credits: 19 | Completed with minimum grades of C and no optional S-U
• Contact: Email (dambers@ufl.edu)

Department Information
Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

The B.A. in Foreign Languages and Literatures (FLL) provides students with a comprehensive knowledge of a specific language (or languages) and advanced familiarity with the cultural practices and traditions associated with the language(s) of specialization. The major in FLL enhances critical thinking and communication skills and provides students with a cross-cultural understanding of our contemporary world. The program allows students the flexibility to explore a single or dual language specialization as well as the opportunity to study culture through interdisciplinary fields of critical concentration, such as Comparative Cultural Studies, Film and Visual Culture, Intensive Area Studies, Literary Studies, and Medieval and Early Modern Studies. A major in FLL offers an excellent basis for a variety of careers, including graduate study in an area of foreign language and culture and/or in the humanities and social sciences, as well as careers in education, international development, diplomacy and government, national security, communications, law, journalism, arts and culture, publishing, and global business. Participation in UF study-abroad programs or a UF approved program is highly encouraged.

The Japanese specialization of the Foreign Languages and Literatures major provides a foundation for graduate-level work in East Asian studies or allied fields (anthropology, art history, history, linguistics, political science, and religion). The specialization is excellent general preparation for entry to professional schools (business, journalism, law, and medicine) or careers in foreign service, commerce, diplomacy, translation, business, import and export of information and culture, museums, libraries, and tourism.

Coursework for the Major

The Japanese specialization in Foreign Languages and Literatures consists of preparatory language study at the lower division (1000 and 2000 level), and 33 hours of advanced language, theory, and culture study in the upper division (3000 level and above).

All coursework for the major must be completed with minimum grades of C.

Critical Concentration

Although courses may appear in more than one group they may be counted toward only one group

Select 9 credits from one area:

| Intensive Area Studies: Japanese (Recommended for those planning to pursue careers requiring advanced level skills in Japanese or graduate work in Japanese studies) | 9       |
| Contemporary Cultural Studies                                                                                   |         |
| Film and Visual Culture                                                                                         |         |
| Literary Studies                                                                                                 |         |
| Medieval and Early Modern Studies                                                                                 |         |

Total Credits                                      33

All languages offered through this department may fulfill college language requirements. Students pursuing the Japanese specialization in Foreign Languages and Literatures are not allowed to minor in Asian studies (either option 1 or 2).

Transfer Students Interested in Majoring in Japanese

If a student's current institution does not offer Japanese and the student has no previous knowledge of Japanese, it's recommended that they take the following Summer Intensive Beginning Japanese program:

Summer A: JPN 1130. A minimum grade C is required to advance to the next level course.
Overseas Study

Two year-long study abroad programs are available in Japan. The Asian Studies Program at Kansai Gaidai University in Osaka, Japan is specifically designed for international students for an academic year program of study abroad. The program offers courses in Japanese language (all levels) and area studies focusing on Japan and its international role. Another academic year study abroad program at Aoyama Gakuin, Tokyo, offers students the challenge of taking courses in the target language, thus it is limited to those who have completed three years of language study at UF, or the equivalent. These two programs also offer the option of one semester of study abroad.

There is a one or two semester study abroad program at Shimane University in Matsue, Japan. This program focuses on Japanese language, culture, history, and environment, and is limited to students who have completed three years of language study at UF, or the equivalent. There is a one or two semester study abroad program at Nagoya University in Nagoya. This program is open to students with no previous study of Japanese language and is ideal for students from a variety of majors including the STEM majors as it offers a broad-based English-language curriculum in international studies, biological and physical sciences, and engineering, in addition to courses in Japan studies. There is a one or two semester study abroad program at Kyoto University. This program is open to all majors.

A maximum of 15 credits non-UF overseas study credit may apply to the major. Students must have all overseas study credit that will transfer to the major approved by their major advisor. JPT 3500 must be taken at UF. No substitution is allowed for JPT 3500.

Placement

Students with previous training in Japanese, as well as those with heritage background in these languages, should consult the undergraduate coordinator or the language coordinator of the Japanese specialization before enrolling in any JPN or JPW course. Placement tests are given at the start of each semester; refer to the Department of Languages, Literatures and Cultures for location and times.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• 2.0 UF GPA required

Semester 2
• 2.0 UF GPA required

Semester 3
• Complete JPN 1130 or higher level language course with a minimum grade of C
• 2.0 UF GPA required

Semester 4
• Complete JPN 1131 or higher level with a minimum grade of C and 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete JPN 2230 or higher level language course with a minimum grade of C and 2.5 critical-tracking GPA
• 2.0 UF GPA required

SEMESTER 6
• Complete JPN 2231 or higher level language course with a minimum grade of C
• 2.0 UF GPA required
SEMMER 7
• Complete JPN 3410 or higher course with a minimum grade of C
• Complete JPT 3500 with a minimum grade of C
• 2.0 UF GPA required

SEMMER 8
• Complete JPN 3411 or higher course with a minimum grade of C
• 2.0 UF GPA required

Model Semester Plan

Actual courses may be different depending on language preparation and availability of courses. In particular, beginning language is best started semester 1 and no later than semester 3, but study abroad or accredited intensive summer courses can be used to catch up.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). Several courses in this major count for GE-H and N or GE-S and N requirements. 3000 level or above critical concentration courses outside of Japanese may count toward the 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).

Before Graduating Students Must

- Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
- Complete requirements for the baccalaureate degree, as determined by faculty.
- Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content

1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

Critical Thinking

2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.
Communication
3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

</table>

$^1$ Courses focus on the acquisition of the language(s) of specialization at the advanced level.
$^2$ Courses address literary, cultural, cinematic, historical, and/or social questions.

Assessment Types
- Proficiency exams
- Term papers or final projects
- Oral presentations

Jewish Studies
The Center for Jewish Studies fosters the academic study of Jewish cultures, languages, history, society, and religion for all students at the University of Florida. Students will develop as critical thinkers, aware of the diversity and complexity of the field. The center promotes a broad and interdisciplinary approach including the arts, social sciences, and textuality. The curriculum emphasizes historical transformations and comparative frameworks among various Jewish communities and with other groups and religions. Courses draw upon a variety of theoretical approaches to the study of class, ethnicity, gender, race, and sexuality with methodologies that are both textual and performance oriented.

About this Program
- College: Liberal Arts and Sciences (p. 1008)
- Degree: Bachelor of Arts
- Credits for Degree: 120
- Contact: Email (pjsohn@ufl.edu)
- More Info

To graduate with this major, students must complete all university, college, and major requirements.

Center Information
The Center for Jewish Studies promotes academic study of Jewish culture, history, and politics for all students at the University of Florida. The Center’s curriculum encourages critical thinking, textual analysis, research, oral argumentation, and writing. The Center has scholarship opportunities for undergraduate and graduate students, as well as study abroad opportunities.

Related Programs

- Hebrew
- Hebrew Minor

The Center for Jewish Studies fosters the academic study of Jewish cultures, languages, history, society, and religion for all students at the University of Florida. Students are expected to develop as critical thinkers, aware of the diversity and complexity of the field. The center promotes a broad and interdisciplinary approach including the arts, social sciences, and textuality. The curriculum emphasizes historical transformations and comparative frameworks among various Jewish communities and with other groups and religions. Courses draw upon a variety of theoretical approaches to the study of class, ethnicity, gender, race, and sexuality with methodologies that are both textual and performance oriented.

Coursework for the Major

The major requires a minimum of 27 credits in Jewish studies and related courses with minimum grades of C. One year of Hebrew or another language with significant Jewish culture production is generally required but the language requirement can be waived under certain circumstances. A minimum of 15 credits for the major must be taken at the University of Florida.

Required Coursework

- Introduction to Judaism or another introductory survey course in Jewish studies (3 credits)
- Minimum 21 credits at the 3000 level or above
- Students must work with the Center’s undergraduate advisor to design a curriculum that will give a sampling of the Jewish experience across time and across disciplines. Majors must complete a comprehensive research project in an upper division course as a capstone experience in their final year.

Special topics courses in other departments may be counted toward the major provided they include substantial coverage of material relevant to Jewish studies. Individual work (JST 4905), which also fulfills requirements for the major, is also available for independent study and special projects. No more than six credits of independent study (JST 4905) will be counted toward the minimum. Normally, no more than 12 credits of the minimum may be transfer credit; however, all transfer credits in JST-related courses from UF-approved programs abroad will apply toward the major.

Honors

Honors in Jewish studies can be earned by students who have at least a 3.5 GPA in their upper-division work and a 3.5 GPA in the major. Students who seek honors are required to complete an honors project, with a grade of A or B, under the guidance of a Jewish studies faculty member. In their senior year, honors students should register for JST 4970, a 2-3 credit course.

Internship in Jewish Communal Services

Students can gain practical experience as an undergraduate through the internship option of JST 4940. The goal of this program is both to expose the student to the opportunities for service in the world of organized Jewry and to provide a means for students to understand how Jewish values are propagated in organized settings. Students earn credit for volunteer work and training in applied settings such as Jewish family and social services agencies, community centers, federations, educational institutions, museums, newspapers, denominational organizations, public affairs groups, synagogues, Hillel or equivalent institutions. To qualify for JST credit, the organization must have an explicit public tie to Judaism and be approved for internship credit by the Center for Jewish Studies.

Overseas Study

The Center for Jewish Studies provides counsel regarding study abroad at the Hebrew University of Jerusalem, Tel Aviv University, Haifa University, and Ben-Gurion University of the Negev. The overseas programs at these Israeli universities offer summer, one semester and full-year courses of study. Information is available in 201 Walker Hall and at the UF International Center, 170 Hub.

Scholarships are available. Travel restriction updates are available on the department website.

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1

- 2.0 UF GPA required
 Semester 2
 • 2.0 UF GPA required

 Semester 3
 • Complete HBR 1130
 • 2.0 UF GPA required

 Semester 4
 • Complete HBR 1131 and one Jewish studies course with a 2.5 critical-tracking GPA
 • 2.0 UF GPA required

 Semester 5
 • Complete all critical-tracking courses with a 2.5 GPA required for all critical-tracking courses
 • 2.0 UF GPA required

 Semester 6
 • Complete 2 of the remaining Jewish Studies courses
 • 2.0 UF GPA required

 Semester 7
 • Complete 2 of the remaining Jewish Studies courses
 • 2.0 UF GPA required

 Semester 8
 • Complete all remaining Jewish Studies major requirements
 • 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

| **Total Credits** | **120** |

¹ One general education option taken this term must be a Quest 2 course.

---

**Academic Learning Compact**

This major familiarizes students with the aspects of Jewish history, religion, languages and cultures. Emphasis is placed on basic language acquisition, analysis and critical evaluation of texts and contexts, integration of cultural data with disciplinary concerns outside of Jewish studies and comparative frameworks among different Jewish groups and with co-territorial non-Jews.

**Before Graduating Students Must**
- Satisfactory evaluation of paper written for the CJS capstone course, graded according to department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**
1. Demonstrate knowledge of and competence in the Jewish experience, including minority and diasporic communities within a comparative framework.
2. Demonstrate knowledge of transformations of Jewish communities over time and space.

**Critical Thinking**
3. Understand the significance of language in assessing Jewish culture(s).
4. Evaluate and apply effectively the significance, quality and veracity of information (both primary and secondary) in the literature.

**Communication**
5. Articulate research results clearly and effectively in an accepted style of presentation.

Courses are taken multiple times with changes in topic.

Assessment Types

- Direct assessment of essays and final tests (by track: Holocaust studies, Israel studies, general studies)

Jewish Studies Minor

The Center for Jewish Studies offers a minor with similar parameters to the major though with fewer credit requirements. Students are also encouraged to pursue one of two existing certificate programs that dovetail with disciplinary interests beyond Jewish Studies.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 25 | Completed with minimum grades of C
- **Contact:** Email (center@jst.ufl.edu) | 201 Walker Hall (http://campusmap.ufl.edu/?loc=0003) | 352.392.9247
- **More Info**

Center Information

The Center for Jewish Studies promotes academic study of Jewish culture, history, and politics for all students at the University of Florida. The Center’s curriculum encourages critical thinking, textual analysis, research, oral argumentation, and writing. The Center has scholarship opportunities for undergraduate and graduate students, as well as study abroad opportunities.

Latin American Studies Certificate

The Center for Latin American Studies, in cooperation with the colleges of Liberal Arts and Sciences, Agricultural and Life Sciences, Business, Design, Construction and Planning, Education, Fine Arts, and Journalism and Communications, offers a certificate in Latin American Studies for undergraduate students. Through special arrangements, students in other colleges also may obtain the certificate.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 21 | Completed with minimum grades of C
- **Contact**: Email (tmurtha@ufl.edu) | 318 Grinter Hall (http://campusmap.ufl.edu/?loc=0002) | 352.273.4715

Map (http://campusmap.ufl.edu/#/index/0002)
Curriculum

- Combination Degrees
- Latin American Studies Certificate
- Latin American Studies Minor
- Latin American Studies | IDS

The program is designed to supplement a major with broad cultural and language training appropriate for graduate work or a Latin America-related career in business, government or teaching. In general, it is for students who plan to live in Latin America, work with Latin Americans, or interpret Latin American culture to others.

The certificate program is open to all undergraduates. Students may earn either the Latin American Studies certificate or minor but not both.

Required Courses

21 credits with Latin American content, distributed as follows:

- Three credits of LAS 4935, the undergraduate seminar in Latin American studies. Students may repeat LAS 4935 for an additional six credits if the topics vary.
- Six credits of courses outside the student's major with 100% Latin American content (designated by a C in the LAS course guide).
  More Info (http://www.latam.ufl.edu/academics/courses/)
- Twelve credits of additional courses with Latin American content, including courses in the student's major; at least three credits must be core courses (with 100% Latin American content, designated by a C in the LAS course guide); up to nine credits may be electives with at least 25% Latin American content (designated by an E in the LAS course guide).
- Only courses at 2000 level or above will count toward the certificate. Advanced Placement credits do not count. Overseas study credits can count as core or elective courses pending review of the undergraduate advisor at the Center for Latin American Studies.

In addition, the student must demonstrate high-intermediate proficiency in a Latin American language through coursework (Spanish, SPN 2240; Portuguese, POR 3242; Haitian Creole, HAI 2200) or examination (Advanced Placement scores of 4-5 plus approval or an SAT 2 score of 700). Language courses at the 3000 level can count as core courses.

Students with prior knowledge of a Latin American or Caribbean language must demonstrate proficiency through a written placement test (SAT 2 test for Spanish) or oral examination for speakers of Portuguese or Haitian Creole. Courses in a second Latin American language at or above the 3000 level may count toward the certificate if these courses are not used to meet the language requirement.

Latin American Studies Minor

The Latin American Studies minor is an excellent option for those who wish to concentrate their work in a specific discipline yet maintain a Latin American focus in their coursework. Students can take courses with Latin American content in the fields of anthropology, economics, politics, geography, history, mass communication, music, women's studies, and more. Students who pursue the minor will enhance their career prospects through their knowledge of Latin American languages and cultures.

About this Program

High-Intermediate Language Proficiency

Select one:

- SPN 2240 Intensive Communication Skills
- POR 3242 Oral and Written Practice
- HAI 2200 Intermediate Haitian Creole

Language courses in Spanish, Portuguese or Haitian Creole (3000 level)

Proficiency through written or oral examination

Total Credits 15

1 LAS 6938 may be substituted with the approvals of the instructor and undergraduate coordinator.

2 A student may take LAS 4935 up to three times if the subject matter varies. The first Seminar will count toward the Seminar requirement, the second and third may count toward the Approved courses with 100% Latin American or Caribbean content.

3 As listed in the Latin American Studies course guide (http://www.latam.ufl.edu/academics/courses/).

4 Language courses above the 3000 level can count toward the minor if they are not used to meet the language requirement.

5 Students with prior knowledge of a Latin American or Caribbean language must demonstrate proficiency through a written placement test (SAT II for Spanish) or oral examination for speakers of Portuguese or Haitian Créole.

Candidates for the minor are encouraged to spend a summer, a semester or an academic year studying in a Latin American country. UF sponsors study abroad programs in Argentina, Brazil, Costa Rica, Chile, Dominican Republic, Guatemala, Mexico, Panama, and Peru. For more information, contact Study Abroad Services in the UF International Center.

Legal History Certificate

The Legal History certificate considers how law works around the world by studying legal histories outside of the U.S. This historical exploration introduces the ways in which law influences society and the ways in which society influences law.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 9 | Completed with minimum grades of C
- **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

Undergraduate students in the Department of History have a number of ways of enhancing their experience: from completing a senior thesis in conjunction with our Honors Program (https://history.ufl.edu/undergraduate-studies/undergraduate-honors-program/), or by participating in a study abroad program. (https://history.ufl.edu/undergraduate-studies/study-abroad-and-language-training/) The graduate program is home to a number of fields: African History, European History, Latin American History, and United States History.
Curriculum

- Combination Degrees
- History
- History Minor
- Legal History Certificate

The certificate is open to non-majors while majors may obtain a specialization in legal history. Students minoring in history are eligible for the certificate so long as none of their certificate courses are counted towards their minor.

In addition to these courses, the undergraduate coordinator may authorize substitute courses.

1 Course not previously taken.

Linguistics

Language is a form of communication shared by all humans across the globe. Linguistics is the scientific study of language in all its forms. It is a set of disciplines that investigates the structure, meaning, and use of human languages using a range of approaches.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Linguistics Department offers the PhD, MA (both thesis and non-thesis), BA, and two undergraduate minors (the Linguistics minor and the TESL minor). A TESL certificate is offered at the undergraduate level, and a SLAT (Second Language Acquisition and Teaching) certificate at the graduate level. We currently have almost 30 faculty (combining budgeted and affiliated personnel), well over 100 undergraduate majors, and approximately 40 graduate students.

Website (https://lin.ufl.edu/)
Linguists study one of the central aspects of being human: the ability to communicate through language. Language shapes and is used in our societies in fundamental and profound ways. Linguists systematically examine a range of questions that help build scientific knowledge and address practical matters in our societies relating to language. How linguists study human language is varied, from multiple theoretical perspectives to diverse research methods. While the traditional core includes investigating the sounds, structure, and semantics of human languages, linguistics also investigates how people acquire language and use language in context, how languages are processed in the brain, how languages can be documented and revitalized, and how computers can be trained to understand and use language. The diversity of the field of linguistics is appealing due to the ability to study deeply within one area or broadly across several.

Coursework for the Major

Students must earn minimum grades of C within two attempts in a minimum of 33 credits.

**Required Coursework**

Foreign Language Courses

A two-semester sequence of a non-Romance/non-Germanic language.¹

¹ Students must complete two consecutive semesters of the same language for the courses to count towards the major. Appropriate languages include: Akan, American Sign Language, Amharic, Arabic, Czech, Chinese, Greek, Hebrew, Hindi, Hungarian, Japanese, Korean, Lingala, Polish, Russian, Swahili, Turkish, Vietnamese, Wolof, Xhosa, and Yoruba.

Combination Degree Program

Linguistics offers a combination-degree program that allows students to obtain a B.A. and an M.A. in five years.

Students enroll in four graduate courses in their senior year that count toward both the B.A. and M.A. degrees:

<table>
<thead>
<tr>

<td>Morphology 1</td>
<td>3</td>
</tr>
<tr>
<td>LIN 6501</td>
<td>Syntax 1</td>
<td>3</td>
</tr>
</tbody>
</table>

Students need to apply by February 15 of the spring semester of their junior year.

Course Details

Linguistics offers a variety of courses and students are free to pick any combination. Suggested specializations within the major include:

• Theoretical linguistics, covering the theory of sounds (phonology), word structure (morphology), sentences (syntax), and meaning (semantics):

<table>

•
Overseas Studies
Some study abroad programs that offer linguistics courses are the University of Mannheim (Germany), University of Haifa (Israel), University of Madrid (Spain), and the University of Utrecht (The Netherlands). For more information and programs, contact the linguistics undergraduate advisor.

Relevant Minors and/or Certificates
Linguistics students may want to consider a minor (p. 1599) or certificate (p. 1598) in Teaching English as a Second Language.
More Info (http://lin.ufl.edu/undergraduate/minor/)

Research
Students are encouraged to engage in individual study with a faculty member or to volunteer in a laboratory.
More Info (http://lin.ufl.edu/undergraduate/major/)

Critical Tracking
Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• 2.0 UF GPA required

Semester 2
• 2.0 UF GPA required

Semester 3
• Complete 1 foreign language or linguistics course (LIN 3010 recommended) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 4
• Complete 1 additional foreign language or linguistics course with a 2.75 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete LIN 3010 and maintain a 2.75 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete LIN 3201 or LIN 3460
• Complete at least 3 of the remaining LIN 3000/4000 required courses
• 2.0 UF GPA required

Semester 7
• Complete one of the following: LIN 3201 or LIN 3460
• Complete at least 3 LIN department electives or approved linguistics-related electives
• 2.0 UF GPA required

Semester 8
• Complete all remaining LIN department electives and approved linguistics-related electives
• 2.0 UF GPA required
# Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

3000 level or above approved Language Related Courses may apply towards the 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

1 One General Education option taken this term must be a Quest 2 course.

Academic Learning Compact

The Bachelor of Arts in linguistics provides students with the ability to analyze language structure and use on multiple levels and to apply knowledge, concepts and skills developed from previous research. The major emphasizes students’ ability to analyze patterns in language in terms of the sound system (phonetics and phonology) and word and sentence structure (morphology and syntax), to present and justify these analyses and to apply linguistic knowledge and analytical skills to the study of language use, learning, teaching, processing and change.

Before Graduating Students Must

- Achieve a minimum grade of C on the critical assignment from LIN 3201, graded according to department rubric.
- Achieve a minimum grade of C on critical assignments from LIN 3460, graded according to department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, describe and explain the concepts related to phonetics and phonology (sounds and sound systems).
2. Examine and explain the concepts related to morphology and syntax (word and sentence structures).

Critical Thinking
3. Analyze linguistic data by applying concepts and knowledge from phonetics and phonology.
4. Analyze linguistic data by applying concepts and knowledge from morphology and syntax.

Communication
5. Articulate research results clearly and effectively in an accepted style of presentation.

Linguistics Minor

Language is a means of communication and a unique property of the human mind. Linguistics is the scientific study of language: a set of disciplines that investigates the structure, meaning, and use of language using descriptive, theoretical, computational, and experimental approaches.

About this Program

- College: Liberal Arts and Sciences (p. 1008)
- Credits: 15 | Completed with minimum grades of C
**Department Information**

The Linguistics Department offers the PhD, MA (both thesis and non-thesis), BA, and two undergraduate minors (the Linguistics minor and the TESL minor). A TESL certificate is offered at the undergraduate level, and a SLAT (Second Language Acquisition and Teaching) certificate at the graduate level. We currently have almost 30 faculty (combining budgeted and affiliated personnel), well over 100 undergraduate majors, and approximately 40 graduate students.

**Curriculum**

- Combination Degrees
- Linguistics
- Linguistics Minor
- Teaching English as a Second Language Certificate
- Teaching English as a Second Language Minor

*To be eligible for this minor, students must have a minimum 2.75 overall GPA.*

Of the total credits, no more than three may be individual work. Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

**Marine Sciences | CLAS**

Oceans are an important facet of our global environment: covering more than 70 percent of the Earth’s surface, oceans provide us with food, transport, and resources and they play a significant role in controlling climate. However, the world’s oceans remain largely unexplored below the surface, making them one of the last great frontiers for scientific discovery. Marine environments are inherently dynamic and governed by a broad suite of interactive biological, chemical, and physical processes.

**About this Program**

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120

*To graduate with this major, students must complete all university, college, and major requirements.*

**Related Programs**

- Fisheries and Aquatic Sciences Minor

The university promotes an integrated approach to marine science education and research to prepare students for rewarding academic and professional careers. This major, offered cooperatively with the College of Agricultural and Life Sciences, lets students tailor a curriculum that suits their interests and career goals.
The curriculum provides the core scientific and quantitative skills necessary for success. Lower-division courses build a strong foundation in basic sciences and math while upper-division courses provide opportunity for specialization. Students in the College of Liberal Arts and Sciences (CLAS) complete an upper-division core that integrates the physical and biological sciences, mathematics, and engineering. They work closely with a faculty advisor to create an individualized curriculum of at least 12 credits of approved electives; this plan must be approved by the program’s undergraduate coordinator before the student has earned 70 credits.

**Coursework for the Major**

The major requires 63-67 credits of coursework completed with minimum grades of C. At least 30 credits of coursework in the major must be completed at UF.

**Critical Tracking**

Critical Tracking records each student’s progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

For the purposes of critical-tracking, associated lecture and lab courses are considered one critical-tracking course (e.g., BSC 2010/BSC 2010L = 1 critical-tracking course).

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.
Semester 1
• Complete OCE 1001 and 1 critical-tracking course from BSC 2010/BSC 2010L, BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, MAC 2311, PHY 2053/PHY 2053L (or PHY 2048/PHY 2048L), PHY 2054/PHY 2054L (or PHY 2049/PHY 2049L)
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

Semester 2
• Complete 2 additional critical-tracking courses
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

Semester 3
• Complete 1 additional critical-tracking course
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

Semester 4
• Complete 2 additional critical-tracking courses
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

Semester 5
• Complete all 8 critical-tracking courses
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

Semester 6
• Complete FAS 4270 or PCB 4460
• 2.0 UF GPA required

Semester 7
• Complete General Education course
• 2.0 UF GPA required

Semester 8
• Complete all remaining General Education requirements
• 2.0 UF GPA required

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Academic Learning Compact

This major provides integrative understanding of the basic concepts, theories and observational findings related to marine materials and processes, geologic time, the diversity of marine life, the structure and function of marine organisms and ecosystems and marine resource management.

The marine sciences major is administered jointly by the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and utilizes faculty, courses and resources of the Fisheries and Aquatic Sciences Program (CALS), the Department of Geological Sciences (CLAS), the Department of Biology (CLAS), and the Department of Civil and Coastal Engineering (Herbert Wertheim College of Engineering).

Before Graduating Students Must

• Achieve a passing score on the subject test. The content of the examination has been reviewed and approved by the Marine Sciences Committee.
• Achieve a passing score on the analytical skills test. The content of the examination has been reviewed and approved by the Marine Sciences Committee.
• Achieve a passing score on the bioethics quiz. The content of the examination has been reviewed and approved by the Marine Sciences Committee.
• Achieve a passing score on the scientific literacy paper. This paper is assessed using a rubric that has been reviewed and approved by the Marine Sciences Committee.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Demonstrate competence in the basic terminology, concepts, methodologies and theories used within the marine sciences.

Critical Thinking
2. Analyze information in the marine sciences and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

Communication
4. Communicate knowledge, ideas, and reasoning clearly, effectively, and objectively in written or oral forms appropriate to the marine sciences.

Mathematics

Studying Mathematics develops such skills as critical thinking, oral and written communication, arguing logically and rigorously, thinking abstractly, formulating and solving problems, analyzing data, analyzing mathematical models, quantitative and computer proficiency, and the ability to work in
Employers value these skills; consequently, Mathematics majors find themselves in demand by employers for careers in a wide spectrum of fields.

**About this Program**

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degrees:** Bachelor of Arts (p. 1434) | Bachelor of Science (p. 1439)
- **Credits for Degree:** 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

**Department Information**

Graduates from the Department of Mathematics might take a job that uses their math major in an area like statistics, biomathematics, operations research, actuarial science, mathematical modeling, cryptography, or mathematics education. Or they might continue into graduate school leading to a research career. Professional schools in business, law, and medicine appreciate mathematics majors because of the analytical and problem solving skills developed in the math courses.

**Curriculum**

- Combination Degrees
- Mathematics
- Mathematics Minor

**Degrees**

The Department of Mathematics offers two undergraduate degree programs in mathematics:

**Bachelor of Arts**

Intended for students who wish to pursue a career in a mathematical field or to teach mathematics at the secondary-school level, but who do not currently contemplate graduate study in mathematics.

**Bachelor of Science**

Intended for students who wish to pursue graduate study in mathematics as well as for other strong students with a deep interest in mathematics.

**Coursework for the Major**

Students are required to take eight core courses, providing a broad base in mathematics, and four electives chosen from a list of approved courses. Students pursuing the B.A. degree have greater flexibility in their choice of electives, facilitating the possibility of a double-major with another scientific discipline.

A minimum of 39 credits of mathematics and mathematics-approved electives is required for each degree. All coursework for the major must be completed with minimum grades of C.

**Relevant Minors and/or Certificates**

Mathematics majors are encouraged to consider taking a minor in computer science, industrial and systems engineering, physics, or statistics. The Department of Statistics offers a minor in actuarial science. In addition, the UFTeach program offers a minor in mathematics teaching.

**UFTeach Program**

There is a severe shortage of qualified high school mathematics teachers in Florida and nationwide. Students interested in entering this high-demand profession should see a departmental advisor about the UFTeach program. Mathematics majors in this program complete the requirements for the UFTeach minor in mathematics, as well as those for the B.A. or B.S. in mathematics. These students graduate with all the coursework and preparation the State of Florida requires for professional certification as a high school mathematics teacher.

More Info ([http://education.ufl.edu/uf-teach/](http://education.ufl.edu/uf-teach/))
Research
Research and scholarly opportunities are described on the mathematics website under Opportunities for Undergraduates. More Info (http://www.math.ufl.edu/mathematics-major/opportunities-for-undergraduates/)

Combination Degree Programs
Mathematics majors who complete the requirements for major by the end of the junior year are eligible for the combination-degree program. Students in this program take the graduate sequences MAA 5228 and MAA 5229 and MAS 5311 and MAS 5312 in their senior year. These 12 credits, which apply toward the undergraduate degree, will then also apply toward a master's degree in mathematics if the student is admitted to the graduate program. The student should successfully complete this degree with one full-time year of graduate school following receipt of a bachelor's degree. More Info (https://math.ufl.edu/mathematics-major/combined-degree/)

Academic Learning Compact
The major in mathematics enables students to develop proficiency in calculus, differential equations, advanced calculus, linear algebra and abstract algebra, and expose them to several other mathematical areas beyond these core fields. Students will learn to read and to construct mathematical proofs, to reason in abstract mathematical systems and to use mathematical models. Students will also acquire the ability to read new mathematics and to formulate mathematical models and arguments.

Before Graduating Students Must
• Be evaluated on your responses to certain examination questions in upper-division courses that are required for your degree.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)
Content
   Bachelor of Science: Explain conceptual and computational competency in core mathematics: calculus, differential equations, advanced calculus, linear algebra and abstract algebra.

Critical Thinking
2. Identify correct mathematical arguments in abstract mathematical systems.
3. Develop and analyze mathematical models of scientific problems.

Communication
4. Develop and write correct mathematical arguments.

</tr>
</tbody>
</table>

Additional Required Coursework for B.A.

Select one sequence:

- MAA 4102 & MAA 4103: Introduction to Real Analysis 1 and Introduction to Real Analysis 2
- MAA 4211 & MAA 4103: Real Analysis and Advanced Calculus 1 and Introduction to Real Analysis 2
- MAA 4211 & MAA 4212: Real Analysis and Advanced Calculus 1 and Real Analysis and Advanced Calculus 2
- MAA 4211 & MAA 4402: Real Analysis and Advanced Calculus 1 and Functions of a Complex Variable

Select four electives, 12 credits minimum, from the approved electives; at least one must be a course offered by the Department of Mathematics at the 4000 level or above

Total Credits 39

1 If this option is selected, MAA 4402 or MAA 5404 cannot be used to satisfy the mathematics elective requirement.
2 Students must earn a minimum grade of B in MAS 4105 before taking MAA 4211.

The mathematics major is expected to take the following upper-division core courses at UF: Linear Algebra, Abstract Algebra, Introduction to Real Analysis 1 (or Real Analysis and Advanced Calculus 1), and Introduction to Real Analysis 2 (or Real Analysis and Advanced Calculus 2).

These courses are common to all math majors and most clearly define the experience of the mathematics major at UF.

Recommended Coursework for Both Degrees

All math majors are encouraged to meet the college distribution requirement in the physical sciences with the sequence PHY 2048/PHY 2049 or the sequence PHY 2060/PHY 2061. Math majors should also take no mathematics course at the 3000 level or below that is not on the lists of
core courses or approved electives, except with advisor approval. Students who want to pursue careers in applied mathematics are urged to take STA 4321/STA 4322 and learn a scientific programming language.

**Recommended Coursework for B.A.**

B.A. students can use their electives choices creatively. By choosing courses in statistics, computer science, physics, and industrial engineering from the list below, math B.A. majors can enhance their career prospects in applied math, data analysis, information technology and operations research.

Math majors who plan to teach secondary-school mathematics should investigate the UFTeach program (http://education.ufl.edu/uf-teach/) and they should include MTG 3212, MAA 4402 and STA 4321 among their electives.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**

- Complete MAC 2311
- 2.0 UF GPA required

**Semester 2**

- Complete MAC 2312
- 2.0 UF GPA required

**Semester 3**

- Complete MAC 2313
- 2.0 UF GPA required

**Semester 4**

- Complete MHF 3202 with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 5**

- Complete MAS 4105 with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 6**

- Complete at least 1 3000/4000 mathematics elective
- 2.0 UF GPA required

**Semester 7**

- Complete MAA 4102 or MAA 4211
- Complete at least 2 3000/4000 mathematics electives
- 2.0 UF GPA required

**Semester 8**

- Complete all remaining mathematics major requirements
- 2.0 UF GPA required

**Model Semester Plan**

The semester plans below are sample programs; they may be adjusted to reflect background and goals. Students should consult a department advisor in 358 Little Hall early to plan their programs.
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Academic Learning Compact

The major in mathematics enables students to develop proficiency in calculus, differential equations, advanced calculus, linear algebra and abstract algebra, and expose them to several other mathematical areas beyond these core fields. Students will learn to read and to construct mathematical proofs, to reason in abstract mathematical systems and to use mathematical models. Students will also acquire the ability to read new mathematics and to formulate mathematical models and arguments.

Before Graduating Students Must

- Be evaluated on your responses to certain examination questions in upper-division courses that are required for your degree.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content

   Bachelor of Science: Explain conceptual and computational competency in core mathematics: calculus, differential equations, advanced calculus, linear algebra and abstract algebra.

Critical Thinking

2. Identify correct mathematical arguments in abstract mathematical systems.
3. Develop and analyze mathematical models of scientific problems.

Communication

4. Develop and write correct mathematical arguments.

Bachelor of Science

Studying Mathematics develops such skills as critical thinking, oral and written communication, arguing logically and rigorously, thinking abstractly, formulating and solving problems, analyzing data, analyzing mathematical models, quantitative and computer proficiency, and the ability to work in groups. Employers value these skills; consequently, Mathematics majors find themselves in demand by employers for careers in a wide spectrum of fields.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degrees**: Bachelor of Arts (p. 1434) | Bachelor of Science (p. 1439)
- **Credits for Degree**: 120
- **More Info**
To graduate with this major, students must complete all university, college, and major requirements.

**Department Information**

Graduates from the Department of Mathematics might take a job that uses their math major in an area like statistics, biomathematics, operations research, actuarial science, mathematical modeling, cryptography, or mathematics education. Or they might continue into graduate school leading to a research career. Professional schools in business, law, and medicine appreciate mathematics majors because of the analytical and problem solving skills developed in the math courses.

358 LITTLE HALL
GAINESVILLE FL 32611
Map [http://campusmap.ufl.edu/#/index/0655](http://campusmap.ufl.edu/#/index/0655)

**Curriculum**

- Combination Degrees
- Mathematics
- Mathematics Minor

**Degrees**

The Department of Mathematics offers two undergraduate degree programs in mathematics:

**Bachelor of Arts**

Intended for students who wish to pursue a career in a mathematical field or to teach mathematics at the secondary-school level, but who do not currently contemplate graduate study in mathematics.

**Bachelor of Science**

Intended for students who wish to pursue graduate study in mathematics as well as for other strong students with a deep interest in mathematics.

**Coursework for the Major**

Students are required to take eight core courses, providing a broad base in mathematics, and four electives chosen from a list of approved courses. Students pursuing the B.A. degree have greater flexibility in their choice of electives, facilitating the possibility of a double-major with another scientific discipline.

A minimum of 39 credits of mathematics and mathematics-approved electives is required for each degree. All coursework for the major must be completed with minimum grades of C.

**Relevant Minors and/or Certificates**

Mathematics majors are encouraged to consider taking a minor in computer science, industrial and systems engineering, physics, or statistics. The Department of Statistics offers a minor in actuarial science. In addition, the UFTeach program offers a minor in mathematics teaching.

**UFTeach Program**

There is a severe shortage of qualified high school mathematics teachers in Florida and nationwide. Students interested in entering this high-demand profession should see a departmental advisor about the UFTeach program. Mathematics majors in this program complete the requirements for the UFTeach minor in mathematics, as well as those for the B.A. or B.S. in mathematics. These students graduate with all the coursework and preparation the State of Florida requires for professional certification as a high school mathematics teacher.

More Info [http://education.ufl.edu/uf-teach/](http://education.ufl.edu/uf-teach/)

**Research**

Research and scholarly opportunities are described on the mathematics website under Opportunities for Undergraduates.

**Combination Degree Programs**

Mathematics majors who complete the requirements for major by the end of the junior year are eligible for the combination-degree program. Students in this program take the graduate sequences MAA 5228 and MAA 5229 and MAS 5311 and MAS 5312 in their senior year. These 12 credits, which
apply toward the undergraduate degree, will then also apply toward a master's degree in mathematics if the student is admitted to the graduate program. The student should successfully complete this degree with one full-time year of graduate school following receipt of a bachelor's degree. More Info ([https://math.ufl.edu/mathematics-major/combined-degree/](https://math.ufl.edu/mathematics-major/combined-degree/))

## Bachelor of Science

The Bachelor of Science (B.S.) is intended for students who wish to pursue graduate study in mathematics as well as for other strong students with a deep interest in mathematics.

</table>

*Select four electives, 12 credits minimum, from the approved electives; at least three must be a course offered by the Department of Mathematics at the 4000 level or above*  

**Total Credits**  

63

1. If this option is selected, MAA 4402 or MAA 5404 cannot be used to satisfy the mathematics elective requirement.
2. Students must earn a minimum grade of B in MAS 4105 before taking MAA 4211.

The mathematics major is expected to take the following upper-division core courses at UF: Linear Algebra, Abstract Algebra, Real Analysis and Advanced Calculus 1 (or Introduction to Real Analysis 1), and Real Analysis and Advanced Calculus 2 (or Introduction to Real Analysis 2).

These courses are common to all math majors and most clearly define the experience of the mathematics major at UF.

### Recommended Coursework for Both Degrees

All math majors are encouraged to meet the college distribution requirement in the physical sciences with the sequence PHY 2048/PHY 2049 or the sequence PHY 2060/PHY 2061. Math majors should also take no mathematics course at the 3000 level or below that is not on the lists of core courses or approved electives, except with advisor approval. Students who want to pursue careers in applied mathematics are urged to take STA 4321/STA 4322 and learn a scientific programming language.

### Recommended Coursework for B.S.

Students who want to pursue graduate study in a Ph.D. program in mathematics should complete MAS 4301 and MAA 4211/MAA 4212 by the end of their junior year. They should include MAS 5311 and MAA 4226 among their electives, and they are encouraged to take more than four electives.

Graduate tuition fees will apply for MAS 5311.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.
Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

### Semester 1
- Complete MAC 2311
- 2.0 UF GPA required

### Semester 2
- Complete MAC 2312
- 2.0 UF GPA required

### Semester 3
- Complete MAC 2313
- 2.0 UF GPA required

### Semester 4
- Complete MHF 3202 with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 5
- Complete MAS 4105 with a 2.5 GPA required for all critical-tracking courses
- 2.0 UF GPA required

### Semester 6
- Complete at least 1 3000/4000 mathematics elective
- 2.0 UF GPA required

### Semester 7
- Complete MAA 4211, MAA 4102, or MAA 4226
- Complete at least 2 3000/4000 mathematics electives
- 2.0 UF GPA required

### Semester 8
- Complete all remaining mathematics major requirements
- 2.0 UF GPA required

---

**Model Semester Plan**

The semester plans below are sample programs; they may be adjusted to reflect background and goals. Students should consult a department advisor in 358 Little Hall early to plan their programs.

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

STA 4211 Design of Experiments
STA 4321 Introduction to Probability
STA 4322 Introduction to Statistics Theory
STA 4853 Introduction to Time Series and Forecasting

Academic Learning Compact

The major in mathematics enables students to develop proficiency in calculus, differential equations, advanced calculus, linear algebra and abstract algebra, and expose them to several other mathematical areas beyond these core fields. Students will learn to read and to construct mathematical proofs, to reason in abstract mathematical systems and to use mathematical models. Students will also acquire the ability to read new mathematics and to formulate mathematical models and arguments.

Before Graduating Students Must

• Be evaluated on your responses to certain examination questions in upper-division courses that are required for your degree.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
Bachelor of Science: Explain conceptual and computational competency in core mathematics: calculus, differential equations, advanced calculus, linear algebra and abstract algebra.

**Critical Thinking**
2. Identify correct mathematical arguments in abstract mathematical systems.
3. Develop and analyze mathematical models of scientific problems.

**Communication**
4. Develop and write correct mathematical arguments.

**Assessment Types**
- Exams

**Mathematics Minor**
The Mathematics minor complements and enhances a wide variety of undergraduate majors by providing students with significant mathematical skills and a perspective on the discipline. Students take foundational courses in calculus, differential equations, and linear algebra. For the remaining requirements, students choose courses from a wide array of mathematics electives that can complement any major or field of interest.

**About this Program**
- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 23-24 | Completed with minimum grades of C

**Department Information**
Graduates from the Department of Mathematics might take a job that uses their math major in an area like statistics, biomathematics, operations research, actuarial science, mathematical modeling, cryptography, or mathematics education. Or they might continue into graduate school leading to a research career. Professional schools in business, law, and medicine appreciate mathematics majors because of the analytical and problem solving skills developed in the math courses.

**Curriculum**
- Combination Degrees
- Mathematics
- Mathematics Minor
Open to students not majoring in mathematics.

The linear algebra course and three 4000-level electives must be taken from the UF Department of Mathematics; no substitutions from other institutions or departments are allowed.

A prerequisite for admission to the minor is prior completion of one of these 4000-level courses with a minimum grade of C+.

Of the total credits, no more than three may be individual work. Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

### Medical Anthropology Certificate

The Medical Anthropology certificate provides an intensive foundation in medical anthropology for undergraduate anthropology and non-anthropology majors. Courses emphasize the role that biology, culture, language, and prehistory play in human health, and the experience of healing across cultures.

**About this Program**

- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 12 | Completed with a 3.0 GPA average in all attempted courses
- **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

**Department Information**

Anthropology lies at the intersection of the multiple approaches to the study of humankind that characterize other disciplines – biological, social, cultural, historical, linguistic, cognitive, material, technological and aesthetic – because of its unique holistic perspective. These multiple approaches are encapsulated in the four traditional subfields that have composed the discipline since its establishment in the 19th century: cultural, archaeological, biological and linguistic anthropology.

Medical Geography Certificate

The world faces a pressing need for geographic theories, methods, and techniques to address global health issues. The Medical Geography certificate provides training in spatial disease ecology, global health, and essential geostatistical approaches to public health. Hands-on experiences of geospatial analysis are emphasized through lab-based applications.

Medieval and Early Modern Studies Minor

The Medieval and Early Modern Studies minor focuses on medieval and early modern European culture and its influences on the modern world. Students acquire historical perspectives that contribute to current discussions about ethnicity and nationality, colonialism, technologies and their effects, gender and sexuality, and the characteristics of historical and fictional narratives.
About this Program

• **College**: Liberal Arts and Sciences (p. 1008)
• **Credits**: 18 | Completed with minimum grades of C
• **Contact**: 253A Dauer Hall (http://campusmap.ufl.edu/?loc=0111)
• **More Info**

Related Programs

• Medieval and Early Modern Studies | IDS

Requirements

Of the required credits, at least six credits must be at the 3000 level and at least three credits must be at the 4000 level. An additional 3-credit requirement is completion of a 2000-level foreign language course.

Courses (http://mems.center.ufl.edu/mems-courses/)

Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Meteorology and Climatology Certificate

The Meteorology and Climatology certificate provides a working knowledge of atmospheric processes across spatial and temporal scales. This certificate is applicable to many disciplines in the physical sciences and enables students to supplement their majors with an understanding and awareness of the societal impacts of natural hazards and climate change.

About this Program

• **College**: Liberal Arts and Sciences (p. 1008)
• **Credits**: 12 | Completed with minimum grades of B- in each course
• **More Info** (http://geog.ufl.edu/programs/certificates/undergrad-cert/)
• **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

The Geography Department offers a range of topics in contemporary geography and geospatial science, rich and lively cultural and learning environments, BA and BS undergraduate degrees, MA, M.S., and PhD degrees, as well as the largest Medical Geography program in the United States.

**Total Credits**: 12

Non-native transfer credit may be approved by department for the introductory level, 3 credit requirement. Only UF or SUS-offered intermediate or elective courses can satisfy those requirements. The course that satisfies the advanced course requirement must be taken at UF.

---

### Microbiology and Cell Science | CLAS

The Bachelor of Science in Microbiology and Cell Science offers students flexibility in a curriculum that develops an excellent knowledge base and an understanding of concepts in microbiology, cell biology, and the biomolecular sciences. Emphasizes application of the scientific method to gain an understanding of the biological world at the cellular and molecular levels. Students learn to evaluate hypotheses, to interpret experimental data, and to communicate results effectively.

#### About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Science
- **Credits for Degree**: 120

*To graduate with this major, students must complete all university, college, and major requirements.*

#### Department Information

The Department of Microbiology & Cell Science is committed to excellence in education, research and service to the community. The curriculum provides an excellent preparation for students who wish to enter the workforce or continue their education in professional programs such as medical, dental, pharmacy, veterinary programs, graduate school, or public health degrees. BS degrees are offered through both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences and the MS and PhD degrees are offered through the College of Agricultural and Life Sciences. Combination degrees are available.
This major prepares students for entry into professional programs in medicine, dentistry, and veterinary medicine and provides a strong foundation for graduate studies in microbiology, cell biology, and related cellular and biomedical sciences. The major also provides a background for entry into government, industrial research, and diagnostic laboratories.

The curriculum develops fundamental knowledge of prokaryotic and eukaryotic cells and viruses. Courses include the physiology and genetics of microorganisms, mechanisms of pathogenesis and innate immunity systems, astrobiology, bacterial and genome sequencing and bioinformatics. More Info (https://microcell.ufl.edu/undergraduate-program/)

**Coursework for the Major**

All majors must complete 28 credits: 18 credits of core requirements, at least 6 credits of department electives, and 3 credits for the quantitative requirement. A minimum of one credit in an advanced laboratory is required in addition to the 6 department-elective credits. In addition, students must complete 35-38 hours of required foundation coursework.

Minimum grades of C within two attempts, including withdrawals, are required in all critical-tracking courses, major courses, department core requirements, department electives and the quantitative requirement. Second attempts must be completed the next semester of enrollment. A cumulative 2.0 GPA is also required.

**Required Foundation Coursework**

All majors must complete the biology and general chemistry sequences and calculus by the end of the sophomore year. Organic Chemistry, CHM 2210, must be completed by the end of tracking term five. To continue in the major, students must attain a cumulative GPA in these graded courses of no less than 2.5 and with no grade lower than a C.

Select one:

- BSC 2891 Python Programming for Biology
- MCB 4325C R for Functional Genomics

Total Credits 21

If students take both "or" classes, one will count as a core course and the other will roll over into the 10-credit department elective requirement.

Department Elective Requirement
A total of 6 credits of approved department electives, and additionally one credit in an advanced lab, are required. The list of approved department electives is available on the department website.

Programming or Biostatistics Requirement
A total of 3 credits of approved courses meets this requirement. Select from BSC 2891, MCB 4325C, or an equivalent biostatistics programming class. Several of these courses are also department electives and cannot be used to fulfill both the quantitative and the department elective requirements. No overlap is allowed. STA 2023 will not fulfill this requirement.

Course Details
MCB 4911 may be taken for a maximum of three credits per semester and six credits total. This policy also applies to microbiology and cell science majors registered for undergraduate research in other departments' undergraduate research courses, such as BCH 4905, BMS 4905, ZOO 4911, etc.

MCB 4934 is often used for TA positions as "Supervised Teaching." TA positions may be repeated for a total of two semesters.

Enrollment in MCB 4911, MCB 4905 and MCB 4934 (Supervised Teaching) will not fulfill any credits toward the microbiology major requirements; they will count only as general elective credit toward the 120 credits for the BS degree.

Combination Degree Program
A Bachelor of Science and Master of Science (non-thesis) program is offered by the College of Agricultural and Life Sciences. Microbiology majors in both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences are eligible for admission to the Combination Degree Program. Other combination programs are available. For more information, please speak with an advisor.

- Combination Degrees

Relevant Minors and Certificates
The Microbiology and Cell Science Department also offers an undergraduate minor in bioinformatics to students majoring in any biology-related subject, including and not limited to microbiology, biology, or biochemistry.

So integrated is bioinformatics with biology that it is difficult to find an active research program that does not rely on bioinformatic analysis to achieve results. Unfortunately, the integration of bioinformatic and traditional methods is not stressed in many undergraduate programs, leaving the next
Microbiology and Cell Science | CLAS

generation of biologists without the skills they need to succeed in tomorrow's research environment. The undergraduate minor in bioinformatics provides this critical training to future professionals in the biological disciplines.

**Research**

A majority of majors are actively involved in undergraduate research for credit with mentors throughout the university. Preprofessional and graduate school-bound majors are encouraged to do a minimum of two semesters of undergraduate research. The department has a comprehensive list of mentors across campus who allow undergraduate students to do valuable research under their guidance. Please refer to the department website for more information on undergraduate research, finding a mentor and a contact list of UF faculty who have worked with microbiology and cell science majors.

Enrollment in MCB 4911 will not fulfill any credits toward the microbiology major requirements; they will count only as general elective credit toward the 120 credits for the BS degree.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

| Semester 1 | • Complete CHM 1025 or CHM 2045/CHM 2045L  
2.5 GPA required for all critical-tracking courses  
2.0 UF GPA required |
| Semester 2 | • Complete CHM 2045/CHM 2045L and MAC 2311  
2.5 GPA required for all critical-tracking courses  
2.0 UF GPA required |
| Semester 3 | • Complete CHM 2046/CHM 2046L and BSC 2010/BSC 2010L  
2.5 GPA required for all critical-tracking courses  
2.0 UF GPA required |
| Semester 4 | • Complete BSC 2011/BSC 2011L  
2.5 GPA required for all critical-tracking courses  
2.0 UF GPA required |
| Semester 5 | • Complete CHM 2210  
2.5 GPA required for all critical-tracking courses  
2.0 UF GPA required |
| Semester 6 | • Complete MCB 3023  
2.5 GPA required for all critical-tracking courses  
2.0 UF GPA required |
| Semester 7 | • Complete MCB 4203 (Fall) or PCB 4233 (Spring) or PCB 3134 (Fall/Spring) or MCB 4403 (Fall)  
2.5 GPA required for all critical-tracking courses  
2.0 UF GPA required |
| Semester 8 | • Complete MCB 4034L |
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

## Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). Microbiology electives outside of the department do not count towards the 3000 level or above electives outside of the major requirement. CHM 2211, CHM 2211L, BCH 4024, PHY 2054, PHY 2054L, PHY 2049, and PHY 2049L may count towards 3000 level or above electives outside of the major.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree (p. 1018).

## Degree Comparison between the Colleges

<table>
<thead>
<tr>
<th>CALS</th>
<th>MCB</th>
<th>CLAS</th>
<th>MCY</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Effective Oral Communication (AEC 3030C, SPC 2608)</td>
<td></td>
<td>College-level Foreign Language Sequence (8-10 credits)</td>
</tr>
<tr>
<td></td>

Total Credits: 120

1 MCB 4203 is taught only in fall; PCB 4233 is taught only in spring.

**Academic Learning Compact**

The Bachelor of Science in microbiology and cell science, offered by both the College of Agricultural and Life Sciences and the College of Liberal Arts and Sciences, offers students flexibility in a curriculum that develops an excellent knowledge base and an understanding of concepts in microbiology, cell biology and the biomolecular sciences. Emphasis will be placed on application of the scientific method to gain an understanding of the biological world at the cellular and molecular levels. Students will learn to evaluate hypotheses, to interpret experimental data and to communicate results effectively.

**Before Graduating Students Must**

Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Describe fundamental concepts, skills and processes in microbiology, molecular biology and in host/pathogen interactions.
2. Apply fundamental concepts, skills and protocols used to conduct research in fields of microbiology, molecular biology and in host/pathogen.
Critical Thinking
3. Evaluate information and data in the general areas of microbiology and the cellular and molecular biological sciences.
4. Solve typical problems that are encountered in general areas of microbiology and cellular and molecular biological sciences.

Communication
5. Communicate effectively in written form in a manner appropriate in microbiology and the cellular and molecular biological sciences.
6. Communicate orally (including visual aids) in an effective manner appropriate in microbiology and the cellular and molecular biological sciences.

- Final grades

Philosophy
Philosophy addresses the most fundamental problems that arise when reflecting on the nature of the world and our place in it. Philosophers ask questions such as: What can we know? What are the general features of reality? What is the relation between mind and body? How should one live?

About this Program
- College: Liberal Arts and Sciences (p. 1008)
- Degree: Bachelor of Arts
- Credits for Degree: 120

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Department of Philosophy addresses foundation questions. These are questions the answers to which inform our basic understanding of one or another domain of inquiry, or some fundamental aspect of the world or ourselves or our relation to the world.

Map (http://campusmap.ufl.edu/#/index/0010)
Curriculum

• Combination Degrees
• Philosophy
• Philosophy Minor

Philosophical problem examination is primarily conceptual rather than empirical, in that philosophers seek to develop conceptual accounts adequate to the phenomena they want to understand. The study of philosophy equips one to address difficult issues with critical thinking and sound reasoning, skills essential to effective thought and communication.

This major is excellent preparation for professional schools in law, business, medicine and journalism, and for careers in the private and public sector. More Info (https://phil.ufl.edu/what-is-philosophy/)

Coursework for the Major

The major requires 33 credits of coursework in philosophy with minimum grades of C.

Required Coursework

<table>
<thead>
<tr>
<th>Code</th>

</tr>
</tbody>
</table>

(To enroll in a 4000-level course, a student must complete a 3000-level philosophy course or receive instructor permission.)

• At least 27 of the 33 credits must be at the 3000 level or above.

No more than 15 credits of transfer credit can count toward the degree and no more than three credits of individual work (PHH 4911, PHI 4905 or PHI 4911) can count toward the required minimum. Prior to advance registration each semester, the department makes available on its website customized descriptions of its undergraduate courses offered in the upcoming semester.

Course Details

• More Info (https://phil.ufl.edu/classes/)

Research

It is possible to write an honors thesis, which involves independent research under the supervision of a faculty director. This is usually a two-semester process in the final year. More Info (https://phil.ufl.edu/honors-thesis/)

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used by transfer students.

Semester 1

• 2.0 UF GPA required
Semester 2

• Complete 1 philosophy course
• 2.0 UF GPA required

Semester 3

• Maintain coursework from semester 2
• 2.0 UF GPA required

Semester 4

• Complete 1 additional philosophy course with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5

• Complete 1 additional philosophy course (1 of the 3 courses must be at the 3000 level) with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

SEMESTER 6

• Complete 1 additional philosophy course (1 of the 4 courses must be taken from PHH 3100, PHH 3400, PHI 3130, PHI 3650, and either PHI 3300 or PHI 3500)

SEMESTER 7

• Complete 3 additional upper division philosophy courses (2 of the 7 courses must be taken from PHH 3100, PHH 3400, PHI 3130, PHI 3650, and either PHI 3300 or PHI 3500)

SEMESTER 8

• Complete 2 additional upper division philosophy courses (4 of the 9 courses must be taken from PHH 3100, PHH 3400, PHI 3130, PHI 3650, and either PHI 3300 or PHI 3500)

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). Generally, it is a good idea to take the area requirement courses as early as possible; in particular, PHI 3130 is best taken earlier rather than later.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

### Academic Learning Compact

The major in philosophy provides a thorough knowledge of philosophical problems and arguments as well as critical thinking skills applicable to a wide variety of intellectual areas. Students will become familiar with key positions in the history of Western philosophy, learn how to navigate the contemporary philosophical terrain and acquire a working knowledge of formal logic. They will learn how to represent complex arguments in a clear and fair fashion, to evaluate them for cogency and to construct arguments of their own. Finally, students will become practiced in writing about abstract and elusive topics in a critical and compelling manner.
Before Graduating Students Must

- Earn minimum grades of C in all courses satisfying the major’s distribution requirements, thereby demonstrating achievement of SLOs 1-3.
- Complete a model paper in a 4000-level philosophy class with a minimum grade of B, thereby demonstrating achievement of SLOs 4-7.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, describe and explain the major questions addressed, the range of answers offered and the methods employed in the history of Western philosophy.
2. Identify, describe and explain the major arguments and options in core areas of contemporary philosophy, such as ethics, epistemology and metaphysics.
3. Employ the fundamental tools of formal logic, including the propositional and predicate calculus.

Critical Thinking
4. Discern the structure of arguments, to represent them fairly and clearly and to evaluate them for cogency.
5. Formulate original arguments, anticipating objections and responding in a conscientious fashion.

Communication
6. Read and discuss complex philosophical texts from both historical sources and contemporary works.
7. Speak and write clearly and persuasively about abstract and conceptually elusive matters.

Philosophy Minor

The Philosophy minor allows exploration of a variety of areas in the field, as well as complementing studies in other disciplines with a philosophically informed perspective.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 15 | Completed with minimum grades of C
- **More Info**

Department Information

The Department of Philosophy addresses foundation questions. These are questions the answers to which inform our basic understanding of one or another domain of inquiry, or some fundamental aspect of the world or ourselves or our relation to the world.
Physics

The laws of physics are the starting point for most scientific research and engineering applications. Students majoring in Physics obtain broad-based knowledge and expertise applying these laws, as well as hands-on experience building electronic equipment and performing experiments, allowing them to pursue a wide range of educational and employment opportunities after graduation.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degrees**: Bachelor of Arts (p. 1465) | Bachelor of Science (p. 1471)
- **Specializations**: Medical Physics (BS) (p. 1477) | Nanoscience (BS) (p. 1482) | Optics (BS) (p. 1487)
- **Credits for Degree**: 120
- **Contact**: Email (advising@phys.ufl.edu?Subject=Physics%20Major)
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.
Department Information
The Department of Physics is making strides toward becoming one of the premier physics departments in the United States. With active groups in astrophysics, biological physics, condensed matter/materials physics, and elementary particle physics, undergraduate and graduate students participate in cutting-edge research that prepares them for successful careers in a wide variety of fields.

Curriculum
• Combination Degrees
• Physics
• Physics Minor

A Physics major provides a wide range of career options. Many students pursue further studies in physics, other scientific disciplines, and various branches of engineering and medicine. Professional physicists work in universities and government laboratories seeking answers to fundamental questions about nature, in industry leading the development of new technologies, and in the medical sector performing clinical service and research. The analytical, problem-solving, and communications skills acquired by physics majors also lead to career opportunities in business and finance.

The Department of Physics offers two undergraduate degree programs: the Bachelor of Science (BS) is intended for students who wish to pursue graduate study in Physics as well as for other students with a deep interest in the subject. The Bachelor of Arts (BA) is intended for students who seek the benefits of a Physics degree but desire greater flexibility to follow interests in other fields.

Degrees and Specializations
Bachelor of Arts
The BA degree program is for students who want to major in Physics but are not presently contemplating graduate studies in Physics. It provides a good foundation in the fundamentals while offering increased flexibility in the major, through fewer required courses and more electives, and opportunity for parallel studies in another discipline and/or preprofessional studies.

Bachelor of Science
The BS degree program is intended for students planning to do graduate work in physics or related science and engineering disciplines. The BS requires a minimum of 41 credits in Physics plus 28 credits of related coursework. Minimum grades of C are required for coursework counted toward the major.

In addition to the Physics BA and BS degrees, there are three optional specializations for the Physics BS degree. Each specialization consists of a specific choice of the 4000-level Physics elective plus three courses in other departments.

Medical Physics
Medical Physics applies the principles and experimental techniques of Physics to medical problems. A common example is the use of different forms of radiation in medical diagnosis and treatment. This specialization will help prepare students for a graduate program in Medical Physics.

Nanoscience
Nanoscience is the study of extremely small things – only 10 to 100 atoms wide. It is an interdisciplinary field involving physics, chemistry, and many engineering disciplines. This specialization helps prepare students for careers in industry and graduate school in engineering as well as Physics.

Optics
There are applications of optics and photonics in consumer equipment, telecommunications, medicine, construction, aviation, and many more fields. This broad field involves both physics and engineering. The Optics specialization will prepare students for graduate programs in optics as well as employment in industry.

Coursework for the Major
Coursework for the major will depend upon the degree program chosen.

Courses for the BS or BA degree include four pairs of alternative courses:
In each case, the second course includes selected advanced topics not covered in the first. While both courses prepare students for upper-level physics classes, students should see a department advisor to determine which course meets their needs.

Required coursework for each degree can be found below in the Critical Tracking section. Transfer students must take a minimum of 15 credits of required physics courses at UF.

### Course Details

Several courses meet the criteria for the General Education Physical Sciences requirement. Some mathematical training (indicated in parentheses) is desirable or required for many of these courses. Of the courses below, only PHY 2048/PHY 2049 count toward the major.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHY 2048</td>
<td>Physics with Calculus 1</td>
<td>3</td>
</tr>
<tr>
<td>or PHY 2060</td>
<td>Enriched Physics with Calculus 1</td>
<td></td>
</tr>
<tr>
<td>PHY 2049</td>
<td>Physics with Calculus 2</td>
<td>3</td>
</tr>
<tr>
<td>or PHY 2061</td>
<td>Enriched Physics with Calculus 2</td>
<td></td>
</tr>
<tr>
<td>PHY 3101</td>
<td>Introduction to Modern Physics</td>

<tr>
<td>PHY 3221</td>
<td>Mechanics 1</td>
<td>3</td>
</tr>
<tr>
<td>or PHZ 3113</td>
<td>Introduction to Theoretical Physics</td>
<td></td>
</tr>
</tbody>
</table>

1. MAC 1147 provides mathematical training desirable or required for this course.
2. Students should check the prerequisites carefully before enrolling in a general physics course.

### Placement

Students with Advanced Placement credit should consult the catalog’s Academic Advising section for course equivalencies. Sequences for advanced students are available from any physics advisor or the department website.

### Research

All undergraduate majors are encouraged to participate in research activities. Many physics majors participate in research during the academic year and/or through summer research programs. Advanced students may also be eligible to enroll in certain graduate courses, thereby accelerating their education. Physics majors are urged to confer with a department advisor as early as possible and especially as their educational goals evolve.

### Academic Learning Compact

The laws of physics are the starting point for most scientific research and engineering applications. Students majoring in physics obtain broad-based knowledge and experience applying these laws as well as hands-on experience building electronic equipment and performing experiments. Many students go on to graduate study in physics, and a considerable number pursue advanced degrees in other science disciplines, all branches of engineering and medical school. Physics majors are employed in industry doing applied work and in academia seeking the answers to fundamental questions.

### Before Graduating Students Must

- Pass the UF physics field test, which consists of five parts. One part is given in each of these required courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>

1. MAC 1147 provides mathematical training desirable or required for this course.
2. Students should check the prerequisites carefully before enrolling in a general physics course.

**Placement**

Students with Advanced Placement credit should consult the catalog’s Academic Advising section for course equivalencies. Sequences for advanced students are available from any physics advisor or the department website.

**Research**

All undergraduate majors are encouraged to participate in research activities. Many physics majors participate in research during the academic year and/or through summer research programs. Advanced students may also be eligible to enroll in certain graduate courses, thereby accelerating their education. Physics majors are urged to confer with a department advisor as early as possible and especially as their educational goals evolve.

**Bachelor of Arts**

The BA degree program is for students who want to major in physics but are not presently contemplating graduate studies in physics. It provides a good foundation in the fundamentals while offering increased flexibility in the major, through fewer required courses and more electives, and opportunity for parallel studies in another discipline and/or preprofessional studies.

The BA requires a minimum of 32 credit hours in physics plus 25 credits of related coursework. Minimum grades of C are required for coursework counted toward the major.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

_For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree (p. 1018)._

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**

- Complete CHM 1025 or CHM 2045; or PHY 2048 or PHY 2060; and a MAC course with minimum grades of C
- 2.0 UF GPA required

**Semester 2**

- Complete CHM 2045/CHM 2045L and MAC 2311 with minimum grades of C
- 2.0 UF GPA required

**Semester 3**

- Complete CHM 2046, MAC 2312, and PHY 2048 or PHY 2060 with minimum grades of C
- 2.0 UF GPA required

**Semester 4**

- Complete MAC 2313; and PHY 2049 or PHY 2061 with minimum grades of C
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

**Semester 5**

- Complete MAP 2302 with a minimum grade of C
- Complete 2 required 3000-level physics courses with minimum grades of C
- 2.5 critical-tracking GPA
- 2.0 UF GPA required
Semester 6
• Complete the remaining required 3000-level physics courses with minimum grades of C
• 2.0 UF GPA required

Semester 7
• Complete 2 required 4000-level physics courses with minimum grades of C
• 2.0 UF GPA required

Semester 8
• Complete the remaining required 4000-level physics courses with minimum grades of C
• 2.0 UF GPA required

Model Semester Plan

This plan is structured for students taking Calculus 1 the first semester. Students can have different schedules when they enter UF because of their backgrounds. In particular, students are encouraged to take Physics with Calculus 1 (PHY 2048 or PHY 2060) as soon as they have completed Calculus 1, even if this means delaying chemistry. For all physics courses, adequate mathematical preparation is essential and is built into the suggested plans. Physics majors should meet with a department advisor before planning their schedules.

Additional sample schedules are available on the department's website.
More Info (http://www.phys.ufl.edu/academics/undergraduate/degrees.shtml/)

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). MAC 2312, MAC 2313, MAP 2302, and math electives count towards 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Academic Learning Compact

The laws of physics are the starting point for most scientific research and engineering applications. Students majoring in physics obtain broad-based knowledge and experience applying these laws as well as hands-on experience building electronic equipment and performing experiments. Many students go on to graduate study in physics, and a considerable number pursue advanced degrees in other science disciplines, all branches of engineering and medical school. Physics majors are employed in industry doing applied work and in academia seeking the answers to fundamental questions.

Before Graduating Students Must

• Pass the UF physics field test, which consists of five parts. One part is given in each of these required courses:

• Complete requirements for the baccalaureate degree, as determined by faculty.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Identify, define and describe the core fields of physics: classical mechanics, electricity and magnetism, thermal physics and quantum mechanics.
2. Identify, define and explain experimental physics and data analysis.

Critical Thinking
3. Formulate, solve problems and draw conclusions from data.

Communication
4. Effectively and clearly communicate ideas in speech and in writing in an accepted style.

Bachelor of Science
The laws of physics are the starting point for most scientific research and engineering applications. Students majoring in Physics obtain broad-based knowledge and expertise applying these laws, as well as hands-on experience building electronic equipment and performing experiments, allowing them to pursue a wide range of educational and employment opportunities after graduation.

• More Info

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Department of Physics is making strides toward becoming one of the premier physics departments in the United States. With active groups in astrophysics, biological physics, condensed matter/materials physics, and elementary particle physics, undergraduate and graduate students participate in cutting-edge research that prepares them for successful careers in a wide variety of fields.

Website (https://www.phys.ufl.edu/wp/)

CONTACT
Email (advising@phys.ufl.edu) 352.392.0521 (tel) | 352.392.0524 (fax)
A Physics major provides a wide range of career options. Many students pursue further studies in physics, other scientific disciplines, and various branches of engineering and medicine. Professional physicists work in universities and government laboratories seeking answers to fundamental questions about nature, in industry leading the development of new technologies, and in the medical sector performing clinical service and research. The analytical, problem-solving, and communications skills acquired by physics majors also lead to career opportunities in business and finance.

The Department of Physics offers two undergraduate degree programs: the Bachelor of Science (BS) is intended for students who wish to pursue graduate study in Physics as well as for other students with a deep interest in the subject. The Bachelor of Arts (BA) is intended for students who seek the benefits of a Physics degree but desire greater flexibility to follow interests in other fields.

### Degrees and Specializations

#### Bachelor of Arts

The BA degree program is for students who want to major in Physics but are not presently contemplating graduate studies in Physics. It provides a good foundation in the fundamentals while offering increased flexibility in the major, through fewer required courses and more electives, and opportunity for parallel studies in another discipline and/or preprofessional studies.

#### Bachelor of Science

The BS degree program is intended for students planning to do graduate work in physics or related science and engineering disciplines. The BS requires a minimum of 41 credits in Physics plus 28 credits of related coursework. Minimum grades of C are required for coursework counted toward the major.

In addition to the Physics BA and BS degrees, there are three optional specializations for the Physics BS degree. Each specialization consists of a specific choice of the 4000-level Physics elective plus three courses in other departments.

#### Medical Physics

Medical Physics applies the principles and experimental techniques of Physics to medical problems. A common example is the use of different forms of radiation in medical diagnosis and treatment. This specialization will help prepare students for a graduate program in Medical Physics.

#### Nanoscience

Nanoscience is the study of extremely small things – only 10 to 100 atoms wide. It is an interdisciplinary field involving physics, chemistry, and many engineering disciplines. This specialization helps prepare students for careers in industry and graduate school in engineering as well as Physics.

#### Optics

There are applications of optics and photonics in consumer equipment, telecommunications, medicine, construction, aviation, and many more fields. This broad field involves both physics and engineering. The Optics specialization will prepare students for graduate programs in optics as well as employment in industry.

### Coursework for the Major

Courses for the major will depend upon the degree program chosen.

Courses for the BS or BA degree include four pairs of alternative courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHY 2048 or PHY 2060</td>
<td>Physics with Calculus 1 or Enriched Physics with Calculus 1</td>
<td>3</td>
</tr>
<tr>
<td>PHY 2049 or PHY 2061</td>
<td>Physics with Calculus 2 or Enriched Physics with Calculus 2</td>
<td>3</td>
</tr>
<tr>
<td>PHY 3101 or PHY 3063</td>
<td>Introduction to Modern Physics or Enriched Modern Physics</td>
<td>3</td>
</tr>
<tr>
<td>PHY 3221 or PHZ 3113</td>
<td>Mechanics 1 or Introduction to Theoretical Physics</td>
<td>3</td>
</tr>
</tbody>
</table>
In each case, the second course includes selected advanced topics not covered in the first. While both courses prepare students for upper-level physics classes, students should see a department advisor to determine which course meets their needs.

Required coursework for each degree can be found below in the Critical Tracking section. Transfer students must take a minimum of 15 credits of required physics courses at UF.

Course Details

Several courses meet the criteria for the General Education Physical Sciences requirement. Some mathematical training (indicated in parentheses) is desirable or required for many of these courses. Of the courses below, only PHY 2048 PHY 2049 count toward the major.

<table>

Approved math courses (minimum):

Total Credits: 28

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1

• Complete CHM 1025 or CHM 2045; or PHY 2048 or PHY 2060; and a MAC course
• 2.0 UF GPA required

Semester 2

• Complete CHM 2045/CHM 2045L and MAC 2311 with minimum grades of C
• 2.0 UF GPA required

Semester 3

• Complete CHM 2046, MAC 2312, and PHY 2048 or PHY 2060 with minimum grades of C
• 2.0 UF GPA required

Semester 4

• Complete MAC 2313; and PHY 2049 or PHY 2061 with minimum grades of C
• 2.5 critical-tracking GPA required
• 2.0 UF GPA required

Semester 5

• Complete MAP 2302 with a with a minimum grade of C
• Complete 2 required 3000-level physics courses with minimum grades of C
• 2.5 critical-tracking GPA required
• 2.0 UF GPA required

Semester 6

• Complete the remaining required 3000-level physics courses with minimum grades of C
• 2.0 UF GPA required
Semester 7
- Complete PHY 4802L or PHY 4803L
- Complete 2 required 4000-level physics courses in addition to PHY 4802L with minimum grade of C
- 2.0 UF GPA required

Semester 8
- Complete the remaining 4000-level physics courses required for Physics Majors with minimum grades of C
- Complete one 4000-level or higher Physics Elective with a minimum grade of C
- 2.0 UF GPA required

Model Semester Plan
This plan is structured for students taking Calculus 1 the first semester. Students can have different schedules when they enter UF because of their backgrounds. In particular, students are encouraged to take Physics with Calculus 1 (PHY 2048 or PHY 2060) as soon as they have completed Calculus 1, even if this means delaying chemistry. For all physics courses, adequate mathematical preparation is essential and is built into the suggested plans. Physics majors should meet with a department advisor before planning their schedules.

Additional sample schedules are available from the department.
More Info (http://www.phys.ufl.edu/academics/undergraduate/degrees.shtml/)

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). MAC 2312, MAC 2313, MAP 2302, and upper-division math electives count towards 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

Physics elective (Critical Tracking, 4000 level) 3
Credits 15
Total Credits 120

1 Minimum grade of C required.

Academic Learning Compact
The laws of physics are the starting point for most scientific research and engineering applications. Students majoring in physics obtain broad-based knowledge and experience applying these laws as well as hands-on experience building electronic equipment and performing experiments. Many students go on to graduate study in physics, and a considerable number pursue advanced degrees in other science disciplines, all branches of engineering and medical school. Physics majors are employed in industry doing applied work and in academia seeking the answers to fundamental questions.

Before Graduating Students Must
• Pass the UF physics field test, which consists of five parts. One part is given in each of these required courses:

• Complete requirements for the baccalaureate degree, as determined by faculty.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Identify, define and describe the core fields of physics: classical mechanics, electricity and magnetism, thermal physics and quantum mechanics.
2. Identify, define and explain experimental physics and data analysis.

Critical Thinking
3. Formulate, solve problems and draw conclusions from data.

Communication
4. Effectively and clearly communicate ideas in speech and in writing in an accepted style.

Medical Physics
Medical Physics applies the principles and experimental techniques of physics to medical problems. A common example is the use of different forms of radiation in medical diagnosis and treatment. This specialization prepares students for a graduate program in Medical Physics.

About this Program
- **College**: Liberal Arts and Sciences (p. 1008)
- **Degrees**: Bachelor of Arts (p. 1465) | Bachelor of Science (p. 1471)
- **Specializations**: Medical Physics (BS) (p. 1477) | Nanoscience (BS) (p. 1482) | Optics (BS) (p. 1487)
- **Credits for Degree**: 120
- **Contact**: Email (advising@phys.ufl.edu?Subject=Physics%20Major)
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

Department Information
The Department of Physics is making strides toward becoming one of the premier physics departments in the United States. With active groups in astrophysics, biological physics, condensed matter/materials physics, and elementary particle physics, undergraduate and graduate students participate in cutting-edge research that prepares them for successful careers in a wide variety of fields.

A physics major provides a wide range of career options. Many students pursue further studies in physics, other scientific disciplines, and various branches of engineering and medicine. Professional physicists work in universities and government laboratories seeking answers to fundamental questions about nature, in industry leading the development of new technologies, and in the medical sector performing clinical service and research. The analytical, problem-solving, and communications skills acquired by physics majors also lead to career opportunities in business and finance.

The Department of Physics offers two undergraduate degree programs: The Bachelor of Science (BS) is intended for students who wish to pursue graduate study in physics as well as for other students with a deep interest in the subject. The Bachelor of Arts (BA) is intended for students who seek the benefits of a physics degree but desire greater flexibility to follow interests in other fields.

**Medical Physics**

The Physics BS specialization in Medical Physics requires a minimum of 41 credits in Physics including a specific Physics elective, 3 specific courses outside of Physics (9-11 credits), and 28 other credits of related coursework. Minimum grades of C are required for coursework counted toward the major. The coursework is listed below in three different categories: Physics Required Coursework, Required Electives for the Medical Physics specialization, and Related Coursework required for all Physics BS degrees.

**Related Coursework**

- Three semesters of Calculus (MAC 2311, MAC 2312, MAC 2313; 12 credits)
- One year of college-level general chemistry, including one chemistry laboratory course (CHM 2045 and CHM 2046, CHM 2045L; 7 credits)
- Differential Equations MAP 2302 (3 credits)
- Six credits minimum in approved math courses beyond MAP 2302 Differential Equations.
• Certain computer science courses may substitute for one of the math electives.
• Minimum grades of C for coursework counted toward the major

**Critical Tracking**

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

**For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree (p. 1018).**

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- Complete CHM 1025 or CHM 2045; or PHY 2048 or PHY 2060; and a MAC course with minimum grades of C
- 2.0 UF GPA required

**Semester 2**
- Complete CHM 2045/CHM 2045L and MAC 2311 with minimum grades of C
- 2.0 UF GPA required

**Semester 3**
- Complete CHM 2046, MAC 2312, and PHY 2048 or PHY 2060 with minimum grades of C
- 2.0 UF GPA required

**Semester 4**
- Complete MAC 2313; and PHY 2049 or PHY 2061 with minimum grades of C
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

**Semester 5**
- Complete MAP 2302 with a minimum grade of C
- Complete 2 required 3000-level physics courses with minimum grades of C (upper-division tracking)
- 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 6**
- Complete the remaining required 3000-level physics courses with minimum grades of C
- Complete 1 of 4 courses required for the Medical Physics specialization
- 2.0 UF GPA required

**Semester 7**
- Complete PHY 4802L or PHY 4803L
- Complete 2 required 4000-level physics courses with minimum grades of C in addition to PHY 4802L
- Complete 2 of 4 courses required for the Medical Physics specialization
- 2.0 UF GPA required

**Semester 8**
- Complete the remaining required 4000-level physics courses with minimum grades of C
- Complete 1 4000-level or higher physics elective with a minimum grade of C
- Complete all 4 courses required for the Medical Physics specialization
- 2.0 UF GPA required

**Model Semester Plan**

This plan is structured for students taking Calculus 1 the first semester. Students can have different schedules when they enter UF because of their backgrounds. In particular, students are encouraged to take Physics with Calculus 1 (PHY 2048 or PHY 2060) as soon as they have completed
Calculus 1, even if this means delaying chemistry. For all physics courses, adequate mathematical preparation is essential and is built into the suggested plans. Physics majors should meet with a department advisor before planning their schedules.

Additional sample schedules are available on the department's website.

More Info (http://www.phys.ufl.edu/academics/undergraduate/degrees.shtml/)

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). MAC 2312, MAC 2313, MAP 2302, and math electives count towards 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

- Complete requirements for the baccalaureate degree, as determined by faculty.

### Students in the Major Will Learn to

#### Student Learning Outcomes (SLOs)

##### Content

1. Identify, define and describe the core fields of physics: classical mechanics, electricity and magnetism, thermal physics and quantum mechanics.
2. Identify, define and explain experimental physics and data analysis.

##### Critical Thinking

3. Formulate, solve problems and draw conclusions from data.

##### Communication

4. Effectively and clearly communicate ideas in speech and in writing in an accepted style.

### Curriculum Map

I = Introduced; R = Reinforced; A = Assessed
**Nanoscience**

Nanoscience is the study of extremely small things – only 10 to 100 atoms wide. It is an interdisciplinary field involving physics, chemistry, and many engineering disciplines. This specialization prepares students for careers in industry and graduate school in engineering as well as Physics.

**About this Program**

The Department of Physics offers two undergraduate degree programs: The Bachelor of Science (BS) is intended for students who wish to pursue graduate study in physics as well as for other students with a deep interest in the subject. The Bachelor of Arts (BA) is intended for students who seek the benefits of a Physics degree but desire greater flexibility to follow interests in other fields.

**Nanoscience**

The Physics BS specialization in Nanoscience requires a minimum of 41 credits in Physics including a specific Physics elective, 3 specific courses outside of Physics (9-11 credits), and 28 other credits of related coursework. Minimum grades of C are required for coursework counted toward the major. The coursework is listed below in three different categories: Physics Required Coursework, Required Electives for the Nanoscience specialization, and Related Coursework required for all Physics BS degrees.

### Related Coursework

- Three semesters of Calculus (MAC 2311, MAC 2312, MAC 2313; 12 credits)
- One year of college-level general chemistry, including one chemistry laboratory course (CHM 2045 and CHM 2046, CHM 2045L; 7 credits)
- Differential Equations MAP 2302 (3 credits)
- Six credits minimum in approved math courses beyond MAP 2302 Differential Equations.
- Certain computer science courses may substitute for one of the math electives.
- Minimum grades of C for coursework counted toward the major

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree (p. 1018).
Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- Complete CHM 1025 or CHM 2045; or PHY 2048 or PHY 2060; and a MAC course with minimum grades of C
- 2.0 UF GPA required

**Semester 2**
- Complete CHM 2045/CHM 2045L and MAC 2311 with minimum grades of C
- 2.0 UF GPA required

**Semester 3**
- Complete CHM 2046, MAC 2312, and PHY 2048 or PHY 2060 with minimum grades of C
- 2.0 UF GPA required

**Semester 4**
- Complete MAC 2313; and PHY 2049 or PHY 2061 with minimum grades of C
- 2.5 critical-tracking GPA required
- 2.0 UF GPA required

**Semester 5**
- Complete MAP 2302 with a minimum grade of C
- Complete 2 required 3000-level physics courses with minimum grades of C (upper-division tracking)
- 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 6**
- Complete the remaining required 3000-level physics courses with minimum grades of C
- Complete 1 of 4 courses required for the Nanoscience specialization
- 2.0 UF GPA required

**Semester 7**
- Complete PHY 4802L or PHY 4803L
- Complete 2 required 4000-level physics courses with minimum grades of C in addition to PHY 4802L
- Complete 2 of 4 courses required for the Nanoscience specialization
- 2.0 UF GPA required

**Semester 8**
- Complete the remaining required 4000-level physics courses with minimum grades of C
- Complete 1 4000-level or higher physics elective with a minimum grade of C
- Complete all 4 courses required for the Nanoscience specialization
- 2.0 UF GPA required

**Model Semester Plan**

This plan is structured for students taking Calculus 1 the first semester. Students can have different schedules when they enter UF because of their backgrounds. In particular, students are encouraged to take Physics with Calculus 1 (PHY 2048 or PHY 2060) as soon as they have completed Calculus 1, even if this means delaying chemistry. For all physics courses, adequate mathematical preparation is essential and is built into the suggested plans. Physics majors should meet with a department advisor before planning their schedules.

Additional sample schedules are available on the department's website.

More Info (http://www.phys.ufl.edu/academics/undergraduate/degrees.shtml/)

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). MAC 2312, MAC 2313, MAP 2302, and math electives count towards 3000 level or above electives outside of the major.
To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, define and describe the core fields of physics: classical mechanics, electricity and magnetism, thermal physics and quantum mechanics.
2. Identify, define and explain experimental physics and data analysis.

Critical Thinking
3. Formulate, solve problems and draw conclusions from data.

Communication
4. Effectively and clearly communicate ideas in speech and in writing in an accepted style.

### Assessment Types
- Field test
- Report
- Presentation

### Optics
There are applications of optics and photonics in consumer equipment, telecommunications, medicine, construction, aviation, and many more fields. This broad field involves both physics and engineering. The Optics specialization prepares students for graduate programs in optics as well as employment in industry.

### About this Program
- **College**: Liberal Arts and Sciences (p. 1008)
- **Degrees**: Bachelor of Arts (p. 1465) | Bachelor of Science (p. 1471)
- **Specializations**: Medical Physics (BS) (p. 1477) | Nanoscience (BS) (p. 1482) | Optics (BS) (p. 1487)
- **Credits for Degree**: 120
- **Contact**: Email (advising@phys.ufl.edu?Subject=Physics%20Major)
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

### Department Information
The Department of Physics is making strides toward becoming one of the premier physics departments in the United States. With active groups in astrophysics, biological physics, condensed matter/materials physics, and elementary particle physics, undergraduate and graduate students participate in cutting-edge research that prepares them for successful careers in a wide variety of fields.

**Website** (https://www.phys.ufl.edu/wp/)

**CONTACT**

Gainesville FL 32611-8545

### Curriculum
- Combination Degrees
- Physics
- Physics Minor

A Physics major provides a wide range of career options. Many students pursue further studies in Physics, other scientific disciplines, and various branches of engineering and medicine. Professional physicists work in universities and government laboratories seeking answers to fundamental questions about nature, in industry leading the development of new technologies, and in the medical sector performing clinical service and research. The analytical, problem-solving, and communications skills acquired by physics majors also lead to career opportunities in business and finance.

The Department of Physics offers two undergraduate degree programs: The Bachelor of Science (BS) is intended for students who wish to pursue graduate study in physics as well as for other students with a deep interest in the subject. The Bachelor of Arts (BA) is intended for students who seek the benefits of a physics degree but desire greater flexibility to follow interests in other fields.
Optics

The Physics BS specialization in Optics requires a minimum of 41 credits in Physics including a specific Physics elective, 3 specific courses outside of Physics (9-11 credits), and 28 other credits of related coursework. Minimum grades of C are required for coursework counted toward the major. The coursework is listed below in three different categories: Physics Required Coursework, Required Electives for the Optics specialization, and Related Coursework required for all Physics BS degrees.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree (p. 1018).

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

### Semester 1

- Complete CHM 1025 or CHM 2045; or PHY 2048 or PHY 2060; and a MAC course with minimum grades of C
- 2.0 UF GPA required
Semester 2
• Complete CHM 2045/CHM 2045L and MAC 2311 with minimum grades of C
  • 2.0 UF GPA required

Semester 3
• Complete CHM 2046, MAC 2312, and PHY 2048 or PHY 2060 with minimum grades of C
  • 2.0 UF GPA required

Semester 4
• Complete MAC 2313; and PHY 2049 or PHY 2061 with minimum grades of C
  • 2.5 critical-tracking GPA required
  • 2.0 UF GPA required

Semester 5
• Complete MAP 2302 with a minimum grade of C
• Complete 2 required 3000-level physics courses with minimum grades of C (upper-division tracking)
  • 2.5 critical-tracking GPA
  • 2.0 UF GPA required

Semester 6
• Complete the remaining required 3000-level physics courses with minimum grades of C
• Complete 1 of 4 courses required for the Optics specialization
  • 2.0 UF GPA required

Semester 7
• Complete PHY 4802L or PHY 4803L
• Complete 2 required 4000-level physics courses with minimum grades of C in addition to PHY 4802L
• Complete 2 of 4 courses required for the Optics specialization
  • 2.0 UF GPA required

Semester 8
• Complete the remaining required 4000-level physics courses with minimum grades of C
• Complete 1 4000-level or higher physics elective with a minimum grade of C
• Complete all 4 courses required for the Optics specialization
  • 2.0 UF GPA required

Model Semester Plan
This plan is structured for students taking Calculus 1 the first semester. Students can have different schedules when they enter UF because of their backgrounds. In particular, students are encouraged to take Physics with Calculus 1 (PHY 2048 or PHY 2060) as soon as they have completed Calculus 1, even if this means delaying chemistry. For all physics courses, adequate mathematical preparation is essential and is built into the suggested plans. Physics majors should meet with a department advisor before planning their schedules.

Additional sample schedules are available on the department’s website.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, define and describe the core fields of physics: classical mechanics, electricity and magnetism, thermal physics and quantum mechanics.
2. Identify, define and explain experimental physics and data analysis.

Critical Thinking
3. Formulate, solve problems and draw conclusions from data.

Communication
4. Effectively and clearly communicate ideas in speech and in writing in an accepted style.

**Physics Minor**

The Physics minor consists of the complete sequence in general physics, modern physics, and two 3000/4000-level courses in the Physics major course sequence. Students should consult a physics advisor and obtain the required approval no later than the beginning of the junior year.

**About this Program**
- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 17 | Completed with minimum grades of C

**Department Information**

The Department of Physics is making strides toward becoming one of the premier physics departments in the United States. With active groups in astrophysics, biological physics, condensed matter/materials physics, and elementary particle physics, undergraduate and graduate students participate in cutting-edge research that prepares them for successful careers in a wide variety of fields.

**Curriculum**

- Combination Degrees
- Physics
- Physics Minor

All 3000/4000-level courses must be taken from the UF Department of Physics. Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Students pursuing an astronomy major must complete six credits of physics coursework beyond what is required for the astronomy major before they will be approved for the physics minor.

The following cannot count toward this minor:

Political Campaigning Certificate

Political science and non-major students may pursue undergraduate training in campaigns and elections, earning a Political Campaigning certificate. The certificate is designed for students who may pursue careers in practical politics, including campaign management, lobbying, and issue advocacy.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 18 | Completed with minimum grades of C
- **Contact:** Email (angelamccarthy@ufl.edu)
- **Student Learning Outcomes (SLOs):** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

The Department of Political Science provides a high-quality educational program for undergraduate students as well as a rigorous honors program. The department also offers a highly selective graduate education ranging from innovative MA programs to a comprehensive PhD program.

Students may petition the director of the political campaigning program for permission to substitute one other course for one of the courses in the electives list.

Political Science

The Political Science major prepares students for a wide range of careers in government, non-governmental organizations, politics, law, and the private sector. Students take coursework in areas as diverse as American and comparative politics, political theory, international relations, public policy, and public administration.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Arts
- **Credits for Degree**: 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Political Science provides a high-quality educational program for undergraduate students as well as a rigorous honors program. The department also offers a highly selective graduate education ranging from innovative MA programs to a comprehensive PhD program.

Map (http://campusmap.ufl.edu/#/index/0007)

Curriculum

- Combination Degrees
- International Relations Certificate
- Political Campaigning Certificate
- Political Science
- Public Affairs Certificate
Political Science majors are encouraged to serve in a political internship and participate in an overseas studies program. There are also numerous opportunities for students to conduct independent research with faculty. Recent graduates serve throughout federal, state and local government, attend law and graduate school, and work in the non-profit and private sectors.

Students leave the major with an understanding of how politics and government operate, an appreciation for the values governments pursue, and the critical and analytic skills necessary for understanding the empirical and normative dimensions of the political world.

Coursework for the Major
Majors must complete 30 credits of political science coursework, plus STA 2023, all with minimum grades of C. A minimum of 15 credits of political science courses (of the 30 required) must be completed at UF, per the department’s residency requirement.

Required Coursework
• 30 credits of political science coursework, including 3 of these 4 core courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CPO 2001</td>

</tr>
</tbody>
</table>

• The remaining political science courses may include:
  • No more than three additional credits of 1000/2000-level courses
  • Additional courses at the 3000 level or higher, including
    • No more than three credits of POS 4905
    • No more than three credits of POS 4940 (graded S/U)

Recommended Coursework
• STA 2023

The following centers and programs are affiliated with the Department of Political Science. Many of them offer minors or certificates that complement a degree in Political Science.

The Bob Graham Center for Public Service
A community of students, scholars, and politically engaged citizens devoted to enhanced citizenship; the training of current and future public and civic leaders who can identify problems and spearhead change; and the development of policy on issues of importance to Florida, the United States, and the global community. The center offers a minor in Public Leadership, an interdisciplinary program of study that provides students with the skills and knowledge critical to serving as effective and ethical public leaders.
More Info (p. 1534)

More Info
The Bob Graham Center was established in 2006 with the goal of creating a community of students, scholars, and citizens who share a commitment to revitalizing the civic culture of Florida and the nation. Former Governor and U. S. Senator Bob Graham founded the Center as a place where students acquire the skills and knowledge to become informed citizens, with the expressed purpose of strengthening the nation’s democratic institutions.

The Center for African Studies
Promotes excellence in teaching and research on Africa in all disciplines at the University of Florida. In addition to undergraduate education, the center promotes and supports graduate studies as essential for the development of a continuing community of Africanist scholars. The center has over 100 affiliated teaching and research faculty in a variety of fields, including languages, the humanities, the social sciences, agriculture, business, engineering, education, fine arts, environmental studies and conservation, journalism, and law. The center offers an African Studies minor that provides
Political Science

a multidisciplinary grounding in an important world area for those who want to pursue careers in a range of professions as well as for those who intend to go on to graduate school.
More Info (p. 1039)

More Info
As a National Resource Center for African Studies, the mission of the center is to promote excellence in teaching and research on Africa in all the disciplines at the University of Florida. The Center for African Studies also disseminates knowledge about Africa to the wider community through an integrated outreach program to schools, colleges, community groups, and businesses.

The Center for European Studies
Designed to assist in the development of area and language skills among students through fostering rich academic and cultural environments, including broad language and areas studies courses, degree options, and study abroad opportunities. It also fosters greater international awareness in the broader community through educational programs for state and local government, business organizations, K-12 students and teachers, the media and the general public. The center offers a
• European Union Studies certificate (p. 1232) and minor (p. 1233), which are designed to give students the opportunity to gain European Union expertise through multidisciplinary coursework.
• East-Central European Studies certificate (p. 1212) and minor (p. 1213), which give students the opportunity to study Eastern and Central Europe from an interdisciplinary perspective that incorporates both area and language studies.

More Info
The Center for European Studies (CES), housed within the College of Liberal Arts & Sciences (CLAS), is an interdisciplinary area studies center focused on the study of Europe, and facilitating the training of scholars and experts in European studies in the United States. In addition to the minors, certificates, and major, the center offers study abroad programs in Europe and various scholarships and grants for undergraduates.

The Center for Jewish Studies
Provides an undergraduate, interdepartmental curriculum that serves as a basis for understanding the broad spectrum of Jewish culture, religion, and civilization. The center offers both a major and minor (p. 1415) through the College of Liberal Arts and Sciences. These may serve as preparation for graduate work in Jewish studies and the rabbinate, as background for a career in Jewish education or community service, or as an area of special interest which enriches the undergraduate experience.

More Info
The Center for Jewish Studies promotes academic study of Jewish culture, history, and politics for all students at the University of Florida. The Center’s curriculum encourages critical thinking, textual analysis, research, oral argumentation, and writing. The Center has scholarship opportunities for undergraduate and graduate students, as well as study abroad opportunities.

The Center for Gender, Sexualities, and Women's Research
An interdisciplinary forum for the study of gender and sexualities, their intersections with race/ethnicity, class, and other sociocultural systems. The Center’s core faculty members have expertise in gender, race/ethnicity, and sexualities/LGBTQ+ studies; feminist intersectional analysis; transnational and postcolonial feminist analysis; Chicana/o, Latina/o, Afro-Latino Studies, Haitian and Caribbean studies; and cultural and literary studies. They apply this expertise in the study of critical domains such as collective identity and activism, health and medicine, law and politics, immigration, work, leadership and business, history, literatures and cultures, media and art, and social movements. In addition, the Center has over 100 affiliate faculty members with wide-ranging expertise and course offerings. Besides the major (p. 1602) in Women's Studies, students may pursue one of three minors: Women’s Studies (p. 1609), Theories and Politics of Sexuality (p. 1600), and Health Disparities in Society (p. 1344).

More Info
The Department of Gender, Sexuality, and Women's Studies offers academic programs, grants graduate and undergraduate degrees, and advances research in the discipline. Faculty in the department successfully compete for national fellowships and grants, win research and teaching awards, and produce rigorous and transformative research.

Combination Degree Program
The combination bachelor's/master's degree program is designed for superior students who have the ability to pursue an accelerated program in political science leading to the Master of Arts in Political Science. This program is not generally recommended for students considering a PhD program in Political Science at UF. Admission to the combination-degree program is highly competitive and therefore very limited numbers of students are approved for this program.

Students in the combination program may pursue the general MA in Political Science or certificates in Public Affairs or Political Campaigning. Up to 12 semester credits of approved graduate-level political science courses can be used as dual credit for both degrees. All other requirements for the bachelor’s and the master’s degrees must be satisfied. For more application process information, contact the undergraduate and graduate coordinators in the Department of Political Science.

- Combination Degrees

Overseas Studies
Majors are encouraged to seek out opportunities for international study, during the summer or for the academic year. The credit generally will be applied toward the major and the degree. Contact the undergraduate coordinator about credit for study abroad. Visit the UF International Center in room 170 of the Hub for more information.

Relevant Minors and Certificates
International Relations Certificate
Political Science and non-major students who are interested in international relations can pursue undergraduate training in two ways: through an interdisciplinary major in International Studies that includes courses on comparative politics and international relations or through a certificate in international relations. Credits earned toward the certificate also count toward the political science major. More information can be found under interdisciplinary studies majors listing and certificate programs.

- International Relations Certificate

Political Campaigning Certificate
The Department of Political Science offers a certificate in Political Campaigning to its undergraduate majors. The certificate is designed for students who may wish to consider pursuing careers in practical politics, including campaign management, lobbying, issue advocacy, and others. Credits earned toward the certificate also count toward the political science major. Additional information is available on the department website.

- Political Campaigning Certificate

Public Affairs Certificate
The certificate in Public Affairs is designed for those students interested in a career in or near government. Students take courses in public administration, policy process, policy analysis and one or more substantive policy courses in foreign policy, education, health, immigration, civil rights, welfare, or environmental protection. Credits earned toward the certificate also count toward the political science major. The certificate is open to non-Political Science majors as well. Additional information is available on the department website.

- Public Affairs Certificate

Critical Tracking
Critical Tracking records each student’s progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.
Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- Complete 1 of 4 political science critical-tracking courses: CPO 2001, INR 2001, POS 2041, or POT 2002
- 2.0 UF GPA required

**Semester 2**
- Complete 1 additional political science critical-tracking course or STA 2023 with a 2.25 critical-tracking GPA
- 2.0 UF GPA required

**Semester 3**
- Complete 1 additional political science critical-tracking course or STA 2023 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 4**
- Complete 3 of 4 political science critical-tracking courses and STA 2023 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 5**
- Complete 1 additional political science course at the 3000 level or higher with a minimum grade of C and maintain a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 6**
- Complete 1 additional political science course at the 3000 level or higher with a minimum grade of C and maintain a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 7**
- Complete 1 additional political science course at the 3000 level or higher with a minimum grade of C and maintain a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Semester 8**
- Complete 1 additional political science course at the 3000 level or higher with a minimum grade of C and maintain a 2.5 critical-tracking GPA
- 2.0 UF GPA required

**Model Semester Plan**
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

Because a large number of political science courses are approved for general education social and behavioral sciences, the plan below assumes students will take at least 9 credits of GE-S courses. Students should monitor their progress toward general education in their degree audit to ensure they meet the GE-S requirement.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

---

1. If POS 2041 not taken previously.
2. One General Education option taken this term must be a Quest 2 course.
Students are encouraged to use some electives to pursue a minor.

### Academic Learning Compact

The major in political science provides an understanding of how government and politics operate in the U.S. and elsewhere. Students will develop the critical analytic and research skills to study government and politics and be able to articulate information and ideas about government and politics.

### Before Graduating Students Must

- Complete 30 credits of political science coursework with minimum grades of C, including a minimum of 18 credits at the 3000/4000 levels.
- Complete an introductory statistics course.
- Complete two 3000/4000-level political science courses with a writing component, graded by department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

### Students in the Major Will Learn to

#### Student Learning Outcomes (SLOs)

**Content**

1. Identify, describe and define basic factual information and analytical concepts concerning political systems.

**Critical Thinking**

2. Analyze political issues and phenomena using political science concepts, theories and methods through internships and research projects.

**Communication**

3. Use argument and evidence effectively to communicate original analysis of political phenomena.

Portuguese

Hispanic and Latin American Languages, Literatures and Linguistics

Focusing on globalization, diversity, and public engagement, the Hispanic and Latin American Languages, Literatures and Linguistics major provides an interdisciplinary, multilingual approach to the study of Spanish- and Portuguese-speaking cultures drawing from a variety of contemporary perspectives on linguistics, literature, film, theatre, social service, and professions in health, law, business, education, and media.

About this Program

- College: Liberal Arts and Sciences (p. 1008)
- Degree: Bachelor of Arts
- Specializations: Spanish (p. 1566) | Portuguese (p. 1502) | Spanish and Portuguese (p. 1357)
- Credits for Degree: 120
- Contact

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Spanish and Portuguese Studies endeavors to achieve excellence in research, teaching, and public service related to the languages, literature, and cultures of the areas and countries where Spanish and Portuguese are spoken.

Curriculum

- Combination Degrees
- Hispanic and Latin American Languages, Literatures and Linguistics
- Portuguese
- Portuguese Minor
- Spanish
- Spanish and Portuguese
- Spanish for the Professions Certificate

Related Programs

- Latin American Studies Certificate
- Latin American Studies Minor

The Hispanic and Latin American Languages, Literatures and Linguistics major offers the opportunity to gain proficiency in Spanish and/or Portuguese, two of the most important languages spoken in the United States, the Western Hemisphere and the world. The department offers courses of study in language, culture, linguistics, and literature, as well as a series of courses in languages for the professions, which focus on medical, legal, business and other professional contexts.

By studying the literary and linguistic heritage of Spanish and Portuguese, students gain critical reading and writing skills that help them acquire and refine their abilities to speak, understand, read and write one of both of these languages.

The Spanish specialization focuses on the language and culture of Spain and Spanish-America, while the Portuguese specialization stresses the language and culture of Brazil, with complementary study of Portugal and Lusophone Africa. The combined specialization recognizes the increasingly prominent roles that Brazil, Spain and Latin America all play in international affairs, especially as they relate to Florida. Spanish- and Portuguese-speakers constitute the fastest growing immigrant populations in Florida. Studying both languages and cultures provide a competitive edge for those seeking careers in business, industry, tourism, health care, agricultural affairs, government, and education.
B.A. in Portuguese

The major requires 33 credits, beginning with foundational work in Portuguese and then moving on to more advanced coursework in language, culture and literature.

Students must earn minimum grades of C for coursework to count toward the major. POR 3010 is an accelerated course for speakers of Spanish (or French). It fulfills the CLAS foreign language requirement but it does **not** count as a 3000-level course for the major requirements. POR 3010 will satisfy the same requirement as the POR 1130/POR 1131 sequence.

**Required Coursework**

- POR 3242
- 30 additional hours of POR or POW courses at the 3000 and 4000 levels.
  - A minimum of 12 credits must be at the 4000 level.
- Only **one** class in English (PRT) can count towards the major, substituting for POR/POW.
- Classes must be passed with a grade of C or better in order to be counted for the major.
- Two Individual Work courses (POW 4905) may be accepted as part of the major's requirements.
- Select courses outside the department may also count toward the major under special conditions.

**Overseas Study**

The university sponsors a reasonably priced summer B program in Rio de Janeiro, Brazil. Majors and minors are encouraged to participate at the 3000/4000 level, where they will earn six credits. The program also fulfills the summer residency requirement.

**Placement**

See the undergraduate coordinator for placement information, especially for transfer students and heritage speakers.

**Relevant Minors and/or Certificates**

Majors may want to pursue a certificate in Latin American Studies.

**Research**

Students who wish to complete a senior thesis for honors should consult Portuguese faculty at least two semesters in advance of graduation.

---

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**

- 2.0 UF GPA required

**Semester 2**

- 2.0 UF GPA required

**Semester 3**

- Complete POR 1130
- 2.0 UF GPA required
Semester 4
• Complete POR 1131
• 2.0 UF GPA required

Semester 5
• Complete POR 3242 and one additional Portuguese course with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete 3 of the remaining 3XXX/4XXX required courses
• 2.5 critical-tracking GPA required
• 2.0 UF GPA required

Semester 7
• Complete 3 of the remaining 3XXX/4XXX required courses
• 2.5 critical-tracking GPA required
• 2.0 UF GPA required

Semester 8
• Complete all remaining 4XXX required courses
• 2.5 critical-tracking GPA required
• 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete
the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C,
H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the
terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s
academic record and scheduling availability of courses. Prerequisites still apply.

#### Credits 15

**Total Credits 120**

---

1. POR 3010 satisfies the CLAS language requirement, and satisfies the same requirement as the POR 1130/POR 1131 sequence.
2. One General Education option taken this term must be a Quest 2 course.

---

**Academic Learning Compact**

The Bachelor of Arts in Hispanic and Latin American Languages, Literatures and Linguistics enables students to achieve communicative competence in Spanish and/or Portuguese, with an emphasis on all four language skills: speaking, comprehension, reading, and writing. Students will become knowledgeable in the areas of Hispanic and Lusophone cultures, literatures and/or linguistics, and they will learn how to interpret Spanish- and/or Portuguese language texts according to their cultural, literary and linguistic content.

**Before Graduating Students Must**

- Complete all requirements for the baccalaureate degree, as determined by faculty.
- Satisfactorily complete a written assignment in a 4000-level course that includes the written analysis of a text according to its cultural, literary and/or linguistic content. The text analyzed and the analysis will be in Spanish/Portuguese.
- Satisfactorily deliver an oral presentation in Spanish/Portuguese on the topic of the written paper. Presentation will include answering questions from audience members.

**Students in the Major Will Learn to**

### Student Learning Outcomes (SLOs)

**Content**

1. Identify cultural correlates, literary production and/or linguistic structure of texts written in Spanish and/or Portuguese.

**Critical Thinking**

2. Analyze cultural correlates, literary production and/or linguistic structure of texts written in Spanish and/or Portuguese.
Communication
3. Demonstrate competence in written Spanish and/or Portuguese, including knowledge of grammar, vocabulary, orthography and appropriate stylistic conventions.
4. Demonstrate communicative competence in spoken Spanish and/or Portuguese, including the ability to understand the spoken language, speak with correct grammar, vocabulary and pronunciation, and use appropriate registers.

• Latin American Studies Minor

To earn a minor in Portuguese, students must complete 15 credits of coursework at the 3000/4000 level with a POR/POW/PRT prefix. Two of the courses must be taken at the 4000 level.

Students cannot apply POR 3010 toward the minor.

A minimum of nine credits must be completed at UF. Students can apply up to three credits of POW 4905 toward the minor and they must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Psychology

Psychology is the science of human and animal behavior. Psychology majors receive a broad science-based liberal arts education. As a result, those with a Bachelor of Science in psychology are widely sought in business, education, and mental health fields. For a professional career in psychology, a graduate degree is needed.

About this Program

• **College:** Liberal Arts and Sciences (p. 1008)
• **Degree:** Bachelor of Science
• **Specializations:** General Psychology (p. 1522) | Behavior Analysis (p. 1510) | Behavioral and Cognitive Neuroscience (p. 1516)
• **Credits for Degree:** 120
• **Contact:** Email (psych-advising@ufl.edu?Subject=Psychology%20Major)
• More Info

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Psychology is dedicated to the pursuit of excellence in the generation of psychological science and to its application and dissemination. The department is committed to creating and sustaining a diverse, inclusive, and nondiscriminatory environment.

Website (https://psych.ufl.edu/)

GAINESVILLE FL 32611-2250
Map (http://campusmap.ufl.edu/#/index/0749)

Curriculum

• Psychology
• Psychology UF Online

The psychology curriculum at UF provides a strong background to pursue careers in psychology or to prepare students for entry into advanced professional schools such as law or medicine. The curriculum emphasizes the principles and applications of psychological knowledge, both as a natural science and as a social science.

Students in the psychology major can specialize in general psychology, behavioral and cognitive neuroscience, and behavior analysis. All specializations require coursework in psychology, statistics, mathematics, and biology, and all offer the option to conduct a senior honors thesis if
desired. The specializations vary in the specific courses necessary to complete the degree requirements. General psychology requires courses in four core areas within the discipline as well as elective psychology courses. Behavioral and cognitive neuroscience focuses more specifically on natural science-oriented psychology courses and allows students to take limited approved non-psychology courses relevant to contemporary neuroscience. This specialization also requires more math and biology courses than general psychology. Behavior analysis also focuses more specifically on natural science-oriented psychology courses and how the environment around an organism can be modified to change behavior.

Coursework for the Major
A psychology major consists of a minimum of 36 credits with related coursework in biological science, mathematics, and statistics. At least 18 of the 36 credits must be taken at the University of Florida. Courses used toward the major must be earned with minimum grades of C.

Required Coursework
Required coursework will depend on the program the student chooses. Coursework for each specialization can be found below.

Recommended Coursework
In addition to regularly scheduled courses, the department offers six individual work courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSY 4911</td>
<td>Undergraduate Research in Psychology</td>
<td>3</td>
</tr>

<td>Individual Work</td>
<td>1-3</td>
</tr>
<tr>
<td>PSY 4970</td>
<td>Senior Thesis</td>
<td>1-3</td>
</tr>
</tbody>
</table>

Research
Research in psychology means asking questions about behavior, designing and running experiments and collecting data regarding those questions, analyzing and interpreting the results, and communicating these results to colleagues. Developing research skills is encouraged, especially if students anticipate graduate school in psychology or in other professional areas.

Academic Learning Compact
The Bachelor of Science in psychology enables students to achieve a high level of proficiency in the science of psychology, including the core natural and social science areas of psychology. Laboratory courses emphasize students’ understanding of the design, analysis and critical interpretation of psychological research. Students will also refine their core knowledge and understanding of psychological research with advanced coursework in statistics, biology and mathematics.

Before Graduating Students Must
- Demonstrate satisfactory (minimum grade of C) performance on exams, papers and other coursework for six credits in core psychology natural sciences (course prefixes CBH, EAB, EXP and PSB), six credits of core psychology social sciences (course prefixes CLP, DEP, SOP and PPE) and three or four credits of psychological research methodology, design and analysis, as graded by department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.
Students in the Major Will Learn to  
Student Learning Outcomes (SLOs)  

**Content**  
1. Critical knowledge of basic and applied aspects of core natural science areas within psychology as well as core social science areas within psychology.  
2. Knowledge of the design, analysis and interpretation of psychological research.  

**Critical Thinking**  
3. Review, interpret and analyze the literature in psychological science.  

**Communication**  
4. Clearly and effectively present ideas in speech and in writing that contribute to the dissemination of advances in research in psychological science.  

**Curriculum Map**  
All courses available to students are listed in the table; however, students choose six credits in core psychology natural sciences, six credits of core psychology social sciences and three-to-four credits in psychological research methodology, design and analysis.

Curriculum

- Psychology
- Psychology UF Online

The psychology curriculum at UF provides a strong background to pursue careers in psychology or to prepare students for entry into advanced professional schools such as law or medicine. The curriculum emphasizes the principles and applications of psychological knowledge, both as a natural science and as a social science.

Students in the psychology major can specialize in general psychology, behavioral and cognitive neuroscience, and behavior analysis. All specializations require coursework in psychology, statistics, mathematics, and biology, and all offer the option to conduct a senior honors thesis if desired. The specializations vary in the specific courses necessary to complete the degree requirements. General psychology requires courses in four core areas within the discipline as well as elective psychology courses. Behavioral and cognitive neuroscience focuses more specifically on natural science-oriented psychology courses and allows students to take limited approved non-psychology courses relevant to contemporary neuroscience. This specialization also requires more math and biology courses than general psychology. Behavior analysis also focuses more specifically on natural science-oriented psychology courses and how the environment around an organism can be modified to change behavior.

Required Coursework

Students in the behavior analysis specialization are required to complete 36 credits of psychology coursework with minimum grades of C. At least 30 of the 36 credits must be at the 3000-level or above.

- 3 credits, introductory level: PSY 2012 (or equivalent, such as a general psychology course taken elsewhere or credit by exam for PSY 2012 via AP, IB, AICE).
- 12 credits, behavior analysis courses:
  - EAB 3002
  - EAB 3764
  - EAB 4184
  - EAB 4930
- 3 credits, laboratory course: PSY 3213L
- 4 credits, laboratory course: EAB 4714C
- 14 credits additional psychology courses: Students must choose additional 3000/4000-level psychology courses to meet the 36-credit minimum requirement (with the exception that three credits of 2000-level courses can count toward this requirement). In addition, up to nine credits of individual work courses will count toward the 36-credit minimum requirement. Students can also take designated courses in the Women's Studies as part of the 14 elective credits (WST 3323, WST 3371, WST 4704).

Students who wish to transfer courses in psychology toward the major must see an advisor in the department for approval.

Related Coursework

Statistics

STA 2023 and STA 3024 are also required. STA 2023 is a prerequisite for some 4000-level psychology and laboratory courses. STA 3024 must be taken before or concurrently with any specialized psychology laboratory, and it also counts toward the CLAS requirement of 3000-level electives not in the major.

Mathematics

Proficiency through precalculus is required. MAC 1147 (or higher course) will meet this requirement. The combination of MAC 1114 and MAC 1140 may be substituted for MAC 1147.

Biological Science

BSC 2005 or BSC 2010 is required.

All majors are encouraged to see a psychology advisor in 135 Psychology Building. No appointments are necessary and walk-ins are welcome. Advising office hours (http://www.psych.ufl.edu/%7EUndergrad/)

Most of the foundation-level courses and the laboratory methods course are offered each semester. Special topic and other advanced courses are offered less frequently. Fewer courses are offered in summer.
**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

The following critical-tracking courses are required:

- BSC 2005 or BSC 2010
- MAC 1147 or MAC 1140 and MAC 1114
- PSY 2012
- PSY 3213L
- STA 2023

Although not required in the first five semesters, additional psychology courses taken in semesters 1-5 count toward the critical-tracking GPA for the major.

**Semester 1**

- Complete MAC 1140 or MAC 1147
- 2.4 UF GPA required

**Semester 2**

- Complete PSY 2012; if MAC 1140 is taken in semester 1, MAC 1114 must be taken semester 2
- 2.6 UF GPA required

**Semester 3**

- Complete 2 critical-tracking courses from BSC 2005 or BSC 2010, STA 2023 or PSY 3213L with a 2.6 critical-tracking GPA
  
  Students should take PSY 3213L in semester 3 or 4 before taking any additional 3000-level or above psychology courses.
- 2.7 UF GPA required

**Semester 4**

- Complete BSC 2005 or BSC 2010 and STA 2023 (if not previously taken) with a 2.75 critical-tracking GPA
- 2.8 UF GPA required

**Semester 5**

- Complete PSY 3213L (if not previously taken) with 2.75 critical-tracking GPA. Additional Psychology courses taken in semesters 1-5 are included in the critical-tracking GPA.
- 2.8 UF GPA required

**Semester 6**

- Complete two of the remaining EABxxx/4xxx required courses
- Complete STA 3024

**Semester 7**

- Complete two of the remaining EABxxx/4xxx required courses

**Semester 8**

- Complete all remaining EAB 4xxx required courses

**Model Semester Plan**

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).
To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Academic Learning Compact

The Bachelor of Science in psychology enables students to achieve a high level of proficiency in the science of psychology, including the core natural and social science areas of psychology. Laboratory courses emphasize students’ understanding of the design, analysis and critical interpretation of psychological research. Students will also refine their core knowledge and understanding of psychological research with advanced coursework in statistics, biology and mathematics.

Before Graduating Students Must

• Demonstrate satisfactory (minimum grade of C) performance on exams, papers and other coursework for six credits in core psychology natural sciences (course prefixes CBH, EAB, EXP and PSB), six credits of core psychology social sciences (course prefixes CLP, DEP, SOP and PPE) and three or four credits of psychological research methodology, design and analysis, as graded by department rubric.

• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content

1. Critical knowledge of basic and applied aspects of core natural science areas within psychology as well as core social science areas within psychology.

2. Knowledge of the design, analysis and interpretation of psychological research.

Critical Thinking

1. Review, interpret and analyze the literature in psychological science.

Communication

1. Clearly and effectively present ideas in speech and in writing that contribute to the dissemination of advances in research in psychological science.

Curriculum Map

All courses available to students are listed in the table; however, students choose six credits in core psychology natural sciences, six credits of core psychology social sciences and three-to-four credits in psychological research methodology, design and analysis.

I = Introduced; R = Reinforced; A = Assessed

Curriculum

- Psychology
- Psychology UF Online

The psychology curriculum at UF provides a strong background to pursue careers in psychology or to prepare students for entry into advanced professional schools such as law or medicine. The curriculum emphasizes the principles and applications of psychological knowledge, both as a natural science and as a social science.

Students in the psychology major can specialize in general psychology, behavioral and cognitive neuroscience, and behavior analysis. All specializations require coursework in psychology, statistics, mathematics, and biology, and all offer the option to conduct a senior honors thesis if desired. The specializations vary in the specific courses necessary to complete the degree requirements. General psychology requires courses in four core areas within the discipline as well as elective psychology courses. Behavioral and cognitive neuroscience focuses more specifically on natural science-oriented psychology courses and allows students to take limited approved non-psychology courses relevant to contemporary neuroscience. This specialization also requires more math and biology courses than general psychology. Behavior analysis also focuses more specifically on natural science-oriented psychology courses and how the environment around an organism can be modified to change behavior.

Coursework for the Major

A psychology major consists of a minimum of 36 credits with related coursework in biological science, mathematics, and statistics. At least 18 of the 36 credits must be taken at the University of Florida. Courses used toward the major must be earned with minimum grades of C.

Required Coursework

Required coursework will depend on the program the student chooses. Coursework for each specialization can be found below.

Recommended Coursework

In addition to regularly scheduled courses, the department offers six individual work courses:

<table>
<thead>
<tr>
<th>Code</th>

Research

Research in psychology means asking questions about behavior, designing and running experiments and collecting data regarding those questions, analyzing and interpreting the results, and communicating these results to colleagues. Developing research skills is encouraged, especially if students anticipate graduate school in psychology or in other professional areas.

Behavioral and Cognitive Neuroscience

Required Coursework

Students in the behavioral and cognitive neuroscience specialization are required to complete 36 credits of coursework with minimum grades of C. At least 22 credits must be taken in psychology.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Introductory level</td>
<td>PSY 2012 General Psychology (or its equivalent, such as a general psychology course taken elsewhere or credit by exam for this course via AP, IB, AICE, etc.)</td>
<td>3</td>
</tr>
</tbody>
</table>

Foundation core

Each is an introduction to the substantive areas of behavioral and cognitive neuroscience. Select one course from each area:

| Biological Bases          | PSB 3340 Behavioral Neuroscience                   | 3       |
| Learning and Cognition    | EXP 3604 Cognitive Psychology                       | 3       |

Laboratory courses

Select one specialized psychology laboratory course:

| Laboratory in Applied Behavior Analysis | EAB 4714C                                             | 4       |
| Laboratory in Sensory Processes        | EXP 4174C                                             | 3       |
| Laboratory in Cognitive Neuroscience   | PSB 4343C                                             | 3       |
| Individual Work                       | PSY 4905                                              | 3       |

Psychology courses

4000-level psychology courses with a PSB or EXP prefix or approval of the undergraduate coordinator. These courses must be taken in addition to the required laboratory course and individual work courses.

| Additional courses | Psychology courses or approved neuroscience-relevant courses outside psychology to meet the 36-credit minimum requirement | 14      |

Total Credits

36

1. 3 credits may be at the 2000 level or higher
2. The remaining 11 or more credits must be at the 3000/4000 level
3. Any neuroscience-relevant courses outside psychology must be approved by a psychology advisor before enrollment

Students may not take both PSB 3002 and PSB 3340 under any circumstances.

Students who wish to transfer courses in psychology toward the major must see an advisor in the department for approval.
Related Coursework

Statistics
STA 2023 and STA 3024 are also required. STA 2023 is a prerequisite for some 4000-level psychology and laboratory courses. STA 3024 must be taken before or concurrently with any specialized psychology laboratory, and it counts as a 3000+ level elective not in the major.

Mathematics
Proficiency is required. MAC 2311 meets this requirement.

Biological Science
BSC 2010 and BSC 2011 are required.

All majors are encouraged to see a psychology advisor in 135 Psychology Building. No appointments are necessary and walk-ins are welcome.

Most of the foundation-level courses and the laboratory methods course are offered each semester. Special topic and other advanced courses are offered less frequently. Fewer courses are offered in summer.

Critical Tracking
Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

These critical-tracking courses are required: BSC 2010, MAC 2311, PSY 2012, PSY 3213L, PSB 3340, and STA 2023.

Although not required in the first five semesters, additional psychology courses taken in semesters 1-5 count toward the critical-tracking GPA for the major.

Semester 1
• Complete MAC 1147 or MAC 2311
• 2.4 UF GPA required

Semester 2
• Complete MAC 2311
• Complete PSY 2012
• 2.6 UF GPA required

Semester 3
• Complete 2 of the following critical-tracking courses with a 2.6 critical-tracking GPA: BSC 2010, PSB 3340, or PSY 3213L
  Students should take PSY 3213L in semester 3 or 4 before taking any additional 3000-level or above psychology courses.
• 2.7 UF GPA required

Semester 4
• Complete 1 tracking course from BSC 2010, PSB 3340, PSY 3213L or STA 2023 with a 2.75 critical-tracking GPA
• 2.8 UF GPA required

Semester 5
• Complete the final tracking course (BSC 2010, PSB 3340, PSY 3213L or STA 2023) with a 2.75 critical-tracking GPA. Additional psychology courses taken in semesters 1-5 are included in the critical-tracking GPA.
• 2.8 UF GPA required

Semester 6
• Complete 2 of the remaining PSY 3XXX/4XXX required courses
• Complete STA 3024
Semester 7
• Complete 2 of the remaining PSY 3XXX/4XXX required courses
• Complete neuroscience lab: PSB 4343C, EAB 4714C, EXP 4174C

Semester 8
• Complete all remaining PSY 3XXX/4XXX required courses and/or neuroscience relevant courses.

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S). STA 3024 and approved 3000 level or above neuroscience-relevant courses outside the psychology department may count towards the 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Credits 15

Total Credits 120

1. Take MAC 1147, if needed.
2. Must be Quest 2 if not taken Semester 2 or 3.
3. Counts as a 3000-level or above elective, not in the major.

Academic Learning Compact
The Bachelor of Science in psychology enables students to achieve a high level of proficiency in the science of psychology, including the core natural and social science areas of psychology. Laboratory courses emphasize students’ understanding of the design, analysis and critical interpretation of psychological research. Students will also refine their core knowledge and understanding of psychological research with advanced coursework in statistics, biology and mathematics.

Before Graduating Students Must
- Demonstrate satisfactory (minimum grade of C) performance on exams, papers and other coursework for six credits in core psychology natural sciences (course prefixes CBH, EAB, EXP and PSB), six credits of core psychology social sciences (course prefixes CLP, DEP, SOP and PPE) and three or four credits of psychological research methodology, design and analysis, as graded by department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Critical knowledge of basic and applied aspects of core natural science areas within psychology as well as core social science areas within psychology.
2. Knowledge of the design, analysis and interpretation of psychological research.

Critical Thinking
3. Review, interpret and analyze the literature in psychological science.

Communication
4. Clearly and effectively present ideas in speech and in writing that contribute to the dissemination of advances in research in psychological science.

Curriculum Map
All courses available to students are listed in the table, however, students choose six credits in core psychology natural sciences, six credits of core psychology social sciences and three-to-four credits in psychological research methodology, design and analysis.

I = Introduced; R = Reinforced; A = Assessed

General Psychology

Psychology is the science of human and animal behavior. Psychology majors receive a broad science-based liberal arts education. As a result, those with a Bachelor of Science in psychology are widely sought in business, education, and mental health fields. For a professional career in psychology, a graduate degree is needed.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Science
  - **Specializations**: General Psychology (p. 1522) | Behavior Analysis (p. 1510) | Behavioral and Cognitive Neuroscience (p. 1516)
- **Credits for Degree**: 120
- **Contact**: Email (psych-advising@ufl.edu?Subject=Psychology%20Major)
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Psychology is dedicated to the pursuit of excellence in the generation of psychological science and to its application and dissemination. The department is committed to creating and sustaining a diverse, inclusive, and nondiscriminatory environment.

Curriculum

- Psychology
- Psychology UF Online

The psychology curriculum at UF provides a strong background to pursue careers in psychology or to prepare students for entry into advanced professional schools such as law or medicine. The curriculum emphasizes the principles and applications of psychological knowledge, both as a natural science and as a social science.

Students in the psychology major can specialize in general psychology, behavioral and cognitive neuroscience, and behavior analysis. All specializations require coursework in psychology, statistics, mathematics, and biology, and all offer the option to conduct a senior honors thesis if desired. The specializations vary in the specific courses necessary to complete the degree requirements. General psychology requires courses in four core areas within the discipline as well as elective psychology courses. Behavioral and cognitive neuroscience focuses more specifically on natural science-oriented psychology courses and allows students to take limited approved non-psychology courses relevant to contemporary neuroscience. This specialization also requires more math and biology courses than general psychology. Behavior analysis also focuses more specifically on natural science-oriented psychology courses and how the environment around an organism can be modified to change behavior.
Coursework for the Major

A psychology major consists of a minimum of 36 credits with related coursework in biological science, mathematics, and statistics. At least 18 of the 36 credits must be taken at the University of Florida. Courses used toward the major must be earned with minimum grades of C.

Required Coursework

Required coursework will depend on the program the student chooses. Coursework for each specialization can be found below.

Recommended Coursework

In addition to regularly scheduled courses, the department offers six individual work courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Research</td>
<td></td>
<td></td>
</tr>
<tr>
<td>PCO 4911</td>

<td>3</td>
</tr>
<tr>
<td>Community Work</td>
<td></td>
<td></td>
</tr>
<tr>
<td>PSY 4949</td>
<td>Internship in Psychology</td>
<td>1-3</td>
</tr>
</tbody>
</table>

In each case, a psychology faculty member or other approved professional serves as supervisor. A maximum of nine credits of individual work courses from the following can count toward the major:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CLP 3911</td>
<td>Introduction to Clinical Research</td>

<td>1-3</td>
</tr>
</tbody>
</table>

Research

Research in psychology means asking questions about behavior, designing and running experiments and collecting data regarding those questions, analyzing and interpreting the results, and communicating these results to colleagues. Developing research skills is encouraged, especially if students anticipate graduate school in psychology or in other professional areas.

General Psychology

Required Coursework

Students in the general psychology specialization are required to complete 36 credits of psychology coursework with minimum grades of C. At least 30 of the 36 credits must be at the 3000-level or above.

<table>
<thead>
<tr>
<th>Code</th>

Sociocultural / Individual Differences Approaches

Students who wish to transfer courses in psychology toward the major must see an advisor in the department for approval.

**Related Coursework**

**Statistics**
STA 2023 and STA 3024 are also required. STA 2023 is a prerequisite for some 4000-level psychology and laboratory courses. STA 3024 must be taken before or concurrently with any specialized psychology laboratory, and it also counts toward the CLAS requirement of 3000-level electives not in the major.

**Mathematics**
Proficiency through precalculus is required. MAC 1147 (or higher course) will meet this requirement. The combination of MAC 1114 and MAC 1140 may be substituted for MAC 1147.

**Biological Science**
BSC 2005 or BSC 2010 is required.

All majors are encouraged to see a psychology advisor in 135 Psychology Building. No appointments are necessary and walk-ins are welcome.

Most of the foundation-level courses and the laboratory methods course are offered each semester. Special topic and other advanced courses are offered less frequently. Fewer courses are offered in summer.

**Related Psychology Programs**
- Bachelor of Arts in Psychology, UF Online (p. 1528)

**Critical Tracking**
Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

The following critical-tracking courses are required: BSC 2005 or BSC 2010, MAC 1147 or MAC 1140 and MAC 1114, PSY 2012, PSY 3213L, and STA 2023.

Although not required in the first five semesters, additional psychology courses taken in semesters 1-5 count toward the critical-tracking GPA for the major.

**Semester 1**
- Complete MAC 1140 or MAC 1147
- 2.4 UF GPA required
Semester 2
• Complete PSY 2012; if MAC 1140 is taken in semester 1, MAC 1114 must be taken semester 2
• 2.6 UF GPA required

Semester 3
• Complete 2 critical-tracking courses from BSC 2005 or BSC 2010, STA 2023 or PSY 3213L with a 2.6 critical-tracking GPA
  Students should take PSY 3213L in semester 3 or 4 before taking any additional 3000-level or above psychology courses.
• 2.7 UF GPA required

Semester 4
• Complete BSC 2005 or BSC 2010 and STA 2023 (if not previously taken) with a 2.75 critical-tracking GPA
• 2.8 UF GPA required

Semester 5
• Complete PSY 3213L (if not previously taken) with 2.75 critical-tracking GPA. Additional Psychology courses taken in semesters 1-5 are included in the critical-tracking GPA.
• 2.8 UF GPA required

Semester 6
• Complete 2 of the remaining PSY 3XXX/4XXX required courses
• Complete STA 3024

Semester 7
• Complete 2 of the remaining PSY 3XXX/4XXX required courses

Semester 8
• Complete all remaining PSY 3XXX/4XXX required courses

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

**Academic Learning Compact**

The Bachelor of Science in psychology enables students to achieve a high level of proficiency in the science of psychology, including the core natural and social science areas of psychology. Laboratory courses emphasize students’ understanding of the design, analysis and critical interpretation of psychological research. Students will also refine their core knowledge and understanding of psychological research with advanced coursework in statistics, biology and mathematics.

**Before Graduating Students Must**

- Demonstrate satisfactory (minimum grade of C) performance on exams, papers and other coursework for six credits in core psychology natural sciences (course prefixes CBH, EAB, EXP and PSB), six credits of core psychology social sciences (course prefixes CLP, DEP, SOP and PPE) and three or four credits of psychological research methodology, design and analysis, as graded by department rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Critical knowledge of basic and applied aspects of core natural science areas within psychology as well as core social science areas within psychology.
2. Knowledge of the design, analysis and interpretation of psychological research.

**Critical Thinking**

3. Review, interpret and analyze the literature in psychological science.
**Communication**

4. Clearly and effectively present ideas in speech and in writing that contribute to the dissemination of advances in research in psychological science.

**Curriculum Map**

All courses available to students are listed in the table; however, students choose six credits in core psychology natural sciences, six credits of core psychology social sciences and three-to-four credits in psychological research methodology, design and analysis.

Psychology UF Online

Psychology is the science of human and animal behavior. Psychology majors receive a broad science-based liberal arts education. As a result, those with a Bachelor of Arts in psychology are widely sought in business, education, and certain mental health fields. For a professional career in psychology, a graduate degree is needed.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Arts
- **Credits for Degree**: 120
- **Contact**: 1.855.99GATOR | Email (psych-advising@ufl.edu)
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Psychology is dedicated to the pursuit of excellence in the generation of psychological science and to its application and dissemination. The department is committed to creating and sustaining a diverse, inclusive, and nondiscriminatory environment.

**Curriculum**

- Psychology
- Psychology UF Online
The psychology curriculum provides a strong background to pursue careers in psychology, business, education, or health-related fields. The curriculum emphasizes the principles and applications of psychological knowledge, both as a natural science and as a social science. The B.A. in psychology requires courses in four core areas within the discipline as well as elective psychology courses.

**Coursework for the Major**

A B.A. in psychology consists of a minimum of 30 credits in psychology plus related coursework in biological science, mathematics, and statistics. At least 18 of the 30 credits must be taken at UF, and at least 24 of the 30 credits must be at the 3000-level or above. Courses used toward the major must be earned with minimum grades of C.

**Required Coursework**

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSY 2012</td>
<td>General Psychology (or equivalent, such as a general psychology course taken elsewhere or credit by exam for this course via AP, IB, AICE)</td>

</tr>
<tr>
<td>PSY 4970</td>
<td>Senior Thesis</td>
<td></td>
</tr>
<tr>
<td>PSY 4949</td>
<td>Internship in Psychology</td>
<td></td>
</tr>
<tr>
<td>CLP 3911</td>
<td>Introduction to Clinical Research</td>
<td></td>
</tr>
</tbody>
</table>

**Total Credits**

40-47

1 In addition, up to six credits of individual work courses will count toward the 30-hour minimum requirement.

2 In addition to regularly scheduled courses, the department offers four individual work courses, three involving research (PSY 4911, PSY 4905, and PSY 4970) and one involving community work (PSY 4949). Students may enroll in these courses by permission of relevant faculty supervisors.

Students who wish to transfer courses in psychology toward the major must see an advisor in the department for approval.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

**For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.**

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

The following critical-tracking courses are required:
• BSC 2005
• MAC 1147 or MAC 1140 and MAC 1114
• PSY 2012
• PSY 3213L
• STA 2023

Semester 1
• Complete MAC 1140 or MAC 1147
• 2.2 UF GPA required

Semester 2
• Complete PSY 2012; if MAC 1140 is taken in semester one, MAC 1114 must be taken semester two
• 2.3 UF GPA required

Semester 3
• 2.4 UF GPA required
• Complete 2 critical-tracking courses from BSC 2005, STA 2023 or PSY 3213L with a 2.5 critical-tracking GPA

Students should take PSY 3213L in semester 3 or 4 before taking any additional 3000-level or above psychology courses.

Semester 4
• Complete BSC 2005 and STA 2023 (if not previously taken) with a 2.5 critical-tracking GPA
• 2.5 UF GPA required

Semester 5
• Complete PSY 3213L (if not previously taken) with 2.5 critical-tracking GPA
• 2.5 UF GPA required

Semester 6
• Complete 2 of the remaining PSY 3XXX/4XXX required courses

Semester 7
• Complete 2 of the remaining PSY 3XXX/4XXX required courses

Semester 8
• Complete all remaining PSY 3XXX/4XXX required courses

Model Semester Plan
Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Public Affairs Certificate

The Public Affairs certificate is for those interested in government careers and requires courses in public policy and public administration.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 15 | Completed with minimum grades of C
- More Info (http://polisci.ufl.edu/undergraduate/programs/public-affairs-certificate/)
- Student Learning Outcomes (SLOs) (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

The Department of Political Science provides a high-quality educational program for undergraduate students as well as a rigorous honors program. The department also offers a highly selective graduate education ranging from innovative MA programs to a comprehensive PhD program.

Website (https://polisci.ufl.edu/)

Public Leadership Minor

The interdisciplinary Public Leadership minor, offered by the Bob Graham Center for Public Service, is for students interested in careers in the public and private sectors and those interested in acquiring skills to develop as civically responsible citizens. Through coursework and practical experience, students gain the skills and knowledge necessary for effective and ethical leadership careers. The minor complements a variety of majors, including the natural sciences, humanities, social sciences, journalism, and business.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 21 | Completed with a minimum cumulative 3.0 GPA
- **More Info**

Center Information

The Bob Graham Center was established in 2006 with the goal of creating a community of students, scholars, and citizens who share a commitment to revitalizing the civic culture of Florida and the nation. Former Governor and U.S. Senator Bob Graham founded the Center as a place where students acquire the skills and knowledge to become informed citizens, with the expressed purpose of strengthening the nation’s democratic institutions.

Curriculum

- Public Leadership Minor

Students pursuing the minor are expected to engage in the intellectual life of the Bob Graham Center for Public Service by participating in public lectures, workshops, seminars, and civic engagement opportunities the Center offers.

Students must have a 2.75 GPA for admission to the minor and should normally apply during the sophomore or junior year, though they may apply later as long as they will still be able to complete all requirements for the minor within a timely manner that does not delay graduation. Students may apply for the minor through ONE.UF [https://one.ufl.edu/login/](https://one.ufl.edu/login/).

Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward their major(s) or other minors.

## Religion

Events at home and abroad show that religion continues to be a powerful force, with both positive and negative consequences. An undergraduate major in Religion provides students with the basic tools to understand the diversity of religious phenomena throughout the world in their proper historical, socio-political, psychological, cultural, and philosophical contexts.

## About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **Contact:** Email (info@religion.ufl.edu?Subject=Religion%20Major)
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*
Students majoring in religion receive truly interdisciplinary training and many pursue advanced degrees in the humanities, social sciences, law, education, journalism, and social services. Religion majors have also gone on to work in non-governmental organizations, private companies, and religious communities. The religion program complements many other programs at the University of Florida, including Latin American studies, sustainability studies, Jewish studies, African studies, and Asian studies.

Coursework for the Major

The program consists of 10 courses, which include at least one class in three of the following four areas: Asian religions; Islam; and Jewish or Christian scripture; and religion and ethics in contemporary society. In addition, all majors must complete a junior seminar on methods and theories in the study of religion and a comparative East-West capstone seminar.

The 10 courses (30 credits) for the undergraduate major in religion must be completed with minimum grades of C. These courses must be taken from the introductory, intermediate, and advanced levels of the religion curriculum and they must expose the student to both eastern and western thought.

Required Coursework

Select at least one course from three of four groups

Total credits 30

• Majors cannot count more than three introductory courses (2000-level, 9 credits) toward the 30 credits.
• No more than three courses (9 credits) can be in approved cognate courses from other departments.
• No more than four courses (12 credits) can be transferred from another institution.
• Every two semesters all majors must consult the undergraduate advisor.

There are no prerequisites for 2000-level courses. Detailed descriptions of current and prospective courses are available in 107 Anderson Hall and from faculty members before registration.

Overseas Studies
The department encourages study abroad. Overseas Studies, within the UF International Center (UFIC), offers the opportunity to study in a wide range of academic and cultural settings. The office coordinates 32 semester and yearlong programs and 28 summer programs in 24 countries. Study abroad programs satisfy the general education international and diversity requirements and also may fulfill requirements for a major or minor, as well as basic distribution area requirements and UF summer residency. Interested students should contact the UF International Center in 170 Hub or the undergraduate coordinator.

More Info (http://www.ufic.ufl.edu/)

Critical Tracking
Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• 2.0 UF GPA required

Semester 2
• 2.0 UF GPA required

Semester 3
• Complete 1 religion course
• 2.0 UF GPA required

Semester 4
• Complete 1 additional religion course with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete 1 additional religion course with a 2.5 critical-tracking GPA
• 2.0 UF GPA required
Semester 6
• Completed 2 of the remaining REL 3XXX/4XXX required courses
• 2.0 UF GPA required

Semester 7
• Completed 2 of the remaining REL 3XXX/4XXX required courses
• 2.0 UF GPA required

Semester 8
• Completed all remaining REL 3XXX/4XXX required courses
• 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

### Academic Learning Compact

The major in religion examines religion as a significant and pervasive element in human culture. Through study of a variety of religious traditions, students learn about the history, beliefs and practices of the world’s religions. Emphasis on method and theory and religion’s comparative dimensions enables students to read and analyze current literature. Students will be able to locate and use reference tools and demonstrate the ability to communicate independent, critical perspectives.

### Before Graduating Students Must

- Achieve satisfactory evaluation of assignment from REL 3931.
- Achieve satisfactory evaluation of assignment from REL 4933.
- Complete requirements for the baccalaureate degree, as determined by faculty.

### Students in the Major Will Learn to

**Student Learning Outcomes (SLOs)**

**Content**

1. Identify, describe and explain religion as a significant and pervasive element in human culture.

**Critical Thinking**

2. Read and analyze current literature on method and theory in a study of religion.
3. Read and analyze current literature on comparative religion.

**Communication**

4. Effectively communicate, in speech and in writing, and disseminate the results of research in a coherent and organized manner.

### Curriculum Map

- Additional assessment include the department’s senior survey

Religion Minor

The Religion minor provides the opportunity to explore various religions around the world: their scriptures, histories, beliefs, rituals, and communities. A minor in Religion provides students with tools to understand the diversity of religious phenomena throughout the world in their proper historical, socio-political, psychological, cultural, and philosophical contexts.

The B.A. in Foreign Languages and Literatures (FLL) provides students with a comprehensive knowledge of a specific language (or languages) and advanced familiarity with the cultural practices and traditions associated with the language(s) of specialization. The major in FLL enhances critical thinking and communication skills, and provides students with a cross-cultural understanding of our contemporary world. The program allows students the flexibility to explore a single or dual language specialization as well as the opportunity to study culture through interdisciplinary fields of critical concentration, such as Comparative Cultural Studies, Film and Visual Culture, Intensive Area Studies, Literary Studies, and Medieval and Early Modern Studies. A major in FLL offers an excellent basis for a variety of careers, including graduate study in an area of foreign language and culture and/or in the humanities and social sciences, as well as careers in education, international development, diplomacy and government, national security, communications, law, journalism, arts and culture, publishing, and global business. Participation in UF study-abroad programs or a UF approved program is highly encouraged.
Students can tailor their program of study to fit their personal and career goals, be it reading Tolstoy in the original or tapping into one of the hottest emerging global markets. Majors also receive priority placement in our popular study-abroad programs in Moscow.

Completed alone or in combination with a second major, the Russian specialization of the Foreign Languages and Literatures major prepares students for a variety of careers, including law, government, national security, international relations, business, education and graduate programs in the humanities and social sciences. Beyond this, it equips students with analytical skills essential for performing effectively in today’s multicultural world.

Small class sizes and an outstanding professional teaching staff ensure that students have every opportunity to learn and excel.

Students who intend to pursue the Russian specialization or a Russian minor should consult the undergraduate coordinator for Russian studies as soon as possible.

### Coursework for the Major

The Russian specialization in Foreign Languages and Literatures consists of preparatory language study at the beginning and Intermediate levels and 33 hours of advanced language, literature, and culture study in the upper division, at least 30 of which must be at the 3000/4000 level. Majors may take one 3 credit course at a lower level in Russian Literature and Culture in English with the approval of the undergraduate coordinator.

*All coursework for the major must be completed with minimum grades of C.*

RUT 4930  Variable Topics in Russian Studies

Critical Concentration
Select 9 credits from one concentration:¹

1. Intensive Area Studies: Russian ²
2. Comparative Cultural Studies
3. Film and Visual Culture
4. Literary Studies
5. Medieval and Early Modern Studies

Total Credits 33

¹ Although courses may appear in more than one group they may be counted toward only one group.
² Recommended for those planning to pursue careers requiring advanced level skills in Russian or graduate work in Russian Studies.

Overseas Study
Students are encouraged to consider the UF summer program in Russian language and culture at Moscow State University in Russia.

Research
Students with an upper-division GPA of 3.5 are encouraged to write a thesis for high or highest honors at graduation.

Critical Tracking
Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
- 2.0 UF GPA required

Semester 2
- 2.0 UF GPA required

Summer A – Moscow Summer Program (8 credit hours in advanced electives) highly recommended any time after completing two semesters of Russian (RUS 1130/RUS 1131)

Semester 3
- Complete RUS 1130 or higher-level language course with a minimum grade of C
- 2.0 UF GPA required
**Model Semester Plan**

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically GE-C, H, or S). One of the two general education mathematics courses must be a pure math course. 3000 level or above critical concentration courses outside of Russian may count toward the 3000 level or above electives outside of the major.

Beginning language is best started semester 1 and absolutely no later than semester 3, but study abroad or accredited intensive summer courses can be used to fall in with an ideal semester progression.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

</table>
The Foreign Languages and Literatures (FLL) major enables students to achieve communicative competence in their language(s) of specialization. Students will become knowledgeable in the culture and literature and/or linguistics associated with their language area(s) such that they will be able to critically analyze and evaluate authentic sources in the target language(s) and formulate independent, critical perspectives in the target language(s). Further, students will learn the intercultural skills and practical know-how necessary to negotiate traveling, studying, and living in the target culture(s).

Before Graduating Students Must

- Satisfy the Florida statutes for the College-Level Academic Skills Requirement.
- Complete requirements for the baccalaureate degree, as determined by faculty.
- Achieve one or more of the following, as determined by their specialization within the FLL program: an acceptable score on a language proficiency test and/or a satisfactory faculty evaluation of a term paper, final project, or oral presentation completed for a selected advanced course.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Describe and define cultural concepts, literary production, and/or linguistic structure in language(s) of specialization.

Critical Thinking
2. Analyze, interpret, and evaluate texts according to their cultural, literary and/or linguistic content.

Communication
3. Express critical competence in relation to the culture(s) of specialization through performance of comprehensive analysis in written and oral form.
4. Display oral and written proficiency in language(s) of specialization.

¹ Courses focus on the acquisition of the language(s) of specialization at the advanced level.
Courses address literary, cultural, cinematic, historical, and/or social questions.

Assessment Types
- Proficiency exams
- Term papers or final projects
- Oral presentations

Russian and East-European Area Studies Certificate

The Russian and East-European Area Studies certificate provides a foundation for graduate work in the field of and careers in government service. The program is based on a major in economics, foreign languages, geography, history, philosophy, political science, or religion.

About this Program
- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 24 | Completed with minimum grades of C
- **More Info** [here](http://languages.ufl.edu/academics/lkc-languages/russian-studies/)
- **Student Learning Outcomes (SLOs)** [here](https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

Home to 15 different language programs, the Department of Languages, Literatures, and Cultures (LLC) offers training in languages and cultures from all corners of the globe. From Swahili to Italian, Russian to Vietnamese, LLC gives students the opportunity to become cross-cultural experts in an ever-more internationalized world.

For the minor, students must complete at least five Russian courses beyond the 1000 level. Up to six credits transferred from another institution may be applied toward the minor.

Students are required to take RUS 2220 and one 3000/4000 level RUT course. The remaining credits should be RUS and RUW-prefixed courses at the 3000/4000 level.

Students who place out of RUS 2220 and RUS 3240 (without transfer credits) can apply up to nine credits of RUT courses toward the minor. No more than three credits of RUS 4905 can apply.

Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Sociology

Sociology is the study of social life, including the significance of social relationships and institutions, the impact of social change on individuals, groups and the environment, and the causes and consequences of inequalities and disparities of all kinds. Sociology majors examine current research and public policy pertaining to healthcare, the environment, families, employment, housing, the community, education, politics, criminal justice, and the law. Upon graduation, sociology majors are skilled in evidence-based problem solving, collecting, analyzing, and presenting data, communicating and collaborating in diverse groups, thinking critically, and writing effectively.
About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Arts
- **Credits for Degree**: 120

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Sociology and Criminology & Law has over 1,000 undergraduate majors and 100 graduate students. The department’s faculty are internationally known for their research in the areas of families, gender, and sexualities; health, aging, and the life course; environmental and resource sociology; race and ethnicity; criminology and criminal justice; and psychology and law.

- Sociology UF Online

The Sociology major offers broad theoretical perspectives and rigorous methodologies to study social life and to analyze the causes and consequences of human behavior. In particular, sociologists examine how race, ethnicity, gender, sexual orientation, age, class, ability, geography, and other identities are used to create and maintain barriers to access, participation, opportunity, and outcome across all social institutions. Our faculty teach and conduct research on social justice and systemic inequalities; health disparities in physical and mental well-being; environmental justice and natural resource management; deviance, social control, and conflict management; gender, families, and sexualities; social and political movements; nationalism, migration, and ethnic conflict; and culture, technology, and media. Students examine the most pressing social problems in these areas, as well as how different social groups experience and perceive these issues.

Students should listen to these interviews on the department’s website from three recent sociology graduates. Their testimonials describe the varied opportunities in our major and the different career and professional paths they and other sociology majors embark on post-graduation.

More Info ([https://soccrim.clas.ufl.edu/undergraduate/sociology/](https://soccrim.clas.ufl.edu/undergraduate/sociology/))

Coursework for the Major

Majors are required to complete 32 credits of coursework in sociology and 3 credits of statistics with minimum grades of C. At least 23 credits of sociology must be in courses numbered 3000 or higher and at least 18 credits must be completed at UF.

To graduate, students must also pass a department exam covering fundamental sociological concepts developed by the sociology faculty.

</tbody>
</table>
STA 2023 is a prerequisite for SYA 4300.

Students select additional sociology courses to complete the 32-credit minimum by matching interests in different substantive areas.

Majors can only apply two other 2000-level courses besides SYG 2000, for a maximum of nine credits at the 2000 level. There are no prerequisites for 2000-level courses.

Related Coursework
In addition to the 32 credits of sociology coursework, majors are required to complete STA 2023 Introduction to Statistics 1 with a minimum grade of C. STA 2023 must be taken no later than the end of the third semester.

Course Details
All majors should review the department's guidelines or visit the Sociology Undergraduate Coordinator for information about the major, the plan of study worksheet, an informational handout, descriptions of current and prospective courses and other information.

OVERSEAS STUDIES
Majors are encouraged to seek out opportunities for international study, during the summer or for the academic year. The credit generally will be applied toward the major and the degree. Contact the undergraduate coordinator about credit for study abroad. Visit the UF International Center (https://internationalcenter.ufl.edu/) in room 170 of the Hub for more information.

RELEVANT MAJORS, MINORS AND/OR CERTIFICATES
With approximately 600 majors and minors in both Residential and UF Online degree programs, Sociology is one of the largest undergraduate programs at UF. Many of our majors pursue dual degrees, double majors, minors, and certificates in related disciplines, including Psychology, Criminology & Law, Political Science, Anthropology, Sustainability, History, Gender, Sexualities and Women's Studies, Latin American Studies, African American Studies, Non-Profit Organizational Leadership, Advertising, Marketing, and various foreign languages.

EXPERIENTIAL LEARNING AND CAREER READINESS
Sociology majors participate in community internships, collaborate on faculty projects, and conduct research independently on senior thesis projects. These experiential learning opportunities prepare our graduates to embark upon a wide range of career paths including those in public health, government, research, teaching, and community affairs. Sociology graduates pursue careers in law, medicine, and business. Others work as public policy analysts researching issues related to health and aging; social justice, environmental sustainability, and resource management; urban and community development; crime and delinquency; families and communities; and racial, ethnic, and international relations. Many seek advanced degrees in sociology, psychology, counseling, law, and business.

Combination Degrees
The Department of Sociology and Criminology offers a combination BA/MA degree to eligible undergraduate students. Please see the graduate coordinator for more information regarding this degree option. Sociology majors may also consider various combination degrees with other departments and colleges. For example, a Master of Science in Business Administration with a concentration in management is offered through the Warrington College of Business to eligible students who have majored in sociology. Please see the undergraduate coordinator for more information about such degree options.

Research
The department encourages students to engage in the research process, either by conducting their own projects in collaboration with a sociology faculty member or by working with sociology faculty on their current research. These opportunities may be pursued by conducting a senior honors thesis or registering for SYA 4911 Undergraduate Research credit. Please see the undergraduate coordinator for more information and eligibility requirements.

Critical Tracking
Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.
Semester 1
• 2.0 UF GPA required

Semester 2
• Complete 1 sociology course
• 2.0 UF GPA required

Semester 3
• Complete 1 additional sociology course (1 of the 2 courses must be SYG 2000)
• Complete STA 2023
• 2.75 GPA required for all 3 critical-tracking courses
• 2.0 UF GPA required

Semester 4
• 2.75 GPA required for all critical-tracking courses
• 2.0 UF GPA required

Semester 5
• Complete 1 additional sociology course (1 of the 3 must be at the 3000/4000 level)
• 2.75 GPA required for all 5 critical-tracking courses
• 2.0 UF GPA required

Semester 6
• Complete SYA 4300 or SYA 4110
• Complete 1 additional 2000 level or above sociology course (maximum of 2 sociology electives at the 2000 level)
• 2.0 UF GPA required

Semester 7
• Complete 2 additional 3000/4000 level sociology courses
• 2.0 UF GPA required

Semester 8
• Complete SYA 4110
• Complete all remaining 3000/4000 level sociology courses (7 total sociology elective courses/21 SY elective credits required)
• 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

---

1. In addition to SYG 2000 (GE-S), the remaining six credits of GE-S can be satisfied by sociology or non-sociology GE-S courses.

---

**Academic Learning Compact**

The Bachelor of Arts in sociology provides students with knowledge of the basic concepts in the field, sociological perspectives on social structure, process and institutions and sociological perspectives on the relationship between individuals and society. Emphasis is on the ability to understand, analyze and interpret the sociological literature and on effectively communicating sociological concepts and research in the accepted style of presentation.

**Before Graduating Students Must**

- Pass a department exam developed by the sociology faculty that covers fundamental sociological concepts.
- Complete requirements for the baccalaureate degree, as determined by faculty.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Identify, explain and apply basic concepts in sociology.

Critical Thinking
2. Analyze, critique and interpret the sociological literature.
3. Define, classify and compare sociological perspectives on social structure, processes and institutions.
4. Define, classify and compare sociological perspectives on the relationship between individuals and society.

Communication
5. Effectively communicate in speech and in writing sociological concepts and research.

Sociology Minor

The Sociology minor offers broad theoretical perspectives and rigorous methodologies for studying social life and the causes and consequences of human behavior. Coursework examines current research and public policy pertaining to social justice and systemic inequalities; health disparities in physical and mental well-being; environmental justice and natural resource management; deviance, social control, and conflict management; gender, families, and sexualities; employment, housing, and communities; social and political movements; nationalism, migration, and ethnic conflict; and culture, technology, and media. Students analyze the most pressing social problems in these areas, as well as how different social groups experience and perceive these issues. Students' enhanced communication and analytical skills, appreciation for diversity, and ability to work collaboratively provide a competitive edge in today's global marketplace and information society.

Sociology of Social Justice and Policy Minor

The SJP minor offers an interdisciplinary framework grounded in Sociology that allows students to examine systemic inequalities of race, gender, sexual orientation, ethnicity, class, age, mental and physical ability, geography, and other disparities as they occur across social institutions including health, law, criminal justice, families, employment, the environment, education, and housing.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 15-16 | Completed with minimum grades of C and no optional S/U | All credits must be at the 3000-level or above

Department Information

The Department of Sociology and Criminology & Law has over 1,000 undergraduate majors and 100 graduate students. The department’s faculty are internationally known for their research in the areas of families, gender, and sexualities; health, aging, and the life course; environmental and resource sociology; race and ethnicity; criminology and criminal justice; and psychology and law.

Curriculum

- Combination Degrees
- Criminology
- Criminology UF Online
The sociological lens offers broad theoretical perspectives and rigorous methodologies to analyze how, why, and with what consequence systemic inequalities are produced, maintained, and reproduced locally, nationally, and globally. Students pursuing an SJP minor explore the impact of systemic racism in the criminal justice and legal systems; the consequences of unequal access to health care on physical and mental well-being; the impact of environmental hazards on the health and economic opportunities of vulnerable and marginalized populations; the causes and consequences of disparities in access to equal and quality public education; and the dynamics of structural and organizational impediments to enacting change. The SJP minor introduces students to social justice scholars across the campus community, expanding networking and mentoring opportunities, exposing students to diverse ideas, methods, and theories in the area of social justice, and teaching fundamental skills and competencies for careers related to policymaking, advocacy, and research dedicated to social justice issues.

Students should listen to these interviews on the department's website from three recent sociology graduates. Their testimonials describe the varied opportunities in our major and the different career and professional paths they and other sociology majors embark on post-graduation.

More Info (https://soccrim.clas.ufl.edu/undergraduate/sociology/)

**REQUIREMENTS**

- Students must complete a minimum of 9 credits of coursework exclusive to the minor that cannot count toward their major(s) or other minors.
- Students must complete at least 5 courses at the 3000 level or higher and each must be at least three credits.
- A minimum of 9 credits (3 courses) must be from Sociology courses (i.e., courses that begin with the prefix SY), other than SYA4941 Internships in Sociology.
- With the approval of the Sociology Undergraduate Coordinator, students may petition to have other, relevant classes approved as substitutes within each category of electives within the minor. Such courses could include department special topics offerings with numbers like 3930 or 4930.
- No more than three credits of independent study (SYA 4905), research (SYA 4911) or internship (SYA 4941) may count toward the minor.

The SJP minor is not available to Sociology majors.

1. Though SYG 2000 itself is not part of the 15-credit requirement of the SSJP minor, it is a prerequisite for SYO 4530 and for many of the upper-division Sociology electives in which students may be interested in enrolling. Students should plan ahead to ensure they have completed SYG 2000 prior to registering for SYO 4530 and any other relevant SY coursework. Please see or email (ugadvising@soc.ufl.edu) the Coordinator of the SSJP minor for questions related to this requirement.

2. 3 credits of SYA 4905 or SYA 4911 may apply to this category as approved by the Sociology UGC.

Sociology UF Online

Sociology is the study of social life, including the significance of social relationships and institutions, the impact of social change on individuals, groups, and the environment, and the causes and consequences of inequalities and disparities of all kinds. Sociology majors examine current research and public policy pertaining to healthcare, the environment, families, employment, housing, the community, education, politics, criminal justice, and the law. Upon graduation, sociology majors are skilled in evidence-based problem solving, collecting, analyzing, and presenting data, communicating, and collaborating in diverse groups, thinking critically, and writing effectively.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **Contact:** 1.855.99GATOR
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Sociology and Criminology & Law has over 1,000 undergraduate majors and 100 graduate students. The department's faculty are internationally known for their research in the areas of families, gender, and sexualities; health, aging, and the life course; environmental and resource sociology; race and ethnicity; criminology and criminal justice; and psychology and law.

Website (https://soccrim.clas.ufl.edu/)
The Sociology major offers broad theoretical perspectives and rigorous methodologies to study social life and to analyze the causes and consequences of human behavior. In particular, sociologists examine how race, ethnicity, gender, sexual orientation, age, class, ability, geography, and other identities are used to create and maintain barriers to access, participation, opportunity, and outcome across all social institutions. Our faculty teach and conduct research on social justice and systemic inequalities; health disparities in physical and mental well-being; environmental justice and natural resource management; deviance, social control, and conflict management; gender, families, and sexualities; social and political movements; nationalism, migration, and ethnic conflict; and culture, technology, and media. Students examine the most pressing social problems in these areas, as well as how different social groups experience and perceive these issues.

Students should listen to these interviews on the department's website from three recent sociology graduates. Their testimonials describe the varied opportunities in our major and the different career and professional paths they and other sociology majors embark on post-graduation.

More Info ([https://soccrim.clas.ufl.edu/undergraduate/sociology/](https://soccrim.clas.ufl.edu/undergraduate/sociology/))

### Coursework for the Major

Majors are required to complete 32 credits of coursework in sociology and 3 credits of statistics with minimum grades of C. At least 23 credits of sociology must be in courses numbered 3000 or higher and at least 18 credits must be completed at UF.

To graduate, students must also pass a department exam covering fundamental sociological concepts developed by the sociology faculty.

### Course Details

All majors should review the department's guidelines ([https://soccrim.clas.ufl.edu/undergraduate/sociology/academics/requirements/](https://soccrim.clas.ufl.edu/undergraduate/sociology/academics/requirements/)) for information about the major, the plan of study worksheet, an informational handout, descriptions of current and prospective courses, and other information.
EXPERIENTIAL LEARNING AND CAREER READINESS

Sociology majors participate in community internships, collaborate on faculty projects, and conduct research independently on senior thesis projects. These experiential learning opportunities prepare our graduates to embark upon a wide range of career paths including those in public health, government, research, teaching, and community affairs. Sociology graduates pursue careers in law, medicine, and business. Others work as public policy analysts researching issues related to health and aging; social justice, environmental sustainability and resource management; urban and community development; crime and delinquency; families and communities; and racial, ethnic, and international relations. Many seek advanced degrees in sociology, psychology, counseling, law, and business.

RESEARCH

The department encourages students to engage in the research process, either by conducting their own projects in collaboration with a sociology faculty member or by working with sociology faculty on their current research. These opportunities may be pursued by conducting a senior honors thesis or registering for SYA 4911 Undergraduate Research credit. Please contact the undergraduate coordinator for more information and eligibility requirements.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
  • 2.0 UF GPA required

Semester 2
  • Complete 1 sociology course
  • 2.0 UF GPA required

Semester 3
  • Complete 1 additional sociology course (1 of the 2 courses must be SYG 2000)
  • Complete STA 2023
  • 2.75 GPA required for all 3 critical-tracking courses
  • 2.0 UF GPA required

Semester 4
  • 2.75 GPA required for all critical-tracking courses
  • 2.0 UF GPA required

Semester 5
  • Complete 1 additional sociology course (1 of the 3 must be at the 3000/4000 level)
  • 2.75 GPA required for all 5 critical-tracking courses
  • 2.0 UF GPA required

Semester 6
  • Complete SYA 4300 or SYA 4110
  • Complete 1 additional 2000 level or above sociology course (maximum of 2 sociology electives at the 2000 level)
  • 2.0 UF GPA required

Semester 7
  • Complete 2 additional 3000/4000 level sociology courses
  • 2.0 UF GPA required
## Semester 8

- Complete SYA 4110 or SYA 4300
- Complete all remaining 3000/4000 level sociology courses (7 total sociology elective courses/21 SY elective credits required)
- 2.0 UF GPA required

### Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

1 In addition to SYG 2000 (Gen Ed Social and Behavioral Sciences), the remaining six credits of GE-S can be satisfied by sociology or non-sociology Gen Ed Social and Behavioral Sciences courses.

---

**Academic Learning Compact**

The Bachelor of Arts in sociology provides students with knowledge of the basic concepts in the field, sociological perspectives on social structure, process and institutions and sociological perspectives on the relationship between individuals and society. Emphasis is on the ability to understand, analyze and interpret the sociological literature and on effectively communicating sociological concepts and research in the accepted style of presentation.

**Before Graduating Students Must**

- Pass a department exam developed by the sociology faculty that covers fundamental sociological concepts.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Identify, explain and apply basic concepts in sociology.

**Critical Thinking**

2. Analyze, critique and interpret the sociological literature.
3. Define, classify and compare sociological perspectives on social structure, processes and institutions.
4. Define, classify and compare sociological perspectives on the relationship between individuals and society.

**Communication**

5. Effectively communicate in speech and in writing sociological concepts and research.

**Curriculum Map**

**Assessment Types**

- Exit exam

---

**Spanish**

**Hispanic and Latin American Languages, Literatures and Linguistics**

Focusing on globalization, diversity, and public engagement, the Hispanic and Latin American Languages, Literatures and Linguistics major provides an interdisciplinary, multilingual approach to the study of Spanish- and Portuguese-speaking cultures drawing from a variety of contemporary perspectives on linguistics, literature, film, theatre, social service, and professions in health, law, business, education, and media.
About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Arts
- **Specializations**: Spanish (p. 1566) | Portuguese (p. 1502) | Spanish and Portuguese (p. 1357)
- **Credits for Degree**: 120
- **Contact**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Department of Spanish and Portuguese Studies endeavors to achieve excellence in research, teaching, and public service related to the languages, literature, and cultures of the areas and countries where Spanish and Portuguese are spoken.

- Latin American Studies Certificate
- Latin American Studies Minor

The Hispanic and Latin American Languages, Literatures and Linguistics major offers the opportunity to gain proficiency in Spanish and/or Portuguese, two of the most important languages spoken in the United States, the Western Hemisphere and the world. The department offers courses of study in language, culture, linguistics, and literature, as well as a series of courses in languages for the professions, which focus on medical, legal, business and other professional contexts.

By studying the literary and linguistic heritage of Spanish and Portuguese, students gain critical reading and writing skills that help them acquire and refine their abilities to speak, understand, read and write one of both of these languages.

The Spanish specialization focuses on the language and culture of Spain and Spanish-America, while the Portuguese specialization stresses the language and culture of Brazil, with complementary study of Portugal and Lusophone Africa. The combined specialization recognizes the increasingly prominent roles that Brazil, Spain and Latin America all play in international affairs, especially as they relate to Florida. Spanish- and Portuguese-speakers constitute the fastest growing immigrant populations in Florida. Studying both languages and cultures provide a competitive edge for those seeking careers in business, industry, tourism, health care, agricultural affairs, government, and education.

BA in Spanish

The major requires 33 credits, beginning with foundational work in Spanish and then moves on to introductory coursework in culture, literature and linguistics. Pre-foundational coursework required to prepare the student for SPN 2240 or SPN 2340 depends on the student's background in Spanish and an appropriate placement score.

Students must earn minimum grades of C for coursework to count toward the major.

Additionally, there are separate courses designed students who speak Spanish as a heritage language (i.e., who grew up hearing or using Spanish at home).
**Required Coursework**

- SPN 2240 and SPN 3300 (non-bilingual track) or SPN 2340 and SPN 3350 (bilingual track)
- SPN 3700
- At least one SPW 3000-level course, 3 credits
- An additional 21 credits of Spanish courses at the 3000/4000 levels
  - At least 12 of the 21 credits must be at the 4000 level (four courses total)
- Students who transfer credits toward the Spanish major must take at least four 4000-level courses in Spanish at UF
- No more than 3 credits of SPN 4905 may count toward the major

**Recommended Coursework**

Students who have studied six semesters of Spanish or who have equivalent fluency may enroll in one-credit Spanish discussion sections that accompany selected Latin American studies courses in anthropology, art, business, philosophy, religion, sociology, etc. A maximum of three such courses may be credited toward the Spanish major and minor. Refer to the course description for SPN 3224.

More Info (http://spanishandportuguese.ufl.edu/undergraduate-programs/)

- SPN 3301 is the prerequisite for SPN 4420
- SPN 3700 is the prerequisite for 4000-level SPN linguistics courses
- SPN 4780 is the prerequisite for SPN 4840
- The prerequisite for 4000-level SPW courses is one SPW 3000-level course.

**Concentrations**

After completing the introductory courses (SPN 3700 and SPW 3xxx), students may choose to complete their remaining upper division coursework in Hispanic Literatures or Hispanic Linguistics, or a combination of the two. Courses in the literature concentration (indicated with the prefix SPW) focus on the reading, contextualization and critical analysis of literary texts from across the Spanish-speaking world and including a wide range of periods and genres. Courses in the linguistics concentration (indicated with the prefix SPN) focus on the scientific study of the Spanish language and its structures, such as morphology, phonetics, phonology and syntax; as well as more applied linguistic areas such as psycholinguistics, bilingualism, and language acquisition.

**Overseas Study**

Students pursuing a major or a minor in Spanish are strongly encouraged to spend a summer, a semester, or an academic year in a Spanish-speaking country. UF programs are encouraged because they allow for easy transfer of UF credits and courses or course equivalencies. Most financial aid applies in this case as well. Interested students should contact the undergraduate coordinator and the UF International Center, 170 Hub.

**Placement**

Students with no previous study or experience in Spanish will need to complete the beginning language sequence (SPN 1130-SPN 1131) and the intermediate language sequence (SPN 2200-SPN 2201) to prepare for SPN 2240.

Students with prior study or knowledge of Spanish who wish to enroll in a Spanish course can present dual enrollment, AP, IB, or AICE scores, or can take the WebCAPE online placement test (http://spanishandportuguese.ufl.edu/undergraduate-programs/lower-division-spanish-program/spanish-placement/).

Any student who has lived in a Spanish-speaking country for more than a year or who has significant Spanish-speaking experience at home or in a community must consult the coordinator of the bilingual program before enrolling in any SPN language, literature, or culture course. Heritage speakers not planning to take Spanish who wish to show proficiency should consult the Department for information on how to fulfill their foreign language proficiency requirement.

More Info (http://spanishandportuguese.ufl.edu/undergraduate-programs/lower-division-spanish-program/)

**Research**

Students who wish to complete a senior thesis for honors should consult Spanish faculty at least two semesters in advance of graduation.

---

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.
Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

 Semester 1  
- 2.0 UF GPA required

 Semester 2  
- Complete SPN 1130 or a higher-level Spanish course  
- 2.0 UF GPA required

 Semester 3  
- Complete SPN 1131 or a higher-level Spanish course  
- 2.0 UF GPA required

 Semester 4  
- Complete SPN 2200 or continue taking higher-level Spanish coursework with a 2.5 critical-tracking GPA  
- 2.0 UF GPA required

 Semester 5  
- Complete SPN 2201 or a higher-level Spanish course with a 2.5 critical-tracking GPA  
- 2.0 UF GPA required

 Semester 6  
- Complete 3 of the remaining SPANISH 3xxx/4xxx required courses  
- 2.5 critical-tracking GPA required  
- 2.0 UF GPA required

 Semester 7  
- Complete 3 of the remaining SPANISH 3xxx/4xxx required courses  
- 2.5 critical-tracking GPA required  
- 2.0 UF GPA required

 Semester 8  
- Complete all remaining SPANISH 4xxx required courses  
- 2.5 critical-tracking GPA required  
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

SPN or SPW courses (Critical Tracking; 4000 level) 3 9
Electives (3000 level or above, not in major) 6 6

Credits 15

Total Credits 120

1 One General Education option taken this term must be a Quest 2 course.
2 SPN 2240 (or SPN 2340) is the first course that earns credit toward the major or minor. SPN 3300 can be taken concurrently with SPN 2240.
3 Some Spanish courses may also fulfill the H and N general education requirements: SPW 3030, SPW 3031, SPW 3100 and SPW 3101, SPN 3510, and SPN 3520; SPN 3440 fulfills the S and N general education categories.
Academic Learning Compact

The Bachelor of Arts in Hispanic and Latin American Languages, Literatures and Linguistics enables students to achieve communicative competence in Spanish and/or Portuguese, with an emphasis on all four language skills: speaking, comprehension, reading, and writing. Students will become knowledgeable in the areas of Hispanic and Lusophone cultures, literatures and/or linguistics, and they will learn how to interpret Spanish- and/or Portuguese language texts according to their cultural, literary and linguistic content.

Before Graduating Students Must

- Complete all requirements for the baccalaureate degree, as determined by faculty.
- Satisfactorily complete a written assignment in a 4000-level course that includes the written analysis of a text according to its cultural, literary and/or linguistic content. The text analyzed and the analysis will be in Spanish/Portuguese.
- Satisfactorily deliver an oral presentation in Spanish/Portuguese on the topic of the written paper. Presentation will include answering questions from audience members.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify cultural correlates, literary production and/or linguistic structure of texts written in Spanish and/or Portuguese.

Critical Thinking
2. Analyze cultural correlates, literary production and/or linguistic structure of texts written in Spanish and/or Portuguese.

Communication
3. Demonstrate competence in written Spanish and/or Portuguese, including knowledge of grammar, vocabulary, orthography and appropriate stylistic conventions.
4. Demonstrate communicative competence in spoken Spanish and/or Portuguese, including the ability to understand the spoken language, speak with correct grammar, vocabulary and pronunciation, and use appropriate registers.

Spanish for the Professions Certificate

The Spanish for the Professions certificate provides the linguistic skills and cultural knowledge necessary for working in our increasingly global community, focusing specifically on the Spanish-speaking world. Coursework builds cultural background and communicative proficiency, while providing profession-specific language and experience.
About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 12 | Completed with minimum grades of C
- **Contact:** Email (antoniosajid@ufl.edu)
- **More Info** (http://spanishandportuguese.ufl.edu/undergraduate-programs/certificate-in-spanish-for-the-professions/)
- **Student Learning Outcomes (SLOs)** (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

The Department of Spanish and Portuguese Studies endeavors to achieve excellence in research, teaching, and public service related to the languages, literature, and cultures of the areas and countries where Spanish and Portuguese are spoken.

- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The mission of the Department of Statistics is to provide its students with a fundamental understanding of statistical reasoning and methodology, to train them to apply this knowledge to the collection and analysis of data, and to prepare them for careers in a highly technological society in which science and decision-making are increasingly driven by a rapid expansion in the quantity and availability of data.

Curriculum

- Actuarial Science Minor
- Combination Degrees
- Data Analytics Certificate
- Data Science
- Statistics
- Statistics Minor

Statistics majors learn how to design studies that effectively address the purpose of a research project and how to properly analyze the data collected in such studies. Core courses cover statistical methods applicable in a wide variety of settings (e.g., regression and design of experiments) as well as the conceptual and mathematical foundations of statistics. Other courses explore specific data types often encountered in practical settings. Statistics majors have the option to minor in actuarial science, a profession involving the statistical and financial practices of insurance.

Students who wish to major in Statistics must consult a department advisor early in their programs.

Degrees

The College of Liberal Arts and Sciences offers the Bachelor of Science and the Bachelor of Arts in statistics.

Bachelor of Arts

Intended for students who wish to pursue a career in the field of statistics or to teach statistics at the secondary-school level, but who do not currently contemplate graduate study in statistics.
Bachelor of Science
Intended for students who wish to pursue graduate study in statistics or a closely related area, and for other strong students with a deeper interest in the mathematical foundations of statistics.

Coursework for the Major

Required Coursework for Both Degrees

The B. in Statistics requires a minimum of 42 credits in statistics and related coursework. The BS in Statistics requires a minimum of 49 credits in statistics and related coursework. It is important that the prerequisites of each class are met before the class is attempted.

Students must receive minimum grades of C within two attempts (including withdrawals) in every required core course and in every course counted toward the 12 credit elective requirement, with the exception of MAC 2312 and MAC 2313 for the BS, where students must receive a minimum grade of B. Students cannot retake core or statistics elective courses after earning a minimum grade of C, with the exception of MAC 2312 and MAC 2313 for the BS, in which students must receive a minimum grade of B. A minimum GPA of 2.0 must be achieved on all attempts of core and major elective courses and, additionally for the BS, a minimum GPA of 3.0 on MAC 2312 and MAC 2313. The grades from all attempts to satisfy core requirements will be used to compute the minimum GPA. A minimum of 18 credits of major coursework must be taken at UF, including a minimum of 12 credits of core coursework.

¹ The course sequences, STA 4210-STA 4211 and STA 4321-STA 4322 should be completed by the end of the junior year.
² Prerequisite: STA 4210.
³ Prerequisite: STA 4321.
⁴ Students pursuing the major must enroll in the restricted to STA majors only section of STA 4211.

Combination Degree Program

Superior students can earn both the bachelor’s and master's degrees in a shorter time than typically would be possible by counting up to 12 credits of approved graduate courses toward both degrees. For information and application, contact the undergraduate or graduate coordinator.

Relevant Minors and Certificates

Statistics majors may want to consider a minor in actuarial science, which prepares students for careers as actuaries. Required courses cover the material for the beginning examinations and VEE credits leading to an associateship in the major national actuarial societies.

Academic Learning Compact

The statistics major enables students to achieve proficiency in the fundamentals of statistical reasoning. Through study of both theoretical and applied statistics and through data analysis projects, students will gain knowledge in problem solving, statistical applications and data-based inferences. Emphasis is on developing the ability to approach real world problems and through the use of statistical methods to be able to analyze and to draw valid scientific inferences.
Before Graduating Students Must

• Complete an exam on the fundamentals of statistics, which will be 5% of your grade in STA 4211.
• Complete a data analysis project, which will be 10% of your grade in STA 4211.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, define and describe concepts and issues in statistics, including those involved in designing a statistical study, in statistical estimation and in tests of hypotheses.

Critical Thinking
2. Identify sources of variability in a given problem setting and formulate an appropriate statistical analysis.

Communication
3. Clearly and effectively present ideas in speech and in writing concerning statistical issues and analyses of data.

Intended for students who wish to pursue graduate study in statistics or a closely related area, and for other strong students with a deeper interest in the mathematical foundations of statistics.

## Coursework for the Major

### Required Coursework for Both Degrees

The B. in Statistics requires a minimum of 42 credits in statistics and related coursework. The BS in Statistics requires a minimum of 49 credits in statistics and related coursework. It is important that the prerequisites of each class are met before the class is attempted.

Students must receive minimum grades of C within two attempts (including withdrawals) in every required core course and in every course counted toward the 12 credit elective requirement, with the exception of MAC 2312 and MAC 2313 for the BS, where students must receive a minimum grade of B. Students cannot retake core or statistics elective courses after earning a minimum grade of C, with the exception of MAC 2312 and MAC 2313 for the BS, in which students must receive a minimum grade of B. A minimum GPA of 2.0 must be achieved on all attempts of core and major elective courses and, additionally for the BS, a minimum GPA of 3.0 on MAC 2312 and MAC 2313. The grades from all attempts to satisfy core requirements will be used to compute the minimum GPA. A minimum of 18 credits of major coursework must be taken at UF, including a minimum of 12 credits of core coursework.

STA 4322 Introduction to Statistics Theory 1,3 3
STA 4504 Categorical Data Analysis 3
Total Credits 30

1 The course sequences, STA 4210-STA 4211 and STA 4321-STA 4322 should be completed by the end of the junior year.

2 Prerequisite: STA 4210.

3 Prerequisite: STA 4321.

4 Students pursuing the major must enroll in the restricted to STA majors only section of STA 4211.

**Combination Degree Program**

Superior students can earn both the bachelor’s and master’s degrees in a shorter time than typically would be possible by counting up to 12 credits of approved graduate courses toward both degrees. For information and application, contact the undergraduate or graduate coordinator.

**Relevant Minors and Certificates**

Statistics majors may want to consider a minor in actuarial science, which prepares students for careers as actuaries. Required courses cover the material for the beginning examinations and VEE credits leading to an associateship in the major national actuarial societies.

**Bachelor of Arts**

The BA is intended for students who wish to pursue a career in the field of statistics or to teach statistics at the secondary-school level, but who do not currently contemplate graduate study in statistics.

**Additional Required Coursework for BA**

1 Cannot be used for Core and for Math and Science elective.
Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• 2.0 UF GPA required

Semester 2
• Complete MAC 1147 or higher-level calculus
• 2.0 UF GPA required

Semester 3
• Complete MAC 2311
• 2.0 UF GPA required

Semester 4
• Complete MAC 2312 with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 5
• Complete MAC 2313 and STA 3100 with a 2.5 critical-tracking GPA
• 2.0 UF GPA required

Semester 6
• Complete (MAS 3114 or MAS 4105) and STA 4210 and STA 4321
• 2.0 UF GPA required

Semester 7
• Complete STA 4211 and STA 4322
• 2.0 UF GPA required

Semester 8
• Complete STA 4504 and all remaining Statistics and Math and Sciences electives
• 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

MAC 2312, MAC 2313, MAS 4105, and the math elective count towards 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

**Academic Learning Compact**

The statistics major enables students to achieve proficiency in the fundamentals of statistical reasoning. Through study of both theoretical and applied statistics and through data analysis projects, students will gain knowledge in problem solving, statistical applications and data-based inferences. Emphasis is on developing the ability to approach real world problems and through the use of statistical methods to be able to analyze and to draw valid scientific inferences.
Before Graduating Students Must

- Complete an exam on the fundamentals of statistics, which will be 5% of your grade in STA 4211.
- Complete a data analysis project, which will be 10% of your grade in STA 4211.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Identify, define and describe concepts and issues in statistics, including those involved in designing a statistical study, in statistical estimation and in tests of hypotheses.

Critical Thinking
2. Identify sources of variability in a given problem setting and formulate an appropriate statistical analysis.

Communication
3. Clearly and effectively present ideas in speech and in writing concerning statistical issues and analyses of data.

Bachelor of Science

Statistics, the science of learning from data, has become increasingly important as scientists, businesses, and governments rely more and more on data-driven decision-making. Statisticians work in many areas, including business, economics, medicine, epidemiology, agriculture, environmental sciences, sports, and all aspects of government. With the increasing digitization and networking of society, data have become ever more ubiquitous, further expanding the demand for statisticians and their expertise in the collection and analysis of data.

About this Program

- College: Liberal Arts and Sciences (p. 1008)
- Degrees: Bachelor of Arts (p. 1576) | Bachelor of Science (p. 1581)
- Credits for Degree: 120
- Contact: Email (dathien@stat.ufl.edu?Subject=Statistics%20Major)
- More Info

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The mission of the Department of Statistics is to provide its students with a fundamental understanding of statistical reasoning and methodology, to train them to apply this knowledge to the collection and analysis of data, and to prepare them for careers in a highly technological society in which science and decision-making are increasingly driven by a rapid expansion in the quantity and availability of data.
Statistics majors learn how to design studies that effectively address the purpose of a research project and how to properly analyze the data collected in such studies. Core courses cover statistical methods applicable in a wide variety of settings (e.g., regression and design of experiments) as well as the conceptual and mathematical foundations of statistics. Other courses explore specific data types often encountered in practical settings. Statistics majors have the option to minor in actuarial science, a profession involving the statistical and financial practices of insurance.

Students who wish to major in Statistics must consult a department advisor early in their programs.

Degrees
The College of Liberal Arts and Sciences offers the Bachelor of Science and the Bachelor of Arts in statistics.

Bachelor of Arts
Intended for students who wish to pursue a career in the field of statistics or to teach statistics at the secondary-school level, but who do not currently contemplate graduate study in statistics.

Bachelor of Science
Intended for students who wish to pursue graduate study in statistics or a closely related area, and for other strong students with a deeper interest in the mathematical foundations of statistics.

Coursework for the Major
Required Coursework for Both Degrees
The B. in Statistics requires a minimum of 42 credits in statistics and related coursework. The BS in Statistics requires a minimum of 49 credits in statistics and related coursework. It is important that the prerequisites of each class are met before the class is attempted.

Students must receive minimum grades of C within two attempts (including withdrawals) in every required core course and in every course counted toward the 12 credit elective requirement, with the exception of MAC 2312 and MAC 2313 for the BS, where students must receive a minimum grade of B. Students cannot retake core or statistics elective courses after earning a minimum grade of C, with the exception of MAC 2312 and MAC 2313 for the BS, in which students must receive a minimum grade of B. A minimum GPA of 2.0 must be achieved on all attempts of core and major elective courses and, additionally for the BS, a minimum GPA of 3.0 on MAC 2312 and MAC 2313. The grades from all attempts to satisfy core requirements will be used to compute the minimum GPA. A minimum of 18 credits of major coursework must be taken at UF, including a minimum of 12 credits of core coursework.

\(^1\) Students who aim to pursue (doctorate) graduate degrees in the field of mathematical sciences/statistics are encouraged to complete MAA 4211 and/or MAA 4212.

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.
For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
- 2.0 UF GPA required

Semester 2
- Complete MAC 1147 or higher-level calculus
- 2.0 UF GPA required

Semester 3
- Complete MAC 2311
- 2.0 UF GPA required

Semester 4
- Complete MAC 2312 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 5
- Complete MAC 2313 and STA 3100 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 6
- Complete MHF 3202 and STA 4210 and STA 4321
- 2.0 UF GPA required

Semester 7
- Complete MAS 4105 and STA 4211 and STA 4322
- 2.0 UF GPA required

Semester 8
- Complete STA 4504 and all remaining Statistics and Math and Sciences electives
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

MAC 2312, MAC 2313, MAS 4105, and the math elective count towards 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

**Academic Learning Compact**

The statistics major enables students to achieve proficiency in the fundamentals of statistical reasoning. Through study of both theoretical and applied statistics and through data analysis projects, students will gain knowledge in problem solving, statistical applications and data-based inferences. Emphasis is on developing the ability to approach real world problems and through the use of statistical methods to be able to analyze and to draw valid scientific inferences.
Before Graduating Students Must
- Complete an exam on the fundamentals of statistics, which will be 5% of your grade in STA 4211.
- Complete a data analysis project, which will be 10% of your grade in STA 4211.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Identify, define and describe concepts and issues in statistics, including those involved in designing a statistical study, in statistical estimation and in tests of hypotheses.

Critical Thinking
2. Identify sources of variability in a given problem setting and formulate an appropriate statistical analysis.

Communication
3. Clearly and effectively present ideas in speech and in writing concerning statistical issues and analyses of data.

Statistics Minor
The Statistics minor complements and enhances a wide variety of undergraduate majors by providing valuable training in data analysis and statistical modeling and inference.

About this Program
- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 18 | Completed with minimum grades of C and no optional S/U

Department Information
The mission of the Department of Statistics is to provide its students with a fundamental understanding of statistical reasoning and methodology, to train them to apply this knowledge to the collection and analysis of data, and to prepare them for careers in a highly technological society in which science and decision-making are increasingly driven by a rapid expansion in the quantity and availability of data.

Curriculum

- Actuarial Science Minor
- Combination Degrees
- Data Analytics Certificate
- Data Science
- Statistics
- Statistics Minor

- This minor requires a minimum of six (6) STA courses.
  - STA 3024 or STA 3032,
  - STA 3100,
  - the sequence STA 4210 and STA 4211,
  - and at least two (2) approved electives.
- (STA 3024 or STA 3032) and STA 3100 should be taken prior to STA 4210.
- STA 4321 and/or STA 4322 are a prerequisite for many of the approved electives.
- No more than 3 transfer credits may be applied to the minor.
- Students must complete a minimum of 6 credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Sustainability Studies

A Sustainability Studies major prepares students for global citizenship with a firm grounding in the natural sciences, the social sciences, and the humanities. Students in the major explore how to maintain ecological and environmental health, create economic welfare, and pursue social justice in
a changing world. Sustainability studies students gain understanding of the ways in which these three goals are interdependent and explore how they best can be pursued over the long term on local, national, and global levels.

**About this Program**

- **College:** Liberal Arts and Sciences (p. 1008)
- **Degree:** Bachelor of Arts
- **Credits for Degree:** 120
- **Contact:** Email (advisor@advising.ufl.edu?Subject=Sustainability%20Studies%20Major)

To graduate with this major, students must complete all university, college, and major requirements.

**Department Information**

Sustainability Studies prepares students for global citizenship while providing a broad foundation of sustainability knowledge and professional skill sets. Students gain experience and put their learning to work in the capstone internship course, Sustainability in Action.

Website ([https://sustainability.clas.ufl.edu/](https://sustainability.clas.ufl.edu/))

**Curriculum**

- Sustainability Studies
- Sustainability Studies Minor

Sustainability studies investigates the means to maintain environmental health, create economic welfare, and pursue social justice in a changing world. Students gain an understanding of the ways in which these three goals are interdependent and explore how they can best be pursued in the long term at local, national, and global levels.

**Coursework**

Students are required to complete 33 credits of sustainability studies coursework; 15 of these 33 credits must be at the 3000/4000 level. All courses must be completed with minimum grades of C and a minimum of 15 credits of sustainability studies courses must be completed at UF.

For more information about Sustainability Studies and listings of newly available Core Courses and Cluster Courses, please visit the program website. More Info ([https://sustainability.clas.ufl.edu/](https://sustainability.clas.ufl.edu/))

**Critical Tracking**

Critical Tracking records each student’s progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree (p. 1018).

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Five courses required by the end of the fifth semester, selected from:

- IDS 2154; required in either semester 1 or 2
- 3 Sustainability Studies Core courses; one from each of the disciplinary areas
- 2 Sustainability Studies Cluster courses; one at the 3000 level or higher

**Semester 1**

- Complete IDS 2154 or one critical-tracking course
- 2.0 GPA required for all critical-tracking courses
- 2.0 UF GPA required

**Semester 2**

- Complete IDS 2154 or one critical-tracking course
- 2.0 GPA required for all critical-tracking courses
- 2.5 UF GPA required

**Semester 3**

- Complete 1 additional critical-tracking course
- 2.0 GPA required for all critical-tracking courses
- 2.75 UF GPA required
Semester 4
• Complete 1 additional critical-tracking course
• 2.0 GPA required for all critical-tracking courses
• 3.0 UF GPA required

Semester 5
• Complete 1 additional critical-tracking course
• 2.0 GPA required for all critical-tracking courses
• 3.0 UF GPA required

Semester 6
• Complete 1 additional tracking course

Semester 7
• Complete 2 additional Cluster courses

Semester 8
• Complete 1 Cluster course
• Complete IDS 4942

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H or S).

Cluster courses may not count towards the 3000-level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

---

1 Depending on the course(s) taken, the sustainability studies core courses and cluster courses may also meet the following general education categories: biological sciences, humanities, international, physical sciences, or social and behavioral sciences. If a general education category is met through a core or cluster course, the student may substitute elective credit where the GE requirement is listed in the model semester plan.

2 If BSC 2862 taken as natural science core course for major

3 If ECO 2013 not taken.

4 If GLY 2038 taken as natural science core course for major

**Academic Learning Compact**

The Bachelor of Arts in sustainability studies requires students to demonstrate an understanding of the relationship between the goals of sustainability and the activities of the built environment disciplines, including architecture, building construction, historic preservation, interior design, landscape architecture and urban and regional planning.

**Before Graduating Students Must**

- Complete a capstone or independent research project, present your results to a committee of the program’s faculty and receive acceptable assessment.
- Complete requirements for the baccalaureate degree, as determined by faculty.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Define and explain sustainability scholarship, including natural scientific, social scientific and humanistic approaches.
2. Define and explain the relationship of sustainability to ethics, culture and human behavior; economics, law and policy; production systems and the built environment; ecology and environmental stewardship.

Critical Thinking
3. Critically assess sustainability principles and practices.

Communication
4. Effectively write and/or orally communicate a range of approaches, frameworks, principles and practices of sustainability.

Sustainability Studies Minor

The interdisciplinary Sustainability Studies minor benefits from the teaching and research of faculty in multiple departments and colleges, and complements any major.

About this Program
- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 18 | Completed with minimum grades of C

Department Information
Sustainability Studies prepares students for global citizenship while providing a broad foundation of sustainability knowledge and professional skill sets. Students gain experience and put their learning to work in the capstone internship course, Sustainability in Action.

Curriculum

• Sustainability Studies
• Sustainability Studies Minor

Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Required Courses

<table>

Select five approved electives with at least one from each cluster: 1

Cluster A: Ethics, Culture and Human Behavior
Cluster B: Economics, Law and Policy
Cluster C: Production Systems and the Built Environment
Cluster D: Ecology and Environmental Stewardship

Total Credits: 18

1 A minimum of three courses of no fewer than three credits each must be at the 3000 level or above.

Students may apply to enroll in IDS 4942, a 3-credit capstone course that has a service learning, internship, or integrative research project component. If accepted into this capstone course students need only complete four cluster courses (12 credits), one from each of the four clusters.

Approved Cluster Courses

Courses for each cluster include those listed as approved cluster courses (p. 1008) for the sustainability studies major, plus the following options:

Teaching English as a Second Language Certificate

The Teaching English as a Second Language (TESL) certificate is for students who want to teach English as a second language to adults, overseas or in the US.

About this Program

• College: Liberal Arts and Sciences (p. 1008)
• Credits: 18 | Completed with minimum grades of C
• More info (http://lin.ufl.edu/undergraduate/tesl/tesl-certificate/)
• Student Learning Outcomes (SLOs) (https://public.tableau.com/app/profile/uf.oipr4918/viz/UFStudentLearningOutcomesCertificatesOnly/StudentLearningOutcomes/?publish=yes)

Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.

Department Information

The Linguistics Department offers the PhD, MA (both thesis and non-thesis), BA, and two undergraduate minors (the Linguistics minor and the TESL minor). A TESL certificate is offered at the undergraduate level, and a SLAT (Second Language Acquisition and Teaching) certificate at the graduate
level. We currently have almost 30 faculty (combining budgeted and affiliated personnel), well over 100 undergraduate majors, and approximately 40 graduate students.

Theories and Politics of Sexuality Minor

The Theories and Politics of Sexuality minor is useful for anyone who is curious about the place of sexuality and the institutions and practices organized around it (marriage, reproduction, the law, etc.) in life and culture.

About this Program
- **College**: Liberal Arts and Sciences (p. 1008)
- **Credits**: 18 | Completed with minimum grades of C

Department Information

The Department of Gender, Sexuality, and Women's Studies offers academic programs, grants graduate and undergraduate degrees, and advances research in the discipline. Faculty in the department successfully compete for national fellowships and grants, win research and teaching awards, and produce rigorous and transformative research.

Website (http://wst.ufl.edu/)

Map (http://campusmap.ufl.edu/#/index/0014)

Curriculum
- Combination Degrees
- Health Disparities in Society Minor
- Theories and Politics of Sexuality Minor
- Women's Studies
- Women's Studies Minor

Students pursuing the Women's Studies major are not eligible to receive the minor in Theories and Politics of Sexuality (TPS).

- 18 credits of approved coursework
  - 3 credits of either WST 3603 or ENG 4844 (If a student wants to take both classes, one can count as an elective)
  - 15 credits of TPS approved electives as designated on the Women's Studies website. See the Courses (https://wst.ufl.edu/courses/) page for listings each semester.
• Students may count three credits of WST 2611 or WST 2612 or department-approved Quest courses towards their elective credits for the minor; the remaining 15 credits must be at the 3000-level or above.
• No more than three credits of internship or independent study may apply to the minor.
• All courses must be passed with minimum grades of C except internships, which are taken S/U.
• Six transfer credits can apply toward the minor.
• Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.

Each semester, classes approved for this minor will be listed on the Women’s Studies courses webpage and flagged TPS. More Info (http://wst.ufl.edu/courses/electives-for-womens-studies-major-and-minor/)

1. 3 credits of WST 2611 or WST 2612 or department-approved Quest courses may be substituted for one 3 credit 3000-level approved elective.

### Translation Studies Certificate

The Translation Studies certificate prepares students with advanced foreign language proficiency to use these skills in the global marketplace. Learn the foundations of translation theory, and apply an array of tools, methods, and approaches to translation of a variety of texts. In the capstone project, the student translates a text in their area of expertise under the supervision of area, translation, and language specialists.

### About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 9 | Completed with minimum grades of C

*Certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors.*

### Admission Requirements

- An A- or higher in 3rd-year (advanced) language courses in Classics, LLC or SPS
  - OR: high score of proficiency on a standardized language exam or equivalent;
- At least one writing enhanced course;
- Informal recommendation from language instructor willing to oversee capstone project;
- Informal recommendation from instructor in student’s major willing to oversee capstone project.

Women's Studies

Women's Studies explores how gender impacts people's lives and how it connects with other social systems such as race, class, and sexuality. The program draws on interdisciplinary scholarship to deepen students' critical thinking, analytical skills, and practice. Students take courses taught by award-winning faculty in the Department of Gender, Sexuality, and Women's Studies, and may take approved courses offered in departments across the university as electives. Students are encouraged to pursue opportunities in experiential learning through internships and mentored research.

About this Program

- **College**: Liberal Arts and Sciences (p. 1008)
- **Degree**: Bachelor of Arts
  - **Concentrations**: General Concentration | International Perspectives on Gender | Race, Power, and Social Justice | Theories and Politics of Sexuality
  - **Credits for Degree**: 120
  - **More info**

To graduate with this major, students must complete all university, college, and major requirements.
Department Information
The Department of Gender, Sexuality, and Women's Studies offers academic programs, grants graduate and undergraduate degrees, and advances research in the discipline. Faculty in the department successfully compete for national fellowships and grants, win research and teaching awards, and produce rigorous and transformative research.

200 USTLER HALL
GAINESVILLE FL 32611-7352
Map (http://campusmap.ufl.edu/#/index/0014)

Curriculum
- Combination Degrees
- Health Disparities in Society Minor
- Theories and Politics of Sexuality Minor
- Women's Studies
- Women's Studies Minor

Students may elect to follow the general concentration in the major or choose one of the optional specialized concentrations: Health Equity and Social Justice; International Perspectives on Gender, Race, Power, and Social Justice; or Theories and Politics of Sexuality. Minors are available in Women's Studies, Theories and Politics of Sexuality, and Health Disparities in Society. All the courses of study offer a rigorous academic curriculum, along with exciting experiential learning opportunities. The major culminates in an independent capstone project.

Women's Studies majors complete their degrees ready to make competitive applications to graduate and professional school, or to pursue careers in a wide variety of fields, including education, journalism, community activism, arts and entertainment, international relations, law, and health professions. Students should refer to the department website or contact the Women's Studies undergraduate coordinator (undergrad@wst.ufl.edu) for a complete course listing.

More Info (http://wst.ufl.edu/)

Coursework for the Major
The major requires 30 credits of coursework in Women's Studies core and elective courses, at least 24 credits of which must be at the 3000/4000 level. All 30 credits must be completed with minimum grades of C. Students have the option to take elective courses from a variety of departments in addition to those classes offered under the WST prefix designation.

Students are encouraged to fulfill some of the requirements with appropriate study-abroad courses and may petition the program to count courses outside of WST toward the major if they have significant (greater than 50 percent) gender, sexuality, and women's studies content. Students should use the approved plan of study (http://wst.ufl.edu/undergraduate-studies/forms/) worksheets to plan and track their progress through the degree. Many courses offered in other departments are approved for Women's Studies credit and a semester-by-semester list of them is maintained on the program's website.

More Info (https://wst.ufl.edu/courses/electives-for-womens-studies-major-and-minor/)

Required Coursework
A minimum of 18 credits for the major must be taken at UF. A minimum of 24 credits for the major must be at the 3000-level or above.

Combination Degree Programs

Women's Studies is a vibrant discipline that contributes to and is informed by multiple disciplines and fields of study. The undergraduate and masters level programs provide general training in critical thinking, written and oral communication, and specific training in analysis of gender and how it connects with other social systems such as race, class, and sexualities. The combination BA/MA degree offers a useful program for well-qualified students who may want to pursue further studies in a PhD program or pursue careers in a variety of fields such as social service, law, art, health, business, education, policy planning, government and nongovernment organizations, and international development. This accelerated program allows students to complete both the BA and the MA in 5 years, rather than the typical 6 years if done separately. The BA/MA program provides advanced training in research and analytic skills, which will be helpful for future employment and/or doctoral studies.

More info (http://wst.ufl.edu/undergraduate-studies/bama-degree/)

Concentrations

General Concentration

Students in the general concentration tailor their coursework for maximum exposure to the various issues covered by Gender, Sexuality, and Women's Studies scholarship.

Students will take:

1. 15 credits of core requirements comprising WST 3015, one Category A (Race) core course, one Category B (Sexualities) core course, one Category C (Transnational) core course, and WST 4935.
2. 15 credits from an approved list of electives available on the program's website (https://wst.ufl.edu/courses/), updated each semester.

Note:

- Elective credits may include up to 6 credits of experiential learning such as internship, undergraduate research, independent study, or honors thesis
- Elective credits may come from courses with the WST prefix (https://wst.ufl.edu/courses/) or approved courses from other programs (https://wst.ufl.edu/courses/electives-for-womens-studies-major-and-minor/)
- At least 24 of the required 30 credits for the major must be at the 3000-level or higher
- If the student takes 6 credits at the 2000-level or lower, at least three of the credits must have a WST prefix

Health Equity and Social Justice (HESJ)

This concentration emphasizes scholarly ways of theorizing how gender functions with other social systems to influence health and how addressing social inequalities can promote health equity.

Students will take:

1. 15 credits of core requirements comprising WST 3015, one Category A (Race) core course, one Category B (Sexualities) core course, one Category C (Transnational) core course, and WST 4935.
2. 9 credits of approved HESJ electives from an approved list of electives available on the program's website (https://wst.ufl.edu/courses/), updated each semester.
3. 6 additional credits of approved WST electives which may or may not carry the HESJ designation
Note:

• Elective credits may include up to 6 credits of experiential learning such as internship, undergraduate research, independent study, or honors thesis
• Elective credits may come from courses with the WST prefix (https://wst.ufl.edu/courses/) or approved courses from other programs (https://wst.ufl.edu/courses/electives-for-womens-studies-major-and-minor/)
• At least 24 of the required 30 credits for the major must be at the 3000-level or higher
• If the student takes 6 credits at the 2000-level or lower, at least three of the credits must have a WST prefix

International Perspectives on Gender (IPG)
This concentration emphasizes scholarly ways of theorizing experiences of people around the globe, with a transnational perspective on gender, race, nation, sexuality, and power.

Students will take:

1. 15 credits of core requirements comprising WST 3015, one Category A (Race) core course, one Category B (Sexualities) core course, one Category C (Transnational) core course, and WST 4935.
2. 9 credits of approved IPG electives (3 of which can also fulfill Core Category C requirement) from an approved list of electives available on the program’s website (https://wst.ufl.edu/courses/), updated each semester.
3. 6 additional credits of approved WST electives which may or may not carry the IPG designation (OR 9 additional credits if one of the courses taken to fulfill #1 also fulfills #2 above); total credits for the major must add up to 30

Note:

• Elective credits may include up to 6 credits of experiential learning such as internship, undergraduate research, independent study, or honors thesis
• Elective credits may come from courses with the WST prefix (https://wst.ufl.edu/courses/) or approved courses from other programs (https://wst.ufl.edu/courses/electives-for-womens-studies-major-and-minor/)
• At least 24 of the required 30 credits for the major must be at the 3000-level or higher
• If the student takes 6 credits at the 2000-level or lower, at least three of the credits must have a WST prefix

Race, Power, and Social Justice (RPSJ)
This concentration emphasizes scholarly ways of theorizing race and its significance in social organization and culture as it intersects with other social systems.

Students will take:

1. 15 credits of core requirements comprising WST 3015, one Category A (Race) core course, one Category B (Sexualities) core course, one Category C (Transnational) core course, and WST 4935.
2. 9 credits of approved RPSJ electives (3 of which can also fulfill Core Category A requirement) from an approved list of RPSJ electives available on the program’s website (https://wst.ufl.edu/courses/), updated each semester.
3. 6 additional credits of approved WST electives which may or may not carry the RPSJ designation (OR 9 additional credits if one of the courses taken to fulfill #1 also fulfills #2 above); total credits for the major must add up to 30

Note:

• Elective credits may include up to 6 credits of experiential learning such as internship, undergraduate research, independent study, or honors thesis
• Elective credits may come from courses with the WST prefix (https://wst.ufl.edu/courses/) or approved courses from other programs (https://wst.ufl.edu/courses/electives-for-womens-studies-major-and-minor/)
• At least 24 of the required 30 credits for the major must be at the 3000-level or higher
• If the student takes 6 credits at the 2000-level or lower, at least three of the credits must have a WST prefix

Theories and Politics of Sexuality (TPS)
This concentration emphasizes scholarly ways of theorizing sex, sexual identities, and the significance of sexualities in social organization and culture as they intersect with other social systems.

Students will take:

1. 15 credits of core requirements comprising WST 3015, one Category A (Race) core course, one Category B (Sexualities) core course, one Category C (Transnational) core course, and WST 4935.
2. 9 credits of approved TPS electives (3 of which can also fulfill Core Category B requirement) from an approved list of electives available on the program’s website (https://wst.ufl.edu/courses/), updated each semester.

3. 6 additional credits of approved WST electives which may or may not carry the TPS designation (OR 9 additional credits if one of the courses taken to fulfill #1 also fulfills #2 above); total credits for the major must add up to 30

Note:

- Elective credits may include up to 6 credits of experiential learning such as internship, undergraduate research, independent study, or honors thesis
- Elective credits may come from courses with the WST prefix (https://wst.ufl.edu/courses/) or approved courses from other programs (https://wst.ufl.edu/courses/electives-for-womens-studies-major-and-minor/)
- At least 24 of the required 30 credits for the major must be at the 3000-level or higher
- If the student takes 6 credits at the 2000-level or lower, at least three of the credits must have a WST prefix

Course Details

All students, regardless of concentration, take 15 credits of required coursework:

- WST 3015 draws on various materials and methodologies to explore the social construction of women and gender as they intersect with other forms of power; 3 credits.
- One course from each major core category: Category A (Race), Category B (Sexualities), and Category C (Transnational); 9 credits total.
- WST 4935 is taken in the final year and allows students to reflect on their experience in the major and carry their interests forward through structured independent research tied to their scholarly or career interests; 3 credits.

All students also take 15 credits of electives. Students should check the specialization descriptions to see guidelines for selecting elective courses.

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Women’s Studies is a flexible major without a specific gateway course or prerequisites for most upper-division courses. All classes with the WST prefix can count toward the major; additionally, we count some gender- and sexuality-related courses from other programs as well. Two 2000-level classes can count toward the major; however, at least one of those classes must have the WST prefix. Check the program’s website for a semester-specific listing of approved courses.

More Infohttps://wst.ufl.edu/courses/

Students should:

- Maintain a 2.0 overall UF GPA and a 2.5 critical-tracking GPA
- Complete four Women’s Studies courses by the fifth semester; at least two of them must be 3000-level or above. WST 3015 is required (WST 2611 or WST 2612 can allow progression to semester 6, if necessary); students should take WST 3015 by semester 4.
- Completing at least one Category A, B, or C class by semester 5 is highly recommended.

Semester 1

- 2.0 UF GPA required

Semester 2

- 2.0 UF GPA required

Semester 3

- Complete one Women’s Studies course
- 2.0 UF GPA required
SEMESTER 4
• Complete 1 additional Women's Studies course (WST 3015 recommended) with a 2.5 critical-tracking GPA
  • 2.0 UF GPA required

SEMESTER 5
• Complete 2 additional Women's Studies courses with a 2.5 critical-tracking GPA. One class must be WST 3015 if not taken yet; WST 2611 or WST 2612 could also allow progress to semester 6 (recommendation: at least one Category A, B, or C class if not taken yet). At least two of the four courses taken to date for the major must be at the 3000 level or higher.
  • 2.0 UF GPA required

SEMESTER 6
• Complete 2 additional Women's Studies courses at the 3000 or 4000 level; at least one class must be WST 3015 if not taken yet (recommendations: at least one Category A, B, or C class if not taken yet). At least four of the six courses taken to date for the major must be at the 3000-level or higher.
  • 2.0 UF GPA required

SEMESTER 7
• Complete 2 additional Women's Studies courses at the 3000 or 4000 level (recommendations: at least one Category A, B, or C class if not taken yet, WST 4935 this semester or next). At least six of the eight courses taken to date for the major must be at the 3000-level or higher.
  • 2.0 UF GPA required

SEMESTER 8
• Complete 2 additional Women's Studies courses at the 3000 level at least one Category A, B, or C class if not taken yet, WST 4935 if not taken yet. At least eight of the ten courses taken to date for the major must be at the 3000-level or higher.
  • 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically Quest 1 or 2), although some Women's Studies courses also carry these designations. CLAS requires all students to take 18 credits of electives at the 3000-level or higher outside of the major. Therefore, Women's Studies and gender-related courses that count toward your major may not also count towards the CLAS 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

### Total Credits

**Total:** 120

---

**1** Recommended; or Category A, B, or C course; or other approved WST elective.

**2** One general education option taken this term must be a Quest 2 course.

---

**Academic Learning Compact**

The Bachelor of Arts in women and gender studies provides knowledge of the core concepts of the interdisciplinary fields of gender and women's studies. It offers insights into gender's role in shaping human experience in U.S. and international contexts. Students will learn the theories behind gender and women's studies and how to interpret texts in light of those theories. They will also learn the field's research methods and they will demonstrate the ability to communicate critical perspectives in the field.

**Before Graduating Students Must**

- Satisfactorily complete an internship with an outside agency, a service learning course or a research-based project submitted for evaluation to core or affiliated women's studies faculty. Assessment will be based on SLOs 1-3.
- Complete requirements for the baccalaureate degree, as determined by faculty.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Identify the terminology and concepts central to the interdisciplinary field of gender and women's students.

Critical Thinking
2. Examine and interpret material using the theory and research methods of gender and women's studies and apply these ideas to current social issues.

Communication
3. Present ideas concerning gender and women's studies in spoken and written form.

Women's Studies Minor
Women's Studies explores the ways gender impacts people's lives as it intersects with other systems of power such as race, class, and sexuality. The minor draws on interdisciplinary scholarship to promote equity and social justice while deepening students’ critical thinking and analytical skills. Students take courses taught by award-winning faculty in the Department of Gender, Sexuality, and Women's Studies, and may take approved courses offered in departments across the university as electives. There are also opportunities to engage in experiential learning through internships and mentored research. The minor is open to students from across the university, including those outside the College of Liberal Arts and Sciences.

About this Program
- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 18 | Completed with minimum grades of C

Department Information
The Department of Gender, Sexuality, and Women's Studies offers academic programs, grants graduate and undergraduate degrees, and advances research in the discipline. Faculty in the department successfully compete for national fellowships and grants, win research and teaching awards, and produce rigorous and transformative research.

Curriculum
- Combination Degrees
- Health Disparities in Society Minor
- Theories and Politics of Sexuality Minor
• Women's Studies
• Women's Studies Minor

Requirements
• No more than three credits of independent study or internship may apply to the minor.
• All courses must be completed with minimum grades of C except internships, which are taken S/U.
• Six transfer credits can apply toward the minor.
• Students must complete a minimum of six credits of coursework exclusive to the minor that cannot count toward the major(s) or other minors.
• At least 15 credits for the minor must be at the 3000-level or above; up to 3 credits may be at the 2000-level if they have the WST prefix or are on a list of department-approved Quest courses.

Each semester, classes approved for this minor will be listed on the Women's Studies courses webpage.

1 3 credits of WST courses at the 2000-level or department-approved Quest courses may be substituted for one 3 credit 3000-level approved elective.

Zoology

Zoology majors focus on the study of individual organisms and populations, as well as their relationships to each other and the environment, with the core foundation of evolution and ecology. Courses also emphasize the disciplines of anatomy, behavior, genetics, physiology, and other specialized fields.

About this Program
• **College:** Liberal Arts and Sciences (p. 1008)
• **Degree:** Bachelor of Science
• **Credits for Degree:** 120
• **More info**

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Department of Biology studies life at all levels from molecules to the biosphere to understand the evolution, structure, maintenance and dynamics of biological systems. Our teaching and research provide the integrative and conceptual foundations of the life sciences.

Curriculum
• Biology UF Online
• Biology | CALS
• Biology | CLAS
• Botany Minor
• Botany | CALS
Courses introduce Zoology majors to a wide variety of topics while allowing individual interests to be pursued. Advanced undergraduate students are encouraged to participate in research with faculty.

Most career opportunities require advanced studies beyond the bachelor's degree. This includes preparation for graduate studies or employment in disciplines such as zoology, ecology, conservation, and biology research; preparation for medical, dental, or veterinary programs; or preparation for secondary-school teaching.

Ultimately, the undergraduate degree in zoology will be shaped by students' coursework, laboratory experience, field work, and the instructors they encounter. These experiences will help to shape their goals as biologists with a focus on Zoology.

Majors should work both with a department advisor and a CLAS advisor. CLAS advisors will assist with degree requirements, university and college policy and course selection. Department advisors will help students select appropriate graduate programs, guide them in the admissions process, and help identify appropriate career choices.

More Info (https://biology.ufl.edu/undergraduates/zoology/)

### Coursework for the Major

A Zoology major consists of a minimum of 32 credits of core zoology coursework plus a minimum of 31 credits of foundation coursework in chemistry, physics, and mathematics/statistics. Courses used toward the major must be completed with minimum grades of C.

Total Credits: 83-87

1. Students may not apply ZOO 4232, ZOO 4905, ZOO 4911, or ZOO 4940 toward this requirement.
2. Including up to two zoology major-approved biological science courses (https://biology.ufl.edu/undergraduates/approvedcourses/) (3000/5000 level) outside of zoology.
3. Up to six credits of Individual Studies in Zoology will count toward this requirement:
   - BOT 4911
   - BSC 4910
   - BSC 4912
   - ZOO 4905
   - ZOO 4911

Students should begin the chemistry and math sequences as soon as possible. A full year of calculus and a course in statistics (such as STA 2023) are highly recommended.

Transfer students must take at least three courses from the Department of Biology (excluding ZOO 4905, ZOO 4911, and ZOO 4940) at the University of Florida as part of the requirements for the major.

Additional Zoology Courses

1. Up to six credits of Individual Studies in Zoology will count toward this requirement:
   - BOT 4911
   - BSC 4910
   - BSC 4912
   - ZOO 4905
   - ZOO 4911

2. Students may not apply ZOO 4232 or ZOO 4940 toward this requirement.

Relevant Minors and/or Certificates

Majors in Zoology can minor in most other disciplines, and this is a good way to organize students’ electives around areas of interest. For instance, a Zoology major can earn a minor in chemistry by adding just two chemistry courses: CHM 3400, CHM 3610, or any 4000-level CHM course. Students could also consider language and humanities minors. Note that Zoology majors cannot minor in Biology, nor can Biology majors minor in Zoology, as the curricula for the Zoology and Biology majors are too similar.

Zoology students might want to consider the UFTeach Program. There is a severe shortage of qualified high school science teachers in Florida and nationwide. Students interested in the high-demand teaching profession should see a biology department advisor or the UFTeach advisor. Students who complete the UFTeach minor in science teaching and a BS in Zoology will have the coursework and preparation for professional teacher certification in Florida when they graduate. More Info (http://education.ufl.edu/uf-teach/)

Research

All Zoology majors are strongly encouraged to participate in research. Research experience is valuable on many levels: it diversifies a student’s college experience; it teaches students how scientists apply the knowledge gained in the classroom to real-world questions; it gives students the opportunity to work with and get to know researchers who are the best in their field; it introduces students to cutting-edge scientific questions and techniques; it enhances students’ resume/CV if they apply to graduate or professional school; and finally, it is essential in helping students determine if science is a good career choice for them.

More Info (https://biology.ufl.edu/undergraduates/research/)

CLAS Zoology majors may participate in research for course credit, as a scholar (e.g., University Scholar, HHMI Science for Life Scholar, Beckman Scholar), as a volunteer, or, in rare cases, as a paid research assistant. Please visit Undergraduate Research for more information regarding course credit. Students who plan to enroll for course credit must contact potential research mentors before the end of drop/add. If they miss the drop/add window, they should still contact potential research mentors, if only to discuss upcoming opportunities.
Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

For degree requirements outside of the major, refer to CLAS Degree Requirements: Structure of a CLAS Degree.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
- Complete one of the following in BSC, CHM, or MAC: BSC 2010/BSC 2010L; CHM 1025 or CHM 2045/CHM 2045L; MAC 1114, MAC 1140, MAC 1147, or MAC 2311
- 2.0 UF GPA required

Semester 2
- Complete CHM 2045/CHM 2045L; and BSC 2010/BSC 2010L or MAC 2311
- 2.0 UF GPA required

Semester 3
- Complete BSC 2010/BSC 2010L and MAC 2311 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 4
- Complete CHM 2046/CHM 2046L and BSC 2011/BSC 2011L with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 5
- Complete CHM 2210 with a 2.5 critical-tracking GPA
- 2.0 UF GPA required

Semester 6
- Complete at least one 3000/4000 level course towards the required core coursework (3000/4000 level ZOO course, PCB 3063, BSC 3402, PCB 4043C, PCB 4674, PCB 5415C, PCB 4723C, or approved biological science course)
- 2.0 UF GPA required

Semester 7
- Complete Physics I requirement: PHY 2053/PHY 2053L or PHY 2048/PHY 2048L
- Complete at least two 3000/4000 level courses towards the required core coursework
- 2.0 UF GPA required

Semester 8
- Complete all remaining major course requirements.
- 2.0 UF GPA required

Model Semester Plan

Students are expected to complete the writing requirement while in the process of taking the courses below. Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements concurrently with another general education requirement (typically, GE-C, H, or S).

Approved Zoology electives outside of the department may not count towards the 3000 level or above elective outside of the major requirement. CHM 2211, CHM 2211L, PHY 2054, PHY 2054L, PHY 2049, and PHY 2049L may count towards 3000 level or above electives outside of the major.

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.
This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Zoology course (or other approved biological sciences course) 3-4

Credits 15-18
Total Credits 120

1 Select CHM 2211 if CHM 2210 was taken Semester 3.

Academic Learning Compact
The Bachelor of Science in zoology offers students an education in the life sciences with an emphasis on animal systems. Students gain knowledge about the diversity of life (its evolution and significance) and about the structure of organisms and ecosystems and how they function (i.e., the acquisition, flow, organization and uses of information, energy and nutrients in living systems). They will learn about the scientific method and how it facilitates the discovery of new knowledge in zoology and biology. This includes how to critically evaluate hypotheses and conclusions in science using verifiable data and how to clearly and effectively communicate the major concepts and hypotheses in zoology and biology and in an appropriate style of presentation.

Before Graduating Students Must
• Pass an assessment in the two or three 3000/5000-level zoology courses.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)
Content
1. Identify, describe and define the basic terminology, concepts, methodologies and theories used within the biological sciences.

Critical Thinking
2. Analyze biological information and develop reasoned solutions to problems using the processes and applications of scientific inquiry.
3. Discriminate ethical behavior from unethical behavior in scientific research.

Communication
4. Communicate knowledge, ideas and reasoning clearly and effectively in written or oral forms appropriate to the biological sciences.

Zoology Minor

The Zoology minor provides a solid foundation in the biology of animals, from the molecular to the organismal level, as well as their relationships to each other and the environment.

About this Program

- **College:** Liberal Arts and Sciences (p. 1008)
- **Credits:** 17-18 | Completed with minimum grades C

Department Information

The Department of Biology studies life at all levels from molecules to the biosphere to understand the evolution, structure, maintenance and dynamics of biological systems. Our teaching and research provide the integrative and conceptual foundations of the life sciences.

Website (https://biology.ufl.edu/)

Total Credits: 17-18

Minimum of three courses and nine credits; must include at least one ZOO course.

Not all PCB and ZOO courses are offered by the Department of Biology. Students should search “Zoology” or “Biological Sciences” on https://one.ufl.edu/soc/ to ensure that their desired courses are in the correct department.
Excluding PCB 1050, PCB 1051, PCB 2050, PCB 2441, PCB 3134, PCB 3601C, PCB 4233, PCB 4522, PCB 4917, ZOO 4232, and any other courses not offered by the Department of Biology.

---

**Natural Resources and Environment, School of**

The School of Natural Resources and Environment provides interdisciplinary environmental degree programs and develops leaders with integrated thinking about natural and social systems. The school's undergraduate curriculum spans the range of human knowledge needed to solve complex environmental problems not amenable to narrowly based solutions.

**Contact**

103 Black Hall  
P.O. Box 116455  
University of Florida  
Gainesville, FL 32611-6455

Map (http://campusmap.ufl.edu/?loc=0724) More Info (http://snre.ufl.edu/)

**Established**

1995

**Degrees**

Bachelor of Science in environmental science with specializations in environmental science and natural resource management, and a Bachelor of Arts in environmental science with specializations in environmental education, environmental policy and environmental policy and business.

**Internships and Career Guidance**

The dean's office maintains a list of potential sources of internships. The school grants course credit for internships (S-U grades, 1-3 credits, one per semester up to a maximum of three semesters) to enable maintenance of student status.

**Programs**

The school operates horizontally across UF's structure of academic disciplines, offering more than 200 courses taught in 50 departments. Faculty members from these departments are affiliated with the school.

**Scholarships**

General financial aid information is available from the Office of Student Financial Affairs. Students are eligible for scholarships awarded by the College of Agricultural and Life Sciences.

More Info (http://cals.ufl.edu/students/scholarships.php)

- School Website (http://snre.ufl.edu/)
- Combination Degrees (p. 1734)
- Computer Requirement (http://www.it.ufl.edu/policies/student-computing-requirements/)

**Academic Policies**

**Admission Requirements**

Admission requirements for freshmen and students other than first-semester freshmen are found in the College of Agricultural and Life Sciences’ Academic Policies.
School Requirements and Regulations
Students admitted to the school have full responsibility for registering for appropriate courses and fulfilling school and university requirements. During their first term in the school, students must obtain academic advising and a plan of study worksheet from 103 Black Hall.

Students should review the relevant information in this catalog each term to track and plan the progress of their academic work. Failure to understand and follow these guidelines could cause unnecessary hardship, delay and expense.

Probation
Refer to the College of Agricultural and Life Sciences' Academic Policies.

Degree Requirements
Graduation requires satisfactory completion of 120 credits for the BS or BA degree and a cumulative 2.00 GPA in both the upper-division and the overall UF GPA.

Graduating with Honors (p. 1717)

Programs
MAJORS
• Combination Degrees
• Environmental Science

MINORS
• Environmental Science Minor

Combination Degrees
Eligible seniors in the School of Natural Resources and Environment can also participate in a combination degree that combines a BA/BS in environmental science with a Master of Science in interdisciplinary ecology.
More Info (p. 1734)

Environmental Science
Environmental Science integrates natural and social sciences to study the interrelationships between people and nature. Using an interdisciplinary approach that incorporates academic fields like ecology, hydrology, earth and soil sciences, natural resource management, ethics, as well as environmental policy and law, the Environmental Science program empowers students to analyze complex environmental issues across multiple perspectives. In doing so, Environmental Science students learn to assess causes of environmental problems and apply their knowledge to develop solutions to these problems.

About this Program
• College: Agricultural and Life Sciences (p. 105)
• School: Natural Resources and Environment (p. 1617)
• Degrees: Bachelor of Arts (p. 1620) | Bachelor of Science (p. 1629)
• Credits for Degree: 120
• More Info

To graduate with this major, students must complete all university, college, and major requirements.

School Information
The School of Natural Resources and Environment (SNRE) offers campus-wide, interdisciplinary degree programs at both the undergraduate and graduate levels. SNRE is governed by the SNRE Advisory Board and advised by the SNRE Faculty Advisory Council.
Website (http://snre.ifas.ufl.edu/)

CONTACT
Email (ashleymartin@ufl.edu) | 352.392.9230
P.O. Box 116455
103 BLACK HALL
The School of Natural Resources and Environment’s environmental science degrees approach complex environmental issues with multidisciplinary academic knowledge and interdisciplinary perspectives to prepare graduates for jobs in environmental consulting companies, government environmental offices, land and water management agencies, or non-government organizations. SNRE’s environmental science degrees are campus-wide programs, allowing students to learn from experts in multiple academic units at the University of Florida. Multiple course options are available to meet most degree requirements, giving students a large degree of flexibility in customizing their program of study to suit their individual interests with the assistance of our advising staff.

About half of Environmental Science students advance to graduate or professional degree programs. The combination of the school’s broad undergraduate degree with a subsequent graduate or professional degree is highly marketable.

The school also offers a combination degree program that pairs a bachelor’s degree in environmental science with a Master of Science in interdisciplinary ecology.

### Requirements and Differences Between BA and BS Degrees

Both Bachelor of Science and Bachelor of Arts degrees prepare students for a wide range of careers in environmental science. The BS places greater emphasis on the natural sciences, whereas the BA is more focused on the social sciences and their application to economics, policy, and management.

The freshmen and sophomore years lay a foundation of coursework through critical tracking classes for building later expertise. Students need to know the natural sciences of physics, chemistry, and biology. Study of microeconomics and macroeconomics is required to understand the human economy. Introductory statistics empowers students to independently evaluate quantitative data. College algebra (BA) and an introduction to calculus (BS) enable students to work with rates of change, the heart of ecological science.

</tbody>
</table>

In addition to the critical tracking requirements, students admitted as freshmen are responsible for completing the university’s general education and writing requirements.

Certain critical tracking and core courses simultaneously fulfill general education and writing requirements, and students should seek to maximize the number of overlapping courses for efficiency. For most students, all but 15 credit hours of the general education requirement are met through the B.A. and B.S. curriculum.

- Biological and Physical Science and Mathematics requirements are satisfied through critical tracking coursework
- The Social and Behavioral Science requirement is satisfied through critical tracking coursework and the civic literacy requirement. SNRE recommends POS 2041 to meet the civic literacy requirement.
- Humanities: choosing Humanities courses that simultaneously meet the International and Diversity General Education requirements is recommended. To meet the state core requirement, recommended options are ARH 2000, MUL 2010, and THE 2000. For Quest 1 courses that also include Gen Ed International or Diversity, see http://undergrad.aa.ufl.edu/uf-quest/students/quest-courses/.
- Additional Required: this requirement is met by critical tracking and Quest 2.
- Composition: one General Education Composition course is chosen according to placement. The required writing course ENC 3254 fulfills the remaining requirement.
• Writing Requirement: the General Education Composition class awards 6000 words, as does ENC 3254. The remaining 12000 words should be earned by a combination of eligible core classes and electives.

After General Education and most critical-tracking coursework is complete, students begin to take the degree's core courses (40-46 credits for the BA, 40-47 credits for the BS), providing a base of common knowledge and experience in subjects essential to Environmental Science. During the fourth year, students enroll in SNRE's capstone course that further develops and assesses critical thinking skills by confronting conflicts of ecological and economic paradigms, synthesizing across physical, biological, and social systems, and engaging diverse knowledge and views to help resolve key environmental problems.

**Bachelor of Arts**

The Bachelor of Arts degree in environmental science focuses on the social sciences that connect the natural sciences and engineering to society. Emphasis is placed in the areas of environmental policy & law and resource economics, making the B.A. the preferred degree for students interested in the policy aspects of environmental consulting and public agency work or advancing to law school.

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
  - 2.5 GPA required for all critical-tracking courses
  - 2.0 UF GPA required

**Semester 2**
- Complete 2 additional critical-tracking courses
  - 2.5 GPA required for all critical-tracking courses
  - 2.0 UF GPA required

**Semester 3**
- Complete 2 additional critical-tracking courses
  - 2.5 GPA required for all critical-tracking courses
  - 2.0 UF GPA required

**Semester 4**
- Complete 2 additional critical-tracking courses
  - Complete at least 1 core course
  - 2.5 GPA required for all critical-tracking courses
  - 2.0 UF GPA required

**Semester 5**
- Complete all 9 critical-tracking courses
  - Complete at least 1 core course
  - 2.5 GPA required for all critical-tracking courses
  - 2.0 upper division GPA required
  - 2.0 UF GPA required

**Semester 6**
- Complete at least 2 core classes
  - 2.0 upper division GPA required
  - 2.0 UF GPA required

**Semester 7**
- Complete at least 1 core course
  - 2.0 upper division GPA required
  - 2.0 UF GPA required
**Semester 8**

- Complete EVS 4021 (capstone) and the remaining courses for the degree
- 2.0 upper division GPA required
- 2.0 UF GPA required

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.*

1 From Approved Electives list.

Approved Electives

Beyond the core requirements, each student selects additional credits from a wide list of approved electives according to individual interest, allowing students to broaden their skillset or specialize in a particular aspect of environmental science.

Elective Requirement

- Communication & Leadership 3-6 credits
- Additional Skills and Concepts 6-15 credits
- Biological Sciences 3-12 credits
- Human Dimensions 6-15 credits

Students interested in taking courses not on the master list, including requirements for pre-Veterinary and pre-Medical students, must contact the undergraduate coordinator for approval.

Students can substitute appropriate graduate courses for electives, with approval of the school and permission of the instructor. To substitute a 5000-level course or higher, the student must have senior standing and a minimum junior/senior-level GPA of 3.0.

Transfer and HSAA students may enroll in ALS 4932 Connecting with CALS (3 credits) and count the class towards their Environmental Science major as a Human Dimensions elective.

**Additional Skills and Concepts**

Select 6-15 credits

**Business Management & Finance**
- ACG 2021  Introduction to Financial Accounting
- AEB 3133  Principles of Agribusiness Management
- AEC 4500  Program Development and Evaluation
- BUL 4310  The Legal Environment of Business
- FIN 3403  Business Finance
- MAN 3025  Principles of Management

**Economics**
- ECO 3101  Intermediate Microeconomics
- ECO 3203  Intermediate Macroeconomics
- ECO 3704  International Trade

**Introductory GIS**
- FOR 3434C  Forest Resources Information Systems
- GIS 3043C  Foundations of Geographic Information Systems
- GIS 3072C  Geographic Information Systems
- SWS 4720C  GIS in Soil and Water Science
- URP 4273  Survey of Planning Information Systems

**Environmental Technology**
- AOM 4521  Introduction to Biofuels
- HOS 3281C  Organic and Sustainable Crop Production

**Additional Math and Statistics**
- FOR 4934  Topics in Natural Resources
- MAC 2233  Survey of Calculus 1
- MAC 2311  Analytic Geometry and Calculus 1
- STA 3024  Introduction to Statistics 2
- STA 3100  Programming With Data in R

**Methods**
- FNR 3410C  Natural Resource Sampling
- GIS 4021C  Aerial Photo Interpretation
- SWS 4800  Environmental Soil and Water Monitoring Techniques
- SYA 4300  Methods of Social Research

**Additional Concepts**
- CHM 2046  General Chemistry 2
- & 2046L  and General Chemistry 2 Laboratory
- EES 3008  Energy and Environment
- EVS 4949  Environmental Science Internship
- FNR 4070C  Environmental Education Program Development
- URP 4000  Preview of Urban and Regional Planning
- GEO 2242  Extreme Weather

---

1  Students should not enroll in more than one of the following courses: FOR 3434C, GIS 3043C, GIS 3072C, URP 4273, SWS 4720C.

---

**Academic Learning Compact**

Environmental science is the science of humanity's role in natural systems, the basis of our economy. This program accesses courses university-wide and provides numerous opportunities for international study. Students will acquire reliable knowledge and interdisciplinary perspectives of complex environmental issues, gaining the full range of knowledge relevant to a professional understanding of complex environmental problems in the biological and physical sciences, ethics, economics, policy and law.

**BEFORE GRADUATING STUDENTS MUST**

- Complete at least one course in each of the foundation areas.
- Complete requirements for the baccalaureate degree, as determined by faculty.
STUDENTS IN THE MAJOR WILL LEARN TO

Student Learning Outcomes (SLOs)

Content
1. Apply acquired knowledge of basic terminology, concepts, methodologies, and theories in the physical and biological sciences that describe environmental systems.
2. Apply acquired knowledge of essential concepts in the social sciences that describe human activity in the environment.

Critical Thinking
3. Develop reasoned solutions to environmental problems through application of the scientific method.

Communication
4. Communicate knowledge, ideas, and reasoning clearly, effectively and objectively in both written and oral forms.

ASSESSMENT TYPES
- Oral presentation or written essay

Bachelor of Science

Environmental Science integrates natural and social sciences to study the interrelationships between people and nature. Using an interdisciplinary approach that incorporates academic fields like ecology, hydrology, earth and soil sciences, natural resource management, ethics, as well as environmental policy and law, the Environmental Science program empowers students to analyze complex environmental issues across multiple perspectives. In doing so, Environmental Science students learn to assess causes of environmental problems and apply their knowledge to develop solutions to these problems.

About this Program
- **College**: Agricultural and Life Sciences (p. 105)
- **School**: Natural Resources and Environment (p. 1617)
- **Degrees**: Bachelor of Arts (p. 1620) | Bachelor of Science (p. 1629)
- **Credits for Degree**: 120
- **More Info**

To graduate with this major, students must complete all university, college, and major requirements.

School Information

The School of Natural Resources and Environment (SNRE) offers campus-wide, interdisciplinary degree programs at both the undergraduate and graduate levels. SNRE is governed by the SNRE Advisory Board and advised by the SNRE Faculty Advisory Council. [Website](http://snre.ifas.ufl.edu/)

Curriculum

- Combination Degrees
- Environmental Science
- Environmental Science Minor

The School of Natural Resources and Environment’s environmental science degrees approach complex environmental issues with multidisciplinary academic knowledge and interdisciplinary perspectives to prepare graduates for jobs in environmental consulting companies, government environmental offices, land and water management agencies, or non-government organizations. SNRE's environmental science degrees are campus-wide programs, allowing students to learn from experts in multiple academic units at the University of Florida. Multiple course options are available to meet most degree requirements, giving students a large degree of flexibility in customizing their program of study to suit their individual interests with the assistance of our advising staff.

About half of Environmental Science students advance to graduate or professional degree programs. The combination of the school’s broad undergraduate degree with a subsequent graduate or professional degree is highly marketable.

The school also offers a combination degree program that pairs a bachelor's degree in environmental science with a Master of Science in interdisciplinary ecology.

Requirements and Differences Between BA and BS Degrees

Both Bachelor of Science and Bachelor of Arts degrees prepare students for a wide range of careers in environmental science. The BS places greater emphasis on the natural sciences, whereas the BA is more focused on the social sciences and their application to economics, policy, and management.

The freshmen and sophomore years lay a foundation of coursework through critical tracking classes for building later expertise. Students need to know the natural sciences of physics, chemistry, and biology. Study of microeconomics and macroeconomics is required to understand the human economy. Introductory statistics empowers students to independently evaluate quantitative data. College algebra (BA) and an introduction to calculus (BS) enable students to work with rates of change, the heart of ecological science.

In addition to the critical tracking requirements, students admitted as freshmen are responsible for completing the university’s general education and writing requirements.

Certain critical tracking and core courses simultaneously fulfill general education and writing requirements, and students should seek to maximize the number of overlapping courses for efficiency. For most students, all but 15 credit hours of the general education requirement are met through the B.A. and B.S. curriculum.

- Biological and Physical Science and Mathematics requirements are satisfied through critical tracking coursework
- The Social and Behavioral Science requirement is satisfied through critical tracking coursework and the civic literacy requirement. SNRE recommends POS 2041 to meet the civic literacy requirement.
- Humanities: choosing Humanities courses that simultaneously meet the International and Diversity General Education requirements is recommended. To meet the state core requirement, recommended options are ARH 2000, MUL 2010, and THE 2000. For Quest 1 courses that also include Gen Ed International or Diversity , see http://undergrad.aa.ufl.edu/uf-quest/students/quest-courses/.
• Additional Required: this requirement is met by critical tracking and Quest 2.
• Composition: one General Education Composition course is chosen according to placement. The required writing course ENC 3254 fulfills the remaining requirement.
• Writing Requirement: the General Education Composition class awards 6000 words, as does ENC 3254. The remaining 12000 words should be earned by a combination of eligible core classes and electives.

After General Education and most critical-tracking coursework is complete, students begin to take the degree's core courses (40-46 credits for the BA, 40-47 credits for the BS), providing a base of common knowledge and experience in subjects essential to Environmental Science. During the fourth year, students enroll in SNRE’s capstone course that further develops and assesses critical thinking skills by confronting conflicts of ecological and economic paradigms, synthesizing across physical, biological, and social systems, and engaging diverse knowledge and views to help resolve key environmental problems.

### Bachelor of Science

Environmental Science integrates natural and social sciences to study the interrelationships between people and nature. Using an interdisciplinary approach that incorporates academic fields like ecology, hydrology, earth and soil sciences, natural resource management, ethics, as well as environmental policy and law, the Environmental Science program empowers students to analyze complex environmental issues across multiple perspectives. In doing so, Environmental Science students learn to assess causes of environmental problems and apply their knowledge to develop solutions to these problems.

The Bachelor of Science degree in environmental science emphasizes the applied sciences and the basic sciences from which they derive. The track is designed to prepare for employment or for graduate or professional school.

  EVS 4021  Critical Thinking in Environmental Science

Total Credits  40-47

1  Students should not enroll in more than one of the following courses: FOR 3434C, GIS 3043C, GIS 3072C, URP 4273, SWS 4720C.

Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

SEMESTER 1
  • Complete 2 of 9 critical-tracking courses, excluding labs: BSC 2010/BSC 2010L, BSC 2011/BSC 2011L, CHM 2045/CHM 2045L, CHM 2046/CHM 2046L, ECO 2013 and ECO 2023 or AEB 3103, MAC 2233 or MAC 2311, PHY 2004/PHY 2004L or PHY 2048/PHY 2048L or PHY 2053/PHY 2053L, STA 2023
  • 2.5 GPA required for all critical-tracking courses  
  • 2.0 UF GPA required

SEMESTER 2
  • Complete 2 additional critical-tracking courses  
  • 2.5 GPA required for all critical-tracking courses  
  • 2.0 UF GPA required
SEMESTER 3
• Complete 2 additional critical-tracking courses
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

SEMESTER 4
• Complete 3 additional critical-tracking courses
• Complete at least 1 core course
• 2.5 GPA required for all critical-tracking courses
• 2.0 UF GPA required

SEMESTER 5
• Complete all 9 critical-tracking courses
• Complete at least 1 core course
• 2.5 GPA required for all critical-tracking courses
• 2.0 upper division GPA required
• 2.0 UF GPA required

SEMESTER 6
• Complete at least 2 core classes
• 2.0 upper division GPA required
• 2.0 UF GPA required

SEMESTER 7
• Complete at least 1 core course
• 2.0 upper division GPA required
• 2.0 UF GPA required

SEMESTER 8
• Complete EVS 4021 (capstone) and the remaining courses for the degree
• 2.0 upper division GPA required
• 2.0 UF GPA required

**Model Semester Plan**

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

1 From Approved Electives list.
Approved Electives

Beyond the core requirements, each student selects additional credits from a wide list of approved electives according to individual interest, allowing students to broaden their skillset or specialize in a particular aspect of environmental science.

Elective Requirement

- Additional Skills and Concepts 6-15 credits
- Biological Sciences 6-15 credits
- Physical Sciences 3-15 credits
- Human Dimensions 3-9 credits

Students interested in taking courses not on the master list, including requirements for pre-Veterinary and pre-Medical students, must contact the undergraduate coordinator for approval.

Students can substitute appropriate graduate courses for electives, with approval of the school and permission of the instructor. To substitute a 5000-level course or higher, the student must have senior standing and a minimum junior/senior-level GPA of 3.0.

Transfer and HSAA students may enroll in ALS 4932 (1 credit) and count the class towards their Environmental Science major as a Human Dimensions elective.

1 Students should not enroll in more than one of the following courses: FOR 3434C, GIS 3043C, GIS 3072C, URP 4273, SWS 4720C.

Academic Learning Compact
Environmental science is the science of humanity's role in natural systems, the basis of our economy. This program accesses courses university-wide and provides numerous opportunities for international study. Students will acquire reliable knowledge and interdisciplinary perspectives of complex environmental issues, gaining the full range of knowledge relevant to a professional understanding of complex environmental problems in the biological and physical sciences, ethics, economics, policy and law.

BEFORE GRADUATING STUDENTS MUST
• Complete at least one course in each of the foundation areas.
• Complete requirements for the baccalaureate degree, as determined by faculty.
STUDENTS IN THE MAJOR WILL LEARN TO

Student Learning Outcomes (SLOs)

Content
1. Apply acquired knowledge of basic terminology, concepts, methodologies, and theories in the physical and biological sciences that describe environmental systems.
2. Apply acquired knowledge of essential concepts in the social sciences that describe human activity in the environment.

Critical Thinking
3. Develop reasoned solutions to environmental problems through application of the scientific method.

Communication
4. Communicate knowledge, ideas, and reasoning clearly, effectively, and objectively in both written and oral forms.

ASSESSMENT TYPES

- Oral presentation or written essay

Environmental Science Minor

The Environmental Science minor is intended for majors in science, engineering or business, providing exposure to the major subject areas of the environmental core.

About this Program

- **College:** Agricultural and Life Sciences (p. 105)
- **School:** Natural Resources and Environment (p. 1617)
- **Credits:** 15-17 | Completed with minimum grades of C

School Information

The School of Natural Resources and Environment (SNRE) offers campus-wide, interdisciplinary degree programs at both the undergraduate and graduate levels. SNRE is governed by the SNRE Advisory Board and advised by the SNRE Faculty Advisory Council.

Website [http://snre.ifas.ufl.edu/](http://snre.ifas.ufl.edu/)

GAINESVILLE FL 32611-6455
Map (http://campusmap.ufl.edu/#/index/0724)

**Curriculum**
- Combination Degrees
- Environmental Science
- Environmental Science Minor

Students outside the School of Natural Resources and Environment can apply for admission to the minor as long as they earn 45 credits before applying. The application is available in 2020 McCarty Hall D. Students first must obtain their college's approval before submitting the completed form for processing.

Transfer work will be accepted only for PCB 4043C and an earth and soil systems course (refer to core requirements for the major). Admission consideration requires a minimum overall 2.0 GPA on all UF coursework attempted.

**Required Courses**

Nursing, College of

The College of Nursing is recognized nationally and internationally for innovative education, dynamic programs of research and creative approaches to practice. Gator Nurses are prepared for leadership as clinicians, scientists and educators who reflect and care for a diverse society; foster interdisciplinary collaboration; and improve the health of individuals, families and communities.

Health Science Center, University of Florida
Gainesville, FL 32611-5703

Established
1956

Accredited
Degree programs approved by the Florida State Board of Nursing and accredited by the Commission on Collegiate Nursing Education.

Academic Advising
Students interested in a career in nursing should contact the Office of Student Affairs for advising before they submit an application for admission.

Degrees
Bachelor of Science in Nursing (BSN) with three track options: traditional, accelerated, and RN-BSN. The college also offers a Doctor of Nursing Practice (DNP) and a Doctor of Philosophy (PhD) in nursing science.

Training Opportunities
The colleges of the Health Science Center and their associated healthcare delivery networks provide students access to an integrated system of community hospitals and clinics, statewide home health care, a veterans’ health system and UF Health Shands Hospital. The College of Nursing maintains and participates in nursing and interdisciplinary care across the lifespan including women, children, adults, and the elderly with special emphasis on under-served and rural populations.

Academic Policies

Admission to the College

More Info (https://nursing.ufl.edu/)

Students planning to enter the Traditional BSN program must complete general education and pre-professional requirements by the end of spring semester of the sophomore year. Standards for continuation are established for nursing majors and continuing students are monitored by the college.

Degree audits identify progress toward the degree and are posted on ONE.UF (https://one.uf.edu/) after the fall and spring semesters. Critical-tracking criteria are outlined in the curriculum plans.

Students who desire to change their major to nursing should do so by the completion of their first academic year.

The college’s online application for admission to upper-division coursework must be made by the March 1 deadline. Students will be admitted after spring grades have been posted.

Admission evaluation factors include, but are not limited to, academic record, cumulative grade point average, performance in pre-professional courses, the extent to which the applicant exceeds minimum requirements, relevant student attributes, experiences, and career goals.

Students begin upper-division nursing studies in the fall semester of the junior year.

Limited-Access Program

The University of Florida’s baccalaureate nursing curriculum is a high-demand, limited-access program. Enrollment is limited because of the high cost for program delivery as well as limited availability of clinical learning facilities and limited availability of qualified faculty necessary to maintain appropriate faculty-to-student ratios in all clinical areas. Because of limited enrollment and the number of applications, many qualified applicants are unable to be admitted to the College of Nursing’s upper-division nursing courses.

Minimum Application Requirements for Native UF Students

- Completed 60 credits of required preprofessional and general education courses by the end of the spring semester prior to admission
- Minimum GPA of 3.0 (on a 4.0 scale) overall and for preprofessional courses
- Minimum grades of C in all required preprofessional courses
- Satisfactory completion of communication and computations requirement (Gordon Rule).
- Completion of the HESI Academic Assessment (A2) Test

Minimum Application Requirements for Transfer Students

More Info (p. 22)

For application information, all transfer students should refer to the admission as a transfer student section of the catalog. Transfer applicants must meet all university and college-specific admission requirements. Applicants from other institutions who have satisfied minimum requirements will be considered for admission at the junior level on a space-available basis.

Students from Florida Public Colleges

- Associate of Arts degree by the end of springs semester prior to admission
- Completed 60 credits of required preprofessional and general education courses by the end of the spring semester prior to admission
- Completed two sequential courses of foreign language in secondary school or 8-10 semester credits at the postsecondary level, or document an equivalent level of proficiency
- Minimum overall 3.0 GPA (4.0 scale) and a 3.0 GPA on all preprofessional courses
- Completion of required prerequisite courses with a grade of C
- Completion of the HESI Academic Assessment (A2) Test, application requirement

Students from Other Universities

- Completed 60 credits of required preprofessional and general education courses by the end of the spring semester prior to admission
- Completed two sequential courses of foreign language in secondary school or 8-10 semester credits at the post-secondary level, or document an equivalent level of proficiency
• Minimum overall 3.0 GPA (4.0 scale) and a 3.0 GPA on all preprofessional courses
• Minimum grades of C in all required preprofessional courses
• Completion of the HESI Academic Assessment (A2) Test, application requirement

College Regulations, All Students
Before Enrolling in Nursing Courses
• Compliance with university, college and agency health policy requirements and immunizations
• Certification in basic cardiopulmonary resuscitation (CPR) for healthcare providers
• Proof of current health insurance coverage
• Criminal Background Check and Drug Screen

Expenditures
Expenditures specific to nursing courses include, but are not limited to, specialized equipment, uniforms, laboratory fees for clinical courses and transportation for off-campus experiences.

Health Policy
The college requires specific immunizations and periodic health screenings. Compliance with health policies is required for clinical coursework. Students are expected to be physically and mentally able to perform the essential functions of the nursing curriculum and may be requested to provide appropriate medical documentation.

Degree Requirements
For graduation from the BSN program:
• Traditional Track: Completion of 120 credits, including 60 junior/senior-level credits
• Accelerated Track: Completion of 60 credits, post-baccalaureate
• RN-BSN Track: Completion of 60 credits, post AA degree or 60 transferable semester credits
• A minimum grade of C in each nursing course.
• Adherence to the standards of acceptable conduct as outlined in the American Nurses Association Code of Ethics, the Florida Nurse Practice Act, the university’s Student Guide and the Undergraduate Catalog.

Graduating with Honors (p. 1717)

Licensure
Upon satisfactory completion of the baccalaureate curriculum, the graduate will be awarded the Bachelor of Science in Nursing and is academically eligible to apply for the NCLEX-RN examination for state licensure as a registered nurse.

Accelerated Baccalaureate Degree Program
The College of Nursing offers an accelerated course of study for a baccalaureate degree in nursing. This program is for students with a baccalaureate or higher degree in another field.

The accelerated baccalaureate curriculum begins each summer and is completed in four consecutive semesters of fulltime study.

Minimum Application Requirements
• A baccalaureate or higher degree from a nationally accredited college or university in a field other than nursing
• 3.0 GPA (on 4.0 scale), calculated on the most recent 60 credits taken toward the bachelor’s degree or a cumulative 3.0 GPA toward a masters or doctoral degree
• Required prerequisite course must have been completed within the past seven years with a minimum grade of C. No more than two prerequisite courses can be in progress during the spring semester prior to admission
• 1 academic letter of reference and 1 personal letter of reference
• Resume / curriculum vitae
• Essay that responds to questions specified on the NursingCAS site

Before Enrolling in Nursing Courses
• Compliance with college health policy requirements and immunizations
• Criminal Background Check and Drug Screen
• Certification in basic cardiopulmonary resuscitation (CPR) for healthcare providers
• Proof of current health insurance coverage
• Criminal Background Check and Drug Screen

Expenditures
Expenditures specific to nursing courses include, but are not limited to, specialized equipment, uniforms, laboratory fees for clinical courses and transportation for off-campus experiences.

Health Policy
The college requires specific immunizations and periodic health screenings. Compliance with health policies is required for clinical coursework. Students are expected to be physically and mentally able to perform the essential functions of the nursing curriculum and may be requested to provide appropriate medical documentation.

**Nursing**

The junior/senior-level Traditional BSN program is four semesters long and provides learning experiences in a variety of clinical settings. The Accelerated BSN program ([https://admissions.nursing.ufl.edu/](https://admissions.nursing.ufl.edu/)) prepares students with a baccalaureate degree in another field for entrance into the nursing profession with a BSN. The RN to BSN program prepares those current Registered Nurses who have previously earned an associate degree.

**About this Program**

- **College:** Nursing (p. 1641)
- **Degree:** Bachelor of Science
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

**Department Information**

The nursing education programs offered at UF address gaps in the health care system, as do the college's innovations in technological resources and initiatives linking students to diverse and international populations. The College of Nursing has a history of pioneering leadership in nursing education, having offered Florida's first nurse practitioner programs and first PhD in Nursing Science program.

**Curriculum**

- Nursing  
- Nursing | RN to BSN UF Online

The College of Nursing prepares baccalaureate nurses to care, lead and inspire. Nursing courses include classroom and laboratory activities correlated with supervised clinical experiences. Students may be required to travel outside of Gainesville for selected clinical experiences.

The curriculum is logically organized from simple to complex so that students acquire the cognitive, affective, and technical competencies of a professional nurse. Students are required to demonstrate competence at each semester in sequence to progress to more advanced concepts and skills. Knowledge from general education courses, nursing pre-professional courses, and introductory nursing courses is integrated and refined as student progress through increasingly complex theoretical nursing content and clinical application courses.

Courses in the first two semesters focus on foundational knowledge and principles of personalized nursing care. Students gain an understanding of the context of contemporary nursing practice, the meaning of professionalism, ethical and legal guidelines, professional values, and standards of professional nursing practice. Course content and concepts are aligned with clinical experiences to develop beginning clinical reasoning. Students acquire the knowledge, skills, and attitudes to provide evidence-based, safe, cost-effective quality care to achieve optimal health outcomes.

Courses in the final two semesters build upon prior learning and are characterized by increased complexity in content and outcomes. Students enhance clinical reasoning and critical thinking through nursing practice in a variety of settings for individuals across the lifespan, families and other groups, and communities. Learning experiences are designed to enable students to demonstrate leadership, interprofessional collaboration, and advocacy skills that improve the health of diverse individuals and populations. In the final semester, students participate in a project to develop an innovative solution for a problem or issue relevant to professional nursing.

**Progression**

Students must earn minimum grades of C in all required nursing courses and maintain a minimum 2.0 GPA every semester while enrolled. Students may repeat only one required nursing course. Students earning less than a C in any required nursing course may repeat that course only once and on a space-available basis. Students who do not achieve a passing grade on their second attempt in a course will be dismissed from the nursing program. Students may withdraw only once from any required nursing course.

1 Requires External Nursing Skills Test exam score of 800 to pass the course.
Students are expected to comply with college health policy requirements.

Students in the health professions are held to standards of conduct that exceed those usually expected of university students. Consequently, nursing students are required to demonstrate safe practice in the care of patients and to exercise appropriate judgment as beginning-level professionals, including appropriate demeanor and appearance. Students must adhere to the standards of conduct outlined in the American Nurses Association Code of Ethics and the Florida Nurse Practice Act in addition to the University of Florida College of Nursing handbook. Students can be removed from the nursing curriculum, and/or any college-sponsored programs or organizations, based on violation of professional conduct.

**Bachelor of Science**

The junior/senior-level Traditional BSN program is four semesters long and provides learning experiences in a variety of clinical settings.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

The following recommended curriculum plan enables students to satisfy university-wide general education requirements and required preprofessional courses. The plan includes the courses and academic standards (overall GPA and preprofessional GPA) required each semester for continuation in the pre-nursing program and application for admission to the nursing major.

**Semester 1**

- Complete 2 critical-tracking courses with minimum grades of C: APK 2100C, APK 2105C, DEP 3053 or EDF 3110 (recommended), HUN 2201, MCB 2000/MCB 2000L, STA 2023, 3 credits of social and behavioral science (with PSY, SOP or SYG prefix), and 3 credits of physical or biological sciences (with BSC, CHM or PHY prefix)
- 3.0 GPA required for all critical-tracking courses
- 3.0 overall GPA on work from all institutions

**Semester 2**

- Complete 2 additional critical-tracking courses with minimum grades of C
- 3.1 GPA required for all critical-tracking courses
- 3.1 overall GPA on work from all institutions

**Semester 3**

- Complete 2 additional critical-tracking courses with minimum grades of C
- 3.2 GPA required for all critical-tracking courses
- 3.2 overall GPA on work from all institutions

**Semester 4**

- Complete all critical-tracking courses with minimum grades of C
- Complete writing requirement
- Complete all general education coursework with minimum grades of C
- Complete a total of 60 credits
- 3.3 GPA required for all critical-tracking courses
- 3.3 overall GPA on work from all institutions

**Semester 5**

- Complete all nursing courses with minimum grades of C
- Course required score on the external nursing skills examination in NUR 3066C

**Semester 6**

- Complete all nursing courses with minimum grades of C
- Course required score on the external nursing skills examination in NUR 3227C
## Semester 7
- Complete all nursing courses with minimum grades of C
- Course required score on the external nursing skills examination in NUR 4768C

## Semester 8
- Complete all nursing courses with minimum grades of C
- Course required score on the external nursing exit examination in NUR 4766C

### Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

*This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.*

1 BSC, CHM, or PHY prefix.
2 Students are also expected to complete the general education international (GE-N) and diversity (GE-D) requirements. This is often done concurrently with another general education requirement (typically, GE-C, H or S).
3 Requires External Nursing Skills Test exam score of 800 to pass the course.

Academic Learning Compact
The major in nursing prepares graduates as generalists to provide holistic care that addresses the healthcare needs of diverse individuals, families, communities and populations across the lifespan. Nursing practice is built on nursing knowledge, theory and research. Graduates will translate, integrate and apply knowledge that leads to improvements in patient outcomes.

Before Graduating Students Must
• Achieve a passing grade of C or higher in all required courses.
• Pre-licensure student must achieve a score of 850 on the Health Education Systems Incorporated (HESI) RN Exit Examination.
• Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Apply critical thinking to synthesize knowledge grounded in liberal education and nursing, in the practice of professional nursing in the global community.
2. Utilize knowledge of health care regulation to advocate for policy change to improve health care systems and professional nursing practice.
3. Utilize health promotion, health maintenance, and disease prevention strategies across settings to improve the health of diverse individuals and populations across the lifespan.

Critical Thinking
4. Integrate evidence-based findings in decision-making in the practice of professional nursing.
5. Appraise current evidence to evaluate health care safety and quality improvement initiatives for individuals and groups.
6. Analyze information from health care technology systems to apply evidence that will guide nursing practice.
7. Illustrate the importance of advocacy in the improvements in nursing practice and throughout the healthcare system.
8. Demonstrate professional competence and values reflective of professional nursing standards and mutual respect within a global society.

Communication
9. Collaborate with the healthcare team and clients to provide safe and cost effective high quality health care.
10. Demonstrate professional communication, collaboration and documentation with healthcare teams to support improvement in patient health outcomes.
11. Build therapeutic alliance with patients and families to provide personalized care.

Curriculum

- Nursing
- Nursing | RN to BSN UF Online

The baccalaureate-prepared nurse is equipped to manage complex and changing healthcare environments. Coursework focuses on development of problem solving that will broaden and strengthen the registered nurse student’s preparation for professional nursing practice.
Admission

Students must be accepted into the RN to BSN program, which is competitive. The online application for admission must be submitted by the posted deadline.

Minimum Application Requirements

- Associate of Science degree in nursing from an ACEN (formerly NLNAC) accredited program
- Active, unencumbered Florida RN license
- An overall GPA of at least 2.8
- A minimum grade of C in all required pre-professional courses
- Resume/curriculum vita
- Two professional reference from persons familiar with the applicant’s recent work
- A statement of intent, not to exceed two typed double-spaced pages, which discusses the applicant’s expectations of the BSN program and the student’s career goals

Critical Tracking

Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Academic Learning Compact
The major in nursing prepares graduates as generalists to provide holistic care that addresses the healthcare needs of diverse individuals, families, communities and populations across the lifespan. Nursing practice is built on nursing knowledge, theory and research. Graduates will translate, integrate and apply knowledge that leads to improvements in patient outcomes.

Before Graduating Students Must
- Achieve a rating of satisfactory in all courses, graded according to College of Nursing rubric.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major will Learn to

Student Learning Outcomes (SLOs)

Content
1. Integrate knowledge, skills and values derived from a solid base in liberal education to deliver quality care to individuals and groups across the lifespan and across healthcare environments.

Critical Thinking
2. Provide leadership in the delivery of safe, high-quality healthcare to diverse individuals and groups across the lifespan and across healthcare environments.
3. Utilize current evidence to improve healthcare outcomes for clients.
4. Utilize information management and healthcare technology to improve the quality of care.
5. Analyze processes through which healthcare policies are developed and changed to influence professional nursing practice and healthcare systems.
6. Utilize wellness promotion and illness prevention strategies with individuals and groups to improve population health outcomes across the lifespan.
7. Integrate professional values in the delivery of safe, culturally-sensitive care to clients across the lifespan.

Communication
8. Communicate and collaborate as members of interprofessional teams to deliver safe, high-quality healthcare.

Degrees
The college offers a Bachelor of Health Science in Communication Sciences and Disorders or Health Science, and a Bachelor of Public Health degree. The Public Health program is designed to provide students with foundational skills for both individual and community based health care. The Health Science program is designed to provide students with knowledge and skills to pursue careers in medicine, rehabilitation, therapeutic care, and communication sciences. Health Science specializations include: general health science, pre-occupational therapy, occupational therapy accelerated, pre-physical therapy, and pre-professional.

Doctor of Occupational Therapy | OTD
The Doctor of Occupational Therapy (OTD) program prepares students to become professional-level OT practitioners who are leaders in the rapidly changing and dynamic contemporary health and human services delivery systems. The program will facilitate students’ clinical knowledge and skills, professional development, leadership and advocacy skills, and advanced knowledge base to inform high quality, evidence-informed practice in occupational therapy. Students engage in projects and leadership activities that improve practice quality and advance evidence-based clinical practice.

Academic Policies
Admission
Admission requirements vary for the different majors; therefore, applicants should contact an academic advisor in the college to ensure appropriate academic planning.

In addition to specific GPA and coursework requirements, applicants should have evidence of service through volunteer experiences. Additional admission information may be found on the college's undergraduate programs page.
More Info (https://undergrad.phhp.ufl.edu/)

Application Deadlines
Application deadlines and instructions may be found on the college's undergraduate programs page.
More Info (https://undergrad.phhp.ufl.edu/)
Student Selection
Undergraduate programs are limited access. Admission to the college at the junior level is limited and selective. Satisfaction of minimum GPA and course requirements does not guarantee admission to the junior level. A student’s total record, including educational objectives, courses completed, quality of academic record and application essay are considered when evaluating an applicant for admission.

Native UF Student Admission
Freshmen and Sophomores
Students can declare a major in one of the college's undergraduate programs upon admission to the university. However, continued progress as a junior in the major is contingent upon selection and requires completion of an application process. Progression standards include courses completed, cumulative and tracking GPAs, and academic conduct. Students apply for junior level limited access admission in their sophomore year.

Junior-Level Admission
A formal application process is required for admission consideration. STUDENTS MUST SUBMIT an online program application for the major/specialization of interest and should carefully follow the instructions for the particular specialization.

Students eligible for admission consideration at the junior level must:
- Earn at least 60 semester credits of acceptable college credit with a minimum overall 3.0 GPA for all majors for all college/university-level course work
- Complete all critical-tracking coursework with the required GPA. Critical-tracking courses are listed with each major.
- Fulfill the General Education requirements described in the Academic Advising section of this catalog. Specific course sequences for each program of study indicate how to fulfill these requirements while planning careers in public health and/or discipline-specific health professions.
- Complete all writing requirements
- Submit a completed program application to the College of Public Health and Health Professions
  More Info (https://undergrad.phhp.ufl.edu/admissions/)
- Complete all requirements by the end of spring for Summer B admission consideration or by the end of Summer A for fall admission consideration

Transfer Student Admission
Meeting minimum standards as freshmen and sophomores does not guarantee admission to the junior year within the college because space is limited.

Application Materials
Non-UF students must apply to the University of Florida and to the College of Public Health and Health Professions for admission consideration at the junior year. These are separate applications. Students with questions should contact an undergraduate advisor at advising@phhp.ufl.edu.

Florida public college students must have:
- Received an AA degree
- Completed all critical-tracking coursework with the required GPA
- Completed 60 semester credits of transferable college-level credit with a minimum overall GPA of 3.0
- Submitted a transfer application to UF
  More Info (http://www.admissions.ufl.edu/start.html)
- Submitted a program application to the College of Public Health and Health Professions

PHHP Academic Policies
Double Majors
PHHP does not offer a double major. However, students in the college can pursue an additional degree outside of the college. Students from other colleges can also consider a dual degree within PHHP. Permission of both colleges is required. Students are eligible to apply for a dual degree after they have completed 45 credits and before completion of 96 credits. Students must meet all requirements for both degrees.

Minors
The college offers five minors. These minors are open to students in other colleges who meet the prerequisite and GPA requirements. The minor form and course information are available from the college website.
More Info (https://undergrad.phhp.ufl.edu)
- Communication Sciences and Disorders (p. 1662)
- Deaf and Hearing Sciences (p. 1668)
- Disability Science (p. 1669)
Specific minors are available to PHHP juniors and seniors based on the student’s specialization, as noted below.

Communication Sciences and Disorders Students
Deaf and hearing sciences, health science, disability science and public health minors.

Health Science Students
Communication sciences and disorders and public health minors.

Public Health Students
Communication sciences and disorders minors.

S/U Option
The satisfactory/unsatisfactory (S/U) option is not permitted for prerequisite or major courses. However, S/U may be used for electives.

Academic Performance

Juniors and Seniors
Students must receive minimum grades of C in all courses required for the major. Unsatisfactory grades, defined as grades lower than a C or grades of unsatisfactory in classes graded S/U, are grounds for probation and/or dismissal from the college. In addition, dismissal from the college can result from honor code violations.

If a student in the college receives one grade of C- or lower in a college course, the student is placed on academic probation. Faculty will provide an opportunity for the student to make up material (e.g., through independent study, repeating the course, etc.). If the student receives at least a C in the course for which probation was implemented, the student will return to good academic standing. If the student receives a C- or lower while on probation, the student must withdraw from the program unless the college determines mitigating circumstances warrant a probationary extension. If a student receives the first and second C- or lower in the same term, the college has the right to dismiss the student without first offering probation.

If a student receives a C- or lower in a second college course, regardless of whether this occurs in the same term or a different term as the first C- or lower, the student can be required to withdraw from the program. The student has the right to petition this decision.

In order to petition the faculty committee, the student must provide the program director with a letter stating the reasons that the student should be allowed to remediate their academic performance. Upon successful petition and on a space-available basis, the student will be placed on academic probation and allowed to make up material in an appropriate manner determined by the instructor and program director (e.g., via independent study, course repetition, etc.)

If the student successfully completes the remediation requirements and receives a minimum course grade of C, the student can continue in the program. However, if the student again receives a C- or lower, the student must withdraw from the program. The college will help the student choose another major at UF, if desired, if they withdraw from a college major.

In the first two cases above, the individual instructor is responsible for assigning student grades. The program director, in consultation with the instructor and program faculty as needed, is responsible for determining if a student who appeals a dismissal will be placed on academic probation or dismissed from the program. The student will be notified in writing of the director's decision concerning academic probation or dismissal.

If the student is placed on probation, the letter will include the activities that the student must successfully complete to remedy the academic deficiencies and the timeframe in which these activities must be completed. Failure to adhere to or to meet the terms of the letter constitutes grounds for dismissal from the program. The student will be offered assistance, if desired, to select a different major.

If the student disagrees with the director's decision regarding dismissal or the terms of the probation letter, the student may appeal in writing within one week to the associate dean overseeing academic affairs. The associate dean will review both the director's decision and the student's concerns and make a determination about academic probation/dismissal. Both the student and director have the right to further appeal to the dean, who will review the case in its entirety and make the final decision.

Changing Majors
Freshmen and sophomores wishing to change majors must contact a college advisor in the new major. Juniors and seniors wishing to change majors in the college must contact the program director. If a student withdraws from the major, specific permission from the program and the college must be given at the time of withdrawal for the student to be eligible to re-enter the college.

Health Policy
The college requires evidence of ability to meet the physical and academic requirements of the program. Personnel in the Department of Student Health will test each student for sensitivity to tuberculosis. The Department of Student Health will verify immunization against diphtheria, rubella (German measles) and tetanus.
All students must be immunized against Hepatitis B and varicella (chicken pox) or provide the Student Health Center with medical documentation that they have had chicken pox. All students must participate in annual bloodborne pathogen training, repeat their TB test annually if observing in a clinical setting, and be HIPAA compliant.

Students registered in clinical courses must have hospitalization insurance. Full-time students are eligible for the health insurance plans sponsored by Student Government. Twelve-month coverage may be purchased at the time of registration.

**Expenses**
Required immunizations and other expenses are the student’s responsibility.

**Degree Requirements**
Students must satisfy all college and university degree requirements for their major and specialization.

College requirements include:
- Completion of 120 semester credits with a 2.0 GPA, including 60 hours of upper-division college credit
- Completion of all core courses with minimum grades of C
- Satisfactory completion of all approved college and general electives
- Completion of a PHHP degree candidate exit survey

To graduate in the desired term, students must submit by the deadline a completed degree application to the Office of University Registrar.

More Info ([https://registrar.ufl.edu/contact/](https://registrar.ufl.edu/contact/))

**Dean’s List**
The dean’s list recognizes outstanding academic achievement at the completion of each semester. Students receiving a final grade of U or a failing grade may not be considered for the dean’s list, regardless of overall grade point average. Students may request a letter confirming dean’s list status from the college’s dean’s office.

More Info (p. 1717)

**Graduating with Honors**

More Info (p. 1717)

Postbaccalaureate students are not eligible to receive honors recognition. Guidelines for completion of honors program requirements to graduate *magna cum laude* or *summa cum laude*.

More Info ([https://undergrad.phhp.ufl.edu/opportunities/honors-program/](https://undergrad.phhp.ufl.edu/opportunities/honors-program/))

**Communication Sciences and Disorders**

The Communication Sciences and Disorders major includes didactic and experiential activities for students to learn foundational skills necessary for success in professions such as speech-language pathology, audiology and communication sciences, all of which require graduate degrees.
About this Program

• **College:** Public Health and Health Professions (p. 1652)
• **Degree:** Bachelor of Health Science
• **Credits for Degree:** 120
• **Contact:**
  - Junior/Senior | 2127 HPNP Complex | 352.294.8476
  - Freshman/Sophomore | Email (advising@phhp.ufl.edu) | G-205 HPNP Complex | 352.273.6400, option 1

*To graduate with this major, students must complete all university, college, and major requirements.*

Department Information

The Department of Speech, Language, and Hearing Sciences works to improve the lives of people affected by communication and related disorders through excellence and innovation in clinical training, service, and research.

Curriculum

• Communication Sciences and Disorders
• Communication Sciences and Disorders Minor
• Communication Sciences and Disorders UF Online
• Deaf and Hearing Sciences Minor

*Students should follow the plan below for course choices.*

The undergraduate program exposes students to information about

1. normal aspects of speech, language, and hearing as they relate to human communication, and
2. introductory concepts pertaining to the nature, assessment, and treatment of communication disorders.

Students complement the core major courses with various elective courses that align with their academic and career interests.

Upon successful completion of the major, students receive the Bachelor of Health Science degree. The majority of undergraduate students pursue graduate or professional training in a health field (e.g., speech language pathology, audiology or other graduate degree program); however, some students seek employment immediately after completing the BHS degree program, usually in organizations with either a health or education component.

Certified clinicians (graduate degree required) often on a team that may include psychologists, teachers, families, physical and occupational therapists, physicians, nurses, dietitians and social workers to screen, diagnose and treat individuals ranging from infants to the elderly. Professionals typically work in schools, clinics, hospitals, other health organizations and/or private practice. Communication sciences and disorders professions offer a high degree of satisfaction to their practitioners by making a significant impact on people’s lives. Both speech-language pathology and audiology are growing professions with competitive salaries.

Course Requirements and Sequence

By the End of Semester Four

To be considered for admission at the junior level, students must complete these requirements:

• Minimum overall and prerequisite GPAs of 3.0
• For transfer students, AA degree or 60 transferrable credits (including general education and major prerequisites)
• 18,000 words of the writing requirement
• These courses (or their equivalents) with minimum grades of C:
  • BSC 2005 or higher
  • Additional biological science (3 credits); APK 2105C is highly recommended
• other preferred courses include those with BSC or MCB prefix
• Physical science (3 credits); must be physics or chemistry
• Science lab (1 credit)
• PSB 3002 or DEP 3053 or CLP 3144; PSB 3002 is recommended strongly
• PSY 2012
• STA 2023

By the End of Junior Year
Students must have completed:
• EEX 3093 with a minimum grade of C (satisfies general education diversity)
• SPA 3003, SPA 3011, SPA 3032, SPA 3101, SPA 4004, SPA 4104, SPA 4302, SPA 4400 with minimum grades of C

By the End of the Senior Year
Students must have completed:
• 120 credits, including all prerequisites
• Remaining 9 credits of core SPA coursework (SPA 4050, SPA 4250, and SPA 4321) with minimum grades of C
• Complete 33 credits of core SPA coursework
• ENC 3254 with minimum grade of C; satisfies 6000 words of writing requirement
• PHC 4101 with minimum grade of C
• 9 credits of electives at the 3000/4000 level
• 9 credits of PHHP electives

Majors should see a department advisor to create a plan of study, which becomes the contract for graduation.

Critical Tracking
Critical Tracking records each student’s progress in courses that are required for progress toward each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• Complete BSC 2005 or higher or PSY 2012 with minimum grade of C
• Complete 9 credits of general education courses
• 2.3 GPA on all college-level coursework from all institutions

Semester 2
• Complete BSC 2005 or higher or PSY 2012 with minimum grade of C
• Complete 12 additional credits of general education courses for a total of 18 credits
• 2.7 GPA on all college-level coursework from all institutions

Semester 3
• Complete STA 2023 with minimum grade of C
• Complete 1 additional tracking psychology course (DEP 3053 or CLP 3144) or 3 credits of physical science (CHM 2045 or PHY 2004 recommended) with minimum grade of C
• Complete science lab with minimum grade of C or S
• Complete 9 additional credits of general education courses for a total of 30 credits
• 3.0 GPA on all college-level coursework from all institutions

Semester 4
• Complete all critical-tracking courses with minimum grades of C
• Complete all general education courses except diversity
• Complete the 18,000 words of the writing requirement
• 3.0 critical-tracking GPA based on all attempts
• 3.0 GPA on all college-level coursework from all institutions

**Semester 5**
• Complete EEX 3093, SPA 3011, SPA 3032, SPA 3101, and SPA 4004
• 3.0 prerequisite and overall GPA on college-level coursework from all institutions
• 2.0 UF GPA required

**Semester 6**
• Complete SPA 3003, SPA 4104, SPA 4302, and SPA 4400
• 2.0 UF GPA required

**Semester 7**
• Complete ENC 3254, SPA 4250, and SPA 4321
• 2.0 UF GPA required

**Semester 8**
• Complete SPA 4050
• 2.0 UF GPA required

**Model Semester Plan**

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

---

**Academic Learning Compact**

The undergraduate program provides an understanding of the expected processes involved in human communication so that students will be prepared for graduate programs where they will be immersed in dealing with atypical or pathological conditions related to speech, language, swallowing and/or hearing.

**Before Graduating Students Must**

- Pass the undergraduate CSD written examination.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Explain fundamental theories and principles of basic acoustics, psychoacoustics, (neuro)anatomy and (neuro)physiology as they pertain to the normal development of speech, language and hearing.
2. Explain key concepts that pertain to the etiology and characteristics of speech, language and auditory disorders.
3. Describe basic concepts that pertain to the assessment and treatment of speech, language and auditory disorders.
4. Explain fundamental concepts that pertain to professional practice patterns and ethical standards.
5. Explain fundamental concepts that pertain to the relationship between aging and communication, the effect of culture on communication and modalities of communication.
6. Transcribe normal and disordered speech phonetically.
7. Explain the impact of disease and disability on the health of populations.

Critical Thinking
8. Apply clinical problem-solving skills to defend assessment and treatment choices.

Communication
9. Present information accurately and effectively during an oral presentation on a topic related to communication sciences or disorders.
10. Write a coherent analytical essay on a topic related to communication sciences or disorders.

  - A summative assessment
  - The undergraduate alumni survey

Communication Sciences and Disorders Minor

The Communication Sciences and Disorders minor is appropriate for students with majors in computer science, education, engineering, health professions, linguistics, music, psychology, and special education.

About this Program
- College: Public Health and Health Professions (p. 1652)
- Credits: 15 | Completed with minimum grades of C and no S/U

Department Information
The Department of Speech, Language, and Hearing Sciences works to improve the lives of people affected by communication and related disorders through excellence and innovation in clinical training, service, and research.

Curriculum

- Communication Sciences and Disorders
- Communication Sciences and Disorders Minor
- Communication Sciences and Disorders UF Online
- Deaf and Hearing Sciences Minor

The minor is open to all students except those majoring in communication sciences and disorders.

Courses that are required for the CSD major do not count toward a minor in CSD if the courses are required by the student's home department.

Students applying for the minor should have a minimum 3.0 GPA and should plan the minor in consultation with the undergraduate coordinator.

### Communication Sciences and Disorders UF Online

The Communication Sciences and Disorders major includes didactic and experiential activities for students to learn foundational skills necessary for success in professions such as speech-language pathology, audiology and communication sciences, all of which require graduate degrees.

### About this Program

- **College**: Public Health and Health Professions (p. 1652)
- **Degree**: Bachelor of Health Science
- **Credits for Degree**: 120
- **Contact**: 1.855.99GATOR
- **More Info**

*To graduate with this major, students must complete all university, college, and major requirements.*

### Department Information

The Department of Speech, Language, and Hearing Sciences works to improve the lives of people affected by communication and related disorders through excellence and innovation in clinical training, service, and research.

[Website](https://slhs.phhp.ufl.edu/)

GAINESVILLE FL 32611-0174
Curriculum

- Communication Sciences and Disorders
- Communication Sciences and Disorders Minor
- Communication Sciences and Disorders UF Online
- Deaf and Hearing Sciences Minor

Students should follow the plan below for course choices.

The undergraduate program exposes students to information about:

1. normal aspects of speech, language, and hearing as they relate to human communication, and
2. introductory concepts pertaining to the nature, assessment, and treatment of communication disorders.

Students complement the core major courses with various elective courses that align with their academic and career interests.

Upon successful completion of the major, students receive the Bachelor of Health Science degree. The majority of undergraduate students pursue graduate or professional training in a health field (e.g., speech language pathology, audiology or other graduate degree program); however, some students seek employment immediately after completing the BHS degree program, usually in organizations with either a health or education component.

Certified clinicians (graduate degree required) often on a team that may include psychologists, teachers, families, physical and occupational therapists, physicians, nurses, dietitians and social workers to screen, diagnose and treat individuals ranging from infants to the elderly. Professionals typically work in schools, clinics, hospitals, other health organizations and/or private practice. Communication sciences and disorders professions offer a high degree of satisfaction to their practitioners by making a significant impact on people’s lives. Both speech-language pathology and audiology are growing professions with competitive salaries.

Course Requirements and Sequence

To be considered for admission at the junior level, students must complete these requirements:

- Minimum overall and pre-requisite GPAs of 3.0
- For transfer students, AA degree or 60 transferrable credits (including general education and major prerequisites)
- 18,000 words of the writing requirement

These courses (or their equivalents) with minimum grades of C:

</tbody>
</table>

By the End of the Junior Year

Students must have completed:

- EEX 3093 with a minimum grade of C (satisfies general education diversity)
- SPA 3003, SPA 3011, SPA 3032, SPA 3101, SPA 4004, SPA 4104, SPA 4302, SPA 4400

By the End of the Senior Year

Students must have completed:

- 120 credits, including all prerequisites
- Remaining 9 credits of core SPA coursework (SPA 4250, SPA 4321, SPA 4050) with minimum grades of C
- 33 credits of core SPA coursework with minimum grades of C
- ENC 3254 with minimum grade of C; satisfies 6000 words of writing requirement
• PHC 4101 with minimum grade of C
• 9 credits at the 3000/4000 level
• 9 credits of PHHP electives

Majors should see a department advisor to create a plan of study, which becomes the contract for graduation.

### Critical Tracking

Critical Tracking records each student’s progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

#### Semester 1
- Complete BSC 2005 or higher or PSY 2012 with minimum grade of C
- Complete 9 credits of general education courses
- 2.3 GPA on all college-level coursework from all institutions

#### Semester 2
- Complete BSC 2005 or higher or PSY 2012 with minimum grade of C
- Complete 12 additional credits of general education courses for a total of 18 credits
- 2.7 GPA on all college-level coursework from all institutions

#### Semester 3
- Complete STA 2023 with minimum grade of C
- Complete 1 additional tracking psychology course (DEP 3053 or CLP 3144) or 3 credits of physical science (CHM 2045 or PHY 2004 recommended) with minimum grade of C
- Complete science lab with minimum grade of C or S
- Complete 9 additional credits of general education courses for a total of 30 credits
- 3.0 GPA on all college-level coursework from all institutions

#### Semester 4
- Complete all critical-tracking courses with minimum grades of C
- Complete all general education courses except diversity
- Complete the 18,000 words of the writing requirement
- 3.0 critical-tracking GPA based on all attempts
- 3.0 GPA on all college-level coursework from all institutions

#### Semester 5
- Complete EEX 3093, SPA 3011, SPA 3032, SPA 3101, SPA 4004
- 3.0 prerequisite and overall GPA on college-level coursework from all institutions
- 2.0 UF GPA required

#### Semester 6
- Complete SPA 3003, SPA 4104, SPA 4302, and SPA 4400
- 2.0 UF GPA required

#### Semester 7
- Complete ENC 3254, SPA 4250, and SPA 4321
- 2.0 UF GPA required

#### Semester 8
- Complete PHC 4101 and SPA 4050
- 2.0 UF GPA required
# Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

1 Or higher level course.

**Academic Learning Compact**

The undergraduate program provides an understanding of the expected processes involved in human communication so that students will be prepared for graduate programs where they will be immersed in dealing with atypical or pathological conditions related to speech, language, swallowing and/or hearing.

**Before Graduating Students Must**

- Pass the undergraduate CSD written examination.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**

1. Explain fundamental theories and principles of basic acoustics, psychoacoustics, (neuro)anatomy and (neuro)physiology as they pertain to the normal development of speech, language and hearing.
2. Explain key concepts that pertain to the etiology and characteristics of speech, language and auditory disorders.
3. Describe basic concepts that pertain to the assessment and treatment of speech, language and auditory disorders.
4. Explain fundamental concepts that pertain to professional practice patterns and ethical standards.
5. Explain fundamental concepts that pertain to the relationship between aging and communication, the effect of culture on communication and modalities of communication.
6. Transcribe normal and disordered speech phonetically.
7. Explain the impact of disease and disability on the health of populations.

**Critical Thinking**

8. Apply clinical problem-solving skills to defend assessment and treatment choices.

**Communication**

9. Present information accurately and effectively during an oral presentation on a topic related to communication sciences or disorders.
10. Write a coherent analytical essay on a topic related to communication sciences or disorders.

**Curriculum Map**

I = Introduced; R = Reinforced; A = Assessed

Deaf and Hearing Sciences Minor

The Deaf and Hearing Sciences minor includes language courses in American Sign Language and courses to deepen awareness of the impact of hearing loss on everyday life and function. Students also gain an appreciation of the anatomy and physiology of the ear and rehabilitation approaches for individuals with hearing loss.

About this Program

- **College:** Public Health and Health Professions (p. 1652)
- **Credits:** 17

Department Information

The Department of Speech, Language, and Hearing Sciences works to improve the lives of people affected by communication and related disorders through excellence and innovation in clinical training, service, and research.

BHS-CSD students will also be required to take ASL 1130, due to overlap with their major courses.

Assessment Types

- Clinical analysis
- Case management reviews
- Exams
- Papers
- Presentations
- Additional assessments include:
  - A summative assessment
  - The undergraduate alumni survey
Disability Science Minor

The Disability Science minor provides a basic scientific foundation to understand the impact of disability on physical and psychosocial health.

About this Program

- **College**: Public Health and Health Professions (p. 1652)
- **Credits**: 17 | Completed with minimum grades of C

This minor is available to all juniors and seniors in PHHP’s communication sciences and disorders major and to students in other colleges who meet the prerequisites. The minor is not available to Bachelor of Health Science students in health science, pre-OT or pre-public health specializations.

All credits toward the minor must be completed at the 3000/4000-level. As long as the program director approves, the student can use up to three credits of relevant 3000-level or higher transfer coursework or electives outside the health science program to fulfill elective credits. Lower-division transfer credit is not accepted.

Prerequisites

- Junior standing (60+ credits)
- Overall 2.75 GPA
- 2.75 prerequisite GPA based on general college biology, general psychology, abnormal/developmental/physiological psychology, physiology, and statistics (STA 2023).

Required Courses

- OTH 3413C Applied Kinesiology

**Option B**

- OTH 4418 & 4418L The Nervous System and Disorders and The Nervous System and Disorders Laboratory
- CLP 4420 Introduction to Neuropsychology

Total Credits 17

1 Open only to Seniors.

Health Science

The Health Science program leading to the Bachelor of Health Science (BHS) degree includes didactic and experiential activities for students to learn the foundation skills necessary for success in the dynamic health environment.

About this Program

- **College**: Public Health and Health Professions (p. 1652)
- **Degree**: Bachelor of Health Science
- **Specializations**: General Health Science (p. 1671) | Occupational Therapy Accelerated (p. 1677) | Pre-Occupational Therapy (p. 1682) | Pre-Physical Therapy (p. 1687) | Pre-Professional (p. 1692)
- **Credits for Degree**: 120

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Bachelor of Health Science (BHS) program is a limited access program designed for students whose career goal is to work in the health professions providing service to individuals and communities. BHS students are typically pursuing health related professions such as medicine, physician assistant, physical therapy, occupational therapy, audiology, speech-language pathology, dentistry, epidemiology, or public health.
The program has two major goals: to teach foundational skills to students whose career goal is to work in health care, particularly for those who want to become health care providers, and to teach foundational skills to students who want to work with individuals, groups or communities who face social, economic or health challenges. In addition, interested students have the opportunity to explore a combination-degree program in public health.

**Specializations**

The college offers five specializations in the freshman and sophomore years:

- **General Health Science**
  For students who want to work in a health care field not mentioned in the other specializations below. The number of electives allowed in this specialization affords the student the opportunity to incorporate a range of prerequisites for different career paths.

- **Occupational Therapy Accelerated**
  A combination-degree program that allows students to take first-year Doctor of Occupational Therapy (OTD) Program courses during their junior and senior years in the health science program.

- **Pre-Physical Therapy**
  Offers a suggested prerequisite course sequence for students interested in pursuing entry-level physical therapy education at the graduate/professional level.

- **Pre-Occupational Therapy**
  Offers the core health science curriculum plus prerequisites necessary for the Doctor of Occupational Therapy program at UF.

- **Pre-Professional**
  For students pursuing careers in fields such as medicine, physician assistant and dentistry, all of which require significant basic science prerequisites. This specialization is set up to integrate commonly required pre-professional courses with requirements for the health science major.

  The general health science, pre-professional and pre-physical therapy specializations collapse into one track beginning in the junior year and follow the same core curriculum, focusing on the health care system, different diseases and disabilities, the role of the health care provider in prevention and treatment, research methods and understanding core public health concepts. The senior year focuses on patient provider communication, effective leadership and critical-thinking skills important to clinical problem solving and the bioethical and legal issues impacting health care.

  Regardless of specialization selected, students complement core courses with electives to round out their academic skills and interests.

  Upon successful completion of the health science program, students receive the Bachelor of Health Science degree. While the majority of students pursue graduate or professional training in a health field (e.g. occupational therapy, physical therapy, medicine, physician assistant, health administration, dentistry, public health), some students seek employment in hospital or related community organizations after completing the B.H.S.

**Course Sequence**

While all specializations are designed for students interested in health care, students should select the specialization that most closely approximates their career plans and overall academic performance. Included in specific tracks are typical prerequisites for UF graduate and professional programs.

All course specializations in the health science program require a minimum 3.0 overall and prerequisite GPA for admission at the junior level.
Each specialization incorporates general education math and writing requirements and health science prerequisites. All specializations accept AP, IB, or AICE credit for any prerequisite course. Students must earn a minimum of C in any BHS prerequisite course that is not satisfied by AP/IB/AICE credit. NOTE: While students can use AP/IB/AICE credit to satisfy BHS prerequisites, students should be aware that graduate/professional programs may not accept AP/IB/AICE credits in lieu of letter grades for their respective prerequisites. Students should consult a college advisor if they need assistance or have questions about a specific course schedule.

**Academic Learning Compact**

The Bachelor of Health Science prepares students for a career in health care systems or organizations that provide health or general human services to individuals/communities with health concerns. Students will learn the foundational interprofessional skills necessary to succeed in the dynamic healthcare environment and/or enter postbaccalaureate academic programs such as medicine, physical therapy and public health.

**Before Graduating Students Must**
- Receive a satisfactory grade (S) in the BHS capstone portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

**Students in the Major Will Learn to**

**Student Learning Outcomes (SLOs)**

**Content**
1. Describe key elements of the U.S. healthcare system.
2. Comprehensively describe major chronic illnesses and disabilities.
3. Describe the core functions of public health.
4. Apply knowledge and application of core bioethical principles to contemporary health issues.
5. Develop appropriate professional behaviors for health careers.

**Critical Thinking**
6. Develop and apply critical analysis skills to contemporary health issues.

**Communication**
7. Apply effective basic communication skills for health professionals.

Curriculum

- Disability Science Minor
- Health Science
- Health Science Minor

Related Programs

- Public Health

The program has two major goals: to teach foundational skills to students whose career goal is to work in health care, particularly for those who want to become health care providers, and to teach foundational skills to students who want to work with individuals, groups or communities who face social, economic or health challenges. In addition, interested students have the opportunity to explore a combination-degree program in public health.

Specializations

The college offers five specializations in the freshman and sophomore years:

**General Health Science**

For students who want to work in a health care field not mentioned in the other specializations below. The number of electives allowed in this specialization affords the student the opportunity to incorporate a range of prerequisites for different career paths.

**Occupational Therapy Accelerated**

A combination-degree program that allows students to take first-year Doctor of Occupational Therapy (OTD) Program courses during their junior and senior years in the health science program.

**Pre-Physical Therapy**

Offers a suggested prerequisite course sequence for students interested in pursuing entry-level physical therapy education at the graduate/professional level.

**Pre-Occupational Therapy**

Offers the core health science curriculum plus prerequisites necessary for the Doctor of Occupational Therapy program at UF.

**Pre-Professional**

For students pursuing careers in fields such as medicine, physician assistant and dentistry, all of which require significant basic science prerequisites. This specialization is set up to integrate commonly required pre-professional courses with requirements for the health science major.

The general health science, pre-professional and pre-physical therapy specializations collapse into one track beginning in the junior year and follow the same core curriculum, focusing on the health care system, different diseases and disabilities, the role of the health care provider in prevention and
treatment, research methods and understanding core public health concepts. The senior year focuses on patient provider communication, effective leadership and critical-thinking skills important to clinical problem solving and the bioethical and legal issues impacting health care.

Regardless of specialization selected, students complement core courses with electives to round out their academic skills and interests.

Upon successful completion of the health science program, students receive the Bachelor of Health Science degree. While the majority of students pursue graduate or professional training in a health field (e.g. occupational therapy, physical therapy, medicine, physician assistant, health administration, dentistry, public health), some students seek employment in hospital or related community organizations after completing the B.H.S.

**Course Sequence**

While all specializations are designed for students interested in health care, students should select the specialization that most closely approximates their career plans and overall academic performance. Included in specific tracks are typical prerequisites for UF graduate and professional programs.

All course specializations in the health science program require a minimum 3.0 overall and prerequisite GPA for admission at the junior level.

Each specialization incorporates general education math and writing requirements and health science prerequisites. All specializations accept AP, IB, or AICE credit for any prerequisite course. Students must earn a minimum of C in any BHS prerequisite course that is not satisfied by AP/IB/AICE credit. NOTE: While students can use AP/IB/AICE credit to satisfy BHS prerequisites, students should be aware that graduate/professional programs may not accept AP/IB/AICE credits in lieu of letter grades for their respective prerequisites. Students should consult a college advisor if they need assistance or have questions about a specific course schedule.

**General Health Science**

The general specialization is designed to accommodate students interested in diverse health care fields (e.g., health administration, nursing, clinical psychology).

To be on-track for the junior year, students must meet the critical-tracking criteria listed below, beginning with the first fall or spring term.

To be considered for admission at the junior level, students must:

- Remain on track each fall and spring term, for a total of four semesters.
- Complete the following prerequisites or equivalents by the end of the fourth semester:

<table>

- The online application to the BHS program goes live as a link on the BHS website (http://bhs.phhp.ufl.edu/) in November. Apply formally to the college by the February 1 deadline. Transfer students must apply separately to UF and to the college so they must submit two different applications.

Off-track UF freshmen and sophomores must speak with a college advisor before registering for the next semester and prior to applying for junior-year admission consideration.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**

- Complete ENC 1101 or ENC 1102 with a minimum grade of C
- Complete 9 credits of general education courses, including ENC 1101 or higher, with minimum grades of C
- 2.3 cumulative GPA on work from all institutions
Semester 2
• Complete STA 2023 with a minimum grade of C
• Complete PSY 2012 with a minimum grade of C
• Complete 9 additional credits of general education courses for a total of 18, including the university writing requirement
• 2.7 cumulative GPA on work from all institutions

Semester 3
• Complete BSC 2005 or BSC 2010 with minimum grade of C
• Complete CLP 3144 or DEP 3053 with a minimum grade of C
• Complete STA 2023 with minimum grades of C
• Complete 9 additional credits of general education courses for a total of 27
• 3.0 GPA required for all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

Semester 4
• Complete all general education courses, including a Quest 1 course and all state core courses
• Complete the university writing requirement, which must include ENC 3453 or a substitution approved by a PHHP advisor
• Complete APK 2105C with a minimum grade of C
• Complete 60 cumulative credits
• 3.0 GPA required for all critical-tracking courses and minimum grades of C on all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

Semester 5
• Complete HSA 3111 with a minimum grade of C
• Complete HSC 3502 with a minimum grade of C
• Complete PHC 4101 with a minimum grade of C

Semester 6
• Complete HSC 3057 with a minimum grade of C
• Complete HSC 4558 with a minimum grade of C
• Complete OTH 3416 with a minimum grade of C
• Complete 3 credits of College Approved Electives

Semester 7
• Complete HSC 3661 with a minimum grade of C
• Complete RCS 4415L with a minimum grade of C
• Complete HSC 4184 with a minimum grade of C

Semester 8
• Complete HSC 4608L with a minimum grade of C
• Complete HSC 4652L with a minimum grade of C
• Complete HSC 4008 with a Satisfactory grade
• Complete 9 credits of College Approved Electives

Model Semester Plan
To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Academic Learning Compact

The Bachelor of Health Science prepares students for a career in health care systems or organizations that provide health or general human services to individuals/communities with health concerns. Students will learn the foundational interprofessional skills necessary to succeed in the dynamic healthcare environment and/or enter postbaccalaureate academic programs such as medicine, physical therapy and public health.

Before Graduating Students Must

- Receive a satisfactory grade (S) in the BHS capstone portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content

1. Describe key elements of the U.S. healthcare system.
2. Comprehensively describe major chronic illnesses and disabilities.
3. Describe the core functions of public health.
4. Apply knowledge and application of core bioethical principles to contemporary health issues.
5. Develop appropriate professional behaviors for health careers.

Critical Thinking

6. Develop and apply critical analysis skills to contemporary health issues.

Communication

7. Apply effective basic communication skills for health professionals.

Assessment Types

- Assignment
- The Bachelor of Health Science (BHS) capstone exam in the final semester
- The degree candidate’s exit survey
Occupational Therapy Accelerated

The Health Science program leading to the Bachelor of Health Science (BHS) degree includes didactic and experiential activities for students to learn the foundation skills necessary for success in the dynamic health environment.

About this Program

- **College**: Public Health and Health Professions (p. 1652)
- **Degree**: Bachelor of Health Science
- **Specializations**: General Health Science (p. 1671) | Occupational Therapy Accelerated (p. 1677) | Pre-Occupational Therapy (p. 1682) | Pre-Physical Therapy (p. 1687) | Pre-Professional (p. 1692)
- **Credits for Degree**: 120

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Bachelor of Health Science (BHS) program is a limited access program designed for students whose career goal is to work in the health professions providing service to individuals and communities. BHS students are typically pursuing health related professions such as medicine, physician assistant, physical therapy, occupational therapy, audiology, speech-language pathology, dentistry, epidemiology, or public health.

Curriculum

- Disability Science Minor
- Health Science
- Health Science Minor

Related Programs

- Public Health

The program has two major goals: to teach foundational skills to students whose career goal is to work in health care, particularly for those who want to become health care providers, and to teach foundational skills to students who want to work with individuals, groups or communities who face social, economic or health challenges. In addition, interested students have the opportunity to explore a combination-degree program in public health.

Specializations

The college offers five specializations in the freshman and sophomore years:

**General Health Science**

For students who want to work in a health care field not mentioned in the other specializations below. The number of electives allowed in this specialization affords the student the opportunity to incorporate a range of prerequisites for different career paths.

**Occupational Therapy Accelerated**

A combination-degree program that allows students to take first-year Doctor of Occupational Therapy (OTD) Program courses during their junior and senior years in the health science program.

**Pre-Physical Therapy**

Offers a suggested prerequisite course sequence for students interested in pursuing entry-level physical therapy education at the graduate/professional level.

**Pre-Occupational Therapy**

Offers the core health science curriculum plus prerequisites necessary for the Doctor of Occupational Therapy program at UF.
Pre-Professional
For students pursuing careers in fields such as medicine, physician assistant and dentistry, all of which require significant basic science prerequisites. This specialization is set up to integrate commonly required pre-professional courses with requirements for the health science major.

The general health science, pre-professional and pre-physical therapy specializations collapse into one track beginning in the junior year and follow the same core curriculum, focusing on the health care system, different diseases and disabilities, the role of the health care provider in prevention and treatment, research methods and understanding core public health concepts. The senior year focuses on patient provider communication, effective leadership and critical-thinking skills important to clinical problem solving and the bioethical and legal issues impacting health care.

Regardless of specialization selected, students complement core courses with electives to round out their academic skills and interests.

Upon successful completion of the health science program, students receive the Bachelor of Health Science degree. While the majority of students pursue graduate or professional training in a health field (e.g. occupational therapy, physical therapy, medicine, physician assistant, health administration, dentistry, public health), some students seek employment in hospital or related community organizations after completing the B.H.S.

Course Sequence
While all specializations are designed for students interested in health care, students should select the specialization that most closely approximates their career plans and overall academic performance. Included in specific tracks are typical prerequisites for UF graduate and professional programs.

All course specializations in the health science program require a minimum 3.0 overall and prerequisite GPA for admission at the junior level.

Each specialization incorporates general education math and writing requirements and health science prerequisites. All specializations accept AP, IB, or AICE credit for any prerequisite course. Students must earn a minimum of C in any BHS prerequisite course that is not satisfied by AP/IB/AICE credit. NOTE: While students can use AP/IB/AICE credit to satisfy BHS prerequisites, students should be aware that graduate/professional programs may not accept AP/IB/AICE credits in lieu of letter grades for their respective prerequisites. Students should consult a college advisor if they need assistance or have questions about a specific course schedule.

Occupational Therapy Accelerated
Occupational therapy is a professional program. The Occupational Therapy Accelerated Program gives students the opportunity to learn core health science content while simultaneously completing the first-year professional-level coursework required for the doctor of occupational therapy program at UF.

Competitive applicants to the Occupational Therapy Accelerated Program will have met the following requirements:

• Applicants must be accepted into the Bachelor of Health Science Program.
• Applicants must have completed all 2000-level prerequisites required for the professional program in occupational therapy.
• A minimum cumulative 3.8 GPA for lower division (freshman and sophomore level) undergraduate college coursework.
• A minimum 3.7 GPA for all prerequisite courses with no grade lower than a C.
• All applicants are required to complete a total of 30 hours of observational hours in at least two diverse OT settings. Diverse settings are settings that service clientele are significantly different; inpatient, outpatient, long term care, school-based, elders, pediatrics, orthopedics, rehabilitation, etc.
• Applicants must submit three recommendations. One of the recommendations must be from a professional level OT. The other two should be from professionals, such as a present or former faculty member, academic advisor, or employer.
• Applicants must submit a personal statement that addresses why they selected OT as a career and how an Occupational Therapy degree relates to their immediate and long-term professional goals. They must describe how their personal, educational, and professional background will help achieve their goals.

Critical Tracking
Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

Semester 1
• Complete BSC 2005 and BSC 2005L with minimum grades of C
• Complete ENC 1101 or ENC 1102 with a minimum grade of C
• Complete sociology or anthropology with a minimum grade of C
• Complete 9 credits of general education courses, including ENC 1101 or higher, with minimum grades of C
• 3.2 cumulative GPA on work from all institutions

**Semester 2**
• Complete ENC 1102 with a minimum grade of C
• Complete HSC 2000 with a minimum grade of C (recommended)
• Complete PSY 2012 and HSC 3537 with minimum grades of C
• Complete 9 additional credits of general education courses for a total of 18
• Complete 28 cumulative credits
• 3.4 cumulative GPA on work from all institutions

**Semester 3**
• Complete 3 additional critical-tracking courses: APK 2100C or APK 2105C, CLP 3144 and STA 2023 with minimum grades of C
• Complete 9 additional credits of general education courses for a total of 27
• Complete ENC 3453 or a substitution approved by a PHHP advisor
• Complete 42 cumulative credits
• 3.6 GPA required for all critical-tracking courses, based on all attempts
• 3.6 cumulative GPA on work from all institutions

**Semester 4**
• Complete all laboratories
• Complete all general education courses, including a Quest 1 course and all state core courses
• Complete the university writing requirement
• Complete 60 cumulative credits
• Complete all critical-tracking courses with no grade below C and with a 3.7 critical-tracking GPA
• 3.8 cumulative GPA on work from all institutions

**Semester 5**
• Complete HSC 3502
• Complete HSA 3111
• Complete OTH 6002
• Complete OTH 6722

**Semester 6**
• Complete PHC 4101
• Complete HSC 4558
• Complete HSC 3057
• Complete HSC 4652L
• Complete OTH 6209

**Semester 7**
• Complete HSC 4184
• Complete HSC 3661
• Complete RCS 4415L
• Complete OTH 6008C
• Complete OTH 6419

**Semester 8**
• Complete HSC 4608L
• Complete OTH 6242
• Complete OTH 6423
• Complete OTH 6539
## Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Credits: 14

Total Credits: 120

Minimum grade of C required.

Minimum grade of B required.

Students can complete missing coursework in the summer, but all first-year tracking criteria must be completed by the end of the summer term.

For semesters 5-8, students must enroll in all semesters and take all core courses in the term/order indicated, with the exception of Introduction to Statistics, which must be completed by the end of spring term of the junior year.

Academic Learning Compact

The Bachelor of Health Science prepares students for a career in health care systems or organizations that provide health or general human services to individuals/communities with health concerns. Students will learn the foundational interprofessional skills necessary to succeed in the dynamic healthcare environment and/or enter postbaccalaureate academic programs such as medicine, physical therapy and public health.

Before Graduating Students Must

- Receive a satisfactory grade (S) in the BHS capstone portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Students in the Major Will Learn to

Student Learning Outcomes (SLOs)

Content
1. Describe key elements of the U.S. healthcare system.
2. Comprehensively describe major chronic illnesses and disabilities.
3. Describe the core functions of public health.
4. Apply knowledge and application of core bioethical principles to contemporary health issues.
5. Develop appropriate professional behaviors for health careers.

Critical Thinking
6. Develop and apply critical analysis skills to contemporary health issues.

Communication
7. Apply effective basic communication skills for health professionals.

Pre-Occupational Therapy

The Health Science program leading to the Bachelor of Health Science (BHS) degree includes didactic and experiential activities for students to learn the foundation skills necessary for success in the dynamic health environment.

Assessment Types
- Assignment
- The Bachelor of Health Science (BHS) capstone exam in the final semester
- The degree candidate’s exit survey

About this Program
- **College:** Public Health and Health Professions (p. 1652)
- **Degree:** Bachelor of Health Science
- **Specializations:** General Health Science (p. 1671) | Occupational Therapy Accelerated (p. 1677) | Pre-Occupational Therapy (p. 1682) | Pre-Physical Therapy (p. 1687) | Pre-Professional (p. 1692)
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

Department Information

The Bachelor of Health Science (BHS) program is a limited access program designed for students whose career goal is to work in the health professions providing service to individuals and communities. BHS students are typically pursuing health related professions such as medicine, physician assistant, physical therapy, occupational therapy, audiology, speech-language pathology, dentistry, epidemiology, or public health. Curriculum
- Disability Science Minor
- Health Science
- Health Science Minor

Related Programs
- Public Health

The program has two major goals: to teach foundational skills to students whose career goal is to work in health care, particularly for those who want to become health care providers, and to teach foundational skills to students who want to work with individuals, groups or communities who face social, economic or health challenges. In addition, interested students have the opportunity to explore a combination-degree program in public health.

Specializations

The college offers five specializations in the freshman and sophomore years:
General Health Science
For students who want to work in a health care field not mentioned in the other specializations below. The number of electives allowed in this specialization affords the student the opportunity to incorporate a range of prerequisites for different career paths.

Occupational Therapy Accelerated
A combination-degree program that allows students to take first-year Doctor of Occupational Therapy (OTD) Program courses during their junior and senior years in the health science program.

Pre-Physical Therapy
Offers a suggested prerequisite course sequence for students interested in pursuing entry-level physical therapy education at the graduate/professional level.

Pre-Occupational Therapy
Offers the core health science curriculum plus prerequisites necessary for the Doctor of Occupational Therapy program at UF.

Pre-Professional
For students pursuing careers in fields such as medicine, physician assistant and dentistry, all of which require significant basic science prerequisites. This specialization is set up to integrate commonly required pre-professional courses with requirements for the health science major.

The general health science, pre-professional and pre-physical therapy specializations collapse into one track beginning in the junior year and follow the same core curriculum, focusing on the health care system, different diseases and disabilities, the role of the health care provider in prevention and treatment, research methods and understanding core public health concepts. The senior year focuses on patient provider communication, effective leadership and critical-thinking skills important to clinical problem solving and the bioethical and legal issues impacting health care.

Regardless of specialization selected, students complement core courses with electives to round out their academic skills and interests.

Upon successful completion of the health science program, students receive the Bachelor of Health Science degree. While the majority of students pursue graduate or professional training in a health field (e.g. occupational therapy, physical therapy, medicine, physician assistant, health administration, dentistry, public health), some students seek employment in hospital or related community organizations after completing the B.H.S.

Course Sequence
While all specializations are designed for students interested in health care, students should select the specialization that most closely approximates their career plans and overall academic performance. Included in specific tracks are typical prerequisites for UF graduate and professional programs.

All course specializations in the health science program require a minimum 3.0 overall and prerequisite GPA for admission at the junior level.

Each specialization incorporates general education math and writing requirements and health science prerequisites. All specializations accept AP/IB, or AICE credit for any prerequisite course. Students must earn a minimum of C in any BHS prerequisite course that is not satisfied by AP/IB/AICE credit. NOTE: While students can use AP/IB/AICE credit to satisfy BHS prerequisites, students should be aware that graduate/professional programs may not accept AP/IB/AICE credits in lieu of letter grades for their respective prerequisites. Students should consult a college advisor if they need assistance or have questions about a specific course schedule.

Pre-Occupational Therapy
Occupational therapy is a graduate-level program. The preprofessional OT track within the health science program gives students the opportunity to learn core health science content while simultaneously completing 3000/4000-level prerequisite coursework required for the graduate-level occupational therapy program at UF.

To be admitted to the pre-OT track, students must have completed all 2000-level prerequisites required for the master’s program in occupational therapy and have a minimum 3.0 GPA. Students who make satisfactory academic progress in their health science and pre-OT coursework receive the Bachelor of Health Science and, while admission to the OT program is not guaranteed, students in the pre-OT track have priority for admission to the graduate-level OT program.

Critical Tracking
Critical Tracking records each student’s progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flv.org/advance-search/) may be used for transfer students.
Semester 1
• Complete BSC 2005 and BSC 2005L with minimum grades of C
• Complete ENC 1101 or ENC 1102 with a minimum grade of C
• Complete sociology or anthropology with a minimum grade of C
• Complete 9 credits of general education courses, including ENC 1101 or higher, with minimum grades of C
• 2.3 cumulative GPA on work from all institutions

Semester 2
• Complete ENC 1102 with a minimum grade of C
• Complete HSC 2000 with a minimum grade of C (recommended)
• Complete PSY 2012 and HSC 3537 with minimum grades of C
• Complete 9 additional credits of general education courses for a total of 18
• Complete 28 cumulative credits
• 2.7 cumulative GPA on work from all institutions

Semester 3
• Complete 3 additional critical-tracking courses: APK 2100C or APK 2105C, CLP 3144 and STA 2023 with minimum grades of C
• Complete 9 additional credits of general education courses for a total of 27
• Complete ENC 3453 or a substitution approved by a PHHP advisor
• Complete 42 cumulative credits
• 3.0 GPA required for all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

Semester 4
• Complete all laboratories
• Complete all general education courses, including Quest 1, Quest 2 and all state core courses
• Complete the university writing requirement
• Complete 60 cumulative credits
• Complete all critical-tracking courses with no grade below C and with a 3.0 critical-tracking GPA
• 3.0 cumulative GPA on work from all institutions

Semester 5
• Complete PHC 4101
• Complete HSC 3502
• Complete HSA 3111

Semester 6
• Complete OTH 3416
• Complete HSC 4558
• Complete HSC 3057
• Complete a minimum of 3 total credits of college approved electives

Semester 7
• Complete HSC 4184
• Complete HSC 3661
• Complete RCS 4415L

Semester 8
• Complete HSC 4608L
• Complete HSC 4652L
• Complete a minimum of 9 total credits of college approved electives
• Completion of all coursework with a minimum of 2.0 overall GPA
# Model Semester Plan

To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Assessment Types
- Assignment
- The Bachelor of Health Science (BHS) capstone exam in the final semester
- The degree candidate’s exit survey

Pre-Physical Therapy
The Health Science program leading to the Bachelor of Health Science (BHS) degree includes didactic and experiential activities for students to learn the foundation skills necessary for success in the dynamic health environment.

About this Program
- **College:** Public Health and Health Professions (p. 1652)
- **Degree:** Bachelor of Health Science
- **Specializations:** General Health Science (p. 1671) | Occupational Therapy Accelerated (p. 1677) | Pre-Occupational Therapy (p. 1682) | Pre-Physical Therapy (p. 1687) | Pre-Professional (p. 1692)
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Bachelor of Health Science (BHS) program is a limited access program designed for students whose career goal is to work in the health professions providing service to individuals and communities. BHS students are typically pursuing health related professions such as medicine, physician assistant, physical therapy, occupational therapy, audiology, speech-language pathology, dentistry, epidemiology, or public health.

Curriculum
- Disability Science Minor
- Health Science
- Health Science Minor

Related Programs
- Public Health

The program has two major goals: to teach foundational skills to students whose career goal is to work in health care, particularly for those who want to become health care providers, and to teach foundational skills to students who want to work with individuals, groups or communities who face social, economic or health challenges. In addition, interested students have the opportunity to explore a combination-degree program in public health.

Specializations
The college offers five specializations in the freshman and sophomore years:
General Health Science
For students who want to work in a health care field not mentioned in the other specializations below. The number of electives allowed in this specialization affords the student the opportunity to incorporate a range of prerequisites for different career paths.

Occupational Therapy Accelerated
A combination-degree program that allows students to take first-year Doctor of Occupational Therapy (OTD) Program courses during their junior and senior years in the health science program.

Pre-Physical Therapy
Offers a suggested prerequisite course sequence for students interested in pursuing entry-level physical therapy education at the graduate/professional level.

Pre-Occupational Therapy
Offers the core health science curriculum plus prerequisites necessary for the Doctor of Occupational Therapy program at UF.

Pre-Professional
For students pursuing careers in fields such as medicine, physician assistant and dentistry, all of which require significant basic science prerequisites. This specialization is set up to integrate commonly required pre-professional courses with requirements for the health science major.

The general health science, pre-professional and pre-physical therapy specializations collapse into one track beginning in the junior year and follow the same core curriculum, focusing on the health care system, different diseases and disabilities, the role of the health care provider in prevention and treatment, research methods and understanding core public health concepts. The senior year focuses on patient provider communication, effective leadership and critical-thinking skills important to clinical problem solving and the bioethical and legal issues impacting health care.

Regardless of specialization selected, students complement core courses with electives to round out their academic skills and interests.

Upon successful completion of the health science program, students receive the Bachelor of Health Science degree. While the majority of students pursue graduate or professional training in a health field (e.g. occupational therapy, physical therapy, medicine, physician assistant, health administration, dentistry, public health), some students seek employment in hospital or related community organizations after completing the B.H.S.

Course Sequence
While all specializations are designed for students interested in health care, students should select the specialization that most closely approximates their career plans and overall academic performance. Included in specific tracks are typical prerequisites for UF graduate and professional programs.

All course specializations in the health science program require a minimum 3.0 overall and prerequisite GPA for admission at the junior level.

Each specialization incorporates general education math and writing requirements and health science prerequisites. All specializations accept AP, IB, or AICE credit for any prerequisite course. Students must earn a minimum of C in any BHS prerequisite course that is not satisfied by AP/IB/AICE credit. NOTE: While students can use AP/IB/AICE credit to satisfy BHS prerequisites, students should be aware that graduate/professional programs may not accept AP/IB/AICE credits in lieu of letter grades for their respective prerequisites. Students should consult a college advisor if they need assistance or have questions about a specific course schedule.

Pre-Physical Therapy
Physical therapy is a doctoral-level program. Listed below is the suggested undergraduate prerequisite course sequence. For a description of the program and additional information, please refer to the Department of Physical Therapy.

Course Sequence
The following course sequence permits completion of general education requirements and UF health science and physical therapy prerequisites.

To be admitted to the pre-PT track, students must meet the health science critical-tracking criteria each semester, beginning with the first fall or spring term.

To be considered for admission at the junior level, students must:

- Remain on track each fall and spring term, for a total of four semesters.
- Complete the following prerequisites or equivalents by the end of the fourth semester:

<table>
<thead>
<tr>
<th>Code</th>

</table>
The online application to the BHS program goes live as a link on the BHS website (http://bhs.phhp.ufl.edu/) in November. Apply formally to the college by the February 1 deadline. Transfer students must apply separately to UF and to the college so they must submit two different applications.

Off-track UF freshmen and sophomores must speak with a college advisor before registering for the next semester and prior to applying for junior-year admission consideration.

**Critical Tracking**

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**
- Complete ENC 1101 or ENC 1102
- Complete MAC 1140 or MAC 1147 with a minimum grade of C
- Complete PSY 2012 with a minimum grade of C
- Complete 9 credits of general education courses, including ENC 1101 or higher, with minimum grades of C
- 2.3 GPA on work from all institutions

**Semester 2**
- Complete ENC 1102 with a minimum grade of C
- Complete BSC 2010 with a minimum grade of C
- Complete STA 2023 or DEP 3053 with a minimum grade of C
- Complete 9 additional credits of general education courses for a total of 18
- 2.7 GPA on work from all institutions

**Semester 3**
- Complete APK 2105C, BSC 2010, DEP 3053, STA 2023 with minimum grades of C
- Complete 9 additional credits of general education courses for a total of 27
- 3.0 GPA required for all critical-tracking courses, based on all attempts
- 3.0 cumulative GPA on work from all institutions

**Semester 4**
- Complete HSC 2000 with a minimum grade of C (recommended)
- Complete all general education courses, including a Quest 1 course and all state core courses
- Complete the university writing requirement, which must include ENC 3453 or a substitution approved by a PHHP advisor
- Complete 60 cumulative credits
- Complete all critical-tracking courses with no grades below C and with a 3.0 critical-tracking GPA
- 3.0 cumulative GPA on work from all institutions

**Semester 5**
- Complete HSA 3111 with a minimum grade of C
- Complete HSC 3502 with a minimum grade of C
- Complete PHC 4101 with a minimum grade of C

**Semester 6**
- Complete HSC 3057 with a minimum grade of C
- Complete HSC 4558 with a minimum grade of C
• Complete OTH 3416 with a minimum grade of C
• Complete 3 credits of College Approved Electives

**Semester 7**
• Complete HSC 3661 with a minimum grade of C
• Complete RCS 4415L with a minimum grade of C
• Complete HSC 4184 with a minimum grade of C

**Semester 8**
• Complete HSC 4608L with a minimum grade of C
• Complete HSC 4652L with a minimum grade of C
• Complete HSC 4008 with a Satisfactory grade
• Complete 9 credits of College Approved Electives

**Model Semester Plan**
To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Elective (3000/4000 level) 1

**Credits** 15

**Total Credits** 120

¹ Minimum grade of C required.

For semesters 5-8, students must enroll in all semesters and take all core courses in the term/order indicated.

### Academic Learning Compact

The Bachelor of Health Science prepares students for a career in health care systems or organizations that provide health or general human services to individuals/communities with health concerns. Students will learn the foundational interprofessional skills necessary to succeed in the dynamic healthcare environment and/or enter postbaccalaureate academic programs such as medicine, physical therapy and public health.

### Before Graduating Students Must

- Receive a satisfactory grade (S) in the BHS capstone portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

### Students in the Major Will Learn to

#### Student Learning Outcomes (SLOs)

**Content**

1. Describe key elements of the U.S. healthcare system.
2. Comprehensively describe major chronic illnesses and disabilities.
3. Describe the core functions of public health.
4. Apply knowledge and application of core bioethical principles to contemporary health issues.
5. Develop appropriate professional behaviors for health careers.
Critical Thinking
6. Develop and apply critical analysis skills to contemporary health issues.

Communication
7. Apply effective basic communication skills for health professionals.

Assessment Types
- Assignment
- The Bachelor of Health Science (BHS) capstone exam in the final semester
- The degree candidate’s exit survey

Pre-Professional
The Health Science program leading to the Bachelor of Health Science (BHS) degree includes didactic and experiential activities for students to learn the foundation skills necessary for success in the dynamic health environment.

About this Program
- **College:** Public Health and Health Professions (p. 1652)
- **Degree:** Bachelor of Health Science
- **Specializations:** General Health Science (p. 1671) | Occupational Therapy Accelerated (p. 1677) | Pre-Occupational Therapy (p. 1682) | Pre-Physical Therapy (p. 1687) | Pre-Professional (p. 1692)
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

Department Information
The Bachelor of Health Science (BHS) program is a limited access program designed for students whose career goal is to work in the health professions providing service to individuals and communities. BHS students are typically pursuing health related professions such as medicine, physician assistant, physical therapy, occupational therapy, audiology, speech-language pathology, dentistry, epidemiology, or public health.

Curriculum
- Disability Science Minor
- Health Science
- Health Science Minor

Related Programs
- Public Health

The program has two major goals: to teach foundational skills to students whose career goal is to work in health care, particularly for those who want to become health care providers, and to teach foundational skills to students who want to work with individuals, groups or communities who face social, economic or health challenges. In addition, interested students have the opportunity to explore a combination-degree program in public health.

Specializations
The college offers five specializations in the freshman and sophomore years:

General Health Science
For students who want to work in a health care field not mentioned in the other specializations below. The number of electives allowed in this specialization affords the student the opportunity to incorporate a range of prerequisites for different career paths.

Occupational Therapy Accelerated
A combination-degree program that allows students to take first-year Doctor of Occupational Therapy (OTD) Program courses during their junior and senior years in the health science program.

Pre-Physical Therapy
Offers a suggested prerequisite course sequence for students interested in pursuing entry-level physical therapy education at the graduate/professional level.

Pre-Occupational Therapy
Offers the core health science curriculum plus prerequisites necessary for the Doctor of Occupational Therapy program at UF.

Pre-Professional
For students pursuing careers in fields such as medicine, physician assistant and dentistry, all of which require significant basic science prerequisites. This specialization is set up to integrate commonly required pre-professional courses with requirements for the health science major.

The general health science, pre-professional and pre-physical therapy specializations collapse into one track beginning in the junior year and follow the same core curriculum, focusing on the health care system, different diseases and disabilities, the role of the health care provider in prevention and treatment, research methods and understanding core public health concepts. The senior year focuses on patient provider communication, effective leadership and critical-thinking skills important to clinical problem solving and the bioethical and legal issues impacting health care.

Regardless of specialization selected, students complement core courses with electives to round out their academic skills and interests.

Upon successful completion of the health science program, students receive the Bachelor of Health Science degree. While the majority of students pursue graduate or professional training in a health field (e.g. occupational therapy, physical therapy, medicine, physician assistant, health administration, dentistry, public health), some students seek employment in hospital or related community organizations after completing the B.H.S.

Course Sequence
While all specializations are designed for students interested in health care, students should select the specialization that most closely approximates their career plans and overall academic performance. Included in specific tracks are typical prerequisites for UF graduate and professional programs.

All course specializations in the health science program require a minimum 3.0 overall and prerequisite GPA for admission at the junior level.

Each specialization incorporates general education math and writing requirements and health science prerequisites. All specializations accept AP, IB, or AICE credit for any prerequisite course. Students must earn a minimum of C in any BHS prerequisite course that is not satisfied by AP/IB/AICE credit. NOTE: While students can use AP/IB/AICE credit to satisfy BHS prerequisites, students should be aware that graduate/professional programs may not accept AP/IB/AICE credits in lieu of letter grades for their respective prerequisites. Students should consult a college advisor if they need assistance or have questions about a specific course schedule.

Preprofessional
Students interested in health careers requiring strong basic science backgrounds, such as medicine and physician assistant programs, should enroll in the pre-professional specialization.
To be on track for the junior year, students must meet the critical-tracking criteria listed below, beginning with the first fall or spring term.

To be considered for admission at the junior level, students must:

- Remain on track each fall and spring term, for a total of four semesters.
- Complete the following prerequisites or equivalents by the end of the fourth semester:

<table>

The online application to the BHS program goes live as a link on the BHS website (http://bhs.phhp.ufl.edu/) in November. Apply formally to the college by the February 1 deadline. Transfer students must apply separately to UF and to the college so they must submit two different applications.

Off-track UF freshmen and sophomores must speak with a college advisor before registering for the next semester and prior to applying for junior-year admission consideration.

### Critical Tracking

Critical Tracking records each student's progress in courses that are required for entry to each major. Please note the critical-tracking requirements below on a per-semester basis.

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

### Semester 1

- Complete PSY 2012, and ENC 1101 or ENC 1102 with minimum grades of C
- Complete 9 credits of general education courses, including ENC 1101 or ENC 1102, with minimum grades of C
- 2.3 cumulative GPA on work from all institutions

### Semester 2

- Complete ENC 1101 or ENC 1102 with a minimum grade of C
- Complete 9 additional credits of general education courses for a total of 18
- 2.7 cumulative GPA on work from all institutions

### Semester 3

- Complete BSC 2010 and STA 2023 with minimum grades of C
- Complete 9 additional credits of general education courses for a total of 27
- 3.0 GPA required for all critical-tracking courses, based on all attempts
- 3.0 cumulative GPA on work from all institutions

### Semester 4

- Complete DEP 3053 or CLP 3144 with a minimum grade of C
- Complete APK 2105C with a minimum grade of C
- Complete all general education courses, including a Quest 1 course and all state core courses
- Complete the university writing requirement, which must include ENC 3453 or a substitution approved by a PHHP advisor
- Complete 60 cumulative credits
- Complete all critical-tracking courses with no grades below C and with a 3.0 critical-tracking GPA
- 3.0 cumulative GPA on work from all institutions
Semester 5
- Complete HSA 3111 with a minimum grade of C
- Complete HSC 3502 with a minimum grade of C
- Complete PHC 4101 with a minimum grade of C

Semester 6
- Complete HSC 3057 with a minimum grade of C
- Complete HSC 4558 with a minimum grade of C
- Complete OTH 3416 with a minimum grade of C
- Complete 3 credits of College Approved Electives

Semester 7
- Complete HSC 3661 with a minimum grade of C
- Complete RCS 4415L with a minimum grade of C
- Complete HSC 4184 with a minimum grade of C

Semester 8
- Complete HSC 4608L with a minimum grade of C
- Complete HSC 4652L with a minimum grade of C
- Complete HSC 4008 with a Satisfactory grade
- Complete 9 credits of College Approved Electives

Model Semester Plan
To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student’s academic record and scheduling availability of courses. Prerequisites still apply.

Minimum grade of C required.

For semesters 5-8, students must enroll in all semesters and take all core courses in the term/order indicated.

The health science program requires 120 credits for degree. Students following the preprofessional guidelines will require more than 120 credits and includes all preprofessional coursework.

### Academic Learning Compact

The Bachelor of Health Science prepares students for a career in health care systems or organizations that provide health or general human services to individuals/communities with health concerns. Students will learn the foundational interprofessional skills necessary to succeed in the dynamic healthcare environment and/or enter postbaccalaureate academic programs such as medicine, physical therapy and public health.

### Before Graduating Students Must

- Receive a satisfactory grade (S) in the BHS capstone portfolio.
- Complete requirements for the baccalaureate degree, as determined by faculty.

Health Science Minor

The Health Science minor provides foundational knowledge and skills in the changing healthcare delivery system.

About this Program

- **College:** Public Health and Health Professions (p. 1652)
- **Credits:** 15 | Completed with minimum grades of C

Department Information

The Bachelor of Health Science (BHS) program is a limited access program designed for students whose career goal is to work in the health professions providing service to individuals and communities. BHS students are typically pursuing health related professions such as medicine, physician assistant, physical therapy, occupational therapy, audiology, speech-language pathology, dentistry, epidemiology, or public health.

Curriculum

- Disability Science Minor
- Health Science
- Health Science Minor

Related Programs

- Public Health

The minor is open to all juniors and seniors with majors outside the College of Public Health and Health Professions who meet the prerequisites. It is also open to communication sciences and disorders students.

Prerequisites include junior standing (60+ credits), a 3.0 overall GPA and a 3.0 prerequisite GPA based on general college biology, general psychology, abnormal/developmental/physiological psychology, physiology and statistics (STA 2023). Students can transfer up to three credits of approved coursework.

Interested students should obtain an application and a list of current coursework.

Required Courses

*Complete the first three courses before taking electives.*

Public Health

The Bachelor of Public Health (BPH) program prepares students for advanced education in public health or related fields. It also provides students with foundational public health skills to succeed in the dynamic public health workforce.

About this Program

- **College:** Public Health and Health Professions (p. 1652)
- **Degree:** Bachelor of Public Health
- **Credits for Degree:** 120

To graduate with this major, students must complete all university, college, and major requirements.

Curriculum

- Artificial Intelligence in Public Health and Healthcare Certificate
- Public Health
- Public Health Minor

Related Programs

- Health Science
- Health Science Minor

A primary goal of the public health bachelor’s degree program is to prepare students for advanced (master’s) training in the health professions and in public health specifically, considered the entry level degree for the field. Students interested in a specific area of public health have the opportunity to organize some of their electives around a cohesive public health topic. In addition, interested students have the opportunity to explore a combination-degree program in public health.

Upon successful completion of the public health program, students receive the Bachelor of Public Health degree. While the majority of students pursue graduate or professional training in public health or a related field, some students seek employment in not-for-profit and for-profit agencies, or related community health organizations after completing the B.P.H.

Course Sequence

The public health program is designed primarily for students who want to pursue advanced degree work in public health or a related field. It is also appropriate for those who want to acquire foundational public health knowledge before continuing to graduate or professional school or who will work in a health-care setting after graduation. In order to be on track for pre-public health at the junior level, students must meet the critical-tracking criteria listed below, beginning with their first fall or spring term.

To be considered for admission at the junior level, students must:

- Complete these prerequisites:

<table>

Public Health

ENC 1102  Argument and Persuasion  3
ENC 2210  Technical Writing  3
or ENC 3453  Writing in the Health Professions

• 3.0 overall GPA and 3.0 prerequisite GPA
• AA degree or 60 transferable college level credits
• Completion of all general education and university writing requirements
• Apply formally to the college by February 1. The college application packet (https://bph.php.ufl.edu/resources-for-prospective-students/application/) is available online. Transfer students must apply separately to UF and to the college so they must submit two different applications.

Off-track UF freshmen and sophomores must speak with a college advisor before registering for the next semester and prior to applying for junior-year admission consideration.

AP, IB, or AICE credit is accepted for any prerequisite course. Students must earn a minimum of C in any BPH prerequisite course that is not satisfied by AP/IB/AICE credit. NOTE: While students can use AP/IB/AICE credit to satisfy BPH prerequisites, students should be aware that graduate/professional programs may not accept AP/IB/AICE credits in lieu of letter grades for their respective prerequisites. Students should consult a college advisor if they need assistance or have questions about a specific course schedule.

Students must apply by February 1 for Summer B and fall admission. All prerequisites must be completed by the end of Summer.

**Critical Tracking**

Equivalent critical-tracking courses as determined by the State of Florida Common Course Prerequisites (https://cpm.flvc.org/advance-search/) may be used for transfer students.

**Semester 1**

• Complete ENC 1101 or ENC 1102 with a minimum grade of C
• Complete 9 credits of general education courses, including ENC 1101 or higher, with minimum grades of C
• 2.3 cumulative GPA on work from all institutions

**Semester 2**

• Complete STA 2023 with a minimum grade of C
• Complete PSY 2012 with a minimum grade of C
• Complete 9 additional credits of general education courses for a total of 18, and including the university writing requirement
• 2.7 cumulative GPA on work from all institutions

**Semester 3**

• Complete BSC 2005 or BSC 2010 with minimum grade of C
• Complete Social and Behavioral Sciences (GE-S) with a minimum grade of C
• Complete 9 additional credits of general education courses for a total of 27
• 3.0 GPA required for all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

**Semester 4**

• Complete all general education courses, including a Quest 1 course, GE-B/P GE-S, and all state core courses
• Complete the university writing requirement, which must include ENC 3453 or a substitution approved by a PHHP advisor
• Complete Physical or Biological Science (GE-P or B) with a minimum grade of C
• Complete 60 cumulative credits
• 3.0 critical tracking GPA and minimum grades of C on all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

**SEMESTER 5**

• Complete PHC 4101 with a minimum grade of C
• Complete PHC 4094 with a minimum grade of C
• Complete PHC 3603 with a minimum grade of C
• Complete HSC 3502 with a minimum grade of C
• Complete HSA 3111 with a minimum grade of C
• 3.0 GPA required for all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

### SEMESTER 6
- Complete HSC 4558 with a minimum grade of C
- Complete HSC 3057 with a minimum grade of C
- Complete PHC 3440 with a minimum grade of C
- Complete 1 Approved college elective with a minimum grade of C
- Complete 1 Specialty elective (3000/4000) with a minimum grade of C
• 3.0 GPA required for all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

### SEMESTER 7
- Complete PHC 4024 with a minimum grade of C
- Complete PHC 4320 with a minimum grade of C
- Complete 2 Approved college electives with a minimum grade of C
- Complete 1 Specialty elective (3000/4000) with a minimum grade of C
• 3.0 GPA required for all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

### SEMESTER 8
- Complete PHC 4943 with a minimum grade of C
- Complete PHC 4117 with a minimum grade of C
- Complete 1 Specialty elective (3000/4000) with a minimum grade of C
- Complete General electives (3000/4000) with a minimum grade of C
- Complete a minimum of 6 college approved electives
- Complete 60 upper division credits
• 3.0 GPA required for all critical-tracking courses, based on all attempts
• 3.0 cumulative GPA on work from all institutions

### Model Semester Plan
To remain on track, students must complete the appropriate critical-tracking courses, which appear in bold. These courses must be completed by the terms as listed above in the Critical Tracking criteria.

This semester plan represents an example progression through the major. Actual courses and course order may be different depending on the student's academic record and scheduling availability of courses. Prerequisites still apply.

Credits  15

Total Credits  120

1 Minimum grade of C required.

For semesters 5-8, students must enroll in all semesters and take all core courses in the term and order indicated.

---

**Academic Learning Compact**

Students graduating with a Bachelor of Public Health will be prepared for careers in health care systems or organizations addressing the health or more general human service needs of communities and populations. They will learn the foundational skills necessary to enter post baccalaureate academic programs in public health or complementary fields and success in the dynamic public health workforce.

**Before Graduating Students Must**

- Earn minimum grades of C in all public health core courses.
- Pass a BPH capstone exam and service learning experience.
- Complete requirements for the post baccalaureate degree, as determined by the faculty and the university.
Students in the Major Will Learn to
Student Learning Outcomes (SLOs)

Content
1. Explain the five major areas of public health (biostatistics, environmental health services, epidemiology, health services administration, and social behavioral science), and each area's contribution to public health.
2. Identify, describe, and explain the ways that social determinants of health impact disability, disease and illness in populations.

Critical Thinking
3. Identify, critically evaluate, and propose solutions to public health challenges.

Communication
4. Communicate in oral and written forms public health concepts and their relationship to policy, communities, organizations, interpersonal dynamics and individual perspectives.

Public Health Minor

The Public Health minor enables preprofessional students to acquire public health knowledge that complements their career paths. The minor is designed for students going into careers other than public health who can benefit from public health knowledge in the delivery of their services. A few examples of these careers include anthropology, dentistry, environmental engineering, health education, medicine, nursing, nutritional sciences, occupational therapy, physician assistant, and psychology.

About this Program
- **College**: Public Health and Health Professions (p. 1652)
- **Credits**: 15 | Completed with minimum grades of C

- Public Health
- Public Health Minor

Related Programs

- Health Science
- Health Science Minor

Students interested in public health careers should consider a combination-degree program rather than this minor.

For students in the College of Public Health and Health Professions, successful completion of this minor satisfies the 9-credit college elective requirement and six credits of general elective credit. Therefore, no additional credits beyond 120 are required for graduation with a minor in public health.

Students must have completed the prerequisites for the BPH program with minimum grades of C to be considered for a minor. Prerequisites include:

- Junior status (60+ credits)
- 3.0 overall GPA
- 3.0 prerequisite GPA
- Completion of the following:

<table>

</tbody>
</table>

Students may transfer up to three credits of approved coursework toward the minor. All remaining credits must be taken from the course list below.

Interested students should submit the required UF application to add or cancel a minor. Students also must submit a proposed plan of study that includes courses for the minor.

More Info (http://bhs.phhp.ufl.edu/forms-2/)

Application materials should be submitted to the Bachelor of Public Health office in the College of Public Health and Health Professions, HPNP 4150. Minors are considered on a space-available basis. Students within the Bachelors of Health Science program are only able to apply one of their core curriculum courses towards the public health minor.

The communication sciences and disorders program and health science program also offers minors.

Total Credits 15
Counting Credits for Undergraduate or Graduate Degrees

Undergraduates who are interested in public health as a career path, but do not want to pursue the Bachelors of Public Health, should consider the Bachelors/MPH Combination Degree. This would allow courses taken in a student’s senior year to count toward an MPH degree.

More Info (http://mph.ufl.edu/)

Majors

Index of all Majors (http://catalog.ufl.edu/UGRD/programs/#filter=filter_22)

An academic major represents each student’s principal interest and the majority of their efforts during their undergraduate studies. Each major’s core curriculum covers a range of subjects that provide the student with a solid foundation in their chosen field of study.

Declaring a Major

Upon entering UF as a freshman, students are encouraged to declare the major that they are most likely to pursue. Students may declare Exploratory if they are unsure. In their first few terms, students should take courses to explore multiple academic areas. Many students have varied interests and will graduate with minors, certificates, double majors, dual degrees and/or combination degrees.

Exploring Areas of Interest

Exploring areas of interest early helps students determine whether they want to pursue additional academic programs. In addition, quite a few students change majors in their first or second year, so exploring multiple areas early helps students to confirm their choice of major or identify a more desirable major.

More Info (https://www.advising.ufl.edu/exploratory/)

Declaring an Exploratory Category

First-year students with no major preference can declare one of three exploratory categories (humanities and letters, social and behavioral sciences, or science and engineering) for the first three fall/spring terms. Exploratory students are advised by the Academic Advising Center and affiliated with the College of Liberal Arts and Sciences. Exploratory students should be purposeful in all of their decisions, particularly when it comes to choosing classes for each semester to be sure they are taking courses to explore potential majors. They must also actively work to narrow down UF majors to one that fits their aspirations and abilities.

Changing Majors

It’s not unusual for students to change their minds about majors and career paths as they gain educational and practical experience. To help ensure that students make the best choices regarding their major and degree, UF provides guidance, information, and technical assistance. Students should proactively determine their major to obtain the degree that fits them best instead of being forced to select a major due to pending academic deadlines.

There is often little relationship between undergraduate degrees and specific types of employment. A specific major does not guarantee employment in a specific field, nor does a specific major limit employment to a specific field.

Ways to Explore Areas of Study at UF

Review the Undergraduate Majors

Students should search for majors that interest them and explore required courses; they should also speak to faculty or advisors in those departments.

Use ONE.UF to Explore Majors by Subject Area, College, or Major

Current students can use What-If reports in ONE.UF (https://one.ufl.edu/) to discover if coursework they have taken applies toward a given major’s requirements. For additional information, students should contact the department offering the degree or the advising office of the appropriate college.

More Info (https://one.ufl.edu/)

Meet with an Academic Advisor

Students can discuss majors and career options with an advisor in the college affiliated with their interests.

More Info (http://www.ufadvising.ufl.edu/)

Utilize the Exploratory Website

Students who are considering different majors can review advising suggestions, an exploratory timeline, resources, and tips on choosing a major.

More Info (https://www.advising.ufl.edu/exploratory/)
Visit the Career Connections Center

The Career Connections Center located on the first floor of the J. Wayne Reitz Union helps students make choices about their major and career. In addition to providing individual and group career counseling, the Career Connections Center library covers everything from accounting to zoology. Many other resources to explore careers are available through the website (https://career.ufl.edu/career-action-plan/learn-about-yourself/), including information about career planning and numerous helpful exercises. After a tentative decision is made, the Career Connections Center helps students test their choice by participating in externships, internships, co-ops, and career fairs.

More Info (https://career.ufl.edu/) Map (http://campusmap.ufl.edu/?loc=0686)

Talk to a College or Department Representative

Students should be sure to discuss various academic programs and their potential career implications. Websites and contact information for each major can be found on its major page.

Minors

Index of all Minors (http://catalog.ufl.edu/UGRD/programs/#filter=filter_23)

The minor provides a traditional, well-accepted way to recognize that a student has completed a significant body of work outside the major. Students can follow-up on long-time personal interests, satisfy intellectual curiosity generated by introductory courses, differentiate their program of study from those of fellow students or enhance their opportunities for employment or for admission to graduate or professional schools.

Applying for a Minor

Students should review the information about their minor of interest in this catalog. In general, each minor page explains which students are eligible to pursue the minor, any qualifications or prerequisites necessary to be eligible for the minor and the requirements to complete the minor. Students are also encouraged to discuss the minor with the offering department.

Students interested in pursuing a minor must complete an application. Students will not be able to earn a minor if an application has not been submitted and approved. The application requires the approval of the student’s college as well as the college offering the minor. Students may apply using the link below. The approval process can take some time so students are strongly encouraged to apply to pursue a minor early.

Apply for a Minor (https://one.uf.edu/minor/)

Certificates

Each certificate program must have at least nine credits that are distinct from every other certificate or minor. That is, certificates must contain at least nine credits of coursework that are unique to that program out of all other certificates and minors. All courses required must be completed with minimum grades of C or S in each course. The undergraduate certificate does not require completion of graduate courses.

Applying for a Certificate Program

Index of all Certificates (http://catalog.ufl.edu/UGRD/programs/#filter=filter_24)

Students should review the information about their certificate of interest in this catalog. In general, each certificate page explains which students are eligible to pursue the certificate, any qualifications or prerequisites necessary to be eligible for the certificate and the requirements to complete the certificate. Students are also encouraged to discuss the certificate with the offering department.

Students interested in pursuing a certificate must first apply for program admission. After being admitted and completing the requirements, students will be able to apply to be granted the certificate through ONE.UF (https://one.uf.edu/). Students who are about to graduate and who have already completed all the requirements for the certificate still must apply for admission using the button below before applying to be granted the certificate through ONE.UF. The certificate approval process can take some time so students are strongly encouraged to apply to pursue a certificate early.

Apply for a Certificate Program (http://www.admissions.ufl.edu/start.html)
Academic Advising

Mission
The university is committed to quality academic advising for all students. The academic advising mission is to assist students in attaining their educational goals. New students are required to attend, and will receive advising during Preview, UF's new student orientation. After Preview, student advising is handled by college and departmental advisors.

University Responsibilities
The Academic Advising Center in Farrior Hall is responsible for certain university advising functions: coordinating academic advising during Preview, advising exploratory students, and providing resources and information to students interested in post-baccalaureate professional programs such as dentistry, law, medicine, and veterinary medicine.

Map (http://campusmap.ufl.edu/?loc=0019) More Info (http://www.advising.ufl.edu/)

College/School and Department Responsibilities
The dean of each college or school ultimately is responsible for ensuring that academic advising is available and accessible to all students within the college or school. Some colleges' advisors are located in college-level offices, while others are located in departmental offices.

Academic Advising Contacts at UF (http://www.ufadvising.ufl.edu/)

Student Academic Responsibilities
To graduate, students are responsible for knowing and fulfilling all university, college, and major requirements.

All students must:

- Complete the Preview orientation program to receive academic advising before their first term of enrollment
- Maintain a GatorLink email address and read official university correspondence sent to this address
- Meet with an advisor in the appropriate college/major upon entrance to a major
- Confer with an advisor on a regular basis about options for a major if the student is undecided about a major
- Review the degree audit each semester to ensure they fully understand their remaining degree requirements
- Seek advising when experiencing academic difficulty to avoid, if possible, academic probation or off-track status, or to understand their options if on probation or off-track
- Maintain their own personal academic records, including transcripts, degree audits, evaluation of transfer work, and notes from previous advising sessions.

Students who at any time are confused about academic requirements or their progress toward a degree are encouraged and expected to meet with an advisor.

### Academic Progress

#### Universal Tracking

Universal Tracking is the university's monitoring system that assesses progress toward the student's degree requirements. It provides feedback on the student's progress in a major, helping them find the best academic path to complete their degree. For each major, there is a model semester plan which represents an example progression for completing the degree in a timely fashion.

Each semester, students are reminded via GatorLink email and Registration Prep in ONE.UF to review their degree audit before registration for the next term. The audit fits the student's courses and grades into the degree requirements for their major, indicating the requirements that have been completed as well as showing which requirements have yet to be completed.
Students Who Enroll During the Fall and Spring Semesters
Progress toward a degree is monitored in those semesters to ensure that students are on track. For these students, the summer terms may provide opportunities to catch up on critical-tracking courses or to improve their GPA.

Students Who Enroll Only in the Spring and Summer Semesters
Innovation Academy Students
Progress toward a degree is monitored in those semesters to ensure that students are on track. For these students, the Fall semester may provide opportunities to catch up on critical-tracking courses or to improve their GPA.

Critical-Tracking Criteria
Critical-tracking criteria usually include a minimum GPA (UF or overall, depending on the academic program), completion of certain courses toward the major (critical-tracking or preprofessional courses), and a minimum GPA in the critical-tracking courses (tracking or preprofessional GPA). The critical-tracking criteria are listed on the Critical Tracking tab for each major. For many majors, critical-tracking courses are bolded in the semester plan.

Minimum Academic Progress Under Universal Tracking During Semesters 1-5
- Students do not have to complete all of the courses in the model plan each semester to remain on track; they simply have to meet certain minimum requirements known as critical-tracking criteria.
- In the degree audit, a summary of critical-tracking criteria for the first five semesters as well as an area that tracks your progress through all eight semesters appears near the top of the audit.
- The critical-tracking criteria are minimum requirements for progression; students should consult their degree audit and their advisor to ensure they meet all requirements for graduation.
- All students admitted as freshmen are monitored in their first semester for the Semester 1 critical-tracking criteria, regardless of the number of credits they have earned through dual enrollment and credit by examination.
- During the first five critical tracking semesters, an off-track student will have a hold placed on their registration to require a meeting with an advisor to discuss the student’s progress. This enables the student to determine what is necessary to get back on track, or to change to a more appropriate major.
- If a student is off-track for two consecutive terms in the first five critical tracking semesters, they must change to a major more appropriate to their skills, goals, and performance. After the student selects a new major, they should contact the college offering that major to schedule an appointment with an advisor to discuss changing majors.

Off-Track Notification During Semesters 1-5
Student progress toward tracking is assessed twice a semester. An analysis of whether the student will be on track at the end of the term (predictive analysis) occurs in the fourth week. If a student is predicted to be off-track at the end of the term, a hold is placed on their registration requiring the student meet with an advisor to make a plan to get back on track or change majors.

If a student is predicted to be on-track during the term, but ends up off-track at the end of term, they should meet with an advisor in their college/major before the end of drop/add for the next term to make a plan to get on track or change majors.

Students should review any holds on ONE.UF (http://one.uf.edu/) when planning their registration for the next semester.

How Tracking Holds Affect a Student
- Holds applied before advance registration prevent students from registering until they consult an advisor to develop an academic plan to complete the critical-tracking courses for the current major or identify a more appropriate major.
- Holds applied at the end of the semester for failure to be on track for two consecutive semesters require students to see an advisor before the next term of enrollment to select a new major and to avoid cancellation of enrollment.

Minimum Academic Progress Under Universal Tracking During Semesters 6-8
- In the degree audit, critical-tracking criteria for semesters six through eight will appear in the "Critical Tracking Progress" area near the top of the audit only if the student has a critical tracking term of six through eight.
- The critical-tracking criteria are minimum requirements for progression; students should consult their degree audit and their advisor to ensure they meet all requirements for graduation.
- During the critical tracking semesters six through eight, an off-track student may have a hold placed on their record requiring them to formulate a plan for getting on track and preparing for graduation in a timely manner.
- If a student is off-track for two consecutive terms in during critical tracking semesters six through eight, they will be required to revise their graduation plan and undergo more intensive academic counseling to ensure they meet all academic requirements for timely graduation.
Off-Track Notification During Semesters 6-8

Student progress toward tracking is assessed twice a semester. An analysis of whether the student will be on track at the end of the term (predictive analysis) occurs in the fourth week. If a student is predicted to be off-track at the end of the term, a hold may be placed on their registration requiring the student meet with an advisor to make a plan to get back on track.

Academic Probation and Dismissal

Academic probation and dismissal follow the academic standards of the university and require the maintenance of grade point averages and reasonable adherence to the program of study.

A minimum grade point average of 2.0 is required to graduate from any UF undergraduate degree program. Any college may specify additional academic standards and students are responsible for observing these regulations.

Additional Information

• Probation (p. 1771)
• Dismissal (p. 1771)
• Changing Majors (p. 1705)

Academic Support Programs

Academic Support, Office of | 105 Classroom Building (CBD)

The Office of Academic Support (OAS) for Undergraduate Affairs, in collaboration with faculty, staff, and our campus partners, provides programs and services to enrich the experience of UF students. Our mission is to offer supportive resources and opportunities that help students thrive and grow professionally. OAS is committed to creating an encouraging and inclusive learning community that challenges our students to achieve academic excellence. Our comprehensive academic support includes peer coaching, tutoring, general advising, and other resources to promote students’ empowerment and growth as scholars. We help students set and achieve academic goals to persist, graduate, and advance in their careers.

Map (https://campusmap.ufl.edu/#/index/0105) More Info (http://oas.aa.ufl.edu/)

Career Connections Center | Level ONE Reitz Union

The Career Connections Center (C3) is the University of Florida’s comprehensive career center serving all students. The Career Connections Center supports students with all career and professional development needs during their time at University of Florida and beyond. The Career Connections Center’s mission is to educate and create connections for the UF community to facilitate the holistic career development of students.

The Career Connections Center provides a variety of services, tools, and events for students. Whether students are exploring career options, developing professional skills, finding meaningful experience, or preparing for life after graduation, the Career Connections Center prepares students for work, citizenship, and life. Through the Career Pathways initiative, students can access customized information, connections, and programs to personalize their professional development experience.

Students should activate their Gator CareerLink account to learn about the range of in-person and virtual career planning services available to them, and to see which employers are actively recruiting UF candidates. On Gator CareerLink, students can also see upcoming events and workshops customized to their interests and Career Pathway.

The Career Connections Center also hosts hundreds of employers annually as they attend a variety of career events, hold on-campus interviews, present employer hosted events, and educational programs for students. Students should attend Career Showcase, the largest career fair on campus-hosted every Fall and Spring semester.

Students are encouraged to engage early and often with the Career Connections Center to enhance their University of Florida experience.

Map (http://campusmap.ufl.edu/?loc=0686) More Info (https://career.ufl.edu/)

Center for Undergraduate Research | 202 Newell Hall

The Center for Undergraduate Research (CUR) is committed to fostering a culture of research that encourages students in all levels and disciplines to include a research component as a critical part of their undergraduate experience. CUR provides guidance to students interested in pursuing research opportunities and coordinates campus undergraduate research activities. CUR also works to expand undergraduate research opportunities across campus.

Map (http://campusmap.ufl.edu/?loc=0013) More Info (http://cur.aa.ufl.edu/)

Dean of Students Office Campus Assistance & Resources for Empowerment (CARE)

Campus Assistance & Resources for Empowerment (CARE) provides connection, support and guidance for students as they navigate anticipated transitions and unexpected events.

CARE programs include:
• Alan and Cathy Hitchcock Field & Fork Pantry
• Case Managers
• Collegiate Veteran Success Center
• Medical Petitions

**Alan and Cathy Hitchcock Field & Fork Food Pantry**

The Alan and Cathy Hitchcock Field & Fork Pantry assists members of the UF community experiencing food insecurity. The Pantry is committed to protecting its guests’ privacy and providing food to those in need within our campus community.

564 Newell Drive (across from the Hub on North Lawn)
352.294.3601
Map ([https://campusmap.ufl.edu/#/index/0476](https://campusmap.ufl.edu/#/index/0476)) More Info ([https://pantry.fieldandfork.ufl.edu/](https://pantry.fieldandfork.ufl.edu/))

**Case Managers**

Case Managers within CARE provide non-clinical, personalized outreach and offer one-on-one meetings, providing students a space to address academics and overall wellness needs. Students who need assistance through a variety of challenges can indicate their need for support by completing a Self-Care Referral ([https://cm.maxient.com/reportingform.php?UnivofFlorida&layout_id=30](https://cm.maxient.com/reportingform.php?UnivofFlorida&layout_id=30)) form. Faculty, staff, peers, and community members can refer a student of concern to case management by completing a CARE Concern ([https://cm.maxient.com/reportingform.php?UnivofFlorida&layout_id=10](https://cm.maxient.com/reportingform.php?UnivofFlorida&layout_id=10)). CARE Case Managers also help students understand the medical petition process.

**Collegiate Veterans Success Center | Fourth Floor Yon Hall**

The Collegiate Veterans Success Center serves more than 1,500 student Veterans, active-duty service members, and military families at UF by providing a designated location on campus for student Veterans to study, meet with on and off campus resources, and to spend time with and support each other in a fun and relaxing space. The Collegiate Veterans Success Center at UF is also one of ninety-four universities to host the U.S. Department of Veterans Affairs’ VetSuccess on Campus Counselor (VSOC). The VSOC Program serves as the on-campus face for the U.S. Department of Veterans Affairs. UF has been honored for its support services for student Veterans, active-duty service members, and military families.

**Medical Petitions**

If a student who has not completed their academic program, experiences an unexpected medical event that interrupts their ability to complete and or pass some or all of their classes in a given term, the medical petition process may be considered. Specific medical documentation is required and should be submitted via the Medical Petition Portal ([https://care.dso.ufl.edu/medical-petition-portal/](https://care.dso.ufl.edu/medical-petition-portal/)).

**Disability Resource Center | Reid Hall and Cypress Hall**

The Disability Resource Center (DRC) in the Division of Student Life, celebrates disability identity as a valued aspect of diversity. We champion a universally accessible campus community that supports the holistic advancement of students with disabilities.

The DRC serves more than 6,200 registered students to provide access within the academic and housing environments. This may be achieved through academic accommodations as well as collaborating with faculty and staff across the University to proactively address barriers. Students are able to register online by visiting our website. DRC staff are available to consult with faculty and staff on how to best support the access needs of gators with disabilities. Students and their families can schedule an inquiry appointment to learn more about the DRC.

**Graduate Diversity Initiatives, Office of | 123 Grinter Hall**

The Office of Graduate Diversity Initiatives (OGDI) is a function of the Graduate School dedicated to the recruitment and retention of underrepresented graduate students. This includes increasing the number of UF graduate students from underrepresented ethnic/racial populations, low-income or first-generation college students, as well as advancing and promoting professional development for all graduate students at the University of Florida. OGDI strives to provide currently enrolled graduate students with programs and services to assist and support the pursuit of a successful graduate education. OGDI provides students with social, informational, referral, mentoring, and, in some cases, financial support. Additionally, OGDI maintains
partnerships with administrative offices, academic units, research centers, student services, and organizations across campus to help students with the graduate experience. OGDI accomplishes its mission through several programs held throughout the academic year.

**Undergraduates Interested in Graduate School**

OGDI aims to improve our UF undergraduates’ access to information about graduate school opportunities and to assist graduate schools in identifying qualified underrepresented candidates interested in graduate studies. In this effort, OGDI maintains The University of Florida’s membership to the National Name Exchange Consortium ([https://cgsnet.org/national-name-exchange/](https://cgsnet.org/national-name-exchange/)). This consortium matches underrepresented undergraduate students interested in graduate studies to graduate schools nationwide. The name exchange seeks to increase the number of qualified minority students accepted into graduate school. OGDI also participates in several recruitment events throughout the state and beyond.

**International Center | 170 Hub**

The UF International Center (UFIC) supports and promotes international education and research across the university and provides valuable support services for all students and faculty at UF through its various units. International Student Services provides immigration and support services to international students throughout their studies at UF. Exchange Visitor Services provides administrative support for international scholars at UF. The Office for Global Learning supports integrative global opportunities for faculty and staff to facilitate global learning courses and experiences. The Office for Global Research supports faculty development of international research and training programs.

Study Abroad Services develops, administers, and coordinates study abroad programs, which are offered during spring break, summer, semester, and the entire academic-year. Students can live and study abroad while fulfilling UF degree requirements. Exchange programs enable students to pay UF tuition while studying at an international partner institution. Scholarships and financial aid can help to finance the international academic experience. Study abroad advisors work with students to find a program that fits both their personal and academic needs.

Map ([http://campusmap.ufl.edu/?loc=0032](http://campusmap.ufl.edu/?loc=0032)) More Info ([https://internationalcenter.ufl.edu/](https://internationalcenter.ufl.edu/))

**McNair Scholars Program | 319 Infirmary Building**

The Ronald E. McNair Scholars Achievement Program encourages undergraduate students to pursue advanced studies at the PhD level. This intense academic research program, one of the most prestigious in the country, is designed for first-generation and low-income college students, as well as students from groups underrepresented at the graduate level. There are 187 McNair programs nationally, which are funded by Federal TRIO Program grants from the U.S. Department of Education.

New scholars begin the program in May with an intensive 10-week summer research internship. During the internship, scholars conduct research with a faculty mentor, complete a research methods and writing course, receive support for the GRE, attend graduate school success seminars, and participate in team building, cultural, and scholarly activities.

McNair Scholars receive mentoring, academic support, faculty-guided research experience, a research stipend, opportunities to travel to professional conferences and prospective graduate programs, and many other benefits.

**CLAS Academic Resources**

Academic Resources offers various academic resources to help students succeed in their studies. All of our tutoring services are free to current students.

The following tutoring services are available:

- Drop-in tutoring: best for students who have a few questions or want a place to study with the opportunity to ask questions of a tutor.
- Appointment tutoring: best for students who want to meet regularly with a tutor for an entire class period. These appointments meet at the same time each week of the term.
- Study Groups / SI: group tutoring which allows students to work together with a peer leader. In SI, students actively process concepts through social interaction.
- Test Reviews: large auditorium tutoring is great for an overall review of what to expect on upcoming course exams. GRE preparation workshops are also available each semester.
- Video Resources: features tutors explaining how they think about concepts and how they approach problem solving. These online resources are available any time.
- Language Studio: offers facilities and support for language learners and instructors. Activities include: language tutoring, meeting space, conversation space, and multimedia resources.
• Language proficiency test proctoring: UF students may use the to prove proficiency in a foreign language, and thus satisfy a foreign language requirement.
More Info (https://academicresources.clas.ufl.edu/testing/flpe/)

A study skills/learning strategies improvement program is also available. Students may work individually with a learning strategist or participate in workshops covering a variety of topics. Study skills videos are available online as well.

Academic Resources also provides tutoring in satellite centers (mathematics through Calculus 1 in LIT 215 and chemistry in TUR 1315). Tutoring schedules may be found on the website.
More Info (https://teachingcenter.ufl.edu/)

University of Florida Libraries
All seven of the libraries on campus serve the entire community, and each has a special mission to be the primary support of specific colleges and degree programs. The Libraries home page offers a wealth of information about the Libraries and links to a vast array of resources.
More Info (https://uflib.ufl.edu)

The Marston Science Library and Library West are the largest libraries on campus. Marston offers a variety of study environments, including silent study (fourth and fifth floors), collaboration spaces (first, second, third floors), and 26 group study rooms. Student groups can reserve the multipurpose conference room for webinars or other interactive events. The first floor is also home to the Marston Makerspace, where students may utilize 3D printers, laser cutters, soldering irons, sewing machines and more for a hands-on learning environment.

Library West (Humanities and Social Sciences) offers eighteen group study rooms, a graduate student floor and carrels, an Accessibility Studio, and a One Button Video Recording Studio is a “do it yourself” studio available for student use. Library West hosts 150 computer workstations as well as iMacs. Library West also has a robust Audio-Visual and tech gear lending program with hundreds of cameras (Go Pros, video, 360-degree, and DSLR) and related accessories, in addition to recording and podcasting kits, iPads, Anker portable chargers, DVD/CD-ROM players, Meeting Owl 360 cameras, and LP record players.

Other campus libraries include the Health Science Center Library, Education Library, Architecture & Fine Arts Library, Smathers Library (housing the Special and Area Studies Collections Department), and the Legal Information Center.
More Info (https://uflib.ufl.edu)

University Multicultural Mentor Program
The University Multicultural Mentor Program is an opportunity open to incoming students from underrepresented populations. The program pairs each participant with a faculty/staff mentor to assist with the students’ transition to college. Mentoring programs have a dramatic and positive effect on student retention, graduation rates, and faculty-student relations. This program lasts the full duration of the student’s first year at UF and is administered by the Center for Inclusion and Multicultural Engagement within the Division of Student Life.
More Info (https://multicultural.ufl.edu/programs/ummp/) Email (ummp@ufsa.ufl.edu)

University Writing Program | 2215 Turlington Hall
The University Writing Program (UWP) offers writing-intensive courses, workshops, and tutorial support to students and faculty. Instruction is based on the premise that writing is a skill necessary for success in all academic and professional fields.

The University Writing Program also provides one-on-one consultations on any topic related to writing in the Writing Studio. Students can make an appointment online or by contacting the UWP office.

Courses taught by writing program faculty include

Academic Honors

Honors Program

Mission

The mission of the University of Florida Honors Program is to connect, nurture, and engage the next generation of scholars who change the world. The program does this by recruiting high achieving students from around the world; inspiring curiosity, intellectual daring and creativity; and building a lifelong community of high-achieving peers, top-notch faculty and supportive staff. The Honors Program values the power of opportunity, the strength in community, and the love of a challenge.

More Info (http://www.honors.ufl.edu/)

Honors Program Requirements

Students who have been admitted into the Honors Program starting in 2022 must complete requirements at three different milestones to progress through the University Honors Program. Milestone review will take place at the checkpoints indicated below. Students who do not meet their milestone requirements by their checkpoint review will not remain in the program. All requirements are listed in detail in the Honors Cohort in Canvas.

Students are encouraged to meet early on with their Honors advisor to develop a plan for aligning their milestone requirements with their academic and career goals.
Milestone I: First Year Honors
- Entrance Survey
- 2 Academic Points – Honors Course Category
- 3.5 Cumulative UF GPA
- Good Standing with Student Code of Conduct / Honor Code

Checkpoint Review: End of first spring semester at UF
More Info (http://www.honors.ufl.edu/admissions/first-year-honors-program-fhp/)

Milestone II: 60 Credits Earned at UF (excludes incoming credits)
- 2 Additional Academic Points – any category
- 2 Enrichment Points – any category

More Info (http://www.honors.ufl.edu/admissions/university-honors-program-uhp/)

Milestone III: Graduation
- Exit Survey / Final Submission Clearance
- 4 Additional Academic Points – any category
- 4 Additional Enrichment Points – any category
- "Cum Laude" Honors Distinction in the Major

Checkpoint Review: Published Honors Completion Deadline / Awarding of Undergraduate Degree
More Info (http://www.honors.ufl.edu/info-for/current-students/completion-requirements/)

Students who meet requirements for all three milestones will receive a notation on their official UF transcript and a medallion to wear at commencement.

Students in the Honors Program have access to:
- Specialized honors courses (http://www.honors.ufl.edu/academics/courses/)
- Holistic academic advising and coaching (http://www.honors.ufl.edu/academics/advising/)
- Honors student involvement opportunities (http://www.honors.ufl.edu/student-life/)

In addition, students in the Honors Program have early course registration for their first 10 credits each semester. Early registration privileges are limited to students in good standing with either the FHP or UHP.

Honor Roll
Students will appear on the President’s Honor Roll if they achieve a perfect 4.0 GPA with at least 15 credits of graded academic course work (no S/U) in the fall or spring semester, or at least 12 credits of graded coursework in the summer semester (consisting of any combination of credits earned in Summer A, B, or C). This achievement will appear on the student’s transcript as a permanent record.

Map (http://campusmap.ufl.edu/#/index/0031) | Email (help@registrar.ufl.edu)

Students registered with the Disability Resource Center may be eligible with a reduced course load and the GPA requirement, following certification by the DRC.

More Info (https://disability.ufl.edu/meet-the-team/)

Dean’s List
Students will appear on their college’s Dean’s List if they meet the requirements. In addition, please note the following conditions:
- S/U and internship courses are not counted in the GPA calculation for Dean’s List.
- GPA value is determined to the hundredths place and cannot be rounded up (e.g., 3.495 = 3.49).
- Grades of I, NG, I* or N* cannot be calculated into the GPA.
- Students registered with the Disability Resource Center may be allowed to vary the number of credits required, but not the GPA requirement, following certification by the DRC.
- Students are eligible to earn the Dean’s List designation only once for the entire summer semester.

**Graduating With Honors**

The university offers three levels of honors: *cum laude*, *magna cum laude* and *summa cum laude*.

Please be aware that:

- GPA value is determined to the hundredths place (e.g., 3.495 = 3.49)
- Transfer credits and S/U option credits are excluded
- Postbaccalaureate students are not eligible for honors recognition

Academic Terminology

- **AA Degree**
  Associate of Arts degree, awarded upon satisfactory completion of 60 credits (at least 36 at UF) with an overall C (2.0) average, including the general education requirement, foreign language competency, the civic literacy requirement, and the writing requirement.
  More Info (p. 1777)

- **Academic Learning Compact | ALC**
  UF’s definition for each major of the minimum communication skills, critical thinking skills and content knowledge appropriate for that major.

- **Academic Year**
  The annual cycle of academic terms: Summer B, Fall, Spring, Summer A, Summer C.
  More Info (p. 1795)

- **Admission Requirements**
  The necessary minimum criteria every applicant must have to be admitted to UF. Many majors have additional requirements for admission as a junior.
  More Info (p. 22)
• **Admitted**
  Term used to describe students who have applied and have been accepted to the university in a degree-seeking status. Admission is not validated until the student registers for and attends classes.
  More Info (p. 22)

• **Audit**
  Permission to attend and to participate in a course without benefit of a grade or credit. Continuing Education Units (CEUs) may be awarded at the discretion of the instructor.
  More Info (p. 1792)

**B**

• **Baccalaureate**
  Bachelor’s degree, the traditional undergraduate degree. BA is the Bachelor of Arts degree and BS is the Bachelor of Science degree. It is awarded upon satisfactory completion of at least 120 credits with an overall C (2.0) average.

**C**

• **Calendar, University**
  An annual publication listing all official dates and deadlines for the academic year.
  More Info (p. 1795)

• **Catalog Year**
  The year during which the regulations published in a specific edition of the undergraduate catalog apply. A student’s catalog year determines their academic requirements for completing a degree based upon the requirements published in the catalog in effect at the time the student begins degree-seeking enrollment.
  More Info (p. 1777)

• **Certificate**
  An organized concentration of study in an approved subject area. University-approved certificate programs began appearing on the student transcript in Spring 2012. Non-university approved certificate programs are not recognized on a student transcript, although individual courses are reflected.
  More Info (p. 1706)

• **Classification/College**
  A code indicating a student’s academic level (year) and college affiliation.
  More Info (p. 1794)

• **Combination Degrees**
  Combination degrees allow students to double count graduate credits toward their bachelor’s degree at no loss of integrity or quality of either degree.
  More Info (p. 1734)

• **Common Course Numbering System**
  A statewide system of course prefixes and numbers developed to facilitate the transfer of credit by identifying equivalent courses.
  More Info (http://scns.fldoe.org/)

• **Continuing Education Unit | CEU**
  Courses taken to maintain licensure in professions that require a state or professional board license.

• **Continuous Enrollment**
  Undergraduate students who enroll for at least one course in one term in an academic year are continuously enrolled.
  More Info (p. 1777)

• **Corequisite**
  Two courses that must be taken concurrently.

• **Course Sequence**
  The specified order of enrollment for a series of courses; e.g., SPN 1130, SPN 1131, SPN 2200, SPN 2201.

• **Credit**
  Every course taught is designated a total number of credits. The number of credits for a class reflects approximately the total hours a student spends per week in class.
• **Critical-Tracking Criteria**
The courses required for progression in a major. These courses are in bold or otherwise noted in the undergraduate catalog and on the degree audit.
More Info (p. 1707)

• **Cum Laude**
Graduating with honors.
More Info (http://catalog.ufl.edu/UGRD/academic-programs/academic-honors/#graduatingwithhonorstext)

D

• **Deficit Record**
A combination of UF cumulative credits and UF cumulative grade point average, where the UF cumulative GPA falls below a 2.0.
More Info (p. 1772)

• **Degree Audit**
A computerized evaluation of a student’s progress towards completion of a degree. See ONE.UF.
More Info (https://one.uf.edu/dashboard/)

• **Dismissal**
Academic dismissal from the university denies registration privileges to students who have a cumulative GPA at or below the standard required for their cumulative UF credit hours carried. The student will be dismissed from the university and any advance registrations will be cancelled.
More Info (p. 1771)

• **Drop**
To drop a single course from a given term after the drop/add period. Students are liable for fees for a dropped course and a W is posted to the student’s transcript.
More Info (p. 1778)

• **Drop/Add**
A period of time beginning with the first day of classes when students can adjust schedules by dropping or adding courses or changing sections of a course. Courses dropped by 11:59 p.m. on the last day of drop/add are not subject to fees.
More Info (p. 1778)

• **Dual Enrollment**
Simultaneous registration at two educational institutions.
More Info (p. 1748)

E

• **Early Admission**
Admission as a freshman following completion of the junior year of high school.
More Info (p. 23)

• **Electives**
Any course not required as part of a student’s degree requirements but applying to the minimum credits for the degree.

• **Enrollment**
Registration for coursework and payment of fees constitutes official enrollment.

• **Excess Hours**
Credits exceeding a state-specified threshold of credits taken toward the degree requirements. Additional tuition is assessed for credits exceeding this threshold.
More Info (p. 1780)

F

• **FERPA**
The Family Educational Rights and Privacy Act, which affords students certain rights with respect to their education records.
More Info (p. 1786)

• **Flexible Learning**
Distance & Continuing Education (DCE) offers fully online undergraduate courses for college credit through UF Flexible Learning.
More Info (p. 1757)
• **GatorLink**
  A student's computer identity at UF, which consists of a username and password to allow access to secure UF sites. It also includes official UF email service, usually in the format of username@ufl.edu. All students are required to sign up for a GatorLink account and email service as official university communications are sent to this email address.
  More Info (p. 1806)

• **GatorOne Card**
  UF's official university photo identification. All enrolled students must have a university ID card.
  More Info (p. 1806)

• **General Education Requirement**
  University-wide requirement of basic studies that form the foundation of all undergraduate degree programs.
  More Info (p. 65)

• **Good Standing**
  Eligible to continue to register for university coursework.
  More Info (p. 1771)

• **Grade Point Average | GPA**
  The ratio of grade points earned to semester credits carried. The UF GPA is computed on University of Florida coursework only. The UF GPA is displayed to the hundredths place and not rounded up (i.e. 3.528 = 3.52).
  More Info (p. 1789)

• **Grade Points**
  The number of points attributed to a grade (A=4, B=3, etc.) times the number of credits of the course.
  More Info (p. 1789)

• **Graduate Student**
  A student who has earned a baccalaureate degree and who has been admitted to the Graduate School to pursue a graduate degree program (master's, specialist, engineer, doctorate).
  More Info (http://www.graduateschool.ufl.edu/)

• **Graduation Requirements**
  University-wide, college, and major-specific requirements that must be met in order to graduate from UF.
  More Info (p. 1777)

• **Individual Students Assessments | ISA**
  The different ways in which UF will measure whether students have successfully completed the learning outcomes for a particular major. These may include a passing score on a particular test, a final project, term paper, portfolio and so on.

• **Innovation Academy | IA**
  A unique undergraduate program experience, IA creates a small-college experience that focuses on delivering innovation, creativity, entrepreneurship, ethics, and leadership. IA students take courses on campus during the spring and summer, leaving the fall term free for online courses, study abroad, internships, research, community service, and/or employment. IA students follow this spring-summer on campus schedule throughout their entire degree program.
  More Info (https://innovationacademy.ufl.edu/)

• **Learning Outcomes**
  What students are expected to learn by completing a particular major.

• **Magna Cum Laude**
  Graduating with high honors.
  More Info (http://catalog.ufl.edu/UGRD/academic-programs/academic-honors/#graduatingwithhonorstext)

• **Major**
  A subject of academic study chosen as a field of specialization.
  More Info (p. 1705)
• **Matriculation**
  Initial term of enrollment and attendance at UF. Can be as an admitted, degree-seeking student, or as a non-degree student.

• **Medical Withdrawal**
  Student withdraws from all courses in a given term based on medical documentation. Fees for the semester will be refunded if a successful petition is filed within six months of the end of the given term. 

• **Minor**
  An officially recognized secondary concentration of study in an approved subject area, consisting of at least 15 credits of appropriate coursework. Minors are optional. 
  More Info (p. 1706)

• **Ombuds**
  The Ombuds assists all members of the university community to solve problems and conflicts. They will listen, discuss issues, answer questions, interpret policies, provide information and referrals, and help develop options for problem resolution. The Ombuds Office serves as an advocate for fairness for all members of the university community. 
  More Info (p. 1771)

• **On-track or Off-track**
  On-track refers to students who are meeting progress requirements each term, according to their majors’ critical tracking plans. Off-track refers to students who are not progressing toward their degree requirements each term. 
  More Info (p. 1771)

• **ONE.UF**
  Enables students to access and manage their records online. 
  More Info [https://one.uf.edu/](https://one.uf.edu/)

• **Overall GPA**
  Cumulative GPA of UF coursework. GPA’s are displayed to the hundredths place and not rounded up. 
  More Info (p. 1789)

• **PaCE | Pathway to Campus Enrollment**
  PaCE offers degree programs through a combination of online and residential or campus-based learning options. 

• **Permanent Academic Record**
  The complete list of a student’s courses attempted, grades and credit earned, degrees awarded and any other pertinent academic information.

• **Petition**
  A written request seeking a waiver of or an exception to a university regulation, policy or deadline. Petitions may be considered if the circumstances are beyond the student’s control. 
  More Info (p. 1771)

• **Postbaccalaureate**
  A student who has earned a baccalaureate degree and been admitted for continued study but who has not been admitted as a graduate or professional student.

• **Preprofessional GPA**
  The grade point average achieved in the specific courses required for admission to a major (a.k.a. tracking GPA); these courses generally are completed in the first two years of study and the required GPA is often higher than 2.0.

• **Prerequisite**
  A condition that must be met to establish eligibility to enroll in a program or course.

• **Prerequisite Courses**
  The courses students must take and successfully complete before they can enroll in a subsequent course.
• **Probation, Academic**
  Any undergraduate with less than a 2.0 cumulative UF GPA shall be placed on academic probation while a grade point deficit exists. Refer to deficit points.  
  More Info (p. 1771)

• **Professional Student**
  A student who is admitted to pursue a credential classified as professional such as Doctor of Dental Medicine, Juris Doctor, Doctor of Medicine, Doctor of Nursing Practice, Doctor of Pharmacy, Doctor of Physical Therapy, Physician Assistant or Doctor of Veterinary Medicine degree.

• **Readmission**
  The procedure for a previously enrolled UF student to re-enroll in a degree-seeking status after a break in enrollment of more than three terms; a readmission fee is required.  
  More Info (p. 25)

• **Registration**
  The process by which a student officially selects and enrolls in university coursework.  
  More Info (p. 1792)

• **Residence**
  A student’s tenure within the university and/or a specific college or school in campus-based learning opportunities.  
  More Info (p. 1777)

• **Residency**
  Classification of students as Florida residents or non-Florida residents for tuition purposes.  
  More Info (p. 26)

• **Schedule Adjustment**
  A period of time following registration before the beginning of classes when students can adjust their course schedules.

• **Schedule of Courses**
  A listing of courses offered by semester.  
  More Info ([https://registrar.ufl.edu/soc/](https://registrar.ufl.edu/soc/))

• **Semester**
  A standard academic term (Fall, Spring, or Summer). Refer to term.  
  More Info (p. 1795)

• **Student**
  Any individual who is attending or has attended a postsecondary educational agency or institution that maintains academic records.

• **Specialization**
  A detailed set of courses and/or semester plan for graduation for an emphasis of study within a major.

• **Student Learning Outcomes | SLOs**
  What students are expected to learn by completing a particular major.

• **Summa Cum Laude**
  Graduating with highest honors.  
  More Info ([http://catalog.ufl.edu/UGRD/academic-programs/academic-honors/#graduatingwithhonorstext](http://catalog.ufl.edu/UGRD/academic-programs/academic-honors/#graduatingwithhonorstext))

• **S/U Option**
  A provision by which a student may elect, with college approval, to enroll in a course, the grade for which is not computed in the grade point average. Grades awarded are S (satisfactory) or U (unsatisfactory). The S grade is equivalent to a grade of C (2.0) or better. A grade of U does not grant credit for the course.  
  More Info (p. 1789)

• **SUS**
  The State University System of Florida. The University of Florida is one of the state-supported universities and colleges in the SUS.  
T

- **Term**
  A period of instruction. During the Fall and Spring, the term is a standard 16-week semester. During the Summer, various shorter length periods of instruction are offered: Summer A and Summer B are six-week terms; Summer C is a 12-week term.
  More Info (p. 1795)

- **Textbook Adoption**
  The process by which textbook requirements are submitted by faculty and displayed online for students to see and to purchase for their courses.

- **Transcript**
  An official copy of the student’s complete coursework, grades, credits, and degrees earned at the University of Florida.

- **Transfer Credit**
  Coursework completed at another institution that is accepted at the University of Florida and which may be applicable toward a specific major, minor, or degree.
  More Info (p. 25)

- **Transient Student**
  A student of another accredited institution who receives permission to register (for one term) as a non-degree-seeking student to earn credit to transfer back to their parent institution.

U

- **UFID**
  A unique eight-digit number that serves as the primary identifier for all university records and transactions. No two people have the same number, and each person has only one UFID.
  More Info (p. 1806)

- **UF Online**
  Bachelor degrees and minors offered exclusively through distance learning.
  More Info (http://ufonline.ufl.edu/)

- **Unit**
  An alternate term for credit. One unit equals one credit.

- **Universal Tracking System and Audits**
  UF's academic monitoring system features semester-by-semester plans for each major.
  More Info (p. 1707)

V

- **Visiting Student**
  A student of another accredited institution who receives permission to register (for one term) as a non-degree-seeking student to earn credit to transfer back to their parent institution.

W

- **What-If Report**
  Exploring possible majors to determine a student’s interest and to estimate whether the coursework they have completed meets any of the degree requirements for a specific major.

- **Withdraw**
  To drop all courses for a given term. Students are liable for fees and a grade of W will appear on the transcript for each course.
  More Info (p. 1778)

- **Writing Requirement**
  The University of Florida requires all students to complete courses that involve substantial writing and meet specific criteria for a total of 24,000 words. Courses are identified by category in the schedule of courses.
  More Info (p. 1766)
Accelerated Degrees

**College of Dentistry’s Honors Combination B.S./D.M.D. Program**

Incoming freshmen who intend to pursue a career in dentistry can, through a cooperative agreement between the College of Agricultural and Life Sciences and the College of Dentistry, qualify for provisional admission to the preprofessional program leading to the DMD This honors program helps highly motivated students complete a BS degree in Nutritional Sciences or Microbiology and Cell Science and the DMD degree.

More Info (http://dental.ufl.edu/admissions/dmd-program/honors-combined-bs-dmd-program/)

Admission Criteria (http://dental.ufl.edu/admissions/dmd-program/honors-combined-bs-dmd-program/)
Contact: 352.273.5955

**Medical Honors Program**

An accelerated path to medical school. Students apply to this highly competitive program in the second semester of the second year of undergraduate study. If selected, they begin coursework for medical school in the third year and enter the MD program in the fourth year. After completion of the first year of medical school, students earn their BS degrees.

More Info (http://jhmp.med.ufl.edu/)

Admission Criteria: Apply during sophomore year
Contact: Email (med-admissions@ufl.edu) | 352.273.7990

**Master of Agribusiness (MAB)**

A professional degree for students who desire careers in marketing and management in agriculture, food processing and distribution, forest products and related industry where there has been strong demand for MAB graduates. Offered by the Department of Food and Resource Economics (FRE), the MAB can be completed in three semesters (Fall, Spring, and Summer). A bachelor's degree in economics or business is not required.

More Info (http://www.fred.ifas.ufl.edu/graduate/mab/)

Admission Criteria: Competitive GRE or GMAT score; 3.0 upper-division GPA
Contact: Email (fregradprogram@ifas.ufl.edu)

**Master of Science in Management (MSM)**

Provides non-business majors with the opportunity to combine the knowledge gained from other academic disciplines with functional business applications to create a dynamic skill set that is in demand by employers.

More Info (https://warrington.ufl.edu/master-of-science-in-management/)

Admission Criteria: Refer to website for next information session.
Contact: Email (msm@cba.ufl.edu) | 352.273.0344.

**Master of Public Health**

This degree offers diverse career opportunities, including identifying and tracking biohazards, keeping communities safe, investigating disease outbreaks, creating community health promotion programs, and measuring the impact of health policy on access to care.

More Info (http://mph.ufl.edu/)

Students are admitted to one of six concentrations:

- Biostatistics
- Environmental Health
- Epidemiology
- Public Health Management and Policy
- Public Health Practice
- Social and Behavioral Sciences

Admission Criteria: 1000 GRE and a 3.0 GPA for last 60 hours of undergraduate coursework.
Contact: Email (shanson@phhp.ufl.edu) | 352.273.6379
Combination Degrees

The Combination Degree program allows undergraduate students who qualify academically to obtain both a bachelor's and master's degree. Minimum qualifications for many programs include a 3.2 GPA and a competitive GRE score for admission to graduate school.

Available to students in any undergraduate degree program. Combination degree programs allow students to get a head start on their graduate education by taking graduate courses throughout the junior and senior undergraduate years. In most programs, 12 credit hours of graduate work will also count toward an undergraduate degree, thus reducing the time it takes to get both degrees. Students should consult their department advisors to determine whether the department offers combination degree programs and whether they qualify.

There are a number of financial considerations to keep in mind. Students are responsible for paying the difference between undergraduate and graduate tuitions. Florida Prepaid College Tuition Program participants will receive funding for the first 120 credit hours. The program will fund graduate courses taken toward the undergraduate degree at the undergraduate level. Financial aid may be available to assist with the graduate degree portion of the program.

Advantages

- Combination degrees allow students to double count graduate credits toward their bachelor's degree at no loss of integrity or quality of either degree.
- Qualified students can obtain an undergraduate and a graduate degree in much less time than two separate degrees.
- The cost of both degrees is reduced, since at least 12 credits apply toward both degrees.
- Students have time to decide whether to pursue further graduate or professional study.
- A student's marketability is greatly enhanced; many professions now require a master's degree for entry-level positions.

Combination Degrees by College

All Degrees

Any Undergraduate Degree/Biostatistics MS

The Biostatistics Bachelor's/MS program allows qualified students to earn a bachelor's degree from any degree program at UF and a master's of science degree in Biostatistics. This allows the master's degree to be attained within one year (two semesters, 24 credits). The master's of science degree in Biostatistics is designed to facilitate students' development of a strong theoretical foundation in biostatistics and of a broad-based understanding of biostatistical methods.

Overlapping Credits: 12

Admission Criteria: Must have at least junior status; 3.2 UF GPA; Minimum combined (verbal + quantitative) GRE score of 300; completion of 5 prerequisites with a GPA of 3.3 or better: STA 2023, MAC 2311, MAC 2312, MAC 2313, and either MAS 3114 or MAS 4105.

Contact: 352.294.5926 | Email (http://catalog.ufl.edumailto:kcason@ufl.edu)

Any Undergraduate Degree/Mass Communication MA

Qualified students can pursue coursework toward a Master of Arts in Mass Communication (MAMC) with one of our online or on-campus concentrations. The College of Journalism and Communications is considered one of the nation's best. The strength of its programs, faculty, students, and alumni throughout its history has earned the college ongoing recognition as one of the best journalism and communication programs in the United States. It has developed its reputation for excellence by creating curricula that combine conceptual and theoretical instruction with skills training, so students have the opportunity to apply what they are learning in professional settings.

Overlapping Credits: 5-12

Admission Criteria: Students must meet eligibility criteria and obtain approval from their undergraduate department and the CJC graduate division through an application process. Prior coursework in communications not required. Students must plan to apply to CJC's MAMC program before completing their undergraduate degree.

Contact: 352.273.3716 | Email (combination@jou.ufl.edu)

More Info (https://www.jou.ufl.edu/combination-degree-main/)

Any Undergraduate Degree/Public Health MPH

Overlapping credits: 15

Qualified students with any undergraduate major can pursue a Master's of Public Health degree. The MPH degree trains students to protect and improve health across all population levels. Students complete up to 15 credits of public health core courses as an undergraduate and then complete the remaining 33 credits after admission to graduate school. Upon application, students select a concentration biostatistics, environmental health, epidemiology, population health management, or social and behavioral sciences.

Admission Criteria: 3.2 GPA; completion of the following with a C or better: BSC 2005 or BSC 2010, PSY 2012, STA 2023.

Contact: 352.294.5419 | Email (o.ardizzone@phhp.ufl.edu)

Any Undergraduate Degree/Urban and Regional Planning

Overlapping Credits: 21 (9 of the 21 hours can be taken in the home department)

Admission Criteria: 3.2 GPA; essays
Accounting, Fisher School of

Accounting | 3/2 MAcc/BSAc

*Non-thesis only*

This is an integrated, five-year, 150-hour program that leads to the joint award of a Bachelor of Science in Accounting and a Master of Accounting.

Students may pursue a general accounting curriculum or select an auditing or taxation concentration. This program is for students seeking a professional accounting career. Completion fulfills the state’s requirements to take the CPA examination to practice in Florida.

Completion of the UF BS Ac, when combined with the UF Master of Accounting (MAcc) program, will fulfill the State of Florida's educational requirements to take the Certified Public Accountant Examination in Florida and to obtain licensure as a CPA in Florida. CPA licensure includes other, non-educational requirements. Please note that requirements can change and may not immediately be reflected in this statement or in the program. Students should contact the Florida Board of Accountancy or visit their website (https://nam10.safelinks.protection.outlook.com/?url=http%3A%2F%2Fwww.myfloridalicense.com%2FDBPR%2Fcertified-public-accountant%2Fd%2Feducation-requirements%2F&data=05%7C01%7Cclarah.doyle%40warrington.ufl.edu%7Cf9efe02cf25a4b04e0908da9cb526a9%7C0d4da0f84a314d76ace60a62331e1b84%7C0%7C0%7C637994599117542156%7CUnknown%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQIjoiV2luMzIiLCJBTiI6Ik1haWwiLCJXVCI6Mn0%3D%7C3000%7C&sdata=K7bCDM5PHRFH0d5%2Bi4JnllsfhvP10NW%2FTRYZUUVI8%3D%3D&reserved=0) for any questions regarding eligibility to take the CPA Exam or be licensed as a CPA in Florida. A determination as to whether the MAcc program combined with any other undergraduate program meets CPA educational requirements in Florida has not yet been made. Also, a determination has not been made whether the MAcc program, with or without the UF BS Ac, meets educational requirements in any other state or jurisdiction. Consult the National Association of State Boards of Accountancy (https://nasba.org/stateboards/) website for information regarding CPA exam and licensure eligibility for all states and jurisdictions.

### Business, Warrington College of

**Business Administration, Entrepreneurship | MSE**

**Overlapping Credits:** 2-10

Through a stimulating curriculum and transformational experiential learning opportunities, this one-year, intensive program equips promising entrepreneurs with the skills and savvy to plan, launch and sustain innovative ventures on their terms.

**Admission Criteria:** Adequate GMAT score; 3.2 minimum GPA

**Contact:** 352.273.0337 | Email (MSE@warrington.ufl.edu)

**More Info** (https://warrington.ufl.edu/undergraduate-academics/combined-degrees/)
Business Administration, Management | MSM

Overlapping Credits: 2-12
This degree provides nonbusiness majors the opportunity to combine knowledge from other academic disciplines with functional business applications to create a dynamic skill set in demand by employers in business and nonbusiness industries.

Admission Criteria: Competitive GMAT or GRE score; 3.2 minimum GPA

Contact: 352.273.0344 | Email (jane.mcnulty@warrington.ufl.edu)
More Info (https://warrington.ufl.edu/undergraduate-academics/combined-degrees/)

Business Administration, Marketing | Master of Science

Overlapping credits: 2-12
The Master of Science (M.S.) with a major in Business Administration and a concentration in Marketing is intended for students whose objective is to work in the field of marketing. Courses span the domain of marketing decision-making, from broad marketing strategy considerations to more focused decision areas such as pricing, branding, customer relationship management, and new product development.

Admission Criteria: 3.2 minimum GPA; Open to UF undergraduate business majors (e.g., Bachelor of Arts in Business Administration with a major in Business Administration - General Studies or Bachelor of Science in Business Administration, with a major in Finance, General Studies, Information Systems, Management, or Marketing).

Contact: 352.273.0668 | Email (msmarketing@warrington.ufl.edu)
More Info (https://warrington.ufl.edu/undergraduate-academics/combined-degrees/)

Finance, Master of Science | MSF

Overlapping Credits: 2-12
Students have the opportunity to study finance at the second-year MBA level. Courses cover nearly all areas of finance, including derivative securities, fixed income markets, equity valuation, international finance and real estate finance. With early application students can receive their undergraduate and graduate degrees in four years. The best time to apply is two years before the undergraduate degree would be received.

Admission Criteria: 465 GMAT (650+ average); 3.0 GPA (3.5+ average)

Contact: 352.392.9249 | Email (kelly.herring@warrington.ufl.edu)

Information Systems | BS/MS

Non-thesis only
Overlapping Credits: 12-16
This program develops the computing, quantitative and applications skills vital to a business problem-solving setting.

Admission Criteria: Competitive GMAT or GRE score; 3.0 GPA

Contact: 352.846.1370 | Email (chandra.hardy@warrington.ufl.edu)
More Info (https://warrington.ufl.edu/undergraduate-academics/combined-degrees/)

Master of International Business | MIB

Overlapping Credits: 2-12
This one-year degree allows UF business majors or minors to enhance their undergraduate business education with an in-depth study of global business issues and trends. The MIB program allows curriculum flexibility and incorporates practical global business components with a required one-week Global Immersion Experience course abroad and optional participation in an international exchange program.

Admission Criteria: Competitive GMAT or GRE score; 3.2 minimum GPA

Contact: 352.273.0343 | Email (mib@warrington.ufl.edu)
More Info (https://warrington.ufl.edu/undergraduate-academics/combined-degrees/)

Real Estate, Master of Science | MSRE

Non-thesis only
Overlapping Credits: 2-12
The MSRE thrives on innovation, a dynamic student body and significant interaction with high-level working professionals and nationally recognized professors. The program is a unique combination of theory and practice that will enhance the student’s commercial real estate education and develop professional skills. Undergraduate students from any college/major may apply. Prior coursework in accounting, business, economics, finance or statistics is preferred but not required.

Admission Criteria: 465 GMAT (600+ average); 3.0 GPA (3.4+ average). Admission is based on a number of factors, including GMAT and academic record.

Civil Engineering | BS/ME or MS
Overlapping Credits: 9
Admission Criteria: Competitive GRE score; 3.3 upper-division GPA
Contact: 352.392.9537 | Email (rthie@ce.ufl.edu)
More Info (http://www.eng.ufl.edu/students/resources/undergraduate-student-handbook/combined-degree/)

Computer Engineering | BSCEN/ME or MS
Thesis or non-thesis
Overlapping Credits: 12
Admission Criteria: Junior status; Competitive GRE score; 3.3 GPA; completion of 3 of 4 core courses: CDA 3101; COP 3503C or COP 3504C; COP 3530; COT 3100
Contact: CISE department, 405 Computer Science and Engineering | 352.392.1090
More Info (https://www.cise.ufl.edu/academics/undergraduate/academic-programs/combined-bs-ms/)

Digital Arts and Sciences | BS/MS
Overlapping Credits: 12
Admission Criteria: Junior status; Competitive GRE score; 3.3 GPA; a portfolio; 3.3 minimum GPA on 3 of 4 core courses: CDA 3101; COP 3503C or COP 3504C; COP 3530; COT 3100
Contact: CISE Department, 405 Computer Science and Engineering | 352.392.1090

Electrical and Computer Engineering | BSEE/ME or MS
Overlapping Credits: 6-12
Admission Criteria: Competitive GRE score; 3.3 upper-division GPA
Contact: 352.392.9758 | Email (office@graduate.ece.ufl.edu)
More Info (http://www.ece.ufl.edu/content/bsms-program/)

Environmental Engineering | BS/ME
Overlapping Credits: 12
Admission Criteria: Competitive GRE score or passing score on the Fundamentals of Engineering exam; 3.30 GPA
Contact: 352.392.8450 | Email (barbib@ufl.edu)

Industrial and Systems Engineering | BSISE/ME, MS, MSM, or MSF
Overlapping Credits: 10
Admission Criteria: Competitive GRE score; 3.5 upper-division GPA
Contact: 352.392.1464 ext. 2026 | Email (blunt@ise.ufl.edu)
More Info (http://www.ise.ufl.edu/current-students/undergraduate-students/bsms-or-bsme-ise-program/)

Materials Science and Engineering | BSMSE/MS or ME
Overlapping Credits: 12
Admission Criteria: Competitive GRE score used in the context of a holistic credential review; 3.5 GPA; 18 hours of EMA undergraduate coursework must be completed
Contact: 352.846.3312 | Email (advising@mse.ufl.edu)
More Info (https://mse.ufl.edu/prospective-students-2/undergraduate/combined-bsms/)

Mechanical Engineering | BSME/ME or MS
Overlapping Credits: 6
Admission Criteria: Competitive GRE score; 3.3 GPA
Contact: 352.392.0963 | Email (bfc@ufl.edu)
More Info (http://www.mae.ufl.edu/current/undergraduate/4-1-bs-ms-program/)

Nuclear and Radiological Engineering | BSNE/MS or ME
Overlapping Credits: 12
Admission Criteria: Competitive GRE score; 3.6 GPA
Contact: 352.846.3312 | Email (advising@mse.ufl.edu)

Nuclear Engineering Science | BSNES/MS or ME
Overlapping Credits: 12
Admission Criteria: Competitive GRE score; 3.6 GPA
Contact: 352.846.3312 | Email (mmcdo@mse.ufl.edu)

Health and Human Performance, College of
Applied Physiology and Kinesiology | BS/MS
Overlapping Credits: 12
The program allows qualified students to earn a BS APK and an MS APK within one year of completion of the undergraduate degree (two semesters, 18 credit hours). The MS APK degree program is designed to facilitate student knowledge and applied skills across the sub disciplines of exercise physiology, biomechanics, motor control / learning, strength & conditioning, and sport psychology.
Admission Criteria: 3.5 UF GPA; completion of PSY 2012, MAC 1147 or MAC 2311, CHM 1025 or CHM 2045, BSC 2010 and BSC 2010L, BSC 2011 and BSC 2011L, APK 2100C, and APK 2105C with a minimum letter grade of B.

Health Education and Behavior | BS/MS
Non-thesis only
Overlapping Credits: 12
Admission Criteria: 3.2 UF GPA
Contact: 352.294.1803 | Email (hebgradprogram@hhp.ufl.edu)
More Info (https://hhp.ufl.edu/academics/bs_ms-heb/)

Sport Management | BSSPM/MSSPM
Overlapping Credits: 12
The combination degree allows for students who meet the requirements to earn both a Bachelors of Science and Masters degree in Sport Management at an accelerated pace. Qualified students can begin taking courses in the graduate program in their junior year and they are able to count to 12 credits of graduate SPM- and HLP-prefix coursework for both the BSSM and MSSM. For more information, contact the Sport Management Graduate Coordinator or the academic advisors in the Department of Sport Management.
Admission Criteria: 3.2 overall GPA with a 3.0 critical-tracking GPA; completion of EME 2040, MAR 3023, SPM 2000, SPM 3204 and MAN 3025 with minimum grades of B on first attempt.
Contact: 352.294.1647

Tourism, Hospitality and Event Management | BS/MS
Overlapping Credits: 9
Admission Criteria: Overall GPA 3.2; completion of LEI 3301, LEI 3360, HFT 2750, and LEI 2181 with a minimum grade of B on first attempt. Meet with THEM advisor to ensure eligibility. Submit the TERM/THEM/TRM combination degree application before the start of the student’s junior year.
Contact: 352.294.1661 | Email (THEMundergrad@hhp.ufl.edu)

Journalism and Communication, College of
The College of Journalism and Communications is considered one of the nation’s best. The strength of its programs, faculty, students, and alumni throughout its history has earned the college ongoing recognition as one of the best journalism and communication programs in the United States. It has developed its reputation for excellence by creating curricula that combine conceptual and theoretical instruction with skills training, so students have the opportunity to apply what they are learning in professional settings.

Advertising | BS Advertising/MA Mass Communication
Overlapping Credits: 5-12
Qualified students can pursue coursework toward a Master of Arts in Mass Communication (MAMC) with one of our online or on-campus concentrations to fulfill up to 12 credits of professional electives required for their undergraduate degree.
Admission Criteria: Students must meet eligibility criteria and obtain approval from their undergraduate department and the CJC graduate division through an application process. Students must also plan to apply to CJC’s MAMC program before completing their undergraduate degree.
Contact: 352.273.3716 | Email (combination@jou.ufl.edu)
More Info (https://www.jou.ufl.edu/combination-degree-main/)

Journalism | BS Journalism/MA Mass Communication
Overlapping Credits: 5-12
Qualified students can pursue coursework toward a Master of Arts in Mass Communication (MAMC) with one of our online or on-campus concentrations to fulfill up to 12 credits of professional electives required for their undergraduate degree.
Admission Criteria: Students must meet eligibility criteria and obtain approval from their undergraduate department and the CJC graduate division through an application process. Students must also plan to apply to CJC’s MAMC program before completing their undergraduate degree.

Public Relations | BS Public Relations/MA Mass Communication

Overlapping Credits: 5-12
Qualified students can pursue coursework toward a Master of Arts in Mass Communication (MAMC) with one of our online or on-campus concentrations to fulfill up to 12 credits of professional electives required for their undergraduate degree.

Admission Criteria: Students must meet eligibility criteria and obtain approval from their undergraduate department and the CJC graduate division through an application process. Prior coursework in communications not required. Students must plan to apply to CJC's MAMC program before completing their undergraduate degree.

Contact: 352.273.3716 | Email (combination@jou.ufl.edu)
More Info (https://www.jou.ufl.edu/combination-degree-main/)

Liberal Arts and Sciences, College of
Anthropology | BA or BS/MA

Overlapping Credits: 12
This program allows qualified Anthropology majors seeking the BA or BS degree to earn graduate credits toward a terminal MA degree in Anthropology with a certificate. To count toward the MA degree, graduate courses taken while an undergraduate must be letter-graded with a minimum B grade. Required courses for the MA certificate may not be taken while an undergraduate.

Admission Criteria: Anthropology major of junior status or higher, 3.2 cumulative GPA, 3.5 upper division GPA, completion of at least three of the four required core courses (ANT 2140, ANT 2410, ANT 3514C, ANT 3620) at time of admission.

Biology | BS and Arts in Medicine/MA

Overlapping Credits: 12
Arts in Medicine is a diverse, multidisciplinary field dedicated to transforming health and the healthcare experience through the arts. The field integrates literary, performing, and visual arts and design, and other forms of creative expression into a variety of healthcare and community settings to enhance health and well-being in diverse institutional and community contexts. The Bachelor of Science in Biology and Master of Arts in Arts in Medicine combination degree enables pre-health students to begin completing requirements towards a master's degree in Arts in Medicine while completing their undergraduate BS degree.

Admission Criteria: 3.2 GPA on all upper-division courses
More Info (https://arts.ufl.edu/academics/center-for-arts-in-medicine/programs/combo-degree/)

Biology/Biochemistry and Molecular Biology | BS/MS

Overlapping Credits: 12
Students must identify a College of Medicine faculty member who will serve as their graduate faculty advisor. A written agreement must be approved by both the Undergraduate Coordinator in the Department of Biology and the Graduate Coordinator in the College of Medicine. To count toward the MS degree, courses much be graduate level and letter-graded.

Admission Criteria: 3.2 cumulative GPA, 3.3 upper division GPA, completion of all critical-tracking requirements in the Biology B.S. degree, completion of at least three semester hours of mentored research (e.g., through BSC 4910 and BSC 4912) or equivalent research experience, and completion of BCH 4024 (or equivalent).

**Computer Science | BS/MS**

**Thesis or non-thesis**

**Overlapping Credits:** 12

Joint program in the colleges of Engineering and Liberal Arts and Sciences, coordinated by the Department of Computer and Information Science and Engineering. Students may combine either the BS in Computer Science offered through the College of Liberal Arts and Sciences or the BS in Computer Science offered through the College of Engineering with the MS in Computer Science (LS).

**Admission Criteria:** Junior status; Competitive GRE score; 3.3 GPA; completion of 3 of the 4: CDA 3101, CIS 3503, COP 3530, COT 3100.

**Contact:** CISE department | 352.392.1090
More Info (https://www.cise.ufl.edu/academics/undergraduate/academic-programs/combined-bs-ms/)

**Economics | BA/MA**

**Overlapping Credits:** 12

This program complements undergraduate training in economics by providing more robust training with economic analysis and econometric methods. It is intended for students who wish to build strong quantitative reasoning skills and develop technical data analytic tools before pursuing a professional career. The graduate portion of this combined degree program should be viewed as a professional master's in economics. This is not a Ph.D. preparatory program.

**Admission Criteria:** Competitive GRE score; 3.25 cumulative GPA; completion of 105 credits, 12 of which must be Economics courses (i.e., ECO, ECP, or ECS prefix) taken at UF. Students are encouraged to complete ECO 4421 or STA 4210 before beginning graduate coursework.

Public Health and Health Professions, College of
Public Health | Any Bachelor's Degree/MPH
Overlapping credits: 15
Qualified students with any undergraduate major can pursue a Master's of Public Health degree. The MPH degree trains students to protect and improve health across all population levels. Students complete up to 15 credits of public health core courses as an undergraduate and then complete the remaining 33 credits after admission to graduate school. Upon application, students select a concentration biostatistics, environmental health, epidemiology, population health management, or social and behavioral sciences.
Admission Criteria: 3.2 GPA; completion of the following with a C or better: BSC 2005 or BSC 2010, PSY 2012, STA 2023.
Contact: 352.273.6094 | Email (alkastner@phhp.ufl.edu)
Biostatistics | Bachelors/MS

Overlapping credits: 12
Qualified students with any undergraduate major can pursue a Master of Science degree in Biostatistics. The Master of Science degree in Biostatistics is designed to facilitate students' development of a strong theoretical foundation in biostatistics and of a broad-based understanding of biostatistical methods.

Admission Criteria: Junior status; 3.2 UF GPA; Minimum combined (verbal + quantitative) GRE score of 300; Completion of the following 5 prerequisites with a GPA of 3.3 or better: STA 2023, MAC 2311, MAC 2312, MAC 2313, and either MAS 3114 or MAS 4105.

Contact: 352.294.5926 | Email (kcason@ufl.edu)

Public Health | BS and Arts in Medicine/MA

Overlapping Credits: 12
The Bachelor of Science in Public Health and Master of Arts in Arts in Medicine combination degree enables pre-health students to begin completing requirements towards a master's degree in Arts in Medicine while completing their undergraduate BS degree.

More Info (http://www.admissions.ufl.edu/pdf/combdegreerequest.pdf)

FAQ

What is a combination bachelor's and master's degree program?
Combination degrees allow students to double count graduate credits toward their bachelor's degree at no loss of integrity or quality of either degree. A combination degree program allows students to complete a specific number of graduate-level credits while enrolled as an undergraduate.

Why should I participate in a combination degree program?
The program allows students to take graduate coursework before they make a decision to complete a graduate degree. If the student continues in a graduate program, they'll save at least one full semester of graduate enrollment.

At what point in the undergraduate program should I apply?
Students can apply as early as the second semester of their sophomore year or as late as their senior year depending upon the combination degree program.

At what point do I enroll in graduate courses?
If approved, students can take graduate courses during their junior and senior years as specified by the particular combination degree program.

What is required for approval?
As an undergraduate applying for entry into a combination degree program, students must have a minimum cumulative 3.2 UF GPA (some majors require a higher GPA) and have completed all critical-tracking requirements to enroll in graduate coursework while they are completing their undergraduate degree. After students apply for admission to the Graduate School, however, they must meet the minimum cumulative GPA requirement and GRE/GMAT score the particular master program requires.

What is required so that 12 to 21 hours of graduate coursework (depending on the major) can also count toward my master's degree?
To apply the graduate credit to both degrees, students must be admitted to the Graduate School and receive a grade of B or higher in each course. A graduate coordinator can provide the admission requirements for a particular department.

If I do not continue in graduate school, can the graduate coursework I complete still be used to satisfy my undergraduate degree requirements?
Yes.

What about my financial aid?
Bright Futures and/or the Florida Prepaid Tuition Program will pay the undergraduate tuition rate for the graduate courses students take; each student will have to pay the difference between undergraduate and graduate course costs.
**Why would I want to pay additional tuition to enroll in graduate courses?**
If a student continues to graduate school, they will save on the tuition costs for the 12 to 21 graduate credits (depending on the major) taken while still classified as an undergraduate. Remember that graduate course costs will be partially paid by the student’s undergraduate financial aid.

**How do I apply?**
Contact an undergraduate advisor and complete the combination degree application. Students will need the approval of the undergraduate coordinator, the graduate coordinator, and the dean’s office of their undergraduate college.

**What do I do if I want to create my own combination degree program?**
Students should contact the coordinator in the graduate department of the new combination degree program.

**Are there other accelerated degree programs available other than combination degrees?**
Yes, there are several accelerated degree programs available.

More Info (p. 1733)

---

**Dual Enrollment Credit**
In general, you may transfer up to 60 credits from public/state colleges as part of the credits needed for your UF degree, regardless when these credits are earned, but subject to university and college degree requirements. It is the prerogative of your college to determine how transfer credit satisfies a specific degree’s course requirements.

Students are required to submit to the Office of Admissions final official transcripts from all institutions attended before or during their enrollment at UF.

More Info (p. 1793)

**Credit from Florida Public Colleges and State Universities**
Courses from Florida public colleges and State University System schools generally adhere to the Statewide Course Numbering System. If the prefix (first three letters) and the last three digits of the course number are the same, the courses are considered equivalent.

More Info (p. 1811)

Equivalent courses will generally fulfill the same requirements (e.g., general education) that the UF course fulfills, including the Writing Requirement, provided the UF equivalent course awards Words towards the Writing Requirement.

More Info (p. 1768)

**Courses from Private or Out-of-State Institutions**
College credit from private or out-of-state institutions earned through a dual-enrollment program may transfer to UF, but must be evaluated by your college to determine if courses completed will fulfill specific requirements.

---

**Exam Credit**

**Award of Incoming Credits**
- Credit will be awarded only once for the same course, whether from credit by examination, dual enrollment, transfer credit, or UF course credit.
- Credit awarded for acceptable dual enrollment or transfer courses takes precedence over credit by examination.
- If duplicate credit exists among AICE, AP, CLEP, or IB, the exam yielding the most credit will be awarded.

**Guidelines for Credit Awarded by AICE, AP, CLEP, DLPT, DSST, IB, or UExcel Examinations**
- A maximum of 45 credit hours may be granted by combining AICE, AP, CLEP, DLPT, DSST, IB, or UEXCEL credit.
- Students beginning in the fall or spring term must have taken the exams and have their scores reported to the university before the end of their first term of enrollment at UF.
- Students who begin in the Summer A term must have taken the exam(s) and had their scores reported to the university before the end of their first Summer B/C term.
- Students who begin in the Summer B term must have taken the exam(s) and had their scores reported to the university before the end of their first fall term.
• If a student submits appropriate scores, UF will grant credit for the UF course(s) that most closely match the content of the exam as determined by the State of Florida. The transcript will reflect the course(s) with grades of P (for Pass). P grades will not be calculated into the student’s GPA.
• Equivalent courses earned by examination generally fulfill the same requirements that the UF course fulfills.

Exams

AICE Exam Credit

Students completing approved AICE examinations with scores of A-E will earn UF credit.

Scores of E or higher on AICE French Language, German, Latin Language, and Spanish Language examinations fulfill the foreign language proficiency requirement for the College of Liberal Arts and Sciences, the College of Journalism and Communications, and BA programs in the College of the Arts.

The chart specifies which UF course credit students will earn depending on their score on each exam and whether the credit earned will count for general education (p. 67) and the writing requirement (p. 1766) (6,000 words).

AP Exam Credit

Students completing approved AP examinations with scores of three or higher will earn UF credit.

Scores of three or higher on AP Chinese, French, German, Italian, Japanese, Latin, Russian, and Spanish language examinations fulfill the foreign language proficiency requirement for the College of Liberal Arts and Sciences, the College of Journalism and Communications, and BA programs in the College of the Arts.

AP Calculus Placement Scores More AP Information (http://www.collegeboard.com/student/testing/ap/about.html)

The UF course credit that students earn depends on their score on each AP exam and whether the credit earned will count for general education (p. 67) and the writing requirement (p. 1766) (6,000 words).

AMH L000

AMH 20102 and AMH 2020

AMH 2010 = H. AMH 2020 = State Core S and D (no Gen Ed credit for AMH L000)

World History: Modern

WOH L0001

WOH L0001 (3 credits)

WOH L0001 (3 credits)

1 The L000 course number has no UF course equivalent. The credit applies to the minimum credits for the degree but does not provide credit toward general education, writing requirement, or count toward the major.

2 Writing requirement (6000 words).

DLPT Exam Credit

As part of the Army Training and Doctrine Command, the Defense Language Institute Foreign Language Center (DLIFLC) provides resident instruction at the Presidio of Monterey in two dozen languages.

The chart specifies which UF course credit students will earn depending on their score on each exam and whether the credit earned will count for general education (p. 65) and the writing requirement (p. 1766) (6,000 words).

\(^1\) The L000 course number has no UF course equivalent. The credit applies to the minimum credits for the degree but does not provide general education credit or count toward the major.

\(^2\) Writing requirement (6000 words).

### DSST Examination

DSST (formerly DANTES Subject Standardized Tests) are credit-by-examination tests originated by the United States Department of Defense's Defense Activity for Non-Traditional Education Support (DANTES) program.

The chart specifies which UF course credit students will earn depending on their score on each DSST exam and whether the credit earned will count for general education (p. 67) requirements.

**Students may be awarded a maximum of 30 credit hours for DSST exams.**

IB Exam Credit

Students will receive credit for scores of 4 or higher on both higher-level and standard-level examinations.

Scores of 4 or higher on IB French B, German B, Italian B, Latin, and Spanish B examinations fulfill the foreign language proficiency requirement for the College of Liberal Arts and Sciences, the College of Journalism and Communications, and BA programs in the College of the Arts.

More IB Information (http://www.ibo.org/)

The chart specifies which UF course credit students will earn depending on their score on each IB exam and whether the credit earned will count for general education (p. 67) and the writing requirement (p. 1766) (6,000 words).

**Flexible Learning**

**Distance and Continuing Education**

Distance & Continuing Education (DCE) offers fully online undergraduate courses for college credit through UF Flexible Learning.

The primary purpose of this program is to provide high-quality flexible educational opportunities for students in the State University System, Florida College System, and beyond who are not currently enrolled at UF and:

- Have conflicting schedules
- Need to meet general education or writing requirement
- Need to meet course prerequisites
- Want personal enrichment

Students who are not enrolled at UF should consult an academic advisor at their institution prior to enrolling in courses to ensure transfer of the credit. DCE is not responsible for ensuring that any credit received is transferable.

UF students interested in taking a Flexible Learning course must first consult with their academic advisor. UF students may apply up to two (2) Flexible Learning courses toward a degree and must seek college dean’s office approval to exceed this limit. Advisors and the DCE office will approve access to a Flexible Learning course if the student is below the two (2) course limit and meets at least one (1) of the following criteria:
Placement

Placement is an assessment of a student’s level of preparation in a subject. The purpose of placement is to help students enroll in the courses in which they are most likely to be successful.

- Incoming Credit and Credit by Examination Information (p. 1748)

English Composition

Unless students already have college credit for an English Composition course, they need to review placement requirements for these courses.

Students will be placed based on their SAT or ACT verbal score, unless they already have college credit for an English composition course.

- Students with a 640 (or lower) on the verbal portion of the SAT and/or a 28 (or lower) on the verbal portion of the ACT must enroll in ENC 1101.
- Students with a 650 (or higher) on the verbal portion of the SAT or a 29 (or higher) on the verbal portion of the ACT may enroll in any 1000/2000-level composition course beyond ENC 1101. These students should not enroll in ENC 1101.
- Students with college credit for English Composition (from AICE, AP, CLEP, IB, or dual enrollment) should consult an advisor to determine which, if any, additional courses are needed to meet degree requirements.

Mathematics

If a student intends to pursue a science or engineering major or intends to go on to a health profession after completing the bachelor’s degree, they should take these algebra, precalculus, and calculus courses. A number of business and technical majors require specific math courses. Students should check the information on their majors and health professions of interest to determine if algebra/precalculus/calculus are required.

More Info (p. 1705)

Placement is used for the following MAC courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MAC 1105</td>
<td>Basic College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MAC 1140</td>
<td>Precalculus Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MAC 1147</td>
<td>Precalculus Algebra and Trigonometry (a fast-paced review of both areas)</td>
<td>4</td>
</tr>
<tr>
<td>MAC 2233</td>
<td>Survey of Calculus 1</td>
<td>3</td>
</tr>
<tr>
<td>MAC 2311</td>
<td>Analytic Geometry and Calculus 1 (typically recommended for pre-health students)</td>
<td>4</td>
</tr>
</tbody>
</table>

1 The sequence MAC 1140 and MAC 1114 covers the same material as MAC 1147, but at a slower pace.
The math course(s) you take will depend on what your major requires (or if you are pre-health), whether you have incoming math credit, the math course you took last year and whether you were able to use a calculator during exams, whether you want to strengthen your foundation before moving on to new material, and your ALEKS placement score.

To determine which math course (if any) is required for a major, please check the requirements for that major (p. 1705). If a student’s major requires MAC 2234 or MAC 2312 or higher, they must have credit for the prerequisite course. If a student has credit via exam or dual enrollment, consult with an academic advisor. General guidelines for using AP scores for placement appear below.

Some graduate programs in the health professions such as pharmacy, optometry, and veterinary medicine may require calculus as a prerequisite to admission. Consult the Pre-Health Pre-Requisite Course Chart [link](https://www.advising.ufl.edu/pre-health/apply/prepare/academic-preparation/) for more information.

- If a major requires no particular math course, students may take Gen Ed math courses such as MGF 1106 or MGF 1107 without any placement.
- If a student needs one of the MAC courses listed above and doesn't have incoming credit, they should take the ALEKS placement exam, and then discuss which math course should be taken with an advisor.
- If a student has incoming math credit, they may use that as placement into MAC courses if the credit appears on their UF transcript or the student provides proof of credit. However, the ALEKS placement is the best predictor of success in UF MAC courses. Even if a student has credit, they are strongly encouraged to take ALEKS. Taking ALEKS will assess a student’s current knowledge base and its fit with the UF curriculum. After taking ALEKS, the student should discuss which math course they should take with an advisor.

It can be helpful for students to take a lower course or even retake a course to strengthen their foundation before moving on to a higher class. A student’s ALEKS score can help assess their current preparation. Consult with an academic advisor if unsure.

### ALEKS

#### Placement via ALEKS Score

<table>
<thead>
<tr>
<th>Majors that Require MAC 1105, MAC 1140, MAC 1147, or MAC 2311; or for Pre-Health</th>

</tr>
</tbody>
</table>

### Incoming Credit

#### Placement via Incoming Credit

If a student has earned credit with a C or better for:

- MAC 1105: take MAC 1140 (if needed)
- MAC 1140: take MAC 1114 or MAC 2233 (if needed, course depends on major requirements)
- MAC 1147 (or both MAC 1140 and MAC 1114): take MAC 2311 if needed. Credit must be in progress at UF, completed and on the student’s UF transcript or the student must provide proof of incoming credit.
- It may be helpful for students to retake a course to strengthen their foundation before moving on to a higher class. This is especially true if the incoming credit course was taken more than one year ago or if the student earned a grade lower than B. A student’s ALEKS score can help assess their current preparation. Consult with an academic advisor if unsure.

### AICE, AP, or IB and other Exam Credit

Refer to Exam Credit [link](https://catalog.ufl.edu/UGRD/academic-advising/exam-credit/) to see which courses you will earn credit for based on your scores. For courses through MAC 2311, ALEKS is still the best predictor of success in MAC courses at UF, so students are encouraged to take ALEKS and follow the score guidelines. General guidelines for using AP scores for placement appear below.
Transfer Credit
Earning the minimum grades in prerequisite courses does not guarantee success in the next math course. The Department of Mathematics encourages students to take the ALEKS exam even if they have credit for a MAC course. Quite often, a student’s skills may need review and placement assessment can provide information and specific areas for additional study.

Please read the complete information about the mathematics placement exam (https://registrar.ufl.edu/courses/aleks.html).

AP Scores for Calculus
Placement via AP Scores for Calculus
UF offers two introductory calculus courses: MAC 2233 and MAC 2311 as well as subsequent courses in both sequences. Students should consult the majors (p. 1705) section to determine which calculus course(s) may be required for their major.

<table>

1 Course descriptions (p. 1811)
General Chemistry

If a student intends to pursue a science or engineering major or intends to go on to a health profession after completing the bachelor’s degree, they should take these general chemistry courses. Students should check the information on their majors of interest to determine if general chemistry is required.

The general chemistry sequence CHM 2045/CHM 2045L and CHM 2046/CHM 2046L meets the preprofessional requirements for many science and engineering majors. CHM 2095/CHM 2095L and CHM 2096/CHM 2046L is an alternate general chemistry sequence specifically for engineering majors.

Placement into CHM 2045 or CHM 2095 requires:

- Successful completion with a grade of C or better of MAC 1147 (or both MAC 1140 and MAC 1114) or higher

AND

- Successful completion with a grade of C or better of CHM 1025

OR

- a 76% on the ALEKS math placement exam.

If a student enrolls in and successfully completes CHM 1025 and MAC 1147 (or MAC 1140 and MAC 1114), they can enroll in CHM 2045 or CHM 2095 the next semester. Students who enroll in CHM 1025 but do not successfully complete with a C or better cannot place into CHM 2045 using an ALEKS score of 76%. Such students will need to repeat CHM 1025 and earn a C or better to go on to CHM 2045.

Students with credit for CHM 2045 via AP and IB scores or dual enrollment (with a minimum grade of C) should discuss their next chemistry course with an advisor. Students who wish to repeat CHM 2045, take CHM 2095 or go on to CHM 2046/CHM 2096 must have successfully completed MAC 1147, MAC 1140 and MAC 1114, or higher or the equivalent as determined by the Mathematics Department.

Students who wish to enroll in CHM 2047, the one-semester General Chemistry, and its co-requisite laboratory CHM 2047L, must meet the following conditions:

- AICE, AP, or IB credit for at least CHM 2045 and laboratory
- Approval of the Honors Program office or the Department of Chemistry.

Foreign Languages

College-level foreign language is required by several programs: Liberal Arts and Sciences and the BA programs in the College of the Arts have a proficiency requirement; students in Journalism and Communications may choose between foreign language proficiency or a quantitative option. Construction management majors must complete one semester of Spanish.

French

- Students with no prior study of French or a maximum of French 1 on their high school transcript may enroll directly in FRE 1130. No placement exam is required.
- Students with French 2 on their high school transcript may enroll directly in FRE 1134. No placement test is required.
- Students with French 3 or 4 on their high school transcript may enroll directly in FRE 2220, but are encouraged to take the WebCAPE placement test for French (https://languages.ufl.edu/academics/lhc-languages/french-studies/webcape-french-placement-test/).
- Students who speak French at home may take the WebCAPE placement test for French (https://languages.ufl.edu/academics/lhc-languages/french-studies/webcape-french-placement-test/) and/or speak with the undergraduate coordinator about placement.
- Students who have taken French exams via Advanced International Certificate of Education (AICE), Advanced Placement (AP), College Level Examination Program (CLEP), or International Baccalaureate (IB), should consult the French Placement and Course Equivalency (https://languages.ufl.edu/academics/lhc-languages/french-studies/placement-for-lower-division-courses/) page to determine whether they have received credit for a French course and which course to take next.
- Students who wish to demonstrate proficiency in French in order to meet the College of Liberal Arts and Sciences (CLAS), College of Journalism and Communications (JM), or BA in the College of the Arts (FA) degree requirements must do one of the following:
  - Complete the terminal course in the Beginning French sequence (or higher) with a satisfactory grade
  - Earn sufficient scores on an AICE, AP, CLEP, or IB exam.
  - Earn a passing score on the Foreign Language Proficiency Exam (FLPE) (https://teachingcenter.ufl.edu/testing/flpe/)

Spanish

Students with any prior study or knowledge of Spanish who wish to enroll in a Spanish course are required to take the WebCAPE online placement test (http://spanishandportuguese.ufl.edu/undergraduate-programs/lower-division-spanish-program/spanish-placement/), which is designed to help them determine the best course based on their background.
• Students who took a language other than Spanish in high school are not required to take this test. They may enroll in SPN 1130.
• Students who have taken Spanish exams via Advanced International Certificate of Education (AICE), Advanced Placement (AP), College Level Examination Program (CLEP), or International Baccalaureate (IB) are encouraged but not required to take the WebCAPE and should consult the Spanish Placement and Course Equivalency page to determine whether they have received credit for a Spanish course and which course to take next.
• Students who wish to demonstrate proficiency in Spanish in order to meet the College of Liberal Arts and Sciences (CLAS), College of Journalism and Communications (JM), or BA in the College of the Arts (FA) degree requirements must do one of the following:
  • Complete the terminal course in the Beginning Spanish sequence (or higher) with a satisfactory grade
  • Earn sufficient scores on an AICE, AP, CLEP or IB exam.
  • Earn a passing score on the Foreign Language Proficiency Exam (FLPE)

Anyone with any prior study or knowledge of Spanish MUST provide a test score to register for a Spanish course.

A passing grade in SPN 1131 or a higher level SPN courses successfully fulfills the foreign language proficiency requirement for the College of Liberal Arts and Sciences, the College of Journalism and Communications and BA programs in the College of the Arts. Students wishing to satisfy the foreign language proficiency requirement by examination must do so through the appropriate AP, IB, or AICE Spanish scores. WebCAPE is only a placement exam.

Other Languages
Students with a prior background in languages other than French or Spanish should consult with the department regarding placement. Students who wish to demonstrate proficiency in that language in order to meet the College of Liberal Arts and Sciences (CLAS), College of Journalism and Communications (JM), or BA in the College of the Arts (FA) degree requirements must do one of the following:
• Complete the terminal course in the Beginning sequence (or higher) of that language with a satisfactory grade
• Earn sufficient scores on an AICE, AP, CLEP or IB exam.
• Earn a passing score on the Foreign Language Proficiency Exam (FLPE)
• Consult the department regarding proficiency for languages not offered by the FLPE.

Preprofessional Advising

Pre-Health
The Pre-Health Advising Office offers resources and information to students from all UF majors who intend to pursue a graduate program in the health professions, such as medical, dental, veterinary, pharmacy, physician assistant, optometry, physical therapy, and/or occupational therapy school. Pre-health students may choose almost any major they are interested in pursuing. Pre-health students should review the detailed information on the pre-health advising website to explore and keep track of necessary steps to take throughout their time at UF in order to become competitive applicants for the professional programs to which they plan to apply.

All pre-health students are encouraged to enroll in Pre-Health Essentials, a free, non-graded Canvas course offered by the Pre-Health Advising Office. Pre-Health Essentials offers workshops and resources for pre-health students to explore and prepare for a healthcare profession.

Pre-Health Students
Plan to complete the following courses, which are the basic prerequisites for many pre-professional graduate programs. Some health professions do not require all of these courses, and some may require more. Requirements vary from program to program, so you should carefully investigate the requirements of the institutions to which you plan to apply.

Students can find pre-health Suggested Course Timelines on the pre-health website Forms & Handouts page (https://www.advising.ufl.edu/pre-health/pre-health-resources/forms-handouts/). These timelines outline required and recommended pre-requisite courses for each health profession.

Mathematics
At least two semesters of college-level mathematics; one semester of statistics (STA 2023) is required. Calculus (MAC 2311 or MAC 3472) is recommended for pre-medical students, and required for pre-pharmacy and pre-optometry students.

### Pre-Law

UF's pre-law advisors offer students assistance as they explore their interest in law and provide guidance during the law school application process. Students are encouraged to utilize UF's pre-law resources:

- **Pre-law Website:** Review pre-law tips, timelines and resources.
  More Info (https://www.advising.ufl.edu/pre-law/)

- **Pre-law Listserv:** Join the listserv to receive pre-law announcements and stay connected with UF's abundant pre-law activities.
  More Info (https://www.advising.ufl.edu/pre-law/pre-law-listserv/)

- **Pre-law Advising:** Pre-law advisors are located in the College of Liberal Arts and Sciences Academic Advising Center (AAC) in Farrior Hall. Students may make an appointment through the AAC website or email the pre-law advisors.
  More Info (https://www.advising.ufl.edu/) | Email (prelaw@advising.ufl.edu)
Choosing a Major
Pre-law students must develop analytic and problem-solving skills, critical reading abilities, writing skills, oral communication and listening abilities, research skills, and organization and priority management skills. These skills can be attained through virtually any major in combination with a wide variety of complementary electives. There is no "pre-law" major at UF; students should choose a major in which they have a true interest and select a broad, diverse, and challenging array of courses from demanding instructors in order to prepare for success in law school.

Exploration
Pre-law students are encouraged to carefully assess their interest in and motivation for attending law school. The pre-law timeline, featured on the website, encourages you to shadow attorneys, conduct informational interviews, complete internships, and speak to admission officers to learn about law schools and the legal profession. Students should also consider studying overseas, writing an honors thesis, and getting involved in leadership opportunities. These activities will enhance the depth and value of students' undergraduate education and may also distinguish students from other top law school applicants.

Student Responsibilities

Academic Honesty
In 1995 the UF student body enacted an honor code and voluntarily committed itself to the highest standards of honesty and integrity. When students enroll at the university, they commit themselves to the standard drafted and enacted by students.
More Info (https://sccr.dso.ufl.edu/students/student-conduct-code/)

Preamble
In adopting this honor code, the students of the University of Florida recognize that academic honesty and integrity are fundamental values of the university community. Students who enroll at the university commit to holding themselves and their peers to the high standard of honor required by the honor code. Any individual who becomes aware of a violation of the honor code is bound by honor to take corrective action. The quality of a University of Florida education is dependent upon community acceptance and enforcement of the honor code.

The Honor Pledge
We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.

On all work submitted for credit by students at the university, the following pledge is either required or implied: On my honor, I have neither given nor received unauthorized aid in doing this assignment.

The university requires all members of its community to be honest in all endeavors. A fundamental principle is that the whole process of learning and pursuit of knowledge is diminished by cheating, plagiarism, and other acts of academic dishonesty. In addition, every dishonest act in the academic environment affects other students adversely, from the skewing of the grading curve to giving unfair advantage for honors or for professional or graduate school admission. Therefore, the university will take severe action against dishonest students. Similarly, measures will be taken against faculty, staff and administrators who practice dishonest or demeaning behavior.

Student Responsibility
Students should report any condition that facilitates dishonesty to the instructor, department chair, college dean, Student Honor Council or Student Conduct and Conflict Resolution in the Dean of Students Office.

Faculty Responsibility
Faculty members have a duty to promote honest behavior and to avoid practices and environments that foster cheating in their classes. Teachers should encourage students to bring negative conditions or incidents of dishonesty to their attention. In their own work, teachers should practice the same high standards they expect from their students.

Administration Responsibility
As highly visible members of our academic community, administrators should be ever vigilant to promote academic honesty and conduct their lives in an ethically exemplary manner.

Student Conduct Code
Students enjoy the rights and privileges that accrue to membership in a university community and are subject to the responsibilities that accompany that membership. For a system of effective campus governance, it is incumbent upon all members of the campus community to notify appropriate officials of any violations of regulations and to assist in their enforcement. The university's conduct regulations, available to all students, are set forth in Florida administrative code. Questions can be directed to the Dean of Students Office.
More Info (https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/)
Alcohol and Drugs

The use of alcohol and other drugs can have a negative impact on the decision making, wellbeing and safety of students, as well as lead to legal complications.

The university's principal role is to engage in education that leads to high standards and respectful conduct. When those are compromised, the university will take disciplinary action against organizations and individuals violating either the law or the unreasonable use of alcohol. It also must provide help for students who are alcohol dependent. The university will take appropriate action with students convicted of the illegal possession, use or sale of drugs.

What the University Community Can Do to Prevent Alcohol Abuse and Drug Use

Students can help control substance use by declining to use or to condone the use of drugs and by insisting that organizations and individuals use alcohol within the bounds of the law and reasonable conduct. Students should make an effort to prevent persons who have abused alcohol or used drugs from harming themselves or others, especially while driving a motor vehicle. They should encourage those needing professional help to seek it. The same standards and regulations apply equally to faculty, staff, and administration.

Relations between People and Groups

One of the major benefits of higher education and membership in the university community is greater knowledge of and respect for other religious, racial, and cultural groups. Indeed, genuine appreciation for individual differences and cultural diversity is essential to the environment of learning. Another major aspect of university life involves sexual relationships. Sexual attitudes or actions that are intimidating, harassing, coercive or abusive, or that invade the right to privacy of the individual are not acceptable. Only in an atmosphere of equality and respect can all members of the university community grow.

Service to Others

An important outcome of a University of Florida education should be a commitment to serving other people. This sense of service should be encouraged throughout the institution by faculty, administration, staff, and students. Through experience in helping individuals and the community, students can put into practice the values they learn in the classroom.

Standard of Ethical Conduct

Honesty, integrity, and caring are essential qualities of an educational institution, and the concern for values and ethics is important to the whole educational experience. Individual students, faculty, and staff members, as well as the university's formal organizations, must assume responsibility for these qualities. The concern for values and ethics should be expressed in classes, seminars, laboratories and in all aspects of university life. By definition, the university community includes members of the faculty, staff, and administration as well as students.

Education at the University of Florida is not an ethically neutral experience. The university stands for, and seeks to inculcate, high standards. Moreover, the concern for values goes well beyond the observance of rules.

A university is a place where self-expression, voicing disagreement and challenging outmoded customs and beliefs are prized and honored. However, all such expressions need to be civil, manifesting respect for others.

As a major sector in the community, students are expected to follow the university's rules and regulations that, by design, promote an atmosphere of learning. Faculty, staff, and administrators are expected to provide encouragement, leadership, and example. While the university seeks to educate and encourage, it also must restrict behavior that adversely affects others. The Standard of Ethical Conduct summarizes what is expected of the members of the university community.

Study Abroad Opportunities

Study Abroad Services offers students the opportunity to study overseas in a wide range of academic and cultural settings. The office coordinates numerous year-long, semester, summer and short-term programs in more than 80 countries on all seven continents.

Credits earned in study abroad programs may count toward a major or minor and can satisfy general education, language and summer residency requirements.

Writing Requirement

The University of Florida requires all students to complete a writing requirement. AICE, AR CLEP, and IB examination credit as well as dual enrollment or transfer credit may count toward this requirement.

To graduate, students must complete courses that involve substantial writing for a total of 24,000 words.

Courses that count toward this requirement will be in one of three categories:

• 2: Coursework with at least 2,000 words
• 4: Coursework with at least 4,000 words
• 6: Coursework with at least 6,000 words

Some sections of qualified courses may not offer substantial writing in a particular term. In the schedule of courses, the course sections and amount of writing credit awarded (2, 4, or 6 thousand) are identified for a given term.

The writing course grade assigned by the instructor has two components: the writing component and a course grade. Therefore, to receive writing credit, students must satisfactorily complete the writing component and receive a minimum grade of C (2.0) for the course. It is possible to not meet the writing requirement and still earn a minimum grade of C in a class, so students should review their degree audit after receiving their grade to verify receipt of credit for the writing component.

Courses intended to satisfy the writing requirement may not be taken S/U.

The writing must be evaluated on content, organization and coherence, effectiveness, style, grammar, and punctuation. Assignments must be returned to students with a grade and comments that address the students' writing skills. Consequently, feedback on all assignments should be provided by the last day of class, or if provided electronically, by the end of finals.

Evaluation of writing is based on individual work. Class notes, quizzes and in-class writing assignments or essay examinations may not be counted. Team-written documents may not be counted for credit unless clear individual sections are identified for grading, such that an individual student’s writing may be evaluated and graded. Drafts cannot be counted separately from final drafts as part of the total number of words completed during the course.

Students may not take the same course multiple times to meet the writing requirement, unless the course allows for multiple registration based upon rotating course content.

All courses that require writing will not necessarily count toward the writing requirement. In writing requirement courses, students will be evaluated as described above.

1 Except those transferring to UF with an AA degree from a Florida public college or an AA certificate from a Florida public state university.

Academic Progress Policies

Regulations for academic probation and dismissal follow the academic standards of the university and require the maintenance of grade point averages and reasonable conformance to a program of study.

A minimum grade point average of 2.0 is required to graduate from any UF undergraduate degree program. Any college may specify additional academic standards and students are responsible for observing these regulations.

The probation and dismissal regulations that apply to undergraduate students also apply to postbaccalaureate students. Notations on the student's academic record shall reflect all actions taken to enforce these regulations; some of these notations can be permanent.

Academic Standing

The University of Florida considers students to be in good standing if they are eligible to continue or to re-enroll at the university, even if on probation.

Colleges may choose not to consider students for admission and may deny continuation in a degree program if the student fails to maintain reasonable academic progress, as specified by the college or department.

Policies on academic standing, probation and dismissal are based on the possibility that a student can overcome academic difficulty and make appropriate progress toward a degree.

Petitions

Students may file a petition for a waiver of a deadline or regulation if they can document extenuating circumstances that led to their failure to meet or conform to the deadline/regulation.

In general, petitions for waiver of an academic regulation for the current term should be directed to the school or college in which the student is enrolled. For example, petitions to drop or add after the drop/add period should be presented to the school or college. Exceptions to the course load regulation are to be presented to the school or college. Petitions approved by the school or college must be reported to the Office of the University Registrar before the action is official.

All other petitions should be presented to the Office of the University Registrar, which will refer them to the University Student Petitions Committee. Petitions pertaining to academic records approved by the committee will be reflected on the student's transcript.

Students who have graduated are not eligible to petition.

Per BOG Regulation 7.002(11), all requests for a refund of fees must be submitted to the university within six months of the close of the semester to which the refund is applicable. Any request for a refund of fees submitted outside this timeframe will not be reviewed.
Detailed information on petition procedures is available from the student's college or the Office of the University Registrar.
More Info (http://www.registrar.ufl.edu/currents/petitioninstructs.html)

A student seeking waiver of a regulation through petition must remember that no petitions committee can direct an instructor to change a grade, nor can the University Student Petitions Committee require any college or school to grant a degree by waiving any regulation.

**Probation**

The intent of academic probation is to serve formal notice that a student may not be making satisfactory progress. The conditions of academic probation are intended to specify the achievement standards required to graduate, to identify unsatisfactory academic performance at an early date, to provide occasion for counseling, and to give students whose ultimate success is in question further opportunity to demonstrate their ability to meet academic expectations.

Academic probation can occur for the following reasons:

- Students may be placed on probation by their college for failure to maintain normal academic progress in their degree program. College probation will be removed when the college determines that satisfactory academic progress has been demonstrated.
- Undergraduate students with less than a 2.0 cumulative grade point average for University of Florida coursework may be placed on academic probation.
- Academic probation will be continued for all undergraduate students as long as they have less than a 2.0 cumulative grade point average. It will be removed when the grade point average becomes 2.0 or higher. Should the grade point average fall far enough, the student will be dismissed based on Dismissal policy.

More Info (p. 1772)

**Dismissal and Suspension**

Academic dismissal from the university denies registration privileges to students who have a cumulative GPA at or below what is listed in the Grade Point Deficit table (given their UF Cumulative Credits). The student will be dismissed from the university and any advance registrations will be cancelled.

- Students who are dismissed will not be permitted to enroll again unless they complete an application for readmission by the application deadline and the college approves readmission. A student who is readmitted after academic dismissal will be dismissed again if their grade point average is at or below the corresponding GPA (given their UF Cumulative Credits) indicated in the table at the end of any term.
- UF Cumulative Credits only include credits taken toward the GPA and do not include credits for courses taken S/U, credits dropped/withdrawn resulting in a W on the transcript, or credits not counting in the UF Cumulative GPA due to repeat or non-degree policy.
- An undergraduate student under any kind of dismissal or suspension at the University of Florida may earn credit toward a degree at the University of Florida by taking courses at another institution. Upon the student's reinstatement to the University of Florida, the University will accept credit from courses that fall under the Florida statewide course numbering system. A reinstated student may follow standard practice of consulting the student's degree-granting unit to consider whether credit for courses not under the state course numbering system and earned while dismissed or suspended will be accepted. Credits earned at another institution and accepted by the University of Florida will not count towards the UF GPA calculation but will factor into the student's total credit hour count towards excess hours.

**Grade Point Deficits**

University Ombuds

When an academic regulation appears to result in undue hardship, students may petition for waiver of the regulation. If a student wishes to appeal a decision of the University Student Petitions Committee, the student must contact the Office of the Ombuds.

More Info (http://www.ombuds.ufl.edu/)

Attendance Policies

Absences

Students may only participate in classes if they are registered officially or approved to audit with evidence of having paid audit fees. The Office of the University Registrar provides official class rolls to instructors.

Students are responsible for satisfying all academic objectives as defined by the instructor. Absences count from the first-class meeting.

Acceptable reasons for absence from or failure to engage in class include illness; Title IX-related situations; serious accidents or emergencies affecting the student, their roommates, or their family; special curricular requirements (e.g., judging trips, field trips, professional conferences); military obligation; severe weather conditions that prevent class participation; religious holidays; participation in official university activities (e.g., music performances, athletic competition, debate); and court-imposed legal obligations (e.g., jury duty or subpoena). Other reasons (e.g., a job interview or club activity) may be deemed acceptable if approved by the instructor.

For all planned absences, a student in a situation that allows an excused absence from a class, or any required class activity must inform the instructor as early as possible prior to the class. For all unplanned absences because of accidents or emergency situations, students should contact their instructor as soon as conditions permit.

Students shall be permitted a reasonable amount of time to make up the material or activities covered during absence from class or inability to engage in class activities because of the reasons outlined above.

If a student does not participate in at least one of the first two class meetings of a course or laboratory in which they are registered, and they have not contacted the department to indicate their intent, the student can be dropped from the course. Students must not assume that they will be dropped, however. The department will notify students if they have been dropped from a course or laboratory.

The university recognizes the right of the instructor to make attendance mandatory and require documentation for absences (except for religious holidays), missed work, or inability to fully engage in class. After due warning, an instructor can prohibit further attendance and subsequently assign a failing grade for excessive absences.

Religious Holidays

At the University of Florida, students and faculty work together to allow students the opportunity to observe the holy days of their faith. A student should inform the faculty member of the religious observances of their faith that will conflict with class attendance, with tests or examinations, or with other class activities prior to the class or occurrence of that test or activity. The faculty member is then obligated to accommodate that particular student's religious observances. Because students represent a myriad of cultures and many faiths, the University of Florida is not able to assure that scheduled academic activities do not conflict with the holy days of all religious groups. Accordingly, individual students should make their need for an excused absence known in advance of the scheduled activities.

The Florida Board of Education and state law govern university policy regarding observance of religious holidays.

The following guidelines apply:

- Students, upon prior notification to their instructors, shall be excused from class or other scheduled academic activity to observe a religious holy day of their faith.
- Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence.
- Students shall not be penalized due to absence from class or other scheduled academic activity because of religious observances.

If a faculty member is informed of or is aware that a significant number of students are likely to be absent from class because of a religious observance, the faculty member should not schedule a major exam or other academic event at that time.

A student who is to be excused from class for a religious observance is not required to provide a second party certification of the reason for the absence. Furthermore, a student who believes that they have been unreasonably denied an education benefit due to religious beliefs or practices may seek redress through the student grievance procedure.
Illness Policy
A student who is absent from class or any required class-related activity because of illness should contact their instructor, if feasible, as early as possible prior to the missed class or activity.

Students shall be permitted a reasonable amount of time to make up the material or activities covered during an excused absence.

Students should contact their college by the deadline to drop a course for medical reasons. Students can petition the Dean of Students Office (https://www.dso.ufl.edu/) to drop a course for medical reasons. The university's policy regarding medical excuse (http://shcc.ufl.edu/forms-records/excuse-notes/) from classes is maintained by the Student Health Care Center.

Twelve-Day Rule
Students who participate in university-sponsored athletic or scholarly activities are permitted to be absent 12 scholastic days per semester without penalty. A scholastic day is any day on which regular class work is scheduled as defined in the approved university calendar.

More Info (p. 1795)

The student or student's advisor must notify the instructor as early as possible prior to the anticipated absence to allow ample time for accommodations. Instructors must be flexible and not penalize students when re-scheduling during-term and final exams, class assignments, and other required activities and must follow the UF Attendance Policy herein and UF Examination Policies. As noted in the UF Examination Policies, during-term exams should be re-scheduled no later than before the end of the semester, while final exams no later than 90 days after the originally scheduled exam time. However, instructors are encouraged to re-schedule final and during-term exams, assignments, and other activities as soon as possible after the last day of the absence and must not penalize the student in any way.

More Info (p. 1780)

A group's schedule that requires absence of more than 12 scholastic days should be adjusted so that no student is absent from campus more than 12 scholastic days. Students who previously have been warned in writing by their instructor about the impact of absences on their individual class performance should not incur additional absences, even if they have not been absent 12 scholastic days. The student is responsible to maintain satisfactory academic performance and attendance.

Civic Literacy Requirement
Effective Fall 2021, all students who enroll at a Florida Public Postsecondary Institution (Florida College System or State University System) after high school are required to demonstrate competency in U.S. Civic Literacy to obtain a degree.

These competencies include:

- Understanding of the basic principles of American democracy and how they are applied in our republican form of government;
- Understanding of the U.S. Constitution;
- Knowledge of the founding documents and how they have shaped the nature and functions of our institutions of self-governance; and
- Understanding of landmark Supreme Court cases and their impact on law and society.

As set out in Florida Statute 1007.25, and clarified in Board of Governor’s Regulation 8.006, these competencies must be met in one of the following ways:

- Completion of AP American History in high school with a score of 4 or higher on the AP exam.
- Completion of AP American Government in high school with a score of 3 or higher on the AP exam.
- Completion of the CLEP American Government exam with a score of 50 or higher.
- Completion of POS2041 or AMH2020 at a Florida Public Postsecondary institution along with completion of the Florida Civic Literacy Exam with a score of 60 or higher (taken in High School or at a Florida Public Postsecondary Institution).
- Completion of A Level AICE US History with a score of A-E on the AICE exam along with completion of the Florida Civic Literacy Exam with a score of 60 or higher (taken in High School or at a Florida Public Postsecondary Institution).
- Completion of IB History of America with a score of 5-7 on the IB exam along with completion of the Florida Civic Literacy Exam with a score of 60 or higher (taken in High School or at a Florida Public Postsecondary Institution).

Up-to-date information on the Civic Literacy Requirement, including how to take the exam. (http://undergrad.aa.ufl.edu/for-students/civic-literacy-requirement/)

Students with an interest in Civic Literacy are encouraged to visit the Bob Graham Center at the University of Florida. The Bob Graham Center was established in 2006 with the goal of creating a community of students, scholars, and citizens who share a commitment to revitalizing the civic culture of Florida and the nation. Former Governor and U.S. Senator Bob Graham founded the center as a place where students can acquire the skills and
knowledge necessary to become informed citizens, with the expressed purpose of strengthening the nation’s democratic institutions. Located in the middle of campus in Pugh Hall, the center stands at the cornerstone of the university’s academic, intellectual, and civic life.

More Info (https://spark.adobe.com/page/GGDYP3dWq0kXj/)

Degree and Graduation Policies

Degree Application
Students must apply for a degree by the application deadline via ONE.UF (https://one.uf.edu/). To submit an application, select Degree/Certificate Application from the Academics section in the left menu.

Students must apply in the term in which they expect to graduate, regardless of applications in previous terms. If the student has completed all the requirements for the degree, they will be required to graduate. Degree application deadlines are available under Dates and Deadlines.

More Info (p. 1795)

Associate of Arts Degree | AA
Although not required, students may receive an AA degree, which is awarded by the College of Liberal Arts and Sciences. The degree must be awarded prior to or at the same time as the bachelor’s degree. Students should apply for the AA degree in the semester when they are scheduled to complete the requirements. The application is available on ONE.UF (https://one.uf.edu/).

The Associate of Arts degree will be awarded upon satisfactory completion of:

- 60 credits; at least 36 of these credits must have been completed at UF
- General Education (Gen Ed) | UF Quest requirements (p. 65)
- Writing requirement (p. 1768)
- Civic Literacy requirement (http://undergrad.aa.ufl.edu/for-students/civic-literacy-requirement/)
- Foreign Language admission requirement (p. 23)

Catalog Year
UF operates on a semester system. Spring and Fall semesters average 15 weeks of instruction, plus a week of final examinations. There are two six-week Summer terms. Semesters begin in August, January, and May. The Summer term is offered as a full term (Term C), or in two sessions as half-terms (Term A beginning in May and Term B beginning in June).

Catalog year determines the set of academic requirements that must be fulfilled for completion of a certificate or to graduate from a degree-granting program. Students complete a program under the catalog in effect at the time of their initial enrollment as a certificate or degree-seeking student at UF, a Florida public college or other Florida state institution, provided they maintain continuous enrollment (enrolling for at least one course in one term in an academic year). Students pursuing minors, dual degrees or double majors must have the same catalog year for each program. Students pursuing certificates may have separate catalog years for their certificate(s) and degree-seeking programs(s).

Students who do not maintain continuous enrollment will be assigned the catalog in effect at the time they resume enrollment. With the approval of the student’s college dean’s office, they may choose to graduate under the requirements of a later catalog, but the student must fulfill all graduation requirements from that alternative catalog year.

The university will make every reasonable effort to honor the curriculum requirements appropriate to each student's catalog year. However, courses and programs will sometimes be discontinued, and requirements may change as a result of curricular review or actions by accrediting associations and other agencies.

College Dean’s Certification
Students who have completed all requirements for their degree will be required to graduate. The dean certifies that all requirements have been completed and that the student has been recommended by the faculty for graduation.

Completion Deadline to Receive a Degree
All work must be completed by the end of the final exam period for the Fall and Spring terms and by the last day of classes for the Summer terms. A minimum UF cumulative grade point average of 2.0 must be earned to qualify for the awarding of an undergraduate degree.

Continuous Enrollment
Undergraduate students who enroll for at least one course in one term in an academic year are continuously enrolled.
**Curriculum Requirements**

Students must complete all degree requirements established by the university, their college, their major and minor (if applicable); this includes completion of general education, writing requirement and the summer term enrollment requirements.

Minors are awarded only in conjunction with the receipt of a baccalaureate degree. To determine program requirements, refer to the academic advising (p. 1707) and majors (p. 1705) sections.

**Degree Certification and Graduation Date**

All colleges, excluding professional programs in the colleges of Dentistry, Law, Medicine, Pharmacy, and Veterinary Medicine, will certify their graduates the Tuesday following the last day of classes for the Summer terms (subject to change due to holiday) or the Tuesday following the end of the final exam period for the Fall and Spring terms. This certification date will appear on the transcript and the diploma as the official date of graduation. Professional programs in the aforementioned colleges will use the date of their official commencement ceremony as the date of graduation. This date will appear on both the transcript and diploma as the official date of graduation, as required by professional accreditation guidelines.

**Diploma Replacement**

Each diploma ordered subsequent to the student's initial degree application can result in a diploma replacement charge.

**Dual Degrees and Multiple Majors**

At the discretion of UF colleges and schools, students can be permitted to pursue multiple degrees or majors.

- A student completing major and college requirements in two or more different colleges at the same time will receive two or more degrees. The transcript will list each degree and the appropriate majors.
- A student completing major and college requirements in one college and major requirements only in another college will receive a degree from the first college. The transcript will list the degree and each major.
- A student completing multiple majors that have the same degree, i.e., Bachelor of Arts or Bachelor of Science, will receive a single degree. The transcript will list the degree and each major.

**Foreign Language Requirement**

As a condition of admission to the university, students must complete two sequential courses of a foreign language in secondary school, 8-10 semester credits at the postsecondary level or document an equivalent level of proficiency.

Some degrees also have additional, specific foreign language requirements. To earn a UF degree, students must meet the requirements of their major and college *in addition* to the university's foreign language requirement for admission.

**Pending Charge of Academic Dishonesty or Conduct Violation**

No degree will be conferred if a charge of academic dishonesty or student conduct violation is pending and the penalty could be dismissal, expulsion, failing grade or any combination, until the charge is resolved, and degree requirements are met.

**Residence Requirements**

The minimum residence requirement for the baccalaureate degree is two semesters.

- Students are required to complete the last 25% of the credits needed to satisfy the requirements of their major by taking UF courses.

**Summer Term Enrollment**

All students entering a university in the State University System (SUS) institutions (http://www.flbog.edu/universities/) with fewer than 60 semester hours credit shall be required to earn at least nine semester credits prior to graduation by attendance at one or more summer sessions. However, students who earn six credits through UF-sponsored, UF exchange or UF-approved SUS study-abroad programs during one or two summer terms completely satisfy the summer-term enrollment requirement. Students who bring 60 or more transfer credits to UF, regardless of institution, will be exempt from completing the summer requirement at UF.

---

**Dropping Courses and Withdrawals**

### Dropping Courses

Dropping is defined as removing an individual course or courses from a student’s schedule/registration, but not removing all courses in a given term.
During Drop/Add

- Courses can be dropped or added during drop/add without penalty.
- Classes that meet for the first time after drop/add closes can be dropped without penalty or fee liability if the request is submitted by the end of the next business day after the first class meeting. Students first must drop the course with their college advising office and then submit a written explanation to the Office of the University Registrar. This does not apply to laboratory sections.

After Drop/Add but Prior to the Drop Deadline

After drop/add, students may drop a course with the approval of their college until the drop deadline listed in the academic calendar. A grade of W will appear on the transcript, and students are liable for course fees.

All drops after drop/add must be completed by the drop deadline with the student's college advising office and are subject to the following restrictions:

- Students get two drops in their first 60 credits attempted at UF. Credits attempted are defined as:
  - Credits carried excluding credits taken prior to the first term of degree-seeking enrollment, plus S/U credits, and repeats of satisfactory grades.
  - Full-term withdrawals from all courses and dropped courses do not count in credits carried.
  - Students get two additional drops in the second 60 credits attempted. Unused drops do not carry over from the first 60 credits attempted to the second 60 credits attempted.
  - Students entering UF as transfer students with an AA degree from a Florida public college or with 60 or more transfer credits earned from another college or university only get two drops.
  - Students with disabilities who need to drop a course due to disability-related reasons are allowed to petition for additional drops.
  - Students who can document extenuating circumstances may petition their college for additional drops.
  - Approval to drop a course must be obtained from the student's college.

After the Drop Deadline

- After the deadline and before the last day of classes, students may petition their college to drop a class. Typically, they will need to demonstrate an extenuating circumstance justifying approval of a drop after the deadline.
- After the last day of classes, students would need to complete a University Petition Request for a Retroactive Drop.

More Info ([http://www.registrar.ufl.edu/currents/petitioninstructs.html](http://www.registrar.ufl.edu/currents/petitioninstructs.html))

Withdrawals

Withdrawal is defined as dropping all courses, not individual courses, in a term. Students who leave UF without withdrawing formally will receive failing grades for all courses.

Students should read the withdrawal instructions carefully before submitting their withdrawal online.

More Info ([http://registrar.ufl.edu/services/withdrawals.html](http://registrar.ufl.edu/services/withdrawals.html))

During Drop/Add

- Students may withdraw from all courses during drop/add without penalty.

After Drop/Add but Prior to the Withdrawal Deadline

- Students who withdraw after drop/add and before the withdrawal deadline will receive a grade of W for all classes and are liable for tuition.
- Students on university academic probation who withdraw before the Withdrawal Deadline will continue on probation until their UF cumulative GPA becomes a 2.0 or greater. Students on Admissions Committee probation must meet the terms of their probation. Students on college probation should check with their college/departmental advisor about college-specific requirements.
- Students considering petitioning for a medical withdrawal or retroactive medical withdrawal should contact the Dean of Students Office for additional information about the process.

After the Withdrawal Deadline

- Students who wish to withdraw after the withdrawal deadline and before the last day of classes may petition their college. Typically, the student will need to demonstrate an extenuating circumstance justifying approval of a withdrawal after the deadline.
- After the last day of classes, students would need to complete a University Petition Request for a Retroactive Withdrawal.

More Info ([http://www.registrar.ufl.edu/currents/petitioninstructs.html](http://www.registrar.ufl.edu/currents/petitioninstructs.html))

Withdrawal Due to Military Service

Per Florida Statute 1004.07, any student enrolled in a postsecondary course or courses at a state university shall not incur academic or financial penalties by virtue of performing military service on behalf of our country. These students shall be permitted the option of completing the course(s) at
a later date without penalty or withdrawing from the course(s) with a full refund of fees paid. (Refer to refund of fees (p. 1780) information in the fees and fiscal section of the catalog). If the student chooses to withdraw, the record shall reflect that the withdrawal is due to active military service.

**National Guard Troops Ordered into Active Service**

Per Florida Statute 250.482, if a member of the Florida National Guard is ordered into active service, no private or public employer and no employing or appointing authority of this state, its counties, municipalities, political subdivisions, public colleges, or universities shall discharge, reprimand or in any other way penalize such member because of their absence by reason of state active duty.

### Examination Policies and Reading Days

#### Final Exams

Final exams are determined by course meeting times, except for certain large courses.

- No student is required to take more than three final exams in one day.
- If two exams are scheduled at the same time, assembly exams take priority over time-of-class exams.
- When two assembly exams (multiple sections and enrollment over 300) or two time-of-class exams (single sections and/or enrollment under 300) conflict, the course with the higher number will take priority. Instructors giving make-up exams will make the necessary adjustments.
- Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence. A reasonable amount of time to make up a final exam is within 60 days of the originally scheduled final exam date; however, students in their graduation semester may require expedited accommodations to ensure graduation as scheduled.

#### During-Term Exams

- During-term examinations are held during regular class times or during assembly exam periods, which are Monday through Friday from 8:20 am to 10:10 pm (periods E2-E3) for the Fall and Spring terms and Monday through Friday from 7:00 am to 9:45 pm (periods E1-E2) for the Summer terms.
- If other classes are scheduled during an exam time, instructors must provide make-up class work for students who miss class because of an assembly exam.
- When two exams conflict, assembly exams (multiple sections and enrollment over 300) take precedence over non-assembly exams (single sections and/or enrollment under 300). If two assembly exams conflict, the course with the higher number will take priority. Likewise, if two non-assembly exams conflict, the higher number will again take priority. Instructors giving make-up exams will make the necessary adjustments.
- Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence. A reasonable amount of time to make up a during-term exam is before the end of the semester in which the student is enrolled in the class.

#### Reading Days

The two days before the start of examinations in the fall and spring semesters, generally a Thursday and Friday, are designated reading days. No classes or exams are held on these days; instead, students are encouraged to use these days for study and review.

There are no reading days in the summer terms because examinations are given during regular class periods.

#### Excused Absences

Students shall be permitted a reasonable amount of time to make up the material or activities covered in their absence. For assignments and during-term exams, a reasonable amount of time is within the term in which the student is enrolled in the class. For final exams, a reasonable amount of time is within 60 days after the originally scheduled final exam date; however, students in their graduation semester may require expedited accommodations to ensure graduation as scheduled.

### Fees and Fiscal Information

#### Admission Tuition Deposit

The $200 admission deposit (UF-3.0376 Regulations of the University of Florida) paid by the individual shall be applied toward payment of that individual’s tuition upon enrollment. The admission deposit shall not be reimbursed to an individual who does not enroll in the term offered for admission and who does not withdraw their acceptance of admission prior to the applicable deadline as published in the University Record. The deposit is waived for those individuals who have provided documentation that they have received an application fee waiver because of economic need as determined by the College Board, American College Testing Program, Law School Admissions Council, the American Association of Medical Colleges Fee Assistance Program or the American Association of Dental Schools Application Service.
Registration and Tuition and Fees Liability

Registration shall be defined as consisting of two components (UF-3.037 Regulations of the University of Florida):

1. formal enrollment in one or more credit courses approved and scheduled by the university; and
2. tuition and fee payments, or other appropriate arrangements for tuition and fee payment (deferment or third-party billing) for the courses in which the student is enrolled as of the end of the drop/add period.

Registration must be completed on or before the date specified in the university calendar. Students are not authorized to attend class unless they are on the class roll or have been approved to audit. Unauthorized class attendance will result in fee liability.

Fee Liability

All students are liable for all tuition and fees associated with all courses for which the student is registered at the end of the drop/add period (UF-3.037 Regulations of the University of Florida). The fee payment deadline is 3:30 p.m. of the last day of the second week of classes.

Assessment of Tuition and Fees

Tuition shall be assessed to students for enrollment in credit courses (UF-3.0375 Regulations of the University of Florida).

Students can calculate and pay their own tuition and fees on the secure ONE.UF portal.
More Info (https://one.uf.edu/dashboard/)

Students can estimate their tuition and fees on the University Bursar website.
More Info (http://www.fa.ufl.edu/bursar/current-students/)

Lack of written notification of the tuition and fee debt does not negate the student’s responsibility to pay by the published deadline.

For purposes of discussion, the word term refers to the fall semester, the spring semester and any of the summer semesters.

Assessment of Student Fees

Activity and Service Fee

All students must pay an activity and service fee that is assessed on a per credit-hour or semiannual basis. (UF-3.0372, Regulations of the University of Florida)

Athletic Fee

All students must pay an athletic fee that is assessed on a per credit-hour or semiannual basis. Half-time graduate research and teaching assistants enrolled for eight (8) or more credit hours during the Fall or Spring Semester and all other students enrolled for nine (9) or more credit hours are eligible to purchase football tickets at the student rate. (UF-3.0372, Regulations of the University of Florida)

Audit Fee

Tuition and fees for audited courses are assessed at the applicable resident or non-resident per credit-hour cost. (UF-3.0376, Regulations of the University of Florida)

Diploma Replacement Fee

Each diploma ordered after a student’s initial degree application can result in a diploma replacement charge, variable, not to exceed $10.00 per item. (UF-3.0376, Regulations of the University of Florida)

Distance Learning Fee

Online courses may be assessed a per credit hour amount. (1009.24, Florida Statutes)

Health Fee

All students must pay a health fee that is assessed on a per credit-hour or semiannual basis. The health fee is not part of any health insurance a student may purchase. (UF-3.0372, Regulations of the University of Florida.)

Material and Supply and Equipment Use Fee

Material and supply fees are assessed for certain courses to offset the cost of materials or supply items consumed in the course of instruction. A list of approved courses and fees is published in the Schedule of Courses each semester. (UF-3.0374 Regulations of the University of Florida)
More Info (http://www.registrar.ufl.edu/soc/)

The equipment use fee program allows units to charge for courses that use equipment in the educational process, which is used to prepare students for their careers or professions and is used for instructional purposes only with direct use by students. Material and supply and equipment use fee information is available from the academic departments or from the schedule of courses (Florida Statutes 1009.24).
Off-Campus Educational Activities
The president or the president's designee will establish fees for off-campus course offerings when the location results in specific identifiable increased costs to the university. These fees will be in addition to the regular tuition and fees charged to students enrolling in these courses on campus. The additional fees charged are for the purpose of recovering the increased costs resulting from off campus vis-a-vis on campus offerings. As used herein, off campus refers to locations other than main campus, branch campuses and centers. (UF-3.0376, Regulations of the University of Florida)

Registration for Zero Credits
The student is assessed the applicable resident or non-resident per credit-hour cost as set forth in Regulation UF-3.0375, for one credit hour. (UF-3.0376, Regulations of the University of Florida)

Technology Fee
All students must pay a technology fee that is assessed on a per credit-hour or semiannual basis. (UF-3.3075, Regulations of the University of Florida)

Transcript Fee
An official transcript may be purchased on the Registrar website or your ONE.UF (https://one.uf.edu/) account for a charge. (UF-3.0376, Regulations of the University of Florida)

Transportation Access Fee
All students must pay a transportation access fee that is assessed on a per credit-hour or semiannual basis. (UF-3.0372, Regulations of the University of Florida)

All charges may be subject to change without notice.

Repeat Course Fee
Beginning Fall 1997, any undergraduate course numbered 1000-4999 at the university for which a student registers three or more times will be subject to a repeat course fee at 100 percent of the full cost of instruction, calculated annually. (Section 1009.285, Florida Statutes)

All students, regardless of classification or residency status, will be assessed the fee in addition to the tuition costs. (UF-3.0375, Regulations of the University of Florida)

Excess Hours Fee
All credit hours for courses taken at the state university from which the student is seeking a baccalaureate degree. (UF-3.0375, Regulations of the University of Florida)

Pursuant to Section 1009.286, Florida Statutes, an additional student payment for credit hours exceeding baccalaureate degree program completion requirements at state universities.

Payment of Tuition and Fees
Tuition and fees are payable on the dates listed in the academic calendar. Deadlines are enforced.

More info (p. 1795)

Tuition and fee payments are processed by University Bursar. Payments sent via U.S. mail must be received in the university cashier's office by the established fee payment deadline. An on time payment for the tuition and fees deadline date is a receipt date, not a postmark date.

More Info (http://www.fa.ufl.edu/bursar/current-students/payments/)

According to university policy, university cashiers will accept checks only for the amount due in payment of tuition and fees, accounts receivable, loans and other student debts. Checks from international countries must be payable through a United States bank in U.S. dollars. The university can refuse two-party checks, altered checks and checks that will not photocopy. The university does not have the authority to waive late payment fees unless extraordinary circumstances warrant such a waiver or the university is primarily responsible for the delinquency. (UF 3.0022, University of Florida Regulations)

Pay for tuition and fees and other charges at ONE.UF.
More Info (https://one.uf.edu/dashboard/)

Payment Options
- Electronic check; there is no service charge for the electronic check payments.
- Credit and debit cards: MasterCard, Discover, American Express, or Visa will include a 2.6 percent service charge for tuition and fees and accounts receivable charges (e.g., laser print, library fines, parking decals, etc.).
- International Payment via Convera is a wire transfer; provides a competitive rate of exchange for many international currencies.
• In person payments: check, money order, or cashier’s check. International paper checks or demand drafts must be drawn on a U.S. bank in U.S. dollars and amounts cannot be greater than the amount due. Any payment that is more than the amount due will not be refunded and will automatically be applied to a future debt.
• Cash is not an available payment option.

**Returned Payments**

Returned electronic checks or paper checks will be charged a service fee of $25.00 if the returned payment is less than $50.00; $30.00 if the returned payment is $50.01 - $299.99 and $40.00 if the returned payment is $300.00 or more. Payments for returned electronic check payments, returned paper checks and the returned service fee must be paid by money order or cashier's check.

A $10.00 service fee will be charged if the bank information provided for the electronic check payment is inaccurate for electronic funds transfer. Payment for this type of return does not require a money order or a cashier's check.

*All financial obligations to the university will be applied on the basis of age of the debt. The oldest debt will be paid first.*

**Late Registration and Late Payment Fees**

**Late Registration Fee**

Any student who fails to register prior to the late registration date published in the academic calendar will be subject to the late registration fee of $100.00. (UF-3.037, Regulations of the University of Florida)

More Info (p. 1795)

**Late Payment Fee**

Any student who fails to pay all tuition and fees due or to make appropriate arrangements for tuition and fee payment (deferment or third party billing) by the fee payment deadline published in the academic calendar will be subject to a late payment fee of $100.00. (UF-3.037, Regulations of the University of Florida)

More Info (p. 1795)

**Waiver of Late Fees**

A student who believes that a late fee should not be assessed because of university error or extraordinary circumstances that prevented all conceivable means of compliance by the deadline may petition for a waiver. Late registration fee: Office of the University Registrar; Late payment fee: University Bursar. The university reserves the right to require documentation to substantiate these circumstances.

**Deferment of Tuition and Fees**

Deferment extends the deadline for payment of tuition and fees for a specific term. A tuition and fee deferment is granted based on information from Student Financial Affairs (financial aid deferments) or the Office of the University Registrar (veterans). Refer questions on eligibility to the appropriate office. A tuition and fee deferment must be established by the tuition fee payment deadline for each term. A tuition and fee deferment is provided to students in the following circumstances:

• Students receiving benefits from state or federal financial assistance programs (1009.27, Florida Statutes).
• Students receiving veterans or other educational benefits under Chapter 30, Chapter 31, Chapter 32, Chapter 33, Chapter 34, Chapter 35, Chapter 1606 or Title 10, U.S.C.; or
• Students for whom formal arrangements have been made with the university for payment by an acceptable third-party sponsor.

A $100.00 late payment fee will be assessed if a student fails to pay all tuition and fees due by the deferment deadline.

**Deadlines**

*Deadlines are enforced.*

The university does not have the authority to waive late payment fees unless extraordinary circumstances warrant such waiver or the university is primarily responsible for the delinquency.

**Waiver or Exemption of Tuition and Fees**

UF may waive tuition and fees as follows:

• Any dependent child of a special risk member killed in the line of duty, pursuant to Chapter 112.19, Florida Statutes.
• A student enrolled through the Florida Linkage Institutes Program is entitled to a waiver of the non-resident tuition and fees pursuant to 288.8175 Florida Statutes.
• Intern supervisors for institutions within the State University System may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor, pursuant to 1009.26, Florida Statutes.
• Persons 60 years of age or older who are Florida residents, pursuant to Chapter 1009.26, Florida Statutes.
• A student who is or was at the time he or she reached 18 years of age in the custody of a relative or non-relative under s. 39.5085 or s. 39.6225 or who was adopted from the Department of Children and Families after May 5, 1997. Such exemption includes fees associated with enrollment in applied academics for adult education instruction. The exemption remains valid until the student reaches 28 years of age after May 5, 1997, pursuant to Chapter 1009.25, Florida Statutes.

• A student who lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence, a public or private transitional living program, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. This includes a student who would otherwise meet the requirements of this paragraph, as determined by a college or university, but for their residence in college or university dormitory housing.

• Purple Heart recipients pursuant to Chapter 1009.26, Florida Statutes.

• Apply for enrollment in an institution of higher education within 24 months after high school graduation; and submit an official Florida high school transcript as evidence of attendance and graduation, may have the non-Florida resident fee waived as provided by Chapter 1009.26, Florida Statutes.

• Non-Florida resident fee for a veteran; C.W. “Bill” Young Veteran Tuition Waiver, pursuant to Chapter 1009.26, Florida Statutes.

• Active-duty military, pursuant to sections 1009.2(10) and 1009.26(14), Florida Statutes.

The non-Florida student financial aid fee may not be waived for students receiving an out-of-state tuition and fee waiver.

Non-Payment of Tuition and Fees

The university shall temporarily suspend further academic progress of any student who has not paid the entire balance of their tuition and fee liability by the established deadlines. This will be accomplished by placing a financial hold on the student's record, which will prevent the student from receiving grades, transcripts and/or diploma, and the student's registration will be denied for future terms until the account has been satisfied. (UF-3.037 Regulations of the University of Florida)

Students who have not paid any portion of their tuition and fee liability by the established university payment deadline will be withdrawn from all courses. Students will continue to be held fee liable for these courses, but will not be allowed to attend these courses until payment is made in full and the student has been re-registered.

To re-register for courses, students must submit a Current Term Re-Enrollment Request petition to the Office of the University Registrar. Students who re-register after being withdrawn for non-payment of tuition and fees will be subject to both late registration and late payment fees.

Refund of Tuition and Fees

The following circumstances may constitute a tuition and fees refund (UF 3.0371 Regulations of the University of Florida):

• If notice of withdrawal from the University is approved prior to the end of the drop/add period and written documentation is received from the student

• Credits dropped during drop/add period

• Courses cancelled by the university

• Involuntary call to active military duty

• Death of the student or member of the immediate family (parent, spouse, child, sibling)

• Illness of the student of such severity or duration, as confirmed in writing by a physician, that completion of the semester is precluded

• Exceptional circumstances, upon approval of the university president or his designee

A refund of 25 percent of the total fees paid (less late fees) is available for withdrawal of enrollment of all courses from the university prior to the deadlines listed in the academic calendar.

More Info (p. 1795)

Refunds are issued by University Bursar and will be applied against any university debts. The university reserves the right to set minimum amounts for which refunds will be produced for overpayments on student accounts.

Tuition refunds due to cancellation, withdrawal or termination of attendance for students receiving financial aid will first be refunded to the appropriate financial aid programs. If the student is a recipient of federal financial aid, such as Grad Plus Loan, Pell Grant, TEACH Grant, Supplemental Educational Opportunity Grant (SEOG), Perkins Loan, Federal Direct Stafford Loans or PLUS loans, federal rules require that any unearned portion of the federal aid must be returned to the U.S. Department of Education.

Direct Deposit Requirement

Due to the university’s continuing support for sustainable practices, as well as the costs associated with producing, mailing, and tracking undelivered checks, direct deposit is now required for the delivery of refunds, whether financial aid or student overpayments. This electronic method will deposit any overpayments to the student’s checking account. Students must give authorization on ONE.UF (https://one.uf.edu/dashboard/), select the Campus Finances (Bursar) card > Related Links > Sign up for Direct Deposit to have financial aid or overpayments electronically credited to a U.S. bank or other U.S. financial institution checking account.
**Florida Prepaid Tuition College Program**

The Florida Prepaid College Program is a state of Florida administered program that provides Florida families affordable means to save for their children's future college education.

At the University of Florida, students with a Florida Prepaid account will **not** have to show their Florida Prepaid documentation. University Bursar works directly from an electronic file provided by the Florida Prepaid College Program. University Bursar matches that file to the names and social security numbers of enrolled UF students to determine eligibility and available credits that can be billed to the program. If Prepaid is not showing on the student's ONE.UF record the first week of classes, contact the University Bursar at 352.392.9545.

More Info ([https://one.uf.edu/dashboard/](https://one.uf.edu/dashboard/))

University Bursar will automatically bill the Florida Prepaid Program for the tuition and applicable fees of eligible students. The program will be billed each term that a student is registered at UF and continues to have credits available.

Florida Prepaid Program has a variety of plans. However, no plan pays 100 percent of tuition and fees. Listed below are fees that are not covered by a prepaid plan and must be paid by the fee payment deadline each term to avoid assessment of a $100.00 late payment fee:

- Distance learning fees
- Equipment fees
- Excess credit hour surcharge fees
- Late payment fees
- Late registration fees
- Material and supply fees
- Repeat course surcharge
- Transportation access fees
- Test fees
- Technology fees

**Opting out of Florida Prepaid**

Eligible students can choose to decline the use of the prepaid plan online for a **fall**, **spring**, or **summer** term.

Opt out of Florida Prepaid at ONE.UF.

More Info ([https://one.uf.edu/dashboard/](https://one.uf.edu/dashboard/))

The option to **opt out** online for the current term must be completed prior the day prior to the tuition deadline. The online **opt out** option is not available on the fee payment deadline date; therefore, students choosing to **opt out** on the deadline day or those who need to cancel an online selection must contact the University Bursar at 352.392.9545 or Ask Bursar Help ([https://uf.tfaforms.net/125/](https://uf.tfaforms.net/125/)).

*Students must **opt out** each term they decline to use their prepaid plan. Only one academic term will be available online to **opt out** any given time.*

**Florida Prepaid and Financial Aid**

Students participating in the Florida Prepaid College Program who are also expecting to receive financial aid (i.e., Bright Futures, Pell, student loans, other scholarships/grants) will have the Florida Prepaid applied first to tuition and applicable fees. Financial aid received will be disbursed and applied to outstanding charges, which may include tuition and fees not covered by the program. Any excess financial aid that remains after debts have been paid will be refunded to the student or if there is a Plus loan this will be refunded to the student or parent.

**Study Abroad Programs and Distance Learning**

Students participating in any study abroad program or receiving instruction through flexible learning, also can bill the Florida Prepaid College Program.

Students must contact the following departments for assistance with billing the Florida Prepaid program:

**Study Abroad Programs**

UF International Center, Study Abroad Services
170 HUB Stadium Road
Gainesville, FL 32611

352.273.1539

**Flexible Learning Courses**

Distance Learning
2124 NE Waldo Road, Suite 1101
Gainesville, FL 32609
Additional questions regarding the UF Florida Prepaid billing process? Call University Bursar at 352.392.9545 or Ask Bursar Help (https://uf.tfaforms.net/125/)

Questions about the Florida Prepaid Program? Call 1.800.552.4723 (552.GRAD)

**General Fiscal Information**

Students can pay on their ONE.UF account the exact amount of tuition and fees and/or other amounts owed the university. The online payment system accepts the following payment methods: American Express, MasterCard, Discover, or Visa credit cards and electronic checks from checking accounts and international payments via wire transfer.

More Info (https://one.uf.edu/dashboard/)

Students can also pay at the University Bursar office with personal checks, cashier's checks and money orders, which can be placed in the 24-hour drop box located outside 113 Criser Hall. Payments on all financial obligations to the university will be applied on the basis of age of the debt. The oldest debt will be paid first.

*University Bursar does not accept cash or debit card payments and does not cash checks or make cash refunds.*

It is the student's responsibility to maintain a correct current address in the UF directory.

**Address changes** should be made online at ONE.UF.

More Info (https://one.uf.edu/dashboard/)

**Past-Due Student Accounts**

All student accounts are payable at the University Bursar office or on ONE.UF at the time such charges are incurred. Graduating students with outstanding financial obligations will have a hold placed on their records withholding release of a diploma, transcript and other university services until the debt is satisfied.

More Info (https://one.uf.edu/dashboard/)

University regulations prohibit the following for any student whose account with the university is delinquent until the debt has been satisfied:

- Registration
- Release of transcript, diploma, grades or schedules
- Loans
- The use of UF facilities and/or services
- Admission to UF functions and athletic events

Delinquent accounts, including those debts for which the student's records have a financial hold, may require payment by cashier's check or money order.

Delinquent debts may be placed with a billing agent, reported to a credit bureau and referred to collection agencies without further notice or litigated, at which time additional collection costs will be assessed in accordance with UF-3.0376, Regulations of the University of Florida. All payments received are applied to the oldest debt first.

**FERPA and Confidentiality of Student Records**

The university ensures the confidentiality of student records in accordance with the provisions of various federal, state, and university regulations, including the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, also known as the Buckley Amendment. The statutes and regulations also provide certain rights to students concerning their education records.

**FERPA Student Rights**

*The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.*

**FERPA rights include**

The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where
the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University official responsible for the record the student wants changed, and specify why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The right to provide written consent before the University discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA authorizes disclosure without consent in several situations, including but not limited to the following:

A) The University may disclose education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position; a person or entity with whom the University has contracted as its agent to provide a service instead of using University employees or officials; a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibilities for the University.

B) Upon request, the University may disclose education records without consent to an official of another school in which a student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer.

C) Directory information (https://directory.ufl.edu/) may be released freely unless the student files the appropriate form requesting that certain public information not be released. This form is available in the Office of the University Registrar.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University of Florida to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is:

US Department of Education
Student Privacy Policy Office
400 Maryland Avenue, SW
Washington, DC 20202-8520

Release of student record information is generally not permitted at the University of Florida without the express, written consent of the student. There are, however, some important exceptions.

Directory Information is defined as the student’s name, class and college, local and permanent addresses, listed telephone number, email address, enrollment status, most recent previous educational institution attended, dates of attendance at the University of Florida, majors, minors, certificates, concentrations and degrees earned, nature and place of employment at the University, honors and awards received, publication titles, participation in officially recognized or registered activities and sports, and weight and height of members of athletic teams.

Under FERPA, the university may release directory information without a student’s prior consent, unless the student tells the university not to release this information, by placing what is known as a privacy hold. Please note that selecting the “Do not publish” option in the UF directory is not the same as placing a privacy hold under FERPA. In order to place a privacy hold, the student must complete a Request for Restriction of Directory Information (Full Privacy Hold). This form is available by contacting the Office of the University Registrar by phone (352.392.1374) or email (help@registrar.ufl.edu).

Two important details regarding placing a privacy hold on a student’s record:

- The university receives many inquiries for directory information from a variety of sources outside the institution, including friends, parents, relatives, prospective employers, the news media, honor societies, and other members of the public. A privacy hold will preclude the release of such information, even to those people.
- A privacy hold applies to all elements of directory information in a student’s student record. The Office of the University Registrar does not apply the privacy hold differentially to the various directory information data elements. A request for a privacy hold will result in all data elements being withheld. Changes made by the online student directory will not be reflected on the student’s academic record.

A copy of FERPA, more details (http://www.registrar.ufl.edu/ferpa.html) about student rights and any university policies related to the FERPA are available from the Office of the University Registrar. Please refer any questions concerning FERPA to help@registrar.ufl.edu or 352.392.2244.
Confidentiality of Student Records

Directory Information that can be released to the public is limited to:

- Student name
- Class and college
- Local and permanent addresses
- Listed telephone number
- Email address
- Enrollment status
- Most recent previous educational institution attended
- Dates of attendance at the University of Florida
- Majors
- Minors
- Certificates
- Specializations
- Degree earned
- Nature and place of employment at the university
- Honors and awards received
- Publication titles
- Participation in officially recognized or registered activities and sports
- Weight and height of university athletes

The Office of the University Registrar routinely releases directory information to the public. Directory information may also be released by other university departments and/or employees. Currently enrolled students who want to restrict directory information must contact the Office of the University Registrar (https://registrar.ufl.edu/contact/) for assistance.

Student educational records may be released without the student’s consent to school officials who have a legitimate educational interest in accessing the records. School officials shall include:

- An employee, agent or officer of the university or State University System of Florida in an administrative, supervisory, academic, research or support staff position;
- Persons serving on university committees, boards and/or councils; and
- Persons employed by or under contract to the university to perform a special task, such as an attorney or an auditor.

Legitimate educational interest shall mean any authorized interest or activity undertaken in the name of the university for which access to an educational record is necessary or appropriate to the operation of the university or to the proper performance of the educational mission of the university.

The university also may disclose information from the student’s educational record without their consent to individuals or entities permitted such access under applicable federal and state law.

Students have the right to review their own educational records for information and to determine accuracy. A photo I.D., other equivalent documentation or personal recognition by the custodian of record will be required before access is granted. Parents of dependent students, as defined by the Internal Revenue Service, have these same rights upon presentation of proof of the student’s dependent status. Each spring when the catalog is published, students are notified of their FERPA rights.

If a student believes the university has not maintained the confidentiality of their educational record as required by law, they may file a complaint by contacting:

Washington, D.C. 20202-5901
Grades and Grading Policies

Grades and Grade Points
The Office of the University Registrar records student grades.

The word *credit* refers to one semester hour, generally representing one hour per week of lecture or two or more hours per week of laboratory work.

Passing Grades and Grade Points
Credit Earned Prior to May 11, 2009 | Summer A

</table>

**Definitions**

E: Failure

H: Deferred grade assigned only in approved sequential courses or flexible learning

I*: I: Incomplete

N* / NG: No grade reported

S: Satisfactory

U: Unsatisfactory

W: Withdrew

WF: Withdrawed failing

**I*, N* and I, NG Grades**

I* or N* grades recorded on the student record indicate the non-punitive initial-term receipt of an I or NG. A grade of I* or N* is not considered a failing grade for the term in which it is received, and it is not computed in the grade point average. However, if the I* or N* has not been changed after 150 days, it will be counted as a failing grade and used in computation of a student's grade point average.

For purposes of determining grade point average after the initial receipt of an I* or N* grade, the three summer terms are considered collectively as a single term. I* and N* grades are not assigned to graduating students; they receive failing grades of I or NG.

An incomplete grade may be assigned at the discretion of the instructor as an interim grade for a course in which the student has completed a major portion of the course with a passing grade, been unable to complete course requirements before the end of the term because of extenuating circumstances, and obtained agreement from the instructor and arranged for resolution of the incomplete grade. Instructors are not required to assign incomplete grades.

If make-up work requires classroom or laboratory attendance in a subsequent term, students must not register for the course again. Instead, they should audit the course and pay course fees.

If the make-up work does not require classroom or laboratory attendance, the student and their instructor should decide on an appropriate plan and deadline for completing the course.

When the course is completed, the instructor will initiate the change of grade. These procedures cannot be used to repeat a course for a different grade. An I grade should not be assigned to a student who never attended class; instead, instructors should assign a failing grade.

**W and WF Grades**

Courses dropped after drop/add and before the withdrawal deadline will be graded W. WF grades are no longer issued by the university, but in previous years they reflect courses dropped after the withdrawal deadline.

More Info (p. 1778)

**Satisfactory/Unsatisfactory Grade Option | S/U**

Subject to college degree program and department guidelines, students can take elective coursework and earn grades of S (satisfactory) or U (unsatisfactory). A grade of S is equal to a C (2.0) or better. Grades earned under the S/U option do not carry grade point values and are not computed in the University of Florida grade point average. Courses with a grade of S will count as credits earned in a degree program. Such grades are included in the student's permanent academic record and are reflected on the transcript. After the S/U option is approved, the grade cannot revert to a letter grade.

Other academic institutions and agencies may interpret a grade of U as a failing grade.

If a student chooses the S/U option they must be in good standing and not on university academic probation. To elect the S/U option, students must obtain the approvals indicated on the form. Students can elect the S/U option for one course only each term; this option is in addition to courses that are taught only on an S/U basis. Courses taken to fulfill the general education and the writing requirement cannot be taken S/U.

For fall, spring and summer C terms, the S/U option deadline is Friday of the third week of classes. For summer A and summer B terms, the deadline is Wednesday of the second week of classes.
**H Grades**

An H grade, which signifies a deferred grade assignment, is normally assigned at the end of a term when a specific course's class calendar differs from the traditional course calendar. Now that UF flexible learning courses have been incorporated into the student records system, H grades will also be assigned to students who cannot complete their flexible learning course requirements before the end of the traditional grade cycle.

While H grades for traditional courses become punitive at a date determined by the college, H grades for flexible learning coursework generally become punitive 32 weeks after course enrollment. However, any grade of H received by a degree candidate will become punitive (and calculated as a failing grade) at degree certification.

**Grading Policies**

### Grade Point Averaging

The term *average* refers to the grade point average (GPA) for work completed in the current or most recent academic program attended at the University of Florida. Grades received at other institutions are NOT averaged with grades received at the University of Florida for the purpose of meeting university GPA requirements. Other agencies and honorary societies will compute averages in accordance with their own standards and policies. Averages are determined by computing the ratio of grade points to semester credits attempted.

### Calculating the Grade Point Average

- Multiply grade value by the number of credits for total grade points.
- Divide the total number of grade points by the number of credits carried. (S/U option grades are not calculated in the GPA.)
- The GPA value is displayed to the hundredths place and not rounded up (i.e., 3.248 = 3.24).

### Dismissal for Insufficient GPA

Just as a sufficient GPA is critical for academic success, an insufficient GPA could lead to dismissal from the university. Students must maintain a minimum GPA based on their cumulative UF credits to avoid dismissal and cancellation of advanced registrations.

More Info (p. 1772)

</table>

To see calculations based upon former grade values, please refer to the 2009-10 undergraduate catalog (http://www.registrar.ufl.edu/catalog0910/policies/regulationgrades.html).

### Repeat Coursework

University of Florida coursework that is repeated is counted in the computation of your UF grade point average as many times as grades for that course are recorded, although credits will be awarded only once.

When you earn a C (2.0) or higher in a course, you will not be allowed to repeat that course. Any exceptions to this policy must be made via an approved petition to the student's college.
If you entered UF with credit for Advanced Placement (AP) or International Baccalaureate (IB) courses and you then repeat and pass the equivalent course at UF, you will receive a grade for the UF course and no credit for the prior work.

Grades received at other institutions will not be averaged with grades received at the University of Florida. Repeat coursework taken at the University of Florida will result in calculation of the UF grade in the UF grade point average only, with credit earned only once.

**Outcomes when Repeated Coursework involves Transfer Coursework**

- **Coursework taken at another institution, then repeated at UF**
  Only UF grade computed in GPA; credit earned only once.

- **Coursework taken at UF, then repeated at another institution**
  Only UF grade computed in GPA; credit earned only once.

- **Coursework taken and repeated at another institution**
  No grades will be calculated into the UF GPA and credit is awarded only once.

Repeat course equivalencies are identified based on the state’s common course taxonomy. Refer to the statewide course numbering system (p. 1811) for the definition of course equivalencies.

Colleges may not accept grade points and credits earned from lower-level courses if they are taken after the student has received credit/grades for advanced courses or exam credit in the same field.

**Grade Changes**

Grade changes will be accepted and processed by the Office of the University Registrar for one calendar year after the term in which the course was attempted.

Any grade changes submitted after the deadline must be accompanied by additional supporting information or documentation justifying the extension and submitted to the appropriate college dean. If the dean approves the exception, they will forward an authorized grade change form to the Office of the University Registrar.

One calendar year is specified as the published grades due date of the same semester in the following year.

This policy does not apply to grades of I or I*, which designate a grade of incomplete.

---

**Registration Policies**

**Course Load Requirements**

The minimum full-time load for undergraduate students is 12 credits, including summer term. Postbaccalaureate students are considered undergraduates.

*Students with disabilities may be eligible for a reduced course load accommodation. This accommodation allows students full-time status at 11 credits or below.*

Any questions regarding enrollment requirements for specific purposes, such as insurance or veterans’ benefits should contact the relevant entity.

Students receiving financial aid should refer to Financial Aid’s enrollment requirements for complete information.

More Info (http://www.sfa.ufl.edu/receiving/enrollment-requirements/)

University regulations allow a maximum load of 18 credits. Some colleges have differing maximum loads; refer to the college sections for specific information.

With college approval you may register for less than the minimum or more than the maximum load. After drop/add, you cannot drop below the minimum load without successfully petitioning your college dean.

Simultaneous enrollment in flexible learning courses or extension work at another college or university is counted when computing the maximum course load but not the minimum course load.

**Non-Degree Registration**

Non-degree enrollment is restricted to participants in special programs, off-campus programs, online course offerings, university-affiliated exchange programs, and high school/college dual-credit enrollment. Special regulations govern high school/college dual enrollment for academically advanced students in Florida high schools. Non-degree enrollment is generally limited to the summer terms.
Undergraduate students who have been denied admission to UF for any term are not eligible for non-degree registration. If a student previously attended UF in a degree-seeking status and did not subsequently earn a bachelor's degree, they are not eligible for non-degree registration.

Non-degree enrollment is subject to the availability of faculty, space, and facilities. No application for admission is required.

**UF Students Attending Other Schools**

Normally, UF students are not permitted to register at another institution for a course or its equivalent that is offered at UF.

**Visiting Students Attending UF**

Undergraduate students in good standing at another accredited collegiate institution can enroll full time at UF as non-degree transient students on a space-available basis to complete work to transfer back to the parent institution.

UF will not evaluate work previously completed, and it is the student's responsibility to secure approvals required by the parent institution. Certification to Social Security and Veterans Administration programs also is the responsibility of the student, who must request each institution furnish records.

Non-degree students are subject to the following restrictions:

- Non-degree students must meet State of Florida immunization requirements.
- Course enrollment requires the approval of the college at the beginning of each term. The college of enrollment has the authority to terminate a non-degree enrollment before registration for any term. Generally, non-degree registration is for one term only. Standard non-degree seeking students must apply for each term they wish to enroll in courses as a non-degree student.
- Registration is not permitted until the last three days of the Fall/Spring drop/add period and must be completed by the end of drop/add; failure to register by that deadline will result in a late registration fee.
- Registration is not permitted until the first day of the Summer drop/add period and must be completed by the end of drop/add; failure to register by that deadline will result in a late registration fee.
- The same grading system is applicable to degree and non-degree students. Non-degree credit may be applicable to a UF degree upon subsequent admission to degree status and determination of appropriate application of such credit in the student's degree program. Authorization to enroll as a non-degree student in no way implies future approval for admission as a degree-seeking student.
- Non-degree enrollment status will be denied to any student under suspension or dismissal from a postsecondary institution or not in good standing at any institution previously enrolled, including UF, even if the student has subsequently attended another institution. Non-degree students are subject to other regulations and restrictions imposed by the college or department in which they wish to enroll.
- Non-degree students taking courses at the university will be required to register for and to attend classes under the university calendar. Non-degree students must pay appropriate UF fees based on course level, number of credits and residency status.

**Auditing Courses**

Auditing a course is approved on a space-available basis. In addition to paying tuition and fees, the student must obtain approvals from both the instructor and dean of the college offering the course. Immunizations also are required, regardless of on-campus or online offering status.

Audited courses are reflected on the academic transcript with a grade value of AUD.

Students auditing a course to complete course requirements should refer to Grades and Grading Policies.

**Transfer Credit**

Credit is awarded for college-level coursework completed at a U.S. institution of higher education accredited by one of the following institutional accreditors or its equivalent from a foreign institution:

- Western Association of Schools and Colleges, Accrediting Commission for Community and Junior Colleges (ACCJC)
- New England Commission of Higher Education (NECHE)
- Higher Learning Commission (HLC)
- Middle States Commission on Higher Education (MSCHE)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)
- WASC Senior College and University Commission
Courses must be similar in nature and content to courses in the UF undergraduate curriculum to be transferred. Courses that are remedial, technical, vocational, or doctrinal in nature are not transferable to an undergraduate degree. It is the prerogative of the student’s UF college to determine how transfer credits apply to a degree. Students should expect to receive 60 transfer credits with an AA degree from a Florida public community/state college.

Junior/senior-level (courses numbered 3000-4000) course requirements for the major must be completed at UF or, with permission of the student’s UF college, at another accredited baccalaureate degree-granting institution. Refer to Residence Requirements for additional policy regarding graduation requirements.

More Info (p. 1777)

Students are required to submit final official transcripts from all institutions attended before or during their enrollment at UF.

*Failure to declare attendance at another institution can invalidate admission to UF and any credits or degrees earned.*

### Transcript Policies

The Office of the University Registrar maintains all students’ academic records. At the end of each term of enrollment, students can view their grades, cumulative credits earned, grade points, probationary status and degrees earned, if any, on ONE.UF.

More Info (https://one.uf.edu/)

The University of Florida transcript is the comprehensive record of courses taken at UF, credit earned by examination, university-level honors, certifications and certificates, and degrees awarded. The student’s legal name will appear on the transcript as it appears on their university record.

Transcripts can be ordered online on ONE.UF. Payment must accompany each transcript order; transcripts cannot be ordered by telephone, mail, fax, or email. Current and former students will need a valid GatorLink account (with an active username and password) to order an official transcript or to view and print an unofficial copy of their UF transcripts on ONE.UF. The unofficial copy of the UF transcript may not be accepted by other institutions or potential employers.

More Info (https://one.uf.edu/)

The university maintains the right to withhold release of a transcript if a student has an outstanding financial obligation to the university. To reflect a complete academic record for undergraduate, graduate, and professional students, the university will issue complete transcripts only. Transcripts do not differentiate between degrees or courses taken in a classroom or online format.
Dates and Deadlines

All deadlines are effective at 11:59 p.m. on the last date unless indicated otherwise. If submitting a form to the Office of the University Registrar, use the Secure Upload Portal.

The University of Florida Division of Student Life cultivates a comprehensively excellent student experience that prepares Gators to engage, transform, and thrive in an evolving global community.

The Office of the Vice President for Student Life, located in 135 Tigert Hall, has administrative responsibility for:

- Career Resource Center
- Center for Inclusion & Multicultural Engagement
- Center for New Student & Family Programs
- Counseling and Wellness Center
- David and Wanda Brown Center for Leadership & Service
- Dean of Students Office
- Disability Resource Center
- GatorWell Health Promotion Services
- Housing and Residence Life
- J. Wayne Reitz Union
- Machen Florida Opportunity Scholars Program
- Off Campus Life
- Recreational Sports
- Student Activities & Involvement
- Student Government Advising & Operations
- Sorority & Fraternity Life
- Student Legal Services
The University of Florida Police Department (UFPD) recognizes that it must maintain the safest and most secure environment possible for all students, faculty and staff, and campus visitors. The UFPD has the utmost concern for personal and property safety, but with an open campus environment, safety becomes a shared responsibility.

The UFPD is a state of Florida and nationally accredited law enforcement agency. There are more than 90 fully certified and sworn officers who patrol the UF campus and its surrounding properties 24 hours per day, every day. The department has its own Criminal Investigations Division employing highly trained detectives to investigate any reported crime on campus. The officers of the Uniformed Patrol Division are highly trained campus law enforcement professionals who are equipped with the most contemporary crime-fighting techniques and tools. The Community Services Division is proactive in providing everyone in the campus community with the very latest information regarding personal and property protection through classes, programs and documents.

Campus Facilities
Newell Hall
Originally built in 1909, Newell Hall is the 3rd oldest building on campus. The facility was renovated to create a state-of-the-art active learning environment for both undergraduate and graduate students. It provides a high-tech, collaborative environment with open plan study rooms to foster a creative environment focused on innovation, flexibility, and accessibility.
Map (http://campusmap.ufl.edu/?loc=0013)

Reitz Student Union
The Reitz Union is the University of Florida's student union. The Reitz Union offers programs and services that create a unique Gator student experience. The facility is home to the Arts & Crafts Center, Game Room, hotel, art gallery, Office of Event Services. It is also home to the Brown Center for Leadership & Service, the Career Connections Center, the Center for Inclusion & Multicultural Engagement, GatorWell Health Promotion Services, Machen Florida Opportunity Scholars, Student Activities and Involvement, Sorority & Fraternity Life, Student Government, Student Legal Services, UF Bookstore, Reitz Union Barbershop, Wells Fargo, SG Bike Repair, study spaces, meeting rooms, dance studios, lounge spaces and more.
More Info (https://union.ufl.edu/) Map (http://campusmap.ufl.edu/?loc=0686)

Ben Hill Griffin Stadium
Ben Hill Griffin Stadium, or The Swamp, is widely recognized as one of the toughest environments for a visiting team in all of college football. Several facelifts after the stadium's original construction in 1930 have made Florida Field at Ben Hill Griffin Stadium a state-of-the-art facility. The Swamp is the largest stadium in the state of Florida.

Florida Museum of Natural History
The Florida Museum of Natural History is the largest natural history/anthropology museum in the Southeast and one of the top 10 in the nation. Its research collections contain nearly 6.5 million specimens.
More Info (http://www.flmnh.ufl.edu/) Map (http://campusmap.ufl.edu/?loc=0181)

Harn Museum of Art
The Samuel P. Harn Museum of Art, with 18,000 square feet of exhibit space, is one of the largest museums in the Southeast. The Curtis M. Phillips Center for the Performing Arts attracts world-class symphony orchestras, Broadway plays, operas, and large-scale ballet productions to Gainesville.
More Info (http://harn.ufl.edu/) Map (http://campusmap.ufl.edu/?loc=0309)

O’Connell Center
The Stephen C. O’Connell Center covers three acres and is used by the university for classes, intercollegiate sports, general recreation, and a variety of other entertainment events. An Olympic-sized swimming pool, dance studio, gymnastics studio, martial arts room, free style weight room, Nautilus center, track, badminton, volleyball courts, and practice basketball court are located in and around the perimeter of the 12,000-seat main arena. The versatility of this facility permits as many as eight recreational activities to be conducted simultaneously. All recreational, educational and entertainment facilities within the O’Connell Center have been designed to accommodate persons with disabilities.
More Info (http://oconnellcenter.ufl.edu/) Map (http://campusmap.ufl.edu/?loc=0094)

Campus Safety and Security
Contact: Email (wbarber@ufl.edu?Subject=Campus%20Safety%20and%20Security) | 352.273.3309

The University of Florida is one of the largest institutions of higher education in the nation. The university community is not unlike many other municipalities, and as such, has the same safety and security concerns as Anytown, USA.

The University of Florida Police Department (UFPD) recognizes that it must maintain the safest and most secure environment possible for all students, faculty and staff, and campus visitors. The UFPD has the utmost concern for personal and property safety, but with an open campus environment, safety becomes a shared responsibility.

The UFPD is a state of Florida and nationally accredited law enforcement agency. There are more than 90 fully certified and sworn officers who patrol the UF campus and its surrounding properties 24 hours per day, every day. The department has its own Criminal Investigations Division employing highly trained detectives to investigate any reported crime on campus. The officers of the Uniformed Patrol Division are highly trained campus law enforcement professionals who are equipped with the most contemporary crime-fighting techniques and tools. The Community Services Division is proactive in providing everyone in the campus community with the very latest information regarding personal and property protection through classes, programs and documents.
More Info (http://www.police.ufl.edu/) Map (http://campusmap.ufl.edu/?loc=0027)

Career Connections Center
The Career Connections Center (C3) is the University of Florida's comprehensive career services operation responsible for providing world class career and professional development for all students. As the # 2 Career Center in the country according to Best Colleges, the C3 prepares students for
contributions in work, citizenship, and life. The center supports the overall student experience starting during student orientation and moving beyond graduation.

The C3's mission is to educate and create connections for the University of Florida community to facilitate the holistic career development of students. The center provides a variety of services, tools, networks, and events for UF students and alumni. Whether exploring career options, developing professional skills, finding meaningful experience, or preparing for life after graduation, the C3 is there to help students on their unique journey. Through the university's Career Pathways initiative, students can access customized information, connections, and programs to personalize their professional development experience and community.

The Career Connections Center is a UF tradition. We recommend that UF students engage early and often with the Career Connections Center to enhance their University of Florida experience and post-graduation success.

Visit the Career Connections Center to:
- Assess skills and interests to help select a major
- Explore various career options
- Secure internships and other work experience before graduating
- Conduct mock interviews
- Prepare for graduate school
- Start a full-time job search
- Create a Gator CareerLink to find internships and full-time positions

Counseling and Wellness Center
As the primary provider of mental health services on campus, the Counseling and Wellness Center (CWC) offers high quality counseling care, including brief consultation assessments, commonly referred as triage, and on-call counseling services by CWC's Consultation and Referral Team (CART). The CWC's CART team is located on the 4th floor of Peabody Hall, right in the heart of campus.

At CWC's second location at 3190 Radio Road, our clinical team provides group counseling, limited individual counseling, workshops, training, case management, and outreach and consultation services. CWC's Outreach and Consultation program offers a wide range of developmental, supportive, and preventative services to UF students that include the Gator-2-Gator the AWARE Ambassadors and the peer support Gator-2-Gator programs.

CWC services are available to all currently enrolled undergraduate and graduate students and their spouses/partners who have paid the health fee. All the Center's programs and services are designed to help students develop the personal awareness and skills necessary to take advantage of the educational opportunities at the university.

Dean of Students
The Dean of Students Office in 202 Peabody Hall provides programs and services to support students’ academic success and personal development.

U Matter, We Care
At UF, every Gator counts. U Matter, We Care serves as UF’s umbrella program for UF’s caring culture and provides students in distress with support and coordination of the wide variety of appropriate resources. Families, faculty, and students can contact U Matter, We Care seven days a week for assistance for students in distress.

Emergency Response
Coordinates the university’s response to student emergencies and crises. Assistance for students in distress is available 7 days a week.

New Student and Family Programs
Organizes first-year experience and new student programs including new student orientation.

Student Conduct and Conflict Resolution
Administers the university’s student conduct code and academic honesty guidelines.

Medical Withdrawals
Conducts the petitions process for students who withdraw from the university for medical reasons.
Collegiate Veterans Success Center
As a Veteran Friendly Campus, it is important to provide a place for student veterans where veterans can meet, study, and spend time in a safe and relaxing environment. Ranked among the top centers for veterans in the country, the veteran’s success center looks to provide ongoing support for those who have served in our armed forces.

Disability Resource Center
The Disability Resource Center (DRC) in the Dean of Students Office utilizes knowledge and expertise in the fields of disability and higher education to create an inclusive environment by:

- Acting as a resource for students with physical, learning, sensory, or psychological disabilities;
- Facilitating and providing support for reasonable accommodations for students in order to afford equal access to academic courses, programs, and activities;
- Providing services to address the impact of disabilities on student performance and success in and out of the classroom;
- Empowering students to articulate their strengths and advocate for their accommodations;
- Creating opportunities to educate the campus community on disability laws, trends, universal design, programs, and services.

The DRC serves more than 2,300 registered students through classroom accommodations, support groups, a testing center that proctors 10,000 tests annually, and one-to-one skills coaching. DRC staff are available to provide individual strategy sessions and consultation with students, faculty, and families. Email or call to schedule an appointment.

Contact: Email (DRCaccessuf@ufs.ufl.edu) | 352.392.8565
More Info (https://disability.ufl.edu/)

Florida Fresh Dining
Florida Fresh Dining at the University of Florida is the official food service provider for the university and offers several meal plans (https://dineoncampus.com/UF/meal-plan-options/).
More Info (https://dineoncampus.com/uf/)

GatorLink | Gator Card | UFID
GatorLink
GatorLink establishes a unique computer identity for every student. The GatorLink account provides access to all online services and creates the UF "username@ufl.edu" email address.
More Info (http://helpdesk.ufl.edu/self-help/new-gator-resources/gatorlink/)

All students must maintain and regularly check their GatorLink email as this is where all official university communications are sent.

Gator 1 Card
The Gator 1 card is the official university photo ID. The ID Card Services office is located on the ground floor of the UF Bookstore and Welcome Center complex on Museum Road.
More Info (http://www.gator1card.ufl.edu/Gator1C_info.asp)

All enrolled students, faculty and staff must have this card to:

- Enter CIRCA computer labs, university libraries, the infirmary, recreation centers.
- Sign up for intramural sports activities.
- Participate in the textbook deferment program at the UF Bookstore.
- Purchase tickets to university events.
- Vote in student government elections.
- Purchase food on campus with a Gator Dining or prepaid vending account.
- Use laundry facilities in some residence halls.
- Use as an ATM/debit card when activated through Wells Fargo Bank.
More Info (https://www.wellsfargo.com/student/banking/campuscard/)

UFID
UFID is an eight-digit number that serves as the primary identifier for all university records and transactions. Like a social security number, no two people will have the same number, and each person has only one. The UFID is assigned by the university, not chosen like a PIN. All students, faculty and staff have UFIDs, and the number is printed on the Gator 1 card.
More Info (http://identity.it.ufl.edu/process/uf-identifier/)
Housing and Residence Education
Welcome to #WhereGatorsLive at the University of Florida. On-campus living means students are in on all the action and seconds away from everything as they get involved, build the path to their successful future, and make connections that will last a lifetime. UF Housing offers 26 different residence halls for undergraduate students and 6 different villages for graduate students and their families. Explore the options.
More Info (http://www.housing.ufl.edu/) Map (http://campusmap.ufl.edu/?loc=0753)

Beginning Freshmen
Freshmen entering the university will be offered a housing agreement based on the term they were admitted. Residence hall contracts are available for the academic year (Summer B/Fall/Spring, Fall/Spring, Spring/Summer, and the Summer terms).
Applying for campus housing does not guarantee an offer of residence hall space. If space is available, admitted students will receive an email link to the online residence hall contract process. To secure campus housing, the student must complete a contract, sign it, and submit the advance rent payment by the deadline.

- Residence Halls (https://www.housing.ufl.edu/housing/)
- Apply for Housing (http://www.housing.ufl.edu/apply/)
- Transfer Student Information (https://housing.ufl.edu/living-options/apply/incoming-students/)

- Off-campus Housing Information (http://www.offcampus.ufl.edu/)

Student Financial Aid and Scholarships
The Office of Student Financial Aid and Scholarships (SFA) in S107 Criser Hall administers financial aid programs. SFA awards aid according to financial need.
More Info (http://www.sfa.ufl.edu/)

Financial Aid
Financial aid is money provided to students and their families as gift aid (scholarships, grants) or self-help programs (loans and/or work) to help pay college costs. Financial aid can be awarded singly (one type of aid) or as a package.
More Info (http://www.sfa.ufl.edu/programs/)

Grants
Grants are awarded based on financial need. The largest grant program at UF is the Federal Pell Grant. Other grants include Federal Supplemental Educational Opportunity Grants, Teacher Education Assistance for College and Higher Education (TEACH) Grant, Florida Student Assistance Grants, UF Excellence Grant, UF Undergraduate Grant and UF Graduate Grants.
More Info (http://www.sfa.ufl.edu/programs/grants/)

Scholarships
Scholarships are awarded based on academic performance and/or financial need. Most scholarships are awarded through the SFA and individual UF colleges. SFA administers a limited number of scholarships from private donors.
More Info (http://www.sfa.ufl.edu/programs/scholarships/)

Student Employment
Federal Work-Study jobs may be awarded by SFA to students with demonstrated financial need as part of an aid package. Other job programs, such as OPS employment, do not require financial need and are open to any student with the desire to work who meets the basic criteria of half-time enrollment and a 2.0 GPA. Student jobs usually are 15-20 hours a week and pay at least minimum wage.
More Info (http://www.sfa.ufl.edu/programs/employment/)

Loans
Loan programs include Federal Direct loans, Federal Direct Unsubsidized loans, Federal Direct PLUS loans, and UF institutional loans. These programs offer long-term, low-interest loans that must be repaid when the borrower graduates, withdraws, or drops to less than half-time enrollment. Parents of dependent undergraduate students can take out educational loans through the Federal Direct PLUS loan program.
More Info (http://www.sfa.ufl.edu/programs/loans/)

When to Apply
The Free Application for Federal Student Aid (FASFA) is available October 1 each year. Although SFA cannot award financial aid until students have been admitted to UF, they should apply for aid as soon as possible on or after October 1.

- How to Apply for Financial Aid (http://www.sfa.ufl.edu/applying/)
- Enrollment Requirements for Financial Aid (http://www.sfa.ufl.edu/receiving/enrollment-requirements/)
- How to Apply for Student Employment (http://www.sfa.ufl.edu/programs/employment/)

Financial Aid Academic Progress Requirements
UF students receiving financial aid are required to be in good standing and to maintain satisfactory academic progress.
Recreational Sports
With an active student body and an abundance of Florida sunshine, recreation is a big part of life on campus. The university offers more than 60 intramural and club sports, personal training, a midnight fun run, a lake and one of the best fitness facilities in the country. So, no matter a student’s interest or skill level, there’s always a great way to get involved with other Gators.

RecSports offers experiences that enrich the lives of University of Florida students through excellence in facilities, fitness, sport, adventure, and play. RecSports is committed to fostering leaders, encouraging lifelong healthy lifestyles and maintaining welcoming and safe environments, including student activities and programs, campus recreation facilities, aquatics, Lake Wauburg and more.

More Info (http://recsports.ufl.edu/)
Locations (http://recsports.ufl.edu/locations/)

Student Health Care Center
More Info (http://shcc.ufl.edu/)
Map (http://campusmap.ufl.edu/?loc=0018)

General Information and Helpful Links
Appointments, Hours and Locations, Excuse Notes, Fees for Services, and more.

The Student Health Care Center (SHCC), established in 1906, is an accredited outpatient clinic staffed by licensed, board-certified medical providers who pride themselves on keeping UF’s students, faculty, and staff healthy through a variety of primary and specialty care services, including general medical care, immunizations, dermatology, massage therapy, nutrition, occupational medicine, physical therapy, sports medicine, travel, women's health and workers compensation. The SHCC also conducts the annual campus flu shot campaign.

More Info (http://shcc.ufl.edu/services/primary-care/flu/)

All registered UF students paying the tuition-included health fee may access SHCC services. If a student takes time off (for example, no summer classes), they must pay the per-semester optional health fee to receive care, which covers the costs associated with most SHCC office visits but is not considered health insurance. Items not covered by the health fee that patients are financially responsible for include, but are not limited to, health insurance, hospital visits, external community providers/facilities, physicals, procedures, X-rays, lab tests, medical equipment, prescriptions, non-prescription medications, vaccinations, massage, and physical therapy.

In addition to university-sponsored insurance plans, the SHCC can direct-bill many private insurance companies for covered medical charges. Visit the SHCC's Health Insurance Options for more information on private insurance usage and verification, as well as current university-sponsored insurance details.

More Info (http://shcc.ufl.edu/fees-and-insurance/health-insurance-options/)

UF Bookstore and Welcome Center
Bookstore
The University of Florida Bookstores are in the UF Welcome Center on Museum Road just next to the student union, in the Health Science Center and in the College of Veterinary Medicine. UF Bookstores offer new and used textbooks, school supplies, gifts, and clothing. Bookstore programs include textbook reservations and a 50% guaranteed book buyback.

More Info (http://www.bsd.ufl.edu/bookstore/)
Map (http://campusmap.ufl.edu/?loc=0886)

Welcome Center
The UF Welcome Center is within the main UF Bookstore next to the Reitz Union. The Welcome Center is maintained by the Office of Admissions and is the university's front door to visitors, providing weekday and Saturday information sessions and walking tours of campus.

More Info (http://www.admissions.ufl.edu/visit.html)

Courses
Not all courses are offered every semester. Refer to the schedule of courses for each term's specific offerings.

More Info (https://one.ufl.edu/soc/)

Unless otherwise indicated in the course description, all courses at the University of Florida are taught in English, with the exception of specific foreign language courses.

About Courses

Statewide Course Numbering System
Courses in this catalog are identified by prefixes and numbers that were assigned by Florida’s Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 27 participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions.
More Info (https://flscns.fldoe.org/)

Each participating institution controls the title, credit and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated numbers is referred to as the SCNS taxonomy. Descriptions of the content of courses are referred to as statewide course profiles.

Example of Course Identifier

<table>
<thead>
<tr>
<th>Prefix</th>
<th>Level Code (1st digit)</th>
<th>Century Digit (2nd digit)</th>
<th>Decade Digit (3rd digit)</th>
<th>Unit Digit (4th digit)</th>
<th>Lab Code</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENC</td>
<td>1</td>
<td>1</td>
<td>0</td>
<td>1</td>
<td>1</td>
</tr>
<tr>
<td>English Composition</td>
<td>Lower (Freshman) Level at this institution</td>
<td>Freshman Composition Skills</td>
<td>Freshman Composition Skills 1</td>
<td>No laboratory component in this course</td>
<td></td>
</tr>
</tbody>
</table>
General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and the same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in Exceptions to the General Rule for Equivalency.

For example, a freshman composition skills course is offered by 59 different postsecondary institutions. Each institution uses ENC_101 to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, ENC means English Composition, the century digit 1 represents Freshman Composition, the decade digit 0 represents Freshman Composition Skills and the unit digit 1 represents Freshman Composition Skills 1.

In the sciences and certain other areas, a C or L after the course number is known as a lab indicator. The C represents a combined lecture and laboratory course that meets in the same place at the same time. The L represents a laboratory course or the laboratory part of a course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at the community college is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101.

Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent.

Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the semester-term system. For example, 4.0 quarter credits often transfers as 2.67 semester credits.

About the Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states: Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions.

Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions and participating non-public postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or non-public control of the previous institution.

The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

- Courses not offered by the receiving institution
- For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question
- Courses in the _900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Theses and Dissertations.
- College preparatory and vocational preparatory courses
- Graduate courses
- Internships, apprenticeships, practica, clinical experiences and study abroad courses with numbers other than those ranging from 900-999.
• Applied courses in the performing arts (Art, Dance, Interior Design, Music and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Courses at Non-regionally Accredited Institutions
The SCNS makes available on its home page (in the Latest News box) a report entitled Courses at Non-regionally Accredited Institutions that contains a comprehensive listing of all non-public institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Courses

ACG 2021 Introduction to Financial Accounting 4 Credits
Grading Scheme: Letter Grade
Conceptual introduction to financial accounting. Emphasis is placed on wealth and income measurement and the preparation and interpretation of conventional financial statements.
Prerequisite: sophomore standing or higher.

ACG 2071 Introduction to Managerial Accounting 4 Credits
Grading Scheme: Letter Grade
Accounting for cost reporting and control. Reports, statements and analytical tools used by management.
Prerequisite: ACG 2021.

ACG 3101 Financial Accounting and Reporting 1 4 Credits
Grading Scheme: Letter Grade
Covers the theoretical structure of financial accounting, required financial statements, revenue recognition, operating assets and current liabilities.
Prerequisite: (ACG 2021 and ACG 2071 with minimum grades of B) and score of 70% on the Fisher School of Accounting Financial Accounting Competency Assessment and score of 70% on the Fisher School of Accounting Managerial Competency Assessment.

ACG 3401 Business Processes and Accounting Information System 4 Credits
Grading Scheme: Letter Grade
Examination of the accounting information systems in a business organization. Coverage extends over topics such as business processes, internal controls, and the fundamentals of accounting information systems analysis, design, implementation and control.
Prerequisite: (ACG 2021 and ACG 2071 with minimum grades of B) and (CGS 2531 or ISM 3013).

ACG 3802 Professional Speakers Series 1 Credit
Grading Scheme: S/U
To expose students to technical topics and emerging issues in accounting, business and related professions such as law. The course addresses career opportunities in the practice of public accounting, industry, financial services, government, and in business more generally. (S-U)

ACG 4111 Financial Accounting and Reporting 2 4 Credits
Grading Scheme: Letter Grade
Continuation of ACG 3101 and includes coverage of accounting for investments, non-current liabilities and equities, accounting for income taxes, derivatives, accounting changes, statement of cash flows and earnings per share.
Prerequisite: ACG 3101 with minimum grade of C and FIN 3403.

ACG 4341 Cost and Managerial Accounting 4 Credits
Grading Scheme: Letter Grade
Extends cost and managerial coverage beyond that covered in ACG 2071. Topics include quantitative cost estimation, standard costing, flexible budgets, inventory management, pricing decisions, balanced scorecard, costs of quality, capital budgeting, transfer pricing and performance evaluations.
Prerequisite: (ACG 3101 and ACG 3401 with minimum grades of C) and QMB 3250 and (MAC 2234 or MAC 2312).

ACG 4632 Introduction to Auditing 3 Credits
Grading Scheme: Letter Grade
Introduces the basic concepts, principles and environment of financial statement auditing. The course emphasizes the audit decision-making process, researching audit standards, audit planning, evidence evaluation, audit reports, ethics and legal liability.
Prerequisite: ACG 4111 and ACG 4341 with minimum grades of C and AC classification.

ACG 4931 Special Topics 1-3 Credits
Grading Scheme: Letter Grade
Opportunity for in-depth study of topics not offered in other courses and of topics of special current significance.

ACG 4941 Supervised Accounting Internship 2-4 Credits
Grading Scheme: S/U
Applied work in professional accounting. Requires several papers and reports. (S-U)
Prerequisite: advanced permission of accounting internship coordinator.

ACG 4970 Honors Thesis 1 Credit
Grading Scheme: S/U
The thesis must be submitted to the Fisher School no later than the published deadline and includes an abstract. (S-U)
Prerequisite: Minimum 3.6 overall and a minimum 3.6 accounting GPA is required to earn the magna cum laude distinction. Minimum 3.8 overall and a minimum 3.8 accounting GPA is required to earn the summa cum laude distinction.

TAX 4001 Introduction to Federal Income Tax 3 Credits
Grading Scheme: Letter Grade
Introduces federal income taxation to those who pursue careers in accounting; develops a basic understanding of the federal income tax laws relating to businesses and provides a framework for integrating income tax planning into the business decision-making process.
Prerequisite: ACG 4111 and ACG 4341 with minimum grades of C and Accounting major.
TAX 4930 Special Topics in Taxation 1-4 Credits
Grading Scheme: Letter Grade
Course provides an opportunity for in-depth study of topics not offered in other courses and of topics of special current significance.
Prerequisite: Permission of school.

Advertising
Not all courses are offered every semester. Refer to the schedule of courses for each term's specific offerings.
More Info (https://one.uf.edu/soc/)

Curriculum
- Advertising
- Advertising | Persuasive Messaging UF Online
- Combination Degrees

Courses
ADV 2104C Advertising Writing 3 Credits
Grading Scheme: Letter Grade
Instruction and practice in writing for advertising. Emphasis on various types of writing in the field including creative briefs, copy and headlines.
Prerequisite: ENC 1102 and Journalism and Communications major.

ADV 3001 Advertising Strategy 3 Credits
Grading Scheme: Letter Grade
Overview of the strategic planning process required to develop a successful strategic, persuasive communication plan such as an advertising, integrated marketing communications, or social marketing campaign. Case studies and projects teach the skills needed to address a variety of communications management issues and engage audiences in diverse marketplaces.
Prerequisite: MAR 3023 and ADV 3008 with minimum grades of C and ADV major.

ADV 3008 Principles of Advertising 3 Credits
Grading Scheme: Letter Grade
Overview of the concepts, strategies, and tactics of modern advertising. Explores the role of advertising in society, culture, and economics, as well as the industry and its key organizations. Introduces specific practices used to develop, place, and evaluate both traditional and digital ads.
Prerequisite: sophomore standing or higher.

ADV 3303 Cross Media Selling 3 Credits
Grading Scheme: Letter Grade
Explore traditional and digital media landscapes as well as the fundamental ways to create client-centered, holistic solutions using cross media platform selling. This course will deep dive into real-life examples and scenarios as well as give students hands-on experience with this type of selling.
Prerequisite: ADV 3008 and MAR 3023 with minimum grades of C.
ADV 3310 Digital Media Sales 3 Credits  
Grading Scheme: Letter Grade  
Provides a solid understanding of digital media sales and the digital environment. Student will be able to identify explain key concepts related to sales efforts in digital and social media, implement digital and social media sales efforts, and justify integrated efforts with research, measurements and trends.  
**Prerequisite:** ADV 3008 and MAR 3023 with minimum grades of C.

ADV 3403 Branding 3 Credits  
Grading Scheme: Letter Grade  
Principles of branding and brand strategy; learn to think creatively and critically about strategies and tactics applied to build and manage brands with insight into diverse audiences.  
**Prerequisite:** MAR 3023 and ADV 3008 with minimum grades of C.

ADV 3411 Multicultural Advertising in the U.S. 3 Credits  
Grading Scheme: Letter Grade  
A study of multicultural communities and the process of developing advertising, promotional, and media communication tactics. This course will explore the methods of utilizing insights, research, and audience segmentation for developing and evaluating campaign development, while understanding the social, psychological, and cultural framework of diverse audiences.  
**Prerequisite:** ADV 3008 with a minimum grade of C and MAR 3023 with a minimum grade of C.

ADV 3420 Health Communication 3 Credits  
Grading Scheme: Letter Grade  
Overview of health communication in research, industry, and practice. Explore and better understand the role communication plays in health care delivery, health promotion, disease prevention, environmental and risk communication, media and mass communication, and technology.  
**Prerequisite:** junior standing or higher.

ADV 3500 Digital Insights 3 Credits  
Grading Scheme: Letter Grade  
Acquiring, evaluating, and analyzing information for advertising decisions. Emphasizes understanding the scientific method, developing explicit and measurable research objectives, selecting appropriate methodologies, and analyzing data.  
**Prerequisite:** MAR 3023 and ADV 3008 with minimum grades of C and STA 2023 and ADV major.

ADV 3502 Advertising Sales 3 Credits  
Grading Scheme: Letter Grade  
Principles of selling media time and space to advertisers. An overview of sales opportunities and challenges in the various advertising media. How to prepare and deliver effective sales presentations.  
**Prerequisite:** MAR 3023 and ADV 3008 with minimum grades of C and junior standing or higher in ADV.

ADV 3824 Advertising Strategy: Health / Social Influence Approach 3 Credits  
Grading Scheme: Letter Grade  
Learn the process of advertising and promotional strategy from a health/social marketing approach, which centers on global health issues. Learn to “sell science” and market public health messages to help change the world.  
**Prerequisite:** (MAR 3023 and ADV 3008 with minimum grades of C) and Advertising major.

ADV 3920C Professional Workshop in Advertising 1-3 Credits  
Grading Scheme: Letter Grade  
Short-term intensive workshops in selected areas of professional development, skills, and projects. Workshops taught by professionals and often occur over three-day weekend periods. Topics change from semester to semester, with a focus on industry skills and subjects learned best from within a professional context.  
**Prerequisite:** ADV 3008 with a minimum grade of C.

ADV 3943 The Agency Immersion 0-3 Credits  
Grading Scheme: Letter Grade  
The Agency is an innovative, real-world advertising and public relations firm at the UF that offers students an opportunity to build their expertise and gain experience in a hands-on environment, working directly with clients and industry professionals. Real-world work in a diverse and inclusive team environment will help you gain relevant experience, hone your skills through through client feedback, gain industry access and perspective, and build a robust résumé and portfolio.  
**Prerequisite:** ADV major and sophomore standing.

ADV 4101 Copywriting and Visualization 3 Credits  
Grading Scheme: Letter Grade  
Application of creative strategy/concepts, copywriting and design to the creation of advertising for traditional and nontraditional media. To evaluate and present creative work, create ads for multicultural audiences.  
**Prerequisite:** Junior College of Journalism and Communications student; minimum grades of C or better in ENC 3252, ADV 3001 and VIC 3001.  
**Corequisite:** ADV 3500.
ADV 4102 Advanced Copywriting 3 Credits  
Grading Scheme: Letter Grade  
Advanced course in the application of creative strategy for print and electronic media requiring preparation of advertisements. Emphasis placed on research, planning, development of creative concepts, writing and design.  
Prerequisite: 4JM ADV; minimum grade of B in ADV 4101.

ADV 4300 Media Planning 3 Credits  
Grading Scheme: Letter Grade  
Provides an in-depth overview of the media planning process. Emphasizes the value of various media channels and evaluation methods to design innovative and integrated media strategies to reach and engage diverse audiences.  
Prerequisite: 3JM ADV; minimum grades of C in ADV 3001 and ADV 3500.

ADV 4302 Great Ideas in Marketplace Communications 3 Credits  
Grading Scheme: Letter Grade  
Focuses on two aspects of strategic communications. First: creating, developing and producing advertising and promotional content for real live case studies. Second: evaluating topical issues and industry innovation in media content innovation.  
Prerequisite: ADV 3008 and ENC 3252 and junior standing or higher in ADV.

ADV 4304 Game-Changing Ad Ideas 2 Credits  
Grading Scheme: Letter Grade  
The course explores how and why an ad idea is a game changer by immersing students in award-winning advertising work. Students will discuss ads from the top international advertising festivals and develop criteria for award-winning work.  
Prerequisite: ADV 3008 with a minimum grade of C and MAR 3023 with a minimum grade of C and advertising major.

ADV 4323 Branding and Social Media 3 Credits  
Grading Scheme: Letter Grade  
The basics of developing an Integrated Marketing Communication (IMC) plan; the role the social media marketing plan plays in the IMC; learn to develop a Social Media Marketing Plan with a focus on branding; and the impact of social media on a brand.  
Prerequisite: ADV 3403 with a minimum grade of C and advertising major.

ADV 4400 International and Cross Cultural Advertising 3 Credits  
Grading Scheme: Letter Grade  
Major concepts and issues in international and cross cultural advertising campaign planning including primary and secondary research to assess environmental situations, setting objectives, budgeting, media, creative, ethics and social responsibility.  
Prerequisite: ADV 3008 with a minimum grade of C.

ADV 4404 Cultural Branding 3 Credits  
Grading Scheme: Letter Grade  
Explore the sources of great advertising and great branding through a series of real-world projects. Develop a process for uncovering hidden consumer wants and needs that can inform breakthrough creative solutions. Prepare to be challenged to look at the world through a new lens, to see things they have never seen before, and to expand creative and critical thinking abilities to bring meaningful branding solutions.  
Prerequisite: ADV 3403 with a minimum grade of C.

ADV 4603 Account Management & Project Management 3 Credits  
Grading Scheme: Letter Grade  
Explore in detail the role that account managers play in the development of effective advertising by examining areas such as client relationships, business planning, strategic planning, new business development, budgeting, ethics, timelines, scope of work, team communication, collaboration skills, management plans, production plans, and great creative work.  
Prerequisite: ADV 3001 with a minimum grade of C.

ADV 4710 Advertising Portfolio I: Traditional Media Basics 3 Credits  
Grading Scheme: Letter Grade  
Learn how to create concepts through hands-on experiential learning while working on typical ad agency projects. Explores all the traditional media: TV, radio, print, OOH, guerrilla, and in-store pieces.  
Prerequisite: Advertising major, Minimum grade of C in VIC 3001 and ADV 3001; Co-req: ADV 4101.

ADV 4800 Advertising Campaigns 3 Credits  
Grading Scheme: Letter Grade  
An advanced advertising course requiring the student to prepare and produce a complete general advertising campaign. Emphasis is placed on production methods, costs, research and media analysis.  
Prerequisite: 4JM ADV; minimum grades of C or better in ADV 4101 and ADV 4300.

ADV 4801 Sports Advertising Creative Campaigns 3 Credits  
Grading Scheme: Letter Grade  
Students create a competitive creative campaigns for a sports-related client. Students hone creative skills and learn to prepare professional pitches or presentations.  
Prerequisite: ENC 3252 and ADV 3001 and ADV 3500, all with minimum grades of C.
ADV 4905 Individual Problems 1-3 Credits
Grading Scheme: Letter Grade
The student and instructor will choose a problem or project which provides the student experience in his or her major field.
Prerequisite: 3JM ADV; at least 10 credits of 3000/4000-level advertising courses and department permission.

ADV 4910 Advertising Undergraduate Research 0-3 Credits
Grading Scheme: S/U
Mentored but self-directed work enables individuals or small groups to explore an issue of interest to them and to communicate their results to others. Depending on the topic, projects may involve inquiry, design, investigation, scholarship, discovery, or application.
Prerequisite: ADV 3500 with a minimum grade of C.

ADV 4920 Special Study in Advertising 2-3 Credits
Grading Scheme: Letter Grade
Variable advertising-related topics not covered in other advertising courses.
Prerequisite: ADV 3008 and MAR 3023 with minimum grades of C and Advertising major of junior standing or higher.

ADV 4931 Seminar: Ethics and Problems in Advertising 3 Credits
Grading Scheme: Letter Grade
Major concepts and issues in the effects of advertising on society, culture, and the economy with emphasis on ethical systems and ethical decision making.
Prerequisite: 3JM ADV; minimum grade of C in MMC 3203

ADV 4940 Advertising Internship 1-4 Credits
Grading Scheme: S/U
Complete an internship in advertising or related field with supervised on-the-job training. Requires 65 hours of work per credit, weekly progress reports, a summary report, and a supervisor's evaluation.
Prerequisite: (ADV 3008 and MAR 3023 and ENC 3252 and SPC 2608) or ORI 2008 with minimum grades of C and ADV major with a 2.50 minimum major GPA and department permission.

ADV 4941 Advanced Advertising Internship 1-3 Credits
Grading Scheme: Letter Grade
A structured internship program that is approved by the department as an immersion experience related to the field of advertising. Requires 65 hours of work per credit hour and submission of electronic portfolio including a culminating project from the internship.
Prerequisite: ADV 3008 and MAR 3023 and ENC 3252 with minimum grades of C and 4JM ADV major with a 2.50 minimum major GPA and department permission.

ADV 4950 Advertising Portfolio II: Beyond Traditional Media 3 Credits
Grading Scheme: Letter Grade
Portfolio II builds on Portfolio I. It is a hands-on, experiential learning course. Students create concepts and typical ad agency projects beyond traditional media and single executions. Students create integrated, experiential, digital, and shopper marketing campaigns.
Prerequisite: ADV 4710 with a C or better and department permission and Advertising major. Co-req: ADV 4304.

ADV 4951 Advertising Portfolio III 3 Credits
Grading Scheme: Letter Grade
This course continues the development of professional-level advertising portfolios and emphasizes the mastery of strategic, creative and conceptual thinking. Portfolios will be reviewed by creative professionals. Students will also enter creative advertising student competitions to showcase their work.
Prerequisite: ADV 4950 with minimum grade of C & advertising major & department permission.

COM 3251C STEM Research and Application 3 Credits
Grading Scheme: Letter Grade
This course provides an immersive experience to understand fundamental aspects of translational health communication research. Students will learn through structured readings, class discussions and applications, and guest lectures. Special attention will be paid to communicating your health/science research to diverse audiences.
Prerequisite: Junior level standing.

MMC 1009 Introduction to Media and Communications 1 Credit
Grading Scheme: Letter Grade
Introduces the tools, resources and academic and extra-curricular activities offered by the College of Journalism and Communications. Includes lessons on the history and organization of the college and academic and career preparation.
Prerequisite: 1JM or exploratory major; 2JM, or 3JM classification, or instructor approval.

MMC 2100 Writing for Mass Communication 3 Credits
Grading Scheme: Letter Grade
A preprofessional course designed to provide fundamental instruction and practice in writing as a basis for upper-division courses in advertising, journalism and public relations. Stresses the basic similarities in writing for all mass media. (WR)
Prerequisite: Journalism and Communications major and 6 credits of English.
Attributes: Satisfies 6000 Words of Writing Requirement
MMC 2121 Writing Fundamentals for Communicators 3 Credits
Grading Scheme: Letter Grade
One-third of the course is to ensure students have sufficient skill in grammar and punctuation to write with clarity. In two-thirds of the course, students put principles of good writing into practice with short writing assignments that have real-world applications.

MMC 3030 Personal Branding for Communicators 1 Credit
Grading Scheme: Letter Grade
Professional development course that stresses how to communicate and connect as professionals. Emphasizes mastery of writing, speaking, presentation and employment-seeking skills, working with media, handling media interviews and using social media to establish a professional identity.
Prerequisite: Journalism and Communications major of junior standing or higher.

MMC 3203 Ethics and Problems in Mass Communications 3 Credits
Grading Scheme: Letter Grade
A cross-disciplinary introduction to ethics-relevant situations faced by media professionals. Topics include professional standards of conduct, audience representation and engagement and issues associated with the production, presentation and delivery of messages that reflect the best interests of audiences, clients and stakeholders.
Prerequisite: Journalism and Communications major of sophomore standing or higher and (ADV 3008 or MMC 1009 or MMC 2604 or PUR 3000 or RTV 3001 with minimum grade of C).
